GeorgiaState
University®

Welcome to Georgia State University. Located in the heart of downtown Atlanta, Georgia State is one of the country's leading urban research universities. I believe the formula for an outstanding university is great students, great faculty and staff and great facilities. You'll find it all here at Georgia State.

Our student body is the best qualified and most diverse in our history. More than 40,000 students are seeking degrees at Georgia State, and more than 28,000 of them are on campus each semester. Students come to our campus from every county in Georgia, every state in the nation and 160 countries.

Georgia State continues to attract and retain outstanding faculty and administrative personnel who are well respected in their fields. We offer a challenging intellectual environment with 52 undergraduate and graduate degree programs in more than 250 fields of study. Opportunities for involvement in innovative research projects and life enhancing community service abound on our campus.

I invite you to explore Georgia State. Whether you're a prospective student, a community partner or one of our more than 160,000 alumni, Georgia State is your resource for a lifetime. Visit our campus or our Web site. You're always welcome at Georgia State.

These catalogs provide information regarding all of the undergraduate and graduate programs offered by Georgia State University during the 2010-2011 academic year. The statements made in this catalog are for informational purposes only and should not be construed as the basis of a contract between a student and this institution.

Although Georgia State University has made every reasonable effort to present the information contained in this catalog with factual accuracy, no responsibility is assumed by the university for editorial or clerical errors. At the time of production and posting to the website, the text of this catalog most accurately described the course offerings, programs, faculty listings, policies, procedures, regulations, and requirements of the university. While the provisions of this catalog will ordinarily be applied as stated, Georgia State University reserves the right to change any provision listed in this catalog, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available online in Catalog Addendums. Changes by colleges are also available in the Office of the Dean. It is the student's individual responsibility to be aware of current graduation requirements for his or her particular degree program.

1000 University Information

Georgia State University is the embodiment of an idea: A great university is accessible, responsive, and relevant. This combination provides Georgia State students with many advantages.

Accessibility at Georgia State has many aspects. One is *physical accessibility*. The compact central campus in downtown Atlanta is within walking distance of thousands of offices and downtown living spaces and is but a short distance from major thoroughfares, interstates, and the many MARTA rapid-transit routes that feed the center of the city. The Georgia State MARTA station is adjacent to a campus at the very heart of the cultural, financial, legal, government, health-care, retail, and convention centers of Atlanta.

The downtown location provides a special advantage for students pursuing internships, which often lead to full-time careers upon graduation.

Georgia State is *financially accessible*. The university offers a first-rate education in a very broad spectrum of disciplines at very competitive fees, an excellent value in today's educational marketplace. More than \$90 million in scholarships, financial aid, and work-study programs is provided annually.

The university is *responsive* to students' career goals, providing undergraduate and graduate degree programs in over 200 fields of study through its six college-level units: the College of Arts and Sciences, the J. Mack Robinson College of Business, the College of Education, the College of Health and Human Sciences, the College of Law, and the Andrew Young School of Policy Studies. Each term, courses are taught day and evening, and students may study full or part time. Many programs may be entered any term of the year.

Georgia State's degree programs are highly respected and well recognized for their quality. Furthermore, they are *relevant* to the practical needs of both the student and the community. Most were designed with the input of community and industry advisory groups: *A Georgia State University education is authentic preparation for success in today's world.*

Georgia State — a premier urban research institution — is the second largest of Georgia's 80 accredited institutions of higher learning and enrolls some 30,000 students each fall — 10 percent of all students in higher education in the state. Students come from nearly every county in Georgia, every state in the union, and over 100 other nations. Georgia State has a diverse student body with 45 percent being white, 31 percent black, 13 percent Asian/Pacific Islander, 7 percent Hispanic, 3 percent mixed race/ethnicity, and 0.3 percent American Indian.

1010 Mission Statement

As the only urban research university in Georgia, Georgia State University offers educational opportunities for traditional and nontraditional students at both the graduate and undergraduate levels by blending the best of theoretical and applied inquiry, scholarly and professional pursuits, and scientific and artistic expression. As an urban research university with strong disciplinary-based departments and a wide array of problem-oriented interdisciplinary programs, the goal of the university is to develop, transmit, and utilize knowledge in order to provide access to quality education for diverse groups of students, to educate leaders for the State of Georgia and the nation, and to prepare citizens for lifelong learning in a global society.

1020 Accreditation

Georgia State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097) to award bachelors, masters, educational specialist, and doctoral degrees. Specialized accreditations for specific academic programs are listed in the college chapters of this catalog.

1040 Academic Resources

1040.10 Libraries

Georgia State University is served by two libraries: the University Library and the College of Law Library. The University Library occupies two buildings, North and South, bridged by a four story glass link. Inside, it houses a Learning Commons where a variety of technology services are provided and supported. Over 400 computers, plus wireless access, are available throughout the building. The building also includes 55 group study rooms, a large quiet study room, as well as a variety of other comfortable study spaces. Housing over 1.5 million volumes, the University Library's collection includes books, journals, periodicals, and government documents. Subject librarians are available to help students, faculty, and the community use the resources that are provided, with a librarian assigned to work with each of Georgia State's academic departments, assisting with discipline-specific research. In addition, the University Library's Special Collections and Archives preserve rare historical materials. Complementing the physical collection, extensive electronic journals and databases are also available through the library's website. For information about the University Library and its hours, visit www.library.gsu.edu/ or call 404/413-2820.

The College of Law Library is designed and equipped to meet the demanding research needs of students, faculty, and members of the legal community. With a collection of more than 164,000 hard-copy volumes and hundreds of online databases, the library provides legal research materials in various formats. For information about the Law Library and its hours, visit law.gsu.edu/library/.

1040.20 Information Systems and Technology

Information Systems and Technology (IS&T) provides and supports state-of-the-art technology resources for the Georgia State University community. Student technology resources include Windows and Apple computers that are equipped with Internet access and a variety of software applications to help meet academic requirements. Students can access computers in many locations on campus, including the University Library Learning Commons, Aderhold Learning Center, Digital Aquarium, Alpharetta Center and Brookhaven Center.

Some IS&T services for students include campus-wide wireless connectivity (CatChat), e-mail, online file storage (Lockerbox), online training by Element K (eTraining) and Web page hosting. Visit www.gsu.edu/ist/index.html for a complete list of services and instructions on getting started. For technical assistance or more information, contact the Help Center at help@gsu.edu or 404/413-HELP (4357).

1040.30 Alpharetta and Brookhaven Centers

In addition to the downtown campus, Georgia State University provides instruction at the Alpharetta Center and the Brookhaven Center. At the Alpharetta Center, the university offers graduate business and education credit classes, as well as non-degree programs for those living or working in the northern metropolitan area. At the Brookhaven Center, the J. Mack Robinson College of Business offers an MBA curriculum convenient to students in the vicinity of Buckhead and Brookhaven. The Alpharetta Center is located at 3705 Brookside Parkway, Alpharetta, Georgia. For Alpharetta Center information, call 404/413-2200. The Brookhaven Center is located at 4362 Peachtree Road, NE, Atlanta, Georgia. For Brookhaven Center information, call 404/413-5100.

The Robinson College of Business also offers the Executive MBA program as well as non-degree Executive Education at a Buckhead location, Tower Place 200, 3348 Peachtree Road, Suite 400, Atlanta, Georgia. For EMBA information, call 404/-413-7182. The Robinson College of Business also offers the Professional MBA program at a Henry County location, 125 Westridge

Industrial Boulevard, McDonough, Georgia and at a Perimeter location, Palisades Building D, Suite 100, 5909 Peachtree-Dunwoody Road, NE, Atlanta, GA 30328. For information on the PMBA program, call 404-413-7050.

1040.40 The Welcome Center

The Welcome Center provides an official reception area and introduction to Georgia State University. Prospective students, visitors, alumni, faculty and staff can stop by for information about the university, its programs and activities.

The Welcome Center offers daily visit opportunities, Monday through Friday with 45-minute information sessions at 10:00 a.m. and 2:00 p.m., and 90-minute campus Atlanta tours at 10:45 a.m. and 2:45 p.m. Both will help familiarize you with our campus and downtown Atlanta.

Campus Atlanta tours incorporate the best of Georgia State University and downtown Atlanta. On the tour facilitated by a Welcome Center tour guide, you will see Atlanta landmarks such as CNN, the Georgia Aquarium and top Fortune 100 companies; plus the Rialto Center for the Arts, the Helen M. Aderhold Learning Center, and student housing. In addition, you will see popular locations like the Student Recreation Center and the Student Center.

Complimentary parking is provided to visitors who register in advance for any of these sessions. For more information, or to schedule an information session or Campus Atlanta tour, please visit the Welcome Center online at www.gsu.edu/tour_gastate.html. To schedule a special group tour for 10 to 50 people, please register online at webdb.gsu.edu/visit/visitForm/visitorcenter_contact.cfm or call the Welcome Center at 404/413-2063. It is recommended that large groups have one adult chaperone for every 20 students, and dates are requested at least two weeks in advance of the desired visit.

The Welcome Center is located in Alumni Hall, suite 134. You may contact the Welcome Center at 404/413-2063 or by e-mail to tourguides@gsu.edu.

1040.50 Alumni Association

The Georgia State University Alumni Association provides a wide variety of programs and services to keep alumni in touch, informed, involved, and invested in their Alma Mater. The Alumni Association provides networking opportunities through academic, special interest, and geographic alumni clubs; personal development through career services and educational programs; leadership and volunteer opportunities in student recruitment, legislative advocacy and community service; and social activities for rekindling friendships and fostering new ones.

The Alumni Association invites graduates back to campus during the year for special celebrations and life-long learning and keeps graduates connected to Georgia State and to each other by publishing the *Georgia State University* magazine and an electronic newsletter, *Panther News*.

In addition, the Alumni Association adds to the vitality of the university by annually awarding 25 student scholarships and honoring outstanding alumni, faculty, staff, and students through the Sparks Awards, Alumni Distinguished Service Award, Alumni Distinguished Achievement Award and the Distinguished Community Service Award.

The Alumni Association also sponsors several programs for current students including the "Lunch and Learn" series of educational programs and the "Graduating Senior" series of informational seminars.

Anyone who has attended Georgia State is considered an alumnus or alumna. The Alumni Association is governed by a volunteer board of directors, and specific programs are carried out with the assistance of alumni volunteers and the Alumni Association staff. For more information, please call 404/413-2190 or 1-800-GSU-ALUM or visit the website at www.gastatealumni.net/.

1040.60 Foundation

The Georgia State University Foundation is the primary destination for all gifts to the university. The foundation is an independent, nonprofit, tax-exempt organization incorporated under Section 501(c) (3) of the Internal Revenue Code. The foundation is classified as a public charity and contributions to the foundation qualify as charitable donations. Management of the foundation is vested in a self-perpetuating Board of Trustees, and the foundation receives an annual independent audit. Through its board and committee structure, the foundation gives alumni and other volunteers personal opportunities to help Georgia State accomplish its mission and goals.

The mission of the foundation is to raise, receive, manage, and disburse private gift funds for the benefit of Georgia State University. The majority of private support for scholarships, academic disciplines, endowments, and other programs from individuals and organizations is contributed through the foundation. Several facilities, including the Rialto, Alpharetta Center, Lofts, and Student Recreation Center were acquired as a result of the efforts of the foundation. Most recently the foundation constructed the University Commons student housing complex.

1050 Policies and Disclosures

1050.10 Equal Opportunity Policy

Georgia State University is an equal opportunity educational institution. Faculty, staff, and students are admitted, employed, and treated without regard to race, sex, color, age, religion, national origin, sexual orientation, or disability. Georgia State University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, Sections 503/504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Vietnam Era

Veterans Readjustment Assistance Act, as well as other applicable federal, state and local laws. In compliance with these laws and regulations, Georgia State University has established the following specific policies:

Civil Rights and Equal Employment Opportunities — Georgia State provides equal employment and educational opportunities for all individuals without regard to race, sex, age, religion, color, national origin, sexual orientation, or disability. All Georgia State University educational and personnel actions will be governed by an affirmative action program developed in compliance with applicable federal and state law and regulations, and the policies of the Board of Regents of the University System of Georgia.

Discriminatory and Sexual Harassment — an effort to foster a community in which there can be a free and open development and discussion of ideas, Georgia State University is committed to maintaining a working and learning environment free of discriminatory and sexual harassment. Georgia State University has adopted policies and procedures concerning such forms of harassment that may be obtained from the Office of Opportunity Development/Diversity Education Planning, the Ombudsperson, or Dean of Students. In addition to the procedures outlined in these policies and procedures, a person alleging an instance of discriminatory or sexual harassment may file a complaint with the Office of Opportunity Development/Diversity Education Planning, the Ombudsperson, the Dean of Students, the respective college administrative unit, and the appropriate state or federal agencies. Students can file complaints of sex discrimination with the Title IX coordinator, Linda J. Nelson, Assistant Vice President for Opportunity Development/Diversity Education Planning, in person at 460 Ten Park Place, by e-mail at afaljn@langate.gsu.edu, by telephone at 404/413-3300 or by fax at 404/413-2560.

Disabilities — Georgia State University provides program accessibility and reasonable accommodations for persons with disabilities. Specifically, the university provides evaluation of individual needs, advisement, and appropriate support for academic programs for identified persons with disabilities. A student with a disability has the responsibility of contacting the Office of Disability Services for an intake interview to assess his or her needs prior to the first semester of enrollment at Georgia State University. Should any problems arise concerning his or her academic program, the student should contact the Office of Disability Services at 230 Student Center (404/413-1560) as soon as possible.

1050.20 Disability Complaint Policy

Georgia State University has a procedure by which students who believe they have been discriminated against by the University in violation of the Americans With Disabilities Act (ADA) or Section 504 of the Rehabilitation Act of 1973 may file complaints about the discrimination or denial by the University to provide a requested accommodation. The right to file a complaint pursuant to this disability complaint procedure may be forfeited unless exercised within 30 days of the alleged discriminatory act or denial of accommodation. All properly filed complaints will be heard by a subcommittee of the University ADA Committee and a final decision will be rendered by the Provost. Copies of the disability complaint procedure are available at the Office of Opportunity Development/Diversity Education Planning and the Office of Disability Services.

1050.30 Disruptive Behavior Policy

The University has a policy that addresses student behavior in the learning environment that disrupts the educational process. In accordance with this policy, the University seeks resolution of disruptive conduct informally when possible. However, student conduct that disrupts the learning environment may result in sanctions up to and including withdrawal of the student from class. Students withdrawn from a course for disruptive behavior receive a grade of "W" or "WF". The full text of the Disruptive Student Conduct Policy is available in the Office of the Dean of Students and at www2.gsu.edu/~wwwdos/codeofconduct.html.

1050.40 University Code of Conduct

The University has established the policies and procedures that comprise the Student Code of Conduct to both promote the university mission and protect the rights of students, faculty and staff. The official University rules and regulations are contained in the Georgia State University General Catalog and the student handbook, On Campus. The most current version of the Student Code of Conduct may be found online at www2.gsu.edu/~wwwdos/ each semester. In the event of a conflict between the Student Code of Conduct and other University policies, the most current version of the Code governs.

1050.50 Federal and State Law Disclosure Requirements

Federal and state laws require all colleges and universities receiving federal funds to establish certain programs, policies, and procedures and to distribute an annual report describing the information and providing statistics regarding: graduation rates; drug, alcohol, and weapon violations; and certain crimes on campus, which include murder, robbery, aggravated assault, burglary, motor vehicle theft, and sex offenses. The Georgia State University annual report and information regarding these programs, policies, procedures, and statistics are available upon a written request directed to the Georgia State University Office of Public Information, 530 One Park Place South, Atlanta, Georgia 30303.

1050.60 Integrity in Research, Scholarly and Creative Activities

Georgia State University maintains high ethical standards in research and requires all faculty, staff, and students engaged in research to comply with those standards. Cases of misconduct in research present a serious threat to continued public confidence in the integrity of the research process and the stewardship of federal funds. Misconduct includes fabrication or falsification of data, research procedures, or data analysis; destruction of data for fraudulent purposes; plagiarism; abuse of confidentiality; omission in publication of conflicting or non-conforming observations; theft of research methods or data; false attribution of authorization or creation of the creative works of another; and other practices that seriously deviate from those that are commonly

accepted within the scholarly community for proposing, conducting, or reporting research or creative works. Georgia State University will pursue allegations of misconduct to timely resolve all instances of alleged or apparent misconduct. To obtain a copy of the Research and Scholarly Misconduct Policy, the General Principles for Scholarly Integrity, and the Responsible Conduct of Research at Georgia State University publication, contact University Research Services and Administration, 217 Alumni Hall, 404/413-3500.

1050.70 Intellectual Property

In complying with the policies of the Board of Regents, Georgia State University has adopted an Intellectual Property Policy concerning the ownership and subsequent rights to intellectual property created by faculty, staff, and students. The Intellectual Property Policy pertains to any patentable inventions, biological materials, copyrightable materials, software, and trade secrets regardless of whether formal protection is sought. It is the responsibility of individual creators to disclose intellectual property to the University in a timely manner in accordance with the policy. To obtain a copy of the Intellectual Property Policy, contact University Research Services and Administration, 217 Alumni Hall, 404/413-3500.

1050.80 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

I. PURPOSE AND APPLICABILITY

Georgia State University seeks to maintain the highest standards of integrity and fairness in its relationships with students. The Undergraduate Catalog and the Graduate Catalog (both found at www.gsu.edu/es/catalogs_courses.html), and the Student Code of Conduct www2.gsu.edu/~wwwdos/codeofconduct.html set forth policies and requirements for Georgia State students. Students are expected to know and comply with these policies. Students may, however, seek relief or resolution when they believe that:

- A. The application of these policies and procedures will create undue hardship for them or will not recognize their extraordinary or extenuating circumstances; or
- B. Specific actions, practices, or decisions on academic or non-academic matters have been made or carried out in an arbitrary, discriminatory, or inequitable manner.

The procedures set forth below cover complaints, petitions, and appeals related to University-wide and college-based policies. Individual colleges or departments may have additional or more specific procedures that may also apply to complaints, petitions, and appeals. Students are referred to the office of the dean of the particular college for information about additional or more specific procedures that apply. In case of conflict among policies, this University policy takes precedence over College and Departmental policies.

The following policies include their own complaint, petition and waiver procedures. This policy may not be used in lieu of these policies:

1. Any policy for anyone other than a student to make a complaint, file a grievance, or request a waiver, such as policies that govern faculty and staff.
2. All policies in the student code of conduct
3. Hardship withdrawal policy
4. Discriminatory and sexual harassment policies
5. Disability policies
6. College of Law Honor Code
7. Student parking policy

The procedures set forth below are applicable to undergraduate and graduate students of the University.

All appeals under these procedures will be made based only on the written record. A student's appeal under these procedures will be granted only if the student can prove by preponderance of evidence that a decision was arbitrary, discriminatory, or inequitable.

II. STUDENT COMPLAINTS ON ACADEMIC MATTERS

A. College-Level Academic Complaints

1. Final Course Grade Appeals

- a. Students are encouraged to discuss concerns and disputes over final course grades with the instructor prior to filing a formal grade appeal, in an effort to gain understanding about the basis of his/her grade. Instructors are encouraged to be available to students for such discussion regarding grades so that grade disputes, to the extent possible, are resolved informally. The Office of the Ombudsperson can provide assistance to students, instructors and administrators with resolving disputes informally through voluntary facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.
- b. In situations where such informal resolution does not occur or is not successful, the student may appeal the final course grade to the Department Chair. The appeal must be in writing and describe the precise reason for the appeal. Any pertinent information must be submitted with the appeal in order to be considered in this or subsequent appeals.

The appeal must be submitted within 10 business days of the beginning of the academic term (fall, spring, and summer) that follows the term in which the final grade was submitted by the instructor. For example, if a student took an incomplete in a fall term course and completed the course works in the following spring semester, then an appeal of that grade must be submitted within 10 business days of the beginning of the summer term. The Department Chair will provide a decision in writing to the student, normally within 10 business days of the receipt of the complaint in the Department.

- c. The student may appeal the decision of the Department Chair, as described in section 2-c through 2-e below.
2. Other College-Level Academic Complaints
 - a. Judgments on the suitability of academic decisions made within a college are most appropriately made by individuals with expertise in the particular academic discipline involved. For this reason, resolution of student complaints about college level academic decisions, actions, or practices is the responsibility of the department and college involved. Normally, such complaints can be resolved quickly and informally through discussion with the faculty member directly involved. The Office of the Ombudsperson can provide assistance to students, instructors and administrators with resolving disputes informally through voluntary facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.
 - b. In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Chair of the appropriate academic department. The student's complaint must be submitted in writing and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; (d) and why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted at the earliest possible time. Consideration will not be given to any complaint submitted later than the end of the term immediately following the term in which the matter in question arose. The Department Chair will provide a decision in writing to the student, normally within 10 business days of the receipt of the complaint in the Department.
 - c. The student may appeal the Department Chair's decision within 10 business days of being notified of the Chair's decision. Such appeal will be made, in writing, to the Dean of the College in which the Department is located. At the discretion of the Dean, an advisory panel may be appointed to review the written documentation and make a recommendation to the Dean. The Dean will issue a decision to the student in writing, normally within 10 business days of the receipt of the appeal.
 - d. The student may appeal the Dean's decision to the Provost, in writing, within 10 business days of being notified of the Dean's decision. The Provost will issue a decision to the student, in writing within 20 business days of receiving the appeal.
 - e. The student may appeal the Provost's decision to the President, in writing, within 10 business days of being notified of the Provost's decision. The President will issue a decision to the student in writing within 20 business days of receiving the appeal.
 - f. The student may appeal the President's decision to the Board of Regents, in writing, within 20 business days of being notified of the President's decision. Decisions regarding grades may not be appealed to the Board of Regents (BOR Policy 407.01).
- B. University-Level Academic Complaints
 1. Judgments on the suitability of academic decisions made at the University level are most appropriately made by individuals with expertise in the particular area. Normally, such complaints can be resolved quickly through discussion with the Academic Administrator directly involved. (See the University Organizational Chart at http://www.gsu.edu/administrative_organization.htm.) Students can contact the Office of the Ombudsperson for assistance in preparing for discussion with academic administrators. The Office of the Ombudsperson can also provide assistance to students and academic administrators with resolving disputes informally through voluntary, facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.
 2. In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Associate Provost for Academic Programs. The student's complaint must be submitted in writing, and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; and (d) why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted as early as possible, but no later than the end of the term immediately following the term in which the matter arose. The Associate Provost for Academic Programs will normally issue a decision to the student in writing, within 10 business days of receiving the complaint.
 3. The student may appeal the Associate Provost's decision to the Provost within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.
 4. The student may appeal the Provost's decision to the President in writing within 10 business days of being notified of the Provost's decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.
 5. The student may appeal the President's decision to the Board of Regents in writing within 20 business days of being notified of the President's decision. Decisions regarding residency and the Guaranteed Tuition Plan may not be appealed to the Board of Regents (BOR Policy 407.01).

III. NON-ACADEMIC COMPLAINTS

1. Judgments on the suitability of non-academic decisions are most appropriately made by individuals with expertise in the particular area. Normally, such complaints can be resolved quickly through discussion with the Administrator in charge of the department making the decision. (See the University Organizational Chart at www.gsu.edu/administrative_organization.html.) Students can contact the Office of the Ombudsperson for assistance in preparing for discussion with non-academic administrators. The Office of the Ombudsperson can also provide assistance to students and non-academic administrators with resolving disputes informally through voluntary, facilitated discussions, in an effort to bring resolution to the matter prior to the initiation of a formal complaint.
2. In situations where such informal resolution does not occur or is not successful, the student may submit a formal complaint to the Vice President or Associate Provost who oversees the area. The student's complaint must be submitted in writing, and be accompanied by pertinent documentation describing (a) the specific action, practice, or decision that is problematic; (b) the impact of that decision; (c) what resolution is being sought; and (d) why it should be granted. To promote prompt resolution, complaints must include current contact information and be submitted as early as possible, but no later than the end of the term immediately following the term in which the matter arose. The Vice President or Associate Provost will provide a decision to the student in writing, normally within 10 business days of the receipt of the complaint.
3. The student may appeal the Vice President's or Associate Provost's decision to the Provost in writing within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.
4. The student may appeal the Provost's decision to the President in writing within 10 business days of being notified of the Provost's decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.
5. The student may appeal the President's decision to the Board of Regents in writing within 20 business days of being notified of the President's decision. Decisions regarding traffic citations may not be appealed to the Board of Regents (BOR Policy 407.01).

IV. STUDENT PETITIONS FOR ACADEMIC POLICY WAIVER or VARIANCE

- A. College-Level Policy Waiver or Variance Petitions
 1. Students may petition for a waiver or variance of a department-level or college-level policy. The appropriate College Office of Academic Assistance can provide the student with college policies and petition procedures.
 2. The student must submit a petition, in writing, to the Office of Academic Assistance of the College which has made the policy in question. The petition must include the following: (a) the policy from which the student is seeking a waiver or variance, (b) the deviation being sought; and (c) the reason(s) why the exception should be granted. The Office of Academic Assistance representative will determine whether the petition needs to be addressed at the departmental or college level, and will forward the petition to the appropriate administrator who will notify the student of his or her decision.
 3. The student may appeal the decision, in writing, following the procedures stated in Section II.A.2.c through f above, the College-Level Academic Complaint Policy and Procedures. If the original decision was rendered by a Department Chair, the appeal should be initiated at the level of the Dean; if the original decision was rendered by the Dean (or his or her designate), the appeal should be initiated at the level of the Provost.
- B. University-Level Policy Waiver or Variance Petitions
 1. Students may request a waiver or variance of a policy established by the University or the Board of Regents (BOR).
 2. All requests for waivers or variances from university and BOR level policies will be made based only on the written record.
 3. All petitions must include the following:
 - a. The section number from the Catalog (or other official University document) of the policy or requirement from which the student is requesting a waiver
 - b. the deviation being sought;
 - c. the reason(s) why the exception should be granted
 - d. a current copy of the student's academic evaluation record
 - e. a current copy of the student's Georgia State University transcript (unless the petitioner is not yet a Georgia State student)
 - f. transcripts from all other colleges the student has attended (if the petitioner has attended other colleges).
 4. Admissions Appeals (Appeals of Rules Currently in Section 1100 of the Catalog)
 - a. Appeals of denial of admission and for waivers of the admissions rules will be made in the first instance by the Director of Admissions.
 - b. If the petition is denied, the student may appeal to the Admissions Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the Director of Admissions.
 - c. The Director of Admissions will copy the Chair of the Admissions Appeals Committee on all letters to students notifying them of results of their petitions. Every semester, the Director of Admissions will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. This report will cover all admissions petitions, including those considered

- by the Special Talents Committee. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.
- d. This motion policy does not change the Special Talents policy or the policy on admissions discipline review.
 5. Financial Aid Appeals (Appeals of Rules Currently in Section 1200 of the Catalog)
 - a. Appeals of financial aid rules will be made in the first instance by the Director of Financial Aid.
 - b. If the petition is denied, the student may appeal to the Financial Aid Appeals Committee, a committee appointed by the Associate Provost for Academic Programs. The student must appeal in writing and within 10 business days of being notified of the decision of the Director of Financial Aid.
 6. Add, Drop and Withdraw Appeals (Appeals of Rules Currently in Section 1332 of the Catalog)
 - a. Appeals of the add, drop and withdrawal rules will be made in the first instance by the University Registrar.
 - b. If the petition is denied, the student may appeal to the Registration Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the University Registrar.
 - c. The Registrar will copy the Chair of the Registration Appeals Committee on all letters to students notifying them of results of their petitions. Every semester, the University Registrar will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.
 - d. This motion policy does not change the Hardship Withdrawal policy.
 7. Course Load, Scholastic Discipline, Course Substitution in the Core, and Regents Test Appeals (Appeals of Rules Currently in Sections 1330.30, 1360, 1410, and 1420 of the Catalog)
 - a. Appeals of rules regarding course load, scholastic discipline, course substitution in the core, and Regents Test will be made in the first instance by the Director of the Student Advisement Center. However, appeals for waivers of Section 1330.30 (Course Load) will be considered by the student's college if the student has declared a college and will follow the procedure outlined in Section IV.A above.
 - b. If the petition is denied by the Director of the Student Advisement Center, the student may appeal to the Academic Regulations Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the Director of the Student Advisement Center.
 - c. The Director of the Student Advisement Center will copy the Chair of the Academic Regulations Appeals Committee on all letters to students notifying them of results of their 2 petitions. Every semester, the Director of the Student Advisement Center will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.
 8. Academic Regulation and Graduation Requirement Appeals (Appeals of Rules currently in other parts of Sections 1300 and 1400 of the Catalog)
 - a. Appeals of other university-level academic rules and graduation requirements will be made in the first instance by the Academic Director of Student Retention.
 - b. If the petition is denied, the student may appeal to the Academic Regulations Appeals Committee, a subcommittee of the Senate Committee on Admissions and Standards. The student must appeal in writing and within 10 business days of being notified of the decision of the Academic Director of Student Retention.
 - c. The Academic Director of Student Retention will copy the Chair of the Academic Regulations Appeals Committee on all letters to students notifying them of results of their petitions. Every semester, the Academic Director of Student Retention will distribute to the Senate Committee on Admissions and Standards a report that indicates (at a minimum) the number of petitions filed, the number granted, and the number denied. Any member of Admissions and Standards may review the documents of any petition when there is a legitimate educational interest.
 9. Subsequent Appeals
 - a. The student may appeal the decisions of the Admissions Appeal Committee, Financial Aid Appeals Committee, the Registration Appeals Committee, and the Academic Regulations Appeals Committee to the Associate Provost for Academic Programs in writing within 10 business days of being notified of the decision. The Associate Provost will respond in writing to the appeal within 20 business days of receiving the appeal.
 - b. The student may appeal the Associate Provost's decision to the Provost in writing within 10 business days of being notified of the decision. The Provost will respond in writing to the appeal within 20 business days of receiving the appeal.
 - c. The student may appeal the Provost's decision to the President in writing within 10 business days of being notified of the Provost's decision. The President will respond in writing to the appeal within 20 business days of receiving the appeal.
 - d. The student may appeal the President's decision to the Board of Regents in writing within 20 business days of being notified of the President's decision.

V. DEADLINES

- A. The University strives to resolve complaints and petitions by the deadlines established in this Policy. However, each situation is unique and may prevent the meeting of a deadline. Every effort will be made by the parties involved to minimize the delay and proceed through the processes outlined in this Procedure as close to the deadlines as possible.
- B. All deadlines established in this Policy are stated in terms of business days. If a deadline falls on a weekend or scheduled holiday, the deadline will be the next scheduled workday of Georgia State University.
- C. Students lose their right to continue to the next step of the procedures if they miss a stated or agreed-upon deadline.

VI. MEDIATION

Students who have filed formal complaints or petitions or those who have had formal complaints filed against them under Sections II A or B of this Policy (except for grade appeals) may request that the matter be submitted to mediation in an effort to achieve resolution. Mediation is a voluntary, confidential process whereby a neutral person facilitates discussion between the parties in a mutual attempt to reach resolution on the issues raised by the parties.

In the event mediation is agreed upon by both parties, the timelines under this policy shall be suspended until which time the mediation is completed. In the event that mediation results in agreement, the student's complaint will be considered resolved. In the event that mediation does not result in resolution of the matter, the student may appeal to the next level of review under this policy.

Information derived from mediation discussion may not be used as the basis for higher levels of appeal, nor can the mediator be asked to provide information or make any decision at any level of the formal appeals process. Persons interested in mediation should contact the Office of the Ombudsperson.

GLOSSARY

POLICIES, PROCEDURES AND PRACTICES

Policy: A written statement (rule or principle) used to govern the actions of Georgia State University's employees, faculty, students, visitors, and others who come in contact with Georgia State University. For the purposes of this document, academic policies are those pertaining to scholarly programs (e.g., program degree requirements), or the students' progress through those programs (e.g., program prerequisites, financial aid, registration). Non-academic policies are those pertaining to functions that only indirectly support the students' academic endeavors (such as housing, recreation, or parking).

University-Level Student Policies: Policies established under the authority of the university and applied to all students in all colleges. These policies are implemented and enforced by central academic or administrative offices (for example, the Registrar's Office, the Student Financial Aid Office, or the University Library).

College-Level Student Policies: Policies established under the authority of a college and applied to all students enrolled in courses or programs offered by that college: Andrew Young School of Policy Studies; College of Arts and Sciences; College of Education; College of Health and Human Sciences; College of Law; Robinson College of Business.

Procedure: A guideline that explains how policies are to be carried out or implemented; may or may not be in writing.

Practice: A commonly accepted way or pattern of doing things; typically not in writing.

ARBITRARY, DISCRIMINATORY, INEQUITABLE

Arbitrary: In an unreasonable or capricious manner, in disregard of facts, or without determining principle.

Discriminatory: In a manner that is unfair or denies privileges to persons because of their race, sex, color, age, religion, national origin, sexual orientation, or disability.

Inequitable: In a manner that fails to treat similarly situated persons the same way.

COMPLAINTS, PETITIONS and APPEALS

Complaint: An objection to a decision, action or practice with a request that it be changed or reversed; a claim seeking remedy, relief, or resolution. Complaints may be against a decision or action that was based on either University-level or College-level policy.

Petition for Waiver or Variance: A request for a suspension (waiver) or modification (variance) of a particular policy which, if applied normally, would cause undue hardship for the individual.

Waiver: An agreement that suspends a particular policy for an individual in a specific situation due to the special circumstances of that individual. (When a waiver (or suspension) of a policy is granted, the individual does not have to comply with some or all of the particular requirements set within that policy).

Variance: An agreement that modifies a particular policy for an individual in a specific situation due to the special circumstances of that individual. (When a variance (modification) of a policy is granted, the individual must comply only with the modified requirements.)

Appeal: A request that a decision on a complaint or petition be reconsidered at a higher level in the University.

PEOPLE

Academic Administrator: The head of a centralized university office or department that has responsibility for academic-related student processes (such as the Registrar's Office, the Office of Admissions, the Student Financial Aid Office, the Office of Student Accounts, the Student Advisement Center); typically reports through an Associate Provost.

Administrator in Charge: The head of a University office with responsibility for non-academic student processes (such as the Housing Office, the Office of Parking and Transportation, the Bookstore); typically reports through a Vice President.

1050.90 Criminal & Disciplinary History: Continuing Duty to Report

Disclosure of criminal/disciplinary history is required on the Georgia State University admission application. Georgia State students have a continuing duty to report criminal/disciplinary events that occur after submission of their admission application. The criminal/disciplinary events that must be reported under this continuing duty are described below and reports must be made to the Office of the Dean of Students within 72 hours of student's notice of the event. Failure to comply with this requirement may result in sanctions up to and including immediate withdrawal from the University.

- Conviction of a crime other than a minor traffic violation
- Criminal charges filed against the student
- Entering a plea of guilty, a plea of no contest, a plea of nolo contendere, an Alford plea, or a plea under any first offender act in response to charges filed against the student
- Disciplinary or academic misconduct charges initiated or sanctions imposed against the student from a high school, trade school or other college or university.

1055 Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA rights are provided only to University applicants upon actual acceptance to and subsequent enrollment for classes at the University. Under FERPA, students attending an institution of postsecondary education may:

- A. A Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such disclosures are authorized without consent as more fully described below in Paragraph IX (A);
- B. Choose to suppress (i.e., keep from being disclosed) their directory information per the process identified below in Paragraph IX (B);
- C. Inspect and review their education records;
- D. Seek amendment of those education records believed to be inaccurate, misleading or otherwise in violation of their privacy rights; and
- E. File complaints with the Department of Education about alleged failures by the University to comply with the requirements of FERPA.

II. Definitions

- A. **Student:** any person who attends or has attended the University. For purposes of FERPA, Georgia State University considers an admitted student to be "in attendance" upon enrollment/registration for classes. Note: The definition of "student" set forth above is only for use in connection with this guidance. For the official University definition of "student", please refer to the Georgia State University Student Code of Conduct.
- B. **Education Records:** any records (in handwriting, print, tapes, film, computer or other medium) maintained by the University or an agent of the University which are directly related to a student except:
 1. A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record and is not used for purposes other than a memory or reference tool.
 2. Records created and maintained by the Georgia State University Police Department for law enforcement purposes.
 3. An employment record of an individual whose employment is not contingent on the fact that he or she is a student.
 4. Records made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.
 5. Alumni records which contain information about a student after he or she is no longer in attendance at the University and which do not relate to the person as a student.
- C. **Directory Information:** information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Georgia State University has designated the following types of information to be directory information: student name, address (both local and permanent), e-mail address, telephone number, date and place of birth, major field of study, full or part-time status, participation in officially recognized activities and sports, degrees and awards applied for and/or received, dates of attendance, previous educational institutions attended by the student and, with respect to members of athletic teams, height, weight, age, hometown, hobbies, and general items of interest. Exception: final graduation lists and programs will include all students who are graduating, unless otherwise stated on the Graduation Application.

III. Federal Student Records Law

Annually, Georgia State University informs students of the protections afforded by the Family Educational Rights and Privacy Act (FERPA) of 1974. (20 U.S.C. 1232g and 34 C.F.R., 99.1-99.67) This Act, with which the institution endeavors to fully comply, was designed to protect the privacy of educational records, and to establish the right of students to inspect and review their non-privileged educational records. The act also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the U.S. Department of Education Family Policy Compliance Office concerning alleged failures by the University to comply with the Act. An informal complaint may be filed within the University by contacting the Registrar. This guidance explains in detail the procedures to be used by the University for compliance with the provisions of the Act. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar or the Office of Legal Affairs.

IV. University-Maintained Student Records

The student records maintained by the University are classified as follows:

- A. Official academic records are maintained in the Office of the Registrar. They include admission applications and associated documentation; the registration records for each semester in residence; the records of grades and credits received in courses at this University or accepted here from another institution; and other documents directly relating to academic progress and status. The dean of each college is the custodian of records for all college and departmental records regarding students not of the type maintained by the Registrar's Office.
- B. Disciplinary records are maintained by the Office of the Dean of Students. They include information about the investigation, adjudication and imposition of sanctions by the University against an individual student for breach of the University's Code of Conduct or other written policies.
- C. Financial records: Fee payment records are maintained by the Office of Student Accounts. Financial aid application records, including tax forms, are maintained by the Financial Aid Office.
- D. Employment records of students receiving financial aid consist of work-study authorizations and are maintained by the Financial Aid Office. Non-work study employment records of students are maintained by the Office of Human Resources. Graduate student teaching and research appointment records are maintained by the involved College or department. Some employment records of students with graduate teaching and research appointments may also be maintained by the Office of Human Resources.
- E. Medical, psychological and counseling records are maintained by the University department providing the involved health care (i.e., Health Clinic, University Counseling & Testing Center). They include records of examinations and treatments.
- F. Career and job search records are maintained by University Career Services.
- G. Housing records are maintained by University Housing. They include housing applications/agreements and related information.
- H. PantherCard and parking records are maintained by Auxiliary and Support Services.

Student educational records maintained on Banner are covered by this guidance and should only be accessed by University employees with a legitimate educational interest or whose access is otherwise undertaken to comply with FERPA. Unauthorized access is a violation of federal law and University policy.

No record shall be kept of the political views of students or of student membership in any organization except for academic, honorary, professional and social organizations directly related to University life. Records maintained by student organizations are not considered University records. Student organizations are, however, expected to take reasonable steps to protect student information they maintain from unwarranted invasions of privacy and to permit students to access their records.

V. Student Access to Records

Access to a student's official academic record, disciplinary record and financial aid record is guaranteed to him or her subject only to reasonable regulation as to time, place and supervision with the exceptions of those types of documents identified below:

- Any and all documents written or solicited prior to Jan. 1, 1975, on the presumption that they were intended to remain confidential and privileged.
- Any and all documents to which access has been waived by the student.
- Any and all records which are excluded from the FERPA definition of educational records.
- Any and all financial data and income tax forms submitted in confidence by a student's parent(s) in connection with an application for or receipt of financial aid.
- Any and all records connected with an application to attend Georgia State University or a component unit of Georgia State University if that application was denied or, in the alternative, if the application was accepted but the applicant never enrolled (FERPA rights extend only to applicants upon actual acceptance and subsequent enrollment).
- Those records which contain information on more than one student to the extent that a requesting student has the right to view only those portions of the record which pertain to his or her own educational records.
- Confidential recommendations and evaluations (Placement records maintained by the University Career Services may be inspected by the subject of the file with the exception of recommendations or evaluations to which the student has waived his or her access. Confidential recommendations and evaluations are only included in a student's placement file if the student has

voluntarily submitted a written waiver of access to the recommendations and evaluations. If a student has not waived access, then recommendations and evaluations submitted on condition of confidentiality are returned to the sender).

- A. Inspection of records is granted only upon written request, presented in person with appropriate identification, and must be made in the presence of designated personnel of the office maintaining the records. All requests shall be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. When an original record is shown to the student, examination will be permitted only in the presence of a University employee and any other conditions deemed necessary to prevent the alteration, mutilation, or loss of such original records. Upon reasonable request by the student, verbal explanations and interpretations of education records will be promptly provided except where a verbal response is not practical or appropriate. Requests for written explanations/interpretations of education records must be made in writing. If an education record is not in a form readily reviewable by the student (e.g., records stored in microfilm or electronically), a true and correct copy of the record will be provided for the student's inspection.
- B. Copies of Records
 1. Copies to students will be provided to students in good standing upon written request and payment of fees for copies (see the Request for Access to Student Record Form at www.gsu.edu/es/20824.html (under Records Access), with the exception of transcripts received from other educational institutions and any documents the student has waived his or her right to see. Copies of education records may be withheld by the University when the student is not in good standing as a result of such conditions as unmet financial obligations and violations of institutional regulations. Such records to be withheld may include, but are not limited to, grade reports, transcripts, and certifications of student achievement and performance. A transcript of a student's official academic record contains information about his or her academic attainment and status exclusively. Only the Registrar is authorized to issue transcripts or to certify in any way the official academic record of a student. An official transcript is issued only when requested by the student in writing.
 2. Copies to third parties will be provided upon receipt of the student's written and signed consent for disclosure of the records. Such a written consent must:
 - a. identify the records to be disclosed,
 - b. identify the person or class of persons to whom the disclosure may be made,
 - c. specify the time period during which consent is applicable, and*
 - d. be signed and dated.

* A *Consent to Release Information to Third Parties* form is available online at www.gsu.edu/es/20824.html under Records Access.

VI. Requests for Amendment and Challenge Hearings

If, upon inspection and review of his or her record, a student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she may request that the record be corrected. A request for correction must be submitted in writing and must specify the information being questioned, the revision requested, and the reasons the student has for disagreeing with the entry in question. Any supporting documentation should be attached to the request. Where possible, disagreements should be resolved informally. This provision does not apply to grade appeals, and students wishing to appeal the assignment of a grade should refer to the Policy and Procedures for Student Complaints, Petitions for Policy Waivers and Variances, and Appeals.

Only the Registrar, upon consultation with the respective dean, may authorize a correction in a record within the academic file of a student. Similar authority is held by the Vice President for Student Affairs, the Director of Admissions, the Director of Financial Aid, the respective College Dean and the Director of Personnel for the records which are maintained under the authority of these various University officials.

The University representative to whom a request for correction of a non-academic file is properly addressed will notify the student of his or her decision within 21 days after receipt of the written request. If the University decides that the information in a student's education record is inaccurate, misleading or in violation of the student's right of privacy, it will amend the record and notify the student, in writing, that the record has been amended. If the University decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it.

Should the University decide the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, then the student will also be advised of the right to appeal the University's decision and challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. The appeal may extend only to the material in the respective University file. While it may extend to the correct recording of a grade, it may not include a challenge to the assignment by the instructor of the grade. The student has 20 days to appeal the decision in writing to the Provost and ask for a hearing. On behalf of the President of the University, the Provost shall refer the appeal to an existing committee or designate a hearing committee comprised of University officials who do not have a direct interest in the outcome of the hearing. Georgia State University will notify the student, reasonably in advance, of the date, place and time of the hearing. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's

education records. The student may bring one individual to act as an advisor but the individual may not address the committee. The committee will prepare a written recommendation based solely on the evidence presented at the hearing and submit it to the Provost who will make a determination on the matter. The recommendation will include a brief summary of the evidence presented and the reasons for the decision. The decision of the Provost may be appealed in writing to the President within 20 days of the date of the decision. The appeal to the President shall be made on the record.

VII. University Career Services

The file of a student maintained in the University Career Services is assembled at the initiative of the student. The extent of disclosure to prospective employers, graduate schools, organizations awarding fellowships and the like shall be made clear to the student when he or she requests that the file be assembled and shall be agreed to by him or her on a form specifically provided for that purpose.

The student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality, but the waiver must be made by the student without pressure or coercion. Any evaluation received under such condition of confidentiality without the student's waiver of access or without the student's knowledge shall not be incorporated in the file but shall be returned to the sender.

VIII. Addition to Records

No entry may be made on a student's official records and no document or entry may be placed in such records without written notice to the student by the administrative officials responsible for the specific category of information, as identified in Paragraph IV. For purposes of this guidance, notification of grades, written communication to a student of school or departmental evaluation and announcement of honors shall constitute adequate notice. A document or entry supplied by or at the request of the student may be placed in the student's record without additional notice to him or her. In the case of student records maintained in deans' offices and departmental offices, additions other than those mentioned in the preceding paragraph require the permission of the Registrar, who in turn is responsible for notification of the student.

IX. Release of Student Information

- A. Georgia State University will disclose information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:
1. To school officials who have a legitimate educational interest in the records.
 - A school official is:
 - A person employed by the University (which, for purposes of this guidance includes persons employed by the Board of Regents of the University System of Georgia) in an administrative, supervisory, academic or research, or support staff position, including health or medical staff.
 - A person or entity employed by or under contract to the University to perform a special task, such as a University affiliated organization, attorney, auditor, or outside vendor.
 - A person who is employed by the Georgia State University law enforcement unit.
 - A student serving on an official committee, such as a disciplinary or grievance committee, or who is assisting another school official in performing his or her tasks.
 - A school official has a legitimate educational interest if the official is:
 - Performing a task that is specified in his or her position description or contract agreement.
 - Performing a task on behalf of the University/Board of Regents in connection with his or her job responsibilities.
 - Performing a task related to a student's education.
 - Performing a task related to the discipline of a student.
 - Providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement or financial aid.
 - Maintaining the safety and security of the campus.

The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case-by-case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.
 2. Upon request of officials of another school at which a student seeks or intends to enroll, the University will attempt to notify the student of the disclosure unless the student initiated the disclosure.
 3. Information the University has designated as "directory information," unless the student has made a written request to suppress (i.e., to refuse to allow disclosure of) their directory information as more fully described below in Paragraph IX (B).
 4. To school officials or lending institutions, in connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to:
 - Determine eligibility for the aid;
 - Determine the amount of the aid;
 - Determine the conditions for the aid; or
 - Enforce the terms and conditions of the aid.

5. To parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1954. The parents must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the act shall be given to either parent, unless the institution has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights. Georgia State University does not have an obligation to disclose any financial information about one parent to another. If a parent claims a student as a dependent and does not want his or her financial information disclosed to his or her spouse or former spouse, the parent may make that request to the institution.
 6. In connection with an emergency, to appropriate persons if the knowledge of such information is believed necessary to protect the health or safety of the student or others.
 7. To comply with a judicial order or lawfully issued subpoena, provided the University makes a reasonable effort to notify the student of the order or subpoena in advance of compliance. Notification may be prohibited if the University receives a federal grand jury subpoena or any other subpoena which states that the student should not be notified. The University will comply with such process only upon the advice of counsel. All subpoenas received by the University should be immediately forwarded in person or by facsimile (404-413-0518) to the Office of Legal Affairs to evaluate the validity of the subpoena. In the case of a subpoena which can be disclosed to a student, the Office of Legal Affairs will inform the student of the subpoena and give the student an opportunity to file an objection to the subpoena before responding on behalf of the University.
 8. To an alleged victim of any crime of violence, as that term is defined in Section 16 of Title 18, United States Code, or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by the University against the alleged perpetrator of that crime or offense with respect to that crime or offense. For the purpose of disclosure under this paragraph, the final results of any disciplinary proceeding shall include only the name of the student, the violation committed and any sanction imposed by the institution on that student and may include the name of any other student, such as a victim or witness, only with the written consent of that other student. The Office of Legal Affairs shall be consulted prior to release of the record.
 9. Subject to the conditions set forth in 34 CFR 99.35 authorized representatives of the Comptroller General of the United States, the Secretary of the U.S. Department of Education, authorized representatives of the Attorney General for law enforcement purposes (investigation or enforcement of federal legal requirements of federally supported education programs), or state and local educational authorities.
 10. To state and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to Nov. 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.
 11. To organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.
 12. To accrediting organizations in order to carry out their accrediting functions.
 13. To Department of Veterans Affairs Officials pursuant to 38 USC 3690©.
 14. To the court those records that are necessary to defend the institution when a student initiates legal action against the institution.
- B. Choosing to Suppress Directory Information – Directory Information is treated as public information. Students may choose to keep their directory information from being disclosed ("suppressed") by submitting a written request to the University's Registrar at any time. However, to keep the directory information from being included in various printed University publications, such requests should be made before the end of the drop/add period for Fall Semester. Information cannot be deleted after printed publications have gone to press and information previously-released in printed publications cannot be recalled. Information contained in electronic publications may generally be changed upon 48 hours notice. Students having opted to suppress their directory information may change their position at a later date by notifying the Office of the Registrar in writing. **Please note:** refusing to permit the release of directory information means that a student's history at Georgia State will be suppressed in full, preventing the verification by future employers and others of degrees earned and dates of enrollment. **Exception to Directory Suppression:** Due to system constraints, final graduation lists and official programs will include all students who are graduating, regardless of Directory Suppression, unless otherwise stated on the Graduation Application.
- C. Records of Deceased Students will be made available to the parents of the deceased student and other authorized parties upon written request. The request must include the need for the records and must identify the requestor's relationship to the deceased student. An official copy of the death certificate must accompany the request, if the University does not have prior notice of the student's death.
- D. The University has the discretion to disclose to any parent or legal guardian of a student under the age of 21 information about a violation of any federal, state or local law, or any rule or policy of the institution governing the use or possession of

alcohol or a controlled substance if the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

X. Recordkeeping Requirements

Georgia State University will maintain a record of requests for and/or disclosures of information from a student's education records which record may be reviewed by the student. The record will indicate the name of the party making the request and what records, if any, were received, as well as the interest in the records. Such recordkeeping is not required if the request was from, or the disclosure was to:

1. The student;
2. A school official determined to have a legitimate educational interest;
3. A party with written consent from the student;
4. A party seeking directory information; or
5. A federal grand jury or law enforcement agency pursuant to a subpoena that by its terms requires nondisclosure.

Recognition is given to The Catholic University of America upon whose FERPA Policy Georgia State University's FERPA Policy was modeled.

This FERPA policy was approved by the Administrative Council on March 5, 2008.

1060 Access to Student Records

To file a request for suppression of directory information, a student should fill out a Suppress Directory Information Form, available at www.gsu.edu/es/student_information_suppression.html, and turn it in to the One Stop Shop, 227 Sparks Hall.

Inquiries about students or former students should be directed to the Office of the Registrar. Georgia State's written policy on "Access to Student Records" complies with the provisions of the Act. Students also have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, Washington, D.C. 20202-4605, regarding alleged violations of the Act.

1100 Undergraduate Admissions

This chapter contains all information related to admission to an undergraduate program at Georgia State University. See subsections within this chapter for specific admission policies and procedures.

1115 General Admission Policy

Georgia State University welcomes applications from all qualified students regardless of race, sex, religion, disability, or cultural background. Admission is based on a number of factors, depending upon level of entry and previous educational experience. Admission into and placement within Georgia State will be determined by the Office of Undergraduate Admissions using the criteria approved by the University Senate. Applicants who have been educated outside the United States should consult Section 1165. The admission requirements have been developed in accordance with the rules and regulations of the Board of Regents of the University System of Georgia and have evolved from studies of student performance at Georgia State. These studies have identified factors and criteria that indicate a reasonable chance of successful completion of academic work at Georgia State. Admission decisions are based on a previous record of satisfactory academic performance, test scores, personal qualities and circumstances, character, and good conduct. **Admission is a selective process and meeting minimum requirements does not guarantee acceptance.** A student has the right to appeal the admission decision as provided in the bylaws of the Board of Regents.

Any applications received after the stated deadline for the term of application will be processed for the next available term and the application fee will not be refunded. Any application received without a designated term will be processed for the next available term and the application fee will not be refunded. Approval for admission is valid only for the term specified at the time of acceptance and does not imply that approval will be granted for a term not specified. The application will be valid for 3 terms (the initial term plus 2 additional terms). Students wishing to be considered for a subsequent term must submit a reactivation form (www.gsu.edu/admissions/28617.html) and any required credentials by the application deadline date for that particular term.

If an applicant (a) is on academic probation, suspension, exclusion, or any other type of academic warning at any previously attended institution, (b) is ineligible to enroll at any previously attended institution, (c) is currently charged with, or has been found guilty of, any violation of academic honesty, honor code, or conduct regulations of a previously attended institution, (d) left a previous institution while there were pending charges of any violation of academic honesty, honor code, or conduct regulations, (e) is currently charged with or has been found guilty of any violation of a federal, state or municipal law, regulation or ordinance other than minor traffic violations, including offenses for which any type of first offender status has been granted, (f) has ever entered a plea of guilty, no contest, nolo contendere, or an Alford plea, or has otherwise accepted responsibility for the commission of a crime, (g) has received any type of discharge from military service other than an honorable discharge, then the applicant's case will be reviewed to insure that the applicant meets the satisfactory academic performance, good character, and good conduct requirements noted above. If, after a letter of acceptance has been issued, information comes to light that shows that an applicant did not meet all admission requirements or that an applicant's application contained omissions or misrepresentations, the applicant's offer of admission will be automatically revoked. If this information comes to light after the student has enrolled, the applicant's enrollment at Georgia State will automatically be terminated and earned credit may be revoked.

Any changes in a student's record prior to enrollment will necessitate a new review of the application. Any omissions or misrepresentations on a student's application for admission will automatically invalidate consideration by, acceptance to and continuation at Georgia State.

All credentials submitted with the application for admission become and remain the property of the university and will not be returned to the student, duplicated, or transferred to another institution.

Admission to Georgia State University or reentry approval does not imply admission to a specific major or professional program.

- Students who wish to take 3000 or 4000 level teacher education courses (designated by a "TE" in the course description) or who wish to enter one of the teacher education programs must be approved by the College of Education or the College of Arts and Sciences, depending on the student's teaching field major (see Section 1605).
- Prospective applicants who are interested in the College of Health and Human Sciences and who have completed preparation to enter the professional or clinical program of their major should contact the Office of Academic Assistance, College of Health and Human Sciences, for information on additional departmental application procedures, requirements, and deadlines.
- Students who wish to apply for admission to the School of Music should contact the School of Music office to request separate application materials and to make an appointment for an audition.

1120 Freshman Applicants

Definition

Those applicants who have never enrolled in a regionally-accredited college or university (unless jointly enrolled while completing high school) are freshman applicants.

Freshman Deadlines

An application for admission and the nonrefundable application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/es/admissions.html. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission.

Fall Semester Applicants Only

The Office of Undergraduate Admissions offers four deadlines for Fall application to the University, including Early Action, Scholarship Consideration, Priority Decision, and Regular Decision. Application submission deadlines are as follows:

Early Action Deadline November 1st

Scholarship Deadline January 15th

Priority Deadline February 1st

Regular Decision Deadline March 1st

First-time freshmen applying for fall semester entry will be considered for admission beginning in November and decisions will continue to be made throughout the academic year until enrollment goals have been met. It is recommended that students apply as early as possible to be considered for admission, university housing, scholarship funding, and need-based financial aid .

Early Action Deadline

Qualified freshmen applicants for whom Georgia State University is a top choice are encouraged to apply for admission on or before November 1 of their senior year to receive an admission decision no later than January 15. Primary consideration under the Early Action plan will be focused on demonstrated academic achievement, including core academic course grades through the junior year, rigor of curriculum, and performance on the SAT and/or ACT with writing assessment. The Early Action plan is non-binding and provides students an early decision with no obligation to enroll; this option is only open to freshmen who apply for the **fall entry term** to Georgia State. An Early Action applicant must submit the required application, fee and transcripts along with official SAT/ACT scores sent online from the appropriate testing agency no later than November 1.

Early Action applicants will receive notification of their admission decision in January, and may be offered admission for fall, deferred to the Regular Decision process for further consideration, or denied admission to Georgia State University. Applicants who are offered admission under Georgia State's Early Action plan are not bound to accept the offer of admission and are given until May 1 to submit their confirmation intent to enroll and attend Georgia State. If an applicant wishes for November or December test scores or mid-year senior grades to be considered in the admissions decision, he or she would be better advised to apply under the Regular Decision plan and deadline.

Early Action Applicants deferred to the Regular Decision plan will be strongly encouraged to submit mid-year senior grades and improved SAT and/or ACT scores that show improvement. All deferred Early Action candidates with complete applications will be notified of a final admission decision no later than May 1.

Scholarship Consideration Deadline

If you wish to be considered for a Georgia State University scholarship based on competitive test scores and academic achievement, be sure to submit your completed application and required admission documents **no later than January 15**. Only students with completed admission files, including submission of all required admission documents and fee will be considered for possible scholarships. If you are considered for specific scholarships, you may be contacted by the Honors Program for additional information.

Priority Decision Deadline

Freshmen applicants choosing this plan must submit their application no later than February 1 of their senior year and will receive a decision no later than March 15.

Regular Decision Deadline

Freshmen applicants choosing this plan must submit their application no later than March 1 of their senior year and will receive a decision no later than April 1. Primary consideration under the Regular Decision plan will also be focused on demonstrated academic achievement (grades in core academic courses, rigor of curriculum, and performance on the SAT or ACT with writing assessment), with secondary consideration given to a combination of the following factors: intellectual pursuits, creative endeavors, and intercultural experiences; public service, co-curricular activities, community involvement, leadership, and family commitments; and integrity and personal maturity. Both Regular Decision and Deferred Early Action candidates will be notified of acceptance, waitlisted or denied admission to Georgia State University no later than May 1.

Spring and Summer Deadlines

An application for admission and the nonrefundable application fee must be submitted or postmarked by the established deadlines. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission. Applications are processed in the order in which they are **complete** and ready for a decision.

Semester Priority Deadline Dates Regular Deadline Dates

Spring October 1 October 1

Summer February 1 March 1

Note: All deadlines are subject to change.

Minimum Freshman Admission Requirements

Admission to Georgia State University is a selective process and meeting minimum admission requirements does not guarantee acceptance. All of the following minimum requirements must be met in order for an applicant to receive consideration as a freshman:

- Be a graduate of and have a college preparatory diploma from a high school accredited by a regional accrediting association (such as the Southern Association of Colleges and Schools), a high school accredited by the Georgia Accrediting Commission, or a public high school regulated by a school system and state Department of Education. A Certificate of Attendance does not qualify a student for admission consideration.
- Have completed the University System of Georgia Board of Regents' College Preparatory Curriculum. Sixteen curriculum course units required as follows:
 1. English (4 units): emphasis in grammar and usage; literature (American, English, and World); and advanced composition skills.
 2. Mathematics (4 units): algebra I, algebra II, geometry, and one additional mathematics course with these units as prerequisites.
 3. Science (3 units): at least one laboratory course from the life sciences and one laboratory course from the physical sciences.
 4. Social Science (3 units): at least one course focusing on United States studies and one course focusing on world studies.
 5. Foreign language (2 units in the same language): emphasis in speaking, listening, reading, and writing.
- Have a minimum 2.80 high school grade point average calculated on the 16 courses listed above.
- Submit electronic SAT scores (including the writing section) with a minimum combined score of 900 (verbal/critical reading + mathematics) with at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) with a minimum composite score of 19 with at least 17 English and 17 mathematics.
- Permanent residents, educated in the United States, whose native language is not English are encouraged to take the TOEFL. If the TOEFL is not taken, applicants from local areas will be required to take the Georgia State Test of English Proficiency (GSTEP) to determine appropriate admission.
- Have a freshman index (FI) of 2500 or higher. The FI is based on a combination of SAT/ACT scores and high school grade point average (HSGPA) in college preparatory courses only. The FI formula using SAT scores is: $SAT\ FI = (500 \times HSGPA) + SAT\ V + SAT\ M$. The FI formula using ACT scores is: $ACT\ FI = (500 \times HSGPA) + (ACT\ composite \times 42) + 88$. In calculating the HSGPA for FI purposes, the applicant's transcript is calculated upon **only 16 of the academic (college preparatory) courses** taken such as English, mathematics, science, social studies, and foreign language.

High-Ability CPC-Deficient Freshman

Certain high-ability students are eligible for admission to Georgia State even if they have not fully completed the College Preparatory Curriculum (CPC). Applicants who have graduated from high school and have:

- completed the CPC English requirement,
- completed the CPC Math requirement,
- two units of Science,
- two units of Social Science,
- a combined SAT score (or ACT equivalent) of 1100 or better, and
- a high school GPA (as calculated for the FI) of 3.3 or better, are eligible for admission as high-ability CPC deficient freshman. High-ability applicants with CPC deficiencies will have their files reviewed individually and some may be admitted. No more than 100 high-ability CPC deficient freshman will be admitted in any academic year.

Students admitted with CPC deficiencies must complete the CPC requirements by taking the Georgia State courses in the sciences, social sciences or foreign languages (depending on the area of their CPC deficiencies). These courses will be selected by the Student Advisement Center. Credits earned in courses taken to meet CPC deficiencies do not count towards graduation requirements. Students must earn a grade of C or better in those courses they take to meet CPC deficiencies. Students must

complete all CPC-required courses before they earn 30 hours and in their first three semesters of enrollment. Otherwise, they may not register for any courses except CPC courses until all CPC requirements are complete.

Home-Schooled Students

Applicants for freshman admission who have been home-schooled or graduated from non-accredited high schools may be considered for admission by meeting one of the following two criteria:

Option One: Portfolio Admission

Students who wish to apply for admission under the portfolio review option must:

1. Demonstrate a combined SAT test score (or an ACT equivalent) that is at or exceeds the average SAT for those enrolled as first time freshmen for the previous fall term. The current score is 1090 (SAT) or 24 (ACT).
2. Submit electronic SAT scores (including the writing section) of at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) of at least 17 English and 17 mathematics.
3. Submit a portfolio that demonstrates satisfactory completion of the 16 College Preparatory Courses (CPC) required for admission to a University System of Georgia research institution. This portfolio must include information about the course of study leading to satisfactory completion of **each** CPC unit, including a list of all educational resources (books and other materials), course outline and appropriate outcomes assessment. Georgia State University reserves the right to request any further information that it feels necessary to evaluate the completion of the CPC requirements.

Option Two: SAT Subject Test Admission

Students who wish to apply for admission under the SAT Subject Test option must:

1. Submit electronic SAT scores (including the writing section) with a minimum combined score of 900 with at least 430 verbal/critical reading and 400 mathematics or electronic ACT scores (including the Writing Test) with a minimum composite score of 19 with at least 17 English and 17 mathematics.
2. Submit acceptable scores on six SAT Subject Tests and demonstrate proficiency in a foreign language at the level of two years of high school study. Minimum acceptable scores on the prescribed SAT Subject Tests are:
 - **520** on the English Writing test (now a required part of the SAT or ACT)
 - **530** on the Literature test
 - **500** on the Mathematics Level 1 test or a score of 570 on the Mathematics Level 2 test
 - **520** on the Biology test
 - **540** on the Chemistry test or 590 on the Physics test
 - **560** on the U.S. History test, and
 - **540** on the World History test

The appropriate level of competency in a foreign language will be evaluated by the Georgia State University Department of Modern and Classical Languages, utilizing methods including both oral and written components.

1125 Transfer Applicants

Definition

Those applicants who have previously attended a regionally-accredited college or university (except for students jointly enrolled while completing high school) are transfer applicants.

Transfer Deadlines

An application for admission and the **nonrefundable** application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/es/admissions.html. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the application for admission. Applications are processed in the order in which they are **complete** and ready for a decision. Students wishing to be considered for a subsequent term must submit a reactivation form at the following website (www.gsu.edu/admissions/28617.html), and any additional credentials that may be necessary by the appropriate deadline. Applicants interested in early registration dates and orientation, university housing, and/or financial aid are urged to apply and complete their applications by the **Priority Deadline Dates** listed below.

Semester	Priority Deadline Dates	Regular Deadline Dates
----------	-------------------------	------------------------

Fall	February 1	June 1
Spring	October 1	November 1
Summer	February 1	April 1

Note: All deadlines are subject to change.

For international student application deadline dates, please see Section 1165.

The professional and clinical programs in the College of Health and Human Sciences may have earlier deadlines. Please contact the Office of Academic Assistance, College of Health and Human Sciences, 404/651-3064, for information on procedures and deadline dates.

Admission Requirements

All of the following minimum requirements must be met in order for an applicant to receive consideration as a transfer, but meeting them does not guarantee admission. An applicant must:

- have a minimum cumulative 2.5 grade point average in college-level courses (excluding developmental/remedial courses) from all accredited institutions attended.
- be eligible to re-enroll at the last institution attended.
- have completed all college preparatory curriculum and learning support coursework required by any unit of the University System of Georgia (USG).
- in addition, those students who have completed **fewer than 30 semester hours or 45 quarter hours** of college-level academic coursework attempted at one or more regionally accredited institutions must meet all freshman admission requirements (see Section 1120.30).
- arrange for **all** transcripts to be received directly by the Office of Undergraduate Admissions or provide them in sealed envelopes directly from the institution to submit a self-managed application. Student copies of transcripts, official transcripts opened by the student, and fax copies are **not** acceptable.

Transfer students should be aware of the Board of Regents' requirements in reading, writing, history, and constitution (see Sections 1420 and 1425).

Transfer Credit Policy

When an applicant is accepted for undergraduate transfer admission, courses completed with grades of C or higher (grades of D discussed below) that parallel the curriculum of Georgia State University will be accepted for transfer credit. Developmental, vocational, and occupational courses will not be accepted for transfer credit. Credit must have been earned at institutions of higher education with full accreditation by a regional association of colleges and schools and, where appropriate, the Commission on Colleges. The determination of how transfer credit may be used to satisfy the specific course requirements for a degree is made by the Student Advisement Center or the college that administers the degree program requirements. The colleges also have the privilege to test the student's proficiency in transferred coursework.

A maximum of 12 semester hours where grades of D have been earned may be applied toward degree requirements. These 12 semester hours include both resident credit (earned at Georgia State) and transfer credit. Transfer credit will not be given for English composition courses where grades of D have been earned. Additional restrictions in credit accepted for courses where grades of D have been earned may be included in certain degree programs. Be sure to check the description of your planned program in this catalog. No credit will be awarded for a grade earned at a foreign institution that is equivalent to a grade of D in the United States.

The University will not award credit for English composition courses taken at institutions located in non-native English speaking countries.

A maximum of 60 academic semester hours from a two-year college or 81 academic semester hours from a four-year college may be applied in the program for which the applicant enrolls. Courses completed at a two-year college will be granted lower-division credit. The total number of hours that may be earned toward a degree by extension or correspondence courses may not exceed 30 semester hours.

Because the university has a minimum academic residence requirement, the amount of transfer credit applicable to a degree program may be further limited (see Section 1430).

Georgia State does not grant credit for College-Level General Educational Developmental Tests, USAFI courses, or courses completed at any United States armed forces service schools, with the exception of the military academies.

For those students seeking a baccalaureate degree, transfer credit for degrees previously awarded by other institutions will be granted as follows:

1. Students will be granted credit for all of Areas A-E of the core curriculum (see section 1410) and the Regents' Test (see section 1420) if they hold one of the following:
 - a. A baccalaureate from a regionally accredited institution of higher education in the United States, or
 - b. The equivalent of a baccalaureate from a regionally accredited institution of higher education in the United States (as certified by Georgia State or a Georgia State-approved agency such as Joseph Silny and Associates, Inc.), or
 - c. An associate's degree designed to transfer to a baccalaureate program from a USG institution
2. However, there are two exceptions to the policy stated in above.
 - a. Students seeking a baccalaureate degree in biology, chemistry, computer science, geology, mathematics, physics, science education or math education who do not hold a baccalaureate degree in one of these fields will only be granted credit for all of Areas B, C, and E. They will be granted credit in Areas A and D on a course-by-course basis.

- b. Students seeking a baccalaureate degree in nursing, nutrition or respiratory therapy will only be granted credit for all of Areas A, B, C and E. They will be granted credit in Area D on a course-by-course basis.
3. Students who hold any other associate's degree, such as an associate's degree from a non-USG institution or an associate's degree not designed to transfer to a baccalaureate program will be granted transfer credit on a course-by-course basis.

1130 Postbaccalaureate Applicants

Definition

Those applicants who have received a bachelor's degree and who wish to take undergraduate courses without being admitted to a second undergraduate degree program are postbaccalaureate applicants. A students wishing to seek a second baccalaureate degree should refer to Section 1125. Georgia State University graduates should refer to Section 1170.

Deadlines

Semester Regular Deadline Dates

Fall July 1

Spring November 1

Summer April 1

Note: All deadlines are subject to change.

For international student application deadline dates, please see Section 1165.

After the Regular Deadline Dates, only postbaccalaureate applications that are **complete** at the time of submission (application, **nonrefundable** application fee, and all required documents) will be processed and only if space is available and time permits.

An applicant wishing to seek a second bachelor's degree in a professional or clinical program in the College of Health and Human Sciences should apply to the university as a transfer student. Please contact the Office of Academic Assistance, College of Health and Human Sciences, for information on procedures and deadline dates.

Admission Requirements

Postbaccalaureate students **must hold** a baccalaureate degree or the equivalent from an institution of postsecondary education with full accreditation by a regional association of colleges and schools and, where appropriate, the Commission on Colleges.

The postbaccalaureate status is not available for students seeking teacher certification in any area other than music education and art education (see Section 1605).

In order to be considered for admission as a postbaccalaureate student, an applicant must complete an application for undergraduate admission (including the nonrefundable fee) and submit an official transcript from the degree-granting institution by the appropriate deadline. If a student wishes to change to a degree-seeking status after enrolling at Georgia State University as a postbaccalaureate student, conditions for acceptance as a transfer student must be met. An application for admission, the nonrefundable application fee and required transcripts must be filed with the Office of Undergraduate Admissions located in 200 Sparks Hall by the established application deadline for the intended semester of entry.

Postbaccalaureates may not attend another institution as transient students from Georgia State. Transient status is only for degree-seeking students. Postbaccalaureate students wishing to attend another institution must apply directly to the other school.

1135 Transient Applicants

Definition

Students who are currently enrolled in a transferable degree program at another accredited college or university in the United States who wish to register at Georgia State University for the purpose of completing work to transfer back to the home institution are transient applicants. Transient students may attend for only one fall or one spring semester. However, attendance as a transient student in summer semesters is unlimited.

Deadlines

Semester Regular Deadline Dates

Fall July 1

Spring November 1

Summer April 1

Note: All deadlines are subject to change.

For international student application deadline dates, please see Section 1165.

After the Regular Deadline Dates, only transient applications that are complete at the time of submission (application, nonrefundable application fee, and all required documents) will be processed and only if space is available and time permits.

Admission Requirements

In order to be eligible for admission as a transient, a student must submit an application for undergraduate admission (including the **nonrefundable** fee) and request an official statement granting permission to enroll as a transient student from the home institution. The appropriate academic official at the home institution must send this statement directly to Georgia State University. The application will be valid for 3 terms (the initial term plus 2 additional terms). Students who do not enroll the semester for which they were accepted and wish to register later must either reactivate their application or submit a new application by the application deadline and arrange for a current official statement updated for the new semester to be sent.

International students who are attending school on another institution's immigration document (F-1/I-20, J-1/IAP-66) will not be issued any additional documents, but must also submit a statement of permission from the International/Foreign Student Adviser at the home institution.

The following regulations are applicable to transient students:

- They should seek academic advisement at their home institution to determine if courses taken at Georgia State are acceptable to their degree program.
- All scholastic discipline policies and all course prerequisite policies are applicable to transient students.
- Transcripts for courses completed at Georgia State as a visiting student must be requested from the Office of the Registrar at www.gsu.edu/es/office_of_the_registrar.html to be sent to the home institution.
- Transient students are admitted to and register through the college or school selected on their application. If the applicant does not indicate a college, and if a transient approval letter has been received, placement will be determined from the courses indicated in the letter.
- In order to continue for an additional summer semester as a transient, a student must file a reentry application and arrange for all necessary supporting documentation to be received in the Office of Undergraduate Admissions by the established deadlines (see Section 1170). With the exception of summer semesters, registration as a transient student is limited to one semester. If a student wishes to become a transfer student, the student must file a new application for undergraduate admission (including the **nonrefundable** application fee) and arrange for **all** transcripts to be received by the Office of Undergraduate Admissions by the appropriate deadline. Student copies of transcripts or official transcripts opened by the student are **not** acceptable (see Section 1125).

1145 Nontraditional Applicants

Definition

Non-traditional applicants are defined as individuals who meet **all** of the following criteria:

- Have been out of high school at least five years or whose high school class graduated at least five years ago.
- Hold a high school diploma from an accredited high school as specified under Section 1120.30 or have satisfactorily completed the GED.
- Have not attended college within the past five years.
- Have earned fewer than 30 transferable semester (45 transferable quarter) credit hours.

Deadlines

A non-traditional applicant must follow the freshman deadlines (see Section 1120.20) for submitting an application, nonrefundable application fee and transcripts. Applicants are encouraged to apply online at www.gsu.edu/es/admissions.html.

Admission Requirements

Applicants must take the COMPASS assessment to be admitted to the university. The Office of Undergraduate Admissions notifies applicants of test date, time, and location. Applicants must earn the following scores on the COMPASS to be eligible for admission: reading = 74, writing = 60, and mathematics (COMPASS algebra test) = 37. If the file is not completed in time for testing to be scheduled prior to registration, it may become necessary to update the application to a future semester. If an applicant does not earn a required score(s) on the first attempt, that part(s) of the COMPASS may be retaken but the second attempt must be at least ninety (90) days after the first attempt. Applicants who do not earn all three of the required scores after two attempts may not reapply to Georgia State as nontraditional applicants for five years.

1150 Joint Enrollment (Accel Program)

Definition

Joint enrollment (Accel Program) is an opportunity for the academically outstanding high school student to enroll as a special undergraduate student. This program is designed to allow superior high school students to utilize university resources to provide

extra enrichment and challenge to their junior or senior year. All schedules are subject to the approval of the appropriate high school official and Georgia State University.

Deadlines

Applicants must submit the application, **nonrefundable** application fee, and required documents by the appropriate deadline.

Semester Regular Deadline Dates

Fall	April 1
Spring	November 1
Summer	April 1

Note: All deadlines are subject to change.

Admission Requirements

Students must demonstrate a high degree of academic potential and maturity to be considered for Joint Enrollment (Program for Excellence/PFE). Joint enrollment is open to high school juniors and seniors meeting our application requirements. To be considered for admission, a student must meet the following minimum requirements:

- Completion of all CPC requirements, with the exception of the units of high school English, mathematics, and/or social science which may be fulfilled through the satisfactory completion of approved Georgia State courses.
- A minimum high school GPA of 3.0 in college prep (CPC) courses.
- A minimum SAT verbal/critical reading score of 530, or minimum ACT English score of 23.
- A minimum SAT math score of 530, or minimum ACT math score of 22.
- A minimum freshman index (FI) of 2600 for seniors and 2700 for juniors

Students admitted to the program are subject to the same fees, rules, and regulations as other Georgia State University students. A student enrolled simultaneously at the university and the high school is also subject to any rules and regulations imposed by that high school. All students are required to earn a high school college preparatory diploma on or before their original graduation date using the college-level coursework, as appropriate.

1155 GSU-62 Program

Definition

Applicants who meet the criteria listed below may apply for GSU-62 waivers of tuition and fees. The regulations listed also apply to the GSU-62 student who wishes to audit classes instead of taking courses for credit.

Deadlines

Applicants must submit the application and required documents by the appropriate deadline.

Semester Priority Deadline Dates Regular Deadline Dates

Fall	February 1	March 1
Spring	October 1	October 1
Summer	February 1	March 1

Note: All deadlines are subject to change.

The following minimum requirements must be met in order for a student to receive a GSU-62 waiver.

- Must meet all applicable admission requirements for their program of study.
- Must be 62 years of age or older at the time of registration. (Submit a birth certificate or other comparable written documentation, such as a passport, verifying proof of your age.)
- Must be classified as a Georgia resident in accordance with the Regents' Requirements for Resident Status.

GSU-62 students will register on a space available basis during late registration. No tuition and fees will be assessed except for supplies or laboratory fees. The student will be responsible for all student fees associated with obtaining a Georgia State University identification card (PantherCard). All usual student and institutional records will be maintained.

This status can include graduate studies with the exception of the College of Law. Contact the appropriate graduate office in the university for application information. GSU-62 students must be admitted to graduate study to be eligible to enroll for graduate courses (those numbered 5000 and higher).

1165 International Students, Students with Non-U.S. Credentials, and Non-native Speakers of English

Georgia State University encourages the enrollment of students from other countries. After reading this section, if you need additional information or have questions, please contact: Georgia State University, Office of Undergraduate Admissions, P.O. Box 4009, Atlanta, GA 30302-4009 or in person at 200 Sparks Hall, (fax) 404/413-2002, (e-mail) admissions@gsu.edu, or www.gsu.edu/admissions/index.html

Definition

The following definitions apply:

- International applicants and students are individuals who are not U.S. citizens, permanent residents, asylees, refugees, or holders of the A, E, I, G, K or L visa status.
- Applicants and students with non-U.S. academic credentials are individuals who received their secondary school diploma, and/or any college credit through an institution outside the U.S.
- Non-native speakers of English are students whose native language, as reported on the admission application, is a language other than English.

Note: An individual may fall into one, two or all three of the above categories. Applicants and students who fall into more than one category must follow the procedures and meet at least the minimum requirements for all categories in which they fall.

Deadlines

Applications for admission, including the **nonrefundable** application fee, as well as all required academic credentials, test scores, and financial documentation must be received by the established deadlines. Applications and reactivations received after the deadline dates will be processed for the following semester. Applicants are encouraged to apply online at www.gsu.edu/es/admissions.html.

Semester Priority Deadline Dates Regular Deadline Dates

Fall	February 1	March 1
Spring	October 1	October 1
Summer	February 1	March 1

Note: All deadlines are subject to change.

Admission Requirements

International Applicants

In addition to meeting all other applicable requirements for admission, international applicants who will need a student visa status (F or J) must demonstrate the ability to meet the estimated financial obligations of tuition, fees and living expenses by submitting the Foreign Student Financial Statement and the required documentation of financial support.

Applicants with Non-U.S. Credentials

In addition to meeting all other applicable requirements for admission, freshman applicants and transfer applicants with less than 30 semester hours of transferable credit must demonstrate academic preparation equivalent to graduation with a U.S. secondary college preparatory curriculum and have a GPA of 3.0 based on only academic courses. Applicants who have completed non-U.S. university level coursework must have earned satisfactory grades on all such work attempted and be in good academic standing. The applicant does not need to meet the Freshman Index or minimum CPC requirements of those graduating from a U.S. high school.

Applicants must present official secondary (high school) or postsecondary (college or university) credentials, certificates, or diplomas. Official documents must bear authoritative signatures, seals and/or stamps. These should be sent by the institution responsible for issuing such documents. In cases where it is impossible for these credentials to be sent from the institution, or only one set of originals is available to students, applicants should forward an attested copy of the original. A proper institution official or the Ministry of Education in the home country must do the attestation. A certified original translation must accompany all documents not printed in English.

Georgia State University requires that all international academic documents (transcripts, mark sheets, certificates, leaving examination results, etc.) be formally evaluated by an independent evaluation service. Applicants should submit an application to Josef Silny and Associates, Inc., along with the appropriate fee for the document-by-document evaluation **and** grade point average equivalent (required for first time university students) or the fee for the course-by-course evaluation (required for students with previous university attendance). Fees from overseas must be in the form of an International Money Order. Applicants must also submit to Josef Silny and Associates, Inc., official transcripts, diplomas, and certified English translations. Josef Silny and Associates, Inc., will return original documents to the applicant if a self-addressed, stamped envelope is included with the application for evaluation.

Applicants with detailed questions about this evaluation process should contact Josef Silny and Associates, Inc., at 305/273-1616, 7101 SW 102 Avenue, Miami, FL 33173, or online at www.jsilny.com.

Although the university recommends Josef Silny and Associates, Inc., evaluations will be accepted from the following services: Educational Credential Evaluators, Inc., P.O. Box 514070, Milwaukee, Wisconsin 53203-3470 or World Education Services, Bowling Green Station, P.O. Box 5087, New York, NY 10274-5087.

Applicants who have completed university-level studies overseas should submit catalogs or official course descriptions from the schools attended to Georgia State University in order to have credit considered for application to a degree program. All information must be translated into English and verified by the proper authorities.

Applicants who are Non-Native Speakers of English

In addition to meeting all other applicable requirements for admission, non-native speakers of English must demonstrate sufficient English language proficiency. This can be demonstrated by submitting any one of the following: an SAT verbal/critical reading score of at least 430, an ACT English subtest score of at least 17, a TOEFL score of 550 (paper test) or 79-80 (internet-based test), a GSTEP score of 6, an International English Language Testing System (IELTS) score of 6.5, or by successfully completing Georgia State University's Intensive English Program.

TOEFL bulletins (including registration forms) can be obtained at United States embassies and consulates, bi-national centers, or by writing to: Test of English as a Foreign Language, P.O. Box 6154, Princeton, N.J. 08541-6154, U.S.A. (www.toefl.org).

To register for the GSTEP, please contact the Department of Applied Linguistics and English as a Second Language at 404/651-3650 (www.gsu.edu/gstep).

F-1 Visa applicants who are non-native speakers of English and who meet all admission requirements except the English language proficiency requirement may be granted conditional admission. To be eligible for conditional admission, applicants must have a TOEFL score of 480 (paper test) or 157 (computer test) or 40 (internet-based test). Students granted conditional admission will be required to take certain courses in the Intensive English Program (IEP) before taking other courses. A student may remain on conditional admission status for no more than three semesters. For more information about the IEP, see www.gsu.edu/iep.

Placement

- **International Student.** International students who are also non-native speakers of English must take the GSTEP before registering for classes. If the GSTEP were taken as part of the application process, this requirement is waived. Depending on their scores, these students may be assigned work in the Intensive English Program.
- **Students with Non-U.S. Academic Credentials.** There are no special placement rules for students with non-U.S. academic credentials.
- **Non-Native Speakers of English.** See special rules for placement of international students.

Regents' Testing Program

- **International Student.** There are no special Regents' Testing Program rules for international students.
- **Students with Non-U.S. Academic Credentials.** There are no special Regents' Testing Program rules for students with non-U.S. academic credentials.
- **Non-Native Speakers of English.** Non-native speakers will be certified as meeting Regents' testing requirements either by taking the regular Regents' Test, by passing the reading and writing sections of the revised Georgia State Test of English Proficiency (GSTEP Regents'), or by earning a score of 23 or higher on the reading section of the computer-based TOEFL or a score of 57 or higher on the reading section of the paper-based TOEFL and a score of 4 or higher on the Test of Written English (TWE). Non-native speakers who do not meet the Regents' Test requirement and who have attempted 45 or more semester hours are required to take one of the following: regular RGT courses or RGT courses for international students offered by the Department of Applied Linguistics and English as a Second Language. With the exception of the testing policies mentioned in this paragraph, non-native speakers are subject to all other Regents' Test Program policies.

1170 Reentry Applicants

Definition

An undergraduate reentry applicant is a student who previously enrolled at Georgia State University and who wishes to reenroll at Georgia State in one of the following ways:

- Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate degree-seeking student after an absence of three or more semesters.
- Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate postbaccalaureate student after an absence of three or more semesters.
- Previously enrolled as an undergraduate postbaccalaureate student wishing to return as an undergraduate postbaccalaureate student after an absence of three or more semesters.

- Previously enrolled as an undergraduate degree-seeking student wishing to return as an undergraduate transient student after an absence of three or more semesters.
- Previously enrolled as an undergraduate transient student wishing to return as an undergraduate transient student for any term. Note: Students are only permitted to attend one spring or one fall semester as an undergraduate transient student, but may apply for unlimited summer semesters.

The reentry application cannot be used in the following situations:

- Transient and postbaccalaureate students cannot apply for reentry to update to degree-seeking (transfer) status. Transients and postbaccalaureate students wishing to become transfer students should complete a new application for admission, submit the appropriate application fee and all transcripts to the Office of Undergraduate Admissions. Students should refer to Section 1125 for deadlines, admission requirements and other policies related to transfer admission.
- Students that have only attended Georgia State University at the graduate level cannot apply for reentry to enroll at the undergraduate level. Graduate students wishing to enroll at the undergraduate level should complete a new application for undergraduate admission, submit the appropriate application fee and all transcripts to the Office of Undergraduate Admissions. Students should refer to the appropriate area of Section 1100 for deadlines, admission requirements and other policies related to transfer, transient, and postbaccalaureate admission.

Deadlines

Applications for reentry admission and the **nonrefundable** reentry application fee must be submitted or postmarked by the established deadlines. Applicants are encouraged to apply online at www.gsu.edu/admissions/reentry.html. Complete credentials must be received before a decision can be made. All required credentials should be submitted to the Office of Admissions no later than fifteen business days following the submission date of the reentry application. Reentry applications are processed in the order that they are complete and ready for a decision. Students wishing to be considered for a subsequent term must submit a reactivation form at the following website (www.gsu.edu/admissions/28617.html), and any additional credentials that may be necessary by the appropriate deadline. The reentry application is valid for 3 terms (the initial term plus 2 additional terms).

Applicants interested in early registration dates, university housing and financial aid are urged to apply and complete their applications by the Priority Deadline Dates listed below. Any reentry application received after the regular deadline for the term indicated on the reentry application will be processed for the next available term and the application fee will not be refunded.

To Return in Priority Deadline Regular Deadline

Fall	February 1	June 1
Spring	October 1	November 1
Summer	February 1	April 1

Note: All deadlines are subject to change.

Admission Requirements

Degree-seeking Reentries. Students that previously attended as degree-seeking and wish to return as degree-seeking must meet the following requirements:

- Students that have attended other institution(s) since their last enrollment at Georgia State University must submit official transcripts from the institution(s). Student copies of transcripts, official transcripts opened by the student, and fax copies are **not** acceptable. Reentry applicants must be eligible to return to their last institution of attendance for the term of desired reenrollment at Georgia State in order to be granted admission as a reentry student.
- Students that last attended Georgia State University in the Learning Support Program (formerly the Department of Academic Foundations and Developmental Studies), have COMPASS scores below those currently required to exit LSP, and have not fulfilled their LSP requirements must either:
 1. Retake the appropriate COMPASS tests and earn the minimum reading score currently required to exit LSP (74), the minimum writing score currently required to exit LSP (60), and the minimum math score currently required to exit LSP (37) or
 2. Complete their LSP courses at another USG institution (for example, Georgia Perimeter College) and then reapply for reentry.
- Undergraduate students reentering on supervision or probation are required to participate in the Academic Improvement Program (see Section 1360.20).
- Students that were placed on exclusion at the conclusion of their last term at Georgia State University must submit an application for academic renewal to the Student Advisement Center. Approval for academic renewal must be granted before students previously excluded can be approved to reenter the University. Students should refer to section 1360.30 for policies and procedures related to academic renewal prior to submitting an application for reentry.

Transient Reentries. Students wishing to apply for reentry as a transient student must submit an official transient letter from their home institution. Unofficial transient letters, transient letters opened by the student, and fax copies are **not** acceptable. The transient letter must indicate that the student has permission to attend Georgia State University for the desired term of enrollment. Transient students must be eligible to return to their home institution for the desired term of enrollment. A new reentry application and a new transient letter are required for each subsequent term of enrollment at Georgia State. Note: students are only permitted to attend one spring or one fall semester as an undergraduate transient student, but unlimited summer semesters.

Degree-seeking to Postbaccalaureate Reentries. Previous degree-seeking students wishing to reenroll as a postbaccalaureate student must submit a transcript from the institution awarding the baccalaureate degree. Student copies of transcripts, official transcripts opened by the student, and fax copies are **not** acceptable. For those students that were previously awarded their undergraduate degree by Georgia State University, a Georgia State University transcript is not needed.

Postbaccalaureate to Postbaccalaureate Reentries. Previous postbaccalaureate students wishing to return to Georgia State University as a postbaccalaureate are not required to submit any additional transcripts.

1175 Academic Regulations that Apply to Various Admission Categories

1175.10 Transient Students

Transient students may attend for only one fall or one spring semester. However, attendance as a transient student in summer semesters is unlimited. In order to continue for an additional summer semester(s) as a transient, a student must file a reentry form and arrange for all necessary supporting documentation to be received in the Office of Undergraduate Admissions by the established deadlines. To continue attending, transient students must be in good academic standing at Georgia State University. Transient students who wish to become transfer students must apply to the Office of Undergraduate Admissions to be admitted as a transfer student. All scholastic discipline policies and all course prerequisites are applicable to a transient student. Transcripts for courses completed at Georgia State as a transient must be requested from the Office of the Registrar to be sent to the home institution. Transient students are admitted to and register through the college or school selected on their application. If the applicant does not indicate a college, and if a transient approval has been received, placement will be determined from the courses indicated in the letter. Transient students who seek reentry must complete a new reentry form for the semester that they wish to attend.

1175.20 Postbaccalaureate Students

The postbaccalaureate status is not available for students seeking teacher certification in any area other than music education and art education. Postbaccalaureates may not attend another institution as a transient student while the postbaccalaureate is a student at Georgia State University.

1175.30 International Students

International students with student visas are required to carry a full course load (12 semester hours). International students with student visas who wish to reenter must complete a new reentry form for the semester that they wish to attend.

1200 Financial Information

The Office of Student Accounts, 100 Sparks Hall, www.gsu.edu/es/tuition_and_fees.html, is responsible for assessing tuition and fees and processing payments. The Office of Student Financial Aid, 102 Sparks Hall, www.gsu.edu/es/financial_aid.html provides financial assistance to students who, without such help, would be unable to attend Georgia State University. These offices work closely together to serve students.

It is the responsibility of the student to be informed of, and to observe, all regulations and procedures regarding tuition, fees, payments, refunds and financial aid. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of it by an adviser or other authority. Verbal misinformation is not grounds for a waiver of a regulation.

1210 Tuition and Fees

Tuition and fees are set by the Board of the Regents of the University System of Georgia. They are usually approved in April or May, after this catalog has gone to press. Tuition and fees usually increase every year and are subject to change without notice. Current tuition and fee rates are available at www.gsu.edu/es/tuition_and_fees.html. For information about resident status, see Section 1220.

Georgia State University charges other fees that are not discussed in this section. For more information about other fees see the following websites:

- Application fee - www.gsu.edu/gastate_apply_online.html
- Graduation fee - www.gsu.edu/es/applying_for_graduation.html
- Late registration fee - www.gsu.edu/es/calendars_and_schedules.html
- Housing fees - www.gsu.edu/housing/Forms.html

1210.10 Waivers of Tuition and Fees

All requests for waivers of tuition and fees are due no later than two weeks before the end of regular registration. Requests made after that date will be considered for the subsequent semester.

Waivers of All Tuition

All tuition is waived for students who fall into one of the following categories:

- GSU 62 students who register during late registration. See section 1155.
- Employee tuition remission students who take no more than 8 hours and register during late registration.

Waivers of the Difference between Resident and Nonresident Tuition

The Board of Regents specifies that certain non-residents are granted waivers of the difference between resident and nonresident tuition. (See section 1220 for residency status rules.) These waivers are restricted to small classes of students. For more information, see www.usg.edu/regents/policymanual/700.phtml.

In addition to the Board of Regents authorized waivers, non-resident students who are enrolled only in courses which meet more than 50 miles from GSU and are part of an official GSU off-campus study program pay in-state tuition plus \$250.

To apply for a waiver of the difference between resident and nonresident tuition, go to the Residency Section of the Office of the Registrar, www.gsu.edu/es/residency.html

Waivers of All Fees

All fees are waived for students who fall into one of the following categories:

- GSU 62 students. See section 1155.10.
- Employee tuition remission students who take no more than 8 hours and register during late registration.

Waivers of All but Technology Fee

Enrollment fees are reduced to only the technology fee for students who fall into the categories below.

- Students enrolled only in courses offered under a tuition agreement between Georgia State University and a corporation, organization, educational institution or other legal entity if the tuition agreement specifies that fees will be waived.
- Students enrolled only in courses which meet more than 50 miles from Georgia State University if taking those courses at that location is *required* by their program of study. Such courses may include: practicum, student teaching, internship, directed reading, independent study, thesis research, or dissertation research. If the program of study *allows* (but does not require) that the courses be taken more than 50 miles from campus, then the students will not be granted a fee waiver.

- Students enrolled only in courses that meet more than 50 miles from Georgia State University if those courses are part of an official Georgia State University off-campus study program. Such programs may include field study programs and study abroad programs.

Students who have paid fees at other institutions do not receive a waiver of Georgia State University fees. To apply for a fee waiver, go to the Dean of Students website, www2.gsu.edu/~wwwdos/waiverrequest.html and complete the Fee Waiver Request Form.

1210.20 Payment of Tuition and Fees

Georgia State University reserves the right at any time during the semester to drop any student from classes for failure to pay tuition and fees. Students who cease to attend but do not formally drop their classes using PAWS at paws.gsu.edu will suffer financial and academic consequences. Students who continue to attend classes after the University has dropped them will not receive course credit and will be held liable for the tuition and/or fees due plus any service fees assessed, applicable collection costs, court costs, and legal fees. A hold will be placed on the records of any student who has a financial obligation to the university. Until all financial obligations are met, a student is not permitted to register for further course work, receive grades for current course work, or access transcripts. If a student's account is sent to a collection agency, the student is responsible for the amount owed to the university as well as any collection costs and legal fees.

Payment Deadline

All tuition and fees must be paid by the dates published each semester in the online *Registration Guide* at www.gsu.edu/es/registration_guide.html. Failure to meet payment deadlines will have financial and academic consequences.

Payment by Credit Card

Georgia State University accepts MasterCard, Discover and American Express for payment of tuition and fees. Students choosing this option may register and pay fees by going to the Georgia State University PAWS student registration website at paws.gsu.edu. A service fee of 2.75% is assessed by the payment processor for each credit card transaction. Credit card payments must be made on PAWS and are not accepted via telephone or in person at the cashier windows.

Payment by Check

Georgia State University offers the option of paying online from a bank checking or savings account. Students choosing this option may register and pay fees by going to the Georgia State University PAWS student registration website at paws.gsu.edu. No service fee is assessed when paying online via check. Checks must be payable in United States currency and drawn on a financial institution located in the United States of America. The university reserves the right to determine the acceptability of all checks.

Checks are also accepted at the cashier windows located on the first floor of Sparks Hall or placed in the drop box beside the cashier windows or may be mailed to Georgia State University, Office of Student Accounts, P.O. Box 4029, Atlanta, GA 30302-4029. Checks must be made payable to Georgia State University and have an encoded checking account number on the face of the check. All checks not drawn in this manner will be returned. To avoid cancellation of classes, payment by check must be received, not post marked, by 5:00 p.m. on fee deadline dates.

If a check given in payment of a student's fees is not paid upon presentation to the banking institution, a hold is placed on the student's records. All returned checks are assessed a returned check fee of \$29.00. Georgia State University reserves the right to place a student on "cash only" status for issuing a check that is not honored upon presentation to the bank.

Payment in Cash

Cash payments may be made at the Cashier's Office located on the first floor of Sparks Hall. Window hours are 8:30 a.m. to 5:15 p.m. Monday through Friday, except university holidays. It is inadvisable to send cash payments through the mail or to place them in the cashier's drop box.

College of Health and Human Sciences Tuition Deposit

The College of Health and Human Sciences requires students newly accepted into certain professional and graduate programs to submit a portion of their first semester's tuition at the time of acceptance. The advanced tuition, which is nonrefundable, guarantees the student's place in the class.

1210.30 Refund of Tuition and Fees

Students who formally withdraw or who are formally withdrawn from a class or classes (see Section 1332.10) will be subject to the refund policy for tuition and other fees. This policy decreases the amount of refund available at regular intervals during the term. **Students must withdraw from all classes to be eligible for a refund.** After a time during the term, no refund will be available. Complete information about the refund policy throughout the term is available in each term's online *Registration Guide* www.gsu.edu/es/registration_guide.html.

Placing a stop payment on a check with the banking institution from which the check is drawn does not constitute a formal withdrawal from courses. Students must withdraw using the procedures outlined in the *Registration Guide*.

A student is not entitled to any refund of tuition or fees paid if the student leaves the university when disciplinary action is pending, or does not formally withdraw from the class or classes in which he or she is enrolled, or if other restrictions apply. See the online *Registration Guide*.

Refunds are paid by direct deposit into the student's bank account or by check mailed to the student. The refund for a student who received financial aid will be audited to determine the amounts to be returned to financial aid programs, and the student will receive any remaining balance. Mailing addresses must be kept current by going to the Georgia State University PAWS student website at paws.gsu.edu to ensure proper mailing of refund checks. Students who sign up for direct deposit (www.gsu.edu/es/tuition_and_fees.html) receive their refunds faster, and in a more secure manner, than students whose refunds must be mailed.

1210.40 Housing Fees

Housing fees for each semester are due when tuition and other fees are due. The housing fee for University Commons includes utilities, cable television service, internet connection and local telephone service in the apartment. Parking at University Commons is an additional fee. Please check the housing website at www.gsu.edu/housing/index.html for specific rates. Housing fees are subject to change.

The housing fees for the University Lofts vary based on the apartment type. The housing fee for University Lofts includes utilities, cable television service, internet connection and local telephone service in the apartment. The Lofts Tenant parking, as well as Loft Tenant MARTA passes, are available through Auxiliary and Support Services (www.gsu.edu/auxiliary/29374.html). For more information, contact University Housing at 250 Student Center, 404/413-1800, housing@gsu.edu or visit www.gsu.edu/housing/index.html.

1220 Georgia Resident Status

Residents of Georgia pay lower tuition rates than those who are not residents of Georgia. Establishing residency for tuition purposes as defined by the Board of Regents is different than residency for purposes such as voting, obtaining a Georgia driver's license/tag, etc., and requires more than establishing eligibility to vote, securing a driver's license, and/or paying taxes. Georgia residency status is also distinct from the academic residency requirement for graduation. (See Section 1430.)

A person may be a Georgia resident for tuition purposes if, and only if, either one of the following two criteria are met.

Criterion 1

A person may be a Georgia resident for tuition purposes if that person, that person's parents, or (if the person is a minor) that person's court-appointed guardian meets **all** of the following conditions:

- The person has always resided in Georgia or can demonstrate that they currently reside in Georgia and residency in any other state or country has been abandoned. Maintenance of ties with another state or country will contribute to a non-resident decision including: financial support from a person who is a resident of another state or country, payment of income taxes to another state, and payment of property taxes. Registering a vehicle or securing a driver's license in that state or country may be considered.
- The person has lived in Georgia for the 12 consecutive months immediately preceding the start date for the term and their 12-month durational requirement has not included time attending any educational institution in Georgia.
- The person can demonstrate that they moved to Georgia for purposes other than attending any educational institution in the State of Georgia.
- The person can demonstrate economic self-sufficiency and has contributed to the state by paying meaningful taxes.
- The person is a U.S. citizen, Resident Alien or is in a visa status permitting indefinite or permanent residence in the United States.

Criterion 2

A person may be a Georgia resident for tuition purposes if that person meets **all** of the following conditions:

- The person is a U.S. citizen, Resident Alien or is in a visa status permitting indefinite permanent residence in the United States and
- The person can demonstrate that she or he previously held residency status in Georgia but moved from the state and returned within the last 12 months.

If a parent or legal guardian of a student is a Georgia resident and then changes his or her legal residence to another state, the student may retain his or her classification as a resident student as long as he or she remains continuously enrolled at an institution in the University System of Georgia.

Please note that these regulations are subject to change by the Board of Regents. The most current regulations can be found on the Board of Regents' website at www.usg.edu/regents/policymanual/400.phtml.

1220.10 Petitioning for Georgia Residency for Fee Payment Purposes

If a student or accepted applicant has been classified as a non-resident and wishes to contest the classification, he/she must petition for resident classification using the form found at www.gsu.edu/images/Downloadables/GSU_tuition_classification.pdf. After attending as a non-resident, if a student wishes to change his/her tuition classification, he/she must petition www.gsu.edu/es/residency.html using this same form.

Deadlines for Petitions

To ensure timely processing, petitions and all required documents must be submitted to the Residency Section of the Office of the Registrar (227 Sparks Hall) no later than the end of regular registration. Final determination of Georgia residence classification prior to the deadline date for fee payment cannot be guaranteed for petitions received after the priority date. Petitions filed after the final deadline will be considered for the subsequent semester.

Term	Priority	Final
Fall	June 1	The last day of regular registration
Spring	Oct 1	The last day of regular registration
Summer	Mar 1	The last day of regular registration

If a petition is approved, classification will not be retroactive to prior semesters. Students who have filed a petition must respond to all Email requests for information within 10 business days. These Emails will be sent to the student's official GSU Email address. The petitions of students who fail to respond within 10 business days will be denied for a lack of documentation. A student/applicant wishing to appeal the decision resulting from his or her Petition for Georgia Tuition Classification may request a review of that decision by the University Committee on Residency and must submit such request in writing to the Residency Section of the Office of the Registrar within 20 days of the decision.

1230 Financial Aid

Financial aid is any scholarship, grant, loan, or part-time employment offered for the purpose of helping a student meet their educational expenses. Aid is usually provided by federal, state, institutional or private agencies. In order to apply, a student must complete the Free Application for Federal Student Aid (FAFSA) or the Renewal Application. Students are encouraged to apply online at www.fafsa.ed.gov.

Recipients are selected on the basis of demonstrated financial need and/or academic achievement. Information concerning application for financial assistance is available from the Office of Student Financial Aid. Application packets for the next school year are available after January 1. Students are urged to apply early for optimum financial aid benefits at www.fafsa.ed.gov. April 1 is the priority date for submission of completed financial aid applications to the Office of Student Financial Aid. The Office of Student Financial Aid cannot guarantee that applications made after April 1 will be processed before the beginning of the fall semester.

In order for a Georgia State University student to continue to receive financial aid from federal or state financial assistance programs, the student must exhibit satisfactory academic progress. Copies of Georgia State University's policy for determining satisfactory academic progress are available in the Office of Student Financial Aid and also on the Financial Aid website at www.gsu.edu/es/financial_aid.html.

Some programs offering financial assistance to students are administered by offices or organizations other than the Office of Student Financial Aid. Contact information concerning a particular program or group of programs appears with each listing.

Audited, orientation, and certificate courses are not covered by financial aid. Students are not eligible to receive financial aid for a course attempted more than three times.

For more information on financial aid see www.gsu.edu/es/financial_aid.html.

1230.10 Scholarships

A scholarship is financial assistance which does not have to be repaid and is awarded to students based on academic excellence, civic achievements, course of study, or other specific criteria developed by the sponsor. For further details about scholarships available at Georgia State University, see the website for the student's college. Additionally, students may check the reference section in the Pullen Library for more sources of private scholarships.

Helping Outstanding Pupils Educationally (HOPE) Scholarships

Helping Outstanding Pupils Educationally (HOPE) is a Georgia scholarship program that rewards students' hard work with financial assistance in degree, diploma, and certificate programs at any eligible Georgia public or private college, university, or public technical college. HOPE awards cover tuition and some fee expenses. HOPE-BOOK is a stipend for books and supplies, calculated based on hours attempted, and may be applied to any outstanding fees for the term in which the stipend was awarded. For more information regarding the HOPE scholarship you may visit the Georgia Student Finance website at www.gacollege411.org.

1230.15 Grants

Eligibility for federal student aid grants are based on high financial need. Award amounts for these grants vary but do not have to be repaid. All recipients must be in a degree-seeking program working toward a first baccalaureate degree; be a US citizen or an eligible non-citizen; be making satisfactory academic progress; cannot be in default or owe a repayment on a previous financial aid award; and must register with Selective Service if required to do so.

Pell Grant

Available almost exclusively to undergraduates; in some cases, however, you might receive a Pell Grant if you're enrolled in a post baccalaureate teacher certificate program; all eligible students will receive the Federal Pell Grant amount they qualify for.

Federal Supplemental Educational Opportunity Grant (FSEOG)

For undergraduates with exceptional financial need; priority is given to Federal Pell Grant recipients; funds depend on availability at school.

Academic Competitiveness Grant (ACG)

This grant provides up to \$750 for the first year of undergraduate study and up to \$1,300 for the second year of undergraduate study. The program became available for the first time for the 2006-07 school year for first year students who graduated from high school after January 1, 2006 and for second year students who graduated from high school after January 1, 2005. The Academic Competitiveness Grant award is in addition to the student's Pell Grant award.

The National Science and Mathematics Access to Retain Talent Grant or National Smart Grant (SMART)

This grant provides up to \$4,000 for each of the third and fourth years of undergraduate study. The National SMART Grant award is in addition to the student's Pell Grant award.

Teach Grant

The TEACH Grant Program provides up to \$4000 per year (\$16,000 total for an undergraduate program; \$8000 total for graduate studies) in grants to full time students who plan to teach full time in high-need subject areas at schools serving students from low income families. Students attending less than full time will have the grant reduced (three-quarter time students may receive up to \$3000; and half-time students may receive up to \$2000).

1230.20 Student Loans

A loan is a form of financial assistance which must be repaid. While Georgia State University does not encourage borrowing, loans are frequently necessary to meet educational costs not covered by the student's income, the family's contribution, or grant and scholarship awards. When student loans are necessary, Georgia State University advises borrowing conservatively.

Undergraduate students with demonstrated financial need may borrow through the Federal Direct Subsidized Student Loan program. Independent undergraduate students may borrow additional funds through the Federal Direct Unsubsidized Student Loan program, and parents of dependent undergraduates may borrow through the Parent Loan for Undergraduate Students Loan program. The Office of Student Financial Aid will determine loan eligibility by year in school, prior indebtedness, and academic standing.

All recipients must be enrolled at least half-time in a degree seeking program, be a United States citizen or an eligible non-citizen; be making satisfactory academic progress; cannot be in default or owe a repayment on a previous financial aid award; and must register with the Selective Service if required to do so. Upon acceptance of a loan, a first-time borrower must complete entrance loan counseling at www.dl.ed.gov. The student must also complete a Master Promissory Note (MPN) at www.dlenote.ed.gov, the student is required to use the FAFSA pin to complete the MPN.

Federal Direct Loan borrowers who are leaving school, dropping below half-time enrollment, or graduating must complete exit counseling at www.dl.ed.gov. Exit counseling provides you with information about repayment and your rights and responsibilities.

Perkins Loan

Federal funds are provided to the university for the purpose of making low interest, long-term loans available to students who have a need for assistance. Applicants must be United States citizens or eligible non-citizens and enrolled at least half-time. These loans bear no interest until nine months after a student graduates or drops to less than half-time enrollment for a specified length of time. A portion of the loan may be canceled for service as a teacher of handicapped children or for teaching in schools that have a special designation from the Commissioner of Education. Under special conditions, service in the Armed Forces may cancel a portion of the loan. Students who serve as law enforcement officers or corrections officers after graduation may be able to have up to 100 percent of their loan canceled. Eligible students with complete applications for student financial aid will be considered.

Private Loans

Private loans, also known as alternative or commercial loans, help bridge the gap between the actual cost of education and the limited amount the government allows a student to borrow from its programs. Private loans are offered by many lending institutions. Terms and conditions can vary significantly from one institution to another.

1230.30 Work-Study and Employment

Working part time while attending school is another way students may help pay for college expenses such as tuition, books, transportation, and meals. It can also provide valuable experience for resumes.

Federal Work Study Program

The purpose of the Federal Work Study Program is to provide jobs for students who need financial aid. Applicants must demonstrate need. Eligible students will be placed in offices on campus. Eligible students with complete applications for student financial aid will be considered.

On-campus Employment

Students may apply for part-time or full-time employment on campus while pursuing their academic programs. Temporary and regular classified staff positions are posted on the bulletin board in the Employment Office of Human Resources. A listing of employment opportunities is also available at www.gsu.edu/jobs. For further information, contact the Office Employment, 340 One Park Place, 404/413-3270 or jobs@gsu.edu. Students may also use Panther Career Net (www.gsu.edu/career) to search on-campus student employee positions.

Off-campus Employment

University Career Services offers career services to students from freshman year through one year after graduation. Students may also use Panther Career Net (www.gsu.edu/career) to search off-campus student employee positions. For additional information, see section 1536.

1230.40 Other Sources of Financial Assistance

Veterans Benefits

The Office of the Registrar offers services to certify and assist students who are eligible for veterans' benefits. Any veteran who wishes to attend Georgia State University under any of the veterans' benefit programs provided by public law must apply to the Georgia State University Office of Admissions in the normal manner. It is advisable for a veteran who has not previously used any educational benefits to apply to the Department of Veterans Affairs for those benefits. For a veteran who will be transferring to Georgia State University from another institution where educational benefits were received, a veteran must submit a *Request for Change of Program or Place of Training* form with the Department of Veterans Affairs concurrently with his or her application to Georgia State. As soon as the Georgia State University Office of Undergraduate Admissions notifies the applicant of his or her acceptance, the applicant should contact the Office of the Registrar at www.gsu.edu/es/veterans_services.html.

Continuing students who wish to receive benefits must complete the Veterans Information Sheet through the Office of the Registrar each academic term. Students whose attendance was interrupted must renew their certifications at the beginning of the next academic term of attendance in which they wish to receive benefits. Those students who are certified on a term by term basis will routinely experience a break in benefit payments between academic terms and should contact the Veterans Administration Regional Office to ascertain the amount and schedule of their checks at www.gibill.va.gov.

Vocational Rehabilitation

Certain physically or mentally disabled individuals enrolled at Georgia State University may qualify to receive financial aid through the State Vocational Rehabilitation Program. Students who think they may qualify under this program should contact one of the area vocational rehabilitation centers.

1230.50 International Students, Students with Non-U.S. Academic Credentials, and Non-Native Speakers of English

International Students

Only United States citizens or eligible non-citizens may receive federal financial aid or State of Georgia financial aid. Permanent residents, asylees, and refugees are eligible non-citizens. Holders of A, B, E, F, G, H, I, J, K, L or M visas are not eligible non-citizens.

An individual who has applied for permanent resident status is not eligible until that status is approved. An individual may have resident status in the State of Georgia but not be considered a United States citizen or eligible non-citizen. An individual is not eligible on the basis of the status of family members, for example a parent or a spouse.

All students that are not confirmed as U.S. citizens or eligible non-citizens by United States Citizenship and Immigration Services (CIS) on their initial application for financial aid are required to submit appropriate documentation to the Office of Financial Aid. The Office of Financial Aid is required to submit this documentation to CIS for secondary confirmation. Until secondary confirmation is received, an individual cannot be approved to receive financial aid.

Students with Non-United States Academic Credentials

There are no special financial aid rules for students with non-United States academic credentials.

Non-Native Speakers of English

There are no special financial aid rules for students who are non-native speakers of English.

1300 University Academic Regulations

This chapter describes academic regulations that apply to all undergraduate students. See subsections within this chapter for specific policies and procedures.

1302 General Information

1302.10 University Academic Policies

All students at Georgia State University are responsible for learning and observing all regulations and procedures required by the University and by the college and program or status in which they are enrolled. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that he or she was not informed of a specific requirement by an advisor or other university authority. This chapter contains the academic regulations of the University. See the other parts of this catalog for information on the academic regulations of the various colleges and departments.

All students must become especially familiar with (1) this chapter, (2) the following chapter on university degree requirements and graduation, (3) their college's chapter of this catalog, (4) the offerings and requirements of their major, and (5) the contents of the online *Registration Guide* found at

www.gsu.edu/es/tso_institutional_options.html, which also contains notices of changes in academic regulations or procedures.

While the provisions of this catalog will ordinarily be applied as stated, Georgia State reserves the right to change any provision listed in this catalog, including, but not limited to, academic requirements for graduation, without actual notice to individual students. The University will make every effort to keep students advised of any such changes. Students must note especially their responsibility to keep apprised of current graduation requirements for their particular degree programs.

1302.20 Student Computer Access Requirement

Each student enrolled at Georgia State University must have access to a computer, and any course offered at the University may require computer-based work. Further, the student's computer must provide access to e-mail accounts, the World Wide Web using a current browser, and spreadsheet and word processing software. Departments and other units may establish minimum machine capability and software requirements, including the requirement that a student in a certain degree program must own a computer. It is the responsibility of each student to ensure his or her access to a computer. Computers are available in the open-access computer laboratories on campus that provide the basic level of computer capabilities, but these laboratories are heavily used and cannot guarantee a student access to a computer at a particular time.

1302.25 Georgia State University E-mail

Every student is assigned an official Georgia State University e-mail address at the time of acceptance. It is essential that students regularly check this e-mail account. Academic departments and student service units across campus use e-mail as a means of communicating with students about official university business, and students are held responsible for this information. Email from Georgia State will be sent to the student's official Georgia State e-mail address. It will not be sent to any other address (such as a Hotmail or Yahoo account). However, students may configure their Georgia State account to forward to another address.

1302.30 Academic Calendar

Georgia State University is on a semester system, and academic credit is awarded in semester hours. The fall and spring semesters are approximately 14 weeks each. Summer semester is composed of three-week classes in May as well as six-week and seven-week classes beginning in June. Enrollment in the three-week classes, six-week classes, or seven-week classes counts as having been enrolled in summer semester.

1310 Academic Advisement and Development

Academic advisement is an essential component of an education at Georgia State University, and the University is committed to providing the individual advice and assistance that students need at every step of their degree programs. All new freshmen (by admission category) are required to attend a new student academic orientation (i.e., Incept or the international student orientation). The Director of the Student Advisement Center is authorized to waive this requirement as long as those freshmen who do not attend orientation are required to take GSU 1010 or enroll in a Freshman Learning Community during their first semester in attendance. Transfer students are strongly encouraged to attend a Transfer Incept session. All transfer students as well as transient students, and post baccalaureate students are required to complete the appropriate student online preorientation at webdb.gsu.edu/preorientation/login.cfm prior to registering for classes.

1310.10 Incept: New Student Orientation

Office of New Student Programs and Parent Relations
Student Center, Suite 265
www.gsu.edu/incept

Incept: New Student Orientation is the official Georgia State University undergraduate student orientation program administered by the Office of New Student Programs and Parent Relations in the Division of Student Affairs.

At Incept, students will be introduced to numerous areas of Georgia State life, which will assist in a successful transition into the University community. From Enrollment Services to Student Life and Auxiliary Services to University Police, students will learn information from different departments and divisions from across the University. Students will hear from: financial aid, one-stop-shop, registrar, bookstore, undergraduate studies, intercultural relations, student clubs and organizations, student advisement, and more. Students will also meet university faculty and staff and receive a tour of Georgia State's unique urban campus in downtown Atlanta. Additional benefits of attending Incept are the connections made with fellow classmates as well as seasoned student leaders who will be assisting students throughout the Incept experience. At the end of the Incept day, students will receive academic advisement and register for classes.

Incept: New Student Orientation is mandatory for all new freshmen and strongly encouraged for all new transfer students. There are several formats for the Incept: New Student Orientation program. The Office of New Student Programs and Parent Relations designs different Incept conference days to meet the specific needs of new students. Incept offers one-day and two-day orientation programs for new freshmen students and one-day and ½-day orientation programs for new transfer students. There is also a special parent and guest orientation program that runs concurrently with all student orientation programs. The Office of New Student Programs and Parent Relations is located in Suite 265 of the Student Center. For more information, please call 404/413-1570 or visit www.gsu.edu/incept.

1310.20 Placement Testing

A math placement test is recommended for all students who do not have credit for an Area A math course and is required for students who wish to take Math 1111, College Algebra, or higher. See Section 1410.10 for information about math course requirements for different majors. This test is given during scheduled times in the University's Testing Center. See www.gsu.edu/testing and click on Tests, then Math Placement. Students may not register for a math course higher than indicated by their placement test score.

A diagnostic chemistry test is required in order to register for Chemistry 1211, which is the prerequisite for all chemistry and biology courses. The test is administered by the Chemistry Department on campus at selected times. Students with AP Chemistry scores of 2 or better, SAT subject scores of 600 or better, or those who have completed college level chemistry courses may exempt the test. See chemistry.gsu.edu/Student/1211/regtest.php for additional information.

Placement exams in French, German, and Spanish are also available to help students determine the course most appropriate for their abilities in French, German, or Spanish. Prerequisites in these courses are enforced. (See Section 9000, Course Descriptions, for the prerequisites of French, German, and Spanish courses.) Students may satisfy the prerequisites by taking the indicated course or by taking the French, German, or Spanish placement exam and earning a satisfactory score. Students may take the exam from any computer with internet access and a browser. Go to www.gsu.edu/languages and click on the tab for the WebCAPE placement exam. The user name is "gsu user" and the password is "panthers1". Each test takes approximately 20 minutes to complete, and students are given their scores and a recommendation for a class level. It is recommended that students print a copy of the email regarding their scores to keep for their records and academic advisement. Note: This exam is not part of Incept: New Student Orientation, so new students should take the exam prior to attending orientation or attempting to register for a French, German, or Spanish course. For further information, please contact the Department of Modern and Classical Languages at www.gsu.edu/languages or e-mail at mclinfo@gsu.edu.

1310.30 Student Advisement Center

255 Sparks Hall

www.gsu.edu/success/advisement.html

Carol Cohen, Director

Advisors: Jamie Hayes, Kelly Herrera, Elisha Jarrett, Jennifer Lee, Belinda Mack, Suneetha Manyam, Crystal Mitchell, Charmayne Richardson, Aileen Taylor, Annie Turman, Lisa Zanders

All undergraduate students are advised in the Student Advisement Center until they have completed 42 semester hours of credit. Upon completion of 42 credit hours, students are transferred to the Office of Academic Assistance in the college of their majors for future advisement.

Advisors in the Center can assist students in the following ways:

- Evaluate transfer work and apply it to Georgia State University degree programs
- Explain catalog regulations
- Provide academic counseling
- Explain academic standing policies
- Discuss goals
- Assist with degree and major choices for undecided students
- Help students who are experiencing academic difficulties
- Provide direction to campus resources for further assistance

Students may schedule advisement appointments by calling the Center at (404) 413-2300. Walk-in advisement for 10-minute consultations and brief questions is also provided daily.

1310.40 Undergraduate Studies

Office of Undergraduate Studies

224 Sparks Hall

www.gsu.edu/success/about.html

The Office of Undergraduate Studies provides leadership and administrative direction for programs designed to enhance the academic skills and engagement of Georgia State University undergraduate students. Programs coordinated by the Office of Undergraduate Studies include: Atlanta-Based Learning (ABL), Freshmen Learning Communities (FLC), Latino Services and Outreach, Supplemental Instruction (SI), Academic Coaching, the Early Alert Grade Notification Program, Virtual Interactive Peer mentoring, GSU 1010 New Student Orientation, scholarship outreach and college-wide offerings for the Perspectives courses.

Atlanta-Based Learning (ABL). Atlanta-Based Learning promotes academic and civic engagement and service learning within the greater Atlanta community. As an urban research institution in Atlanta, Georgia State University offers an opportunity for students to understand the context in which they are developing as learners. While engaged in "Campus Atlanta," students experience the advantages of attending an institution directly linked to its urban environs. Atlanta-Based Learning activities generate connections between the academic curriculum and the urban Atlanta environment.

Freshmen Learning Communities (FLC). The Freshmen Learning Community (FLC) program is strategically aligned with university initiatives to provide quality undergraduate programs and to increase student success and retention. Learning communities provide first-semester college students with a formative, integrative academic experience on which to build lifelong strengths and perspectives as well as immediate connections to the Georgia State campus and its resources. FLCs are designed around five linked freshmen-level courses tailored to a specific theme. Students who share the same interest enroll in a learning community for one semester, taking their FLC courses together. Students and faculty in each FLC form a small, friendly community within the large research university. During their second semester, FLC students may remain together for one course in addition to scheduling other courses of their choice.

GSU 1010 New Student Orientation Course. The Office of Undergraduate Studies coordinates and administers the teaching of GSU 1010, the Georgia State new student orientation course. GSU 1010 is taught in small classes of 25 to 30 students and assists new students in their academic and social transition to Georgia State University.

Latino Services and Outreach. The Latino Services and Outreach program provides a "one stop shop" for information regarding financial aid, scholarships, internships, academic advisement, and career counseling. The main goal of the program is to provide a comprehensive support system necessary for students to be successful in college. Outreach efforts with middle and high school students provide a solid foundation for undergraduate activities that focus on building community and connection among students. In addition, the program offers educational opportunities for parents and community members interested in promoting higher education goals within Atlanta's Latin American and Hispanic communities.

Perspectives Courses. Perspectives Courses are an important part of the core curriculum at Georgia State. These university level courses encourage an interdisciplinary and international perspective on contemporary issues. The Office of Undergraduate Studies coordinates the scheduling and administration of these classes. Perspectives Courses are designed to provide students with a better understanding of the comparative world through the study of different cultures and points of view as well as help students incorporate scientific approaches to issues such as the environment, public health, and technology.

Student Success Workshops. The Office of Undergraduate Studies sponsors a series of academic success workshops. These workshops are designed to enhance student academic skills and cover topics such as time management, note-taking, test-taking, increasing memory and concentration, and other related subjects. Each 50-minute workshop is oriented toward helping students develop the tools necessary to do well in their courses. The workshops are free and open to all students.

Supplemental Instruction (SI). Supplemental Instruction (SI) is a proven academic support program sponsored by the Office of Undergraduate Studies and specific departments across campus. It is based on the national model from the University of Missouri-Kansas City. It offers free, out-of-class, group study sessions for traditionally difficult courses. Sessions are led by students who have successfully completed the target course and have been selected to be SI leaders. These leaders attend class along with the students and are available to meet with students outside of class at specific times. SI support courses vary each semester, and attendance at SI sessions is voluntary.

Academic Coaching. Academic Coaching allows students to enhance their basic academic skills by working with "coaches" to develop individualized action plans for how they can reach their academic and scholastic goals. Through the Academic Coaching program students have an on campus resource to assist them in identifying and implementing strategies to overcome obstacles to their academic success.

Early Alert Grade Notification Program. The Early Alert program assists underclass students who have been identified by their professors as doing unsatisfactory work before the mid-point of the semester. The goal of the program is contact students who are having difficulties early in the semester to ensure that they are aware of the academic resources available to assist them with their courses. Students who are identified as doing unsatisfactory work in more than 2 classes are considered at risk for retention. These students will be assigned an academic coach to help them better identify their academic challenges.

Virtual Interactive Peer Mentoring. The Virtual Interactive Peer Group Mentoring program provides an integrated online academic curriculum as part of the 1st year experience for freshmen students at Georgia State University. The curriculum is

designed to help students develop academic skills and identify resources that are available to help them succeed. Through academically-based online interaction with an upperclassman, new students are supported and engaged through one-on-one connections. This program serves students who are not part of the Honors or FLC programs.

Scholarship Office. Georgia State University offers merit-based scholarships to both entering freshmen and current undergraduate students. The scholarships are awarded on a competitive basis according to academic ability, generally without regard to financial need. There are three major awards available to incoming freshmen: the Presidential and Goizueta, which are full scholarships, and the Berner, which is half-award, half-interest free loan. An incoming student should submit the application for Freshmen Scholarships to the Scholarship Office by December 1. Most awards made to incoming freshman are renewable for up to four years provided the student makes satisfactory progress consistent with the recommended course sequence for his or her degree. Other smaller University and college departmental scholarships are available to new and continuing students. Students should contact the Scholarship Coordinator in the Office of Undergraduate Studies for additional information.

1310.50 Learning Support Program

The Learning Support Program (LSP) is for undergraduate students admitted on an exceptions basis who need remedial assistance in the areas of math, reading, and/or writing in order to be ready to take cores in the Core Curriculum.

Entering LSP

Students are placed into the Learning Support (LS) program if they meet any of the following conditions:

- an SAT-Verbal score below 430 or an ACT-Verbal score below 17.
- an SAT-Mathematics below 400 or an ACT-Mathematics below 17.
- failure to meet the College Preparatory Curriculum requirements in English or mathematics.

However, students who have exited an area of Learning Support at any institution in the University System of Georgia are not required to re-enter that area upon transfer to Georgia State.

While in LSP

It is very important that LSP students meet each term with an academic advisor for advice regarding course selection. For this reason, an advisement hold is placed on each LSP student's record each term. The hold is lifted after the student has seen an advisor. Here are the LSP courses and their placement criteria:

- Academic Reading EdRd 0071 COMPASS reading < 74
- Academic Writing Engl 0081 COMPASS writing < 60
- Elementary Algebra Math 0098 COMPASS math < 19
- Intermediate Algebra Math 0099 COMPASS math < 37

LSP courses do not count towards degree requirements or a student's GPA at Georgia State University. They are, however, used to calculate a GPA for HOPE, Pell and other financial aid awards, and the courses and grades earned appear on a university transcript. LSP courses are graded using the same system as other Georgia State courses.

Students must register for required LSP courses before registering for other courses. Until LS requirements have been satisfied, students may not take credit courses which require the content or the skills of the LS courses.

Students who have not completed their LS requirements in reading may not take courses in Area A1, Area C1, or Area E.

Students who have not completed their LS requirements in writing may not take courses in Area A1 or Area C1.

Students who have not completed their LS requirements in mathematics may not take courses in Area A2 or Area D.

Students who have accumulated 20 semester hours of college-level credit at Georgia State and have not successfully completed required Learning Support courses may enroll only in Learning Support courses until all LS requirements are successfully completed.

Students with LS requirements who are enrolled in both LSP courses and other courses may not drop or withdraw from the required LSP courses unless they also drop or withdraw from all other courses. Any student experiencing difficulty and/or considering dropping or withdrawing from an LSP course must first meet with an advisor. The advisor will inform the student of the program's drop and withdrawal policies, including the right to apply for hardship withdrawal if an emergency situation exists.

Students are allowed a maximum of three attempts per academic area (reading, writing, and mathematics) to pass all required courses and pass the exit exam. Any grade other than a W counts as an attempt. If a student does not complete an academic area within 12 semester hours or 3 semesters, whichever occurs first, the student will be suspended from the university for three years. This rule applies cumulatively across institutions in the University System of Georgia. For example, a student who took 4 hours and one semester of LSP courses in an area and then transferred to Georgia State would only have 8 hours and 2 semesters to complete the LSP requirements.

A student who has not exited one Learning Support area within the twelve-semester hour or three semester limit but has exited or exempted the other areas, may appeal for two additional courses. For each additional attempt, the student must:

- be individually evaluated and determined to have a reasonable chance of success.
- be in an exit level course.
- have reached the limit in only one Learning Support area.

Students whose appeals are granted may take only LSP courses.

Exiting LSP

Students exit an LSP area by earning a grade of "C" or better in the exit level Learning Support course in the area and earning a passing score on the COMPASS test for the area. The passing COMPASS scores are:

- Reading, 74
- Writing, 60
- Math, 37 (on the COMPASS Algebra test)

Students who fail the exit test but have earned a grade of "C" or better in the relevant course, may retake the test one time.

Students who have passed an LSP course but not passed the COMPASS must re-enroll in the relevant LSP course. Students who have passed the COMPASS but not earned a grade of "C" in the relevant course must re-enroll in the relevant course.

Requests for waivers to any of the above regulations should be submitted to the Director of the Student Advisement Center.

1310.55 College Preparatory Curriculum Requirements

The Board of Regents of the University System of Georgia requires all students to have completed sufficient English, math, science, social science and language courses in high school as preparation for college-level coursework. Students admitted to Georgia State with a deficiency in one or more of these areas must make up the deficiency by taking Georgia State core classes (science, social science, or language) or passing the COMPASS proficiency test (English or math). The Student Advisement Center will advise students about which courses they can choose from to complete a CPC requirement. Credits earned in courses taken to meet CPC requirements do not count toward graduation requirements. A grade of C or higher is required, and grades earned in these courses are counted in the student's GPA. Students must complete all CPC-required courses before they earn 30 hours and in their first three semesters of enrollment. Otherwise they may not register for any courses except CPC courses until all requirements are complete.

Some transfer students are admitted with CPC requirements that were satisfied at a previous college or university. In this case, transfer courses used to satisfy CPC requirements may not be used toward graduation requirements at Georgia State.

1310.70 University Career Services

260 University Center

www.gsu.edu/career

Cooperative education programs provide for periods of paid work experience related to the student's area of study and/or career interest. These work experiences enhance the student's academic studies and provide a first hand look at the real world of work. The program is optional but available to all qualified students.

Students who are completing cooperative education experiences on a full-time basis will be designated as full-time students. University Career Services will provide the names of these students to the Office of the Registrar.

Students who have completed cooperative education experiences on a full-time basis as part of their academic programs will have a transcript notation stating which semesters were spent in cooperative education employment. For students seeking a cooperative education experience, it is suggested to start planning at least a semester in advance, as there are financial aid, academic credit, travel, and living considerations that must be addressed. For additional information, call 404/413-1840 or email sdennis10@gsu.edu.

1310.80 International Student and Scholar Services

252 Sparks Hall

www.gsu.edu/iss

International Student & Scholar Services (ISSS) provides support for Georgia State University's non-immigrant international student, faculty, and researcher population, their dependents, and any foreign-born citizens and permanent residents of the United States who may need services. Services include orientations, immigration advisement, international student and scholar insurance support, student advocacy, and other personal assistance in adjusting to and joining the university community. The office staff serves as a liaison with all academic departments, the diplomatic corps, and a variety of international agencies and publishes a newsletter focusing on issues of interest to international students. International Services also offers assistance to academic departments wishing to invite foreign scholars or hire foreign faculty. Information concerning programs and services is available in 252 Sparks Hall, by calling 404/413-2070 or online at www.gsu.edu/iss.

Students on nonimmigrant visas who are in temporary financial difficulties should contact ISSS for information about possible assistance including: application process for out-of-state tuition waivers, small emergency loans for non-tuition expenses (through the Eva Whetstone International Student Emergency Loan program), and possible hold on classes if tuition is delayed for legitimate international reasons.

International Student Orientation - Prior to the beginning of each semester, an orientation program is offered to provide assistance to new students on nonimmigrant status. Students receive information and advice concerning federal immigration, the academic system in the United States, academic advisement and registration, the Atlanta community, and the mandatory health and accident insurance.

International Student Associations - Georgia State University has approximately twenty international student organizations that focus on celebrating the many countries and cultures represented on campus. They provide assistance for new and continuing international students, present cultural activities and events, and seek ways to share their culture with the campus. Information about the various associations and their umbrella group, the International Student Association Council, is available in the International Services office, and online at www.gsu.edu/issc.

International Student Health Insurance - Health insurance is mandatory for all international students and scholars in F and J status enrolled at Georgia State, and is optional for other nonimmigrant status students. A special international student health and accident insurance policy is made available each academic year, and payment of the insurance premiums is collected along with tuition during the process of registration. Individuals who may already be covered by a policy are required to request a waiver with the insurance company the semester before enrollment. More information is available online at www.studentinsurance.com or through Student Accounts.

1320 Course Credit

This section describes the various ways students may earn credit for Georgia State University courses without actually taking those courses at Georgia State.

1320.10 Transfer Credit Policy

When an applicant is accepted for undergraduate transfer admission, courses completed with grades of C or higher that parallel the curriculum of Georgia State University will be accepted for transfer credit. As discussed below, some credit may be awarded for courses completed with a grade of D. Developmental, vocational, and occupational courses will not be accepted for transfer credit. Credit must have been earned at institutions of higher education with full accreditation by a regional association of colleges and schools and, where appropriate, the Commission on Colleges. The determination of how transfer credit may be used to satisfy the specific course requirements for a degree is made by the Student Advisement Center or the college that administers the degree program requirements. The college may also choose to test the student's proficiency in transferred coursework.

- A maximum of 12 semester hours where grades of D have been earned may be applied toward degree requirements. These 12 semester hours include both resident credit (earned at Georgia State) and transfer credit. Transfer credit will not be given for English composition courses where grades of C- or less have been earned. Additional restrictions in credit accepted for courses where grades of D have been earned are included in certain degree programs. Be sure to check the description of your planned program in this catalog.
- No credit will be awarded for a grade earned at a foreign institution that is equivalent to a grade of D in the United States.
- A maximum of 60 semester hours from a two-year college or 81 semester hours from a four-year college may be applied in the program for which the applicant enrolls. Courses completed at a two-year college will be granted lower-division credit. The total number of hours that may be earned toward a degree by extension or correspondence courses may not exceed 30 semester hours.
- Because the university has a minimum academic residence requirement, the amount of transfer credit applicable to a degree program may be further limited (see Section 1440).
- Georgia State does not grant credit for College-Level General Educational Developmental Tests, USAFI courses, or courses completed at any United States armed forces service schools, with the exception of the military academies. For information on DANTES examinations, see Section 1320.40.

For those students seeking a baccalaureate degree, transfer credit for degrees previously awarded by other institutions will be granted as follows:

- Students will be granted credit for all of Areas A-E of the core and the Regents' Test if they hold one of the following:
 1. A baccalaureate degree from a regionally accredited institution of higher education in the United States
 2. the equivalent of a baccalaureate degree from a regionally accredited institution of higher education in the United States (as certified by Georgia State or a Georgia State-approved agency such as Joseph Silny and Associates, Inc.)
 3. An associate's degree designed to transfer to a baccalaureate program from a USG institution
- However, there are two exceptions to this policy.
 1. Students seeking a baccalaureate degree in biology, chemistry, computer science, geology, mathematics, physics, science education, or math education who do not hold a baccalaureate degree in one of these fields will only be granted credit for all of Areas B, C, and E. They will be granted credit in Areas A and D on a course-by-course basis.

2. Students seeking a baccalaureate degree in nursing, nutrition or respiratory therapy will only be granted credit for all of Areas A, B, C, and E. They will be granted credit in Area D on a course-by-course basis.
- Students who hold any other associate's degree, such as an associate's degree from a non-USG institution or an associate's degree not designed to transfer to a baccalaureate program, will be granted transfer credit on a course-by-course basis.

1320.20 Credit Transfer for Transient Students

The following regulations pertain to academic credit earned by a Georgia State University degree-seeking undergraduate as a transient student at another accredited institution that the student wishes to receive transfer credit toward a degree at Georgia State. Terms other than transient (such as visiting student, unclassified student, or special student) may be used at other institutions to describe this status. Whatever the term used to describe the student's status, these regulations are applicable to Georgia State students who enroll temporarily at the other institution, with the intention of returning to Georgia State, rather than to students who officially transfer to another institution. These regulations are in addition to those described in this chapter regarding correspondence and extension work.

These regulations do not apply to credit earned through cross registration, which is considered resident credit.

In general, the philosophy that underlies these regulations is the desire to allow students the opportunity to take courses not available at Georgia State that would enhance their degree programs. In addition, for students who have moved from the metropolitan Atlanta area, these provisions allow for possible progress toward the degree during the time away from Atlanta if the move is temporary or for possible completion of the degree if the move is permanent. These regulations are not primarily for the short-term convenience of the students. The following procedures apply:

A degree-seeking undergraduate student who wishes to take academic courses elsewhere as a transient student and apply those credits toward the Georgia State degree must obtain written approval in advance from the Student Advisement Center or the Office of Academic Assistance of his or her college. Failure to obtain written approval in advance may preclude acceptance of the transfer credit and/or will result in the student being required to meet the degree requirements of the catalog in effect at the time he or she reenrolls at Georgia State. The student's advisement office should be consulted to determine the proper procedure for requesting to take courses as a transient student and to learn of any additional regulations applicable to the individual college.

- GPA enrollment requirements for a transient student:
 1. A student must have a minimum Georgia State cumulative GPA of 2.00 and the GPA required to enroll in the Georgia State course which is most similar to the course the student wishes to take as a transient.
 2. A currently enrolled student who does not have the required Georgia State cumulative GPA cannot be approved until the current semester's grades are available and the current academic standing can be determined.
 3. Approval will not be granted more than three months in advance of the semester the student wishes to enroll elsewhere.
- The content of each course to be taken elsewhere must correspond to that of a course allowed or a Georgia State course required in the student's degree program. Course outlines (syllabi) and catalog information may be required so content can be evaluated before approval is granted.
- A course cannot be taken at an institution in the metropolitan Atlanta area as a transient student if either of the following conditions apply:
 1. The course has previously been attempted at Georgia State (including attempts which resulted in a withdrawal);
 2. The course or an appropriate substitute is routinely available at Georgia State (that is, offered each semester or on a specified regular basis, such as every fall); determination of whether the course is routinely available is made by the advisement office in consultation with the chair or director of the academic unit that offers the course.
- A student may not take courses for degree credit at another institution during the semester he or she expects to graduate from Georgia State.
- In general, a minimum grade of C is required in any course taken elsewhere. A grade lower than C can be accepted only if both of these conditions exist: the student has not yet earned the maximum number of grades of D permitted in his or her program AND the student's degree program allows a grade of D in the particular course taken elsewhere.
- Approval to take courses as a transient cannot be given if such approval will cause the student to violate any aspect of the university's residence requirement (see Section 1440).
- It is the student's responsibility to comply with application procedures and any other requirements that the other institution may have regarding establishing status as a transient student there.
- After completing the course, it is the student's responsibility to promptly request that an official transcript be sent from the other institution to: Georgia State University, Office of Undergraduate Admissions, P.O. Box 4009, Atlanta, GA 30302-4009.

1320.30 Credit for Correspondence or Extension Programs

Students may apply no more than 30 semester hours of work earned through correspondence or extension programs of other institutions toward the requirements for an undergraduate degree. Students are cautioned to consult with their academic advisor for additional college regulations on correspondence or extension work. Students must obtain the permission of the dean of their college, or the designated college representative, prior to taking correspondence courses to be applied toward the completion of the degree program.

1320.40 Credit by Examination

Georgia State University recognizes that learning can take place in various modes and places other than the traditional college classroom. Knowledge gained through experiential learning and other means is evaluated for possible college credit through examination. The Advanced Placement Program (AP), the College Level Examination Program (CLEP), and the International Baccalaureate Program (IB) are the most commonly used tests for this purpose. These are standardized examinations administered nationally each year. For information on CLEP, contact the University Testing Office, www.gsu.edu/testing. For information on AP and IB, contact your high school guidance counselor.

Other standardized exams or special departmental examinations may be approved for credit. For further information, contact the appropriate college.

For information on approved examinations, course equivalents, and credit award policies and requirements, please review the sections below.

Georgia State awards credit for some DANTES (Defense Activity for Non-Traditional Education Support) Program subject examinations. Please contact the Office of Undergraduate Admissions, www.gsu.edu/admissions, for information.

1320.50 College Board Advanced Placement (AP) Examination

Official test scores should be mailed directly from the College Board to the Georgia State University Office of Undergraduate Admissions for review. Questions regarding credit awards should be directed to the Office of Undergraduate Admissions at www.gsu.edu/admissions. High school counselors can provide information concerning the time and place for testing. Credit will be awarded for approved AP examinations as follows:

1320.60 College-Level Examination Program (CLEP)

Georgia State University awards credit for some College-Level Examination Program (CLEP) subject exams. Tests should not be scheduled during the last semester before graduation because the limited time remaining may not be sufficient to allow for course validation and the awarding of credit. For credit to be granted, the examination score must be at least 50 or higher regardless of the ACE recommendation. Credit will be as follows:

Exam = Georgia State Course Credit

- American Government = PolS 1101
- American Literature (w/essay) = Engl 2130
- Analyzing and Interpreting Literature (w/essay) = Engl 2140
- Biology = Biol 1103K
- Calculus = Math 2211
- Chemistry = Chem 1099 (elective credit only)
- College Algebra = Math 1111
- College Composition with Essay = Engl 1101
- College Mathematics = Math 1101
- English Literature = Engl 2120
- Financial Accounting = Acct 2101
- French-levels 1 & 2 = Fren 2001, 2002 (see below for additional information)
- German-levels 1 & 2 = Grmn 2001, 2002 (see below for additional information)
- History of the United States I and History of the United States II 1865-present = Hist 2110
- Information Systems and Computer Applications = CIS 2010
- Introductory Psychology = Psys 1101
- Introductory Sociology = Soci 1101
- Precalculus = Math 1113
- Principles of Macroeconomics = Econ 2105
- Principles of Microeconomics = Econ 2106
- Spanish-levels 1 & 2 = Span 2001, 2002 (see below for additional information)
- Western Civilization I: Ancient Near East to 1648 = Hist 1099 (elective credit only)
- Western Civilization II: 1648 to the Present = Hist 1099 (elective credit only)

Additional CLEP Information:

- The essay portion of all English exams is required in addition to the objective. Essay exams are reviewed by three readers, and the student must receive a grade of "Pass" from at least two readers.
- Foreign language credit awards are as follows:
 1. Spanish scores of 50-53 earn 3 semester hours of credit for SPAN 2001; Spanish scores of 54 and higher earn a total of 6 semester hours of credit for SPAN 2001 and 2002.
 2. German scores of 50-62 earn 3 semester hours of credit for GRMN 2001; German scores of 63 and higher earn a total of 6 semester hours of credit for GRMN 2001 and 2002.
 3. French scores of 50-51 earn 3 semester hours of credit for FREN 2001; French scores of 52 and higher earn a total of 6 semester hours of credit for FREN 2001 and 2002.
- If a student scores 50 or higher for American History I AND American History II, three semester hours will be granted for HIST 2110.
- Exams may be scheduled by contacting Georgia State University's Testing Center www.gsu.edu/testing.

1320.70 International Baccalaureate (IB) Examinations

The amount of credit that may be granted for IB courses is limited to 24. Credit for standard level exams will only be granted to students who hold the IB diploma. Students who have only IB certificates will not be granted credit for standard level exams.

Within these limits, departments have the authority to determine how much course credit will be awarded for International Baccalaureate examinations.

The following is the list of credit for IB exams:

SL = Standard Level

HL = Higher Level

Anthropology:

- SL 5 = ANTH 1102
- SL 6-7 = ANTH 1102, 2020
- HL 4 = ANTH 1102
- HL 5 = ANTH 1102, 2020
- HL 6-7 = ANTH 1102, 2020, and a 3000-level course to be determined by the Department

Art:

- SL 5 = ART 1010
- SL 6-7 = ART 1010, 1020
- HL 4 = ART 1010
- HL 5 = ART 1010, 1020
- HL 6-7 = ART 1010, 1020, and a 3000-level course to be determined by the Department

Arabic:

- SL 5 = ARBC 2001
- SL 6-7 = ARBC 2001, 2002
- HL 4 = ARBC 2001
- HL 5 = ARBC 2001, 2002
- HL 6-7 = ARBC 2001, 2002, and a 3000-level course to be determined by the Department

Biology:

- SL 5 = BIOL 1103K
- SL 6-7 = BIOL 1103K, 1104K
- HL 4 = BIOL 1103K
- HL 5 = BIOL 1103K, 1104K
- HL 6-7 = BIOL 1103K, 1104K, and a 3000-level course to be determined by the Department

Chemistry:

- SL 5 = CHEM 1211K
- SL 6-7 = CHEM 1211K, 1212K
- HL 4 = CHEM 1211K
- HL 5 = CHEM 1211K, 1212K
- HL 6-7 = CHEM 1211K, 1212K, and a 3000-level course to be determined by the Department

Chinese:

- SL 5 = CHIN 2001
- SL 6-7 = CHIN 2001, 2002
- HL 4 = CHIN 2001
- HL 5 = CHIN 2001, CHIN 2002
- HL 6-7 = CHIN 2001, 2002, and a 3000-level course to be determined by the Department

Computer Science:

- SL 5 = CSC 1310
- SL 6-7 = CSC1310, 2010
- HL 4 = CSC 1310
- HL 5 = CSC 1310, 2010

- HL 6-7 = CSC 1310, 2101, and a 3000-level course to be determined by the Department

Economics:

- SL 5 = ECON 2100
- SL 6-7 = ECON 2105, Econ 2106
- HL 4 = ECON 2100
- HL 5 = ECON 2105, 2106
- HL 6-7 =ECON2105, 2106, and a 3000-level course to be determined by the Department

English:

- SL 5 = ENGL1101
- SL 6-7 = ENGL 1101, 1102
- HL 4 = ENGL 1101
- HL 5 = ENGL 1101, 1102
- HL 6-7 = ENGL 1101, 1102, and a 3000-level course to be determined by the Department

French:

- SL 5 = FREN 2001
- SL 6-7 = FREN 2001, 2002
- HL 4 = FREN2001
- HL 5 = FREN 2001, 2002
- HL 6-7 = FREN 2001, 2002, and a 3000-level course to be determined by the Department

Geography:

- SL 5 = GEOG 1101
- SL 6-7 = GEOG1101, 1113
- HL 4 = GEOG 1101
- HL 5 = GEOG 1101, 1113
- HL 6-7 = GEOG 1101, 1113 and a 3000-level course to be determined by the Department

German:

- SL 5 = GRMN 2001
- SL 6-7 = GRMN 2001, 2002
- HL 4 = GRMN 2001
- HL 5 = GRMN 2001, GRMN 2002
- HL 6-7 =GRMN 2001, 2002, and a 3000-level course to be determined by the Department

U.S. History:

- SL 5 = HIST 2110
- SL 6-7 = HIST 2110, 3200
- HL 4 = HIST 2110
- HL 5 = HIST 2110, 3200
- HL 6-7 = HIST 2110, 3200 and a 3000-level course to be determined by the Department

European History:

- SL 5 = HIST 1111

- HL 6-7 = SPAN 2001, 2002, and a 3000-level course to be determined by the Department

Credit for other languages will be granted following the pattern set in the languages above.

1330 Registering for Classes

1330.05 Office of the Registrar

2nd Floor Sparks Hall, Enrollment Services Center

www.gsu.edu/onestopshop

1330.10 Registration Procedures

Students may not attend a course unless they have registered for that course. Detailed information concerning the registration process and registration time-ticket assignments can be found by accessing PAWS (Panther Access to Web Services) at paws.gsu.edu. Each semester students should go online for specific instructions for registering as well as a list of courses offered for the semester. Students are urged to become knowledgeable about registration instructions and to follow them exactly.

Registering students are expected to have prepared a registration work sheet before accessing the University's registration system. Unless approved by the department chair, a student may only register for one section of a given course in a given session. Any deviation from the prescribed procedure may result in unnecessary delays in registration or errors in the resulting schedule. The Office of the Registrar cannot be held responsible for errors resulting from the student's failure to follow the prescribed registration and schedule revision procedures. Any problems experienced with registration should be reported to the Enrollment Services Center, in person, at 227 Sparks Hall or by e-mail to onestopshop@gsu.edu within 24 hours of the occurrence.

1330.12 Registration Notifications

All students must notify the Office of Undergraduate Admissions prior to registering if the student has attended another school since last attending Georgia State. The student must have an official transcript of credits sent from the school he or she attended. The student must be eligible to reenroll at the last school attended before he or she returns to Georgia State. Failure to submit this transcript by the midpoint of the first term after returning to Georgia State could result in the placing of a registration hold on the student's record.

1330.15 Registration Time-Ticket Assignments

Students who are eligible to register will be given a registration time-ticket assignment. Approximately one week before registration begins, students can find their registration time-ticket assignments by accessing PAWS at paws.gsu.edu.

Students will also receive an email referring them to PAWS where they can view their registration time-ticket assignments.

A student's time-ticket assignment is valid beginning at the student's assigned time and continues through the last day of registration. Time-tickets are assigned with priority to students scheduled to graduate for the upcoming registration term and then to continuing students according to the total credit hours earned. Once a student is allowed access, the student can adjust his or her schedule on a first-come, first-served basis during the remaining registration period. Many classes fill up quickly. It is to the student's advantage to attempt to register as soon as he or she is allowed access to the registration system.

1330.18 Late Registration

Registrations are considered late once the semester has begun. During late registration, access is on a first-come, first-served basis. If a student's first attempt to register is during late registration, a \$50 non-refundable late fee will be charged. This \$50 fee will also be charged if a student is dropped for nonpayment of fees and attempts to re-register during late registration.

If a student appeals to add a class after late registration has ended, after the 1st Friday of the term, and if the appeal is approved, the student will be charged a \$37.50 manual schedule adjustment fee. This fee is charged for each appeal approved. Appeals should be directed to the department that teaches the course the student wishes to add.

1330.20 Immunizations

Immunization Office

141 Piedmont Avenue, Suite D

www.gsu.edu/health/immunizations_and_travel.html

All new students attending regularly scheduled classes on campus or receiving resident credit are required to submit a certificate of immunization prior to registering for and attending such classes.

The immunizations required are Measles, Mumps & Rubella (MMR), Tetanus/Diphtheria (Td), Varicella (chicken pox), and Hepatitis B. In addition, the Meningitis Law requires students residing in university housing to have the Meningococcal vaccine. For more information, see the GSU Clinic website updates at www.gsu.edu/health.

Every student attending classes on campus must complete the immunization requirements of the University System of Georgia. The requirement varies according to the age of the student as follows:

- Students 18 years or younger at the beginning of the term must show proof of immunity to Hepatitis B, MMR, Tetanus/diphtheria, and Varicella (chickenpox).
- Students 19 years and older at the beginning of the term are strongly recommended to be immunized for Hepatitis B, but they are not required to show proof of immunity to Hepatitis B. They are required to show proof of immunity to MMR, Tetanus/diphtheria and Varicella.
- Students born *outside* the United States on or before 12/31/1956 must show proof of immunity to Tetanus/Diphtheria and Varicella only.
- Students born *in* the United States on or before 12/31/1956 are required to show proof of Tetanus/diphtheria only.
- Students born *in* the United States on or before 12/31/1980 are exempt from showing proof of the Varicella vaccine. They are required to submit proof of immunity for MMR, Tetanus/diphtheria.
- Students born 12/31/1980 or later must submit proof of MMR, Varicella and Tetanus/Diphtheria
- Students born *outside* the United States 01/01/1957 or later must provide proof of MMR, Tetanus/diphtheria, and Varicella.

The Immunization Office must receive these records two weeks before the last day of late registration. It will take two to three business days to enter the data into the system. Immunization holds will be placed on student accounts to prevent registration and drop/add until the requirement is satisfied.

Students seeking exemption for religious reasons must submit a completed Georgia State University *Certificate of Immunization* form to the Immunization Office indicating their religious exemption request. Students with medical reasons for exemption must submit a doctor's letter indicating if this is a permanent or temporary exemption, and, if temporary, the date of expiration. When the temporary exemption expires, the student must complete all immunization requirements. In the event of an epidemic or a threatened epidemic of any disease preventable by immunization, and when an emergency has been declared by appropriate health authorities, additional steps will be undertaken to protect the health of the University community. In the event of a declared public health emergency, persons who do not have proof of immunization on file will not be allowed to participate in classes or other activities on campus.

Additional information and copies of the immunization certification form may be obtained by contacting the Immunization Office located in 141 Piedmont Avenue, Ste. D, or by telephone at 404/413-1940, or online at www.gsu.edu/health/immunizations_and_travel.html

Meningitis: Georgia law requires that students residing in campus housing be provided information on meningococcal disease and vaccination. After reviewing information about the risks for the disease and the benefits of prevention by the meningitis vaccine, students 18 years and older are required to sign a form kept on file in the Housing Office. Students less than 18 years of age must show their parent or guardian's signature on the form. This "Meningococcal Disease Notification" form documents that the information was reviewed and the option of the vaccine was provided, and/or date the vaccination was elicited. Compliance with the state law is a requirement for residing in campus housing and is part of the housing contract. Forms and further information are available from the Housing Office at 404/413-1800 or by email at housing @ gsu.edu.

1330.25 Audit Status

Enrolled students who wish to audit a course must get approval from the course instructor. Registration for an audit is done in the Enrollment Services Center, 227 Sparks Hall. Students should not pre-register courses they wish to audit. Any fees for auditing a class are assessed just as they are for courses taken for credit. Any requirements for prerequisites must be satisfied before registering to audit a course. No academic credit is earned in this status. Audit status is not covered by financial aid, and audit hours do not apply toward full-time enrollment. Students may not transfer from audit to credit status or vice-versa after the last day to register for course credit.

1330.30 Course Load

Full-time Course Load: To be certified as full-time students, students must carry a minimum of 12 semester hours. However, a course load of 30 semester hours per year is required in order to complete an undergraduate degree program in four years.

A student who is enrolled in less than a full-time course of study at Georgia State may be in jeopardy of the following:

- Losing insurance coverage under his or her parent/guardian's insurance policy;
- Being placed on a loan repayment schedule by a lender or guarantor if the student is the recipient of federal financial aid; and/or
- Losing a scholarship if the guidelines for receiving the scholarship require full-time enrollment.

Half-time Course Load: Half-time enrollment is 6 to 11 semester hours for students.

Increased Course Load: A student may schedule as many as 18 semester hours without special permission. Requests for exceptions to the maximum course load of 18 semester hours will be considered by the Student Advisement Center or the Office of Academic Assistance of a student's college if the student has completed a course load of 15 semester hours in some previous semester at Georgia State University with a grade point average of at least 3.00 for the semester and if either of the following conditions is met:

- The student attained the President's List designation during his or her most recent enrollment at Georgia State and, if a reentering student, has achieved a grade of A for all credit hours earned elsewhere since the most recent enrollment at Georgia State; or
- The student has earned 60 semester hours of credit and has a cumulative grade point average of at least 3.00 for the preceding two semesters of residence.

International Students: International students in the student visa status of F and J are required to carry a full-time course load as defined by the Department of Homeland Security (currently 12 credit hours per semester for undergraduate students). An international student who is enrolled on a student visa may be in jeopardy of being out of compliance with the Department of Homeland Security if enrolled in less than a full-time course of study. Additionally, those F and J international students enrolling for the first time in summer school must carry six credit hours to be considered full-time for immigration purposes.

1330.33 Registration Restrictions for 3000/4000-level Courses

Registration in 3000 and 4000-level courses in the following departments or areas require a specific Georgia State University cumulative GPA (See Section 1350.20 for details on how the cumulative GPA is calculated).

All departments in the Robinson College of Business 2.50 required

Criminal Justice	2.00 required
Film and Video	2.50 required
Journalism	2.50 required (excluding Jour 3500)

In addition, registration in all 3000 and 4000-level courses in the Robinson College of Business require a total of 45 semester hours earned.

Some departments also have minimum GPA requirements to obtain admission to a particular major or degree. These requirements are specified in the college chapters of this catalog when applicable.

1330.35 Taking a Course More Than Once

Colleges may limit the number of times a student can take a course for a grade. Colleges may place this limit on some courses but not others, and different courses may have different limits. All limits are stated in the catalog. For purposes of this policy, a student takes a course for a grade when they receive a grade notation included in the grade point average calculation. For example, a student who earns an A or a WF has taken the course for a grade, but a student who earns an S or W has not. A student who wishes to take a course more times than authorized by the college must enroll as an auditor.

1330.40 Cross Registration

Georgia State University students may enroll in courses offered by member institutions of the Atlanta Regional Consortium for Higher Education (ARCHE) under a cross registration agreement. Students who wish to cross register must meet all eligibility requirements under the ARCHE agreement and the University. Courses taken through cross registration count as residence credit and grades are included in the Georgia State grade point average. Students may learn more about cross registration or obtain an ARCHE Cross Registration Application at www.gsu.edu/es/crossregistration.html.

Cross Registration Application Deadlines

- Fall Semester: July 26
- Spring Semester: December 1
- Summer Semester: May 1

Eligibility Criteria

- Students must be in good standing and have a minimum Georgia State cumulative GPA of 2.0 and the GPA required to enroll in the Georgia State course which is most similar to the course the student wishes to take as a cross registrant.
- An approval signature of a representative of the Student Advisement Center or the Office of Academic Assistance in the student's college of study is required.
- First-semester freshmen (unless cross registering in courses for purposes of ROTC training or marching band) may not cross register.
- Students must be concurrently enrolled in at least one (1) Georgia State course.
- Only courses that are not offered concurrently during the semester are permitted.
- Students must meet prerequisites (if any) for requested course(s) as defined by Georgia State University and the host institution.
- Students must meet the host institution's immunization and health requirements.

Procedures

Students who wish to cross register must complete and submit an ARCHE Cross Registration Application to the Enrollment Services Center, room 227, Sparks Hall. Cross Registration Applications are available online at www.gsu.edu/es/crossregistration.html.

Students are not allowed to pre-register for cross registration courses. Once all approvals have been obtained, the host institution's Cross Registration Coordinator will register students for the approved course(s) on a space-available basis after the host institution's regularly enrolled or continuing students have had first priority for registration. The host institution's Cross Registration Coordinator will inform the student of approval and registration status.

Students are limited to two cross-registered courses per semester, and the combined course load at Georgia State University and the host institution may not exceed 18 credit hours. Undergraduate students may not exceed 18 semester hours during their undergraduate cross registration experience.

Georgia State University's students will pay Georgia State's tuition and fee rates via [PAWS](#). However, special fees (lab, parking, equipment lease, etc.) and security deposits must be paid to the host institution.

Students must abide by all host institutions' policies and schedules regarding grades, exam dates, absences, drop/add/withdrawal, and etc. To withdraw from a course, both Georgia State University and host institution's withdrawal procedures must be

followed. Changes in registration must be approved by Georgia State University and the host institution's Cross Registration Coordinators.

Upon completion of the course, the host institution Cross Registration Coordinator will send a final transcript to Georgia State University. Students who receive a grade of Incomplete at a host institution should recognize that the time limit for making up the Incomplete must not exceed Georgia State University's deadline for a removal of an Incomplete (see section 1350.30 Changes in Grade). It is the student's responsibility to request an official transcript from the host institution once the Incomplete has been satisfied and a final grade has been assigned.

Students must complete a new ARCHE Cross Registration Application for any subsequent term.

Cross registration is available in the summer on a limited basis. Consult the Office of the Registrar office for more information. The participating ARCHE member institutions are: Agnes Scott College, Atlanta College of Art, Brenau University, Clark Atlanta University, Clayton State University, Columbia Theological Seminary, Emory University, Georgia Gwinnett College, Georgia Institute of Technology, Interdenominational Theological Center, Kennesaw State University, Mercer University Atlanta Campus, Morehouse College, Morehouse School of Medicine, Oglethorpe University, Savannah College of Art and Design – Atlanta, Southern Polytechnic State University, Spelman College, State University of West Georgia, and University of Georgia.

1330.50 Changes in Personal Data

As correct personal data is vital to the student's record, students are urged to have their records updated when these changes occur. PAWS (Panther Access to Web Services) at paws.gsu.edu allows students to update some of their student records (address, phone number, etc.) using a terminal or personal computer. Students who wish to change their names and other personal data not allowed on PAWS should contact the Enrollment Services Center, Room 227 Sparks Hall, to complete forms and provide the legal documents required for a name change.

1330.55 Off-Campus Courses

Many courses are offered to Georgia State University students at satellite locations. Students taking these courses must meet the same academic requirements and deadlines as students attending classes at the downtown campus. Each semester a list of off-campus courses can be found by accessing the online registration system in PAWS at paws.gsu.edu.

1330.60 Transcript Request

A student who has no unmet financial obligations to Georgia State University is entitled to receive, upon request, a copy of his or her transcript. Official transcripts of academic work completed at Georgia State University may be ordered via Georgia State's website PAWS at paws.gsu.edu. A student is entitled to five free lifetime official transcripts. Once a student has requested the five free official transcripts, Georgia State will charge a \$10.00 processing fee for each transcript processed thereafter. Students can print unofficial transcripts at no charge on PAWS. Processing an official transcript may take up to five days depending on when the request is made. Picture identification is required to pick up transcripts.

Transcript requests will not be processed until complete payment is received. Credit card payment is required for web requests. Copies of official transcripts received from other institutions will not be made. Such requests must be directed to the institution holding the student's original records.

Routine copies of other information in the student's education records, with the exception of transcripts from other institutions and other items excluded from copying by practice or regulation will be provided upon written request. A fee may be charged to cover the cost of copying. Special certifications based on educational records will be provided upon written request when permissible.

1330.70 Enrollment and Degree Verification

Enrollment verification is obtained via the web at no cost to students and takes approximately seven business days to process. Official enrollment verifications can be requested after the second week of the term.

Enrollment Verification

To obtain proof of enrollment, students should access PAWS at paws.gsu.edu. At this site, students can do the following:

- Print a Certificate of Enrollment that can be forwarded to a health insurer, housing provider, employer, credit issuer, or other student services provider;
- View the electronic notification and deferment forms that have been sent to a lender; and
- View a list of lenders and real-time student loan information detail, such as outstanding principal balance and next due date that some lenders provide.

Once a student drops a course, those hours cannot be used for verification of enrollment purposes. A student's enrollment status may change if he/she drops or withdraws from a course or withdraws from the university. If a student is co-enrolled at another collegiate institution during the same semester he or she is enrolled at Georgia State University, only the enrolled hours at Georgia State can be used for enrollment verification purposes.

Degree Verification

To obtain proof that a degree has been awarded, students should go to www.degreeverify.com.

At this site students can provide proof of degree to such agencies as third-party verifiers, credit card companies, and credit approval agencies. This is a website of the National Student Clearinghouse. The Clearinghouse provides degree verification services to Georgia State students.

1330.80 Directory Information

Directory Information is defined based on the Family Educational Rights and Privacy Act, which can be located in section 1050 of this Catalog. An enrolled student may request that directory information (name, address, etc) not be public. To make this request, a student should fill out a Suppress Information Form, available at www.gsu.edu/es/student_information_suppression.html, and turn it in to the Enrollment Services Center, 227 Sparks Hall.

1332 Revision of Class Schedules (Add/Drop/Withdraw)

Students who wish to revise their class schedules must follow the procedure appropriate for the period of time in the semester (see section 1332.10 below). During the published registration periods for each semester, students will revise their schedules by accessing PAWS. Schedule revisions are defined as any changes to a student's schedule and include dropping and/or adding classes. Dropped courses do not appear on the student's official record. To remove a course from a class schedule during the published registration period is referred to by the University community as "dropping" a course. After the last day to add/drop a course, students may "withdraw" from a course when they decide to stop attending. Withdrawing from a course prior to the midpoint of the term makes the student eligible for a grade of W if the withdrawal limit has not been exceeded. This grade is reflected on the student's official record. After midpoint the student will receive the grade the instructor assigns.

All schedule revisions must be completed by the official last day to register for course credit as published in the online Semester Calendars at paws.gsu.edu. Students who wish to be allowed to register for a course after the deadline, based on institutional error, should contact the department offering the course.

1332.10 Dropping Classes and Voluntary Withdrawal

Georgia State University reserves the right, at any time during the semester, to drop any student from classes for failure to pay tuition and fees. However, students should not assume that Georgia State will drop them from classes for failure to pay tuition and fees. Students who cease to attend, but do not formally drop their classes using the online registration system in PAWS at paws.gsu.edu will suffer serious financial and academic consequences.

- A. Drop Periods, Withdrawal Periods, and Grades of W
1. **During registration:** When the registration system is open to students each term, students may drop or add classes using the online registration system in PAWS. When a class is dropped during this period, no grade is recorded and no record of the student's being enrolled in the class appears on the student's transcript. Registration ends at 5 p.m. on the first Friday of the term.
 2. **During the second week of classes:** During the second week of classes, faculty has the discretion to request to add or drop students from classes. Factors such as space availability and health and safety regulations may apply to such requests. When a class is dropped during this period, no grade is recorded and no record of the student being enrolled in the class appears on the student's transcript. The second week of classes ends at 5 p.m. on the second Friday of the term.
 3. **After the second week of classes and before the midpoint of the term:** During this period, students may withdraw from a class or classes using the online registration system in PAWS. Students will receive a grade of W or WF for any class withdrawn during this period depending on whether or not they have exceeded their limit of withdrawals with a grade of W. Specifically, students will automatically be awarded a W if they have not exceeded their limit and a WF if they have. Grades of W and WF appear on the student's transcript. (Note: A grade of WF is treated as an F for GPA calculation purposes.)
 4. **After the midpoint of the term:** During this period, voluntary withdrawals are not allowed via PAWS.
- B. Limits on Withdrawals with a Grade of W
1. Students are allowed to withdraw with a grade of W a maximum of six times in their undergraduate careers at Georgia State.
 2. The limit on withdrawals does not apply if a student withdraws from all classes during a term before the midpoint. However, students are only allowed to withdraw from all classes prior to the midpoint twice without having their withdrawals count against the limit. Students who withdraw from all classes a third or subsequent time will automatically receive a grade of WF in their classes if they have reached their limit of Ws.
 3. It is possible that a student will withdraw from more than one class in a particular semester and not have enough Ws left to use a W in all those classes. In that case, classes will be awarded a W based on the date and time the student initiated the withdrawal from that class. For example, if a student had taken five Ws in their career at Georgia State and then withdrew from three of the four classes in which the student is enrolled, the student's sixth W allowed would be assigned to the class from which the student withdrew first. The student would receive a WF in the other two classes. In these cases, students may make an appeal to the Student Advisement Center or the student's Office of Academic Advisement to shift the W from one class to another. Such requests must be made no later than the end of the semester after the semester in which the student withdrew from the classes. (Whether a student is enrolled in the semester after the semester in which the student withdrew from the classes does not change this time limit.) Students may not shift Ws between semesters.

4. The following types of withdrawals do not count against the limit on withdrawals with a grade of W.
 - a. Hardship withdrawals (see Section 1332.40).
 - b. Grades of WF (withdrawal failing).
 - c. Grade of WM (withdrawal military).
 - d. Withdrawals taken in semesters before Fall Semester 2006.
 - e. Withdrawals taken at other institutions.
5. This policy applies to all degree-seeking undergraduate students. It does not apply to non-degree students (such as post baccalaureate and transient students).

Students formally withdrawing from **all** classes may be entitled to a partial refund of their fees (see Section 1240).

In an emergency situation that precludes personal action to withdraw from classes, a student may communicate with the Office of the Dean of Students, www.gsu.edu/deanofstudents.

1332.20 Withdrawals and Drops from Off-Campus Courses and Cancelled Courses

In general, if a student voluntarily withdraws from an off-campus course, then the normal withdrawal policy applies (see section 1332.10). If the off-campus course's schedule does not match a Georgia State University term, then the mid-point of the course will be the mid-point of the period from the first off-campus meeting of the course to the last meeting of the course.

If a course is cancelled by Georgia State after the first week of classes, then the student may choose between the following options:

- They may have the course dropped from their schedule (even if the course is cancelled after the end of Late Registration), or
- They may take a W in the course, or
- In coordination with the course instructor and the department chair, the student may develop an academically appropriate plan to complete the course. These plans must be approved by the instructor and the department chair.

1332.30 Involuntary Withdrawal

Students are expected to observe all policies governing the class. Faculty must clearly state these policies in the course syllabus. When a faculty member determines that a student is in violation of one of the class policies (for example, has missed a required assignment or has excessive absences), that faculty member may withdraw the student from the course. Students involuntarily withdrawn prior to the midpoint of the course will be assigned a grade of W unless they have exceeded their maximum number of withdrawals allowed (see Section 1332.10). Students involuntarily withdrawn after the midpoint of the course will be assigned a grade of WF. Note that a WF is treated as an F for GPA calculation purposes. Using the official Georgia State University email system, the instructor will notify a student who is involuntarily withdrawn, and within ten days of this notification, the student may petition to the department chair for reinstatement in the course.

Students involuntarily withdrawn from all classes may be entitled to a partial refund of their fees (see Section 1210).

1332.40 Hardship Withdrawal

Students may be granted hardship withdrawals when non-academic emergency situations occur which prevent them from completing their coursework (e.g., severe medical problems, traumatic events/circumstances that cause them to miss numerous classes.). Hardship withdrawals are subject to the following restrictions:

- Students are not eligible for hardship withdrawals in any course in which they have completed the course requirements (for example, taking the final exam or submitting the final project).

Students must initiate an application for a hardship withdrawal no later than one academic year after the semester in which the courses were taken. Hardship status normally applies to all courses taken in a semester but in some cases may be granted for partial courses taken in a semester. Students requesting a hardship withdrawal in some but not all of their courses must provide documentation to justify such a partial withdrawal. If a student is granted a hardship withdrawal (full or partial), the instructors of the courses from which the student is withdrawing must award a grade of "W" or "WF," depending on whether the student was doing passing work as of the effective date of the hardship.

For further information on hardship withdrawals, contact the Office of the Dean of Students at www.gsu.edu/deanofstudents.

1332.45 Military Withdrawal

A student who is on active duty or is a military reservist (including members of the National Guard and United States Army Reserve) may withdraw from the University if called for active duty or reassignment. The student must officially withdraw and submit Official Orders to Active Duty to the Enrollment Services Center, 227 Sparks Hall. The student is not eligible for a military withdrawal in any course in which the student has completed the course requirements (for example, taking the final exam or submitting the final paper) and/or a grade has been assigned. Elective fees are to be prorated according to the date on which

the student officially withdraws. Students who withdraw and receive a full tuition refund will receive a grade of "WM" (military withdrawal) for all courses from which the student has withdrawn.

1332.50 Non-Academic Withdrawal

In the judgement of the Dean of Students, a student may be withdrawn from the university for non-academic reasons when it is determined that the student has demonstrated behavior that: (a) poses a significant danger or threat of physical harm to self or to the person or property of others; or (b) interferes with the rights of other members of the university community or with the exercise of any proper activities or functions of the university or its personnel. Except in situations where the student is believed to be an imminent threat to self or others, as determined at the sole discretion of the University, a student shall, upon request, be accorded an appropriate hearing prior to the final decision concerning his or her continued enrollment at the university. In situations involving an imminent threat, the student will be provided a hearing as soon as possible after the withdrawal occurs. The instructor will assign students who are non-academically withdrawn a grade of W or WF (depending on whether they have exceeded their maximum number of withdrawals allowed) if they are withdrawn before the semester midpoint and a WF if they are withdrawn after the semester midpoint.

1334 Class Attendance

The resources of the university are provided for the intellectual growth and development of its students; it is expected that students should attend class regularly.

The Department of Veterans Affairs requires that institutions of higher learning immediately report to them when a student discontinues attendance. Georgia State University institutional policy requires that professors report the absence of a veteran student as soon as it is known that the student will not be returning to class. Generally, this should be reported after one week of absences and no later than two weeks of nonattendance by a student.

All matters related to student absences, including the making up of work missed, are to be arranged between the student and the professor. All professors will, at the beginning of each semester, make a clear statement in the course syllabus to each of their classes, describing their policies for handling absences. Professors will also be responsible for counseling with their students regarding the academic consequences of absences from their classes or laboratories. Students are obligated to adhere to the requirements of each course and of each professor.

Students must be present for announced quizzes, laboratory periods, or final examinations unless the reasons for the absence are acceptable to the professors concerned. A student who is absent because of participation in activities approved by the Provost's Office will be permitted to make up work missed during his or her absence, provided that the student misses no more than 15 percent of class hours per course per semester. If requested, the appropriate university official will provide a memo stating the official nature of the university business in advance of the activity. Faculty are strongly encouraged to take into consideration religious holidays of the student's faith, summons, jury duty, or similar compelling reasons for absence.

1336 Final Examinations

A student shall not be required to take more than two examinations within one 24-hour period during the published final examination period. More than two examinations within 24 hours are referred to as clustered examinations.

A student is considered to have an inappropriate clustering of final examinations when more than two examinations fall within 24 hours (for example, examinations at 8:30 a.m., 11:30 a.m., and 6:00 p.m. on the same day, or examinations at 6 p.m. on one day, and at 8:30 a.m. and 2:30 p.m. on the following day); the student is not considered to have an inappropriate clustering of examinations if the third examination in sequence begins at the same time on the subsequent day as the first examination (for example, 6:00 p.m. on one day, and 2:30 p.m. and 6:00 p.m. on the following day).

Students who have three or more clustered examinations may request of one professor that the examination be rescheduled according to the following procedure:

- If a final examination was rescheduled and thereby created a "cluster," the instructor of the rescheduled examination will provide a special administration for the adversely affected student.
- If one or more of the clustered examinations is a "common examination" with an established conflict resolution time, the student will request to resolve the conflict by taking one of the common examinations in the conflict resolution time. If two or more of the examinations are "common examinations," the student may choose which "common examination(s)" is to be rescheduled.
- If one of the clustered examinations is not a common examination or the result of rescheduling, the instructor of the middle examination(s) will provide a special administration for the adversely affected student.

Students must inform the instructor, in writing and at least 14 days before the beginning of the final exam period, that a clustered examination situation exists with respect to that instructor's course and that the student will need to take the final examination as a special administration. If a student fails to inform the instructor, in writing and at least 14 days before the beginning of the final exam period, the instructor is not required to provide a special administration of the final examination.

Once a student has taken an examination, he or she cannot request a reexamination on the basis of this policy.

1340 Classification of Students and Courses

1340.10 Class Standing

Students are classified on the basis of total earned hours of academic credit as follows:

Student Status	Semester Hours
----------------	----------------

Freshman	0-29
Sophomore	30-59
Junior	60-89
Senior	90 or more

The classification under which a student registers at the beginning of any semester will continue through that semester.

1340.20 Change of Catalog Edition

Students must normally satisfy the degree requirements of the catalog in effect at the time they enter Georgia State University. However, in some circumstances, revisions may be required to provide more effective programs. The term "degree requirements" refers to the courses and grades required to earn the degree. Changes in academic regulations affect all students, regardless of the catalog edition; examples include the scholastic discipline policy, procedures for removing incomplete grades, and appeals procedures.

There are several instances when a student will be required to change catalog editions and satisfy the curricular degree requirements of the catalog in effect at the time he or she:

- Officially changes colleges within the university;
- Officially changes majors within a college;
- Officially changes from post baccalaureate status to any degree-seeking status;
- Reenters the university after a period of two or more consecutive years during which time he or she did not earn academic credit at Georgia State;
- Reenrolls at Georgia State after attending another institution as a transient student with the intention of transferring credits earned at the other institution to Georgia State without having received written authorization in advance from his or her college. This regulation applies to any length of absence from the university. In such cases, students are considered to be transfer students;
- Reenrolls at Georgia State after attending another institution as a transfer student. This regulation applies to any length of absence from the university; and
- Has not graduated by the time his or her catalog edition is ten years old.

Students may choose to satisfy the degree requirements of a later catalog, but, if they choose to do this, they must meet all the requirements of the later catalog. Degree requirements of more than one catalog edition cannot be combined. Students who choose to satisfy requirements of a later catalog must notify the Student Advisement Center or the Office of Academic Assistance of their college.

Any requests for exceptions to the "change of catalog edition" policy must be submitted as an appeal of academic regulations and graduation requirements and processed as a University level petition.

1340.30 Declaration of Major

All applicants other than freshman must declare a degree and major at application. All freshmen must declare a degree and major one calendar year after their first enrollment at Georgia State. Students are encouraged to declare a major as early as possible.

This is especially true for students following a track in natural sciences, health sciences, or mathematics. Colleges and departments may require students to declare a degree and major earlier than indicated above. The Director of the Student Advisement Center is authorized to grant exemptions to this policy.

1340.35 Change of Major and College

Students may request to change majors within one college at Georgia State University or change to another college. If the request is approved, students will transfer their academic standings (good, warning, supervision, or probation). Some programs have special requirements for admission, so students should contact the Student Advisement Center or the Office of Academic Assistance of the desired college to determine if special criteria apply.

To request a change of major or college, students should contact the Student Advisement Center or the Office of Academic Assistance of the college in which they are currently enrolled. Students who change majors or colleges will be required to satisfy the degree requirements in effect at the time the change is officially recorded. Students who have applied to graduate must

declare their degree, major, and minor/concentration (if applicable) with their advisement office prior to their final semester to avoid a possible delay in graduating.

1340.40 Dual Degrees

Dual degrees are earned when a student satisfies all requirements for two different baccalaureate degrees (for example, B.A. and B.S.) within one or more colleges of Georgia State University. The minimum residence requirement of 39 semester hours at Georgia State University in courses numbered 3000 or above must be met for the first degree. If the second degree is completed concurrently with the first degree, or within five calendar years of the first degree, this requirement shall be deemed to have been satisfied for both degrees. Regardless of when the second degree is completed, the requirements for the second degree will come from the catalog edition that the student followed for the first degree.

After five years from the date of the award of the first degree, credit that has been used to satisfy the university's academic residence requirement for this degree cannot be applied toward the university's minimum academic residence requirement for the second degree. Regardless of when the second degree is completed, both degrees require that at least one-half of the courses comprising the major or 11 semester hours in the major, whichever is less, must be taken at Georgia State. If a department offers more than one degree, it may prohibit a student from earning more than one degree in that department. This restriction will appear in the Program Degree Requirements section of the description of the major.

Students who wish to earn dual degrees should consult with the Student Advisement Center or the Office of Academic Assistance of their current college and, if the second degree is offered by another college of this university, with the Office of Academic Assistance of the relevant college for information on procedures to follow.

1340.50 Double Major

A double major consists of two separate majors in the same baccalaureate degree (for example, B.S. with majors in Criminal Justice and Psychology), regardless of the college or colleges in which that degree is awarded. A double major is earned when the student completes all requirements for each of the majors and all requirements for the degree. The minimum residence requirement of 39 semester hours at Georgia State University in courses numbered 3000 or above must be met for the first major. If the second major is completed concurrently with the first major, or within five calendar years of the first major, this requirement shall be deemed to have been satisfied for both majors. Regardless of when the second major is completed, the requirements for the second major will come from the catalog edition that the student followed for the first major.

After five years from the date of the awarding of the first major, credit that was used to satisfy the university's academic residence requirement cannot be applied toward the university's residence requirement for the second major. Regardless of when the second major is completed, at least one-half of the courses comprising both majors or 11 semester hours in the major, whichever is less, must be taken at Georgia State.

Whether in one degree or two, a student may not graduate with more than two majors. (For example, a student may not earn a B.S. with a double major in Economics and Psychology and also a B.A. in English. This would constitute three majors and would not be permissible.)

Students who wish to earn double majors should consult with the Student Advisement Center or the Office of Academic Assistance of their current college and, if the second major is offered by another college in the university, with the Office of Academic Assistance of the relevant college for information on procedures to follow.

1340.60 Classification of Courses

Courses are numbered as follows:

Student Status Number Range

Prefreshman	0001-0099
Freshman	1000-1999
Sophomore	2000-2999
Junior	3000-3999
Senior	4000-4999
Graduate	5000 or higher

1350 The Grading System

1350.10 Grades

The following grades are used to specify level of performance in academic courses:

A: Excellent

B: Good

C: Average

Minimum grade required for certain courses, as specified elsewhere in this catalog.)

D: Poor

A grade of D, while earning credit hours, will not apply toward the degree in courses requiring a grade of C or higher. Georgia State University will allow no more than 12 semester hours of D grades to apply toward degree requirements. Certain programs limit this further. See Section 1450 for more details.

F: Failure

This grade indicates failure. No credit toward graduation is given for a course in which a grade of F was received.

WF: Withdrawal while Failing

This grade indicates failure. No credit toward graduation is given for a course in which a grade of WF was received. A WF and F are treated the same for GPA calculation purposes.

The following grades are approved for use in the cases indicated but will not be included in the determination of a student's cumulative grade point average:

W: Withdrawal

This symbol indicates that a student was permitted to withdraw from the course without penalty. (See "WF: Withdrawal While Failing", above, and Section 1332)

WM: Military Withdrawal

This symbol indicates that active duty military personnel and military reservists (including members of the National Guard) received emergency orders to active duty or reassignment during the term (see Military Withdrawal, Section 1332.45).

I: Incomplete

The notation of I may be given to a student who, for nonacademic reasons beyond his or her control, is unable to meet the full requirements of a course. In order to qualify for an "I", a student must:

- Have completed most of the major assignments of the course (generally all but one); and
- Be earning a passing grade in the course (aside from the assignments not completed) in the judgment of the instructor.

When a student has a nonacademic reason for not completing one or more of the assignments for a course, including examinations, and wishes to receive an incomplete for the course, it is the responsibility of the student to inform the instructor in person or in writing of the reason. A grade of incomplete is awarded at the discretion of the instructor and is not the prerogative of the student. Conditions to be met for removing a grade of incomplete are established by the instructor. Registering in a subsequent semester for a course in which a grade of incomplete has been received will not remove the grade of incomplete. (See Section 1350.30, paragraph 2.) No student may graduate with an "I" on his or her record. If the requirements to remove a grade of incomplete are not met prior to the deadline, the grade of I will convert to a grade of F.

IP: In Progress

This symbol indicates that credit has not been given in courses that require a continuation of work beyond the term for which the student registered for the course. The use of this symbol is approved for dissertation, thesis, and project courses (such as student teaching, clinical practice, and internships). The IP notation may be replaced with an appropriate grade by the instructor. This symbol cannot be substituted for an "I."

This grade is used in the Learning Support Program (LSP) to indicate that a student has demonstrated academic growth in the course; however, the level of achievement is not sufficient to meet all of the course requirements. In LSP, the grade of IP is a permanent grade and does not meet the minimum exit criteria for any course in the program.

S: Satisfactory

This symbol indicates that credit has been given for completion of degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. This symbol is also used in a Regents' Test Preparation Course when the Regents' Test was passed.

U: Unsatisfactory

This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work. No credit will be given. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. This symbol is also used in a Regents' Test Preparation Course when the Regents' Test was not passed.

V: Audit

This notation is used when a student has audited a course. Students do not earn academic credit for such courses. See Section 1330.25.

K: Credit-by-examination

This symbol indicates that a student was given credit for a course based on successful performance on an examination approved for this purpose.

NR: Not Reported

This symbol indicates that a student's grade was not reported to the Registrar's Office by the deadline for reporting grades for the term as published in the on-line *Registration Guide*. The grade will be updated as soon as the instructor reports the grade.

GP: Grade Pending

This symbol indicates a grade will be assigned pending the outcome of an academic honesty case. See Section 1380.

1350.20 Cumulative Grade Point Average

The cumulative grade point average is calculated by dividing all hours carried at Georgia State University into total quality points earned. Quality points are calculated by multiplying hours earned for each course by the numerical value of the grade earned. (See the following table for numerical equivalents of letter grades.) Grade point averages are rounded to the hundredth place. For example, 2.676 is rounded to 2.68.

All attempts at all academic courses taken are included in these calculations of total number of grade points earned and the total number of semester hours attempted. Credits earned in other institutions, credit by examination, credits which carry S/U grades, CLEP credit, IB credit, AP credit, institutional credit courses, and courses specifically excluded by University policy are not used in computing the grade point average.

The numerical value (grade point) for academic letter grades are as follows:

A+	4.30
A	4.00
A-	3.70
B+	3.30
B	3.00
B-	2.70
C+	2.30
C	2.00
C-	1.70
D	1.00
F	0.00
WF	0.00
IP	0.00

The symbols I (Incomplete), IP (In Progress), W (Withdrawal), S (Satisfactory), U (Unsatisfactory), V (Audit), K (Credit-by-examination), and NR (Not Reported) do not have numerical equivalents and are not used in calculating grade point averages. The Department of Veterans Affairs defines the U and V as non-punitive grades; however, veteran students should notify the veterans' counselor immediately upon receiving a grade of U or V.

1350.30 Changes in Grade

A course grade that has been reported by the instructor to the Office of the Registrar and recorded on the student's academic record cannot be changed except in the following circumstances:

- **Error in grade.** If a student believes that there is an error in a grade, the student should discuss the situation with the instructor. A request for a change of grade assigned by an instructor who has left the University should be addressed to the chair of the department.
- **Removal of an Incomplete.** A student receiving a grade of I (incomplete) is expected to consult with the instructor within the prescribed time limit and to complete all necessary work. The period of time given to a student to remove a grade of I is established by the instructor, subject only to the maximum time limit set by the University. The University requires that a

grade of I be removed no later than the end of the second academic term after the grade of I was assigned (whether or not the student was enrolled during these two terms). The Office of the Registrar will assign a grade of F at the end of the second academic term unless the Office of the Registrar receives an approved grade adjustment request from the instructor. (If the student enrolled for S/U grading, a U will be assigned.) Using the grade adjustment form, instructors may or may not change this F/U to an authorized academic grade (i.e., A, B, C, D, S or WF) but may not change it back to an I. Instructors may not change an I to a W unless a Hardship Withdrawal is awarded. In exceptional cases, departments may authorize students to have an I grade for more than two semesters. Such authorizations must be approved by the department chair. The authorization to extend the I beyond two semesters must be renewed each semester. Students need not be enrolled to complete assignments for a course in which a grade of I has been assigned. Auditing or retaking the same course will not remove a grade of I. No student may graduate with an incomplete grade.

1350.40 Posthumous Grades

When a student passes away before completing all assignments in a course, that student will be awarded a grade of W in the course. However, if the student has completed more than half the work required for the course and earned a grade of A or B in that work, the instructor may award the student an A or a B.

1352 Academic Recognitions

President's List: Degree-seeking students with a minimum Georgia State University cumulative grade point average (GPA) of 2.00 who complete at least nine semester hours of academic credit in fall or spring term (or six semester hours in summer term) with no Incompletes for the semester and who earn a 4.00 GPA will be placed on the President's List for the semester.

Dean's List: Degree-seeking students with a minimum Georgia State cumulative grade point average (GPA) of 2.00 who complete at least nine semester hours of academic credit in fall or spring term (or six semester hours in summer term) with no Incompletes for the semester and who earn a GPA of at least 3.50 shall be placed on the appropriate Dean's List for the semester.

1360 Academic Support

1360.10 Scholastic Discipline

There are four levels of scholastic discipline for students: warning, supervision, probation, and exclusion. A student who is eligible to enroll in courses is in good standing.

Students are placed on:

- **warning** when their cumulative Georgia State University GPA is below 2.0 and they were not on supervision or probation the previous semester in attendance.
- **supervision** when their cumulative Georgia State GPA is below 2.0 and they were on warning the previous semester in attendance. However, students on warning who attempt 6 or more semester hours and earn a Georgia State term GPA of 2.3 or better will remain on warning.
- **probation** when their cumulative Georgia State GPA is below 2.0 and they were on supervision the previous semester in attendance. *However, students on supervision who attempt 6 or more semester hours and earn a Georgia State term GPA of 2.3 or better will remain on supervision.*
- **exclusion** when their cumulative Georgia State GPA is below 2.0 and they were on probation the previous semester in attendance. However, students on probation who attempt 6 or more semester hours and earn a Georgia State term GPA of 2.3 or better will remain on probation.

Students on supervision or probation may be allowed to enroll with specific restrictions (see Section 1360.20). Students on exclusion are not eligible to enroll in any undergraduate program or under any status at Georgia State. No transfer credit will be accepted for courses taken at other institutions while on probation or exclusion.

Students on warning, supervision, or probation should refer to Section 1360.20 and consult with an advisor in the Student Advisement Center for additional information about scholastic discipline.

1360.20 Academic Improvement Program (AIP)

The Academic Improvement Program (AIP) is intended to assist students in extricating themselves from scholastic discipline and to meet the graduation requirement of a cumulative Georgia State University GPA of 2.0 or higher. The elements of AIP are registration approvals by an advisor, course load limits, and survival skills instruction. For further information about AIP, please contact the Student Advisement Center at www.gsu.edu/success/advisement.html.

Students on **warning** may register for no more than 13 semester hours. They are not required to meet with an academic advisor, although they are encouraged to do so as necessary for help selecting courses, understanding degree requirements and academic regulations, and developing strategies for returning to a 2.0 cumulative GPA.

Students on **supervision** are required to participate in AIP as follows: (a) have their registration approved by an academic advisor; (b) register for no more than 13 semester hours; (c) and take any other steps required by the academic advisor (for

example, seeing their major advisor, participating in an assessment by the Counseling Center, etc.). Students on supervision for a second or subsequent semester must continue to participate in AIP until their cumulative Georgia State GPA is 2.0 or higher.

A college may, at its option, require students on **probation** not to enroll at Georgia State for one semester. If students on probation are allowed to enroll, they are required to participate in AIP as follows: (a) have their registration approved by an academic advisor; (b) register for no more than 13 semester hours; and (c) take any other steps required by the academic advisor (for example, seeing their major advisor, participating in an assessment by the Counseling Center, etc.). Students enrolling while on probation must continue to participate in AIP until their cumulative Georgia State GPA is 2.0 or higher.

Students participating in AIP may be assigned to GSU 1050, Survival Skills for College. GSU 1050 may be taken only once and does not count toward credit hour requirements for graduation. Credit hours enrolled in GSU 1050 count toward the 13 semester hour course load limit for students participating in AIP. Grades received for GSU 1050 are used to calculate the cumulative GPA and the term GPA.

Students on **exclusion** are not eligible to enroll in any undergraduate program or under any status at Georgia State and may not participate in AIP.

Appeals for exemption from some or all of the requirements of AIP should be submitted to the director of the Student Advisement Center. Appeals of decisions by the director of the Student Advisement Center may be filed in accordance with the procedure for petition of university regulations. Information about AIP and appeals of AIP requirements is available from the Student Advisement Center.

1360.30 Academic Renewal

Under certain conditions, Georgia State University allows its former undergraduate students to apply for academic renewal. This provision is intended to allow Georgia State degree-seeking students who have experienced academic difficulty to make a fresh start and to give them a final opportunity to earn a bachelor's degree. It can apply to individuals on scholastic exclusion. These are the provisions of academic renewal:

Eligibility for Academic Renewal

- A minimum of five calendar years must have passed since last enrollment at Georgia State University.
- Former Department of Academic Foundations (formerly Division of Learning Support Programs and Developmental Studies) students may apply for academic renewal only if they completed all learning support programs requirements prior to the five-year absence.
- A student can be granted academic renewal only one time.
- A student who was excluded from Georgia State and has attended another college or university during the absence from Georgia State is not eligible for academic renewal.
- A student who was not excluded from Georgia State but attended another college or university during an absence of five or more years may choose one of these options, but not both:
 1. Return to Georgia State, having attended another accredited institution, subject to all relevant transfer and reentry policies. The student will not be eligible for academic renewal but transfer credit will be granted for applicable courses taken during the absence and previously earned Georgia State credit is retained.
 2. Apply for academic renewal. If academic renewal is approved, no transfer credit will be granted for coursework completed during the absence.

Effects of Academic Renewal

- A cumulative GPA that reflects all attempts at all courses taken at Georgia State continues to be recorded on the student's official transcript. A new renewal GPA is begun when the student has been approved for academic renewal and is also recorded on the student's official transcript. The renewal GPA will be used for determining academic standing and eligibility for graduation.
- Academic credit for previously completed course work including transfer course work will be retained only for courses in which an A, B, or C grade has been earned.
- The grades in Georgia State academic credit that is retained are not calculated in the institutional GPA. This credit, therefore, is placed in the same category as transfer credit, credit by examination, and courses with grades of S.
- Courses for which academic credit is not retained (those with grades of D or lower) must be repeated at Georgia State if they are required in the student's degree program. All remaining degree requirements must be completed at Georgia State. No transient or transfer credit will be accepted.
- Whether the retained academic credit is still applicable for degree credit will depend on the degree requirements currently in effect at the time the student returns to Georgia State and on specific program regulations.
- All courses taken at Georgia State remain on the student's official Georgia State transcript. At the time academic renewal is approved, this approval is noted on the student's transcript. Any Georgia State course work for which credit can be retained is listed below the academic renewal notation.
- Reentry into a program that has specific admission requirements is not automatic. Academic renewal students who wish admission to such a program must apply directly to the program.

- Students must meet the academic residence requirement (see section 1440) using only course credit earned after academic renewal.
- To be eligible for honors at graduation, students must earn at least 60 hours of credit after academic renewal.

Applying for Academic Renewal

To apply for academic renewal, the student must obtain approval both from the Office of Undergraduate Admissions and from the Student Advisement Center.

1. File an application for reentry to the university with the Office of Undergraduate Admissions, 200 Sparks Hall, www.gsu.edu/admissions/reentry.html.
2. File an application for academic renewal with the Student Advisement Center. The deadlines for applying for academic renewal in order to enroll for a semester are:

To return in	Deadline
--------------	----------

Fall	July 1
------	--------

Spring	December 1
--------	------------

Summer	May 1
--------	-------

Application for Academic Renewal before the prescribed deadlines will aid in the timely return of a decision. Those students whose return to Georgia State University is dependent on approval for academic renewal should be especially diligent in their timely submission of their application.

If a student does not apply for academic renewal at the time of enrollment, it can be requested after reenrollment if the application is filed within one calendar year.

- A student whose application for academic renewal is not approved will be notified by letter from the Student Advisement Center. Unless specific information to the contrary is given in the letter, the student may reapply for academic renewal after one year has passed.
- Evaluation of a student's application for academic renewal will be based on the student's:
 1. Previous academic record;
 2. Previous student discipline record; and
 3. Current commitment to academic work.

1380 Academic Honesty

I. Introduction

As members of the academic community, students are expected to recognize and uphold standards of intellectual and academic integrity. The university assumes as a basic and minimum standard of conduct in academic matters that students be honest and that they submit for credit only the products of their own efforts. Both the ideals of scholarship and the need for fairness require that all dishonest work be rejected as a basis for academic credit. They also require that students refrain from any and all forms of dishonorable or unethical conduct related to their academic work.

The university's policy on academic honesty is published in the *Faculty Affairs Handbook* and *On Campus: The Student Handbook* and is available to all members of the university community. The policy represents a core value of the university and all members of the university community are responsible for abiding by its tenets. Lack of knowledge of this policy is not an acceptable defense to any charge of academic dishonesty. All members of the academic community — students, faculty, and staff — are expected to report violations of these standards of academic conduct to the appropriate authorities. The procedures for such reporting are on file in the offices of the deans of each college, the office of the dean of students, and the office of the provost.

In an effort to foster an environment of academic integrity and to prevent academic dishonesty, students are expected to discuss with faculty the expectations regarding course assignments and standards of conduct. Students are encouraged to discuss freely with faculty, academic advisors, and other members of the university community any questions pertaining to the provisions of this policy. In addition, students are encouraged to avail themselves of programs in establishing personal standards and ethics offered through the university's Counseling Center.

II. Definitions and Examples

The examples and definitions given below are intended to clarify the standards by which academic honesty and academically honorable conduct are to be judged. The list is merely illustrative of the kinds of infractions that may occur, and it is not intended to be exhaustive. Moreover, the definitions and examples suggest conditions under which unacceptable behavior of the indicated types normally occurs; however, there may be unusual cases that fall outside these conditions that also will be judged unacceptable by the academic community.

Plagiarism: Plagiarism is presenting another person's work as one's own. Plagiarism includes any paraphrasing or summarizing of the works of another person without acknowledgment, including the submitting of another student's work as one's own. Plagiarism frequently involves a failure to acknowledge in the text, notes, or footnotes the quotation of the paragraphs, sentences, or even a few phrases written or spoken by someone else. The submission of research or completed papers or projects by someone else is plagiarism, as is the unacknowledged use of research sources gathered by someone else when that use is specifically forbidden by the faculty member. Failure to indicate the extent and nature of one's reliance on other sources is also a form of plagiarism. Any work, in whole or in part, taken from the Internet or other computer-based resource without properly referencing the source (for example, the URL) is considered plagiarism. A complete reference is required in order that all parties may locate and view the original source. Finally, there may be forms of plagiarism that are unique to an individual discipline or course, examples of which should be provided in advance by the faculty member. The student is responsible for understanding the legitimate use of sources, the appropriate ways of acknowledging academic, scholarly, or creative indebtedness, and the consequences of violating this responsibility.

Cheating on Examinations: Cheating on examinations involves giving or receiving unauthorized help before, during, or after an examination. Examples of unauthorized help include the use of notes, computer-based resources, texts, or "crib sheets" during an examination (unless specifically approved by the faculty member), or sharing information with another student during an examination (unless specifically approved by the faculty member). Other examples include intentionally allowing another student to view one's own examination and collaboration before or after an examination if such collaboration is specifically forbidden by the faculty member.

Unauthorized Collaboration: Submission for academic credit of a work product, or a part thereof, represented as its being one's own effort, which has been developed in substantial collaboration with another person or source or with a computer-based resource is a violation of academic honesty. It is also a violation of academic honesty knowingly to provide such assistance. Collaborative work specifically authorized by a faculty member is allowed.

Falsification: It is a violation of academic honesty to misrepresent material or fabricate information in an academic exercise, assignment, or proceeding (for example, false or misleading citation of sources, the falsification of the results of experiments or of computer data, false or misleading information in an academic context in order to gain an unfair advantage).

Multiple Submissions: It is a violation of academic honesty to submit substantial portions of the same work for credit more than once without the explicit consent of the faculty member(s) to whom the material is submitted for additional credit. In cases in which there is a natural development of research or knowledge in a sequence of courses, use of prior work may be desirable, even required; however, the student is responsible for indicating in writing, as a part of such use, that the current work submitted for credit is cumulative in nature.

III. Evidence and Burden of Proof

In determining whether or not academic dishonesty has occurred, the standard that should be used is that guilt must be proven by a preponderance of the evidence. This means that if the evidence indicating that academic dishonesty occurred produces a stronger impression and is more convincing as to its truth when weighed against opposing evidence, then academic dishonesty has been proved. In other words, the evidence does not have to be enough to free the mind from a reasonable doubt but must be sufficient to incline a reasonable and impartial mind to one side of the issue rather than to the other. Evidence as used in this statement can be any observation, admission, statement, or document that would either directly or circumstantially indicate that academic dishonesty has occurred.

IV. Procedures for Resolving Matters of Academic Dishonesty

The following procedure is the only approved means for resolving matters of academic dishonesty, except for matters arising in the College of Law which has its own Honor Code for handling such matters. It is available to all members of the academic community who wish to pursue an action against a student for academic dishonesty.

1. **Initiation:** If a member of the academic community believes that a student has engaged in academic dishonesty in a course, on a test, or as a part of an academic program, that individual is responsible for initiating action against the student or bringing the matter to the attention of an individual who may initiate action against the student. In allegations of academic dishonesty involving course requirements, the course faculty member is generally responsible for initiating the action. If the alleged violation involves a departmental program requirement (for example, comprehensive examination or language competency examination) or an institutionally-required test (for example, test of Georgia/United States history or Georgia/United States constitutions), or if the individual who discovers the incident is not a faculty member, the individual should bring the matter to the attention of the faculty member and administrator who has responsibility of overseeing the activity (for example, departmental chair, director of the Testing Office). If that administrator decides to bring charges of academic dishonesty against the student, then that administrator becomes the initiator. (Test proctors, laboratory assistants, and other individuals who are not course faculty members should bring any instances of alleged academic dishonesty to the attention of the course faculty member or their administrative superior. That individual, after weighing the evidence, may become the initiator by formally charging the student with academic dishonesty.) The channel of review, recommendation, and decision-making follows the administrative lines associated with the course or program requirement involved. In any instance, however, when the alleged incident does not occur within the context of a course and when it is unclear which college of more than one college involved should have jurisdiction in review and decision-making, either unit may initiate the case. For the sake of brevity the following processing procedures are written from an "academic unit/college" perspective.

Nonacademic units (i.e., Testing Center) would substitute appropriate supervisory personnel at the respective levels. Herein the "initiator" will be referred to as "faculty member" and the "administrative unit head" will be referred to as "chair," designating the departmental chair. "Dean" will refer to appropriate administrative supervisory personnel at the overall college or division level. While the matter of academic dishonesty is pending, the student will be allowed to continue in the course and register for upcoming semesters. Should a grade be due to the registrar before the matter is resolved, a grade of GP (grade pending) will be reported for the student in the course involved. Withdrawal from a course does not preclude the imposition of penalties for academic dishonesty.

2. **Penalties to be Imposed:** Penalties to be imposed in incidents of academic dishonesty are classified as "academic" or "disciplinary." Academic penalties include such sanctions as assignment of a failing grade for a particular course requirement, or for the course itself, or for other tests or program assignments. Academic penalties are set by the faculty member. Disciplinary sanctions can be sought in addition to those considered academic and could include, but are not limited to, the following penalties: suspension, expulsion, transcript annotations (temporary for a period of five years or permanent, as designated). Disciplinary penalties can be requested by the faculty member in consultation with the department chair or director, must be reviewed by the University Senate Committee on Student Discipline, and are set by the provost.
3. **Action at Administrative Unit (Department Level):** As soon as possible after the alleged incident, the faculty member should discuss the matter with the student. This discussion should be conducted in a manner that protects the rights and confidentiality of students. If the faculty member believes that academic dishonesty has occurred, the faculty member (with the advice of the chair if necessary) will determine the appropriate academic penalty. The faculty member will complete a "notice of academic dishonesty" form describing the incident and indicating the academic penalty imposed. Any recommendation for a disciplinary penalty must be reviewed in consultation with the chair. The faculty member will deliver to the student the notice of academic dishonesty that includes a statement of appeal rights. If there is difficulty in delivering the notice to the student, the faculty member/chair should request assistance from the college dean in determining the most expeditious way to inform the student that a notice of academic dishonesty has been filed.

Once the student has been informed, the chair forwards the documentation, including the notice of academic dishonesty and an indication of when the student was informed, to the dean to be held pending possible appeal. Until the student has been given the opportunity to appeal, a grade of GP (grade pending) should be submitted for the student for the course involved.

4. **Student Action:** The student will have 20 business days after receipt of the notice of charges of academic dishonesty to submit a written appeal denying the charges and providing any rationale for the appeal. The appeal should be addressed to the college dean of the initiator. In the event the student is found guilty of academic dishonesty, the student does not have the right to appeal the academic penalty assessed by the faculty member, unless the student can prove that such penalty was arbitrarily imposed or discriminatorily applied. If the student wishes to challenge a disciplinary penalty, the student must submit a written rationale for challenging the disciplinary penalty within 20 business days of receipt of the notice of charges of academic dishonesty. The statement of challenge should be addressed to the college dean. The college dean will forward the challenge to the dean of students for inclusion in the review of the disciplinary penalty by the University Senate Committee on Student Discipline. The University Senate Committee on Student Discipline automatically reviews all disciplinary penalties regardless of student appeal.

If the student has also filed an appeal denying the charges of academic dishonesty, any review of disciplinary penalty recommended will be delayed pending review of the charges of academic dishonesty by the college hearing committee.

5. **College Action:**
 - 5.1. **No Appeal by the Student:** If the student does not submit a written appeal to the college dean within 20 business days, the dean will notify the chair/faculty member to post any pending grade(s) immediately. The dean will then forward the notice of academic dishonesty to the dean of students for inclusion in the student's disciplinary file. The Senate Committee on Student Discipline also will forward any recommendation of a disciplinary penalty to the dean of students for appropriate review.
 - 5.2. **Appeal by the Student:** If the student submits a written appeal within 20 business days, the dean will notify the registrar to issue a grade of GP (grade pending) for the course(s) in question on all transcript requests for the student pending outcome of the appeal. The dean will forward the charges of academic dishonesty to the chair of a college hearing committee and will notify the faculty member to set forth in writing a comprehensive statement describing the incident of academic dishonesty. This statement will be presented to the committee and to the student at least five business days prior to the hearing.
 - 5.3. **Student Hearing Committee Process:** The college student hearing committee will use the following guidelines to govern the hearing of the appeal:
 - a. Within ten business days after the committee receives the charges of academic dishonesty, a hearing date will be determined. The committee will notify the faculty member and the student of the time, date, and the place of the hearing. Copies of all charges of academic dishonesty and related materials for the hearing will be provided to the student at least five business days in advance of the hearing.
 - b. The faculty member and the student will be allowed to make oral presentations, call witnesses, and present any documentary evidence regarding the incident in question. The hearing will be recorded on an audiotape. The hearing will not be open to observers.

- c. At the conclusion of the hearing, the committee will meet in closed session and will make its recommendation as to the guilt or innocence of the student based on a preponderance of evidence with respect to the charge of academic dishonesty. The committee chair will forward to the college dean its findings and recommendations in a written report within five business days of the hearing.
 - o **5.4. College Decision on Appeals:** Within five business days of receiving the committee's written report, the college dean will make the final decision regarding guilt or innocence. The dean will notify all appropriate parties of the decision. If the dean finds the student "not guilty," the matter will be terminated, and no notice of charges will be filed with the dean of students. The dean will notify the chair to post the pending course grade promptly and will notify the registrar to remove the GP (grade pending) on the student's transcript. If the dean finds the student "guilty," the notice of charges of academic dishonesty will be forwarded to the dean of students for inclusion in the student's disciplinary file. The academic penalty stipulated by the faculty member will be imposed. The dean will notify the chair to insure that any pending grade is posted promptly. The dean will notify the registrar to remove the GP (grade pending) on the student's transcript if only an academic penalty was involved. If a disciplinary penalty has been recommended, the dean will notify the registrar to continue the GP (grade pending) annotation until the disciplinary penalty can be reviewed by the University Senate Committee on Student Discipline.
 - o **5.5. Appeal of the Decision of the Dean:** If the student or initiator wishes to appeal the decision of the college dean regarding guilt or innocence of the charges of academic dishonesty, the student or initiator may appeal to the provost. The subsequent appeal route would be to the president and then the Board of Regents. The student or initiator must submit a written statement of appeal to the provost within 20 business days of notification of the dean's decision. The basis of the appeal must be on the grounds that the decision was arbitrary, capricious, or discriminatory.
6. **University Senate Committee on Student Discipline Action:** In cases where a disciplinary penalty has been recommended, the Senate Committee on Student Discipline will conduct a hearing to review the disciplinary penalty. The committee will review the faculty member's notice of academic dishonesty and the student's statement of challenge of the disciplinary penalty, if any. The faculty member and the student will be allowed to appear at the hearing to discuss the imposition of disciplinary penalties. Only the recommendation concerning the disciplinary penalty to be imposed will be considered by this committee. Issues of guilt or innocence are determined at the college level (see above). The Senate Committee will conduct the hearing in accordance with its regular hearing procedures. Copies of these procedures may be obtained from the Provost's Office and/or the Dean of Students. The Senate Committee on Student Discipline will provide its recommendation within five business days of its hearing to the provost regarding appropriateness of the disciplinary penalty recommended by the college and/or whether other disciplinary penalties are to be imposed in addition to or in lieu of those already recommended by the college.
7. **Provost Action:**
- o **7.1. Decision of the Provost:** The role of the provost in handling student appeals regarding the charge of academic dishonesty has been explained (see above). Based on the recommendation, the provost will render a decision within ten business days of receipt of the recommendation of the Senate Committee. The provost will notify the student, the referring dean, the department chair, and the faculty member of the Senate Committee's recommendations and of the provost's decision. At that time the provost will also notify the registrar to annotate the student's transcript, if necessary.
 - o **7.2. Appeal of the Decision of the Provost:** If the student wishes to appeal the decision of the provost regarding the imposition of a disciplinary penalty, the student may appeal to the president and then to the Board of Regents. The student must submit a written statement of appeal to the president within 20 business days of notification of the provost's decision. The basis for such an appeal must be on the grounds that the decision was arbitrary, capricious, or discriminatory.
8. **Students Involved in Two or More Incidents of Academic Dishonesty:** A student is subject to disciplinary action in addition to any already undertaken once it is determined that the student has been found guilty in a previous incident of academic dishonesty. In such cases, the dean of students will forward a report to the University Senate Committee on Student Discipline regarding the incidents of academic dishonesty that have been reported. The dean of students is responsible for initiating this report within 20 business days of completion of proceeding of any subsequent finding of academic dishonesty. The University Senate Committee on Student Discipline will review the report of the dean of students. The student may submit supplemental written documents for the committee's review and may request to appear before the committee in its deliberations. After reviewing the matter, the committee will send a report to the provost with the recommendation for disciplinary penalty to be imposed. The provost will proceed as in IV.7. of this policy.

Once the student has been informed, the chair forwards the documentation, including the notice of academic dishonesty and an indication of when the student was informed, to the dean to be held pending possible appeal. Until the student has been given the opportunity to appeal, a grade of GP (grade pending) should be submitted for the student for the course involved.

1382 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section 1050.80 under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

1400 University Degree Requirements and Graduation

A degree will be awarded only to a student who meets both the university requirements and the standards of performance, academic requirements, and residence requirements of their college and of their degree program. See below for a complete explanation of university requirements. Consult your college's chapter of this catalog for your degree program's requirements.

1405 Learning Outcomes

Learning outcomes are the goals students achieve in their programs of study. They represent the knowledge, skills and attitudes that students should gain to successfully complete the requirements of a course, major, and degree. A special set of general learning outcomes cover the goals for all students at the University. Students begin mastery of the University's learning outcomes in the core (first two years of study) and continue to develop these skills throughout their major. The learning outcomes for all students are:

Goal I. Communication

- Students communicate effectively using appropriate writing conventions and formats.
- Students communicate effectively using appropriate oral or signed conventions and formats.

Goal II. Collaboration

- Students participate effectively in collaborative activities.

Goal III. Critical Thinking

- Students formulate appropriate questions for research.
- Students effectively collect appropriate evidence.
- Students appropriately evaluate claims, arguments, evidence, and hypotheses.
- Students use the results of analysis to appropriately construct new arguments and formulate new questions.

Goal IV. Contemporary Issues

- Students effectively analyze contemporary issues within the context of diverse disciplinary perspectives.
- Students effectively analyze contemporary multicultural, global, and international questions.

Goal V. Quantitative Skills

- Students effectively perform arithmetic operations, as well as reason and draw appropriate conclusions from numerical information.
- Students effectively translate problem situations into symbolic representations and use those representations to solve problems.

Goal VI. Technology

- Students effectively use computers and other technology appropriate to the discipline.

1410 Core Curriculum Requirements

Georgia State University requires all students seeking a baccalaureate degree to satisfactorily complete a basic core of general education subjects. Georgia State's core curriculum provides students with a broad background in general education and reflects the special mission of this university as an urban research institution with an international, multi-ethnic, and multi-cultural focus. Because of ongoing evaluation changes may occur in the core curriculum. Every attempt will be made to notify students when these changes occur.

Areas A through E of the core curriculum are designed to provide students with a wide array of courses as a means of gaining a basic education in the liberal arts and assisting students in their choice of a major. Students should normally choose among the courses in areas A to E and select a major before taking courses in Area F. Students who have chosen a major before the completion of Areas A through E can review the departmental sections of the catalog to see specific recommendations for course selection. Some programs, such as art, music, and nursing, require students to begin major-related coursework in their freshman year to meet course sequencing requirements.

There are restricted choices for some majors in Areas A and D. Students must follow the degree-specific requirements listed in Areas A and D for the programs they are pursuing.

Students who are planning to transfer to Georgia State from other institutions in the University System of Georgia should note that this is Georgia State's core curriculum and is to be followed by students who choose to complete the core curriculum at this university. The core curriculum at a student's current University System of Georgia institution may contain different courses. However, Georgia State will grant credit for any approved core curriculum course taken at a student's current University System of Georgia home institution even if it is different from the course offered at Georgia State. Students should also remember that they may have only one University System of Georgia home institution at a time. Students who have transferred to Georgia State must petition for permission to take core curriculum courses elsewhere after they have enrolled.

The core curriculum completed at one System institution is fully transferable to another System institution for the same major. However, specific situations may result in minor exceptions to this general rule. Students seeking credit for University System of Georgia core curriculum courses that were not accepted during Georgia State's admissions process or who believe that the system rules of transferability of the core curriculum are not being honored can make an appeal. Appeals should be initiated by filling out a form available in the Student Advisement Center, 255 Sparks Hall.

1410.10 Area A: Essential Skills (9)

1. English Composition Requirements (6)

- Engl 1101 English Composition I (3)
- Engl 1102 English Composition II (3)

Students who satisfy the Advanced Placement Standard of the Department of English may take Engl 1103 in lieu of Engl 1101 and Engl 1102. Students who select this option will choose an additional humanities course from core Area C1. A grade of C or higher is required in Engl 1101 and Engl 1102, or in Engl 1103 (open to qualified students with departmental consent), in order to receive degree credit.

2. Mathematics Requirement: Select one. (3-4)

- Math 1101 Introduction to Mathematical Modeling (3)
- Math 1111 College Algebra (3)
- Math 1220 Survey of Calculus (3)
- Math 1113 Precalculus (3)
- Math 2211 Calculus of One Variable I (4)
- Math 2212 Calculus of One Variable II (4)
- Math 2215 Multivariate Calculus (4)
- Math 2420 Discrete Mathematics (3)

If a 4 hour course is selected, the additional hour will be counted in Area F or Area G. Majors in biology, chemistry, computer science, geology, mathematics, science and math education, and physics are required to take Math 1113 or higher in Area A. Business students are encouraged to take Math 1113 or higher in Area A. Exercise Science students are encouraged to take Math 1111 in Area A.

Note: A math placement test is recommended for all students who do not have credit for an Area A math course and is required for students who wish to take Math 1111, College Algebra, or higher. The test is offered at scheduled times in the university's testing center. See www.gsu.edu/testing and click on Tests and then Math Placement.

Pending final approval by the University Senate, the following policy will become effective for all students Fall Semester 2010. Students who have earned 60 hours but have not completed all Area A Requirements must enroll in the next course necessary to make progress toward completing these requirements in every semester in which they take classes. For students with Learning Support requirements in reading, writing or mathematics, taking the required Learning Support course(s) counts as making progress toward completing their Area A Requirements.

1410.20 Area B: Institutional Options (4)

Additional information about institutional options is available online at www.gsu.edu/es/tso_institutional_options.html.

Select two courses from the following:

- Phil 1010 Critical Thinking (2)
- Spch 1000 Human Communication (2)
- Pers 2001 Perspectives on Comparative Culture (2)
- Pers 2002 Scientific Perspectives on Global Problems (2)

Pers 2001 is a group of interdisciplinary courses that provides a better understanding of the contemporary world through the study of different cultures. Only one course from this group may be used to fulfill requirements in Area B.

Pers 2002 is a group of interdisciplinary courses that deals with scientific approaches to important issues on the environment, public health, or technology. Only one course from this group may be used to fulfill requirements in Area B.

1410.30 Area C: Humanities and Fine Arts (6)

Select two courses from groups 1, 2, and 3 below. The two courses may not come from the same group.

1. Humanities

- Engl 2110 World Literature (3)
- Engl 2120 British Literature (3)
- Engl 2130 American Literature (3)

The J. Mack Robinson College of Business recommends that B.B.A. students include a foreign language course in Area C. The College of Arts and Sciences recommends that B.A. students and specified B.I.S. students not include a foreign language course in Area C (See Section 3090.45 in the Arts and Sciences section of the catalog).

Students in these degree programs should follow departmental recommendations on foreign language selection in Area F. The Andrew Young School of Policy Studies requires B.A. students majoring in economics to complete a foreign language in Area F. Some foreign language courses are not open to native speakers of that language. Please consult the course description before making a selection in this area.

Placement exams in French, German, and Spanish are available. See Section 1310.20 for more information.

1410.40 Area D: Science, Mathematics, and Technology (11)

Complete the options listed under either majors other than natural sciences, health sciences, and mathematics or natural sciences, health sciences, and mathematics majors.

Majors other than Natural Sciences, Health Sciences, and Mathematics:

1. Select one two-course sequence. (8)
 - Astr 1010 Astronomy of the Solar System (4) and
 - Astr 1020 Stellar and Galactic Astronomy (4)

 - Biol 1103K Introductory Biology I (4) and
 - Biol 1104K Introductory Biology II (4)

 - Chem 1101K Introductory Chemistry I (4) and
 - Chem 1102K Introductory Chemistry II (4)

 - Chem 1151K Survey of Chemistry I (4) and
 - Chem 1152K Survey of Chemistry II (4)

 - Chem 1211K Principles of Chemistry I (4) and
 - Chem 1212K Principles of Chemistry II (4)

 - Geog 1112 Introduction to Weather and Climate (4) and
 - Geog 1113 Introduction to Landforms (4)

- Geol 1121K Introductory Geosciences I (4) and
- Geol 1122K Introductory Geosciences II (4)

- Phys 1111K Introductory Physics I (4) and
- Phys 1112K Introductory Physics II (4)

- Phys 2211K Principles of Physics I (4) and
- Phys 2212K Principles of Physics II (4)

- 2. Select one course (must be from a discipline different from one selected in group 1 above). (3)

 - Any course from Section D1 above (4)
 - Astr 1000 Introduction to the Universe (3)
 - Biol 2240 Human Physiology (3)
 - Biol 2300 Microbiology and Public Health (3)
 - Chem 1050 Chemistry for Citizens (3)
 - CSc 1010 Computers and Applications (3)
 - Geol 2001 Geologic Resources and the Environment (3)

 - Math 2420 Discrete Mathematics (3)
 - Phys 2030K Physical Science: Physics of Music and Speech (3)
 - Psyc 1100 Natural Science Aspects of Psychology (3)

If a 4 hour course is selected, the additional hour will be counted in Area F or Area G. The Robinson College of Business recommends that B.B.A. students take Math 1070 in Area D. If it is not taken in Area D, it must be taken later in the program. Phys 2030K is recommended only for broadcast journalism, speech, theatre, and music majors.

Biology, Chemistry, Computer Science, Geology, Mathematics, Physics, and Science and Math Education Majors: It is recommended that students select a sequence appropriate to the major.

1. Select one two-course sequence. (8)

- Biol 2107K Principles of Biology I (4) and
- Biol 2108K Principles of Biology II (4)

- Chem 1211K Principles of Chemistry I (4) and
- Chem 1212K Principles of Chemistry II (4)

- Geol 1121K Introductory Geosciences I (4) and
- Geol 1122K Introductory Geosciences II (4)

- Phys 1111K Introductory Physics I (4) and
- Phys 1112K Introductory Physics II (4)

- Phys 2211K Principles of Physics I (4) and
- Phys 2212K Principles of Physics II (4)

2. Select either Math 2211 (Calculus of One Variable), a course with a higher number that is appropriate to the major, or a course that has been approved by the major department (see individual departmental degree requirements).

Nursing, Nutrition, and Respiratory Therapy Majors:

1. Select one two-course sequence. (8)

- Biol 1103K Introductory Biology I (4) and
- Biol 1104K Introductory Biology II (4)

- Chem 1151K Survey of Chemistry I (4) and
- Chem 1152K Survey of Chemistry II (4)

- Phys 1111K Introductory Physics I (4) and
- Phys 1112K Introductory Physics II (4)

The College of Health and Human Sciences recommends that students take Chem 1151K and 1152K.

2. Math 1070 Elementary Statistics (3)

1410.50 Area E: Social Science (12)

Students who satisfy the requirements of Section 1, United States Politics and History, by examination and choose not to take Hist 2110 and PolS 1101 must select two additional courses from Section 3, Social Science Foundations. No student may take more than six hours in Area E from any one department.

1. United States Politics and History - Legislative Requirement (0-6)

- Hist 2110 Survey of United States History (3)
- PolS 1101 American Government (3)

Georgia law requires all students to pass examinations on (a) the history of the United States and the history of Georgia and (b) the Constitution of the United States and the Constitution of Georgia. Students may satisfy these requirements by earning passing grades in Hist 2110 and PolS 1101. (See Section 1425)

2. Global Economics, Global Politics, and World History. Requirement: Select one course (3)

- Econ 2100 The Global Economy (3)
- Hist 1111 Survey of World History to 1500 (3)
- Hist 1112 Survey of World History since 1500 (3)
- PolS 2401 Global Issues (3)

3. Social Science Foundations: Select one course (see note above) (3-9)

- AAS 2010 Introduction to African-American Studies (3)
- Anth 1102 Introduction to Anthropology (3)
- CrJu 2200 Social Science and the American Crime Problem (3)
- Econ 2105 Principles of Macroeconomics (3)
- Econ 2106 Principles of Microeconomics (3)
- Geog 1101 Introduction to Human Geography (3)
- AAS/Hist 1140 African and African-American History (3)
- Psyc 1101 Introduction to General Psychology (3)
- Soci 1101 Introductory Sociology (3)
- Soci 1160 Introduction to Social Problems (3)
- WSt 2010 Introduction to Women's Studies (3)

The Robinson College of Business recommends that B.B.A. students take Econ 2105 and Econ 2106 in Area F and then choose other social science foundation courses in Area E. The Andrew Young School of Policy Studies recommends that B.A. and B.S. students NOT take Econ 2105 and Econ 2106 in section 3 of Area E.

1410.60 Area F: Preparation for a Major (18)

Courses in Area F, which constitute the remaining 18 semester hours in the core curriculum, may be found in the college sections on degree requirements. These listings should also be consulted to see if there are any courses recommended from among the offerings in areas A to E. Students seeking a B.S. in mathematics and secondary school teaching will be required to take an additional nine semester hours of introductory education courses above the general requirement of 18 semester hours.

1415 Area G & Beyond

Courses beyond the core curriculum that are required by the college and/or major department constitute the remaining course degree requirements and are comprised of courses related to a major, major requirements, courses in a minor or concentration, and electives. Consult the college chapters in this catalog for a full explanation of these requirements.

1420 Regents' Reading and Writing Requirements

Effective March 9, 2010, Georgia State students were granted an exemption by the University System of Georgia and are no longer required to take the Regents' Test. This exemption does not necessarily apply should a student transfer out of GSU to another institution in the University System of Georgia. Students should contact their new institution about its Regents' Test policy. More information can be found at the [University System of Georgia website](#).

1425 Federal and State Constitution and History Requirements

As required by Georgia law, all students must demonstrate knowledge of the history and constitutions of the United States and of Georgia. To demonstrate this knowledge, students must pass Hist 2110 and PolS 1101 or pass examinations prepared by the history and political science departments to fulfill these requirements. For additional information concerning the administration of these tests, visit the testing center at www.gsu.edu/counseling/history_constitution.html. Study aids are offered by the history and political science departments to assist students preparing for the examinations. If the examinations are passed, students must select additional course(s) from Section 3, Social Science Foundations in Core Area E. Transfer students who have fulfilled any or all parts of this requirement will be advised of that fact at the time of admission and evaluation of transfer credit.

1430 Critical Thinking Through Writing (CTW) Requirement

Effective for students entering fall term 2009 and thereafter, all students seeking baccalaureate degrees are required to pass two critical thinking through writing (CTW) courses in their majors. Students should consult the section of this Catalog that describes their major for its CTW requirements. CTW classes are unique to Georgia State University and therefore students cannot transfer equivalent credit from other universities

1440 Academic Residence Requirement

Academic residence is defined as being enrolled in one or more courses at Georgia State University; this is not to be confused with status as a legal resident of the State of Georgia for fee determination purposes. The minimum academic residence requirement for each baccalaureate degree is as follows:

- The candidate must earn 39 semester hours at Georgia State in courses numbered 3000 or above with an average grade of at least a C (2.00 GPA); and
- At least one-half of the courses comprising the major or 11 semester hours in the major, whichever is less, must be taken at Georgia State.

Credit by examination, credit by validation, CLEP credit, AP credit, IB credit, and courses specifically excluded by university policy cannot be used to meet the academic residence requirement.

1450 D Grade Credit Restriction

Georgia State University will allow no more than 12 semester hours of D grades to apply toward degree requirements of a baccalaureate program of study. This 12 semester hours includes both credit completed at Georgia State (resident credit) and transfer credit. Certain degree programs may designate a lesser number of D grades as acceptable. Consult your college's chapter of this catalog for stricter requirements.

1460 GPA Requirement

In order to earn any Georgia State University baccalaureate degree a student must have at least a 2.00 cumulative grade point average. All attempts are included in the calculation of the GPA (see Section 1350.20). If a student takes a course multiple times at another institution or at Georgia State, the grade earned in the final attempt will determine the applicability of the course to the degree requirements. (For example, some programs require a grade of C or better in a particular course). For details on taking a course more than once, see Section 1330.35.

1470 No "I" Requirement

No student may graduate with a grade of "I" (Incomplete) on his or her record. All permanent grades for incomplete grades and grade changes for previous semesters should be received in the Office of the Registrar, Academic Records, in writing at least two weeks prior to the commencement date. It is the student's responsibility to see to it that incomplete grades are properly recorded in the appropriate offices by this deadline.

1480 Semester Hours Requirement

The curriculum for a baccalaureate degree at Georgia State University requires a minimum of 120 semester hours. Some programs require a higher number of semester hours. Students should consult the description of their program in this catalog to determine the number of semester hours required.

The semester hours for graduation are calculated as follows:

Semester hours included:

- Academic credit (transfer and Georgia State) in which grades A, B, C, D, S, or P are earned (except as excluded below) and

- Credit earned through the College-Level Examination Program (CLEP), Advanced Placement (AP), International Baccalaureate (IB), and any other approved credit-by-examination

Semester hours excluded:

- All hours earned in courses that are repeated except the final attempt
- Hours earned in courses with course numbers below 1000
- Courses (transfer and Georgia State) that are required to meet College Preparatory Curriculum deficiencies
- GSU 1010, GSU 1050, and GSU 1060
- Physical education "skills" courses KH 1010, 1020, 1030 (previous course prefixes: HPRD, HPRS, PE)

Questions may be directed to the Graduation Office, 231 Sparks Hall, www.gsu.edu/es/graduation.html.

1490 Graduation Information

Graduation Office, Office of the Registrar
231 Sparks Hall
www.gsu.edu/es/graduation.html

Commencement ceremonies are held at the end of the fall and spring academic terms. In order to participate, a student must have completed all degree requirements in accordance with rules and regulations found in this catalog. Diplomas are mailed approximately four weeks following the graduation ceremony. They will be mailed to the student's mailing address of record. Students should keep their mailing addresses updated through PAWS at paws.gsu.edu. Allow four weeks following the official date of graduation for delivery of the diploma.

Students who indicated on the graduation application that they are attending the commencement ceremony are to purchase their regalia from the Georgia State University Bookstore. The bookstore can be reached at 404/413-9700, by e-mail at bookstore@gsu.edu, or online at www.gsu.edu/bookstore. Commencement photography is also available. Complete information will be sent to degree candidates by the midpoint of their scheduled semester of graduation. If a student later decides not to attend the ceremony, he or she must notify the Graduation Office at 404/413-2248 or e-mail at graduation@langate.gsu.edu.

Additional information concerning graduation procedures can be obtained through the graduation website.

1490.10 Application for Graduation

All candidates for a degree must file a formal application for graduation with the Graduation Office. Baccalaureate candidates must apply by the following deadlines before their expected term of graduation:

Term of Expected Graduation Deadline

Fall Semester	June 1
Spring Semester	September 1
Summer Semester	January 15

This allows the university to audit the student's records while there is time for the student to be notified and any issues to be addressed. .

The Graduation Office will inform the student's college when the application is filed. The Office of Academic Assistance of the student's college will conduct an audit and inform the student of any remaining requirements. The Graduation Office conducts an independent audit the expected semester of graduation to ensure that all degree requirements will be satisfied.

Students who wish to change their semester of graduation may do so by one of two means: the Change of Graduation Date form, or, by e-mailing the graduation office at graduation@langate.gsu.edu. The email must state student's name and student ID number. If changing the date by email, the student must receive a confirmation email back from the Graduation Office to be considered officially received. The Change of Graduation Date form must be delivered to the Graduation Office at 231 Sparks Hall. Official transcripts of prior term course grades from institutions other than Georgia State University must be in the Office of Undergraduate Admissions by the last day of registration of the semester of graduation. Any other documentation pertaining to non-Georgia State courses which is needed to determine if transfer credit can be granted (such as catalog descriptions or course outlines) must be received by the student's Office of Academic Assistance by the last day of registration of the semester of graduation.

Students who wish to be transient students or who wish to participate in cross-registration for their remaining course work will graduate one semester after the term in which the last course to be transferred to Georgia State University has been taken. Such students must obtain advance permission to complete their degree elsewhere from their college's Office of Academic Assistance.

1490.20 Graduation with Honors

Scholastic recognition at graduation will be given to each baccalaureate student who graduates with a high grade point average. The specific award, based on the cumulative grade point average at Georgia State University, will be one of the following:

Cum Laude 3.50-3.69

Magna Cum Laude 3.70-3.89

Summa Cum Laude 3.90-4.00

1490.30 Exit Examinations

The university and the student's college may require the completion of additional competency tests appropriate to a student's program of study prior to graduation. Information relative to these tests is available in the student's college.

Any student failing to demonstrate required proficiency on any competency test may be required to complete such additional courses as are necessary to correct the deficiency. Courses required and completed under this provision may be with or without academic credit and may be required without regard to prior course credits in these disciplines.

1490.40 Posthumous Undergraduate Degrees

A posthumous undergraduate degree shall be awarded at the request of or with concurrence of the family or friends of the deceased if, at the time of death, the student was 15 or fewer semester hours short of the semester hours required to complete the degree the student was seeking and the student had a minimum Georgia State University cumulative GPA of 2.00. Additionally, a posthumous degree may be awarded through the normal process of petition for a waiver of the university's graduation requirements. A request for a posthumous degree should be made to the University Registrar, Georgia State University.

1500 Student Life and Services

Georgia State University is committed to the ideal that total education involves more than academic pursuit. While students are maturing intellectually, they also are developing physically, psychologically, socially, aesthetically, sexually, and spiritually. The philosophy of student development is embodied in the areas of responsibility of the Office of the Vice President for Student Affairs and the Division of Student Affairs.

The Division of Student Affairs provides a network of support and encouragement for students through counseling, advocacy, advisement, recreation, health, leadership training, and opportunities for personal growth. Further, the division seeks to provide an enriching environment that allows for and encourages cross-cultural interaction, an appreciation of diversity, and ethical decision-making. Special services are also provided by the division in the areas of disabled student services, insurance, community service, and volunteering.

1502 African-American Student Services and Programs

The Office of African-American Student Services and Programs (OAASS&P) serves students, faculty, staff, and community members in areas such as academic advisement, campus involvement, academic support, job and graduate school referrals and recommendations, and graduate research. OAASS&P is a university-wide resource promoting diversity through quality academic services and programs related to the recruitment and retention of African Americans at Georgia State University. The mission of OAASS&P is to assist African American students in getting good grades, staying in school, and graduating. The office also collaborates with several departments, offices, student groups, and community organizations. Through quality in-house, university-wide, and community-supported programming, the office fosters academic skill development, cultural, ethnic, and racial awareness, nurtures organizational development; encourages degree completion; and participates in community service. OAASS&P houses and provides support to sixteen chartered student organizations. It sponsors several academic, cultural, social, and international activities to ensure that African American students are excellent ambassadors of Georgia State University upon graduation.

OAASS&P contributes to the retention of all students through diverse programs and services. Those programs and services are enhanced by the Minority Advising Program (MAP) which encompasses academic support workshops, the Black Freshman Network, the Black Sophomore Society, Brothers Keepers, Sisters Keepers, Model African Union, Mothers Care, the GRE Prep sessions and a Tutorial program. OAASS&P is instrumental in promoting an appreciation for multiculturalism and diversity throughout the university community and celebrating excellence through initiatives such as the Annual Tribute to Achievement Awards Ceremony, Hoops for the Hungry, Project Link to Africa and Black History Month activities. For information call 404/413-1530 or visit the office at Suite 315 Student Center. Hours of operation are from 8:30 a.m.-5:15 p.m. Monday through Friday, 8:30 a.m.-7:15 p.m. on Wednesdays.

1504 Auxiliary and Support Services

The departments in Auxiliary and Support Services supplement the academic campus experience by providing services and facilitating the sale of merchandise to faculty, staff, and students. These departments include the following: ATM Banking, PantherDining, Graduation Regalia and Photography Services, Mail Services, PantherCard, Parking and Transportation Services, Rialto Center for the Arts, Safety and Risk Management, Travel Services, University Bookstore, University Printing and Copy Services, and Vending Services.

The Auxiliary and Support Services office is located on the second floor of the University Bookstore Building. Hours of operation are from 8:30 a.m. to 7:00 p.m. Monday through Thursday and from 8:30 a.m. to 5:15 p.m. on Fridays. Semester breaks and holiday hours are from 8:30 a.m. to 5:15 p.m., Monday through Friday. Phone: 404/413-9500. Fax: 404/413-9525. Email: auxiliary@gsu.edu. Web: www.gsu.edu/auxiliary.

1504.10 ATMs

ATM banking machines from several financial institutions are located on campus at such locations as the University Bookstore Building, first floor; Student Center, first floor; Urban Life, second floor. Phone: 404/413-9500. Fax: 404/413-9525. Email: auxiliary@gsu.edu. Web: www.gsu.edu/atms.

1504.15 University Bookstore

The University Bookstore, located on the third floor of the University Bookstore Building, offers a complete selection of new and used textbooks with a guaranteed lowest price, in comparison with competing downtown bookstore textbook prices. The lowest textbook price guarantee assures that the University Bookstore will match lower textbook pricing, for customers who present lower pricing among competing downtown bookstores to authorized University Bookstore personnel. The University Bookstore also buys used textbooks with a guaranteed 50% buyback on selected textbook titles. The University Bookstore offers a variety of name brand computer products including, Apple Computers, Acer Computers, Dell computers built to University specifications, iPods, educational discounted computer software, supplies, and related class needs. Officially licensed Georgia State apparel and gifts are also sold in the University Bookstore. Purchases can also be made online at www.gsu.edu/bookstore. Cash, credit cards, checks, and PantherCash are accepted for purchases. Special discounts are available on Fridays when purchases are made with PantherCash. Phone: 404/413-9700. Fax: 404/413-9525. Email: gsu@bkstr.com. Web: www.gsu.edu/bookstore.

1504.20 Graduation Regalia and Photography

Auxiliary and Support Services provides Portrait and Ceremony Photographs for your Commencement memories. Logo Regalia are available for online purchase for pick-up at the Commencement Fair. Graduation Photography is available through Chappell Studios. For more information on graduation photography call toll-free 1-800-424-3686. Information on other Commencement items from diploma frames, class rings, invitations, as well as stoles of gratitude are available at the University Bookstore. Phone: 404/413-9500. Fax: 404/413-9525. Email: gsu@bkstr.com. Web: www.gsu.edu/bookstore.

1504.30 PantherCard

The PantherCard is the official Georgia State University identification card, library card, access card to some campus facilities, and provides PantherCash (a debit card) and PantherMeals accounts. PantherCard is issued to all currently registered students and to faculty, staff, and affiliates of Georgia State University.

Both the PantherMeals accounts and the PantherCash accounts can be opened at the Auxiliary and Support Services office with cash, check MasterCard, Visa, or American Express.

PantherMeals is a meal plan that features unlimited access to an "all you care to eat" style meal plan in the Freshman Hall located at 160 Edgewood Avenue, Atlanta GA. In addition to the unlimited access to the Dining Hall, PantherMeals also includes PantherPoints allocation per semester which allows students to eat at any PantherDining location on campus adding flexibility and convenience for Panthers on-the-go. PantherMeals descriptions, pricing and application details are available at www.gsu.edu/pantherdining.

PantherCash accounts enable students to add value to their PantherCard and receive discounts on some on-campus purchases. Additional PantherCash deposits to the account can be made on-line at the PantherCard website, or at the Auxiliary and Support Services office, at the PantherCash Online Card Office, at the value transfer stations (VTS), or any Payment Headquarters In Location (PHIL) machines on-campus. More information regarding these debit accounts and their uses on campus is available at the PantherCard website. Use PantherCash to receive vending discounts on the purchase of soft drinks or water at vending machines displaying the PantherCash sign, and discounts on Fridays at the University Bookstore. Phone: 404/413-9508. Fax: 404/413-9525. Email: panthercard@gsu.edu. Web: www.gsu.edu/panthercard.

1504.35 Travel Services

Travel Services are available to faculty, staff, and students. Travel arrangements may be made for business travel for university employees as well as leisure travel for employees and students. Phone: 404/413-9696. Web: www.gsu.edu/travelservices.

1504.40 Parking and Transportation

Georgia State University offers students options for traveling to and from campus: driving to campus and parking on-site, driving to an off-site parking area, and discounted monthly MARTA and GRTA cards. Parking Budget Cards can also be purchased for on-campus parking at a reduced rate. 1508 Civic Engagement

The Office of Civic Engagement provides assistance to students, student groups, faculty, and staff concerning volunteer and community service opportunities. The office serves as a clearinghouse and think tank for outreach programs in the metropolitan Atlanta area. Individuals who become involved with projects sponsored by the office strengthen their capacity to help solve the problems faced by society. Active participants can accomplish service goals through sustained and persistent action and have the opportunity to collaborate with many different individuals and institutions. The Office of Civic Engagement also provides leadership opportunities in one of the many organization advised out of the office. Panther Breakaway, Circle K International, Colleges Against Cancer, Habitat for Humanity, and Big Brothers/Big Sisters are some of the organizations advised through the OCE. For a listing of one day and on-going projects, please visit our website at www.gsu.edu/service. Volunteer Solutions, an online database is able to provide service opportunities for individuals and groups based on personal interest; it also allows participants to log and track volunteer hours. Students and student organizations that engage in service projects and log their hours on Volunteer Solutions are eligible for an annual rewards program drawing through the Office of Civic Engagement. For more information on volunteer and service opportunities, please call 404/413-1550, or visit the office in 320 of the Student Center.

Alternative Breaks, also called **Panther Breakaway**, offers students the opportunity to spend their spring and winter breaks serving the community. In the past students have worked in various locations around the southeast United States including

Washington D.C., Jacksonville, Orlando, Birmingham, New Orleans, and the Everglades. Students are educated on an issue and perform service projects and strive to address social issues such as literacy, poverty, hunger, homelessness and environmental awareness.

Into the Streets is a month-long program series that introduces and exposes students to thoughtful community service opportunities. It provides participants a chance to go "Into the Streets" of Atlanta to make a difference in the community. Contact the Office of Civic Engagement at 404/413-1550.

1510 Counseling & Testing Center

The comprehensive services of the Counseling and Testing Center (CTC) reflect the University's concern for the many needs of currently enrolled students. Counseling is available to students having educational, personal, or relationship concerns. The center offers individual, couples and group counseling. Groups include several interpersonal process groups including general growth groups, an African-American Women's Support Group, African-American Co-ed Support Group, GLBT Support Group, a Graduate Student Support Group, a Grief Support Group, a Stress Management Group, and a Substance Abuse Group. Individual stress management sessions are also available to students. For those who are in counseling with the Center or the Psychology Clinic through the Clinical Psychology Department, psychiatric services for evaluations and medication determination are available. Referral services for students having special needs also are available.

Counseling is available by appointment. Additionally, students who are experiencing an urgent situation may be seen on a walk-in basis every day during business hours. Faculty, staff or students concerned about a student's health and wellbeing are encouraged to phone the Center to consult with the senior emergency on-call counselor. A counselor will assist in determining the most appropriate course of action.

The CTC's Testing service offers many national examinations, certifications, psychological assessments, math placement, the Regents test and testing for institutional programs. Test proctoring and test scoring services, complete with statistical analyses, are available to the faculty through testing services.

Educational workshops are designed to respond to the variety of needs that students experience during their academic careers, including stress management, time management, study skills, performance enhancement, relationship enhancement, and anger management among others. Psychologists from CTC are also available for guest lectures in classrooms and for student organizations.

All counselors in the Center have advanced degrees in social work, counseling, or psychology, are licensed or supervised by a licensed clinician and have a special interest and skills in relating to university students and their concerns. Visits to the CTC are private and confidential. No one outside the Center is given any information regarding any appointments that have been made or what is revealed in counseling without the written release from the student according to Georgia Law. No information becomes part of a student's academic record.

For more information on the services offered by the center, please call 404/413-1640, visit the Center at 75 Piedmont Ave., or visit www.gsu.edu/counseling

1512 Dean of Students

1512.10 Student Assistance

The Dean of Students Office-Student Assistance is dedicated to student success and retention through the facilitation of students' knowledge, understanding, and utilization of University systems and resources. The office assists and empowers students in conducting their University affairs by listening and analyzing the student's issue/question/concern, talking with the student to help devise a problem-solving strategy, and referring the student to appropriate staff members and departments. Visit the office located in the Student Center, Suite 300, website www.gsu.edu/deanofstudents or call 404/413-1515.

1512.20 Student Judicial Affairs

Georgia State University Dean of Students Office-Judicial Affairs protects the rights and safety of all students and provides students with a process that addresses their educational and developmental needs.

The Georgia State University Student Code of Conduct and Administrative Policies Procedures states the types of actions that infringe upon the campus' climate of civility and the academic integrity of the University. A copy of the Student Code of Conduct and Policies may be obtained on the web at www.gsu.edu/deanofstudents. Students are obligated to be knowledgeable of and to comply with the University's rules, policies, and procedures. An overarching philosophy of judicial affairs is to facilitate students to assume the highest level of responsibility for the outcomes of their life and to develop ethical approaches to their decision-making process.

1512.30 Commuter Student Services

The Dean of Students-Commuter Student Services provides services to Georgia State University students, staff, and faculty, dealing with commuter-related issues. The office maintains an off-campus housing website of available housing opportunities such as rooms in private homes, roommates/apartment sharing, short-term leasing, and apartment/house hunting resources. The address for this site is ochousing.gsu.edu.

This office does not approve, inspect, or assume responsibility for those facilities listed on the off-campus website. It is strongly recommended that a visit be made to the apartment or home prior to making lease or rental arrangements. If possible, schedule more than one interview with a prospective house share/roommate and always request references.

The Dean of Students Office is located in the Student Center, Suite 300. Visit the office or call 404/413-1515 for additional assistance.

1512.40 Emergency Locator

In the event of an emergency such as a life-threatening situation or serious illness, the Dean of Students Office will make an attempt to deliver a message or contact number to a student in class regarding the emergency information. With the exception of public-record information such as name, address and telephone number, information regarding students' class schedules cannot be released for any purpose. Messages can be delivered to students only for emergency situations. The office is open Monday – Friday, 8:30 a.m. - 5:15 p.m. and is located in 300 Student Center. Please call 404/413-1515 for information.

1512.50 Greek Life

While there are many opportunities to get involved at Georgia State, fraternities and sororities stand out as a unique and life-long involvement opportunity. A tradition as rich as Greek Life offers students an opportunity to experience leadership development, to serve hands on in the local Metro-Atlanta and campus community, network with local alumni to form career connections during college and after graduation, and make lifelong friendships, among many others. In addition, at Georgia State as well as nationally, involvement in fraternities and sororities increases students' chances of graduating from college, as well as enhances their overall academic achievement.

There are four governing bodies of fraternities and sororities: the Interfraternity Council (IFC), the Panhellenic Council (PC), the National Panhellenic Council (NPHC), and the Multicultural Greek Council (MGC). Additionally, there is an overall Greek Council, which brings representatives from every chapter together to strengthen the Greek community on campus. With 26 organizations to choose from, students are almost guaranteed to find an organization that provides the experience they are looking for. For further information about Greek Life, please visit www.gsu.edu/greeklife or contact the Greek Life Advisor at 404/413-1580.

1512.60 Intercultural Relations

Intercultural Relations provides opportunities for students, faculty, and staff to engage in meaningful dialogues, actively participate in diversity and cultural programs and participate in training opportunities to enhance their understanding of and appreciation for the immense diversity and numerous cultures present at Georgia State. The Intergroup Dialogue (IGD) Program, Martin Luther King, Jr. Commemorative Week, Feed Your Senses, as well as cultural speakers, performances, art exhibits and lectures are examples of the programs offered by Intercultural Relations. Also, the Intercultural Ambassadors are a group of student leaders which work with the Intercultural Relations office assisting with diversity and cultural programming. For more information about Intercultural Relations visit the IR website at www2.gsu.edu/~wwwicr or contact the Office of the Dean of Students, located in Suite 300 of the Student Center, at 404/413-1515.

1512.70 Religious Activities

The Council of Interfaith Concerns is a coordinating body for the religious organizations at Georgia State University. It meets regularly to plan and implement interfaith programs and activities, sponsors special worship services throughout the school year, and provides a resource for denominations and synagogues doing ministry on campus. Catholic, Jewish, and Protestant chaplains are available through the council; contacts and referrals from students, faculty, and staff are welcomed. For more information about the work of the council or any of the religious groups, visit the office in 402 University Center.

1512.80 Student Accident Insurance

A portion of the Georgia State University student activity fee is used to provide accident insurance for enrolled students under certain circumstances and conditions. Students who do not pay a student activity fee may be eligible to purchase accident insurance. In order to receive benefits from this coverage, certain steps must be taken if an accident occurs. For detailed information concerning this coverage, contact the Department of Safety and Risk Management, 34 Broad Street, at 404/413-9545 or visit the website at www.gsu.edu/auxiliary/safety.html.

1512.90 Student Health Insurance

The University System of Georgia has selected Pearce & Pearce, Inc. as the student health insurance provider for all system schools for the 2010-2011 year. The following groups of Georgia State University students are required to have health insurance.

- Undergraduate and Graduate International Students holding "F" or "J" visa status
- Graduate Students receiving Full-time tuition waivers
- Graduate Students receiving fellowships that fully fund their tuition

Additionally, for those students (domestic and international) not covered under the mandatory plan, a voluntary plan is also available. Eligible students include all Undergraduate Students enrolled in at least 6 credit hours and Graduate Students enrolled in the graduate or professional degree program, taking at least one graduate level course.

The following link: www.studentinsurance.com outlines the coverage, benefits and premium for an insurance program specifically designed for Georgia State University students and their dependents.

1512.100 Student Victim Assistance

The Dean of Students- Victim Assistance provides services to students who have experienced a traumatic event or have been the victim of sexual assault or other crimes. The student-centered support services include direct crisis intervention, making appropriate referrals (Counseling and Testing Center, Student Health Clinic, GSU Police, etc.), providing advocacy and support during all phases of legal/criminal proceedings, supplying information (victim rights, typical responses to trauma and victimization, safety planning), providing consultation and education to students and faculty and staff, and providing on-going follow-up and support as needed.

1514 Disability Services

The Office of Disability Services (ODS) coordinates services available for and provides information upon request to students with disabilities. Students with disabilities are asked to contact the office prior to their first semester of enrollment to register for assistance and to ensure that appropriate accommodations are made. The office answers questions regarding accessibility and accommodations at the university, maintains a computer lab with accessible hardware and software, provides testing accommodations, and can assist with filing disability-related grievances and complaints.

Please contact ODS, located in 230 Student Center, at 404/413-1560 or, for more complete information, visit the ODS website at www.gsu.edu/disability.

1515 Educational Opportunity and TRIO Programs

The Office of Educational Opportunity and TRIO Programs is one of the University's primary vehicles for outreach to the greater Atlanta community. The Office serves as the coordinating body for a variety of programs designed to provide access to educational opportunities, increase retention and graduation rates as well as prepare students for doctoral study. Among its current programs are the Child Care Access Means Parents in School, Educational Opportunity Center, Educational Talent Search, Ronald E. McNair Post-Baccalaureate Achievement Program, Student Support Services, Atlanta-Gwinnett Upward Bound, DeKalb Upward Bound, Upward Bound Math/Science and the Veterans Upward Bound Program. For additional information, see www.gsu.edu/oeo or call 404/413-1690.

Student Support Services (SSS), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to increase the retention and graduation rate of college students who are first generation, demonstrate low income or have a documented disability. The college experience is enhanced for all SSS participants by providing individualized academic assessments, academic, personal and career counseling, tutoring, study skills and related workshops, special services for students with disabilities, and advocacy. SSS participants are also eligible for financial assistance in the form of grant aid and scholarships. All services are aimed at increasing the student's academic success. Students interested in becoming a Student Support Services participant may contact the office at 145 Sparks Hall, 404/413-1680. Please visit the SSS website at www.gsu.edu/oeo/ss.html.

Child Care Access Means Parents in School (CCAMPIS), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to increase access to postsecondary education for low-income parents by providing quality, affordable and accessible child care services while they further their education. In partnership with the Georgia State Child Development Program, Student Support Services (SSS) participants are eligible to receive child care assistance as they pursue their academic goals. CCAMPIS will pay 50% of child care costs. Students interested in becoming a CCAMPIS participant may contact the office of SSS at 145 Sparks Hall, 404/413-1680. Please visit the SSS website at www.gsu.edu/oeo/ss.html.

The Ronald E. McNair Post Baccalaureate Achievement Program (McNair), a federally funded program within the Office of Educational Opportunity and TRIO Programs, is designed to prepare low-income/first generation and underrepresented students for doctoral study. Program activities/services include:

- Guidance in establishing educational and career goals
- Research opportunities for participants who have completed their sophomore year of college
- Faculty mentoring
- Seminars/symposiums and other scholarly activities designed to prepare students for doctoral studies
- Academic Counseling
- Assistance in securing admission and financial aid for enrollment in graduate programs
- GRE preparation
- Assistance with technical writing skills
- Assistance with oral presentation skills

Students interested in participating in the Ronald E. McNair Post Baccalaureate Achievement Program, may contact the office at 152 Sparks Hall, 404/ 413-1688. Please visit the McNair website at www.gsu.edu/oeo/ronald_e_mcnair_program.html.

1516 Health Services

The GSU Clinic can meet all of your primary care and urgent health care needs on campus. The staff includes physicians, nurse practitioners, nurses, and medical assistants. The clinic is located in 141 Piedmont Ave, Ste. D, and office hours are 8 a.m. - 8 p.m. Monday –Thursday and 8 a.m. – 5 p.m. Fridays with the last appointment 30 minutes prior to closing. During Spring Break and summer, the clinic hours are 8 a.m. to 5 p.m.

Appointments are required for visits, but urgent visits may walk in and be seen on a priority basis.

You must be a currently registered student to receive services. Always bring your Panther Card and picture identification. We file Georgia State student insurance, but other insurance plans are not accepted. Payment is expected at the time of service by cash, check, credit, or debit card. The clinic cannot take over the phone payments. Please call 404/413-1930 for an appointment or other information, or visit the website at www.gsu.edu/health.

- **Primary Care:** Visits and medical advice are FREE — fees are charged for tests, supplies, and medicines. Primary care includes diagnosis and treatment of common illnesses and chronic medical problems, wellness visits, annual physicals, STD checks and treatments.
- **Minor Emergency:** Wound care including stitches, asthma care, first aid, and assessments and referrals are provided. The Clinic does NOT treat serious, life-threatening or limb-threatening illnesses or injuries. **In case of a true emergency on campus, please call 911** for an ambulance, and then call the university police at 3-3333. The police can direct the ambulance to the location of the emergency. The university police can also assist if someone has a minor emergency while on campus and cannot get to the clinic without assistance. Clinic personnel cannot leave the clinic to attend to minor emergencies that occur at other campus locations, so please call the campus police to help bring the patient to the clinic.
- **Sports Medicine:** Sports participation physicals are provided free. Minor injury care is provided through our Orthopaedic clinic, which is held on Thursdays from 9 am to 12 pm. You must call for appointment.
- **Women's Health:** Please schedule appointments for gynecological exams, PAP smears and birth control advice. Contraceptive pills and shots along with emergency contraception and pregnancy tests are available and can be provided for a fee. Prenatal care is not provided.
- **Health Education:** A variety of topics are offered such as safe sex information, weight control advice, healthy lifestyles, and diabetes management.
- **Prescriptions Dispensed:** As part of your visit to the clinic, the doctor can dispense pre-packaged prescription medicines at a discounted price — antibiotics, allergy and cold medicines, ear and eye drops, birth control pills, dermatological creams, and more. Outside prescriptions cannot be filled at the clinic. Students with the Georgia State student insurance may receive medications without a co-payment. Otherwise there is a co-pay for labs and procedures.
- **Immunizations:** All shots and laboratory tests (titers) needed to complete the immunization requirement for registration (Board of Regents policy) are available at the GSU Clinic through the immunization department. Please call 404/314-1940 for information. Vaccinations and tests provided by the immunization department are MMR, Rubella, Meningitis, Hepatitis A and B, Tetanus/Diphtheria, Varicella (chickenpox), and PPD (tuberculosis) skin tests. Allergy shots can be given only after a consultation visit with the clinic doctor, along with a previous diagnosis and prescription of serum from an allergy specialist.
- **Laboratory Tests:** Affordable testing is available at deeply discounted prices. A few examples are urinalysis, urine culture, throat culture, thyroid panel, lipids (cholesterol) panel, gonorrhea-chlamydia, HIV blood test, and pregnancy tests. You must have an office visit with the doctor or nurse practitioner before a laboratory test can be ordered.

1518 Intercollegiate Athletics

Georgia State University has an intercollegiate athletics program that competes at the highest level as a member of the National Collegiate Athletic Association (NCAA) Division I and the Colonial Athletic Association (CAA). Other members of the CAA include: Delaware, Drexel, George Mason, Hofstra, James Madison, Northeastern, Old Dominion, Towson, UNC Wilmington, VCU, and William and Mary.

Georgia State sponsors 18 sports programs, including baseball, basketball, cross country, football, golf, soccer, tennis, and track and field for men, as well as basketball, cross country, golf, soccer, softball, tennis, track and field and volleyball for women. Additional participation opportunities for female students will be added in the near future.

Georgia State abides by all rules and regulations of the NCAA and CAA for all athletics competition, and student-athletes must meet all admission and eligibility requirements in order to compete.

Georgia State's athletics teams, known as the Panthers, compete not only against conference opponents but also other top-ranking teams around the nation. Georgia State teams and individual student-athletes have gained regional and national recognition.

For further information call 404-413-4000 or visit the athletics website at www.georgiastatesports.com.

1522 New Student Programs and Parent Relations

The Office of New Student Programs and Parent Relations introduces new undergraduate students to Georgia State University by offering orientation programs that facilitate student integration into curricular, co-curricular, and University life. The office also

provides programs that enhance student development through involvement and leadership opportunities and offers programs that integrate parents and families into the Georgia State community.

The Office of New Student Programs and Parent Relations reaches its mission by implementing the following programs: Incept: New Student Orientation, Panther Welcome, Freshman Convocation, Family Weekend, Parents Association, Parent Programs, Alpha Lambda Delta Freshman Honor Society, and Tau Sigma Transfer Honor Society. The Office of New Students Programs and Parent Relations is located in 265 Student Center. For more information call 404/413-1570 or visit www2.gsu.edu/~wwwnew.

1522.10 Parents Association

The Georgia State University Parents Association provides parents of Georgia State students with an opportunity to remain actively involved with their student in their journey together through the college experience. Parents who join the Association have special access to Georgia State including many wonderful events and programs that happen each day on campus. The organization strengthens connections by providing publications, programming, and a variety of involvement opportunities for its members. The Parents Association is led by an executive board of parents of current Georgia State University students. The Parents Association holds at least one general membership meeting a year and several executive board meetings each semester. The Parents Association maintains a website, an online list serve, and publishes several newsletters during the academic year to keep members informed and connected to the Association. For more information on the Parents Association call the Office of New Student Programs and Parent Relations at 404/413-1570 or visit the website www2.gsu.edu/~wwwnew.

1524 Ombudsperson

The Office of the Ombudsperson confidentially assists all members of the campus community with informally resolving conflict or other concerns and issues. The Ombudsperson listens, answers questions, makes referrals, explains University policies and procedures, and mediates between individuals or groups in a dispute to resolve conflict. Mediation and facilitation services offered by the office give all persons involved in conflict the opportunity to discuss problems and cooperate in generating options for resolving disputes. The office also provides training and education in several areas including conflict resolution, respectful communication, cultural awareness, and civility. The Ombudsperson does not have power to adjudicate, arbitrate, or investigate complaints. Individuals who have questions or concerns about classroom environment, interpersonal conflicts, appeals processes, university policies, fair treatment, communication difficulties, or need help with resolving other university concerns are encouraged to call or visit the office to attempt informal resolution prior to filing formal complaints. The Office of the Ombudsperson is located at 215 One Park Place and can be reached by telephone at 404/413-2510, or via the web at www.gsu.edu/ombuds.

1526 Recreational Services

The Indian Creek Lodge is available for use (pending approval), for a fee, by chartered university student organizations and departments for retreats, parties and meetings. It is not for personal use. Located on a 100-acre site in southern DeKalb County, the Panthersville area provides lighted playing fields and other accommodations for sport clubs, intramural activities and varsity athletic competitions.

Complete information on all scheduled recreation activities, programs, facilities, and regulations is available in the Recreation RAP-UP, published each semester, online at www.gsu.edu/recreation, or by contacting the Recreational Services office in suite 200, Student Recreation Center, or by calling 404-413-1750 or 1780.

1528 Student Health Promotion

Student Health Promotion (SHP) envisions a healthy Georgia State University in which all members of the campus community are healthy, safe, and drug free.

SHP values cultural diversity and inclusiveness, and supports social justice efforts in all public health programming.

The mission of SHP is to provide and support health promotion services, events, programs, and community partnerships that increase health literacy, communication, choices and/or advocacy. SHP supports its mission by providing services, events and programs in five key areas of public health:

1. **Alcohol, Tobacco, and Other Drug Prevention:** includes events and programs related to substance use, misuse and abuse.
2. **Health and Safety:** includes events and programs on topics such as pedestrian and driver safety, cancer prevention, illness prevention, and personal hygiene.
3. **Healthy Nutrition:** includes events and programs on topics such as healthy eating habits, healthy cooking demonstrations, eating disorders and healthy body image.
4. **Healthy Sexuality:** includes events and programs on topics such as safer sex, sexually transmissible infections, contraception and sexuality. It also includes confidential HIV testing.
5. **Violence Prevention:** includes events and programs on topics such as sexual assault, domestic violence, anger management, and suicide prevention.

1530 Student Government Association

The Student Government Association has existed through the years as the representative body of the students of Georgia State University. The university adheres to the philosophy that self-government is a catalyst for student development. The SGA exists as a means of student self-government and enables elected students to express the opinions of their fellow students in seeking betterment of the university in general. Services provided by SGA include free blue books and scantron forms (limit 2 per day), local facsimile use (1 per day), free black/white copies (10 per day), and computer and local phone use. The SGA office is located in Suite 370 of the Student Center, 404/413-1600.

1534 Student•University Center

Known as the campus meeting place to study, eat, attend a meeting and learn about campus life, the Student•University Center is a centrally located and convenient place for Georgia State University students and faculty. With a mission to enhance the quality of student life, to facilitate a sense of community, and contribute to the learning environment, the Student *University Center hosts over 5,000 programs each year and 20,000 guests daily. This is accomplished through playing host to chapter meetings, student group functions, Panther Prowl, Miss GSU, Spring Fling, department meetings, and other events. With over 28,000 square feet of meeting room space, including a 425-seat Auditorium and spacious Ballroom, the Student•University Center continues to be the hub of campus involvement.

This facility serves as the home to many student services offices, the Student Government Association, Student Activities, University Housing, New Student Programs, Civic Engagement, Disability Services, African-American Student Services and Programs, the Dean of Students, University Honors Program, Digital Aquarium Computer Lab, Student•University Center Administration, Student Reservations and Spotlight Programs Board.

There is also Courtyard food court, ATMs, Information Center, E-mail stations, discount tickets to area attractions, three unique student lounges, student organization offices, chapter rooms for many of the university's fraternities and sororities, WRAS-FM, *Signal*, GSTV, Cinefest Theater, Panther Place Lounge, Honors Program, and University Career Services. More information and current building hours can be found online at www.gsu.edu/studentcenter or by calling either the Student Center information desk at 404/413-1850 or University Center information desk at 404/413-1852.

1534.10 Student Programs

Spotlight Programs Board is the student run programming board on campus. Spotlight is responsible for planning entertainment, both social and educational, for the diverse Georgia State student body. Spotlight currently has eight committees: Cinefest, Concerts, Graphic Design, Homecoming, Membership, Public Relations, Panther Prowl, and Special Events. Information about activities or how to get involved can be found at www.gsu.edu/spotlight or by calling 404/413/1610 or visiting 380 Student Center.

The Miss Georgia State University Scholarship Pageant is part of the Miss America Organization and it is held in the spring semester.

Campus Events Council provides social, educational, and cultural programming to enhance knowledge and broaden the experiences of Georgia State University students, faculty and staff. Supported by student activity fees, Campus Events brings the campus community together by organizing events that will appeal to the varied student body at Georgia State University. Campus Events brings the annual speaker series, exposure to a variety of performing and fine art events and musical talent, coordinates

special events such as GSU Night at the Aquarium and a faculty-student connections program. For more information, please contact Campus Events at 404-413-1876, e-mail campusevents@gsu.edu, or visit www.gsu.edu/studentevents or in person at University Center Suite 400.

1534.20 Leadership Development

Leadership Development provides programs and services designed to assist students in their growth and development as leaders on and off campus. From small roundtable discussions to large-scale conferences such as the annual Leadership Conclave, Leadership Development addresses the needs of experienced as well as emerging leaders. Student organizations looking for specific leadership training for members are encouraged to contact our office to set up training sessions. More information is available online at www2.gsu.edu/leadership or by calling 404/413-1588.

1534.30 Student Media

All students are invited to become involved with the student media organizations on campus. Whether it is music, writing, reporting, editing, producing videos, photography, or just great experience and friendships, these organizations offer something for everyone.

GSTV, Georgia State's closed-circuit television station, can be seen on channels 74 & 75 at the Georgia State Commons and University Lofts. GSTV also hosts student-produced content on its website. The office is located in 205 University Center or visit online at www.gstvonline.org/.

WRAS-FM is the 100,000 watt student voice of Georgia State. On the air since 1971, WRAS has won local and national awards for its cutting edge format. Also known as Album 88, WRAS is programmed solely by Georgia State students. The office is located in 280 University Center or visit online at www.wras.org/.

The Signal is the university's student newspaper and **The Urbanite** is its monthly arts & entertainment journal. They serve as a learning workshop and source of journalistic, marketing, and photographic skills. *The Signal* is published every Tuesday and *The Urbanite* monthly during the academic term. They can be found in over 50 locations on campus. The office is located in 200 University Center or visit online at www.gsusignal.com.

New South (formerly known as *GSU Review*) is the university's literary magazine published by and for students, showcasing literary and artistic contributions from across the country. *New South* also stages readings from Georgia State students throughout the year on and off campus. The office is located in 946 General Classroom Building or visit online at www.review.gsu.edu.

1534.40 Student Organizations

Many student organizations exist on campus to help students achieve social, professional, academic, and cultural goals, and all students are encouraged to participate in student events and organizations as their interests develop. The student organizations staff also offers leadership programs and education for organization offices, members and advisors. Student activities and organizations are provided for regularly enrolled students. Currently, there are more than 270 chartered student organizations on campus. A listing of all chartered groups and qualifications can be found online at gsu.netclubmgr.com or from Student Activities, 330 Student Center, 404/413-1580.

1534.50 Honor Societies

The university encourages student excellence in both academic and co-curricular activities through a large number of honor societies. Examples of these are: Alpha Lambda Delta (freshman), Alpha Psi Omega (performing arts), Alpha Upsilon Alpha (literacy), Chi Sigma Iota (counseling), Gamma Theta Upsilon (geography), Golden Key National Honor Society (general), National Residence Hall Honorary (housing), National Society of Collegiate Scholars (first and second year students), Omicron Delta Kappa, Order of Omega (Greeks), Phi Chi Theta (business), Phi Sigma Tau (philosophy), Psi Chi (psychology), and Tau Alpha Chi (tax), National Honor Society of Scabbard and Blade (Army ROTC). More information about these campus organizations can be found in Student Activities or online at gsu.netclubmgr.com or by calling 404/413-1580.

1534.60 Professional Organizations

A large number of nationally chartered student groups to promote specific professions operate on the campus, some of which are: Actuarial Science Club, Alpha Eta Rho (aviation and transportation), Alpha Kappa Psi (business), American Marketing Association, Art Student Union, Applied Linguistics and ESL Graduate Student Association, Delta Sigma Pi (business), Robinson PhD. Fellows, Environmental Law Society, James Oglethorpe Legal Society, Journalism History Society, Minority Pre-Med/Pre-Dental Association, National Organization for the Professional Advancement of Black Chemists and Chemical Engineers, National Student Speech-Language-Hearing Association (NSSLHA), Nursing Students at Georgia State University, Pre-Law Club, Philosophy Forum, Nutrition Student Network, National Society of Minorities in Hospitality, Religious Studies Forum, Rho Tau Organization, and Sociology Club. More information about these campus organizations can be found in Student Activities or online at gsu.netclubmgr.com or by calling 404/413-1580.

1536 University Career Services

University Career Services (UCS) is a comprehensive career center with programs, services, information, and counseling to assist students with career decisions, as well as preparation for and implementation of successful job and graduate /professional school searches. UCS works with undergraduate and graduate students from the first year on campus through the one year anniversary of

their graduation. Students from all majors and areas of study, from all class levels, and from across all colleges, are served at UCS.

Workshops, information and career counselors are available to help students assess their individual talents, skills, and interests, and to set career goals. Programs and materials, employer panels, employer information sessions, and career fairs provide up-to-date information for use in exploring careers and researching employers.

Career counseling is available by appointment. UCS offers both individual sessions and group sessions, always with the goal of helping students connect their passion and purpose with career opportunities. The career counselors also provide career assessments, which aid students in exploring career possibilities based on values, interests, and personality.

University Career Services also has programs and services that connect students and employers for internship and career opportunities, as well as employment to meet expenses while attending school. Regular workshops, employer events such as mock interviews and résumé critique days, and online information help students prepare résumés, and develop interviewing and other job search skills.

The Graduate and Professional School Planning program assists students exploring advanced degree opportunities, either here at Georgia State University or at another campus within the United States or abroad. This program has materials to assist students in researching programs as well as support in making application. This program also sponsors the fall Graduate and Professional School Fair, which brings graduate school recruiters from across the country to meet interested GSU students.

The Career Resource Center (CRC) is the central point of contact for students and contains workstations with access to online career guidance, job postings, graduate/professional school information, and employer research databases. The CRC also houses career-oriented books and multimedia materials for researching career and advanced degree opportunities.

Résumania is the walk-in résumé and c.v. review service, available Monday through Friday, 9a.m. to 3p.m. No appointment is needed. Résumania takes place in the CRC.

All Georgia State University students have an account on Panther Career Net, a web-based career management system utilized by students, employers and the career services staff. Activation of the account (completing a profile and uploading a résumé if seeking employment) provides 24/7 on and off-campus access to many of the Career Resource Center's online resources, as well as easy application to jobs, and information about career events and employers. Activation requires use of one's campus ID and password.

For more information, visit the office of University Career Services in 260 University Center or call 404/413-1820 or visit the website at www.gsu.edu/career

1538 University Committees

1538.10 University Senate Committee on Student Life and Development

The University Senate Committee on Student Life and Development is a joint student-faculty advisory committee to the dean of students. The committee is a standing one, as called for in the bylaws of the University Senate, and is responsible for chartering new student organizations; recommending and reviewing proposed changes in university policy that relate to student programming and development; reviewing student fee and code of conduct changes; and facilitating communication among students, faculty, and administrative staff.

1538.20 Student Activity Fee Committee

The Student Activity Fee Committee, including five fee councils, is comprised of students, faculty, and staff members appointed by the Vice President. This committee is responsible for reviewing requests for funds generated by the student activity fee and making recommendations to the President for the allocation of those funds.

1538.30 Committee on Student Communications

The Committee on Student Communications is an advisory committee to the dean of students and has decision-making responsibility in relation to the business of and annual budget allocations for all student-operated media. Its chief functions are to interview candidates to fill the editorial and managerial positions for each of the student-operated media, to make recommendations for general policy to the dean of students, and to resolve disputes between members.

1538.40 Student Technology Fee Subcommittee

The Student Technology Fee (STF) Subcommittee of the Senate Committee on Information Systems and Technology (IS&T) meets annually to review proposals for expenditures of monies from the Student Technology Fee and makes recommendations for allocations to the Fiscal Advisory Committee to the President. For additional information, check the following website www.gsu.edu/techfee and www2.gsu.edu/~wwwsen/committees/facp/.

1540 University Housing

Housing accommodations for single undergraduate students are available in the Georgia State University Commons, University Lofts and the new Freshman Housing suites. These residence halls offer a variety of life-style living options that can be requested on the on-line application.

The Commons opened in August 2007 and houses approximately 2,000 Georgia State undergraduate students. It offers convenient, apartment-style housing in a quadrangle of four residence halls. The two and four bedroom apartments include a full-sized kitchen, a fully furnished living/dining room, and a bathroom for every two residents, and private bedrooms. Private bedrooms have basic cable television and internet connections. The kitchen features a refrigerator, dishwasher, oven, microwave, and local phone service.

The University Commons community spaces include floor lounges, multipurpose activity space, meeting rooms, laundry rooms, a mailroom distribution center, and retail food services. Limited parking is also available for an additional cost but it is not guaranteed. Safe and convenient access is provided through a 24-hour card-key access system and guest check-in at residence hall entry. Georgia State police officers are on-site 24 hours a day. The University Commons offers a variety of themes life-style living options, and is home to residential Honors Program students and Panther athletes.

The University Lofts residence hall houses approximately 450 residents and is conveniently located adjacent to campus. The University Lofts is primarily an undergraduate apartment-style residence hall for first and second year students. The Sophomores Achieving in Life (S.A.I.L.) community occupied the top three floors. The Lofts are fully furnished loft style apartments that blend urban style with modern-day conveniences. There are studios, one, two and four-bedroom apartments. The apartments include living areas, both private and shared bedrooms, a full-bath for every three residents, and a full kitchen with a refrigerator, dishwasher, stove, oven, and garbage disposal. Safe and convenient access is provided through a 24-hour card-key access system for residence hall access and guest check-in. The Lofts community spaces include an activity lounge, meeting room, laundry room and the University Housing Learning Center and classroom. Lofts resident parking is managed by Auxiliary and Support Services (www.gsu.edu/parking) and is available at an additional monthly cost.

The new Freshman Housing suites opened in Fall 2009 and offers one and two-person suites adjoined by a full bathroom. This new residence hall offers a comprehensive first-year student program, a state of the art dining facility and the cost for this residence hall includes a meal plan. Freshman Housing parking for this complex is managed by Auxiliary and Support Services and is available at an additional monthly cost.

University Housing's residence halls are desirable in-town locations and located within minutes of academic buildings, the Student Recreation Center, the Student University Center, and most major attractions in Atlanta. Enjoy the advantage of on-campus living with other students pursuing their education at Georgia State. All University Housing residence halls meet all requirements of the Americans with Disabilities Act.

The housing costs for the Commons and the Lofts include rent, furniture, all utilities, internet and wireless areas and basic cable television and internet connections. For more information, contact University Housing in person at 250 Student Center, by phone at 404/413-1800, by e-mail at housing@gsu.edu, or by visiting the Housing Web site at www.gsu.edu/housing.

1600 Teacher Preparation

pef.gsu.edu/

The university offers a wide range of educator preparation programs for students who wish to become public school teachers. Some of these programs are administered within the College of Arts and Sciences and some are administered within the College of Education. All undergraduate educator preparation programs are overseen by the Professional Education Faculty, which has membership from both colleges and is advised by Atlanta-area schools. The **undergraduate** programs and college of enrollment are listed below:

Teaching Field	College of Enrollment
Art: preschool through 12th grade	Arts and Sciences
Birth Through Five: Infants through Kindergarten	Education
Early Childhood Education: preschool through 5th grade	Education
French: preschool through 12th grade	Arts and Sciences
German: preschool through 12th grade	Arts and Sciences
Health and Physical Education: preschool through 12th grade	Education
Health Science Technology Education: 7th through 12th grade; nondegree	Education
Latin (Classical Studies): preschool through 12th grade	Arts and Sciences
Middle Level Education: 4th through 8th grade	Education
Music Education: preschool through 12th grade	Arts and Sciences
Spanish: preschool through 12th grade	Arts and Sciences
Trade and Industrial Education: 7th through 12th grade; nondegree	Education

Initial certification programs in behavior/learning disabilities, communications disorders (speech-language pathology), early childhood education, educational leadership, English education, mathematics education, media specialist, middle childhood education, multiple and severe disabilities, reading specialist, school counseling, school psychology, science education, social studies education, special education, and teaching English as a second language are offered at the **graduate** level.

Educator preparation programs at Georgia State University are field-based; that is, much of the coursework requires structured participation in school settings. Therefore, students must be available for coursework that will be scheduled during elementary, middle, and secondary school hours, typically 8 a.m. to 3:30 p.m. Students will find it necessary to be free of other obligations during the term of student teaching and will find it highly desirable to have few other commitments during the term in which blocks of coursework must be taken. Blocks are comprised of 6 or 12 hours of coursework, which are taken in the same academic term (i.e., fall semester only) and are field-based. Exit requirements for teacher education are satisfied by successful completion of student teaching. Additional requirements exist for specific programs.

Preparation for Prospective Teachers at the Middle Level (4-8) or Secondary Level (6-12) or of ESOL Students (P-12)

Students interested in applying to a Master of Arts in Teaching program in the Department of Middle-Secondary Education and Instructional Technology or who wish to explore the possibility of teaching in a content area (gr. 4-8 or 6-12) or in English as a Second Language classrooms (ESOL, preschool -12) are encouraged to take pre-education courses such as the following as part of their undergraduate preparation: EDCI 3250 Introduction to Teaching in the Secondary School; EDLA 3200 Topics in Middle Grades Language Arts; EDMT 3350 Topics in Middle Grades Math; EDSC 3250 Topics in Middle Grades Science; EDSS 3400 Topics in Middle Grades Social Science and History; EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities; or IT 3210 Teaching, Learning, and Technology Integration.

General information for preparing to teach in these areas can be found below. For more information on specific program admission requirements for the various M.A.T. programs in the Department of Middle-Secondary Education and Instructional Technology, see those program descriptions in the GSU Graduate Catalog.

English as a Second Language Education (P-12)

Prospective teachers of ESOL students in Georgia may choose any major but should complete at least two sequential semesters of a foreign language. Courses in applied linguistics and English grammar are also encouraged. Upon completion of an undergraduate degree, students should apply for the M.A.T. in Reading, Language, and Literacy Education which leads to certification as an ESOL teacher (P-12) and a reading endorsement.

Middle Level Education (4-8)

Prospective teachers of middle level education (MLE) level should focus on two content areas, either Language Arts/Social Studies or Math/Science, as part of their undergraduate preparation.

- For MLE language arts and social studies, students should major in either English or history and take at least 12 hours of upper division coursework in the second area. Within their undergraduate program, students should address the following areas: children's literature, grammar, composition, literature or folklore, geography, world history, Georgia history, and US history.
- For MLE mathematics and science, students should take at least 12 hours of mathematics and 12 hours of science as part of the undergraduate preparation. Within the undergraduate program, students should address the following areas: life science, earth science, physical science, geometry, algebra, number theory, and probability/statistics.
- Upon completion of an undergraduate degree, students should apply for the M.A.T in Middle Level Education which leads to certification in grades 4-8 in two areas of concentration (either Language Arts/Social Studies or Math/Science.)
- Students who do not follow the suggested preparation for Middle Level Education may be able to enroll in the M.A.T program, but additional coursework will be necessary prior to completion of the program and recommendation for certification.

Secondary Education (6-12)

Students interested in teaching English, Mathematics, Science, or Social Studies (history, political science, economics, geography or behavioral science) at the middle and secondary level should major in Arts and Sciences in the concentration in which they would like to teach. Upon completion of an undergraduate degree, students should then apply to the appropriate MSIT Master of Arts in Teaching program in the College of Education.

1605 Entry into Teacher Education

Admission to Georgia State University and to the College of Arts and Sciences or the College of Education (as indicated above) is prerequisite to entry into teacher education. The minimum criteria for entry into teacher education are listed below.

- Students must have successfully completed Area A (Essential Skills) of the undergraduate core curriculum with a grade of "C" or higher for each course.
- Students must demonstrate competence in oral communication. Screening takes place in all education courses. At any time during their courses of study, students may be referred to the Georgia State Speech–Language–Hearing Clinic. There, screening assesses the basic communication skills adults are expected to exhibit during communication in professional settings: hearing, articulation, fluency, appropriate grammar, comprehension of spoken language, and the ability to use appropriate voice quality. Completion of referral, evaluation, and the remedial process is necessary for continuation in the program.
- Students must have demonstrated competence in mathematics and science by successfully completing Area D (Science, Mathematics, and Technology) of the undergraduate core curriculum.
- Students must have a minimum grade point average of 2.50 based on all undergraduate coursework attempted. For students pursuing degrees in some majors, the minimum grade point average requirement is 2.75. Students are encouraged to contact their academic advisors for information regarding the grade point average requirement for their specific majors.
- Students must complete a separate application and pay an application fee. Students must also show proof of Tort liability insurance and criminal background check. See section 4000 College of Education in this catalog or visit the College of Education Office of Academic Assistance web site, education.gsu.edu/oa/, for more information.
- Students must have successfully completed the Regents' Test (all portions).
- Students must have successfully completed EDUC 2110 Investigating Critical & Contemporary Issues in Education with a grade of "C" or higher.
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement".

Contact the Counseling Center (404/413-1740) or the College of Arts and Sciences Office of Academic Assistance or College of Education Office of Academic Assistance and Graduate Admissions for an examination schedule and application form. Students interested in teacher education are encouraged to take the GACE Basic Skills Assessment as soon as they complete Area A of the undergraduate core curriculum.

Additional criteria, including departmental requirements, may be added. Students are assigned an advisor to plan an appropriate course of study within the guidelines provided by this catalog. Entry into teacher education is a prerequisite for courses designated "(TE)" in the course description section.

1610 Educational Field Experiences and Student Teaching

1610 Educational Field Experiences and Student Teaching

Field Experience Placement Policies

Below are the policies governing the field placements of students in sites and schools. All students must comply with the prerequisites for placements and the continuing requirement to report any criminal events, and must acquire tort liability as outlined in the sections which follow.

Field Placement - Prerequisites

GSU students enrolled in educator preparation programs or in education coursework requiring field-based experiences must fulfill the GSU prerequisites set forth below before the University will initiate field placement efforts. However, fulfilling GSU's prerequisites is not a guarantee of placement for a field-based experience or licensure by the Georgia Professional Standards Commission.¹ Field placement sites/schools set their own placement requirements and may have additional requirements before a placement is finalized.

As a prerequisite, students must:

1. provide written consent to a criminal background check with a vendor designated by GSU for the purpose of obtaining copies or summaries of any criminal records pertaining to the student that are held by any local, state or federal government agency or private entity; and
2. if the criminal background report indicates the student has prior convictions,² as defined by the Georgia Professional Standards Commission, or pending criminal charges against him/her, then the student must also provide written consent for the release by GSU of the student's criminal background report to field placement sites for review and decision regarding acceptance for field placement at the site. GSU will not release the report to field placement sites for placement purposes without student consent. GSU may cross-reference a student's criminal background history with the information supplied on the student's application for admission to GSU. Misrepresentations revealed by such cross referencing may result in sanctions up to and including revocation of admission to the University.

GSU will contact the student if his/her criminal background report indicates prior criminal convictions and/or pending criminal charges. The student will have the opportunity at that point to:

- A. Provide written consent allowing GSU to forward the criminal background report to field placement sites for their review and decision regarding field-placement at their institution for student teaching. No field placement attempts will be initiated by GSU for students with prior convictions or pending charges except with such a consent;
- B. Withdraw from GSU's field placement process. Student must also formally withdraw from any corresponding GSU courses for which field placement is a requirement to avoid earning a failing grade; or
- C. Contest the accuracy of the report with the background check vendor or reporting entities. No further attempts will be taken to place the student in the field unless the student subsequently consents to GSU's release to field placement sites of the student's criminal background report or the submits official documentation showing to the University's satisfaction that the background check report was erroneous.

Field Placement – Continuing Duty to Report Criminal Events

In addition to the continuing duty Georgia State University students have to report criminal events that occur after application to the University per the Georgia State Student Code of Conduct, students enrolled in educator preparation programs or in education coursework requiring field-based experiences must (1) report to the College of Education Office of Academic Assistance any criminal events described below that occur after the criminal background check required for field placements was conducted (notice to COE Academic Assistance must be made within 72 hours of the student's notice of the event); (2) consent to a new criminal background check; and (3) provide written consent for the release of the criminal background report and all information about the criminal event to any field placement site at which the student is currently student teaching or at which GSU attempts to place the student in the future. Failure to comply with the notice requirement described herein may result in sanctions up to and including immediate withdrawal from the University. Failure to comply with the criminal background check and release of information requirement described herein will result in immediate removal from all current field placements and courses and denial of future requests for field placement.

1. Conviction of a crime other than a minor traffic violation.
2. Criminal charges filed against the student.
3. Entering a plea of guilty, a plea of no contest, a plea of nolo contendere, an Alford plea, or a plea under any first offender act in response to charges filed against the student.

Policy Regarding Tort Liability

Teacher education students are required to purchase tort liability prior to placements in field experience courses, practica, or student teaching. Students will be expected to show proof of coverage to program coordinators/supervisors prior to field placements.

Student Teaching

Educational field experiences and student teaching are clinical in nature. They are designed to complement the humanistic, behavioral, and pedagogical studies in teacher education and to offer experiences in a variety of settings.

At the baccalaureate level, a sequence of clinical and field experiences is planned to complement the professional education courses included in the students' programs of study.

The Opening School Experience provides practical experience in the school and classroom setting during the week of preplanning and the first week of school. Students learn effective procedures necessary for setting up a classroom at the beginning of the year. This takes place at the beginning of the students' senior year prior to the student teaching experience. Students in early childhood education and health and physical education must apply for this experience in advance and must register for the course during early registration of the fall term of the year in which the experience takes place. Students should check with their departments for the deadlines to apply for their Open School Experience.

Student teaching is the culmination of the clinical field experiences. Student teaching involves full participation by the students for at least one full academic term. Because student teaching constitutes a full load of academic credit, it is recommended that the students attempt neither regular employment nor other courses during the term of student teaching.

To be eligible for enrollment in student teaching, students must be admitted to teacher education and have:

- successfully completed the specific required courses of the program;
- earned an overall grade-point average no less than 2.50 (2.75 for early childhood education majors) the term prior to the student teaching experience;
- earned a minimum grade-point average of 2.50 (2.75 for early childhood education majors) in the major teaching area courses and in professional education courses. (Students who earn a grade of "C-," "D," or "F" in a major teaching field or professional education course must repeat that course and earn a grade of "C" or higher. The grade of "C," "D," or "F" will still be included in the overall grade-point average.) Early Childhood Education and Middle Level Education majors must earn a grade of "B" or higher in majors courses specified in the program of study.

The Professional Education Faculty believes that all students who are in field experiences must be personally and psychologically equipped as well as academically prepared. Students may be denied entry to field experiences based on departmental prerequisites or the professional judgment of faculty based on observed performance and behavior. This policy is based on the premise that educators should be part of the evaluation of the students' ability to function adequately and safely in classrooms and that educators have a right and responsibility to make such judgments prior to placing students in schools.

The practicum or student teaching supervisor has the authority to withdraw students from their classroom experience if their performance constitutes a detriment to the children in the class. If such removal is necessary, students will be given an F in each corresponding course.

Applications and deadlines for student teaching are posted at education.gsu.edu/oa/951.html.

Failure to submit applications on or before prescribed deadline dates will result in a delay of one or more terms in student teaching or practicum placement. Further information regarding educational field experiences, practicum, and student teaching experiences for each major is available from the appropriate department in the College of Arts and Science or the College of Education.

An additional lab fee of \$125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra costs such as tort liability and transportation will be incurred at various times during the completion of the various teacher education field experiences, particularly during the students' senior year.

Final Student Teaching Seminar

At the completion of the student teaching semester, all students who are eligible for certification must attend a final seminar to complete all requirements. Information concerning this seminar will be sent to the students.

Criteria on Academic and Professional Integrity

The College of Education is committed to upholding standards of academic and professional integrity. These standards require that students enrolled in undergraduate and graduate programs within the College of Education adhere to both the University's Student Code of Conduct as described on-line at www2.gsu.edu/~wwwdos/ as well as their individual degree program's Policy on Student Professionalism, Integrity and Retention. Students should contact their department for a copy of their degree program's policy.

¹ The Professional Standards Commission was created by the Georgia General Assembly as of July 1, 1991, to assume full responsibility for the certification, preparation, and conduct of certified, licensed, or permitted personnel employed in the public schools of the State of Georgia. The Commission is also responsible for the development and administration of teacher certification testing. The Commission handles the investigation, advisement, monitoring, and due process of cases associated with educator discipline. In 1999, the Georgia Teaching Force Center was placed in the Georgia Professional Standards Commission for administration purposes. The Teaching Force Center is one component of the Georgia P-16 Council's Title II Plan for having a Qualified Teacher in every Classroom in Georgia by 2006.

2 Conviction includes a finding or verdict of guilty, or a plea of nolo contendere, regardless of whether an appeal of the conviction has been sought; a situation where first offender treatment without adjudication of guilt pursuant to the charge was granted; and a situation where an adjudication of guilt or sentence was otherwise withheld or not entered on the charge or the charge was otherwise disposed of in a similar manner in any jurisdiction.

1615 Teacher Certification

Teachers and other educational personnel must be certified by the Georgia Professional Standards Commission to be employed in the state's elementary, middle, and secondary public schools. Private elementary and secondary schools may also require state certification for employment.

Completion of Teacher Education Requirements: A requirement for initial certification in Georgia is completion of teacher education requirements. This may be accomplished in one of the following ways at Georgia State University. (Options vary by program.) In all cases, "Entry into Teacher Education" criteria apply.

- Students may complete an approved educator preparation degree program as described in the College of Arts and Sciences or the College of Education chapter of this catalog.
- Students may complete or present a non-educator preparation bachelor's degree and all additional components of an approved educator preparation degree program.

Initial certification programs in Behavior/Learning Disabilities, Communication Disorders, Educational Leadership, English Education, Health and Physical Education, Library Media Technology, Mathematics Education, Multiple and Severe Disabilities, Reading, School Counseling, School Psychology, Science Education, and Social Studies Education are available only at the graduate level. The College of Education offers six Master of Arts in Teaching programs which prepare students for initial certification in the following fields: English Education, Mathematics Education, Middle Level Education, Reading, Language and Literacy Education (ESOL), Science Education, and Social Studies Education. See the current *Georgia State University Graduate Catalog* for more information on the university's master's level programs.

1620 University Recommendation

Students who complete a Georgia State University educator preparation program by one of the three methods above and who present a passing score or scores on the appropriate GACE Content Assessments may be eligible for the Georgia State recommendation for teacher certification. The College of Education's Office of Academic Assistance and Graduate Admissions can issue the recommendation to the prospective teacher shortly after Commencement following the term of completion of requirements.

1625 Application for Teacher Certification

Prospective teachers must apply for teacher certification. Applications are available online at www.gapsc.com. It is the students' responsibility to request the application and complete the submission process with the College of Education. The student, in a single package, must forward the application, the completed recommendation form, and official transcripts from all colleges attended to the Professional Standards Commission.

1630 GACE Content Assessments

Students seeking certification from the State of Georgia Professional Standards Commission are required to pass the GACE Basic Skills Assessment (or provide an exemption) and GACE Content Assessment in their fields.

The Georgia Assessments for the Certification of Educators is developed and administered by National Evaluation Systems, Inc. (NES®). Subject Assessments include the Professional Pedagogy Assessment, Paraprofessional Assessments, and Content Assessment Area tests. The GACE program helps the PSC meet its goal of ensuring that candidates have the knowledge and skills needed to perform the job of an educator in Georgia public schools. The GACE are aligned with state and national standards for educator preparation and with state standards for the P–12 student curriculum (Georgia Performance Standards). Information about the assessments is available at www.gace.nesinc.com and www.gapsc.com/.

Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement".

A requirement for teacher certification in the State of Georgia is a passing score on appropriate tests of the GACE Content Assessment series. This test is administered at various times throughout the year. Test applications are available at www.gace.nesinc.com. Unless otherwise indicated in a program description, passing the GACE Content Assessment is not a degree-program requirement. All initial certification students must submit copies of complete GACE Content Assessment scores (all pages of the score report) to the Office of Academic Assistance in order to be recommended for teacher certification by Georgia State University. Students are encouraged to take the test during the last term of enrollment.

Questions about teacher certification in other states should be addressed to the State Department of Education in the capital city of that state.

1635 Teacher Education Core

The teacher education core is common to all educator preparation programs in the College of Arts and Sciences and the College of Education. The core is comprised of the following three courses:

EDUC 2110 Investigating Critical and Contemporary Issues in Education

EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts

EDUC 2130 Exploring Learning and Teaching

1640 Professional Education Faculty (PEF)

The Dean of the College of Education is the presiding officer of the Professional Education Faculty. The faculty meets at least twice each year, once during Fall Term and once during Spring Term.

Quotidian governance of the Professional Education Faculty is conducted by the Professional Education Council, which consists of faculty members elected from the various teacher education areas, faculty members appointed by the Dean of the College of Education, students appointed by their departments, and school personnel representing Metro-Atlanta school systems. The chair of the Professional Education Council is elected annually, and the position alternates between members of the College of Arts and Sciences and members of the College of Education.

The Professional Education Faculty's primary duty is to promote and facilitate constructive interaction of the members of the Professional Education Faculty, especially along interdisciplinary lines, in the interest of maintaining excellence in professional education programs at Georgia State University. The council is served by four committees: The Executive Committee, which reviews the work of other committees and sets the agenda for council meetings; the Curriculum Committee, which reviews existing and proposed professional education programs; the Diversity Committee, which monitors and makes recommendations regarding the faculty's progress toward goals and outcomes stated in its Diversity Plan; and the Standards and Accreditation Committee, which reviews the Conceptual Framework, legislative and Professional Standards Commission actions affecting curriculum, criteria used by accrediting bodies in their periodic reviews of programs, and programmatic recommendations of relevant scholarly and professional associations.

Additional information about the Professional Education Faculty and its activities is available through the Internet at pef.gsu.edu/.

1645 Conceptual Framework

The Professional Education Faculty's conceptual framework illustrates its philosophies and purposes in regard to effective teacher preparation. The framework builds on the College of Education mission statement and includes the Professional Education Faculty's purpose, assumptions guiding our programs, and candidate outcomes. The conceptual framework is described fully at pef.gsu.edu/.

1650 Teacher Education Warranty

Georgia State University teacher education programs provide a limited warranty and guarantee the following:

- The Professional Education Faculty of Georgia State guarantees the quality of any educator that they recommend for initial certification in Georgia.
- Georgia State guarantees educators during the first two years immediately following graduation from Georgia State or following recommendation by Georgia State for an initial certificate, whichever occurs first.
- Any Georgia State educator in a Georgia school who fails to demonstrate essential skills can receive additional training at no expense to the educator or the employer.

2000 Andrew Young School of Policy Studies

Undergraduate programs in the Andrew Young School of Policy Studies are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

2010 Office of the Dean

404/413-0000

aysps.gsu.edu

2010.10 Mission

The Andrew Young School of Policy Studies was established in 1996 with the objective of achieving excellence in the design, implementation, and evaluation of policies that help guide society and the economy. To this end, the school has assembled a distinguished faculty and professional staff combining practical experience and scholarly credentials on a broad range of policy matters.

The school is committed to quality education, offering a variety of academic undergraduate and graduate degree programs as well as nondegree training programs. It engages in basic and applied research and outreach addressed to the ongoing management of policies and programs. The school houses several prestigious research centers focusing on the practical needs of governmental, nonprofit, and private-sector organizations in Atlanta, the state of Georgia, and the broader national and global communities. Degree programs in economics, international economics and modern languages, public policy, public administration, and urban policy studies integrate individual academic career preparation with addressing those needs.

2010.20 Accreditation

The Master of Public Administration degree is accredited by The National Association of Schools of Public Affairs and Administration.

2010.40 Academic Resources and Services

AYSPS Research Support Center

14 Marietta St. N.W., Suite G-49

404/413-0020

www2.gsu.edu/~wwwfnd/

The school Research Support Center opens the door to research tools in policy studies and economics. Staff provide students with an introduction to relevant databases, data set manuals, and websites. The center houses selected literature and data sets on fiscal policy, public administration, and economic issues to support ongoing research projects of AYSPS faculty and its research centers. See the website above for beginning a search of the literature of regional, national, and international policy issues.

The Center and university liaison librarians develop links to electronic journals and databases licensed to Georgia State University for the use of its student and faculty community, as well as those licensed by the powerful statewide Galileo system. Available are such sources as EuroMonitor World Marketing Data, which provides countries' macroeconomic indicators, and

Lexis-Nexis statistical tables for geographic, demographic, income and time series. The center holds data sets and documentation from agencies in state government, and international issues, especially taxation.

The reading room has student workstations and provides copies of Wall Street Journal, New York Times, Financial Times, and The Economist. Such periodicals as Tax Analysts Tax Weeklies, Journal of Economic Literature, Journal of Econometrics, and the Nonprofit Quarterly and available upon request.

International subscriptions include Government Finance Statistics Yearbook, International Financial Statistics Yearbook, World Economic Outlook, World Development Indicators, as well as other publications by the OECD, IMF, the World Bank and the United Nations.

Economics Tutoring Lab

14 Marietta St. N.W., Room 526

404/413-0141

www.aysps.gsu.edu/econ/index.htm

The Economics Tutoring Lab provides tutoring for students in undergraduate economics classes, particularly in principles of microeconomics and macroeconomics (Econ 2105 and Econ 2106). Day and evening sessions are available; contact the Department of Economics for a schedule.

2010.50 Research Centers and Programs

Domestic Programs

14 Marietta St. N.W., 4th Floor

404/413-0194

domestic.gsu.edu/

Domestic Programs is home to several separate programs and activities. Some of these programs link the School with the community. Other activities and projects aim to inform the debate on public policy in the metropolitan Atlanta area, the state of Georgia, and the nation, through research and education. The issues that are addressed include those associated with the structure of urban areas, government tax and expenditure policy, environmental issues, education, program evaluation, social policies, and economic development. Recent topics include the evaluation of pre-K programs, analysis of the transition from welfare to work, studies of teacher retention, a multi-year study of public housing transformation, financial analysis of proposed new local governments, analysis of government agency performance, and studies of the labor market opportunities of low-skilled workers. Domestic Programs also houses Atlanta Census 2000-a portal that allows easy mapping of census data.

Funding for the Domestic Programs comes from a variety of governmental, foundation, and business sources.

The Experimental Economics Center

14 Marietta Street, N.W., 4th Floor

404/413-0194

excen.gsu.edu/

The Experimental Economics Center (ExCEN) supports research, teaching, and policy applications involving controlled experiments with human decision makers. Its central objective is to promote the development and application of economics and related academic disciplines as empirical social science. Ongoing research in the Center involves development of economic theory supported by data. Research and teaching support facilities developed and maintained by ExCEN include the AYSPPS experimental economics laboratory, a mobile laboratory, and EconPort (econport.org), an economics digital library and virtual laboratory containing Internet software for experiments. External funding is provided by the National Science Foundation and core support comes from the Georgia Research Alliance and the state government. Projects currently receiving grant support include the following: *Collaborative Research: IT-Enhanced Market Design and Experiments*; *Disseminating Experiments in Economics with the EconPort Digital Library*; *Choosing Among Risky Alternatives: An Experimental Investigation of the Impact of Insurance on Biases in Decision-Making*; *Game Theory and Social Interactions: A Virtual Collaboratory for Teaching and Research*; *Prejudice and the Perpetuation of Differences: Experiments Exploring the Impact of Performance and Appearance on Sorting*; *Contracting Out of Poverty: Some Experimental Approaches*; *"The Girl Scout Cookie Phenomenon-An Experimental Study of Social Effects in Fundraising*.

Fiscal Research Center

14 Marietta Street, N.W., 4th Floor

404/413-0249

frc.gsu.edu/

The Fiscal Research Center (FRC) was established in 1995 to provide a stronger research foundation for setting fiscal policy for state and local governments and for better-informed decision-making. The FRC helps stimulate debate on fiscal policy and provides nonpartisan research, technical assistance, and education in the evaluation and design of state and local fiscal and economic policy, including both tax and expenditure issues. The FRC mission is to promote the development of sound public policy and public understanding of issues concerning state and local governments.

The research agenda of the Fiscal Research Center is composed of three broad categories: Intergovernmental Issues, Tax Policy, and the Georgia Economy. Intergovernmental Issues research is related to education financing and the delivery of education in Georgia, as well as understanding inherent in relationships between state and local governments. Tax Policy includes: the taxation of banking, insurance, and corporations; the structure and impact of income taxation; the structure, administration, and effects of property taxation and sales/excise taxation; alternatives in the taxation of public utilities; and policy issues associated with government budgeting. The Georgia Economy research includes issues relevant to the state's economic development efforts, studies of various sectors and aspects of the Georgia economy. The Fiscal Research Center has developed an agency database built on the Unemployment Insurance records from the Department of Labor, welfare records for the Department of Human Resources, and other agency databases.

The Georgia Health Policy Center

14 Marietta Street, N.W., 2nd Floor
404/413-0314

www.gsu.edu/~wwwghp/

The Georgia Health Policy Center, established in 1995, provides evidence-based research, program development and policy guidance on local, state and national levels to improve health status at the community level. The Center distills qualitative and quantitative research findings to connect decision makers with the evidence-based research and guidance needed to make informed decisions about health policy and programming. The Center is at work nationwide focusing on some of the most complex policy issues facing healthcare today including public and private health insurance coverage, the uninsured, long-term care, public health, children's health and community health system development.

International Studies Program

14 Marietta Street, N.W., 5th Floor
404/413-0233

avsp.sgsu.edu/isp/index.html

The International Studies Program (ISP) provides academic and technical training, research, and technical assistance to support sound public policy and sustainable economic growth in transitional and developing economies. ISP technical assistance efforts and training programs complement the academic research and the educational mission of the Andrew Young School and give graduate students the opportunity to gain hands-on public policy experience. This program is recognized worldwide for its contributions to fiscal policy reform.

ISP faculty and staff, other Andrew Young School faculty, affiliates, and a network of experts serve as project directors, senior Advisors, chiefs-of-party, or lead economists for major projects in areas including fiscal policy, tax administration, economic analysis and revenue forecasting, fiscal decentralization and intergovernmental fiscal relations, and public administration, budgeting, and financial management. ISP has managed technical assistance projects and training programs for clients in more than 60 countries.

ISP projects are sponsored by agencies such as the United States Agency International Development (USAID), The World Bank, the United Nations Development Program (UNDP), the Asian Development Bank (ADB), the Inter-American Development Bank (IADB), and other regional and national funding agencies and governments.

ISP annual summer training programs provide training on fiscal decentralization and local governance, tax policy and revenue forecasting, and public budgeting and fiscal management for senior government officials from developing and transitional countries and for donor agency representatives. ISP also develops specially tailored training focused on specific policy topics as requested by its clients.

Nonprofit Studies Program

14 Marietta Street, N.W., 3th Floor
404/413-0133

avsp.sgsu.edu/nsp/contact.html

The Nonprofit Studies Program (NSP) was organized in 2001 to foster collaborative research on the nonprofit sector within the academic community, to promote policy research that is relevant in today's political and economic environment, to educate nonprofit managers and leaders, and to serve as a link between scholars and nonprofit practitioners in creating and disseminating knowledge about the sector. The Program involves educational, research and service activities focused on helping nonprofit organizations address their social missions effectively through problem-solving, policy advocacy and effective deployment of their resources. The Program is interdisciplinary, and has special strengths in economic analysis, resource development and management, and policy analysis applied to the concerns of nonprofit organizations. It includes over 30 core and associated faculty from the Andrew Young School, other schools and colleges of Georgia State University, and other local universities.

Public Performance and Management Group

10 Park Place, Ste 415B
404/413-0180

avsp.sgsu.edu/ppm

The Public Performance and Management Group (PPM) offers an array of resources and solutions to assist public administrators to strengthen strategic and operational performance. Core activities include executive level training and development; applied research projects; short or long-term assistance with planning and performance improvement; and dissemination of effective practices. PPM supports improved public performance by providing real-world solutions to today's public management problems. In addition, PPM provides the ongoing opportunity for faculty and student involvement in field-based projects. All activities are practitioner-oriented and customized for a wide range of state and local government settings. Funding for PPM projects comes from federal grants as well as state and local contracts.

The Civic League for Regional Atlanta

14 Marietta Street, N.W., 6th Floor

404-413-0320

www.civicleagueatlanta.org/

The Civic League for Regional Atlanta was founded by the merger of Research Atlanta, the Regional Leadership Forum, and the Metro Group. The Civic League combines the respective resources and core competencies of its three legacy organizations to create a new vehicle for engaging the public in the development of broad-based solutions to regional challenges. The Civic League is an independent, non-partisan, tax-exempt organization whose mission is to make the Atlanta region a better place by building the knowledge, involvement, voice and power of our citizens. It is the objective of The Civic League to address important issues of regional significance by building consensus, advocating for the greater public interest, and developing social capital in the Atlanta region. Although independent, The Civic League is partnered with and housed at the Andrew Young School.

2020 Academic Regulations

2020.05 Grades of C in Major/Minor/Concentration

Grades in the major, concentration, minor and policy/business area requirements, where applicable, require a grade of C or higher.

2020.10 Transient Status at Other Institutions

Students enrolled in the Andrew Young School of Policy Studies who wish to take course work in transient status at another institution, whether as a full-time or part-time student, must have prior written approval from the Office of Academic Assistance if they wish to apply the credit to a degree program. A transient petition form should be submitted prior to registration.

2020.20 Directed Readings (Econ 4380/PMAP 4901)

Courses designated Econ 4380 and PMAP 4901 in the various undergraduate programs are intended to allow students of proven performance to do independent study in a specific subject area. Enrollment in a directed readings course requires prior consent of the instructor. Enrollment for PMAP 4901 is limited to undergraduate students with a grade point average of 3.0 or higher. A maximum of one directed readings course may count toward fulfillment of degree requirements, and the course may not be substituted for a core course requirement. The subject of the independent study will be determined in consultation with the faculty member responsible for supervising the independent work. A faculty member may seek the assessment of a second faculty reader on any directed readings paper. Letter grades, rather than grades of S or U (satisfactory or unsatisfactory), will be assigned for all directed readings courses.

2020.30 Modification of Degree Requirements

Students may petition for modifications of the degree requirements of the Andrew Young School of Policy Studies. Degree modification petitions are granted only in the case of extenuating circumstances and only when an educationally acceptable substitution is proposed. Petition forms and information are available in the Office of Academic Assistance and online. Available at the following link: aysps.gsu.edu/142.html.

2020.40 Undergraduate and Postbaccalaureate Admission into a Graduate Course

Under certain conditions, an undergraduate or postbaccalaureate student may be admitted into a graduate course. To be eligible, an undergraduate student must have a cumulative grade point average of 3.5 or higher and be within 18 semester hours of graduation; a postbaccalaureate student must have a cumulative grade point average of 3.5 or higher in his or her undergraduate work as well as any graduate work taken at this or any other institution. Information is available at the following link: aysps.gsu.edu/142.html.

Eligibility does not guarantee admission into a course. The interested student must apply through the Office of Academic Assistance for special graduate student status. Approval of that status requires the concurrence of the student's academic advisor and the director of the Office of Academic Assistance. Once the status has been approved, the student is permitted to enroll in a graduate course only with the permission of the instructor and the chair of the department in which the course is taught.

2020.50 Awards, Honors and Scholarships

The Andrew Young School of Policy Studies recognizes the academic achievements and service of its students each spring semester at an Honors Day ceremony. A number of awards, honors, and scholarships are presented annually to outstanding undergraduate students, including: the Carolyn McCain Young Leadership Fund Award, Jack Blicksilver Scholarship, Economics

Award, Excellence in Microeconomics Award, Andrew Young School of Policy Studies Honors Program Award, Wall Street Journal Student Achievement Award in Economics, Rick Anderson Scholarship, William R. Gable Award, Dan Sweat Award, Governor Joe Frank Harris Scholarship, Student Leadership Award and the Outstanding Intern Award. Further information is available through the Office of Academic Assistance.

2030 College-level Degree Requirements

All undergraduate programs offered by the Andrew Young School of Policy Studies are designed to comply with the University System of Georgia core curriculum requirements. The program requirements for Undergraduate Core Curriculum Areas A through E are listed in the "Core Curriculum" chapter of this catalog.

2040 Academic Advisement

Office of Academic Assistance
14 Marietta St. N.W., Suite G52
404/413-0021
aysps.gsu.edu/oaa

Shelly-Ann Williams, Director
Wanda Cooley, Associate Director
Mathieu Arp, Administrative Specialist–Curriculum

Academic advisement is required of all students in the Andrew Young School of Policy Studies. The school has developed a system of advisement that integrates the Office of Academic Assistance and faculty advisors within the school. Through the advisement process, students will be able to know the requirements and policies of the university, college, and department as they relate to their educational experiences and goals. Students will be able to identify and utilize university resources effectively to: satisfy degree requirements; plan programs of study, including selection of appropriate courses and registration; discover how interests, skills and goals connect to fields of study and careers; and be able to formulate appropriate questions, seek information, and evaluate and participate in academic advisement. The office is open from 8:30 a.m. to 5:15 p.m. Mondays, Thursdays and Fridays and from 8:30 a.m. to 6:00 p.m. Tuesdays and Wednesdays (when school is in session). Walk-in advisement without an appointment is scheduled on Wednesdays from 9:30 a.m. to 11:30 a.m., and Thursdays from 2:00 p.m. to 4:00 p.m. when school is in session.

2050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the Andrew Young School of Policy Studies will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

2060 Student Organizations

The American Humanics Club

The Department of Public Management and Policy in the Andrew Young School is affiliated with American Humanics (AH), a national alliance of colleges, universities and nonprofit organizations dedicated to preparing students for careers in nonprofit leadership. The AH Club will focus on professional leadership development, fundraising, and career networking within the nonprofit community. The club is open to all GSU majors (undergraduate and graduate) who are interested in working and/or volunteering in a nonprofit environment. For more information about meeting times and a calendar of events, please visit their website at: aysps.gsu.edu/nsp/2913.html.

PMAP Community Network

The Public Management and Policy (PMAP) Community Network aims to connect public policy, public administration and urban policy studies students, faculty and alumni through hosting social functions, guest speakers, and other events. Their goal is to enhance the academic and social experiences of students in the PMAP department. The Network supports students in both social and professional arenas and is an informational resource for members. Contact the Department of Public Management and Policy for more information, 404-413-01073 or visit the website: aysps.gsu.edu/paus/pmapnetwork.html.

Omicron Delta Epsilon

Omicron Delta Epsilon is a national honor society open to students majoring in Economics. To be eligible for membership, a student must have a cumulative grade point average of 3.0 or higher. For information about Georgia State's chapter of this honor society, or to apply for membership, contact the Department of Economics, 404-413-0141 or visit the website: www.omicrondeltaepsilon.org/.

The Economics Club

The aim of this chartered organization is to promote knowledge of economics on campus and in the community through its activities, and provide a forum where students with similar interests can meet, share ideas, socialize, and enhance their knowledge. Membership is open to all students interested in economics, regardless of their major. The club's many activities

include a guest speaker series that brings noted economists and business leaders to the campus, seminars focusing on career information, and social events. For more information, contact the Department of Economics, 404-413-0141 or visit the Economics Club website: aysps.gsu.edu/econ/current_students.html

2070 Academic Departments and Faculty

Prefix: Econ

Georgia State's Department of Economics, recently ranked number one in Georgia by the *Southern Economic Journal*, has won national acclaim for its insightful research into practical economic topics. Its concentrations in environmental and labor economics, urban and regional economics and public finance are setting new academic standards in programs of study that combine solid research with practical policy education.

Students in our program have access to innovative research resources on campus, including the Experimental Economics Lab, the Fiscal Research Center, the International Studies Program, the Economic Forecasting Center, and the Georgia Health Policy Center. Faculty in these centers work closely with local, state, national and international organizations to provide the information needed to address today's complex policy issues.

A Bachelors degree in Economics provides students with the resources to be leaders and innovators, as well as a broad understanding of economic issues. Undergraduate majors may choose from four degree options: the Bachelor of Arts with a major in Economics, which includes a language option and a minor field; the Bachelor of Science with a major in Economics, which includes math to the calculus level and a minor field; the Bachelor of Arts with a major in International Economics and Modern Languages, which includes intensive study in a language to prepare international professionals; and the Bachelor of Business Administration with a major in Business Economics, including course work in business-related topics such as accounting, marketing and finance (the "business core"). A minor in Economics consists of five courses with at least 9 hours at the upper level. Graduate degrees are available in economics, economics with a policy track, and business economics.

Prefix: PMAP

The Department of Public Management and Policy offers a variety of interdisciplinary degree programs designed to prepare students for life and work in a range of professions in metropolitan areas. At the undergraduate level, the department offers a Bachelor of Science degree with a major in public policy which includes a choice of concentrations in nonprofit leadership, planning and economic development, public management and governance, and public and nonprofit human resource policy. A minor in Public Policy/Urban Policy Studies consists of five courses with at least 9 hours at the upper level. Graduate degrees are available in public administration and public policy.

Academic Programs and Alumni Affairs

The Academic Programs and Alumni Affairs (APAA) office, located in room 328 in the Department of Public Management and Policy (PMAP), provides student support services to all current PMAP students and alumni, including career development resources in the areas of resume writing, interviewing, job search, internship development, networking, and a career speaker series. Current students are invited to arrange an individual appointment with the director by emailing: mtolan@gsu.edu. Prospective students are also invited to contact the office to arrange meetings with the director and with faculty in their areas of academic interest. The APAA office also strives to expand the number of actively engaged PMAP (formerly PAUS) alumni who can serve as mentors, guest speakers, and expert professionals to our current students. Alumni are encouraged to send their updated contact information to mtolan@gsu.edu. For more information or to schedule an appointment, please call 404/413-0103.

2110 Economics

Programs Offered:

- **Bachelor of Arts Major in Economics**
- **Bachelor of Science Major in Economics**
- **Bachelor of Arts Major in International Economics and Modern Languages**

For information about the B.B.A. degree with a major in business economics offered by the J. Mack Robinson College of Business, please refer to that college's chapter in this catalog.

Economics provides a way of thinking about everyday decision-making in a world of limited options. It explains the economy as a whole; how it is best organized to provide goods, services, jobs, stable prices, and other economic goals. Economists study the ways a society distributes scarce resources such as land, labor, raw materials, and machinery to produce goods and services choices that must be made because time, income, wealth, workers, and natural resources are limited. Principles of economics are useful at all levels of decision-making, and provide an essential framework for analyzing and understanding such major issues as inflation, unemployment, deregulation of banking, tax reform, fluctuations in foreign exchange rates, labor productivity, and foreign debt crises.

Most economists are concerned with practical applications of economic policy in a particular area. They use their understanding of economic relationships to advise businesses and other organizations, including insurance companies, banks, securities firms, computer and data processing companies, management consulting firms, industry and trade associations, labor unions, and government agencies. Some economists work abroad for companies with international operations and for organizations like the World Bank and United Nations.

Economists use mathematical models to develop programs that predict, for example, the nature and length of business cycles, the effects of inflation on the economy, or the effects of tax legislation on unemployment levels. Preparing reports on the results of their research is an important part of the economist's job. Being able to present economic concepts in a meaningful way is particularly important for economists who are involved in making policy for their organizations.

The student with a major or minor in economics may choose from a broad array of topics including foreign trade, environmental and natural resources economics, money and credit, public sector economics, labor economics, economic development, international finance, urban and regional economics, economic history, industrial organization and antitrust policies, and mathematical economics. Majors may pursue careers in many areas, some of which are listed below along with courses applicable to the career choice.

Career Opportunities and Related Courses: A recent study by the U.S. Census Bureau showed that college graduates who majored in economics were among the highest paid employees (economics ranked as the third most lucrative major). An undergraduate degree in economics furnishes a valuable background for a domestic or international career in law, government, business or education. Government service provides many opportunities at the federal, state, and local level that require only an undergraduate degree in economics. What economists do in business is as broad and varied as the full scale of managing a firm's operations; economists are found in staff departments handling marketing, business planning and policy, finance, international operations, government relations, and even purchasing and operating logistics. An economics degree also combines well with training in other disciplines such as finance, real estate, political science, journalism, history, law, and foreign languages.

Students who plan to have a career or pursue graduate work that uses economics should consider the courses listed below. The listings are suggestions for broad categories and do not exclude other offerings. These suggestions do not replace advisement or override any degree requirements regarding choices of major or elective courses.

- Business: ECON 4300, 4500, 4470, 4800, 4810, 4950, 4960.
- Local, State, or Federal Government: ECON 4210, 4220, 4300, 4350, 4400, 4450, 4470, 4500, 4600, 4950, 4960.
- Foreign Service or International Business: ECON 4500, 4600, 4610, 4620, 4800, 4810.
- Pre-Law: ECON 4080, 4220, 4400, 4450, 4470, 4680, 4960.
- Graduate Studies in Economics: ECON 4230, 4950, 4930.
- Graduate Studies in Business: ECON 4500, 4950, 4470, 4810, 4930, 4960.
- Graduate Studies in Human Resource Management: ECON 4470, 4950, 4960.
- Graduate Studies in the Social Sciences: ECON 4080, 4350, 4600, 4680.

A Top Ranked Program: The Department of Economics is ranked 1st in Georgia, and 9th among 33 Southeastern programs, and 50th in the U.S., according to the most recent issue of the *Southern Economic Journal*, with considerably higher national rankings in the subfields that our faculty selected as primary areas of concentration, including: 8th in Urban, Rural and Regional Economics; 11th in Public Economics; 20th in Agricultural and Natural Resource Economics; 23rd in Labor and Demographic Economics. The department also got high marks in general Economics and teaching (14th), methodology and History of Economic Thought (16th).

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B.A. or B.S. with a major in Economics or the B.A. with a major in International Economics and Modern Languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in these programs.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in ENGL 1101 and 1102, in all courses in the major common core curriculum, policy/business and minor for the B.A. and B.S. degrees with a major in Economics, and in all courses in the major common core curriculum and modern languages concentration for the B.A. with a major in International Economics and Modern Languages.

2110.10 Bachelor of Arts Major in Economics

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the "University Degree Requirements and Graduation" chapter of this catalog. The number of semester hours credit required for each section is shown in parentheses. Students may not receive both a B.A. and a B.S. degree from the Andrew Young School of Policy Studies with a major in economics.

Area B: Institutional Options (4)

Area C: Humanities and Fine Arts (6)

Area D: Math, Technology and Science (11)

Area E: Social Science (12)

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics
- ECON 2106 Principles of Microeconomics
- MATH 1070 Elementary Statistics - If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.

Foreign language requirement: (6) 1001/2002. Choose from Arabic, Chinese, French, German, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Persian, Russian, Swahili, Spanish, or Turkish. A combined course, Fren 1101 or Span 1101, will satisfy the Area F requirement. If a language course level 1002 or higher is chosen in Area C, one or two additional 1000/2000 level elective(s) from Areas A-E must be chosen for Area F.

Elective: One 1000/2000 level course chosen from Areas A-E.

Area G: Major Common Core Curriculum (24) A minimum grade of C is required for all courses in this area.

Concentration in Social Studies Education

The Social Studies Education Concentration in Economics is designed for students who wish to become secondary school teachers. This degree provides the initial content area preparation for the Master of Arts in Teaching (M.A.T.) in Social Studies Education in the College of Education at Georgia State or a similar master's degree at another university. For teacher certification, the student must also complete the M.A.T. in Social Studies Education or a similar master's degree at another university.

The Social Studies Education Concentration in Economics is designed to provide students with the content area preparation required for teaching economics and other social studies courses at the middle and high school levels. Students pursuing this concentration must take 21 hours in economics and must also choose three allied fields from the following departments, taking nine hours in each (for a total of 27 hours in allied fields): African-American studies, geography, history, political science, and only one of the behavioral science departments of sociology, anthropology, or psychology.

Area G: Major Courses (21): A grade of C or higher is required in all major courses.

- ECON 3900 Macroeconomics -CTW (3)
- ECON 3910 Microeconomics (3)
- Select five additional 4000 level economics courses (15)

Area H: Allied Fields (27): The student must take a total of 27 hours in three allied fields (nine hours in each field). The allied fields are political science, geography, history, or behavioral science. The behavioral science field consists of nine hours from either anthropology, psychology, or sociology. The student should see each department's list for the courses to be taken in the nine hours for that discipline.

Area I: Electives (12): Twelve hours (four courses) at the 3000/4000 level selected in consultation with the faculty Advisor.

Total Semester Hours for Degree: 120

Economics as an Allied Field: If a student chooses economics as one of their three allied fields, nine hours (three courses) must be chosen from the courses below:

Select three courses from the following two lists. At least one course must be taken from each list.

Macroeconomics & Policy: (These courses have ECON 2105 as a prerequisite.)

- ECON 3900 Macroeconomics -CTW
- ECON 4500 Money and Credit
- ECON 4600 Economic Development

- ECON 4810 International Finance

Microeconomics & Policy: (These courses have ECON 2106 as a prerequisite.)

- ECON 3910 Microeconomics
- ECON 4210 Health Economics
- ECON 4220 Environmental Economics and Policy
- ECON 4230 Experimental Economics
- ECON 4300 Economics of Cities
- ECON 4350 Economics of Poverty and Public Policy
- ECON 4400 Public Sector Economics
- ECON 4470 Industrial Organizations: Regulation and Antitrust Economics
- ECON 4800 International Trade
- ECON 4960 Economics of Work and Pay

2120 International Economics and Modern Languages

2120.10 Bachelor of Arts Major in International Economics and Modern Languages

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the "University Academic Regulations" chapter of this catalog. The number of semester hours credit required for each section is shown in parentheses.

Area A: Essential Skills (9)

Area B: Institutional Options (4)

Area C: Humanities and Fine Arts (6)

Area D: Math, Technology and Science (11)

Area E: Social Science (12)

Area F: Courses Appropriate to the Major (18)

- ECON 2105 Principles of Macroeconomics
- ECON 2106 Principles of Microeconomics
- MATH 1070 Elementary Statistics – If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
Choose one of the following three language options:
 - FREN 2001 Intermediate French I
 - FREN 2002 Intermediate French II

or

- GRMN 2001 Intermediate German I
- GRMN 2002 Intermediate German II

or

- ITAL 2001 Intermediate Italian I
- ITAL 2002 Intermediate Italian II

or

- SPAN 2001 Intermediate Spanish I
- SPAN 2002 Intermediate Spanish II

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: FREN, GRMN, ITAL, or SPAN 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, *Humanities and Fine Arts*.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for FREN, GRMN, ITAL, or SPAN 2001/2002 (or SPAN 2203 or SPAN 2501) upon approval of the Department of Modern and Classical Languages advisor.

Elective:

One 1000/2000 level course chosen from Areas A-E. Students with a language concentration in Spanish must choose SPAN 2203 or 2501 as the Area F elective.

Area G: Economics Common Core Curriculum (24) A minimum grade of C is required for all courses in this area.

- ECON 3900 Macroeconomics -CTW
- ECON 3910 Microeconomics
- ECON 4600 Economic Development
- ECON 4800 International Trade
- ECON 4810 International Finance
- ECON 4999 Senior Capstone in Economic Policy-CTW*
- Choose two 4000-level Econ courses (6)

*ECON 4999 is only offered during the Fall and Spring semesters of the academic year. The prerequisites for ECON 4999 are ECON 3900, ECON 3910, and two 4000-level economics courses with a grade of C or better. Students are to plan accordingly with regard to the course pre-requisites and graduation.

2110.14 Certificates in Economics

Certificates: The Department of Economics offers a certificate to students, which indicates that they have successfully completed (with a minimum grade of C) a concentration of economics courses in a specialty area. These certificates are conferred by the department and will not appear on official transcripts or diplomas from the university. Certificates are available to majors and non-majors.

Certificates are available in the following areas:

- Analytical Economics (choose 3 or 4 courses): ECON 4230, 4750, 4930, 4950
- Business Policy Analysis (choose 3 of 4 courses): ECON 4470, 4500, 4950, 4960
- Development Economics (choose 3 of 4 courses): ECON 4600, 4610, 4620, 2100 (may be used in core Area E)
- Economic History: Econ 4080, 4680, and choose one 4000-level Economics Elective
- The Economics of Urban Growth and the Quality of the Environment (choose 3 of 4 courses):
ECON 4220, 4300, 4400, 4600
- Human Resource Economics (choose 3 of 4 courses): ECON 4210, 4300, 4350, 4960
- International Economics (choose 3 of 4 courses): ECON 4600, 4800, 4810, 2100
(may be used in core Area E)
- Law and Economics: 4450, 4470, and choose one of the following: ECON 4080, 4220, 4400, 4960
- Public Policy (choose 3 of 4 courses): ECON 4220, 4350, 4400, 4470

2130 Public Policy

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B.S. program with a major in Public Policy.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in ENGL 1101 and 1102, and all courses in the major common core curriculum and the concentration.

2130.10 Bachelor of Science Major in Public Policy

Mission: The mission of the Public Policy program is to prepare students for roles as effective citizens and people who work in the public service. We seek talented and motivated students who want to develop the knowledge, skills and values required to become responsible and visionary leaders in a wide range of settings. While many graduates of our program choose to enter a career in the public sector or in nonprofit agencies, others make contributions to their community, state, and nation as active citizens in the civic and public arenas.

The career of the namesake of the School, Ambassador Andrew Young, illustrates how individuals can move from nonprofit organizations to public life and the private sector, while being a part of our increasingly global society. Students in the Bachelor of Science in Public Policy program learn about the institutions of a democracy and the ways in which policy making organizations relate to one another. Students acquire skills in policy writing, critical thinking, and analysis that are in demand by governmental agencies and nonprofit groups, as well as graduate and professional schools. Above all, they learn how to make a difference by becoming engaged in civic and public life.

Career Opportunities: A policy major can work as a city manager, community relations specialist, local or regional planner, policy analyst, environmental resource specialist, human resource manager, journalist, politician or campaign strategist, volunteer coordinator, nonprofit leader, or in many other exciting careers that make a difference.

Many graduates of the Bachelor of Science in Public Policy establish careers in public service. These alumni work in a variety of agencies including federal, state, and local governments as well as a number of public agencies. Others are employed in not-for-profit organizations that address many important needs. Some alumni work in the business world, but use the knowledge and skills from their Public Policy degree to become better, more active citizens in the civic and public arenas. The degree program also provides an excellent preparation for graduate study in law, public policy and administration, and related fields.

A Top Ranked Program: The Andrew Young School of Policy Studies (AYSPS) is nationally recognized as a top university in the field of public policy and management. Its many research centers and community outreach efforts provide opportunities to enhance students' education, as well as often opening doors to attractive jobs. The *U.S. News and World Report* survey published in its 2009 Edition *America's Best Graduate Schools* ranked the AYSPS 27th overall among the 269 public affairs schools in the United States, and in the top 25 programs in the specialty areas of nonprofit management, public policy analysis and public management administration; and in the top dozen programs in public finance and budgeting, city management and urban policy, and information and technology management. A B.S. in Public Policy provides students the resources to be leaders and innovators in the public sphere for years after they have graduated from the program.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the "University Academic Regulations" chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area A: Essential Skills (9)

- SOCI 1101 Introductory Sociology (3)
- PSYC 1101 Introduction to Psychology (3)

Electives:

Two three-hour courses chosen from the 1000-2000 level offerings of the College of Arts and Sciences, Robinson College of Business, College of Education (with restrictions), or the Andrew Young School of Policy Studies

Area G: Major Common Core Curriculum (21): C or better grade is required of all courses in this area.

- PMAP 3021 Citizenship, the Community, and the Public Sector-CTW
- PMAP 3031 Policy Leadership
- PMAP 3311 Critical Policy Issues
- PMAP 4041 Policy Data Analysis
- PMAP 4051 Evaluating Public Policy-CTW
- PMAP 4061 Introduction to Policy Analysis
- PMAP 4941 Internship*

* Internships are required for all undergraduate students lacking significant prior administrative experience in a public or nonprofit agency or a related organization. Internship experiences provide students the opportunity to apply concepts and skills associated with their graduate curriculum. This opportunity for professional growth and development requires enrollment in three hours of PMAP 4941. The department's internship coordinators assist in the search for an appropriate internship opportunity. Students are expected to take the lead in this search. Internship credit requires the completion of 200 hours of work. Students are free to work full-time or part-time, according to their needs and those of their internship sponsor. Many students find paid internships, but there are some unpaid internships available that are very desirable. Students should consider the value of the experience that an internship provides, in addition to the pay. Internship information and applications are available from the Department of Public Management and Policy, or the PMAP internship homepage on the web at www.gsu.edu/~padgds/Update.html. Students with substantial prior administrative experience may petition to waive the internship requirement. Petition forms are available from the Office of Academic Assistance.

Area H: Concentration (21): A C or better grade is required for all courses in this area.

Students must choose one concentration from:

- Nonprofit Leadership *or*
- Planning and Economic Development *or*
- Public Management and Governance *or*
- Public and Nonprofit Human Resource Policy

Nonprofit Leadership (21):

The nonprofit leadership concentration allows students to learn about the important role of nonprofit organizations in addressing social issues and interests in a democratic society and participating in the formulation and implementation of public policy. Through this concentration, students will become aware of the many and diverse career opportunities in the nonprofit sector, in areas such as the arts, social services, education, health care, the environment, policy advocacy, and international relief and development, and they will learn the skills, knowledge and challenges of leadership in this sector. This concentration involves a service learning component and will prepare students for entry level jobs in nonprofit management and for graduate study in nonprofit organizations, philanthropy, and related fields.

Required Courses (15):

- PMAP 3210 Introduction to the Nonprofit Sector
- PMAP 3213 Nonprofit Financial Resources
- PMAP 3231 Nonprofit Management and Leadership
- PMAP 3611 Introduction to Human Resource Development (HRD) in Public and Nonprofit Organizations
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers

Choose two courses from the following (6):

- PMAP 3411 Contemporary Planning
- PMAP 3801 Public Administration and Politics
- PMAP 4211 Issues and Problems in Personnel Management Systems for Public and Nonprofit Agencies
- PMAP 4451 Economic Development Policy and Planning
- ENGL 4510 Grant and Proposal Writing

Planning and Economic Development (21):

The planning and economic development concentration prepares students to work in both the public and private sectors addressing issues facing urban communities. It is appropriate for students who want to pursue careers or further study in the planning, development and management of communities. Courses introduce students to forces shaping the development of urban regions. Special attention is paid to planning for economic development, environmental quality, housing, land use, neighborhood revitalization, and transportation. During their studies, students learn about the variety of policies and strategies that citizens and planners can use to influence development.

Required courses (15):

- ECON 4300 Economics of Cities
- PMAP 3011 Policy and Politics in the American City
- PMAP 3411 Contemporary Planning
- PMAP 4401 Planning Theory and Analysis
- PMAP 4451 Economic Development Policy and Planning

Choose two courses from the following (6):

- ECON 4350 Economics of Poverty and Public Policy
- ECON 4600 Economic Development
- GEOG 4766 Urban Transportation Planning
- PMAP 3111 Urban Political Economy
- PMAP 3801 Public Administration and Politics
- PMAP 3831 Governmental Budgeting
- PMAP 4301 Local Governance
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers

Public Management and Governance (21):

How does government work, and what can we do to make it work better? The public management and governance concentration is for students who are excited about how government operates and how policies are converted into action. These are fascinating topics for those interested in improving the lives of citizens in communities and nations, and learning how to better address specific policy issues. Students in this concentration will also acquire the skills needed to compete for entry level jobs in governments, consulting firms, and with government contractors. This is the type of knowledge that would also be useful for students contemplating a professional degree in public administration, law, planning, or some type of policy research (think tanks, advocacy groups, universities, and/or lobbying organizations).

Required courses (15):

- PMAP 3411 Contemporary Planning
- PMAP 3801 Public Administration and Politics
- PMAP 3831 Governmental Budgeting
- PMAP 4301 Local Governance
- PMAP 4451 Economic Development Policy and Planning

Choose two courses from the following (6):

- PMAP 3111 Urban Political Economy
- PMAP 3210 Introduction to the Nonprofit Sector
- PMAP 3611 Introduction to Human Resource Development (HRD) in Public and Nonprofit Organizations
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers
- PolS 3145 Introduction to American Law
- PolS 4115 Urban Politics
- LglS 3020 Introduction to the Law

Public and Nonprofit Human Resource Policy (21):

This concentration prepares students for professional careers in the growing and dynamic field of human resources. It is appropriate for students who wish to work in areas such as staffing and recruitment, compensation and benefits, employee relations, management and employee development, and/or career development, among others. Courses provide an overview of the human resources field as well as current workplace issues and trends that impact and are impacted by human resource practices and policies. A key element of this specialization is the related internship or practicum, whereby students apply course content in an organizational setting.

Required courses (15):

- PMAP 3211 Career Development in Public and Nonprofit Organizations
- PMAP 3611 Introduction to Human Resource Development (HRD) in Public and Nonprofit Organizations
- PMAP 3801 Public Administration and Politics
- PMAP 4211 Issues and Problems in Management Systems for Public and Nonprofit Agencies
- PMAP 4261 Organizational Contexts of Public and Nonprofit Personnel Policy and Administration

Choose two courses from the following (6):

- ECON 4960 Economics of Work and Pay
- PMAP 3210 Introduction to the Nonprofit Sector
- PMAP 3411 Contemporary Planning
- PMAP 4411 Introduction to the Law for Public and Nonprofit Managers
- PolS 3145 Introduction to American Law
- LglS 3020 Introduction to the Law

2130.15 American Humanics Certificate in Nonprofit Studies

The Department of Public Management and Policy is affiliated with American Humanics (AH), a national alliance of colleges, universities and nonprofit organizations dedicated to preparing undergraduates and graduates for careers in nonprofit leadership. To read more about the American Humanics program visit their website at: avsps.gsu.edu/nsp/humanics.html. Benefits for obtaining the AH certification include:

- Certification in entry-level nonprofit employment competencies

- Course work grounded in the foundations and practices of nonprofit management
- Tested practices and principles through experiential learning
- One-to-one support, career development and mentoring
- Networking with prospective employers at local, regional, and national levels
- Opportunity to test skills and various nonprofit roles through internships, co-curricular and community service activities
- Potential for references and referrals from agency executive directors, advisory board members and community leaders
- Exposure to a national nonprofit network of partners and career options
- Increased sense of connection and belonging to the community
- Opportunity for lasting friendships
- Scholarships
- Preparation for Graduate School or the Peace Corps

Students can earn the certificate in one of three ways:

1. As a nonprofit leadership concentration in the Bachelor of Science in Public Policy.
2. As a minor in Public Policy, with selected course work in nonprofit leadership.
3. In conjunction with any undergraduate major by completing four (4) nonprofit leadership/management courses in the Department of Public Management and Policy.

This certificate is conferred by the department of Public Management and Policy and will not appear on official transcripts or diplomas from the university.

Certificate Requirements: Students seeking AH certification must complete the following requirements:

1. Course requirements: earn a grade of C or better in:
 - PMAP 3210 Introduction to Nonprofits
 - PMAP 3213 Nonprofit Financial Resources
 - PMAP 3231 Nonprofit Leadership and Management
2. Complete PMAP 4941, the undergraduate Internship, which requires completion of 300 clock hours in a nonprofit organization/setting.
3. At the student's own expense, attend the annual American Humanics Management/Leadership Institute, which is traditionally held in Spring semester (January).

Students pursuing the American Humanics Certificate are also strongly encouraged to join the American Humanics student organization sponsored by the Andrew Young School. Student association activities help students develop and strengthen their knowledge, skills, leadership abilities, and understanding of the nonprofit sector. This organization will also undertake fundraising campaigns to sponsor student attendance at the annual American Humanics Management/Leadership Institute.

For more information about the American Humanics certificate, please contact the Nonprofit Studies program at 404-413-0103 or visit the Public Management and Policy department degree information website at: aysps.gsu.edu/paus/PMAP_Homepage.html.

2140 Graduate Programs in the Andrew Young School of Policy Studies

The Andrew Young School of Policy Studies offers advanced studies and research leading to the following degree programs:

The Graduate Certificate in:

- Disaster Management
- Nonprofit Management
- Planning and Economic Development

The Master of Arts in Economics

The Master of Arts in Economics, Policy Track

The Master of Public Administration with concentrations in:

- Criminal Justice
- Management and Finance
- Nonprofit Management

- Public and Nonprofit Management
- Policy Design, Analysis and Evaluation

The Doctor of Philosophy in Public Policy joint degree program with the Georgia Institute of Technology with elective fields in:

- Environmental Policy
- Health Policy
- Policy Design, Analysis and Evaluation
- Public and Nonprofit Management
- Public Finance
- Science and Technology Policy
- Urban and Regional Economic Development

3000 College of Arts and Sciences

Undergraduate programs in the College of Arts and Sciences are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

3010 General Information

The College of Arts and Sciences consists of more than 40 departments, schools, institutes, and interdisciplinary centers within the areas of the fine arts, the humanities, the natural and computational sciences, and the social and behavioral sciences. The college has over 11,000 undergraduate majors and 2,000 graduate students. The college also has the primary responsibility for the two-year general education curriculum required of all students in the university.

The liberal arts education offered by the College of Arts and Sciences prepares students for professional careers and provides them with the foundation for lifelong learning, enabling them to meet the challenges of career development. Programs in the liberal arts promote the independent discovery of knowledge, an appreciation of the arts, and the ability to think critically and analytically.

On the undergraduate level, the College of Arts and Sciences offers the Bachelor of Arts, the Bachelor of Science, the Bachelor of Interdisciplinary Studies, the Bachelor of Music, and the Bachelor of Fine Arts degrees. The requirements for these degrees build directly upon the broad educational foundation provided by the core curriculum.

Within the framework of the various degree offerings, specific programs have been designed for students who wish to pursue a career in teaching. These teacher education programs provide for a major concentration within a special field of knowledge suitable for teaching at the various school levels. The programs prepare a student to meet the certification requirements of the Professional Standards Commission of the State of Georgia.

The College of Arts and Sciences, through its Division of Graduate Studies, offers graduate degrees and programs in numerous fields. The university publishes a graduate catalog that includes complete descriptions of all of the graduate programs offered at Georgia State University (available online through the Office of the Registrar website:

www.gsu.edu/es/office_of_the_registrar.html.)

3010.10 Academic Resources and Services

Cartography Production Laboratory

340 Kell Hall
404/413-5750
www.cas.gsu.edu/geosciences

The Cartography Production Laboratory, located in the Department of Geosciences, offers mapping and graphic services for the university community. Students have the opportunity to design and produce cartographic materials as an extension of the educational program in cartography offered by the Department of Geosciences. In addition to the Cartography Production Laboratory, the department maintains a Geographic Information Systems facility offering GIS services for the university.

Digital Arts and Entertainment Laboratory/Video Equipment Lab

First floor, One Park Place South
404/413-5682
www2.gsu.edu/~wwwwf/

The Department of Communication's DAEL (Digital Arts and Entertainment Lab) Undergraduate Equipment Lab provides access to a wide range of multimedia digital and video production and editing equipment, for use by faculty and students in courses. Student use of the equipment and facilities is restricted to class assignments during the semester in which they are enrolled in an authorized production course. For general student multimedia, video and audio needs, one should use the Digital Aquarium which is paid for by students' Tech Fee.

ESL Tutoring
Library North 2
www.library.gsu.edu/learningcommons

The Department of Applied Linguistics and English as a Second Language and the Intensive English Program offer ESL tutoring for GSU students. ESL tutoring provides students an opportunity to receive expert assistance in improving their written and oral English skills. Check the ESL Tutoring Schedule at the Research Support Desk on Library North 2 for walk-in appointment times.

James M. Cox, Jr. Multi-Media Instructional Lab and Satellite Downlink Facility

307 Classroom South Building
404/413-5600

The Department of Communication's James M. Cox, Jr., Multi-Media Instructional Lab provides access to a computer-networked facility with 22 workstations. News writing and desktop publishing courses are enhanced through the use of interactive communication between instructors and students. A satellite downlink transmits CNN NewsSource and other national and international video feeds to students who write, edit, and package their own news stories.

Language Acquisition and Resource Center

128 General Classroom Building
404/413-5987
www2.gsu.edu/~wwwmcl/3475.html

The Language Acquisition and Resource Center (LARC) promotes the development of the student's foreign language skills and provides added cultural and literary knowledge. The LARC offers a wide range of multimedia and audiovisual materials, including an international video collection, 50-station digital language computer lab, the most up-to-date instructional computer software available, and many other resources. A tutorial support program for students in elementary and intermediate language courses is also available.

Major Matters Program

404/413-5109
majormatters@gsu.edu
www.cas.gsu.edu/major_matters.html

The College of Arts and Sciences Major Matters program is designed to help undergraduate students choose the right major and chart a course toward finishing their degree. The program website provides information about upcoming Major Matters workshops, links to major maps, Major in a Minute videos, and other resources for selecting a major. Program representatives are available regularly at the lobby-level General Classroom Building Information and Assistance Booth.

Mathematics Assistance Complex

122 Kell Hall
404/413-6462
www2.gsu.edu/~matdxh/

The Mathematics Assistance Complex supports undergraduate instruction programs by providing tutorial assistance to students who are taking lower-division courses in mathematics and statistics in the Department of Mathematics and Statistics.

The Mathematics Interactive Learning Environment

301 Urban Life Building
404/463-2780
131.96.241.78/mile

The Mathematics Interactive Learning Environment (The MILE) is designed to support and promote the development of the undergraduate student's mathematics skill and knowledge by accommodating diverse student learning styles and building student confidence and success in early mathematics courses. The MILE provides student-centered, computer-assisted, self-paced tutorials that include streaming video lectures, tutorial exercises and "just-in-time" assistance by faculty, graduate and undergraduate assistants.

Military Science Leadership Lab

The Leadership Lab is located in the Courtland Building on the second floor. It consists of a five-station computer lab that runs the U.S. Army Enhanced Skills Training Program (ESTP). The lab is also used with several automated classes offered by the U.S. Army.

Music Media Center

400 Haas Howell Building

The School of Music's Music Media Center provides students with a valuable resource for music study through the use of the Bobbie Bailey Technology Classroom, consisting of 18 workstations that facilitate the art of music composition, a multi-media seminar room, and the Charles Thomas Wurm Circulation area with access to 16 listening-keyboard computer workstations.

Visual Resource Center

258 Art and Humanities Building
404/413-5233

The Welch School of Art and Design's Visual Resource Center has a large collection of art and architecture slides covering all phases of art history. The collection is used extensively for instruction and learning by university faculty and students as well as visual arts professionals throughout the region. The school has recently acquired ArtStor, a database of over 300,000 images of the history of art. This addition will be a valuable resource for the School of Art and Design.

Writing Studio

976 General Classroom Building
www.writingstudio.gsu.edu/
404/413-5045

The Writing Studio offers space for conversation, coffee, and writers, by creating a welcoming community for undergraduate and graduate students to practice the art of writing. Its purpose is to enhance the writing instruction that happens in academic classrooms by pairing writers with an experienced Reader. Readers, Graduate Assistants in the department of English, engage student writers in talk about their writing assignments and ideas, and familiarize them with audience expectations and academic genre conventions. We focus on invention (coming up with ideas), drafting (expanding ideas and supporting arguments), and arrangement (figuring out the best structure and organization for a text). Readers focus on the rhetorical aspects of the student text, and provide one-on-one, student-centered teaching of works-in-progress. The Writing Studio does not provide editorial or proofreading services. Readers will not write on student papers or in any way "correct" a student text. Readers can also provide coaching for the Regents' Essay Exam, and students may work on course assignments or application materials for graduate and professional programs and scholarships. The Writing Studio is open only to currently enrolled students and recent alumni. The Studio is open the second week of each semester and closes the last Thursday before the end of classes. The Studio is closed between terms and for all university holidays. Students are welcome to drop in without appointments. More information is located on the website.

3020 College Academic Regulations

The requirements for entrance into Georgia State University are found in the section of this catalog devoted to undergraduate admissions. A transfer student must comply with all academic regulations of the university. The College of Arts and Sciences reserves the right to validate by examination any credits accepted by transfer. This provision in no way affects the acceptance of courses used to satisfy core curriculum requirements at another unit of the University System of Georgia.

Students holding a baccalaureate degree from an accredited college or university who wish to complete another undergraduate degree are urged to clear all requirements with an adviser in the Office of Academic Assistance.

Grades of C in Major/Minor

Courses in the major require a grade of C or higher. Courses in the minor chosen within or outside the College, require a grade of C or higher.

Credit by Examination

A maximum of 18 semester hours of degree credit may be granted before or after matriculation to a student who receives satisfactory scores on certain subject examinations of the College Level Examination Program of the College Entrance Examination Board. The student should consult the appropriate department or school or the Office of Academic Assistance for further information.

A maximum of 18 hours, but not more than 6 hours from one department or school, may be granted to entering freshmen who achieve satisfactory scores on the Advanced Placement Program of the CEEB. Credit awarded by examination by the academic departments within the College of Arts and Sciences does not apply toward the academic residence requirement.

Credit for Transient Work

Arts and Sciences students who wish to take course work at another institution, whether as a full-time or as a part-time student, must have prior written approval from the Office of Academic Assistance if they wish to apply the credit hours to a degree program. Failure to obtain the required prior approval will prevent the acceptance of such credits. Approval will be granted for no more than two terms of work and only if the student is in good academic standing at Georgia State University. No approval of requests to take courses in Atlanta-area colleges will be granted if the course is readily available from Georgia State offerings. During the term in which the student is scheduled to graduate, all courses must be taken at Georgia State unless prior written approval has been obtained from the Office of Academic Assistance. The acceptance and application of all course work taken as a transient student is subject to any limitations imposed by the student's major department, school, or program of study.

Please consult the "Academic Regulations" section of this catalog for further clarification in regard to transient credit.

Credit for Veteran's Service

University students who are veterans of any service, active, reserve, or National Guard, or who have attended a service academy, may receive advanced placement in the Department of Military Science and Leadership (ROTC).

Course 4999 - Directed Readings

Course 4999, Directed Readings, in any department/school/institute that offers a major in the College of Arts and Sciences is designed to assist seniors who are within two terms of graduation and who have curriculum difficulties in fulfilling the requirements necessary for graduation. One to four credit hours may be earned. The supervising professor, the departmental chair/school director, and the dean of the college must approve registration for the course. Forms for Course 4999 must be completed at the time of regular registration for the term in which the credit is to be earned and can be obtained through department/school offices or the college's Office of Academic Assistance.

Policy on Allowing Undergraduates to Take Graduate Courses

Under certain conditions, an undergraduate student may be permitted to take a graduate course. The dean's office of the college will determine a student's eligibility for admission into a graduate course. To be eligible, an undergraduate student generally must have a cumulative grade-point average of 3.5 or higher and be within 18 semester hours of graduation, and be enrolled in an undergraduate degree program. Eligibility does not guarantee permission to take a course. Once a student's eligibility is determined, permission must be granted by the instructor for the course, the department's/school's director of graduate studies, the chair/director of the department/school offering the course, and the Associate Dean of Graduate Studies in the College of Arts and Sciences. The request form is located at www.cas.gsu.edu/docs/ugrad/graduate_course_form.doc.

This approval process does not apply to postbaccalaureate students. Postbaccalaureate students wishing to take graduate courses must be admitted as non-degree seeking students (see www.cas.gsu.edu/grad_non-degree_transient_admission.html).

3030 College Degree Requirements

3030.10 Foreign Language Requirement for B.A./B.I.S. Majors

The College of Arts and Sciences requires the completion of a foreign language at the 1002 or 1101 level for all students seeking a Bachelor of Arts degree or a Bachelor of Interdisciplinary Studies degree. This requirement can be met by one of the following options: 1.) taking a course numbered 1002, 1101, or higher, 2.) Taking the CLEP exam in French, German, or Spanish for credit at the 2001 and 2002 level, or 3.) Taking the SAT II exam in Chinese, Japanese, or Korean and receiving at least the equivalent of a grade of "C" (73% of the highest possible exam score). For more information about the exams please contact the Counseling and Testing Center at (404) 413-1740.

The foreign language requirement for students enrolled in the Bachelor of Arts and the Bachelor of Interdisciplinary Studies programs is most commonly included in core curriculum Area F (Courses Appropriate to the Major); however, programs may also require students to complete foreign language courses in Area G, the 60 semester hours beyond the core curriculum. Students transferring to Georgia State with a completed core curriculum Area F, yet without sufficient course work to meet a program's foreign language requirement, will be required to fulfill the necessary courses in the second 60 semester hours. Students who take a language course in Area C and subsequently declare a major in a program leading to a Bachelor of Arts and

the Bachelor of Interdisciplinary Studies will find that the language course no longer counts in Area C but in Area F or Area G. For this reason, the college recommends that students in the Bachelor of Arts and the Bachelor of Interdisciplinary Studies programs not include a foreign language course in core curriculum Area C (Fine Arts and Humanities). Students who would like to begin a new foreign language, or to take a second foreign language, should consult a program adviser concerning the possibility of earning credit for the first semester of elementary foreign language (1001) in either core curriculum Area F or in the second 60 hours.

3030.20 B.A. in French, German, or Spanish and M.I.B. Joint Degree Program

Highly qualified and highly motivated students interested in languages and international business may apply for this joint-degree program that leads to an undergraduate degree in French, German, or Spanish and a Master of International Business. It is a demanding program that combines classroom study in the chosen second language with the international business curriculum. There will be at least one mandatory internship abroad in the final year, with a second strongly recommended study or work experience abroad, usually during the third or fourth year. Completion of the program in five years will mean that students must be willing to attend classes in the summer, as necessary. For further information please contact: Department of Modern and Classical Languages, 841 General Classroom Building, 404/413-5980, e-mail: mclinfo@gsu.edu.

For students interested in Japanese, the Bachelor of Interdisciplinary Studies in Japanese/Asian Studies can also be combined with the MIB in the Joint Degree Program. For more information, contact Yuki Takatori, 404/413-5980 or mclyyt@langate.gsu.edu.

3030.30 Bachelor of Interdisciplinary Studies

The Bachelor of Interdisciplinary Studies degree provides educational opportunities not available through the existing, traditional degree programs. The purpose of the program is to offer students an avenue by which they may take advantage of the rich offerings available in the several colleges at the university. An individual student, in consultation with a faculty adviser, may tailor a program of study that meets his or her particular educational needs, desires, and interests.

A student can pursue either a college-planned or a student-planned interdisciplinary program. The established college-planned programs address the needs of many students interested in a multidisciplinary, non-traditional education. Existing areas of concentration include Arts Administration-Speech/Theatre, Asian Studies, Classical Studies, Community Studies, Environmental Science, International Studies, Italian Studies, Law and Society, Middle East Studies, and Theatre. Information about the B.I.S. program, including program options and the application process, is available from the college's Office of Academic Assistance, 418 General Classroom Building, 404/413-5000.

Purpose

The Bachelor of Interdisciplinary Studies degree provides educational opportunities not readily available through traditional departmental degree programs. Students have flexibility in developing a course of study appropriate to their goals by selecting courses from several departments/schools/institutes in the College of Arts and Sciences. Students may also include courses from other colleges of this university in their interdisciplinary program.

It is not the function of the interdisciplinary program to pull together an assortment of course work as a last-minute effort to facilitate a student's graduation. A proposal should be planned by the time a student has earned 42 credit hours and should reflect a logical, consistent course of study that is based on acceptable and germane student objectives.

Program Admission

Applicants to the Bachelor of Interdisciplinary Studies program must satisfy the admission requirements for Georgia State University and, in addition, must have a Georgia State cumulative grade-point average of 2.0. Matriculation into the program can occur only after the B.I.S. Council approves a student's program of study. There is a special application procedure for this degree program and faculty advisement is a mandatory component of this process.

Program Degree Requirements

There are two options in the Bachelor of Interdisciplinary Studies program, the student-planned option and the college-planned option. Descriptions are listed below.

No more than 12 hours of the requirements in an area of concentration (Area G), and no more than 6 hours of the requirements in an allied field (Area H), may be taken from the offerings of any single discipline in the university. Courses in the area of concentration (Area G) and allied field (Area H) must be at the 3000-4000 level. Also, a grade of C or higher is required in all courses in the area of concentration (Area G) and allied field (Area H). Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation. The last 27 semester hours prior to graduation must be completed while formally enrolled in the program.

Option One: Bachelor of Interdisciplinary Studies Student-Planned Program

Students may choose the option to propose their own program of study for approval by the B.I.S. Council responsible for the oversight of the degree. Students may select their proposed courses from any college in the university, as long as at least 50 percent of the hours in the program are chosen from courses in the College of Arts and Sciences. Students should have their proposed student-planned programs reviewed by the B.I.S. Council by the time they have earned 42 hours.

To gain approval into the program, students must articulate a reasonable and educationally justifiable course of study. Proposed interdisciplinary degree programs cannot resemble current programs offered at the university. Students interested in initiating the application process must first schedule an appointment with an academic adviser in the Office of Academic Assistance (404/413-5000). Students must also select an appropriate faculty adviser to provide guidance in developing the interdisciplinary program.

Course of Study Outline for Student-Planned Programs:

Areas A-E: Core Curriculum (42)

All undergraduate students satisfy a common core curriculum. These requirements are printed in the "Academic Regulations" section of this catalog.

Area F: Courses Appropriate to the Major Field (18)

Courses in this area should be included in the program proposal. The courses selected for this area must be at the lower-division level and judged to be programmatically appropriate to the intent of the proposed program. Foreign Language 1002 must be included in Area F of all student-planned programs, except for those in science.

Area G: Area of Concentration (similar to a traditional major area, except interdisciplinary in content).

Area H: Allied Field (similar to a minor, except interdisciplinary in content).

Area J: Electives

When developing a student-planned program, the student may choose one of the following structures:

Program Plan Structure One: An area of concentration (27-33 semester hours) with an allied field (15-21 semester hours) and electives (6-18 semester hours).

Program Plan Structure Two: An area of concentration (27-33 semester hours) with two allied fields (15-21 semester hours each).

Program Plan Structure Three: Two areas of concentration (27-33 semester hours each).

Option Two: Bachelor of Interdisciplinary Studies College-Planned Programs

Students may choose a program designed by the College as follows: Arts Administration–Speech/Theatre, Asian Studies, Classical Studies, Community Studies, Environmental Science, International Studies, Italian Studies, Law and Society, Middle East Studies, and Theatre. For information about the college-planned programs, see the alphabetical list of majors later in this chapter of this catalog. Environmental Science has specific core curriculum requirements listed.

3030.40 The Interdisciplinary Minor

The interdisciplinary minor provides educational opportunities not otherwise available and allows students the flexibility to select courses for the minor from several departments/schools/colleges at the university. Students must propose their interdisciplinary minor of 15-18 hours for approval by the Bachelor of Interdisciplinary Studies Advisory Council. A proposal must identify the way in which the minor fits into the context of the student's entire degree program. To gain approval, students must articulate a reasonable and educationally justifiable course of study and must keep in mind that this course of study may not duplicate what is currently available. Students can choose to pursue either a college-planned or a student-planned interdisciplinary minor.

The following requirements apply to the interdisciplinary minor:

1. The student must have a Georgia State University cumulative grade-point average of 2.0;
2. All courses included must be at the 3000 level or above;
3. No more than six hours may be taken in any one department or school and courses cannot be from the major area; and
4. At least 50 percent of the minor must be completed after the semester in which the B.I.S. Advisory Council approves the minor program plan.

Students should contact the Office of Academic Assistance at 404/413-5000 for information on the application procedure. Guidelines for college-planned interdisciplinary minors in Advanced Leadership and Management, Gerontology, Jewish Studies, Language Studies, Latin American Studies, and Middle East Studies are also available.

3040 Office of Academic Assistance

418 General Classroom Building
404/413-5000

www.cas.gsu.edu/oa.html

Director: Tammy Patterson-Hill

Associate Director: Linda P. King

Academic Advisers: Marie Haley, Laura Jones, Kenneth Meier, Stephen Mendenhall, Shannon Sanders, Michael Terrell

The Office of Academic Assistance supports departments and schools in providing academic advisement for students in the college. This office also works with students on career development and on marketing a liberal arts background in the current job environment. The Office of Academic Assistance prepares evaluations of transfer work done at other institutions as well as academic program reviews for each major offered through the college. It also assists with course selections and schedule

revisions and provides information concerning college and university policies. Students are advised on an appointment basis, or they may come by the Academic Assistance office at any time during office hours for brief consultations. During the academic year, the office is open until 6:00 p.m. on Tuesday and Wednesday and until 5:15 p.m. on Monday, Thursday and Friday. Students seeking a degree in the College of Arts and Sciences should become familiar with the academic regulations of the university stated elsewhere in this catalog.

Academic Advisement for Majors

Although the College of Arts and Sciences will endeavor to provide timely and accurate advisement, it is the responsibility of the student to know and to satisfy the degree requirements of his or her academic program.

The College of Arts and Sciences encourages its majors to receive regular academic advisement in their major departments/schools/institutes. This position reflects the belief that a strong undergraduate program is possible only if there are frequent opportunities for students to discuss their academic work and career goals with one of their major professors. In a large urban institution such as Georgia State University, contact is essential if students are to receive individual attention and enjoy the full benefits of a liberal arts education. Students should call their major department/school/institute to make advisement appointments and/or find out the department's/school's/institute's walk-in advisement schedule. A list of undergraduate directors and advisers is available online at www.cas.gsu.edu/ugrad_advisors2.asp.

3050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the College of Arts and Sciences will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section 1050.80 under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

3070 Research Centers and Areas of Focus Programs

Asian Studies Center

Dr. Kim Reimann, Director

The Asian Studies Center promotes scholarly and academic activities related to Asia and Asian Americans. To this end, the center focuses primarily on research activities and learning opportunities for faculty and students pertaining to South Asia, China and Inner Asia, Southeast Asia, Northeast Asia, and Americans of Asian descent. A variety of programs are supported by the Center, which works to develop and advance a strong awareness of Asia's contributions and importance to the university, the United States, and the world. For more information: www.gsu.edu/~wwwast/.

Center for Biotechnology and Drug Design

Drs. Phang C. Tai, Director; A. L. Baumstark, Co-director

The Center for Biotechnology and Drug Design consists of an interdisciplinary group of faculty members from the Departments of Biology, Chemistry, Physics and Astronomy and Computer Science. The center supports faculty research and graduate student training, and collaborative efforts with biotechnology firms in Georgia. Core facilities, supported in part by Georgia Research Alliance, house state-of-the-art research equipment, including high-field NMR spectrometers, nucleic acid/protein sequencers, cell sorters, DNA thermocyclers, RT-PCR, Affimetrix Gene Chip arrays, Mass Spectrophotomer, BiaCore and phosphoimagers. The center provides research opportunities for M.S. and Ph.D. students in biotechnology and related fields. For more information: www.biology.gsu.edu/bio/BDD/index.html.

Center for Behavioral Neuroscience

Dr. H. Elliott Albers, Director

The Center for Behavioral Neuroscience, a National Science Foundation Science and Technology Center, is an award-winning, interdisciplinary research consortium composed of more than 150 neuroscientists from institutions throughout the Atlanta area. The center conducts innovative research in behavioral neuroscience, educates a new generation of interdisciplinary investigators, and promotes an increased public awareness of the interaction of brain function and behavior. Faculty from Georgia State's Neuroscience Institute and the Departments of Biology, Chemistry, and Psychology play important roles in the work of the center. For more information: www.cbn-atl.org.

Brains & Behavior Program

Dr. Walter Wilczynski, Director

Brains & Behavior (B&B) is a multi-departmental umbrella program that promotes research broadly related to the Neurosciences. It sponsors student fellowships, provides seed grants for research and promotes collaborations across departments. For more information: www.neuroscience.gsu.edu/3650.html.

Center for Collaborative and International Arts

Ralph Gilbert, Director

The Center for Collaborative and International Arts (CENCIA) brings together creative writers, visual arts, composers, musicians, actors and playwrights, filmmakers, and scholars engaged in arts-related research at Georgia State University. This cutting edge union of arts-related disciplines is helping to guide the trajectory of the fine arts in the 21st century as boundaries between traditional disciplines give way to exciting new partnerships. As part of and in addition to these activities, CENCIA coordinates the Internationalizing the Arts Area of Focus for the university. For more information visit: arts.gsu.edu.

Center for Collaborative Scholarship in the Humanities

Dr. David Cheshier, Director

CCSH showcases research in the humanistic disciplines. The main project work of the center is focused on the creation of multi-year research teams, each charged with soliciting external financial support for collaborative scholarship. Center activity also aims to publicize outstanding humanistic work already underway by GSU faculty and students, to provide online resources for those seeking enhanced support for their work, and to establish and strengthen partnerships with local and regional organizations and institutions engaged in related activity. For more information visit: humanities.gsu.edu.

Center for Educational Partnerships in Music

Marilyn Seelman, Interim Director

The Center for Educational Partnerships in Music (CEPM) promotes excellence in music teaching and learning through partnerships among the university, P-12/continuing education, and community arts organizations. In support of this mission, CEPM develops model programs, serves as a resource for existing partnerships, and conducts research on the educational effectiveness of partnership programs. For more information: www.cmp.music.gsu.edu.

Center for Environmental Research

Dr. Sidney Crow, Director

The Center for Environmental Research provides diverse research activities at Georgia State University concentrating on environmental issues and problems. By offering undergraduate and graduate research opportunities, the center prepares students for environmentally oriented careers in regional, state, and local governmental agencies and industries. The center is composed of interdisciplinary faculty from the Departments of Anthropology, Biology, Chemistry, Computer Science, Economics, Geosciences, Mathematics and Statistics, Philosophy, Physics and Astronomy, and Public Administration.

Jean Beer Blumenfeld Center for Ethics

Dr. Andrew I. Cohen, Director

The Center for Ethics supports research on contemporary ethical issues and serves the university and the Atlanta community by sponsoring symposia, lectures, and other programs on ethics in areas such as health care, business, and government. Center affiliates include faculty from several fields in the humanities and social sciences. For more information: www.gsu.edu/ethics.

Center for Hellenic Studies

Dr. Nickitas J. Demos, Director

The Center for Hellenic Studies has the mission of expanding and disseminating knowledge of ancient and contemporary Hellenic cultures. The center achieves this aim through interdisciplinary research, university courses, and community events that focus on Greek history, philosophy, religion, language, society, and arts. The center also supports greater interaction between American and Greek institutions. For more information: www.cas.gsu.edu/hellenic_studies_center.html.

Center for High Angular Resolution Astronomy

Dr. Harold McAlister, Director

The Center for High Angular Resolution Astronomy (CHARA) conducts research involving very high resolution imaging of astronomical objects. The center has designed and built the CHARA Array, an optical/interferometric array of six 1-meter telescopes capable of achieving resolution down to 0.0002 arcsecond. This is 50 times greater resolution than that of the Hubble Space Telescope. The Array is located on the grounds of Mt. Wilson Observatory in the San Gabriel Mountains of southern California. Georgia State is the only university in the world to have such a uniquely powerful instrument. Faculty, staff, and graduate students from the Department of Physics and Astronomy utilize the CHARA Array for a variety of research programs. For more information: www.chara.gsu.edu/CHARA.

Center for Human Rights and Democracy

Drs. William Downs and Fernando Reati, Co-directors

The Center for Human Rights and Democracy was established in the spring. The mission of the center is to create a major interdisciplinary, collaborative program focused on the contemporary and comparative study of human rights and democracy. Efforts focus on cities, post-colonial nations, post-Soviet regions, post-dictatorship societies, and democracies with high rates of immigration. For more information: www2.gsu.edu/~wwwpol/6131.html

Center for International Media Education

Dr. Leonard Ray Teel, Director

The Center for International Media Education was established in 1997 to assist in the development of media education, professionalism and research in various parts of the world. The principal focus currently is on the Middle East, North Africa and China. The Center concentrates on curriculum development, student publications, academic and professional internships, and international communication research. It currently publishes two journals, the *Journal of Middle East Studies* and the *Atlanta Review of Journalism History*. For more information: www.gsucime.org

Center for Latin American and Latino/a Studies

Dr. Hector Fernandez-L'Hoeste, Director

The Center for Latin American and Latino/a Studies addresses issues of Latin American and Latino culture, economics, and politics through interdisciplinary research, education, and community outreach. Faculty from a variety of departments, including Anthropology, Art History, Communication, Geosciences, History, Modern and Classical Languages, Political Science, and Psychology, examine the opportunities and challenges presented by the emerging Hispanic presence in the Atlanta area and the increasing importance of Latin American culture in the United States. For more information: www2.gsu.edu/~wwwcla/.

Molecular Basis of Disease Program

Dr. Teryl K. Frey, Director

Molecular Basis of Disease is a multi-departmental program in biomedicine that includes faculty in six departments engaged in interdisciplinary research: Biology, Chemistry, Computer Sciences, Physics and Astronomy, Mathematics and Statistics, and Computer Information Systems. The program provides both graduate and undergraduate fellowships as well as support for the state-of-the-art facilities in these departments. For more information: biology.gsu.edu/mbd.

Center for Neighborhood and Metropolitan Studies

The Center for Neighborhood and Metropolitan Studies is an interdisciplinary group created to focus academic research, teaching, and service on the needs of neighborhoods where people live and confront localized issues. Created from a recommendation made by Georgia State University's Arts and Sciences Urban Group, the Center also addresses the whole of the metropolis to allow the study of problems that affect all cities and encourage a comparative focus. For more information: www2.gsu.edu/~wwwnms/.

Center for Neuromics

Dr. Paul S. Katz, Director

The Center for Neuromics fosters research on the fundamental unit of the brain, the neuron. Just as genomics is the characterization of all the genes in an organism, neuromics is the study of neurons and the interconnectivity. The center sponsors research seminars and provides some research support for students working in the field of neuromics. For more information: neuroscience.gsu.edu/neuromics.html.

Center for Research on Atypical Development and Learning

Dr. MaryAnn Romski, Director

The Center for Research on Atypical Development and Learning (CRADL) coordinates scholarly efforts that focus on gaining a fuller understanding of atypical developmental and learning processes from birth through adolescence. An interdisciplinary center, CRADL supports basic and applied research in three primary areas: developmental disabilities, including autism; developmental learning and attention disorders; and acquired brain damage. The center also facilitates educational and outreach efforts. For more information: www.gsu.edu/~wwwatyl/.

Language Research Center

Dr. David Washburn, Director

The Language Research Center, located on a 55-acre tract of forest in southeast Atlanta, studies the nature of language and the emergence of symbolic-communication skills. Its research concentrates on the advanced cognitive processes of the great apes and monkeys. The center provides graduate research opportunities for students and faculty from the Departments of Psychology, Anthropology, Computer Science, Counseling and Psychological Services, and Biology. For more information: www.gsu.edu/lrc.

Regents Center for Learning Disorders

Dr. Mary Morris, Director

The Board of Regents of the University System of Georgia has established three centers for the provision of assessment, resources, and research related to students within the University System who have learning disorders. The Regents' Center for Learning Disorders at Georgia State University has been assigned to serve 14 institutions in the Northwest Georgia area. For more information: www.gsu.edu/rclld/.

Research on the Challenges of Acquiring Language and Literacy Program

Drs. Rose Sevcik and Paul Alberto, Co-Directors

The goals of the L&L program are to integrate and build on our current nationally recognized individual research programs to create a world-class interdisciplinary research and doctoral training program focused on the acquisition of language and literacy.

The L&L Program includes faculty from the College of Arts and Sciences and the College of Education, including the departments of Educational Psychology and Special Education, Psychology, Anthropology, Applied Linguistics, Communication, Early Childhood Education, Educational Policy Studies, and Philosophy. It also involves partnership with the Center for Research on Atypical Development and Learning, the Language Research Center, and the Regents' Center for Learning Disorders. For more information email palberto@gsu.edu or resevcik@gsu.edu.

Urban Health Program

Dr. Michael Eriksen, Director

The goal of the Georgia State University Urban Health initiative is to become nationally recognized as a center of excellence in urban health research. The program involves multiple partners from the colleges of Arts and Sciences, Health and Human Sciences, and Law. For more information: urbanhealth.gsu.edu/

3080 Facilities and Projects

Art Galleries

The School of Art and Design maintains an active gallery and special events schedule. Exhibitions, lectures, and workshops by artists of national renown as well as exhibitions by students and faculty of the School of Art and Design are regularly presented through the galleries. For more information: www.gsu.edu/artgallery

Advanced Biotechnology Core Facilities

The Departments of Biology and Chemistry operate a number of state-of-the-art core facilities that support instructional and research programs. These include high-field nuclear magnetic resonance, biological imaging, confocal microscopy, molecular modeling, fermentation, and protein/nucleic acid syntheses, amplification, and sequence analyses. For more information: biology200.gsu.edu/core_facility/home.html

***El Centro*: National Latino Research Center on Domestic Violence**

Dr. Julia Perilla, Director

El Centro is a national research center on domestic violence in Latino communities, and it is part of the National Latino Alliance to Eliminate Domestic Violence. *El Centro's* mission is three-fold: (1) to promote culturally appropriate research and evaluation regarding the issue of domestic violence in Latino communities; (2) to mentor and serve as a resource for Latino and Latina researchers and other researchers interested in the issue of domestic violence in the Latino population; and (3) to maintain an ongoing dialogue with practitioners and service providers regarding relevant research topics that address emerging needs in Latino communities.

Florence Kopleff Recital Hall

The School of Music's 380-seat Kopleff Recital Hall is located on the corner of Gilmer Street and Peachtree Center Avenue. This acoustically superb performance hall is equipped with a 3-manual, 36-rank Miller pipe organ. The facility is used for performances by music faculty and students and by distinguished visiting artists from around the world.

Georgia Government Documentation Project

The Georgia Government Documentation Project (GGDP), a joint venture of the Department of History and the Special Collections Department of the University Library, records the state's political heritage through oral history interviews and collections of associated papers. The GGDP collection includes more than 250 interviews with former governors, legislators, women in politics, African-American political activists and leaders, journalists, and numerous other public figures. The GGDP also actively collects interviews conducted by other scholars of Georgia politics. The project is housed in the Georgia State University Special Collections Department. For more information: www.library.gsu.edu/spcoll/ggdp.

Georgia Women's Movement Project

The Georgia Women's Movement Project, a collaborative project of the Women's Studies Institute and the Special Collections Department of the University Library, preserves the papers and artifacts of individuals and organizations involved in the struggle for women's rights in Georgia with particular attention to the Equal Rights Amendment. Established in 1996, the Georgia Women's Movement Archives, housed in the Georgia State University Special Collections Department, includes collections and oral history interviews. The Institute relies on the archives for primary and secondary sources used in research and teaching on the history of women's movements in Georgia and for comparative research globally. For more information: www.library.gsu.edu/spcoll/women.

Hard Labor Creek Observatory

The university's Hard Labor Creek Observatory, located in the Hard Labor Creek State Park 50 miles east of Atlanta, houses two 16-inch cassegrain reflecting telescopes and a 40-inch equivalent aperture "multi-telescope telescope," which is the southeast's largest astronomical telescope. These instruments are equipped with modern digital electronic cameras for imaging and spectroscopy and are regularly used by faculty and students in the Department of Physics and Astronomy. Open houses are held monthly except during the winter. For more information: www.chara.gsu.edu/HLCO/

Viral Immunology Center

Dr. Julia K. Hilliard, Director

The mission of the Viral Immunology Center is to enhance the understanding of virus-host interactions, particularly for zoonotic infections that affect the central nervous system. Studying virus-host relationships furthers knowledge regarding how viruses and hosts modulate each other for the ultimate survival of each entity, how evolution and adaptation progress for the development of a successful relationship, and how to target mechanisms to prevent host morbidity and mortality as a result of infection.

Additionally, the Center is the home of the National B Virus Resource Center. For more information: www.gsu.edu/~wwwvir.

3090 African-American Studies

Programs Offered:

- **Bachelor of Arts in African-American Studies**
 - **Concentration in Humanities**
 - **Concentration in Social/Behavioral Science**
 - **Concentration in Pre-Education**
- **Minor in African American Studies**

Department of African-American Studies

962 One Park Place South

404/413-5135

www.gsu.edu/afam

Charles E. Jones, Chair

African-American Studies offers an interdisciplinary approach to the study of African people nationally and globally. It recognizes how issues and factors in addition to race affect the lives of African people worldwide. As an interdisciplinary field of concentration, it offers critiques of knowledge presented in the traditional disciplines and professions, scholarly and artistic accounts of the realities of the lives of African-Americans, and perspectives on social change. The Department of African-American Studies provides students with the intellectual origins, concepts, research, and models of the disciplines; the knowledge and skills necessary for the study of group cultures; and a curriculum that contributes to the goals of multicultural education. Faculty and courses are drawn from the department itself and from other departments/schools/institutes in the university.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Pre-Education Concentration

The Department of African-American Studies offers a pre-education track with a concentration in history for students who wish to become public school teachers and to be certified to teach by completing the initial teacher preparation for the M.A.T. Program in Social Studies Education in the College of Education (or a similar master's level initial preparation program at another university). The pre-education track in African-American studies develops teachers to work effectively in multi-cultural classrooms. The pre-education track in African-American Studies prepares teachers to teach students from diverse ethnic, gender, cultural, and social class groups by offering curricula that examine the histories and experiences of people of African descent and aspects of cultural identity formation in the U.S., Africa, and the Caribbean. This track also prepares educators to develop their students to be citizens of a global community. Students who wish to pursue the pre-education track in African-American studies must take ten designated upper-division major courses (33 credit hours) and complete the course work in two or more of the following allied fields: political science (9), geography (9), economics (9), and education, but only one of these behavioral sciences: anthropology, sociology, and psychology. After completion of the above requirements, the student will be awarded a Broad Field Social Science Pre-Education Certificate.

1. Required Courses to fulfill CTW requirement (6)
 - AAS 3980 Research Methods in African-American Studies (3)
2. Additional Courses (27):
 - AAS 3975 Concepts and Theories in African-American Studies (3)
 - AAS 3450 History of African Americans in Georgia (3)
 - AAS 4640/Hist 4270 African-American People (4)
 - AAS 4600/Hist 4280 Enslavement and Resistance in North America (3)
 - AAS 4620 Enslavement in the Americas
 - AAS 4772/Hist/WSt 4772 Women in Africa (3)
 - AAS 4774/Hist 4774 African Rebellions (3)
 - Hist 3000 Introduction to Historical Studies (4)
 - Hist 3220 United States in the Twentieth Century (4)

Total Number of Hours: 33

Allied Fields (18)

Select two or more out of the following fields:

- Political Science (9) (3000-4000 level courses)
- Geography (9) (3000-4000 level courses)
- Economics (9) (3000-4000 level courses)
- Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200) (9)
- One Behavioral Sciences field: Anthropology, Sociology, or Psychology (9) (3000-4000 level courses)

Area H: Minor and Additional Courses

Students majoring in African-American Studies:

1. Are not required to take a minor.
2. Must take additional courses as electives to complete a minimum of 120 hours, exclusive of 1000/2000 physical education or military science courses.

Minor in African-American Studies

Students who wish to minor in African-American Studies should complete the following requirements (15). A grade of C or higher is required in all minor courses.

1. Complete the following three courses (9)
 - AAS 2010 Introduction to African-American Studies (3)
 - AAS 3120 African Diaspora (3)
 - AAS 4120 African-American Political Thought (3)
2. Select two African-American Studies courses at the 3000 level or above (6).

3100 Anthropology

Programs Offered:

- **Bachelor of Arts in Anthropology**
 - **Concentration in Pre-Education**
- **Minor in Anthropology**

Department of Anthropology
335 Sparks Hall
404/413-5156
www.cas.gsu.edu/anthropology/

Kathryn A. Kozaitis, Chair
Frank Williams, Director of Undergraduate Studies

Anthropology, the study of humans, provides students with a perspective on the nature of humankind over time and in different environments. It is concerned with humans as biological beings (biological anthropology), with prehistory and cultural evolution (archaeology), and with how humans order their worlds socially and culturally (social/cultural anthropology), as well as with the nature of human language (linguistic anthropology). The Department of Anthropology offers a Bachelor of Arts degree in Anthropology. Undergraduate majors are encouraged to take a wide range of courses in archaeology, biological anthropology, and cultural anthropology. Anthropologists are frequently teachers and/or researchers in educational systems, or, alternatively, they work for public and private agencies. Within these areas, they may be specifically concerned with historic or cultural resource preservation or cross-cultural and minority group relations in such areas as medicine, community development, education, tourism, business, and other specialties.

Program Financial Information

No additional expenses are needed to complete this degree program. Some special courses that travel away from campus, such as Anth 4550 Field School in Anthropology, will have additional costs. The department offers two endowed scholarships for undergraduate majors: the Robert L. Blakeley Endowed Scholarship in Anthropology and the Jeremy D. Gillen Endowed Memorial Scholarship in Anthropology.

Program Academic Regulations

Students must earn a grade of C or better in any courses required for Areas F and G. A grade of C or higher is also required in all courses counting toward an Anthropology minor.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

2. Students majoring in anthropology must take additional courses as electives to complete a minimum of 120 hours, exclusive of 1000/2000 physical education or military science courses.

Pre-Education Concentration

The Social Studies Education Concentration in Anthropology is designed for students who want to be secondary school teachers. This degree provides the initial teaching preparation for the M.A.T. Program in Social Studies Education in the College of Education at Georgia State University, or similar master's degrees at other universities. Students pursuing this concentration must complete all major requirements and choose two or more allied fields from other departments, taking a minimum of nine hours of 3000-4000 level courses in each allied field. Students with a concentration in anthropology may choose the following allied fields:

- Economics
- Geography
- History
- Political Science
- Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200)

Anthropology allied-field courses:

Possible prerequisites (depending on the 3000-4000 level courses selected by the student):

- Anth 1102 Introduction to Anthropology (3) *or*
- Anth 2010 Introduction to Biological Anthropology (3)
- Anth 2020 Introduction to Cultural Anthropology (3)
- Anth 2030 Archaeology and Prehistory (3)
- Select any three 3000-4000 level courses in anthropology.

Minor in Anthropology

Students who wish to minor in anthropology should complete the following requirements (1 and 2). (at least 15 hours) A grade of C or higher is required in all courses counting toward the minor.

1. 1. Select one course. (3)
 - Anth 2010 Introduction to Biological Anthropology (3)
 - Anth 2020 Introduction to Cultural Anthropology (3)
 - Anth 2030 Archaeology and Prehistory (3)
2. 2. Select four anthropology courses at the 3000 level or above (at least 12 hours).

Students taking more than 15 hours in courses in anthropology may count the additional hours toward their electives or may consider completing a double major.

3110 Applied Linguistics and English as a Second Language

Programs Offered:

- **Bachelor of Arts in Applied Linguistics**
- **Certificate in Teaching English as a Foreign Language**
- **Minor in Applied Linguistics**
- **ESL Credit-Bearing Courses**
- **Intensive English Program**

Department of Applied Linguistics and English as a Second Language
34 Peachtree Street, Suite 1200
404/413-5200
gsu.edu/alesl

Sara C. Weigle, Chair

Applied linguistics is an interdisciplinary field that integrates many perspectives on the study of human language. Studying linguistics is not a matter of learning many different languages, but rather it is the study of the nature of language in general. Applied Linguistics is the study of language and communication in relation to real-world problems such as language acquisition and teaching, language assessment, improving intercultural communication, and understanding the relationship between language and social organization.

The Department of Applied Linguistics and English as a Second Language offers (1) a B.A. degree in Applied Linguistics; (2) a certificate in Teaching English as a Foreign Language (TEFL), (3) ESL credit-bearing courses for non-native speakers of English, and (4) Intensive English Program (IEP) courses for non-native speakers of English.

The B.A. in Applied Linguistics provides the opportunity for students to explore the field of linguistics from an interdisciplinary perspective.

The TEFL certificate program provides students with appropriate skills and a credential that will enable them to teach English as a foreign language abroad. Students majoring in any undergraduate program can earn the TEFL certificate. In addition, the certificate can be earned by any postbaccalaureate student. TEFL certificate requirements consist of the following five courses: AL 3021, AL 3041, AL 3051, AL3101, and AL 4161. AL 3021 is a prerequisite for AL 3041, AL 3051, and AL 4161. AL 3051 is a prerequisite for AL 4161.

For information on credit-bearing ESL courses for non-native speakers of English and the Intensive English Program, see Sections 3230 (English as a Second Language) and 3330 (Intensive English Program).

Program Academic Regulations

Students must earn a grade of C or better in any courses required for Areas F and G. A grade of C or higher is also required in all courses counting toward an Applied Linguistics minor.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a degree program adviser for specific guidelines. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the institute. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

The Ernest G. Welch School of Art and Design
 117 Arts and Humanities Building
 404/413-5221
www.gsu.edu/art

Cheryl Goldsleger, Director
 Constance Thalken, Associate Director

The Ernest G. Welch School of Art and Design offers degree programs in studio art, art education, and art history. The Bachelor of Fine Arts professional degree is available in studio and art education. Within the studio degree, students may choose from these concentrations: drawing, painting, and printmaking; graphic design; interior design; photography; textiles; or three-dimensional studies (ceramics or sculpture).

The School of Art and Design offers the Bachelor of Arts degree for students who wish to pursue a liberal arts education. They may select a concentration in studio art or in art history. The Studio B.A. program covers a range of art courses and a studio concentration. Art history is a more academic liberal arts program devoted to preparing future scholars and curators.

The School of Art and Design seeks to provide an educational environment that encourages the creation and presentation of the visual arts, the study of visual culture, the creation and enhancement of our interior environments, and the promotion of the visual arts to the larger community. Graduates of the school carry their knowledge forward and contribute to the cultural conscience of the community. A strong corps of the school's graduates is found in prominent art centers and schools. Others hold positions with regional, national, and international design firms. Faculty, student artists, and alumni frequently exhibit in national and international galleries and competitions. Their works are in numerous private and corporate collections.

The School of Art and Design is professionally accredited by the National Association of Schools of Art and Design.

Program Admission

Students who wish to pursue a Bachelor of Fine Arts (B.F.A.) degree must apply to seek this degree. Students may pursue the B.F.A. by being accepted either into a major in studio art or into a major in art education. The studio art program requires a concentration in one of the following areas: drawing, painting, and printmaking; graphic design; interior design; photography; textiles; or three-dimensional studies (ceramics or sculpture). Acceptance to a major is determined by application and portfolio

review following completion of the art core sequence. Students should consult with the undergraduate adviser or a faculty adviser in their area of interest for details.

Portfolios and applications are reviewed fall and spring semesters on Portfolio Review Day. Students should check with the School of Art and Design office for information about Review Day.

Admission to Art Education

Application to the art education major should occur upon completion of the 18 semester hours required in Area F and at the end of the semester in which the student is taking the introductory art education course (AE 4200). Application to the major must occur prior to completing 15 additional semester hours in art. Students must have earned a 2.5 overall cumulative GPA, a 3.0 GPA in all art content courses, and passed the Basic Skills GACE for entrance to the major.

Admission to Studio Art

Upon completion of the 18 semester hours required in Area F and prior to completion of 15 additional semester hours, each student who wishes to seek a B.F.A. in Studio Art must submit an application and pass a portfolio review for acceptance into a major concentration. Applications to concentrate in a discipline are available in the School of Art and Design office and are reviewed fall and spring semesters on Portfolio Review Day scheduled prior to Phase I registration (Graphic Design Portfolio Review is held at the end of Spring Semester only and Interior Design Portfolio Review is held at the end of the Fall semester only). Students should meet with an adviser in the concentration they are considering one semester before they apply for the concentration. In the event that a student is not accepted into the concentration, the student should see the School of Art and Design undergraduate adviser to explore other options.

Program Academic Regulations

Evaluation of transfer credits should be completed during the first semester of attendance at the university.

Program Degree Requirements

Art students should seek regular advisement from the Undergraduate Adviser in the School of Art and Design. Once accepted into a concentration, students should seek advisement from the Area Coordinator for that concentration. In order to facilitate advisement, students in the Bachelor of Arts degree program should declare their major and area of concentration (studio or art history) prior to completion of their Area F courses. Students in the Bachelor of Fine Arts degree program should declare their intention to pursue a B.F.A. degree to the Office of Academic Assistance in the College of Arts and Sciences when they initiate their Area F requirements. Upon completion of the Area F requirements and prior to completion of 15 additional hours in art, students who intend to pursue the Bachelor of Fine Arts degree program must submit an application and portfolio to the concentration faculty for review and approval.

A grade of C or higher is required in all major courses, a grade of B or higher is required in all art education courses, and a GPA of 3.0 is required for all art content courses.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

 - AH 1850 Survey of Art III. Art of Africa, Oceania, and the Americas (3)
 - b. AH 2000 Survey of Art Since 1900 (3)

Application to the art education major should occur upon completion of the 18 semester hours required in Area F and at the end of the semester in which the student is taking the introductory art education course (AE 4200/6200). Students must have earned a 2.5 overall cumulative GPA, a 3.0 GPA in all art content courses, and passed the GACE Basic Skills tests for entrance to the major. Students should contact an art education faculty member for information about criteria and application procedures and check the GACE website at: www.gace.nesinc.com/PDFs/GA_PG_fld109110_complete.pdf.

Once admitted to the Art Education program, students should maintain continual contact with the department and submit a form declaring their "Intent to Student Teach" at least three semesters prior to student teaching/graduation. Failure to submit the "Intent to Student Teach" form may result in a delay in student teaching placement and graduation.

Area G: Major Courses (67-69)

A grade of C or higher is required in all major courses, a grade of B- or higher is required in all art education courses, and a GPA of 3.0 is required for all art content courses.

1. Required Courses (36)
 - EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
 - EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
 - EDUC 2130 Exploring Learning & Teaching (3)
 - EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
 - Two AH 1000-level electives not taken in Area C or F2.a (recommended), or one 1000-level survey and one AH 3000-4000 level (6)
 - 3DS 3050 Hand Building I (3)
 - DPP 3000 Life Drawing (3)
 - DPP 3200 Painting with Water-Based Media (3) *or*
 - DPP 3300 Painting with Oil-Based Media (3)
 - Phot 3000 Photography I (3)
 - DPP 3050 Introduction to Printmaking (3)
 - 3DS 3000 Sculpture I (3)
2. Select two additional courses in one area to satisfy the 26-hour requirement of a studio art concentration. (6-8)
3. Art Education (13)
 - AE 4200 Art for Preschool through Fifth Grade (3) (serves as one of the two courses needed to fulfill CTW requirement)
 - AE 4300 Art for Middle and Secondary Schools (3)
 - AE 4400 Media, Technology, and Visual Presentation (4)
 - AE 4900 Art Theory and Criticism in Art Education (3) (serves as one of the two courses needed to fulfill CTW requirement)
4. AE 4750, AE 4760, AE 4770, and AE 4780 (Student Teaching) (12)
5. Select additional courses to complete a minimum of 129 hours. (See "Area H" following the degree requirement listings in this section.) Art 4980, Special Problems (1-6), may be used in order to meet the specified requirements. Consent of departmental adviser and instructor required.

Area H: Minor and Additional Courses

Students seeking the B.F.A. in art education may not seek a minor. They must take additional courses as electives to complete a minimum of 129 semester hours, exclusive of 1000/2000 physical education or military science courses.

Note: Only graduate or post-baccalaureate students will be allowed to register in 6000-level courses, AE 6200, 6300, 6400, and 6900. These courses count only toward certification not as hours in the MAEd.

Application for Entry into Teacher Education

Prior to being approved for student teaching, art education majors must meet professional requirements for entry into teacher education as listed in the "Teacher Preparation" chapter of this catalog. Students are also required to have a 2.5 overall cumulative GPA and to have passed the GACE I and Regents' exams.

Pre-Student-Teaching Review

Prior to being approved for student teaching, all art education students must pass a portfolio-based Pre-Student-Teaching Review, have earned a grade of B- or higher in all art education courses, and have earned a 3.0 GPA for all art courses. Students must submit a form declaring their "Intent to Student Teach" at least three semesters prior to student teaching/graduation. Failure to

submit the "Intent to Student Teach" form may result in a delay in student teaching placement and graduation. For details about the Pre-Student-Teaching Review, students should contact their art education adviser.

Certification Tests

For Georgia teacher certification, all candidates must take and pass the GACE Basic Skills test and GACE I and II tests. GACE Basic Skills, required for entry into the major and teacher education, is a three-part test of basic academic skills in reading, writing, and mathematics. GACE I and II are required for certification and are usually taken the semester prior to student teaching. These are certification tests of art content knowledge. The Counseling Center may be contacted at 404/413-1640 for an examination schedule and application form.

 2. Concentration Core Requirements (9)
 - 3DS 3000 Sculpture I (3)
 - 3DS 3050 Hand Building I (3)
 - 3DS 3100 Mold Making (3)
 3. Art 3910 Critical Issues in Contemporary Art (3) fulfills CTW entry level requirement
 4. Two-Dimensional Studio Elective (3-4). Select one 3000/4000-level course from the following disciplines:
 - Drawing, Painting and Printmaking (DPP)
 - Photography (Phot)
 - Interior Design (ID 3000 only)
 - Textiles (Text 3100, 3200, 3500, 3600 only)
 5. Three Dimensional Studio Electives (3-4)
 6. Select one course from below for a total of 3 hours:
 - Any 4000-level art history course(s) (3)
 - AH 4700 Contemporary Art: Theory and Criticism (3)
 - 3DS 3910 History of Ceramics (3)
 7. Art 3400 Space, Scale, Time: Digital Possibilities (3)
This course may only be taken by students who are already accepted into their BFA Studio Concentration.
 8. Area of Emphasis
Students must elect to follow an emphasis in Ceramics or Sculpture. Each program of study is described below. Art 4980, Special Problems (1-6), may be used to adjust program in order to meet the 60-hour requirement. Consent of departmental adviser and instructor required.
7.
 - a. Ceramics Emphasis Requirements (36-37)
 - 3DS 3150 Wheel Throwing I (3)
 - 3DS 3300 3-D Projects (4)
 - 3DS 3350 Wheel Throwing II (4)
 - 3DS 3550 Ceramic Sculpture (4)

- 3DS 3650 Ceramic Materials (4)
- 3DS 4550 Directed Studies in Ceramics (8)
- 3DS 4940 Portfolio I (3) Consult with Faculty Adviser
- 3DS 4950 Portfolio II (3) fulfills CTW exit level requirement
- Studio Elective: Select one (3-4)
 - 3DS 3200 Figure Studies (3)
 - 3DS 3900 Selected Topics (4)
 - 3DS 4930 Internship (4)
 - 3DS 4980 Special Problems (3)

 - 3DS 4940 Portfolio I (3)
 - 3DS 4950 Portfolio II (3) fulfills CTW exit level requirement
 - Studio Electives: Select from below for a total of sixteen. (16)
 - 3DS 3500 Metal Casting (4)
 - 3DS 3600 Sculptural Drawing (4)
 - 3DS 3700 Wood Design (4)
 - 3DS 3800 Installation Sculpture (4)
 - 3DS 3900 Selected Topics (4-8)
 - 3DS 4930 Internship (4)

Area H: Minor and Additional Courses

Students seeking a B.F.A. may not seek a minor due to the focused nature of the B.F.A. degree.

Senior Portfolio Review and Exhibition

Recommendation for graduation with a B.F.A. degree in a studio area requires the presentation of a body of work. This includes work completed as part of portfolio courses. For more details on enrolling for portfolio courses, students should obtain a Senior Portfolio Review form from the School of Art & Design office and consult with an adviser in their major area of concentration about forming a Senior Portfolio Review Committee. B.F.A candidates who successfully complete portfolio course 4950 are required to participate in the B.F.A Senior Group Exhibition held at the end of each semester.

Minor in Art History; Drawing, Painting, and Printmaking; Photography; Textiles; and Three Dimensional Studies

Students not majoring in art may take a minor in art history; drawing, painting, and printmaking; photography; textiles; or three-dimensional studies. They must take 18 hours of courses in the designated minor, at least 9 of which must be at the 3000 level or above. Prerequisites apply. Specific descriptions of each minor option are available from the School of Art and Design. A grade of C or higher is required in all courses counting toward the minor.

3140 Arts Administration - Speech and Theatre

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Arts Administration — Speech and Theatre**

The purpose of this program is to provide a broad-based knowledge of the fine arts and business in order to prepare students for managerial positions in the fine arts areas. This program should allow the student with an interest in the arts to develop widely marketable skills. Please contact the Department of Communication at 404/413-5600 or faculty advisement in the program.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Arts Administration — Speech and Theatre

Area F: Courses Appropriate to the Major (18)

1. Required Course (3)
 - Thea 2210 Acting I
2. Required Course (3)
 - Spch 1500 Public Speaking
3. Required Course (3)
 - Jour 1000 Introduction to Mass Communication
4. Required Course (3)
 - Acct 2101 Principles of Accounting I
5. Select two courses (6)
 - AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
 - AH 1750 Survey of Art II. History of Western Art II: The Renaissance through Contemporary Art (3)
 - AH 1850 Survey of Art III. Art of Africa, Oceania, and the Americas (3)

Area G: Area of Concentration — Speech and Theatre (27)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Course to fulfill CTW requirement (3)
 - Spch 3250 Persuasion (3) **or**
 - Thea 3100 Play Analysis (3)
2. Required Course to fulfill CTW requirement (3)
 - Spch 4800 Communication and Diversity (3) **or**
 - Thea 4070 Western Theatre History (3)
3. Required Courses (6)
 - Choose one: SPCH 3450 Noverbal Communication (3) or SPCH 3750 Intercultural Communication (3)
 - MuA 3930 Music, Society, and Culture (3)
4. Select one Art History course at the 4000 level.
5. Select three additional courses at the 3000/4000 level in Speech and Theatre for which the prerequisite has been met. No more than 12 hours from one discipline.
6. Students must complete level 1002 of a language.

Area H: Allied Field (21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. Required Courses (9)
 - Jour 3500 Introduction to Public Relations Writing (3)
 - Mgs 3400 Managing People in Organizations (3)
 - Choose one: BCOM 3950 BCom & Professional Development (3) or SPCH 3060 Communication Law & Regulation (3)
2. Required Courses (6)
 - Mk 3010 Basic Marketing (3)
 - Mk 4300 Advertising (3)
3. Select two courses (6)
 - Engl 3130 Business Writing (3)
 - Jour 3560 Public Relations Writing and Projects (3)
 - Spch 3210 Business and Professional Communication (3)

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.

3150 Asian Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Asian Studies**

The program in Asian Studies provides students an opportunity to acquire a career-oriented range of skills and knowledge of this important and unique region by choosing from a large number of courses offered at Georgia State in a range of departments.

The faculty advisers for this program are Dr. Yuki Takatori (mclyyt@langate.gsu.edu), Modern and Classical Languages, and Dr. Douglas Reynolds, History (dreynolds@gsu.edu).

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program. Requirements follow a student's catalog edition (year when B.I.S. major was approved).

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Asian Studies

Areas A-E: Core Curriculum Recommendations

1. Area C: Chin 1002-2002 or Japn 1002-2002 (recommended-only if not counting in Area F)
2. Area D: Geog 1112-1113 Introduction to Weather and Climate/Introduction to Landforms (recommended)
3. Area E: Hist 1111, 1112 World History before/after 1500; or PolS 2401 Global Issues (recommended)

Area F: Courses Appropriate to the Major (18)

1. Required Language: Choose either Japanese or Chinese
 - Chin 1001-2002 ("C" or higher required) (12)
 - Japn 1001-2002 ("C" or higher required) (12)
2. Select additional courses to reach 18 hours in area:
 - Acct 2101, Acct 2102, AL 2101, AL 2102, Anth 2020, Geog 1101, Econ 2105, Econ 2106, Wst 2010

Area G: Area of Concentration (27-33)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Courses to fulfill CTW requirement (6)
 - Two courses numbered 4995 in the student's primary discipline (Geog, Hist, Japn, Phil, PolS, or RelS).
2. Required Language Courses (Chinese or Japanese) (6)
 - Japn 3001* Advanced Japanese I (3)
 - Japn 3002* Advanced Japanese II (3)
 - *Students taking Chinese should consult the faculty adviser for substitutions for these courses.
2. Comprehensive Electives 15-21 hours (No more than 12 hours from any one department. Select from the courses below or other appropriate courses in consultation with the faculty adviser.)
 - AL 3031* Language in Society (3) [* this course has a prerequisite of AL 3021-Intro to Linguistics]
 - Geog 4404 Geography of East Asia (4)
 - Geog 4406 Advanced Regional Geography (4) (if Asia)
 - Hist 3700 China and Japan to 1600 (4)
 - Hist 3710 China and Japan since 1600 (4)
 - Hist 3800 South Asia to 1757 (4)
 - Hist 3810 South Asia since 1757 (4)
 - Hist 4235 Histories of the Pacific (4)
 - Hist 4890 Topics in World History (3-4) (if Asia)
 - Japn 3081 Japanese Language and Society (3)
 - Phil/RelS 4610 Hinduism (3)
 - Phil/RelS 4615 Buddhism (3)
 - Phil/RelS 4620 Confucianism and Taoism (3)
 - Phil/RelS 4625 Zen and Shinto (3)
 - PolS 4255 Politics and Political Economy of East Asia (3)
 - PolS 4256 Politics and Political Economy of Japan (3)
 - PolS 4258 Government and Politics of South Asia (3)
 - RelS 4612 Hindu Sacred Myths and Epics (3)
 - RelS 4628 Topics in Asian Religion (3)

Area H: Allied Fields (choose one) (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. 1. International Business Practices
 - BusA 3000* Globalization and Business Practice (3)
 - Econ 4800 International Trade (3)
 - Econ 4810 International Finance (3)
 - FI 3300* Corporation Finance (3)
 - IB 3090 Introduction to International Business (3)
 - Mgs 3400* Managing People in Organizations (3)
 - Mk 3010* Basic Marketing (3)

*These courses are prerequisites for the Master in International Business (M.I.B.)
2. 2. Language Studies (choose no more than two courses with the same prefix)
 - AL/ForL 3021 Introduction to Linguistics (3)
 - AL/ForL 3031* Language in Society (3)
 - AL/ForL 3041* Introduction to Second Language Acquisition (3)
 - AL/ForL 4011* Phonetics and Phonology (3)
 - AL/ForL 4012* Morphology and Syntax (3)
 - AL/ForL 4131* Bilingualism (3)
 - AL/ForL 4151* Culture and Language Learning (3)
 - Phil 4530 Philosophy of Language (3)
 - 3000-level Japanese courses not used in the Area of Concentration

*AL/ForL 3021 is a prerequisite for these courses
3. 3. Society and Culture
 - Hist 4590 Russia to 1861 (4) (much on Mongols, Central Asian peoples)
 - Hist 4820 Cross-Cultural Encounters in World History (4)
 - Jour 4650 International Communication (3)
 - Phil/ReLS 4650 Religion and Ethics (3)
 - Phil/ReLS 4680 War, Peace, and Religion (3)
 - PolS 3200 Comparative Politics (3)
 - PolS 3400 International Politics (3)
 - PolS 4285 Politics and Religion in Comparative Perspective (3) (if Asia)
 - PolS 4290 Studies in Comparative Politics (3)
 - ReLS 3270 World Religions (3)
 - ReLS 4270 Women and Religion (3)
 - ReLS 4290 Pilgrimage (3)
 - Soci 3201 Wealth, Power, and Inequality (3)
 - Soci 3208 Work and Employment (3)
 - Soci 3212 Race and Ethnic Relations (3)
 - Soci 3340 Population Problems (3)
 - Soci 3354 Sociology of Popular Culture (3)
 - Soci 4360 Religion and Society (3)
 - Text 3910 Historic Textiles (3) (much on Asian textiles and influence on world textile design)
 - Wst 4210 Women in Cross-Cultural Perspective (3)
4. 4. Japanese Studies*
 - Japn 3013 Intensive Grammar Review (3)
 - Japn 3081 Japanese Language and Society (3)
 - Japn 3082 Reading and Writing in Japanese (3)
 - Hist 3700 China and Japan to 1600 (4) (if not taken in Area G)
 - Hist 3710 China and Japan since 1600 (4) (if not taken in Area G)
 - PolS 4256 Politics and Political Economy of Japan (3) (if not taken in Area G)

*Japn 3012 Advanced Japanese IV (required for this Allied Field.)

Related courses not yet available at Georgia State University are offered at Emory and Georgia Tech; such courses may be considered for a limited number of credits.

Area I: Electives

Electives are used to have 39 hours at Georgia State University taken at the 3000-4000 level for residency and complete 120 hours required for graduation.

Area J: Study Abroad/International Student Exchange Programs

Students are strongly recommended to consider a semester study abroad. Please contact Dr. Yuki Takatori or Dr. Kim D. Reimann (polkdr@langate.gsu.edu) for information concerning International Student Exchange Programs with Japan and Korea. For general information about study abroad in different countries of Asia, contact Leigh Essex Walker, Study Abroad Coordinator for the Office of International Affairs (404/413-2529, leighwalker@gsu.edu).

The Astronomy program at Georgia State University is integrated with the Physics program. For information on the B.S. in Physics with a Concentration in Astronomy, see section 3460.

3170 Biology

Programs Offered:

- **Bachelor of Science in Biology**
 - **General Biology Studies (no concentration)**
 - **Concentration in Neurobiology and Behavior**
 - **Concentration in Microbiology**
 - **Concentration in Molecular Genetics and Cell Biology**
 - **Concentration in Preprofessional Programs/Physiology**
- **Minor in Biology**

Biology, the science of life and life processes, includes the study of structure, function, growth, development, reproduction, origin, evolution, and distribution of living organisms.

A degree in biology provides students with a variety of career opportunities. Potential careers range from applied or basic laboratory research and field studies in numerous state and federal organizations and industry, to education in public and private school systems. Furthermore, the degree provides the ideal preparation for entry into medical, dental, and veterinary schools and other health-related professions. Finally, a bachelor's degree in biology provides a good foundation for advanced studies at the M.S. or Ph.D. level in biological sciences.

As an alternative to the General Biology Studies program (and in addition to the core degree requirements), courses in one of several areas of concentration, listed below, are available. Interdisciplinary programs with other departments/schools/institutes (such as Behavioral Biology or Environmental Science) are also an option. To plan the major according to the particular needs and goals, students should consult the "Undergraduate Program" area of the Biology Department Website (biology.gsu.edu) for information about the major. For advisement questions, students should contact the Undergraduate Coordinator (404/413-5305) who will help connect them with an appropriate faculty adviser.

Program Degree Requirements

Alternatives are available for some requirements in Areas A-F. Please see a degree program adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Biology

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - Math 1113 Precalculus (or any higher-level mathematics course) (3)

2. Recommended course:
 - Phil 1010 Critical Thinking (2)
3. Laboratory Science Sequence (8)
Recommended courses:
 - Phys 1111K Introductory Physics I (4) and
 - Phys 1112K Introductory Physics II (4) or
 - Phys 2211K Principles of Physics I (4) and
 - Phys 2212K Principles of Physics II (4)
4. Math. (3) Any one math not taken in area A from the following choices: Math 1070, 1220, 2211, 2212 (or any higher-level math). For any four credit-hour course, three credit hours are applied to Area D, and one credit hour is applied to area I.

Area F: Courses Appropriate to the Major Field (18)

1. Required Courses (16)
 - Biol 2107K Principles of Biology I (4)**
 - Biol 2108K Principles of Biology II (4)***
 - Chem 1211K Principles of Chemistry I (4)
 - Chem 1212K Principles of Chemistry II (4)
2. Select one from the following (2):
 - Biol 2240 Introduction to Human Physiology (3)
 - Biol 2300 Microbiology and Public Health (3)
 - Biol 2430 Frontiers in Biotechnology (2)
 - Biol 2500 Neurobiology and Behavior (2)
 - Biol 2800 Introduction to Molecular Biology (2)

** Students who decide to major in biology after completing Biol 1103K may use Biol 1103K for credit toward Area F if they complete Biol 2108K and Biol 2800 before enrolling in major courses (Area G)

*** Students who decide to major in biology after completing Biol 1103K and Biol 1104K may use these courses for credit toward Area F if they complete Biol 2800 before enrolling in major courses (Area G).

Area G: Major Courses (39)

A grade of C or higher is required in all Area G, Area H, and Area I courses

1. Required Courses to fulfill CTW requirement (6)
 - Biol 3810 Molecular Cell Biology Laboratory (3)
 - Biol 4980 Senior Seminar (3)
2. Major Core Requirements (12)
 - Biol 3800 Molecular Cell Biology (3)
 - Biol 3840 Animal Biology (3)
 - Biol 3880 Microbiology (3)
 - Biol 3900 Genetics (3)
3. Choose one of the following labs: (1) *
 - Biol 3250 Human Physiology Laboratory (1)
 - Biol 3830 Plant Biology Laboratory (1)
 - Biol 3850 Animal Biology Laboratory (1)
 - Biol 3890 Microbiology Laboratory (1)
 - Biol 3910 Genetics Laboratory (1)

* Students should consult with an adviser regarding the laboratory most appropriate to their course of study. Additional laboratories may be appropriate and the credit applied to item 4 below.
4. At least one credit hour of Biol 4960, Biology Careers Seminar (1), or Biol 4970, Biology Seminar (1). It is recommended that students take Biol 4960 early in their courses of study for career advisement.
5. Additional biology courses at the 3000-4000 level and biology credit hours transferred from Area H (19).

Area H: Minor (13)

Students majoring in biology are required to complete the following:

1. Required courses (13)
 - Chem 2400 Organic Chemistry I (4)
 - Chem 3410 Organic Chemistry II (4)
 - Chem 4600 Biochemistry I (5)

Area I: Additional Courses (8)

Select one two-course physics sequence (8) *

- Phys 1111K Introductory Physics I (4) and
- Phys 1112K Introductory Physics II (4) or
- Phys 2211K Principles of Physics I (4) and
- Phys 2212K Principles of Physics II (4)

* Two semesters of physics are required for biology majors. If the physics sequence is used to fulfill the Area D requirement, then students should:

Select additional biology courses at the 3000 level or above OR courses from this list:

- Anth 4060 Environmental Anthropology (3)
- Anth 4300 Human Evolution (3)
- Anth 4310 Human Variation (4)
- Anth 4350 Applied Biocultural Anthropology (3)
- Anth 4370 Forensic Anthropology (3)
- Anth 4390 Diet, Demography and Disease (3)
- Chem 3100 Organic Chemistry Laboratory I (2)
- Chem 3110 Organic Chemistry Laboratory II (2)
- (Chem 3100 and 3110 are required by most professional programs.)
- Chem 4110 Physical Chemistry I (3)
- Chem 4610 Biochemistry II (3)
- Crju 3410 Criminology (3)
- CSc 2010 Introduction to Computer Science (3)
- Exc 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
- Edsc 3250 Topics in Middle Grades Science (3)
- Geol 4002 Oceanography (3)
- Geol 4011 Principles of Paleontology (4)
- Geol 4017 Environmental Geology (4)
- Geol 4644 Environmental Conservation (4)
- Geog 4642 Advanced Weather and Climate (4)
- Geog 4646 Water Resource Management (4)
- HHS 3000 Communication and Cultural Diversity (3)
- HHS 3700 Medical-Biochemical Principles (3)
- HHS 4400 Genetics Across Lifespan (3)
- HHS 4500 Health Communication (3)
- IT 3210 Teaching, Learning, and Technology Integration (3)
- KH 3000 Personal Health and Wellness (3)
- KH 3390 Advanced First Aid and Emergency Care (3)
- KH 3610 Motor Learning and Development (4)
- Math 1070 Elementary Statistics (3)
- Math 2211 Calculus of One Variable I (4)
- Math 2212 Calculus of One Variable II (4)
- Math 2215 Multivariate Calculus (4)
- Phil 4130 Philosophy of Science (3)
- Phil 4740 Advanced Biomedical Ethics (3)
- Phys 3500 Electronics (3)
- Psyc 3010 Psychological Statistics (4)
- Psyc 3140 Abnormal Psychology (3)
- PT 3000 Introduction to PT and OT Practice (3)
- PT 3660 Complementary and Alternative Therapy (3)
- RT 3005 Clinical Cardiopulmonary Physiology (3)

Students majoring in biology must take additional courses as electives to complete a minimum of 120 hours, exclusive of 1000/2000 physical education or military science courses.

Neurobiology and Behavior Concentration

Recommended: Area F2

- Biol 2500 Neurobiology and Behavior (2)

Recommended: Area G2

- Biol 3850 Animal Biology Laboratory (1)

Required: Area G5

- Biol 4102 Neurobiology (4)
- Choose 19 hours of the following (3-5 credit hours each):
 - Biol 4014K Invertebrate Biology (4)
 - Biol 4015K Vertebrate Biology (4)
 - Biol 4045K General Ecology (4)
 - Biol 4074 Developmental Biology (4)
 - Biol 4094 Developmental Neurobiology (4)
 - Biol 4115 Medical Neuroanatomy (4)
 - Biol 4130 Sensation and Perception (3)
 - Biol 4180 Neurobiology Laboratory (4)
 - Biol 4240 Endocrinology (4)
 - Biol 4241 Hormones and Behavior (4)
 - Biol 4246 Advanced Human Physiology (4)
 - Biol 4248 Cell Physiology (4)
 - Biol 4630 Enzymology (3)
 - Biol 4800 Principles of Cell Biology (4)
 - Biol 4910 Undergraduate Research in Biology (1-5), on a subject related to Neurobiology and Behavior
 - Biol 4930 Topics in Biology (3-4)

Recommended Area I:

- Biol 4744 Biostatistics (3)
- Phil 4130 Philosophy of Science (3)
- Phil 4740 Advanced Biomedical Ethics (3)
- Phys 3500 Electronics (3)
- Psyc 3010 Psychological Statistics (4)
- Psyc 3030 Principles and Methods of Psychological Investigation (4)
- Psyc 3140 Abnormal Psychology (3)
- Psyc 4100 Cognitive Psychology (3)
- Psyc 4110 Physiological Psychology (3)
- Psyc 4120 Learning (3)
- Psyc 4130 Sensation and Perception (3)
- Psyc 4140 Introduction to Psychophysiology (4)
- Psyc 4630 Hormones and Behavior (4)

Microbiology Concentration

Recommended: Area F2

- Biol 2300 Microbiology and Public Health (3)

Recommended: Area G2

- Biol 3890 Microbiology Laboratory (1)

Required: Area G5

- All of the following courses are required (12):
 - Biol 4428 Medical Microbiology (4)
 - Biol 4458 Microbial Ecology and Metabolism (4)
 - Biol 4575 Virology (4)

- Choose two of the following (8-9)
 - Biol 4278 Immunology (4)
 - Biol 4484 Laboratory Techniques in Applied and Environmental Microbiology (4)
 - Biol 4580 Microbial Pathogenesis (4)
 - Biol 4595 Microbial Physiology and Genetics (4)
 - Biol 4696 Laboratory in Molecular Biological Techniques (4)
 - Biol 4910 Undergraduate Research in Biology (1-5), on a subject related to microbiology
 - Biol 4930 Topics in Biology (3-4)

Molecular Genetics and Cell Biology Concentration

Recommended: Area F2

- Biol 2430 Frontiers in Biotechnology (2) *or*
- Biol 2800 Introduction to Molecular Biology (2)

Required: Area G5

- All of the following courses are required (9)
 - Biol 3910 Genetics Laboratory (1) — can be used to satisfy Area G2
 - Biol 4564 Advanced Genetics (4)
 - Biol 4800 Principles of Cell Biology (4)
- Choose 14 hours (15 if Biol 3910 is used in G2) from the following:

Graduation with Distinction

At least five hours of Biol 4910 and a grade-point average of 3.5 or higher in the major and minor area are required for graduation with distinction.

Minor Offerings and Double Major in Biology

Students who wish to minor in biology must take at least 15 hours in courses in biology, including at least nine hours at the 3000 level or above. Students are responsible for meeting all prerequisite requirements (such as Chem 1211K/1212K) for the biology courses they choose to take, and are strongly encouraged to take these prerequisites as early as possible in their academic career. Students taking more than 15 hours in courses in biology may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor. Students should consult with the Undergraduate Director or Undergraduate Coordinator for more information.

Honors Program

The department encourages qualified students to participate in the Honors Program (see "Honors Program" previously described or visit www.gsu.edu/~www/hon/). The department sponsors a Biology Club, a Pre-Vet club, a Pre-Dental club and a local chapter of American Medical Student Association (AMSA) in addition to the Eta Psi chapter of Beta Beta Beta, the national honorary biological society. Interested students are encouraged to participate in these organizations.

Internships

Internships with collaborating institutions and programs (including ZooAtlanta, the Georgia Aquarium and the Bio-Bus program) are available on a limited basis. Students interested in receiving course credit for an internship should consult with the Undergraduate Director or Undergraduate Coordinator for more information.

Undergraduate Research Programs

Students are particularly encouraged to participate in the Undergraduate Research Program after completion of core requirements. Participation in an ongoing research activity provides the student with experience in experimental design and interpretation that is typically not available in routine laboratory courses. Students may enroll in Biol 4905 for a total of 4 hours and/or Biol 4910 for a total of 10 hours. Interested students should consult the departmental website for information on faculty research interests and contact one or more faculty members for development of a specific project.

3180 Chemistry

Programs Offered:

- **Bachelor of Science in Chemistry**
 - **Concentration in Pre-Medicine**
 - **Certification by the American Chemical Society**
- **Minor in Chemistry**

Department of Chemistry
540 General Classroom Building
404/413-5500

A. L. Baumstark, Chair

Doyle J. Barrow, Jr., Director of Undergraduate Studies, Adviser

Chemistry deals with the nature of all substances and the changes that occur therein. It ranges from the study of the structure of atoms and molecules to that of the reactions occurring in living organisms. The study of chemistry can provide knowledge that will give students a greater understanding and appreciation of the world in which they live. In addition, knowledge of chemistry is a great asset in areas such as biology, physics, and health-related fields. It is a logical basis for pre-medical training.

Each student is urged to consult with a faculty adviser at the earliest possible time (even before the first semester) to outline a curriculum to meet his or her needs. A typical program of study for chemistry majors is outlined below. Although not required, several minors are possible for chemistry majors.

Program Academic Regulations

A grade of C or higher is required for all major and minor courses.

Program Degree Requirements

Alternatives are available to some core and major requirements. Please see a faculty adviser for specific guidelines.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

Chemistry Courses for Science Majors

Detailed descriptions of the objectives and prerequisites of each course are available in the Department of Chemistry. The student is urged to consult these descriptions if there is any doubt about requirements or qualifications. Laboratory courses and courses on principles are designed to be mutually reinforcing. The laboratory is the real basis for the science, but the lecture courses are designed to speed the learning process. The two parts are separated only to provide added flexibility in scheduling and to meet individual needs, particularly for transfer students. Great care should be exercised in scheduling one course without the other.

Chemistry Courses for Non-Science Majors

Chemistry 1050, 1101K-1102K and 1151K-1152K are of primary interest to students in liberal arts, health sciences, education, business administration, and policy studies. Students in specific programs should consult with an adviser in their program to verify applicability of the above-named courses to their specific needs. These courses cannot be applied to a science degree program in the College of Arts and Sciences.

B.S. in Chemistry

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - Math 1113 Precalculus (or a higher-level mathematics course) (3)
2. Recommended courses:
 - Chem 1211K Principles of Chemistry I (4)
 - Chem 1212K Principles of Chemistry II (4)
3. Required course:
 - Math 2211 Calculus of One Variable I (or a higher level mathematics course) (4) *

* One credit hour will count in the second 60 hours beyond the core curriculum.

Area F: Courses Appropriate to the Major Field (18)

- Chem 1211K Principles of Chemistry I (4) **
- Chem 1212K Principles of Chemistry II (4) **
- Phys 2211K Principles of Physics I (4)*
- Phys 2212K Principles of Physics II (4)*
- Chem 2010 Introduction to Quantitative Analysis (2)
- Chem 2400 Organic Chemistry I (4)
- Math 2212 Calculus of One Variable II (4)

* Phys 1111K and 1112K can be substituted if approved by the Department of Chemistry.

** Chem 1211K and 1212K must be taken here unless already taken in Area D. If already taken in Area D, then take Phys 2211K and 2212K. Both Chem 1211K/1212K and Phys 2211K/2212K are required for graduation.

Area G: Major Courses (31)

1. Required Courses to fulfill CTW requirement (6)
 - Chem 4000 Fundamentals of Chemical Analysis (3)
 - Chem 4160 Chemistry Laboratory IVA (3)
2. Major Requirements (20)
 - Chem 3100 Organic Chemistry Laboratory I (2)
 - Chem 3110 Organic Chemistry Laboratory II (2)
 - Chem 3410 Organic Chemistry II (4)
 - Chem 4010 Instrumental Methods I: Chromatography (3)
 - Chem 4110 Physical Chemistry I (3)
 - Chem 4120 Physical Chemistry II (3)
 - Chem 4190 Instrumental Methods III: Spectroscopy (3)
3. Major Electives (5)
 - Recommended course:
 - Chem 4600 Biochemistry I (5) (required for ACS certification)

Pre-Medicine Concentration

A pre-medicine concentration is available for chemistry majors. Please contact the Department of Chemistry for further information.

American Chemical Society Certification

For American Chemical Society certification, add ten hours in addition to required course, Chem 4600, Area G.

1. Required Courses (6)
 - o Chem 4210 Inorganic Chemistry (3)
 - o Chem 4330 Advanced Synthesis (3)
2. Select additional elective courses. (4)
 - o Chem 4050, 4170, 4370, 4400, 4410, 4450, 4490, 4590, 4610, 4620, 4840, or other approved courses (must be different from major elective choices)

Area H: Minor and Additional Courses

1. Students majoring in chemistry are not required to take a minor. Consult the department for assistance in selecting a minor in biology, business, or related areas.
2. Students majoring in chemistry must take additional courses as electives to complete a minimum of 120 hours, exclusive of 1000/2000 physical education or military science courses. The department recommends that majors take computer and/or foreign language courses.

Minor in Chemistry

Students who wish to minor in chemistry must take 15-18 hours in courses in chemistry, including at least nine hours at the 3000 level or above. Students taking more than 15 hours in courses in chemistry may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

3190 Classical Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Classical Studies**

This program recognizes the interdisciplinary nature of classical studies and provides the student the opportunity of pursuing a degree in Latin language and literature in the broader context of related disciplines including history, music, philosophy, religious studies, and art history. Concentrations in Latin and the writings of authors from Antiquity, as well as an allied field in ancient civilization will enhance the student's knowledge of classical studies and their influence. Students seeking certification for teaching Latin or those who intend to pursue graduate education in classical studies will find this program appropriate to their goals. For students interested in this program, please contact the faculty adviser, Dr. Kay Doig, or the Chair of the Department of Modern and Classical Languages at 404/413-5980.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Classical Studies

Area F: Courses Appropriate to the Major (18)

1. Required Courses (0 to 6) [Students entering with equivalences from earlier studies of Latin should start at the appropriate level. Please consult the Department for further information.]
 - o Latn 2001 Intermediate Latin (3)
 - o Latn 2002 Latin Prose (3)
2. Select additional courses to complete 18 hours:
 - o Grka 1001 Elementary Ancient Greek I (3)
 - o Grka 1002 Elementary Ancient Greek II (3)
 - o Grka 2001 Intermediate Ancient Greek I (3)

- Grka 2002 Intermediate Ancient Greek II (3)
- Clas 2201 Greek Drama (3)
- Clas 2202 Classical Epic (3)
- Clas 2203 Greek and Roman Mythology (3)
- AH 1700 Survey of Art I. History of Western Art I: Prehistoric through Medieval Art (3)
- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
- EDUC 2130 Exploring Learning & Teaching (3)
- Phil 2010 Introduction to Philosophy (3)
- or any 1000 or 2000-level foreign language.

Area G: Area of Concentration — Classical Studies (24-30)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Courses to fulfill CTW requirement (6)
 - Two courses numbered 4995 in the student's primary discipline (Latn, Phil, or RelS).
2. Latin. Select three to four courses (9-12):
 - Latn 4001 Vergil's *Aeneid* (3)
 - Latn 4012 Horace (3)
 - Latn 4013 Cicero (3)
 - Latn 4035 Vergil's Early Poetry (3)
 - Latn 4036 Historical Latin Prose (3)
 - Latn 4070 Seminar in Latin Prose and Poetry (3)
 - Latn 4075 Prose Composition (3)
3. Ancient Thought. Select three to four courses (9-12):
 - Phil/RelS 3010 History of Western Philosophy I: Ancient and Medieval (3)
 - Phil 4010 Plato (3)
 - Phil 4020 Aristotle (3)
 - Phil 4030 Topics in Ancient Philosophy (3)
 - Phil/RelS 4950 Independent Research (1-3)
 - PolS 3530 Classical and Early Modern Political Thought (3)
 - RelS 3250 Biblical Studies (3)
 - RelS 4295 Religion, Sport and Spirituality (3)

Area H: Allied Field (Ancient Civilization and Its Influences) (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

- AH 4010 Art of Ancient Egypt and Nubia (3)
- AH 4011 Art and Architecture of Ancient Egypt I: 4000-1600 B.C. (3)
- AH 4012 Art and Architecture of Ancient Egypt II: 1600-31 B.C. (3)
- AH 4020 Art and Architecture of Ancient Near East (3)
- AH 4110 Art and Architecture of Ancient Greece (3)
- AH 4120 Art and Architecture of Ancient Rome (3)
- AH 4320 Italian Renaissance Art: The Age of Humanism (3)
- Hist 3500 The Ancient Mediterranean (4)
- Hist 4510 Origins and Collapse of Ancient Near Eastern Societies (4)
- Hist 4520 Ancient Persia, Greece, and Rome (4)
- Latn 4040 Medieval Latin (3)
- Mus 4800 Music History from Antiquity through the Baroque Period (3)
- Phil/RelS 4040 Augustine and Aquinas (3)
- PolS 4520 Theories on Democracy (3)
- Thea 4070 Western Theatre History (3)

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation

Area K: Courses Required for Teacher Certification (Optional)

1. Select enough additional Latin courses at the 3000-4000 level to total at least 24 hours
2. Required Courses (15):

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
 - EDUC 2120 Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
 - EDUC 2130 Exploring Learning & Teaching (3)
 - EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
 - ForL 4021 Foreign Language Teachers and Technology (3)
 - Must apply and be accepted into the teacher certification program in order to take the courses below:
3. Required Course (6):
- ForL 4027 Methods and Materials for Teaching Latin: P-12 (3)
 - ForL 4030 Practicum in Foreign Language Education (3)
4. Required Courses (12):
- ForL 4061 Student Teaching in Foreign Languages (4)
 - ForL 4062 Student Teaching in Foreign Languages (4)
 - ForL 4063 Student Teaching in Foreign Languages (4)

Student Teaching in Foreign Languages (Student Teaching: Must apply in advance. Check current catalog for deadline.)

3200 Community Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Community Studies**

The purpose of this program is twofold. First, it enables the student to select a curriculum that provides an interdisciplinary perspective on the nature of modern community life. Second, the program provides students with the option of exploring career opportunities and laying an academic foundation that can be used to pursue a variety of advanced professional degrees. If interested in community studies, please contact Dr. Charles Jaret, faculty adviser for the program, at 404/413-6514 or cjaret@gsu.edu.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

 - Psys 2103 Introduction to Human Development: Individual and Family Issues (3)
 - Soci 1101 Introduction to Sociology (3)

- Soci 1160 Introduction to Social Problems (3)
 - Spch 2050 Media, Culture, and Society (3)
 - Spch 2650 Interpersonal Communication (3)
 - WSt 2010 Introduction to Women's Studies (3)
2. Students must complete level 1002 of a language.

Area G: Area of Concentration — Community Studies (32-39)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Course to fulfill CTW requirement (3-4)
 - Geog 4764 Urban Geography (4) **or**
 - Hist 3000 Introduction to Historical Studies (4) **or**
 - PolS 3800 Introduction to Political Research (3) **or**
 - Course numbered 4995 in the student's primary discipline (3)
2. Required Course to fulfill CTW requirement (3)
 - Geog 4768 Metropolitan Atlanta (3) **or**
 - Hist 4320 Metropolitan Atlanta (3) **or**
 - Soci 4279 Metropolitan Atlanta (3) **or**
 - Course numbered 4995 in the student's primary discipline (3)
3. Select five to six courses (17-20):
 - Anth 4200 Urban Anthropology (4)
 - Econ 4300 Economics of Cities (3)
 - Geog 4774 Contemporary Urban Theory and Issues (3)
 - Hist 4220 The American City (4)
 - PAUS 3111 Urban Political Economy (3)
 - PolS 4115 Urban Politics (3)
 - Psyc 4510 Community Psychology (3)

 - PAUS 4031 Evaluating Public Policy (3)
 - Soci 3010 Social Statistics (3)
 - Soci 3020 Social Research Methods (3)

Area H: Allied Field (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. Student must select an allied field from one of the options below. Specific courses for each area can be found on the allied field handout.
 - a. Community Service
 - b. Public Policy, Planning, Administration, and Economic Development
 - c. Racial/Ethnic Community Life

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.

3210 Computer Science

Programs Offered:

- **Bachelor of Science in Computer Science**
 - **Concentration in Bioinformatics**
 - **Concentration in Computer Software Systems**
 - **Concentration in Databases and Knowledge-based Systems**

- **Concentration in Graphics and Human-Computer Interaction**
- **Concentration in Hardware Systems**
- **Concentration in Networks and Parallel and Distributed Computing**
- **Concentration in Theoretical Computer Science**
- **Minor in Computer Science**

Department of Computer Science
Ste. 1450, 34 Peachtree Street Building
404/413-5700
www.cs.gsu.edu

Yi Pan, Chair
Anu Bourgeois, Director of Undergraduate Studies

Computer science is the systematic exploration of all aspects of computation. Computer science as a discipline seeks to build a scientific foundation for topics such as computer design, computer programming and software, information processing, algorithmic solutions to problems, and the algorithmic process itself. Computer science provides underpinnings for today's applications in industry, science, government, and business and prepares the foundation for tomorrow's applications in ubiquitous computing, medical cures for diseases, and instant access to information by everyone.

The B.S. degree program in computer science provides preparation in the fundamental principles and processes of computation and training in applying these principles in application areas in industry, science, government, and business. The student completes a basic group of required courses in the early stages and chooses courses from several concentrations in the later stages to provide for appropriate breadth and depth of knowledge in the discipline.

A B.S. degree in computer science provides a good foundation for advanced studies at the M.S. or Ph.D. level as well as for careers in industry, science, government, and business. To plan the major according to particular goals, students are encouraged to consult with an adviser in the department. Majors who are interested in having a paid work experience related to their area of study should contact the university's Office of Cooperative Education, which coordinates the university's cooperative education programs.

The courses are structured, and the department enforces the prerequisites for its courses. Students are urged to check and take the prerequisites for computer science courses and any computer science requirement as listed by their major department/school/institute. Refer any questions to that major department/school/institute or to the Department of Computer Science.

Program Academic Regulations

A minimum grade of C is required in all mathematics and computer science courses and all 3000-level or above courses that are used to fulfill the undergraduate programs of this department.

As part of the core curriculum, students must receive credit for the two calculus courses: Math 2211 and Math 2212. (When counting the number of semester hours in Areas A, D, and F, only 3 of the 4 credit hours of each calculus course will be counted in Area A and/or D. The fourth hour, or the "rollover hour," will be counted in Area F.)

Prerequisites and co-requisites are strictly enforced in all computer science courses.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Computer Science

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - Math 1113 Precalculus (3) or higher-level mathematics course
2. Required course:
 - Math 2211 Calculus of One Variable I (4) (or higher-level mathematics course) (One credit hour counts in Area F.)
 - Phys 2211K Principles of Physics I (4)
 - Phys 2212K Principles of Physics II (4)

Area F: Courses Appropriate to the Major Field (18)

1. Required Course(s): Select the course(s) not taken in Area A or D. (9-13)
 - Math 2212 Calculus of One Variable II (4)
 - CSc 2010 Introduction to Computer Science (3)
 - CSc 2310 Principles of Computer Programming (3)
 - CSc 2510 Theoretical Foundations of Computer Science (3)

2. Select additional courses to complete 18 hours in Area F. (0-4)
 - Acct 2101, Acct 2102, Biol 1103K, Biol 1104K, Chem 1211K, Chem 1212K, Chem 2400, Econ 2105, Econ 2106, Lang 2001 and Lang 2002, Latin 2002, and Phil 1010.

NOTE: Students choosing a concentration in Bioinformatics should take Biol 1107K and Chem 1211K, as these are prerequisite courses for later required courses in this concentration.

Area G: Major Requirements (48)

1. Required Courses to fulfill CTW requirement (7)
 - CSc 3410 Data Structures (3)
 - CSc 4350 Software Engineering (4)
2. Math 3030 Mathematical Models for Computer Science (3)
3. Computer Science Requirements (18)
 - CSc 3210 Computer Organization and Programming (3)
 - CSc 3320 System-Level Programming (3)
 - CSc 4210 Computer Architecture (4)
 - CSc 4330 Programming Language Concepts (4)
 - CSc 4520 Design and Analysis of Algorithms (4)
4. For a total of twenty (20) hours, select at least three courses from within one of the following concentrations and at least two additional courses from among the courses strictly outside your chosen concentration.

Bioinformatics Concentration

- CSc 4540 Bioinformatics Algorithms (4)
- CSc 4630 Introduction to Matlab Programming (4)
- CSc 4650 Introduction to Bioinformatics (4)
- CSc 4710 Database Systems (4)
- CSc 4740 Data Mining (4)
- CSc 4810 Artificial Intelligence (4)
- and other 4000-level courses approved by the Department

Note: For a Bioinformatics concentration, students must choose at least one of CSc 4540 and CSc 4650.

Computer Software Systems Concentration

- CSc 4110 Introduction to Embedded Systems Laboratory (4)
- CSc 4310 Parallel and Distributed Computing (4)
- CSc 4320 Operating Systems (4)
- CSc 4340 Introduction to Compilers (4)
- CSc 4360 Network-Oriented Software Development (4)
- CSc 4370 Web Programming (4)
- CSc 4380 Windowing Systems Programming (4)
- and other 4000-level courses approved by the Department

Databases and Knowledge-based Systems Concentration

- CSc 4260 Digital Image Processing (4)
- CSc 4360 Network-Oriented Software Development (4)
- CSc 4370 Web Programming (4)
- CSc 4710 Database Systems (4)
- CSc 4740 Data Mining (4)
- CSc 4810 Artificial Intelligence (4)
- and other 4000-level courses approved by the Department

Graphics and Human-Computer Interaction Concentration

- CSc 4260 Digital Image Processing (4)
- CSc 4380 Windowing Systems Programming (4)
- CSc 4720 Human-Computer Interaction (4)
- CSc 4730 Scientific Visualization (4)

- CSc 4820 Computer Graphics Algorithms (4)
- CSc 4840 Computer Graphics Imaging (3)
- CSc 4841 Computer Animation (3)
- and other 4000-level courses approved by the Department

Hardware Systems Concentration

- CSc 4110 Introduction to Embedded Systems Laboratory (4)
- CSc 4120 Introduction to Robotics (4)

Area H: Minor and Additional Courses (12)

1. 12 hours of additional courses taken at the 2000-4000 level. (12)
2. Students earning a B.S. in the Department of Computer Science are not required to complete a minor.
3. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education, health, or military science courses.

Minor in Computer Science

Students choosing to minor in computer science should complete CSc 2310 and 3410 and nine hours of additional computer science courses at the 3000 level or above. Consultation with an adviser in computer science is recommended. Students majoring in mathematics may not include CSc 4610 or 4620 in the minor.

The Department of English is concerned with the study of language and literature and with the craft of writing considered integral to education since ancient times. Although the department concentrates on texts written in English by authors from Great Britain, Ireland, and the United States, it also examines translations of texts from other languages as well as newly emerging literatures in English from other cultural perspectives. Students may also encounter practices that are not, strictly speaking, "writing" at all, such as oral compositions, hypertexts, and folk art.

At the freshmen level, all students in the university take courses in the fundamentals of college-level writing and in the reasoned analysis of texts. Other English courses that form part of the core curriculum provide students with opportunities to study topics in world literature or surveys of British, American, and World literature.

English majors may concentrate in one of four areas: literature, advanced composition and rhetoric, creative writing, and secondary English (pre-education). Before choosing their concentrations, all English majors have the opportunity at the sophomore level to gain a broad foundation in English and American literature and studies in literature or rhetoric. Then, with the help of their advisers, majors choose upper-division courses, which allow them to pursue their interests in more depth. Finally, students study within their chosen concentrations in seminars designed as capstones for the major.

In addition, the department's joint studies program with the University of Northumbria in Newcastle, England, offers Georgia State University English and history majors the opportunity to complete their degrees with a concentration in British and American Cultures.

On successfully completing their studies, English majors will have acquired a sensitivity to the written word and an appreciation for the creative process. They will have developed their skills in organization, writing, and interpretation. English courses offer students the opportunity to discover their own insights and to articulate them with precision.

Majors who concentrate in literature take a range of courses that afford them opportunities to read poetry, prose, and drama from a variety of historical periods and cultural groups. These literature courses seek to promote students' verbal acuity and abilities at thoughtful evaluation.

Closely related to the study of literature is the department's creative writing program. Faculty in this program guide students as they practice and refine their work in the genres of poetry and fiction.

Students who concentrate in advanced composition and rhetoric learn about the history, theory, and practice of writing to specific audiences for particular purposes. In this concentration, students may focus on either historical rhetoric and the teaching of composition or writing within business and technical environments. Courses in this area allow students to explore the history and theory of writing as they apply to the teaching of composition and to writing practices in the workplace.

English majors who wish to teach English in secondary schools integrate studies of literature, language, and composition with a senior seminar that combines these areas with pedagogy.

The Department of English offers courses in the related field of folklore. Georgia State University is the only institution in the state offering a wide selection of folklore courses.

A number of courses in the Department of English have an interdisciplinary approach, and several are crosslisted with other units within the university, such as the Department of African-American Studies and the Women's Studies Institute.

Because of the dynamic and varied nature of our discipline, many of the courses offered (especially on the 4000 level) focus on specific topics not indicated in detail here. Students should inquire in the department office for further information about courses.

Program Degree Requirements

All English majors planning to take any upper-division literature courses must fulfill the appropriate three prerequisite courses (Engl 2120, 2130, and either 3040 or 3050) with a grade of C or higher. All English minors who plan to take British Literature courses must have completed Engl 2120 with a grade of C or higher and all English minors planning to take American literature courses must have completed Engl 2130 with a grade of C or higher.

The department requires a minimum of 30 semester hours in upper-division English, with no more than 11 being transferred credits. The College of Arts and Sciences requires that students pass all upper-division courses in their majors with a grade of C or higher.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in English

Area F: Courses Appropriate to the Major Field (18)

1. Foreign Language (6)
 - Lang 2001 Intermediate World Language I (3)
 - Lang 2002 Intermediate World Language II (3)
2. Required Courses (6)
 - Engl 2120 British Literature (3)
 - Engl 2130 American Literature (3)
3. Select two electives from area C or Hist 1111, Hist 1112, Hist 1140, AAS 2010, or WSt 2010. (6)

Area G: Major Courses (30)

A grade of C or higher is required in all major courses. The English major requires ten upper-division courses (30 semester hours) distributed as described below. The same course may not be used to satisfy more than one of the listed requirements. Each of the four concentrations within the major has specific requirements as outlined here. Students should consult the department for specific information about which courses offered in each two-year sequence will fit the requirements for each concentration.

 - Engl 3150 A/B Introduction to Creative Writing (3)
8. Select two elective courses in English or Folklore; Engl 3100, if not already taken, is recommended. (6)

9. Further coursework (9 hrs) in the major is often recommended, but not required for this concentration. Specific recommendations: are one additional course from Area 5 (Multicultural/Genre); one additional course from Area 6 (Language); and English 3100, or, if already taken, one additional course from Area 7 (Writing).

Additional courses for the Secondary English concentration. These are not required, but are recommended for elective credit:

- EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)
- IT 3210 Teaching and Technology (3)

English majors with the secondary English (pre-education) concentration are encouraged to apply to the College of Education Master of Arts in Teaching (M.A.T.) in English Education (TEEMS) for certification preparation. The master's degree has a track of four semesters begun in the summer term and a three-semester certification track also begun in the summer and completed in the spring. Hours earned in the certification track can be applied later toward the completion of the master's degree.

Teacher Certification

English majors who want to pursue certification to teach at the middle or secondary school level should seek advisement from the College of Education Office of Academic Assistance (300 College of Education Building, 404/413-8000) and the Middle Secondary Education and Instructional Technology Department (639 College of Education Building, 404/413-8060). Georgia State University offers a four-semester Master of Arts in Teaching degree in Middle Childhood or in English Education (TEEMS MCE and TEEMS Secondary English) with initial certification that is a four-semester program. Application deadlines are October 1 and February 1 for the following semesters. Students interested in teaching in middle school should major and minor in a combination of English (Secondary English Concentration) and Social Studies. The English minor interested in teaching middle school should complete the following plan of study: English 2120, 2130, and 3040, 3105, 3910, and one of the following: English 3100, 3180, 3190.

British-American Joint Studies Program Concentration (39)

1. Required Courses to fulfill CTW requirement (6)
 - Engl 3040 Introduction to Literary Studies (3)
 - Engl 4300 Senior Seminar: Literary Studies (3)
2. Select one course (3)
 - Engl 3280 English Drama (3)
 - Engl 3300 Medieval English Literature (3)
 - Engl 3400 Sixteenth-Century English Literature (3)
 - Engl 3410 Early and Middle Seventeenth-Century English Literature (3)
3. Select one course (3)
 - Engl 4110 Chaucer (3)
 - Engl 4120 Spenser (3)
 - Engl 4130 Shakespeare, Earlier Works (3)
 - Engl 4140 Shakespeare, Later Works (3)
 - Engl 4150 Milton (3)
4. Select one of the following (3)
 - Engl 3265 British-American Culture Seminar I (3)
 - Engl 3266 British-American Culture Seminar II (3)
 - Hist 4960 British-American Culture Seminar I (3)
5. Select one of the following (3)
 - Engl 3270 American Culture Seminar (3)
 - Engl 3275 Literature and Culture of the American South (3)
6. Select three electives from English, History, and Folklore courses. These courses can be taken at Georgia State or University of Northumbria-Newcastle. (9) Electives are designated as Engl 4200 but exclude those listed in area 8.
7. Additional Courses in Major for British-American Joint Studies Program Concentration. To be taken at University of Northumbria-Newcastle (12)
 - Engl 4200 Colloquium (3)
 - Engl 4200 Making of British Culture (3)
 - Engl 4200 Transformation of Britain (3)

Area H: Minor and Additional Courses

English majors have three options: a minor, a double major, or additional courses in the major. One of these options, combined with electives, will complete their degree requirements. Each student should discuss these options with a department adviser and choose the one that will best serve the student's long-term goals.

1. Minor: at least 15 semester hours, 9 hours of which must be taken at the 3000 level or above, from one department, school, or institute other than the English department, or in Folklore. The requirements for a minor must be fulfilled in a department,

school, or institute that offers a baccalaureate degree. Students interested in an interdisciplinary minor should consult their advisers. The College of Arts and Sciences requires a grade of C or higher in each course counted toward the minor.

2. Double major: course work to satisfy requirements for a second major in addition to English; all college and departmental requirements apply to this as to the first major.
3. Further course work in the major: three courses (9 hours) beyond the ten courses (30 hours) required for the major. Additional courses from departments, schools, or institutes other than the major must be taken to complete a minimum of 120 hours, exclusive of 1000-2000 level physical education. One of these courses must be Lang 2002 (see "Major Courses" above).

Departmental Student Assessment: Senior Exit Portfolio

In order to graduate, English majors must submit an exit portfolio designed appropriate to their concentration. All portfolios include a statement of self-assessment and four to six substantial pieces of writing that demonstrate their skills appropriate to their concentration. Specific information about the exit portfolio for each concentration is available from the department. Portfolios are due at the mid-point of the semester of graduation.

Graduation with Distinction in English

Departmental distinction is separate from the Honors Program. Majors who have an average of at least 3.5 in upper-division English courses are eligible to undertake a project that could lead to graduation with distinction.

Two academic terms prior to the one in which the student proposes to graduate, student and adviser should plan the project. Students may undertake a critical paper on a literary topic, a creative writing project, or a reading list on which they will write an examination paper. A brief proposal (two or three pages) describing the project should be sent to the Events and Awards Committee. More information about graduation with distinction is available in the department.

Minor in English or Folklore

Students who minor in English or Folklore must complete at least 15-18 hours of course work in English or Folklore, including 12 hours at the 3000 level or above (and any prerequisites required). Students taking more than 15 hours in courses in English may count the additional hours toward their electives or may consider completing a double major. See above under Teacher Certification for an English minor in preparation to teach middle school. (A grade of C or higher is required in all courses counting toward the minor.)

3230 English as a Second Language (ESL)

Programs Offered:

- **ESL Credit-Bearing Courses**
- **Intensive English Program (IEP)**

Department of Applied Linguistics and English as a Second Language
34 Peachtree, 12th Floor
404/413-5200
www.gsu.edu/alesl

Sara C. Weigle, Chair
Cheryl Delk, IEP Director
Sharon Cavusgil, ESL Director (credit-bearing courses)

The ESL credit-bearing courses for non-native speakers of English at the undergraduate level include special sections of English 1101 and English 1102. These courses are for both resident bilingual speakers and international students. For more information, see "ESL Program" at www.gsu.edu/alesl.

The IEP is a non-credit program designed to prepare students with the language and study skills necessary for successful academic work in American colleges and universities. Classes are offered at advanced beginning, low intermediate, intermediate, high intermediate, and advanced levels in the following areas: structure/composition, reading/listening, academic writing, extensive reading, and oral communication.

Students are admitted to the IEP through the Department of Applied Linguistics and ESL and not through regular Georgia State admission procedures. For information and/or application forms, contact: Intensive English Program, Georgia State University, P.O. Box 4099, Atlanta, GA 30302-4099, or at www.gsu.edu/esl.

Admission to the Intensive English Program does not constitute regular admission to a degree-granting program of Georgia State or of any other branch of the University System of Georgia. Students who wish to take degree work at the university must complete the student application appropriate for the desired program, submit all credentials, and receive an official decision from the Office of Admissions or Office of Graduate Services.

3240 Environmental Science

Program Offered:

- **Bachelor of Interdisciplinary Studies in Environmental Science**

This program focuses on scientific components of environmental issues by integrating courses from anthropology, biology, chemistry, geography, and geology. This concentration emphasizes a broad-based understanding of the environment, while providing for the development of an emphasis in one of the areas. For students interested in the program, please contact the faculty adviser, Dr. Sid Crow, at 404/413-5312.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. in Environmental Science

Area A: Essential Skills (9)

Required Course:

- Math 1113 Precalculus (3) (or any higher-level mathematics course)

Area D: Science, Mathematics, and Technology (11)

1. Required Laboratory Science Sequence:
 - Geol 1121K Introductory Geosciences I (4)
 - Geol 1122K Introductory Geosciences II (4)
2. Math (3) Any one math not taken in Area A from the following choices: Math 1070, 1220, 2211, 2212 (or any higher level math). For any four credit-hour course, three hours are applied to Area D and one credit hour is applied to Area F.

Area F: Courses Appropriate to the Major (18)

1. Required Courses:
 - Chem 1211K Principles of Chemistry I (4)
 - Chem 1212K Principles of Chemistry II (4)
2. Required Courses:
 - Biol 2107K Principles of Biology I (4)
 - Biol 2108K Principles of Biology II (4)
3. Two hour elective at 1000-2000 level chosen in consultation with faculty adviser.

Area G: Area of Concentration — Environmental Science (35-37)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Course to fulfill CTW requirement (3-4)
 - Biol 3810 Molecular Cell Biology Laboratory (3)
or Course numbered 4995 in the student's primary discipline (3-4)
2. Required Course to fulfill CTW requirement (3-4)
 - Biol 4980 Senior Seminar (3)
or Course numbered 4995 in the student's primary discipline (3-4)
3. Required Course (choose one):
 - Geog 4532 Geographic Information Systems (4)
 - Geog 4648 Biogeography (4)
4. Required Course (choose one):
 - Geol 4017 Environmental Geology (4)
 - Geol 4644 Environmental Conservation (4)
5. Required Course (choose one):
 - Biol 4045K General Ecology (4)
 - Biol 4053K Field Ecology (4)
6. Select an additional 17 hours from approved list and in consultation with faculty adviser. No more than 12 hours in Area G can come from one discipline.

Area H: Allied Field (22)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

1. Required Course:
 - Chem 3410 Organic Chemistry II (4) (Prerequisite: Chem 2400 Organic Chemistry I (4))
2. Select eight hours:
 - Anth 4550, Anth 4590, Chem 4000, Chem 4010, Chem 4600, Engl 3110, Geog 4532, Geol 4002, Geol 4003, Phil 4520, Phys 3500
3. Select an additional ten hours from approved list and in consultation with faculty adviser.

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation

3250 Ethics**Program Offered:**

- **Minor in Ethics**

Department of Philosophy
34 Peachtree Street, Suite 1100
www.gsu.edu/philosophy

George Rainbolt, Chair
Eddy Nahmias, Director of Undergraduate Studies

Ethical conduct is a vitally important part of any good life. There is a growing recognition that ethical behavior cannot be assumed. It often requires an education about how to act ethically. The minor in Ethics does not seek to transform students into ethical people. Instead, it seeks to give them the skills and knowledge needed to confront the ethical dilemmas of life and work in a thoughtful and critical manner. The minor is designed to a complement to any major. Students with a major in business, education, the natural sciences, the social sciences, or the health and human sciences are particularly encouraged to consider a minor in Ethics.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Minor in Ethics

Select 15 semester hours from the following courses:

- Phil 3720 Contemporary Moral Problems (3)
- Phil 3730 Business Ethics (3)
- Phil 3740 Biomedical Ethics (3)
- Phil 4650 Religion and Ethics (3)
- Phil 4670 Church and State (3)
- Phil 4680 War, Peace, and Religion (3)
- Phil 4700 Ethics (3)
- Phil 4720 Environmental Ethics (3)
- Phil 4740 Advanced Biomedical Ethics (3)
- Phil 4750 Topics in Ethics (3)
- Phil 4800 Social and Political Philosophy (3)
- Phil 4820 Philosophy of Law (3)
- Phil 4822 Topics in Philosophy of Law (3)
- Phil 4850 African American Ethical/Legal Issues (3)
- Phil 4860 Philosophical Perspectives on Women (3)
- Phil 4890 Topics in Social and Political Philosophy (3)

The following courses may count towards the Ethics minor with the advance approval of the Director of Undergraduate Studies. No courses will be approved after the mid-point of the semester of the course.

- Phil 3000 Introductory Seminar in Philosophy (3)
- Phil 3060 Existentialism (3)
- Phil 4030 Topics in Ancient Philosophy (3)

- Phil 4050 Topics in Modern Philosophy (3)
- Phil 4090 Topics in Continental Philosophy (3)
- Phil 4095 Topics in Analytic Philosophy (3)
- Phil 4900 Issues in Philosophy (3)

3260 European Union Studies

Program Offered:

- **European Union Studies Certificate**

Department of Political Science
1005 General Classroom Building
404/413-6159
www2.gsu.edu/~wwwpol/2490.html

William M. Downs, Campus Representative

The certificate in European Union Studies is operated under the supervision of the European Council of the University System of Georgia. The program is open to all institutions and students of the University System as well as to professionals with an undergraduate degree. The program's purpose is to promote knowledge of the European Union (EU) and certify individuals as competent in the subject area of EU studies. Since the EU is the most important economic and political partner of the United States, this certification demonstrates valuable professional expertise to potential employers. For students in the academic track, this interdisciplinary certificate can be earned as a supplement to any conventional undergraduate degree.

Admission to the Program

A certificate in European Union Studies can be earned in one of two ways. Under the **academic track**, a certificate is taken in tandem with an undergraduate degree program. Students from all academic majors are eligible to participate so long as they possess a minimum 2.75 cumulative grade point average (GPA). Under the **professional track**, non-degree seeking students — such as business executives — are eligible to enroll in the program upon proof of a valid undergraduate degree from an accredited institution. The minimum GPA requirement is waived.

Under either track, an application to the program cannot be made until successful completion of the following: (1) the introductory course on the European Union (PoS 4242) with a grade of "C" or better, (2) 30 semester hours of academic credit, and (3) a course in world or western civilization (Hist 1111 or 1112).

The European Union Studies Certificate

To earn the EU Studies Certificate, students must complete the certificate curriculum (18 hours) and fulfill the practicum experience requirement. Students must have a 3.0 cumulative GPA in curriculum courses upon completion of the program. An official certificate is awarded upon graduation, and the certificate is noted on a student's permanent transcripts.

The EU Studies Certificate Curriculum (18):

The European Union (PoS 4242) (3)

Multidisciplinary Menu (12)

A student must complete four courses from an approved menu of courses dealing substantially with the EU. These courses must be distributed among at least three different discipline areas: Social Sciences, Humanities and Fine Arts, Business and Economics, and Natural and Health Sciences. The program's campus representative decides which courses qualify for the certificate and maintains an updated list of approved courses in the different discipline areas. No more than one course in this menu can be taken at the 1000-2000 level, with the exception of EU Studies online courses (see below) and study abroad courses. Students may substitute for up to two menu courses by performing an internship and/or composing a thesis.

Capstone Seminar in EU Studies (3)

Taken either as a Directed Study (PoS 4920) or online course, this is ideally the last course in the certificate program. It has three learning objectives: (1) to update students on EU developments and reinforce their general knowledge of the EU, (2) to provide in-depth knowledge of important EU issues, and (3) to allow students to conduct intensive research on EU-related topics.

Practicum Experience

Since it is deemed crucial that students demonstrate more than an academic knowledge of the European Union to be certified as adequately prepared in the subject, a "real-life" practicum experience pertaining to the EU must be performed either in the form of an overseas visit or an internship. The overseas option is broadly defined and can be accommodated by a wide range of activities, including study or research abroad. The same flexibility applies to the internship, which can be served domestically or internationally. A student's specific practicum experience must be approved by the program's campus representative.

Online Courses and Transatlantic Joint Certificate

The EU Studies program has developed a curriculum of online courses in conjunction with European university partners. These are courses in different discipline areas that deal with various aspects of the EU and are taught jointly by University System

institutions and European universities at specified times throughout the academic year. The program's campus representative maintains an updated list of these courses and a teaching schedule, as well as information about course registration.

The EU Studies program offers the option of acquiring a certificate that is jointly conferred with a European institution. This option requires students to complete — with a grade of "B" or better — a minimum of two online courses that are co-taught with European partner universities. Students completing this option have the EU Studies certificate awarded by both their home institution and one in Europe, thus giving them an academic credential from a respected European university.

Areas of Distinction

In addition to acknowledging competence in the EU generally, the certificate also highlights special achievements by providing a notation of "distinction" in two areas: (1) foreign language proficiency (six semester hours at or above the 2000 level and (2) composition of a thesis.

The foreign language distinction must be earned in a European language approved by the program's campus representative as appropriate to the certificate's objectives. A student with prior language skills can earn a distinction by successful completion of an examination demonstrating competency equivalent to the 2000 level. The exam is administered at the student's home institution.

The thesis can be written anytime during the final year of study. It is supervised by a committee composed of three faculty members representing at least two different academic disciplines. The program's campus representative maintains a more detailed description of thesis requirements.

3270 Film and Video

Program Offered:

- **Bachelor of Arts in Film and Video**

Department of Communication
662 One Park Place South
404/413-5600
communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

The disciplines of communication are concerned with the processes and effects of human communication in a variety of contexts ranging from interpersonal communication through the mass media. The Department of Communication provides courses of study that develop knowledge and skills in managing face-to-face communication, knowledge about the nature and social functions of the mass media, and the skills necessary for communication careers. Majors are offered in the areas of film and video, journalism, and speech.

The major in film and video is designed to provide the student with the knowledge and skills necessary to understand and apply this complex discipline in both an intellectual and artistic way. This is reflected in the program structure, which includes critical studies (history, theory, industry, and criticism), production (film, video, digital), and writing. Students will cover all of these areas but may specialize in one or two in their work. Internships are available in the Atlanta metro area and beyond.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Program Academic Regulations

All 3000-4000 level Film/Video courses require students to have an overall Georgia State University Institutional GPA of 2.5 prior to enrollment. See the Department of Communication's website for more information at communication.gsu.edu.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

* To enroll in Film 4110, 4120, 4215 and 4130, students must receive departmental authorization. To be considered, students must have (1) a 3.0 grade-point average, and (2) submit the appropriate course application to the Department of Communication by October 15 or April 15 of the year of their eligibility prior to registration in semesters when Film 4110, 4120, 4125 and 4130 are offered.

Area H: Minor and Additional Courses

1. Students majoring in Film/Video must select a minor consisting of at least 15 hours of courses in an academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.

Minor in Film and Video

Students who wish to minor in one of the department's three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

Department of Modern and Classical Languages
841 General Classroom Building
404/413-5980
www.gsu.edu/languages

Fernando Reati, Chair
Germán Torres, Associate Chair
Georges Perla, Undergraduate Director
David O'Connell, Head of French section and Adviser
Carol Semonsky, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors a study-abroad program in Tours (France).

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student's active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.

For students who hope to teach at the K-12 levels, the department offers a concentration that leads to certification in French.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of French; and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers two programs in conjunction with other colleges: the Bachelor of Arts in French and MIB Joint Degree Program, in collaboration with the Robinson College of Business, and the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All French majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, students are advised to choose courses in other areas that complement their language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss students' academic plans as they design their course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.A. in French

Area F: Courses Appropriate to the Major (18)

1. Majors must achieve competence at the intermediate level before beginning courses at the 3000 level. They may demonstrate competence through placement exam scores, including the CLEP exam, prior study, or courses taken at Georgia State University. The following may be counted in Area F, as required (0-9 hours): Fren 1002, Fren 2001, Fren 2002. Required Courses (0-6)
2. Students may complete Area F with any combination of the following (0-18 hours):
 - a. Any courses in other foreign languages, 1001-2203/2501 level.
 - b. Electives in the Department of Modern and Classical Languages.
Clas 2201, Clas 2202, Clas 2203, Fren 2212, Fren 2216

Requirements for Teacher Certification

Students who wish to be certified to teach French in the public schools of Georgia should choose the courses listed under the "Foreign Language Education Concentration" above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL 4061/4062/4063).

All students seeking certification in French must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. Application forms are available in the department (841 GCB). See "Teacher Preparation Programs" chapter of this catalog. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB). In order to be recommended for K-12 certification in French, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

Language and International Business Concentration

- a. Required Courses to fulfill CTW requirement (6)
 - o Fren 3033 Introduction to the Analysis of Literary Texts (3)
 - o Fren 4123 Contemporary France (3)
- b. Concentration Requirements (9)

 - o Fren 4633 Francophone Literature (3)
- d. Select two additional courses in French at the 3000/4000 level (6)

Area H: Minor and Additional Courses

1. French majors are not required to take a minor. French majors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Up to six additional hours may be taken in the major.

Bachelor of Arts in French and M.I.B. Joint Degree Program

In cooperation with the Robinson Institute of International Business, the Department of Modern and Classical Languages offers a five-year program leading to the Bachelor of Arts degree with a major in French, German, or Spanish plus the Master of International Business degree. This is a rigorous, cross-disciplinary program for highly motivated students with an interest in language, intercultural study, and international business. Graduates of the program are equipped with both global marketplace management skills and intercultural business language expertise.

The joint degree program allows students to use up to 15 hours from the Master's degree to satisfy the requirements of the Bachelor's degree. Students reduce the total number of credit hours needed to complete both programs from 153 to 138 by pursuing the joint degree. Completion of the program in five years will mean that students must be willing to attend classes in the summer, as necessary. Upon completion of the requirements for both degrees, students in the five-year AB/MIB program will be awarded both a Bachelor of Arts degree and a Master's in International Business. To be accepted to the five-year program, students must be admitted separately to each degree program and satisfy prerequisites for each program.

For further information please contact Dr. Fernando O. Reati, Department of Modern and Classical Languages, 841 General Classroom, 404/413-5984, email mclfor@langate.gsu.edu, or Dr. Tamer Cavusgil, Institute of International Business, Ste. 1444 Robinson College of Business, 404/413-7275, email iib@gsu.edu.

Bachelor of Arts Major in International Economics and Modern Languages

Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at <http://www.avsp.sgsu.edu/oa>.

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the "University Degree Requirements and Graduation" chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area F: Courses Appropriate to the Major (18)

- Econ 2105 Principles of Macroeconomics (3)
- Econ 2106 Principles of Microeconomics (3)
- Math 1070 Elementary Statistics (3) - If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
- Fren 2001 Intermediate French I (3)
- Fren 2002 Intermediate French II (3)

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: Fren, Grmn, or Span 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, Humanities and Fine Arts.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for Fren, Grmn or Span 2001/2002 (or Span 2203 or Span 2501) upon approval of the Department of Modern and Classical Languages adviser.

- Elective: one 1000/2000-level course chosen from Areas A-E.

Required Courses to fulfill CTW requirement (6)

- Econ 3900 Macroeconomics (3)
- Fren 4123 Contemporary France (3)

Area G: Economics Common Core Curriculum (21) A minimum grade of C is required for all courses in this area.

- Econ 3910 Microeconomics (3)
- Econ 4600 Economic Development (3)
- Econ 4800 International Trade (3)
- Econ 4810 International Finance (3)
- Choose 3 elective 4000-level Econ courses (9)

Area H: Modern Languages Common Core (21) A minimum grade of C is required for all courses in this area.

- Fren 3013 Intensive Grammar Review (3)
- Fren 3023 Advanced Conversation and Composition (3)
- Fren 3033 Introduction to Analysis of Literary Texts (3)
- Fren 4033 French for International Business I (3)
- Fren 4043 French for International Business II (3)
- Fren 4053 Advanced Grammar and Translation (3)
- Choose 1 elective Fren 3000/4000 course (3)

Area I: Electives (12) Choose any four 3000/4000-level courses, in consultation with the faculty adviser.

Minor in French

Students who wish to minor in French must take 15-18 hours in courses in French, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

Geoscience is the broad study of the earth, including the earth's interior, its surface, its atmosphere, and its people. Traditionally these subjects have been separated into several fields that include Geology and Geography, and this distinction may still be somewhat appropriate; however, some of the subject matter with which Geography and Geology are concerned can be claimed by both. Taking advantage of this, the Department of Geosciences seeks to make available to students instruction and experiences that exploit the complementary nature of Geology and Geography.

The Department of Geosciences offers the B.A. degree in Geography with five concentrations: General Geography, Human Geography, Physical Geography, Geographic Information Science, and Pre-Education; and the B.S. degree in Geology with three concentrations: General Geology, Environmental Geology, and Earth Science.

3290.10 Geography Program

Jeremy E. Diem, Undergraduate Director for Geography

Geography is the study of the relationships among people, places, society, and the environment. The geography major has been designed to enable the student to develop a broad understanding of social and environmental issues, attain depth in a specialized area within geography, and acquire skills needed to gain employment and carry out lifelong learning. In order to assist students in attaining depth, the following concentrations are offered: human geography, physical geography, and geographic information science. General geography and pre-education are two additional concentration options.

An undergraduate degree in geography affords someone many opportunities for employment in both the public sector and the private sector. Geographers generally find employment as cartographers, city/regional planners, conservationists, environmental managers, environmental regulators, Geographic Information System (GIS) specialists, historic preservationists, location analysts, and as physical scientists working for the government. In addition, with the diversity of their liberal arts training, geographers also qualify for professional management positions as well as more traditional work as teachers.

An undergraduate degree in geography also provides a solid intellectual foundation for people getting advanced degrees in either the social or natural sciences. In addition, to being given substantial flexibility with respect to their selection of undergraduate courses, geography majors are required to take multiple upper-division courses in human geography, physical geography, and geographic information science. Finally, the concentration within geography enables geography majors to begin to find their intellectual niche.

Students interested in any geography course, or in majoring or minoring in the geography program, are invited to contact the geography undergraduate adviser to discuss how the geography program may best help make their college experience positive and productive.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.A. in Geography

Areas A-E: Core Curriculum Recommendations

Students majoring in geography are expected to complete Geog 1101 (in Areas E or F), Geog 1112 and 1113 (in Areas D or F), Geog 2206, and Math 1070 (in Area D or F) with a grade of C or higher.

Area F: Courses Appropriate to the Major Field (18)

1. Required Courses (3-17)
 - o Geog 1101 Introduction to Human Geography (3) (if not taken in Area E)
 - o Geog 1112 Introduction to Weather and Climate (4) (if not taken in Area D)
 - o Geog 1113 Introduction to Landforms (4) (if not taken in Area D)
 - o Geog 2206 Introductory Mapping and Geographic Information Science (4)
 - o Math 1070 Elementary Statistics (3) (if not taken in Area D)
2. Select additional courses from the following to complete the 18 hours in Area F.

Any geography course at the 1000/2000 level not taken in Area E. AAS 2010, Anth 2030, Anth 2020, Econ 2105, Econ 2106, Geol 1121, Geol 1122, Geol 2001, Hist (any course not taken in Area E), Lang 1001 (if student has no previous experience with language), Lang 1002, Phil 1010, PolS 1101, PolS 2401, Psyc 1101, Soci 1101, Soci 1160, WSt 2010.

Area G: Major Courses (36-39)

A grade of C or higher is required in all major courses.

1. Required Courses to fulfill CTW requirement (8).
Choose two of the following:
 - o Geog 4764 Urban Geography (4)
 - o Geog 4784 Climatic Change (4)
 - o Geog 4830 Senior Seminar (4)
2. Major Requirements (19)
 - o Geog 4518 Digital Cartography (4)
 - o Geog 4520 Quantitative Spatial Analysis (4)
 - o Geog 4644 Environmental Conservation (4)
 - o Geog 4764 Urban Geography (4) if not taken for CTW
 - o Geog 4778 Political Geography (3)
 - o Geog 4784 Climatic Change (4) if not taken for CTW
 - o Geog 4830 Senior Seminar (4) if not taken for CTW
3. Geography majors may select concentrations in General Geography, Human Geography, Physical Geography, Geographic Information Science, or Pre-Education.

General Geography Concentration

Students must fulfill the major requirements and take three additional geography courses at the 3000 level or higher.

Human Geography Concentration

Students must fulfill the major requirements and select three courses from the following:

- Geog 4408 Geography of the Middle East and North Africa (4)
- Geog 4760 Cultural Geography (3)
- Geog 4762 Economic Geography (4)
- Geog 4768 Metropolitan Atlanta (3)
- Geog 4772 Geography of Urban and Regional Development (3)
- Geog 4774 Contemporary Urban Theory and Issues (3)
- Geog 4780 Advanced Systematic Geography (3) (if topic is applicable)

Physical Geography Concentration

Students must fulfill the major requirements and select three courses from the following:

- Geog 4640 Geomorphology (4)
- Geog 4642 Advanced Weather and Climate (4)
- Geog 4646 Water Resources Management (4)

- Geog 4648 Biogeography (4)
- Geog 4650 Applied Hydrology (4)
- Geog 4780 Advanced Systematic Geography (3) (if topic is applicable)

Geographic Information Science Concentration

Students must fulfill the major requirements and select three courses from the following:

- Geog 4530 Introduction to Remote Sensing (4)
- Geog 4532 Geographic Information Systems (4)
- Geog 4533 Introduction to GIS Applications (4)
- Geog 4534 Advanced Geographic Information Systems (4)
- Geog 4780 Advanced Systematic Geography (3) (if topic is applicable)

Pre-Education Concentration

The Social Studies Education Concentration in Geography is designed for students who want to be secondary school teachers. This degree provides the initial teaching preparation for the Master of Arts in Teaching (M.A.T.) Program in Social Studies Education in the College of Education at Georgia State University, or similar Master's degrees at other universities. Students pursuing this concentration must complete all major requirements and choose two or more allied fields from other departments, taking a minimum of nine hours of 3000-4000 level courses in each allied field. Students with a concentration in Geography may choose the following allied fields:

- Anthropology, Psychology, or Sociology (select one)
- Economics
- History
- Political Science
- Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200)

Geography as an allied field consists of any three geography courses at the 3000 level or higher.

Area H: Minor and Additional Courses

Students majoring in geography are not required to take a minor.

Minor in Geography

Students choosing to complete a minor in geography should complete the following requirements (1 and 2). (15-20). A grade of C or higher is required in all courses counting toward the minor. Students taking more than 15 hours in geography courses may count the additional hours toward their electives or may consider completing a double major.

1. Select one course
 - Geog 1101 Introduction to Human Geography (3)
 - Geog 1112 Introduction to Weather and Climate (4)
 - Geog 1113 Introduction to Landforms (4)
2. Select at least 12 hours of geography courses at the 3000 level or higher.

3290.20 Geology Program

Contact department for Undergraduate Director for Geology

Philosopher Will Durant once remarked, "Civilization exists by geological consent, subject to change without notice." Almost every day we are reminded how large a role geology plays in our lives, whether it be earthquakes, volcanic eruptions, tsunamis, contaminated water supplies, rising oil prices, or the cost of emeralds, sapphires, and gold.

Geology is the science of the earth. Geological research includes studies of minerals and rocks that compose the earth's surface and interior, the geometry and interrelationships of rock masses, the structural configuration of the earth, and fluids within the earth. Geology also includes the study of modern physical processes and interpretation of the earth's physical and biological evolution through billions of years of geologic time and into the future. Because of our critical dependence on the earth, appreciation of geology is essential if we are to make informed and enlightened decisions on how to use and protect our planet.

Many career opportunities allow for practical application of geology in industry, consulting firms, and governmental agencies at all levels. Practical and essential applications of geology include development and wise use of water resources, both surface and subsurface; land-use planning for urban, suburban, and rural development; exploration for and development of mineral and energy resources including petroleum; and development of environmentally sound strategies for hazardous waste disposal and treatment. The curriculum leading to the B.S. degree in geology is excellent preparation for graduate work in geoscience and

environmental science. For students who are interested in geoscience and environmental science but who intend to pursue graduate or advanced study in other fields, for example environmental law or business, the geology B.S. degree may still be an appropriate choice.

The Department of Geosciences offers the B.S. degree with three concentrations: General Geology, Environmental Geology, and Earth Science. The Environmental and Earth Science concentrations are for students seeking strong preparation for entering the work force with the B.S. degree.

The Environmental concentration emphasizes the study of ground water and the delicate environmental balances of the natural world. The Earth Science concentration emphasizes the measure and graphical depiction of geological features and processes. Both are excellent preparation for jobs in the environmental area and for graduate work in environmental geology. The concentration in general geology is the most traditional of the programs, designed to prepare the student for graduate studies or employment in a wide variety of geoscience areas. It features the greatest flexibility in selection and scheduling of courses. Specific requirements for the concentrations are shown below.

Majors should be aware that there are prerequisites for many geology courses and that several courses are offered only once a year. As soon as they have selected the geology major, students must consult with department advisers to be informed in these matters and to ensure that programs of study accord with their specific career aspirations and needs. The department participates actively in the university's Cooperative Education Program, whereby the student can work and attend school at the same time or in alternate years. The program enables students to develop long-term career opportunities while in school. Because of the potential complexities of such a program, students are encouraged to seek early advisement in the department. Co-op students also should discuss their academic plans and curriculum options with their employers.

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

Program Degree Requirements

All curricula leading to a B.S. degree in geology include the following requirements: Geol 1121K, 1122K, 3002, 4006, 4013, 4015, 4016, 4095, 4120, 4121; Chem 1211K, 1212K. All students must also take one of the following allied science sequences: Biol 1103K/1104K; or Biol 2107K/2108K; or Phys 1111K/1112K; or Phys 2211K/2212K. Note: Physics recommended.

Students in all concentrations must take either the Math 2211/2212 sequence or the following pair of math courses: Math 1070 and 1220. The Math 2211/2212 sequence is strongly recommended for students planning to go to graduate school in geology or any other natural science, or to seek employment where a year of calculus is required or expected. Students are strongly urged to consult with the departmental adviser to determine which pair of mathematics courses would be more appropriate.

In completing their requirements, all students follow a concentration in General Geology, Environmental Geology, or Earth Science. The choice should be based on the student's interests and expectations, within the context of the concentration differences described above.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Geology

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - Math 1113 Precalculus (3) (or higher-level mathematics course)
2. Area D:
 - Recommended courses:
 - Geol 1121K Introductory Geosciences I (4)
 - Geol 1122K Introductory Geosciences II (4)
 - Required course:
 - Math 1070 Elementary Statistics (3) or
 - Math 2211 Calculus of One Variable I (4) (or higher-level mathematics course)

Credit hours not needed in Area D will count in Area F or in the second 60 hours beyond the core curriculum.

Area F: Courses Appropriate to the Major Field (18)

1. Required Courses*:
 - Math 1220 Survey of Calculus (3) (if Math 1070 taken for Area D), or
 - Math 2212 Calculus of One Variable II (4) (if Math 2211 taken for Area D)
 - Chem 1211K Principles of Chemistry I (4)
 - Chem 1212K Principles of Chemistry II (4)
 - Geol 1121K Introductory Geosciences I (4) (if not taken in Area D)
 - Geol 1122K Introductory Geosciences II (4) (if not taken in Area D)

2. Select one two-course sequence from the following four sets, plus additional hours of any natural science or mathematics as needed, to complete 18 hours in Area F.
 - Phys 1111K Introductory Physics I (4)
 - Phys 1112K Introductory Physics II (4) or
 - Phys 2211K Principles of Physics I (4)
 - Phys 2212K Principles of Physics II (4) or
 - Biol 1103K Introductory Biology I (4)
 - Biol 1104K Introductory Biology II (4) or
 - Biol 2107K Principles of Biology I (4)
 - Biol 2108K Principles of Biology II (4)

*Credit hours not needed in Area F will count in the second 60 hours beyond the core curriculum.

Area G: Major Courses (39)

A grade of C or higher is required in all major courses.

1. Required Courses to fulfill CTW requirement (8)
 - Geol 4006 Sedimentary Environments and Stratigraphy (4)
 - Geol 4830 Senior Seminar (4)
2. Geology majors must select concentrations in General Geology, Environmental Geology, or Earth Science.
 - **General Geology Concentration (23)**
 - Geol 3002 Introduction to Earth Materials (4)
 - Geol 4013 Structural Geology (4)
 - Geol 4015 Crystallography and Optical Mineralogy (4)
 - Geol 4016 Igneous and Metamorphic Petrology (4)
 - Geol 4095 Seminar in Geological Sciences (1)*
 - Geol 4120 Basic Field Geology (3)
 - Geol 4121 Advanced Field Geology (3)
 - **Environmental Geology Concentration (31)**
Courses listed for General Geology concentration (23)
 1.
 - Geol 4007 Hydrogeology (4)
 - Geol 4017 Environmental Geology (4)
 1.
 - **Earth Science Concentration (31)**
Courses listed for General Geology concentration (23)
 1.
 - Geol 4530 Introduction to Remote Sensing (4)
 - Geog 4532 Geographic Information Systems (4)
2. Geology Electives: Select additional courses for a total of 39 semester hours. (0-8)
 2.
 - Geol 4002 Oceanography (3)
 - Geol 4003 Aqueous Geochemistry (4)
 - Geol 4005 Geology of Georgia (3)
 - Geol 4007 Hydrogeology (4)**
 - Geol 4011 Principles of Paleontology (4)
 - Geol 4017 Environmental Geology (4)**
 - Geol 4042 Analytical Methods (2)
 - Geol 4095 Seminar in Geological Sciences (1)*
 - Geol 4097 Topics in Geological Sciences (1-3)
 - Geol 4098 Independent Research in Geological Sciences (3)
 - Geol 4530 Introduction to Remote Sensing (4)
 - Geol 4640 Geomorphology (4)
 - Geol 4644 Environmental Conservation (4)***
 - Geol 4870 Honors Thesis: Research (3)
 - Geol 4880 Honors Thesis: Writing (3)

*May be taken multiple times, but a maximum of two hours may be applied to the degree.

**Does not count if taken to satisfy Area G1.

***Allowed for concentration in Environmental Geology only.

Area H: Minor and Additional Courses

Geology majors are not required to complete a minor.

Minor in Geology

Students who wish to minor in geology must take 15-18 hours in courses in geology, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in geology may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

Department of Modern and Classical Languages

841 General Classroom Building

404/413-5980

www.gsu.edu/languages

Fernando Reati, Chair

Germán Torres, Associate Chair

Georges Perla, Undergraduate Director

Robin Huff, Head of German section and Adviser

Carol Semonsky, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum.

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student's active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.

For students who hope to teach at the K-12 levels, the department offers a concentration that leads to certification in German.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of German, and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers two programs in conjunction with other colleges: the Bachelor of Arts in German and MIB Joint Degree Program, in collaboration with the Robinson College of Business, and the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All German majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, students are advised to choose courses in other areas that complement their language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss students' academic plans as they design their course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.A. in German

Area F: Courses Appropriate to the Major (18)

The following requirements and options are appropriate for majors in German.

1. Majors must achieve competence at the intermediate level before beginning courses at the 3000 level. They may demonstrate competence through placement exam scores, including the CLEP exam, prior study, or courses taken at Georgia State University. The following may be counted in Area F, as required (0-9 hours): Grmn 1002, Grmn 2001, Grmn 2002.
2. Students may complete Area F with any combination of the following (0-18 hours):
 - a. Any courses in other foreign languages, 1001-2203/2501 level.
 - b. Electives in the Department of Modern and Classical Languages.
Clas 2201, Clas 2202, Clas 2203, Fren 2212, Fren 2216
 - c. Electives in other departments.
AL 2101, AL 2102, Anth 2020, AH 1700, AH 1750, Econ 2105, Econ 2106, Engl 2110, Engl 2120, Engl 2130, EDUC 2110, EDUC 2120, EDUC 2130, Film 1010, Hist 1111, Hist 1112, Jour 1010, Phil 2010, PolS 2401, WSt 2010

Area G: Major Requirements (30)

The major in German consists of 30 hours (10 courses) on the 3000/4000 level. Prerequisite for all courses on the 3000 level is Grmn 2002. Prerequisite for all courses at the 4000 level is the completion of at least 3 of the 4 courses at the 3000 level.

1. 1. Required Courses to fulfill CTW requirement (6)
 - o Grmn 3301 Advanced German I (3)
 - o Grmn 4402 Advanced Grammar: Morphology and Syntax (3)
2. 2. Major Requirements (9)
 - o Grmn 3302 Advanced German II (3)
 - o Grmn 3311 Introduction to Reading German Literature I (3)
 - o Grmn 3312 Introduction to Reading German Literature II (3)
3. 3. Concentration Courses (18)
 - o **Literature Concentration**
 - Grmn 4411 Survey of German Literature I (3)
 - Grmn 4412 Survey of German Literature II (3)
 - Grmn 4421 Introduction to German Civilization (3)
 - Select two additional courses in German at the 4000 level (6)
 - o **Foreign Language Education Concentration**
 - Grmn 4401 Phonetics and Phonology (3)
 - Grmn 4421 Introduction to German Civilization (3)
 - Grmn 4422 Contemporary Germany (3)
 - Select two additional courses in German at the 4000 level (6)

Requirements for Teacher Certification

Students who wish to be certified to teach German in the public schools of Georgia should choose the courses listed under the "Foreign Language Education Concentration" above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL 4061/4062/4063).

All students seeking certification in German must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. Application forms are available in the department (841 GCB). See "Teacher Preparation Programs" chapter of this catalog. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB).

In order to be recommended for K-12 certification in German, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

Language and International Business Concentration

- Grmn 4422 Contemporary Germany (3)
- Grmn 4431 German for International Business I (3)
- Grmn 4432 German for International Business II (3)
- Select two additional courses in German at the 4000 level (6)

Area H: Minor and Additional Courses

1. Foreign language majors are not required to take a minor. Foreign language majors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Up to six additional hours may be taken in the major.

Bachelor of Arts in German and M.I.B. Joint Degree Program

In cooperation with the Robinson Institute of International Business, the Department of Modern and Classical Languages offers a five-year program leading to the Bachelor of Arts degree with a major in French, German, or Spanish plus the Master of International Business degree. This is a rigorous, cross-disciplinary program for highly motivated students with an interest in language, intercultural study, and international business. Graduates of the program are equipped with both global marketplace management skills and intercultural business language expertise.

The joint degree program allows students to use up to 15 hours from the Master's degree to satisfy the requirements of the Bachelor's degree. Students reduce the total number of credit hours needed to complete both programs from 153 to 138 by pursuing the joint degree. Completion of the program in five years will mean that students must be willing to attend classes in the summer, as necessary. Upon completion of the requirements for both degrees, students in the five-year AB/MIB program will be awarded both a Bachelor of Arts degree and a Master's in International Business. To be accepted to the five-year program, students must be admitted separately to each degree program and satisfy prerequisites for each program.

For further information please contact Dr. Fernando O. - Grmn 3311 Introduction to Reading German Literature (3)
- Grmn 3312 Introduction to Reading German Literature (3)
- Grmn 4431 German for International Business I (3)
- Grmn 4432 German for International Business II (3)
- Choose one of the following two courses (3)
 - Grmn 4422 Contemporary German (3)
 - Grmn 4435 Techniques of Translation (3)

Area I: Electives (12) Choose any four 3000/4000-level courses, in consultation with the faculty adviser.

Minor in German

Students who wish to minor in German must take 15-18 hours in German, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

3310 Gerontology Institute

Program Offered:

- **Certificate in Gerontology**

605 One Park Place
404/413-5210

www.gsu.edu/gerontology

Elisabeth Burgess, Director

Candace Kemp, Director of Undergraduate Studies

The undergraduate Certificate in Gerontology gives students throughout the university the option of combining their major field of study with an emphasis in gerontology. It is designed to prepare students for: (1) admission to graduate and professional degree programs, such as gerontology, medicine, nursing, psychology, public administration, sociology, and social work, in which they plan to pursue a specialization in gerontology, or (2) entry-level professional jobs in direct services to older persons in nutrition programs, senior centers, volunteer programs, nursing homes, and residential and assisted living facilities.

The curriculum provides an overview of the biological, psychological, and sociological aspects of aging; health care and social service programs for older persons; and contemporary aging policy issues. Through both course work and internship experience, students gain specialized knowledge and skills needed to live and work in today's aging society.

Currently, 23 faculty members from business to law, the social and biological sciences, and the health and human service professions are associated with the Gerontology Institute. They bring a diverse, interdisciplinary perspective to the institute's

instructional programs and are engaged in a wide range of research in the areas such as long-term care, assisted living, ethnicity and aging, learning and memory, retirement, aging among minorities, intergenerational caregiving, and marketing to seniors.

Program Admission

To be admitted to the undergraduate Certificate in Gerontology, students must be regularly enrolled in a degree program at Georgia State University. Students are required to submit an application to the certificate program obtained from the Gerontology Institute.

Program Degree Requirements

To receive the undergraduate Certificate in Gerontology, students must complete the following 18-semester-hour curriculum with a grade of C or higher on all course work.

Undergraduate Certificate in Gerontology

1. Required Courses (9)
 - Gero 4116 Aging and Society (3)
 - Gero 4200 Health and the Older Adult (3)
 - Gero 4610 Psychology of Aging (3) (Prerequisite: Psyc 1101)
2. Select one course. (3)
 - Gero 4110 Aging Policy and Services (3)
 - SW 4260 Aging Practice, Policy and Research Issues (3)
3. Select one course. (3)
 - Gero 4110 Aging Policy and Services (3) (if not taken in section 2 above)
 - Gero 4122 Death, Dying, and Loss (3)

3320 History

Programs Offered:

- **Bachelor of Arts in History**
 - **Concentration in Pre-Education**
 - **Concentration in Pre-Law**
- **Minor in History**

Department of History
34 Peachtree Street, Suite 2050
404/413-6385

www.gsu.edu/history

Hugh Hudson, Chair
Denise Z. Davidson, Undergraduate Director

Historians study various aspects of humanity's recorded past. Some historians explore the rise and fall of empires, while others describe the everyday lives of men and women. They are interested in every period of the past and all parts of the world. Historians also examine the principles and theories that influence the writing of history. They seek to understand the forces that have structured human life and the ideas that have shaped the way people perceive and experience their worlds. Historians are concerned with change and continuity within societies and interactions among cultures. Historians pay particular attention to the effect of perspectives and values because their discipline involves the interpretation of findings, not just the collection of facts. History can teach us many lessons, not simply about our past but also about the paradoxes and potentials of our present.

The Department of History offers a wide range of courses in African, Asian, European, Latin American, Middle Eastern, and United States history. Arranged in three levels — introductory, intermediate, and advanced — these courses afford students an opportunity not only to become familiar with a body of historical knowledge but also to enhance their skills as readers, discussants, writers, and researchers. Because it emphasizes analytic and critical thinking, history prepares students for further professional training in education, international studies, journalism, law, politics, and public policy, and for all manner of careers. All students can benefit from the insights history provides into the human condition.

Program Degree Requirements

Students should complete the freshman courses in history in the core curriculum and Hist 3000 (Introduction to Historical Studies) before enrolling in other history courses numbered 3000 and above. In all lower-division history courses the department requires that majors attain a minimum grade of C.

The department requires a total of 30 hours in upper-division history. At least one course must be taken from each of the areas of American, European, and African/Asian/Latin American/Middle Eastern History. All majors must take Hist 4990 (Historical Research) after completing Hist 3000 and at least four other upper-division courses. No more than 15 hours of upper-division history may be transfer credits.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in History

Area F: Courses Appropriate to the Major Field (18)

1. Select one (whichever is not taken in Area E). (3)
 - Hist 1111 Survey of World History to 1500 (3)
 - Hist 1112 Survey of World History since 1500 (3)
 - Hist 2110 Survey of United States History (3)
2. Foreign Language (3) The Department of History recommends that all majors complete the foreign language sequence Lang 1002, 2001 and 2002. (See "Foreign Language Requirement for B.A. and B.I.S. Majors," previously described.)
Required Course:
 - Lang 1002 Elementary Foreign Language II (3)
3. Electives (12)
AAS 2010, Anth 2010, Anth 2020, Anth 2030, Econ 2105, Econ 2106, Engl 2110, Engl 2120, Engl 2130, Lang 1001 (if different from foreign language taken in high school), Lang 2001, Lang 2002, Geog 1101, Hist 1140, Jour 1000, Math 1070, Phil 2010, PolS 2101, PolS 2401, Psys 1101, Soci 1101, Soci 1160, WSt 2010

Area G: Major Courses (30)

Unless otherwise specified, Hist 1111, 1112, and 2110 are prerequisites for all advanced course work in history. History majors may complete no more than eight hours of 3000/4000-level history courses before completing History 3000.

A minimum total of 30 hours must be taken from courses at the 3000-4000 level, and must include one course from each of the following:

1. Required Courses to fulfill CTW requirement (8)
 - Hist 3000 Introduction to Historical Studies (4) (should be taken first among upper-division courses)
 - Hist 4990 Historical Research (4) (Prerequisite: Hist 3000 and at least four other upper-division courses, including at least two 4000-level classes.)
2. U. S. History (one course)
3. European History (one course)
4. African, Asian, Latin American, or Middle Eastern History (one course)

Pre-Education Concentration

The Department of History offers a pre-education track for those students who plan to teach at the middle school or high school level. Students have the opportunity to take a variety of courses in U.S., European, and world history, which will provide the analytic and writing skills, the global perspective, and the historical content that they will need to teach in the public schools. Along with the B.A. in History, it prepares students to be tested for temporary certification or to enter the M.A.T. Program in Social Studies Education in the College of Education at Georgia State or a similar program elsewhere to complete the requirements for state certification.

Students in the pre-education track will take eight history courses at the 3000-4000 level distributed as follows:

1. Required Courses to fulfill CTW requirement (8)
 - Hist 3000 Introduction to Historical Studies (4) (should be taken first among upper-division courses)
 - Hist 4990 Historical Research (4) (Prerequisite: Hist 3000 and at least four other upper-division courses, including at least two 4000-level classes.)
2. Two courses in U.S. history. The department strongly recommends that one of these be History 4310 (Georgia).
3. One course in European history.
4. One course in African, Asian, Latin American, Middle Eastern, or world history.
5. Two electives in history at the 3000-4000 level.
6. Students in the pre-education track will also complete a minimum of nine hours of 3000-4000-level course work in two or more of the following allied fields:
 5.
 - a. Political Science
 - b. Geography
 - c. Economics

- d. Education (Required: EXC 4020; along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200)
- e. One of the behavioral sciences: anthropology, sociology, or psychology

History as an allied field consists of three courses at the 3000-4000 level: one in U.S. history, one in European history, and one in African, Asian, Latin American, or Middle Eastern history.

Pre-Law Concentration

Students who wish to major in history and prepare for law school or prestigious J.D.-Ph.D. programs can opt for a pre-law concentration. Please visit www2.gsu.edu/~wwwhis/7456.html or see a college or department adviser for additional information.

Area H: Minor and Additional Courses

1. History majors must select a minor consisting of at least 15 hours in one department other than history, including at least nine hours at the 3000 level or above. The requirements for a minor must be fulfilled in a department that offers a baccalaureate degree and with courses at the 3000-4000 level, unless the courses are otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.
2. Additional courses from departments other than the major must be taken to complete a minimum of 120 hours, exclusive of 1000/2000-level physical education or military science. The department strongly recommends that majors take the fourth semester of a foreign language: Lang 2002.

Minor in History

Students who wish to minor in history must take 15-18 hours in history courses, including at least three courses at the 3000 level or above. Students taking more than 15 hours in courses in history may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

3330 Intensive English Program

Department of Applied Linguistics and English as a Second Language

34 Peachtree, 12th Floor

404/413-5200

www.gsu.edu/iep

Cheryl Delk, Director

The Intensive English Program (IEP) is a non-credit program designed to prepare students in the language and study skills necessary for successful academic work in American colleges and universities. The IEP offers academic English courses from basic to advanced levels of proficiency. In some cases, students who have been accepted to a degree program at Georgia State may combine upper-level English as a Second Language (ESL) courses and regular academic work.

Every level in the IEP offers five courses each semester (a total of 18 hours in class each week). Courses include academic writing, structure/composition, academic reading/listening, extensive reading, and oral communication. Tutoring services are available for students.

3340 International Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in International Studies**

The International Studies Program affords the student an opportunity to develop areas of concentration in international relations, Europe, Mediterranean, Near Eastern, and developing areas such as Africa, Asia, the Middle East, and Latin America for which there are currently insufficient courses being offered to make them into separate fields. Internship experiences may be undertaken only after completing at least 21 hours of credit in the concentration area. Please contact the faculty adviser, Dr. Christine M. Skwiot, at 404/413-6370 or hiscms@langate.gsu.edu.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in International Studies

Area F: Courses Appropriate to the Major (18)

1. 1. Required Courses (3-9)
Arabic, Chinese, French, German, Modern Greek, Modern Hebrew, Italian, Japanese, Latin, Portuguese, Russian, Spanish, through the 2002 level with a grade of B or higher.

 - RelS/Phil 4615 Buddhism (3)
 - RelS/Phil 4620 Confucianism and Taoism (3)
 - RelS/Phil 4625 Zen and Shinto (3)
 - *Students in the Developing Areas sub field are also required to take at least two courses in one of the regions (Africa, South Asia, East Asia, the Middle East, or Latin America).
3. Select two electives in student's primary discipline (6-8). Students who wish to pursue proficiency in a second language, different from the language taken in area F, may include language courses at the 3000-4000 level with a grade of B or higher.
4. Select 0-2 additional courses in areas outside the student's primary discipline (0-8).

Area H: Allied Field (15-21)

Courses chosen in consultation with adviser. The allied field must be interdisciplinary. No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.

3350 Italian

Program Offered:

- **Bachelor of Arts Major in International Economics and Modern Languages**
 - o **Concentration in Italian (pending university and Board of Regents approval, Spring 2010)**
- **Minor in Italian**

Department of Modern and Classical Languages
841 General Classroom Building
404/413-5980
www.gsu.edu/languages

Fernando Reati, Chair
Germán Torres, Associate Chair

Georges Perla, Undergraduate Director
Richard Keatley, Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities. The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors a study-abroad program in Perugia, Italy.

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student's active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics / ESL, is in Language Studies.

For students who view language study as a preparation for a career in the business world, the department offers a program in conjunction with the Andrew Young School of Policy Studies: the Bachelor of Arts Major in International Economics and Modern Languages (IEML).

Program Degree Requirements

In addition to courses in the language major, you are advised to choose courses in other areas that complement your language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss your academic plans with you as you design your course of study. In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

Students taking more than 15 hours of courses in the language may count the additional hours toward their electives. A grade of C or higher is required in all courses counting toward the minor.

3360 Italian Studies

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Italian Studies**

The Italian Studies program takes into account the vast influence Italian culture has had on the world and Italy's continued role in a global cultural and economic context. While emphasizing the need for students to speak fluent Italian, the B.I.S. is interdisciplinary in approach and allows students to concentrate on specific aspects of Italian culture such as music, art, philosophy, history, cinema and politics.

Students of the B.I.S. are highly encouraged to study abroad through Georgia State University's two programs in Italy – the Summer Study Abroad in Perugia, designed specifically to smooth the transition from intermediate to an advanced level of Italian proficiency, and the Venice Exchange (Ca'Foscari), which allows students to take courses on an Italian campus or at the associated Venice International University and allowing Italian Studies students to gain first-hand understanding of Italian culture and language.

Program Admission

A 2.00 GSU GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance (room 418 GCB; 404/413-5000). Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Program Degree Requirements

Minor in Japanese

Students who wish to minor in Japanese must take 15-18 hours in Japanese, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives. A grade of C or higher is required in all courses counting toward the minor.

3380 Journalism

Programs Offered:

- **Bachelor of Arts in Journalism**
 - **Concentration in Print Journalism**
 - **Concentration in Public Relations**
 - **Concentration in Telecommunication**
- **Minor in Journalism**

Department of Communication
662 One Park Place South
404/413-5600
communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

The disciplines of communication are concerned with the processes and effects of human communication in a variety of contexts ranging from interpersonal communication through the mass media. The Department of Communication provides courses of study that develop knowledge and skills in managing face-to-face communication, knowledge about the nature and social functions of the mass media, and the skills necessary for communication careers. Majors are offered in the areas of film and video, journalism, and speech.

Journalism is the study of the collection, evaluation, and dissemination of current information and opinion. The journalism major seeks to prepare students for newspaper and magazine careers (print journalism), radio and television careers (telecommunication), or public relations careers. In addition, the courses in journalism are designed to be useful electives for students planning to enter other vocations who wish to become media-literate individuals.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Program Academic Regulations

All 3000/4000-level journalism courses (excluding Jour 3500) require students to have an overall Georgia State University Institutional GPA of 2.5 prior to enrollment. See the Department of Communication's website for more information at communication.gsu.edu.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

Area H: Minor and Additional Courses

Majors in the Department of Communication's three B.A. programs must select a minor consisting of at least 15 hours of courses in a discipline within the Department of Communication other than the major (journalism, film/video, or speech) or in another academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.

Minor in Journalism

Students who wish to minor in one of the department's three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

3390 Latin

Program Offered:

Program Degree Requirements

Minor in Latin

Students who wish to minor in Latin must take 15-18 hours in Latin, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours of courses in the language may count the additional hours toward their electives. A grade of C or higher is required in all courses counting toward the minor.

3400 Law and Society

Program Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Law and Society**
- **Pre-Law Allied Field**
- **Criminology Allied Field**

This program emphasizes the social sciences and humanities perspectives of the law. Drawing on the disciplines of political science, sociology, history, English, philosophy, psychology, criminal justice, and business law, the Law and Society area of concentration offers the student a broad liberal but non-professional background in law. It is a viable option for pre-law students. For students interested in the program, please contact faculty adviser, Dr. Robert Howard, at 404/413-6163 or polrhh@langate.gsu.edu.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

B.I.S. with a Concentration in Law and Society

Area F: Courses Appropriate to the Major

1. Required Course (3)
 - PolS 2401 Global Issues (3)
2. Required Course (3)
 - Spch 1500 Public Speaking (3)
3. Students must complete level 1002 of a language.
4. Phil 1010 Critical Thinking (2) is required if not taken in Area B.
5. Select additional courses to complete 18 hours:
 - AAS 2010, Acct 2101, Acct 2102, Anth 2020, Econ 2105, Econ 2106, Engl 2050, Engl 2130, Geog 1101, Hist 1111, Hist 1112, Hist 2110, Phil 2010, Psyc 1101, Psyc 2040, Soci 1101, Soci 1160, WSt 2010, (Foreign language 1001, 2001, 2002)

Area G: Area of Concentration — Law and Society (33)

No more than three to four 3-4 credit hour courses (12 hours) can be taken within a single discipline.

1. Required Course to fulfill CTW requirement (3)
 - PolS 3800 Introduction to Political Research (3)
2. Required Course to fulfill CTW requirement (3)
 - PolS 4900 Senior Seminar in Political Science (3) **or**
 - Course numbered 4995 in the student's primary discipline (3)
3. Required Courses (6)
 - PolS 3140 Judicial Process and Courts (3)
 - Lgls 3020 Introduction to the Law (3) **or**
 - Lgls 4050 Principles of Business Law (3)
4. Select two courses (6):
 - Phil 3730 Business Ethics (3)

- PolS 4130 American Constitutional Law (3)
 - PolS 4131 Civil Liberties and Rights (3)
 - Soci 4366 Law and Society (3)
5. Select five additional courses (15) — no more than 12 hours from a single discipline:
- AAS 4180, AAS 4640, CRJU 3100, CRJU 3110, CRJU 3700, CRJU 3710, CRJU 4710, CRJU 4760, CRJU 4770, CRJU 4910, Econ 4080, Econ 4400, Econ 4680, Hist 3200, Hist 3210, Hist 3220, Hist 4200, Hist 4240, Jour 3060, PAUS 3311, Phil 4820, Phil 4800, PolS 3750, PolS 3550, PolS 4130, PolS 4131, PolS 4420, PolS 4780, PolS 4570, Spch 4510/Jour 4510, Spch 4480, Soci 3222, Soci 3224. Internship PolS 4930, PolS 4940 (No more than six hours of internship may be used.)

Area H: Allied Fields

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline. Students may choose either Pre-Law or Criminology as the allied field.

Criminology

1. Select five courses (15):
 - CJ 4410, CRJU 3210, CRJU 3310, CRJU 3410, CRJU 4420, PolS 4131, Psys 4300, Soci 3222, Soci 3224, Soci 3346, Soci 4150, WSt 3150/Soci 3156

Pre-Law

1. Required Course (3)
 - Engl 3080 History, Theory, and Practice of Argumentative Writing (3) *or*
 - Engl 3090 History, Theory, and Practice of Expository Writing (3)
2. Required Course (3)
 - Lgls 3020 Introduction to the Law (3) *or*
 - Lgls 4050 Principles of Business Law (3)
3. Select three courses (9)
 - AAS 4750, CRJU 3020, CRJU 3610, Engl 3110, Engl 3130, Engl 3140, Engl 3210, Engl 3220, Hist 3000, Phil 4530, Phil 4700, PolS 3800, Spch 3010, Spch 3050, Spch 2210, Spch 3250, Spch 4450, Spch 4500/Jour 4500

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.

All freshmen entering Georgia State University are required to take either the College Entrance Examination Board Scholastic Aptitude Test (SAT) or the assessment of the American College Testing Program (ACT). The results of the test, performance in and time of previous mathematical education, and the student's intended major or career goals are all factors to be considered when registering for any mathematics course. In order to register for courses numbered 1111 or higher, students must make an

appropriate score on the mathematics placement test (see Section 1410.10) or have other appropriate prerequisite work. Therefore, students are urged to check the prerequisites for mathematics courses, and the mathematics requirement as listed by their major department/school/institute. Refer any questions to that department/school/ institute or to the Department of Mathematics and Statistics.

Mathematics is one of the great unifying themes in our modern culture. It is a language, a science, an art form, and a tool of tremendous power. The Department of Mathematics and Statistics, in its courses for both majors and non-majors, seeks to introduce students to this vast area of knowledge and to show them how mathematics can be used to solve problems.

The B.S. degree program in mathematics prepares a student for positions in business, industry, and government; a career in the teaching of mathematics at the secondary level; or further study in mathematics or statistics leading to graduate degrees.

Five concentrations are offered within the B.S. degree in mathematics. The concentration in actuarial science prepares a student to work as an actuary. The concentration in computer information systems prepares students for work in the field of management information systems. The concentration in computer science provides education in more scientific aspects of computing. The concentration in managerial sciences provides training in management modeling, problem solving, and computer-assisted decision support/expert systems technologies. Finally, the concentration in statistics prepares students for work as applied statisticians.

Guidelines for minors in the Department of Mathematics and Statistics are given after the program descriptions.

In addition to immediate employment, there are opportunities for good students to pursue further study at the graduate level in mathematics, statistics, and other fields.

In 1978, the department initiated a cooperative education program with International Business Machines, Inc. Over the years, the program has expanded to include many other firms. Hundreds of majors have benefited from a co-op experience. Majors have an opportunity for paid work experience related to their area of study. They may also make important contacts that may lead to full-time employment after graduation. The Office of Cooperative Education has been established to coordinate the university's cooperative education programs.

Majors are asked to consider carefully the career objectives they wish to pursue after graduation. A particular career objective may suggest a special choice for the minor or concentration that would prepare one for that career. It also might suggest that a co-op experience would be useful. Faculty who serve as academic advisers for majors can discuss choices and concentrations that are available to majors.

Program Financial Information

There are no extra fees, scholarships or other expenses outside of regular Georgia State University fees applicable to a B.S. degree in mathematics, other than those associated with teacher preparation (see Sections 1605 and 1610).

Program Academic Regulations

Students must earn a grade of C or higher in all mathematics courses, including those in the core.

Program Degree Requirements

As part of the core curriculum, students must receive credit for the three calculus courses Math 2211, Math 2212, Math 2215, and Discrete Mathematics (Math 2420). (When counting the number of semester hours in Areas A, D, and F, only 3 of the 4 credit hours of each calculus course will be counted in Area A and/or D. The fourth hour, or the "rollover hour," will be counted in Area F.)

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.S. in Mathematics

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - o Math 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
 - o Math 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)

Area F: Courses Appropriate to the Major Field (18)

1. Required Courses: Select the course(s) not taken in Area A or D. (7-11)
 - o Math 2211 Calculus of One Variable I (4)
 - o Math 2212 Calculus of One Variable II (4)
 - o Math 2215 Multivariate Calculus (4)
 - o Math 2420 Discrete Mathematics (3)
2. Select additional courses to complete 18 hours in Area F. (7-11)
 - o Acct 2101, Acct 2102, Biol 1107K, Biol 1108K, Chem 1211K, Chem 1212K, Chem 2400, CSc 2010, CSc 2310, Econ 2105, Econ 2106, Lang 2001, Lang 2002, Phil 1010, Phys 2211K, Phys 2212K

Area G: Major Courses (33)

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Required Courses (18)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4435 Linear Algebra (3)
 - Math 4441 Modern Algebra (3)
 - Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
 - Math 4751 Mathematical Statistics I (3)
3. Mathematics Electives: Select 9 additional hours of 3000/4000-level mathematics courses, of which three hours at most may be at the 3000 level (excluding Math 3030, 3050, 3070, and 3090).
4. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses.

Area H: Additional Major Courses, Concentrations, Minor, and Electives

See descriptions below as to the specifics of special programs, such as the various concentrations offered. Students earning a B.S. in the Department of Mathematics and Statistics are not required to complete a minor.

Actuarial Science Concentration

An actuary is an executive who uses mathematical and statistical skills to define, analyze, and solve problems of society. Actuaries create and manage programs to reduce the adverse financial impact of the expected and unexpected events that happen to people. They are employed in business, industry, and government.

The Department of Mathematics and Statistics, in cooperation with the actuarial science program in the Department of Risk Management and Insurance, offers the Bachelor of Science with a major in mathematics and a concentration in actuarial science. This program provides strong preparation in both mathematics and actuarial science. Students completing this program may request that a suitable annotation be placed on their permanent record.

Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, CSc 2310, Econ 2105 and Econ 2106 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Mathematics Requirements (24)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4253 Introduction to Operations Research (3)
 - Math 4435 Linear Algebra (3)
 - Math 4610 Numerical Analysis I (3)
 - Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
 - Math 4751 Mathematical Statistics I (3)
 - Math 4752 Mathematical Statistics II (3)
3. Actuarial Science Requirements (15)
 - AS 4130 Mathematical Statistics for Actuarial Science II (3)
 - AS 4140 Mathematical Foundations of Actuarial Science (3)
 - AS 4230 Theory of Interest (3)
 - AS 4340 Life Contingencies I (3)
 - AS 4260 Microeconomic Foundations of Actuarial Science (3) *or*
 - AS 4350 Life Contingencies II (3)
4. Required Economics Courses (6) (if not completed in Area F)
 - Econ 2105 Principles of Macroeconomics (3)
 - Econ 2106 Principles of Microeconomics (3)
5. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. (9)

Computer Information Systems Concentration

In cooperation with the Department of Computer Information Systems, the Department of Mathematics and Statistics offers the Bachelor of Science with a major in mathematics and a concentration in computer information systems. This program provides strong preparation in both mathematics and computer information systems. Students completing this concentration may request that a suitable annotation be placed on their permanent record. They are eligible to receive a certificate signed by the chair of the

Department of Mathematics and Statistics and the dean of the College of Arts and Sciences. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CIS 2010 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Mathematics Requirements (15)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4435 Linear Algebra (3)
 - Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
 - Math 4751 Mathematical Statistics I (3)
3. Select one additional upper-level mathematics course (exclusive of Math 3030, 3050, 3070, and 3090). (3)
4. Computer Science Requirements (12-15)
 - CSc 2310 Principles of Computer Programming I (3)
 - CSc 3210 Computer Organization and Programming (3)
 - CSc 3410 Data Structures (3)
 - Select one of the following:
3.
 - CSc 3320 System-Level Programming (3)
 - CSc 4210 Computer Architecture (4)
 - CSc 4320 Operating Systems (4)
4. Computer Information Systems Requirements (12)
 - CIS 3210 End User Applications Programming (3)
 - CIS 3300 Systems Analysis (3)
 - CIS 3310 Systems Design (3)
 - Select one additional CIS course, preapproved by the director of undergraduate advisement. (3)
5. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. (8-9)

Computer Science Concentration

The Department of Mathematics and Statistics offers the Bachelor of Science in mathematics with a concentration in computer science. This program provides strong preparation in both mathematics and computer science. Students completing this program may request that a suitable annotation be placed on their permanent record.

Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CSc 2310 in core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Mathematics Requirements (15)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4435 Linear Algebra (3)
 - Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
 - Math 4751 Mathematical Statistics I (3)
3. Select one additional upper-level mathematics course (exclusive of Math 3030, 3050, 3070, and 3090). (3)
4. Computer Science Requirements (16)
 - CSc 3210 Computer Organization and Programming (3)
 - CSc 3410 Data Structures (3)
 - CSc 4520 Design and Analysis of Algorithms (4)
 - CSc 4610 Numerical Analysis I (3)
 - CSc 4620 Numerical Analysis II (3)
5. Additional Computer Science Courses (6-8)

Select two additional upper-level computer science courses with at least one selected from the following:

 - CSc 3320 System-Level Programming (3)
 - CSc 4210 Computer Architecture (4)

- CSc 4330 Programming Language Concepts (4)
 - CSc 4350 Software Engineering (4)
6. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. (6-8)

Managerial Sciences Concentration

In cooperation with the Department of Managerial Sciences, the Department of Mathematics and Statistics offers the Bachelor of Science with a major in mathematics and a concentration in managerial sciences. In the managerial sciences, students receive training in management modeling, problem solving, and computer-assisted decision support/expert systems technologies. They learn to apply these skills to the functional areas of administration to increase managerial effectiveness and productivity.

Managerial sciences training leads to such careers as management consultants; logistics specialists; quality assurance analysts; data analysts/statisticians; and decision support/expert systems builders. Students completing this program may request that a suitable annotation be placed on their permanent record. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and for Math 2420, CSc 2010, and CSc 2310 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Mathematics Requirements (12)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4435 Linear Algebra (3)
 - Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
3. Statistics Requirements: Select a two-course sequence. (6)
 - Math 4751 Mathematical Statistics I (3) and
 - Math 4752 Mathematical Statistics II (3) or
 - Math 4547 Introduction to Statistical Methods (3) and
 - Math 4548 Methods of Regression and Analysis of Variance (3)
4. Two additional courses in mathematics and/or computer science (6-7) (exclusive of Math 3030, 3050, 3070, and 3090), including one of the following:
 - Math 4253 Introduction to Operations Research (3) or
 - CSc 4830 System Simulation (4)
5. Managerial Sciences Requirements (15)*
 - Mgs 3100 Business Analysis (3)
 - Mgs 4000 Managerial Decision Making (3)
 - Mgs 4020 Introduction to Business Intelligence (3)
 - Mgs 4110 Analysis of Business Data (3)
 - Mgs 4120 Optimal Resource Allocation (3)
6. Managerial Sciences Electives: Select one course. (3)
 - Mgs 4140 Business Modeling (3)
 - Mgs 4760 Total Quality Management (3)
7. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. (11-12)

*Students must have satisfied the statistics requirements before enrolling in any Mgs courses.

Statistics Concentration

Statisticians give advice on the statistical design of experiments, conduct surveys, and analyze data. They use computers, often writing their own programs. They collaborate with specialists in fields such as biology, health sciences, medicine, economics, marketing, psychology, and sociology as well as in business and industry. They are employed in business, industry, and government. The Department of Mathematics and Statistics offers the Bachelor of Science degree in mathematics with a concentration in statistics. Students in this program should select additional courses from a field to which statistics can be applied. Such a selection is called a related field and must be pre-approved by a departmental adviser. Examples of seven related fields are shown in section 4. Students must receive credit for the calculus courses Math 2211, 2212, and 2215 and Math 2420, for CSc 2010, and CSc 2310 in the core curriculum Areas A-F or as electives.

1. Required Courses to fulfill CTW requirement (6)
 - Math 3000 Bridge to Higher Mathematics (3)
 - Math 4991 Senior Seminar (3)
2. Mathematics and Statistics Requirements. (21)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4435 Linear Algebra (3)
 - Math 4548 Methods of Regression and Analysis of Variance (3)

- Math 4661 Analysis I (3)
 - Math 4662 Analysis II (3)
 - Math 4751 Mathematical Statistics I (3)
 - Math 4752 Mathematical Statistics II (3)
3. Select one course. (3-4)
- Math 4544 Biostatistics (3)*
 - Math 4547 Introduction to Statistical Methods (3)*
 - Math 4767 Statistical Computing (3)
 - CSc 4830 System Simulation (4)
- *At most, one semester of Math 4544 and 4547 may be counted in this program.
4. Select one course. (3)
- Math 4211 Optimization (3)
 - Math 4253 Introduction to Operations Research (3)
 - Math 4610 Numerical Analysis I (3)
 - Any one of the courses not taken in group 2 (3)
5. Related Field Courses: Select 12 hours of course work in a field other than mathematics. (12) Related field courses must be pre-approved by a faculty adviser and must include at least nine hours of upper-division course work. Examples of related fields are: Actuarial Science, Biology, Computer Information Systems, Computer Science, Economics, Managerial Sciences, and Marketing.
6. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. (14-15)

Minor in Mathematics

Students choosing to minor in mathematics should complete Math 2212, 2215, and nine hours of additional mathematics courses at the 3000 level or above. There are some restrictions, and course selections must be approved by the Department of Mathematics and Statistics. Students are urged to consult with members of the Department of Mathematics and Statistics to determine which courses would be most useful in their major field.

3420 Middle East Studies

Programs Offered:

- **Bachelor of Interdisciplinary Studies with a Concentration in Middle East Studies**
- **Minor in Middle East Studies**
- **Minor in Arabic Language and Literature**

Middle East Institute
34 Peachtree St., 20th Floor
404/413-6140
www.gsu.edu/mideast

Michael Herb, Director

Through the Middle East Institute students have opportunities to engage in the interdisciplinary field of Middle East Studies. The Institute offers an extensive Middle East language program, including Arabic, Turkish and Hebrew. Students may complete a major or BIS degree in Middle East Studies. MEI faculty members lead study abroad programs to the region, including Egypt, and Turkey.

The Middle East Institute facilitates projects in the region across the university; key foci include training in journalism and English as a second language. The MEI sponsors a dynamic set of activities, including a lecture series and cultural performances, focused on achieving greater understanding of the rich and varied cultures of the Middle East. For more information visit: www.gsu.edu/mideast.

This program provides an opportunity for students to explore the interdisciplinary field of Middle East Studies. Students select from a variety of courses on the Middle East offered in a range of disciplines, including religious studies, political science, history, geography, women's studies and art history. Students are required to study Arabic, Turkish, Hebrew, or another appropriate Middle East language. This major is designed to prepare students for further graduate study in the field or for careers in government, the non-profit sector, or the military. If interested, please contact Dr. Michael Herb, director of the Middle East Institute at 404/413-6140 or herb@gsu.edu.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation. Application materials can be obtained from the Office of Academic Assistance (404/413-5000) or on the Middle East Institute's website: www.gsu.edu/mideast.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.I.S. with a Concentration in Middle East Studies

Area F: Courses Appropriate to the Major (18)

New courses are regularly added to this list, please check with the Middle East Institute for the most recent list of courses.

Area H: Allied Field (15-21)

No more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline. In consultation with the adviser, students choose courses in from two or more departments.

Area J: Electives

Electives are used to build the hours in Areas G-J to 60 hours, have 39 hours at Georgia State University taken at the 3000-4000 level for residency, and complete 120 hours required for graduation.

Study Abroad

Students are strongly encouraged to participate in a study abroad program to the region. Currently MEI faculty members conduct summer programs to Egypt and Turkey. Students may also study abroad in the region on semester and year-long programs.

Minor in Middle East Studies

Select 15 semester hours from the following courses:

3430 Military Science and Leadership

Program Offered:

- **Minor in Advanced Leadership and Management**
 - **Concentration in Human Behavior**
 - **Concentration in Military History**
 - **Concentration in Management**
 - **Concentration in National Security Studies**

Department of Military Science and Leadership
 120 Courtland Building
 404/413-6487
www.gsu.edu/rotc

D. Paige McCormick, Chair

The Department of Military Science and Leadership, most often referred to as the Reserve Officer's Training Corps (ROTC), develops leadership and problem solving skills training, through hands-on training and classroom instruction by experienced, active-duty Army officers and non-commissioned officers. Students learn the necessary skills to become successful civilian or military professionals. Students apply leadership, organizational and personnel management skills in a variety of challenging environments. Qualified students may obtain a commission as a Second Lieutenant, with the opportunity to serve as either full time in the active Army, or full or part time in the National Guard or U.S. Army Reserve. Students may also compete for two, three, or four year ROTC scholarships.

The basic courses (MSL 1000 and 2000 series) are normally taken in the freshman and sophomore years. Students in the basic course are paid \$300-350 per month while enrolled. Successful completion of the basic course gives students the credentials necessary for enrollment in the advanced program. The advanced program (MSL 3000 and 4000 series) is taken during the final two years of college and includes an advanced summer seminar between the junior and senior years. Students in the advanced program are paid \$450-500 per month while enrolled, and earn a salary for all summer internships.

Army ROTC offers opportunities for scholarships for the full amount of tuition and fees or use the scholarship for room and board up to \$10,000. Students may apply for two, three and four year scholarships. Each scholarship covers full tuition, provides an annual allotment of \$1200 for books and fees, and gives students a tax free allowance each month classes are in session. The allowance increases each year: \$300 per month during the student's freshman year, \$350 per month during the sophomore year, \$450 per month during the junior year, and \$500 per month during the senior year. Army ROTC scholarships are awarded on the basis of merit. Family income has no bearing on eligibility for an award. For more details, contact the scholarship advisor at the ROTC department at 404/413-6492.

Nursing

GSU Army ROTC also offers a unique scholarship opportunity for School of Nursing students. These scholarships cover full tuition, books and fees, and provide a monthly allowance. Two, three, and four-year scholarships are available for all qualified nursing majors. Contact the scholarship advisor at the ROTC department at 404/413-6492

Veterans

Students with prior military experience can fulfill credit requirements for the ROTC basic course sequence. If credit is granted, and provided the student is not on a three year Army ROTC scholarship, veterans may bypass the freshman and sophomore years of ROTC and enroll directly in the advance course sequence. Students with prior service may be eligible for special veteran scholarships. In addition to any financial assistance from ROTC veterans are still qualified to receive any and all GI Bill, Army College Fund, or VEAP benefits to which they are entitled.

Simultaneous Membership Program

Students may take advantage of the Simultaneous Membership Program (SMP), which allows participation in ROTC and enlistment in the Army National Guard or Reserve at the same time. SMP students serve as officer trainees in a Guard or Reserve unit and perform duties commensurate with the grade of Second Lieutenant. SMPs are paid at the rate of at least a Sergeant E-5 for Guard or Reserve service.

Program Degree Requirements

Minor in Advanced Leadership and Management

General Minor Requirements

1. A cumulative Georgia State University grade-point average of 2.0.
2. All courses for the minor must be taken at the 3000 level or above.
3. No more than six hours may be taken in any department/school/institute.
4. A grade of C or higher is required in all minor courses.
5. Completion of courses required for major.
6. Minor courses cannot be from a major area.

Advanced Leadership and Management Requirements

1. Acceptance into the program by the Professor of Military Science (PMS) and the Bachelor of Interdisciplinary Studies (BIS) council.
2. A grade-point average of 2.0 or higher in all military science courses.
3. Must be enrolled in the Advanced Military Science program.
4. Successful completion of Leader Development Assessment Course (LDAC).
5. Hist 4900 War in Europe and America Since 1500 (4)
6. Select one course. (3)
 - o Engl 3110 Technical Writing (3)
 - o Engl 3130 Business Writing (3)
 - o Engl 3210 Advanced Grammar (3)
 - o Spch 3010 Advanced Public Speaking (3)
 - o Spch 3210 Business and Professional Communication (3)
7. Select two courses. Only one course may be chosen from each concentration (6)
 - Human Behavior Concentration**
 - o Psyc 3110 Psychology of Interpersonal Behavior (3)
 - o Psyc 3560 Leadership and Group Dynamics (3)
 - o Psyc 4160 Theories of Personality (3)

School of Music
Haas-Howell Building, Room 520
404/413-5900
www.music.gsu.edu

W. Dwight Coleman, Director
Robert Ambrose, Associate Director and Undergraduate Director
Steven Harper, Graduate Director

The mission of the School of Music is to provide a comprehensive, rigorous, and innovative academic program that is consistent with the urban context and mission of Georgia State University and that serves the pursuit of artistic, professional, and scholarly excellence through experiences of lasting value for all stakeholders.

The School of Music meets this mission by providing all university students with courses designed to help them understand and enjoy music, and by offering Bachelor of Music and Bachelor of Science degrees that prepare students for careers in music or further study at the graduate level. The undergraduate degrees in music include specializations in performance, music education, music composition, jazz studies, music recording technology, and music management. In addition to courses and degree programs, the School of Music offers concerts, recitals, lectures, and workshops that are open to all students and the community. The School of Music is an accredited institutional member of the National Association of Schools of Music. It participates in the Honors program and offers Honors courses in music. The School of Music also offers scholarships that are awarded to students based on their musical merit and academic achievement.

The School of Music is located in the historic Fairlie-Poplar District in downtown Atlanta. Four buildings comprise the Music Complex: the Haas-Howell Building at 75 Poplar Street; the Rialto Center for the Performing Arts at 80 Forsyth Street; the Standard Building at 92 Luckie Street; and the Aderhold Learning Center at 60 Luckie Street, which houses instrumental and choral rehearsal halls. Some classes are held in the Arts and Humanities Building at 10 Peachtree Center Avenue. Chamber music, faculty, and student recitals are presented in the Kopleff Recital Hall in the Arts and Humanities Building. Large ensembles perform throughout the academic year in the Rialto Theater, an 850-seat, state-of-the-art performance venue located in the heart of downtown Atlanta.

Program Admission

Applicants to the School of Music must meet the entrance requirements of both the School of Music and those of Georgia State University. Please refer to the Undergraduate Admissions section of this catalog for information concerning admission requirements to the university.

Individuals who wish to apply for admission to the School of Music should complete the School of Music application www.music.gsu.edu/forms/application.aspx. An audition is required for admission to all programs, including the Bachelor of Science program in music management.

Admission to the School of Music is based on (1) the level of performance skill demonstrated in the audition, (2) the availability of openings in the various performing areas.

Students who have been absent from the School of Music for twelve consecutive months must re-audition for reentry.

Audition Requirements

The audition requirements specific to each instrument can be found on the School of Music website at www.music.gsu.edu/undergradauditionrequirements.aspx

Program Financial Information

All applicants to the School of Music are automatically considered for talent-based scholarships. Program fees include locker, laboratory, and recital expenses associated with certain programs, classes, and degree requirements. Every student registering for an Applied Music course will be charged an Applied Music fee. For each 1000 or 6000-level Applied Music course, a \$75.00 fee will be charged. For all other Applied Music courses, a \$150.00 fee will be charged.

Program Academic Regulations

Undergraduate music degrees (B. Mus and B.S.) require students to take general education courses in the sciences and humanities, courses in musical foundations, and courses in a concentration of their choice. Foundation courses include music performance, piano, music theory, and music history/literature. In addition to foundation courses, students must complete courses in a concentration. Available concentrations for the B. Mus degree are: performance, composition, music technology (recording), music education, and jazz studies. The music management curriculum leads to a B.S. degree. Some concentrations have specializations that are detailed below.

Advisement

Entering students should meet with the Admissions and Enrollment Coordinator of the School of Music to receive initial advisement, at which time the student will be assigned to a faculty advisor. Students should meet with their faculty advisor every semester. Students seeking to change their concentration should see the Admissions and Enrollment Coordinator of the School of Music.

Explanation of Applied Music Levels

Applied music consists of individual or small-group performance instruction in a student's principal performing medium. All music majors must study applied music as part of their degree programs.

- 1000 level: Introductory. May be used by students who are admitted to the School of Music but who wish to study in a secondary area. With permission, introductory level courses may also be used by music minors or approved non-majors. 1000 level applied music classes are not applicable to degree requirements in a student's principal performing medium. Authorization is required. One credit hour per semester; one half-hour lesson each week:
- 1001/1002 level: Freshman level. One or two credit hours per semester; one hour lesson per week.
- 2001/2002 level: Sophomore level. One or two credit hours per semester; one hour lesson per week.
- 3001/3002 level: Junior level. One or three credit hours per semester; one hour lesson per week.
- 4001/4002 level: Senior level. One or three credit hours per semester; one hour lesson per week.

Musical Ensembles

Musical ensembles (choral groups, jazz ensembles, orchestra, and wind ensembles) are open to all Georgia State University students by audition. Non-music majors should contact the School of Music or the appropriate ensemble director for information on scheduling an audition.

Every student who is registered for applied music is required to enroll in a conducted ensemble. A music student may be required to perform in more than one ensemble. Factors considered in making assignments will include the specific needs and abilities of the student and the requirements of the various ensembles.

All music majors (with the exception of music education) are required to complete a minimum of eight credit hours of ensemble. Only one credit hour of ensemble per semester may be applied to the total. Assignments to specific ensembles are made each fall semester through "pool" auditions. Students are required to perform in those ensembles to which they are assigned. Students in the jazz studies concentration may count four credit hours of jazz band toward the eight required credit hours of large. Vocal jazz does not count as a large ensemble.

The Applied Cluster

Music students who register for applied music must also register for both chamber music/performance laboratory and a large ensemble. These activities are collectively known as the Applied Cluster. Students may be required to participate in studio classes, labs, and/or master classes as required by private instructors.

Concert Attendance (Mus 1100)

Music majors must successfully complete six semesters of concert attendance (MUS 1100). MUS 1100 is a zero credit hour course. Credit may be granted to transfer students for documented concert attendance requirements at prior institutions.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements and the University Degree Requirements.

Admission to a Concentration

Music students must pass a qualifying examination for entrance to their concentration during their fourth semester of applied study. Information about qualifying examinations is available from the School of Music office.

Pre-Education Concentration

Music education faculty evaluate each music education student prior to student teaching in order to determine their qualifications.

These qualifications are (1) an overall GPA of 2.5 or above, (2) a GPA of at least 2.5 in all music courses, (3) grades of C or higher in all of the courses in the concentration, and (4) grades of B or higher in all music education methods courses. Music education students must also demonstrate teaching competence as determined by the music education faculty and must demonstrate a record of professional attributes and personal behaviors suitable for placement in a school with children.

Application for Entry to Teacher Education

Music education majors must file a formal application for entry into teacher education using the form available in the College of Education's Office of Academic Assistance (also available at education.gsu.edu/main/3055.htm) or supplied by the music education faculty. Students must apply for entry into teacher education concurrent with their applications for practicum/internship (MUS 4260 or 4310). This normally occurs upon completion of 60 hours of course work, including courses required in Areas A

through D and EDUC 2110. Students must have passed the GACE I (a test of basic reading, writing, and mathematics skills) and Regents' exams.

Double-Numbered Courses

Students may only receive credit for one level of a double-numbered course, with the exception of courses for which they are required to register in more than one semester.

B.Mu. in Music

Areas A-E: Core Curriculum Recommendations

1. Area C: It is recommended that Bachelor of Music students complete three hours of Fine Arts through lower-division music courses not included in Area F.

Area F: Courses Related to the Major (18)

1. Required Courses (12)
 - Mus 1440 Theory I (3)
 - Mus 1450 Theory II (3)
 - Mus 1540 Aural Skills I (1)
 - Mus 1550 Aural Skills II (1)
 - Mus 10xx Appropriate large ensemble (1) (4 semesters)
2. Applied Lessons (four semesters) (6)

Select one of the following combinations:

 - Applied Music 1001 (1), Applied Music 1002 (1), Applied Music 2001 (1), Applied Music 2002 (1) and Group Instruction in Piano (1) (two semesters) *or*
 - Applied Music 1001 (1), Applied Music 1002 (1), Applied Music 2001 (2) and Applied Music 2002 (2)

The concentration descriptions below include the 18 hours used in Area F as indicated above.

Ensembles

Please note that students are assigned to appropriate ensembles by ensemble conductors at the beginning of every Fall and Spring semester. Appropriate large ensembles include the following:

- Mus 1060/3060 Wind Ensemble (1)
- Mus 1061/3061 Wind Orchestra (1)
- Mus 1070/3070 Orchestra (1)
- Mus 1080/3080 Men's Chorus (1)
- Mus 1080A/3080A University Singers (1)
- Mus 1082/3082 Women's Chorus (1)

Required Courses to fulfill CTW requirement (6)

- Mus 4810 Music History from the Classical Period to the Present (3)
- Mus 4820 World Music (3)

- Mus 10xx Appropriate large ensemble (1) (4 semesters)

Ensembles

Please note that students are assigned to appropriate ensembles by ensemble conductors at the beginning of every Fall and Spring semester. Appropriate large ensembles include the following:

- Mus 1060/3060 Wind Ensemble (1)
- Mus 1061/3061 Wind Orchestra (1)
- Mus 1070/3070 Orchestra (1)
- Mus 1080/3080 Men's Chorus (1)
- Mus 1080A/3080A University Singers (1)
- Mus 1082/3082 Women's Chorus (1)

Required Courses to fulfill CTW requirement (6)

- Mus 4810 Music History from the Classical Period to the Present (3)
- Mus 4820 World Music (3)

Area G: Major Courses (80)

This concentration description includes the 18 hours used in Area F as indicated above.

1. Performance Requirements (15)
 - APxx 1001 Applied Music — Freshman 1 (1)
 - APxx 1002 Applied Music — Freshman 2 (1)
 - APxx 2001 Applied Music — Sophomore 1 (1)
 - APxx 2002 Applied Music — Sophomore 2 (1)

 - MTM 3020 Promotion of Recorded Music (3)
 - MTM 3040 Practicum (2)
 - MTM 3300 Copyright and Music Publishing (3)
 - MTM 3440 Entrepreneurship in the Music Industry (2)
 - MTM 3450 Artist Representation (2)
5. Business Requirements (15)
 - Required courses:
 - Acct 2101 Principles of Accounting I (3)

- Econ 3050 Economics of Art, Entertainment, and Culture (3)
- Select three:
 - CIS 2010 Introduction to Computer-Based Information Systems (3)
 - Econ 2106 Principles of Microeconomics (3)
 - Econ 3020 Race, Sex, and the Economy (3)
 - Fi 3010 Consumer Finance (3)
 - Mgs 3400 Managing People in Organizations (3)
 - Mk 3010 Basic Marketing (3)
 - Mk 4100 Buyer Behavior (3)
 - Mk 4300 Advertising (3)
 - Mk 4330 Principles of Selling (3)
 - Mk 4400 Distribution Management (3)
 - Mk 4620 Product Development (3)

* With permission, music management students may substitute two credits of Applied Music 1001/2001 with Mus 2710 and 2720, Mus 1730 and 1740, or Mus 1750 and 1760.

Minor in Music

The School of Music offers minors in music and music management. A background in music is helpful but not necessary. Each minor requires 18 semester hours of course work in music, 9 of which must be at the 3000-4000 level. Courses include music theory, music history, performance, and electives. Certain courses entail prerequisites that may not count toward the 18 credits required for the minor. Students interested in either minor should contact the School of Music main office at 404/413-5900 for further information. An advising appointment is required before students may accumulate credits toward the minor.

3450 Philosophy

Programs Offered:

- **Bachelor of Arts in Philosophy**
 - **Concentration in Pre-Law**
- **Minor in Philosophy**
- **Minor in Ethics**

Department of Philosophy
34 Peachtree St., Suite 1100
404/413-6100

www.gsu.edu/philosophy

George Rainbolt, Chair
Eddy Nahmias, Director of Undergraduate Studies

Philosophy is the study of the principles of knowledge and valid reasoning; the foundations of morality, law, and society; and the fundamental nature of reality. It is an attempt to understand the basic relationships between human beings, God, and nature that guide the personal and professional lives of people and that constitute an essential aspect of human culture. It is also a search for critical tools to evaluate these relationships and to ensure objectivity, disciplined insight, and rational argument.

The Department of Philosophy offers two undergraduate degree programs, the Bachelor of Arts in Philosophy and the Bachelor of Arts in Philosophy with a Pre-Law Concentration. Majors are urged to consult with their advisers in order to prepare the course of study most appropriate to their individual interests and needs. All majors planning to attend graduate school should consult closely with their advisers concerning courses appropriate for their anticipated graduate programs. Philosophy minors and all students intending to take departmental courses are invited to discuss their goals and needs with members of the Department of Philosophy. The department maintains an extensive website, www.gsu.edu/philosophy.

Major in Philosophy

Philosophy is an appropriate study for anyone wishing a broad liberal education that teaches one how to think and that promotes self-awareness. It is particularly appropriate as a major or minor for those contemplating a career in law, administration, public service, politics, business, education, the sciences, or religion. Students are encouraged to consider the possibility of a double major with philosophy.

The Department of Philosophy offers a wide variety of courses especially developed for students in business, health sciences, education, and public and urban affairs, as well as for those who pursue a scientific or humanistic career. For those studying the humanities or the sciences, philosophy provides invaluable critical skills, insight into methodological presuppositions, and an appreciation of the intellectual debates that have shaped history.

The Department's faculty span many areas of philosophy. In addition, the Department has developed three areas of specialization: Legal and Political Philosophy, Neurophilosophy and Philosophy of Mind, and Kant and Post-Kantian German Philosophy. Another component of the Department's program is a series of courses in applied philosophy, the study of which provides practical skills for one's personal, social, and professional life. Courses in this area include Contemporary Moral Problems, Philosophy of Law, Biomedical Ethics, and Business Ethics.

Major in Philosophy with a Pre-Law Concentration

The study of philosophy is excellent preparation for law school. The critical thinking skills, clarity in writing and argumentative rigor required in philosophy provide students with the tools they need to be successful in law school and as lawyers. Moreover, philosophy majors have among the highest average scores on the LSAT and the highest admission rates to law school of any major. (For this data, see www.gsu.edu/philosophy, and click on "Undergrad Programs.") Students interested in the major in philosophy with a pre-law concentration, should consult with the Department's pre-law adviser, Dr. Andrew I. Cohen, aicohen@gsu.edu.

Program Academic Regulations

A 2000 or 3000-level philosophy course is a prerequisite for all 4000-level philosophy courses. Majors are strongly urged to take Phil 1010, Phil 2010, Phil 3000, Phil 3010, and Phil 3020 before taking 4000-level courses.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Philosophy

Areas A-E: Core Curriculum Recommendations

1. Area B: The department strongly recommends that philosophy majors take Phil 1010, Critical Thinking.

Area F: Courses Appropriate to the Major (18)

1. Required Courses (6)
 - o Phil 2010 Introduction to Philosophy (3)
 - o Lang 1002 Elementary Foreign Language II (3)
2. Select additional 1000/2000-level courses from core curriculum Areas B, C, D, or E to complete the 18 hours required in Area F.

Area G: Major Courses (27)

A grade of C or higher is required in all major courses.

To satisfy the requirements for the B.A. degree with a major in philosophy, students must take a total of 27 semester hours in philosophy courses at the 3000 level or above, including the following distribution requirements:

1. CTW Requirements (6)
 - o Phil 3000 Introductory Seminar in Philosophy (3)
 - o Phil 4990 Senior Seminar in Philosophy (3)
2. History of Philosophy Requirements (6)
 - o Phil 3010 History of Western Philosophy I: Ancient and Medieval (3)
 - o Phil 3020 History of Western Philosophy II: Modern (3)
3. Ethics and Social/Political Requirement: Select at least one of the following courses. (3)
 - o Phil 4650 Religion and Ethics (3)
 - o Phil 4680 War, Peace, and Religion (3)
 - o Phil 4700 Ethics (3)
 - o Phil 4720 Environmental Ethics (3)
 - o Phil 4740 Advanced Biomedical Ethics (3)
 - o Phil 4750 Topics in Ethics (3)
 - o Phil 4800 Social and Political Philosophy (3)
 - o Phil 4820 Philosophy of Law (3)
 - o Phil 4822 Topics in Philosophy of Law (3)
 - o Phil 4850 African American Ethical and Legal Issues (3)
 - o Phil 4855 Advanced Topics in Political Theory (3)
 - o Phil 4860 Philosophical Perspectives on Women (3)
 - o Phil 4890 Topics in Social and Political Philosophy (3)
4. Metaphysics and Epistemology Requirement: Select at least one of the following courses. (3)
 - o Phil 4100 Epistemology (3)
 - o Phil 4130 Philosophy of Science (3)
 - o Phil 4150 Topics in Epistemology (3)

- Phil 4300 Metaphysics (3)
 - Phil 4330 Philosophy of Mind (3)
 - Phil 4340 Philosophy of Cognitive Science (3)
 - Phil 4350 Topics in Metaphysics (3)
 - Phil 4530 Philosophy of Language (3)
5. Three more philosophy courses (9 hours) at the 3000 or 4000-level
- Phil 4520 (Symbolic Logic) is strongly recommended as one of these courses, and it is required in order to graduate with distinction. Students preparing to apply to graduate programs in philosophy are encouraged to take the following courses while completing the normal requirements:
 - Phil 4100 Epistemology (3)
 - Phil 4300 Metaphysics (3)
 - Phil 4520 Symbolic Logic (3)
 - Phil 4700 Ethics (3)

Developing a relationship with one or more professors so that they know you well and can write good letters of recommendation is also an excellent idea.

B.A. in Philosophy with a Pre-Law Concentration

Area A-F requirements are the same for the B.A. in Philosophy and the B.A. in Philosophy with a Pre-Law Concentration

Areas A-E: Core Curriculum Recommendations

1. Area B: The department strongly recommends that philosophy majors take Phil 1010, Critical Thinking.

Area F: Courses Appropriate to the Major (18)

1. Required Courses (6)
- Phil 2010 Introduction to Philosophy (3)
 - Lang 1002 Elementary Foreign Language II (3)*
2. Recommended Courses (6)
- Econ 2105 Macroeconomics (3)
 - Econ 2106 Microeconomics (3)
 - Soci 1101 Introductory Sociology (3)
3. Select additional 1000/2000 level courses from core curriculum Areas B, C, D, or E to complete the 18 hours required in Area F.

*When considering foreign language courses to meet the Area F requirement indicated above, Pre-Law concentration students with no other language preference should consider that a grounding in Latin is useful in law school.

Area G: Major Courses (27-28)

A grade of C or higher is required in all major courses. To satisfy the requirements for the B.A. degree with a major in philosophy with a pre-law concentration, students must take a total of 27 semester hours in philosophy courses at the 3000 level or above, including the following distribution requirements:

1. CTW Requirements (6)
- Phil 3000 Introductory Seminar in Philosophy (3)
 - Phil 4990 Senior Seminar in Philosophy (3)
2. History of Philosophy Requirements (6)
- Phil 3010 History of Western Philosophy I: Ancient and Medieval (3)
 - Phil 3020 History of Western Philosophy II: Modern (3)
3. Ethics and Social/Political Requirement: Select at least one of the following courses. (3)
- Phil 4650 Religion and Ethics (3)
 - Phil 4680 War, Peace, and Religion (3)
 - Phil 4700 Ethics (3)
 - Phil 4720 Environmental Ethics (3)
 - Phil 4740 Advanced Biomedical Ethics (3)
 - Phil 4750 Topics in Ethics (3)
 - Phil 4800 Social and Political Philosophy (3)
 - Phil 4822 Topics in Philosophy of Law (3)
 - Phil 4850 African American Ethical and Legal Issues (3)
 - Phil 4855 Advanced Topics in Political Theory (3)
 - Phil 4860 Philosophical Perspectives on Women (3)
 - Phil 4890 Topics in Social and Political Philosophy (3)
4. Metaphysics and Epistemology Requirement: Select at least one of the following courses. (3)
- Phil 4100 Epistemology (3)

- Phil 4130 Philosophy of Science (3)
 - Phil 4150 Topics in Epistemology (3)
 - Phil 4300 Metaphysics (3)
 - Phil 4330 Philosophy of Mind (3)
 - Phil 4340 Philosophy of Cognitive Science (3)
 - Phil 4350 Topics in Metaphysics (3)
 - Phil 4530 Philosophy of Language (3)
5. Phil 4820 Philosophy of Law (3)
 6. One more philosophy course (3 hours) at the 3000 or 4000-level. Phil 4520 (Symbolic Logic) is strongly recommended, both for the mental abilities it develops and because it may improve performance on the LSAT; this course is required in order to graduate with distinction.
 7. One of the following courses (3-4)
 - AAS 3070 African-Americans in the Criminal Justice System (3)
 - Hist 3220 United States in the Twentieth century (4)
 - Hist 4240 American Labor and Working Class (4)
 - Hist 4532 Crime, Law, and Society in Early Modern Europe (4)
 - Hist 4540 Britain, Ireland, and the British Atlantic, 1485 to 1689 (4)
 - Hist 4620 Europe: Culture and Ideas (4)
 - LgIS 3020 Introduction to the Law (3)
 - LgIS 4050 Principles of Business Law (3)
 - PolS 3110 State Government (3)
 - PolS 3140 Judicial Process and Courts (3)
 - PolS 3170 American Legislative Process (3)
 - PolS 3700 Public Administration and Bureaucratic Politics (3)
 - PolS 3750 Public Policy Analysis (3)
 - PolS 4115 Urban Politics (3)
 - PolS 4130 American Constitutional Law (3)
 - PolS 4131 Civil Liberties and Rights (3)
 - PolS 4157 Politics of the Civil Rights Movement (3)
 - PolS 4180 American Chief Executives (3)
 - PolS 4420 International Law (3)
 - PolS 4425 Politics of International Criminal Justice (3)
 - PolS 4427 Politics of International Human Rights (3)
 - PolS 4570 American Political Thought (3)
 - PolS 4780 Administrative Law and Government (3)
 - PolS 4950 Practicum in Political Science (3)
 - ReIS 4670 Church and State (3)
 - Soci 3220 Activism, Protest, and Revolution (3)
 - Soci 3222 Deviant Behavior (3)
 - Soci 3224 Crime and Punishment (3)
 - Soci 4218 Power and Politics (3)
 - Soci 4366 Law and Society (3)

Other law-related 3000 level or 4000-level courses (in any College) approved **in advance** by the Philosophy Pre-Law Advisor. No courses will be approved after a student has enrolled in the course.

Minor in Philosophy

Students who wish to minor in Philosophy must take at least 15 hours in courses in philosophy, including at least nine semester hours at the 3000 or 4000-level. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

Minor in Ethics (see section 3250)

3460 Physics

Programs Offered:

- **Bachelor of Science in Physics**
- **Standard Program in Physics**
 - **Concentration in Applied Physics**
 - **Concentration in Astronomy**

- **Concentration in Pre-Medicine**
- **Concentration in Biophysics**
- **Concentration in Geology**
- **Concentration in Computer Science**
- **Minor in Physics**

Brian Thoms, Undergraduate Director

All degree programs described below are built on a core of 21 semester hours of physics numbered 3300 or above and 3 semester hours of mathematics at the 3000 level. The standard program is designed to prepare the student for graduate school or immediate employment upon graduation. Students selecting the standard program must complete 21 semester hours of physics, astronomy and mathematics beyond the core set of physics and mathematics courses listed below. As an alternative to the standard program, courses in one of several specific areas of concentration may be chosen as described below. The available areas of concentration are applied physics, astronomy, pre-medicine, biophysics, geology, and computer science.

A central objective of Georgia State University is that all graduates from its programs will be proficient in writing, critical and analytical thinking, and use of information resources. In support of this objective, the Department of Physics and Astronomy explicitly incorporates activities to develop these skills as appropriate in each course.

To schedule an effective program of study, it is very important that all students intending to major in physics consult with the physics faculty adviser as soon as possible. Physics majors should pay special attention to the early completion of the mathematical requirements if they are to complete their physics requirements during the usual four-year span. The first calculus course should be taken during the freshman year, and the second and third calculus courses should be completed during the sophomore year. The department recommends that General Chemistry I and II be taken during the freshman year. The beginning physics sequence (Physics 2211K-2212K) should be completed before the end of the sophomore year. Students who enter the physics major after completing a non-calculus level elementary physics sequence should consult with their departmental adviser on the best method of preparing for more advanced courses in physics.

The degree programs described below do not require a foreign language. However, the department recommends that students continue their high school experience to a level of competency equivalent to Georgia State's 1002 level or higher.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.S. in Physics

Areas A-E: Core Curriculum Recommendations

1. Required course:
 - Math 1113 Precalculus (3) (or a higher-level mathematics course)
2. Required course:
 - Math 2211 Calculus of One Variable I (4) (or a higher-level mathematics course)
3. Recommended courses:
 - Chem 1211K Principles of Chemistry I (4)
 - Chem 1212K Principles of Chemistry II (4)

Area F: Courses Appropriate to the Major (18)*

1. Required Course
 - Phys 1000 Gateway to Physics (2)
2. Required Courses (Unless used to satisfy Area D requirements)
 - Phys 2211K Principles of Physics I (4)
 - Phys 2212K Principles of Physics II (4)
 - Chem 1211K Principles of Chemistry I (4)

- Chem 1212K Principles of Chemistry II (4)
 - Math 2212 Calculus of One Variable II (4)
 - Math 2215 Multivariate Calculus (4)*
3. To complete 18 semester hours in Area F, select additional courses from the following list that were not used to satisfy the Area A or D requirements.*
- Biol 1103K Introductory Biology I (4)
 - Biol 1104K Introductory Biology II (4)
 - Biol 2107K Principles of Biology I (4)
 - Biol 2108K Principles of Biology II (4)
 - CSc 2010 Introduction to Computer Science (3)
 - CSc 2310 Principles of Computer Programming (3)
 - CSc 2510 Theoretical Foundations of Computer Science (3)
 - Geol 1121K Introductory Geosciences I (4)
 - Geol 1122K Introductory Geosciences II (4)

***Required Lower Division Courses**

All students majoring in physics must complete the following set of courses: Phys 2211K, 2212K, Chem 1211K, 1212K, Math 2212, and 2215. Any semester hours exceeding 18 earned to complete the lower division and Area F requirements will count toward elective hours.

Area G: Major Courses

A grade of C or higher is required in all major courses. The Department of Physics and Astronomy offers several concentrations within the B.S. degree program for the physics major. The standard program is recommended for those who plan to pursue graduate study in physics, or who plan to seek immediate employment upon graduation. Other options include concentrations in applied physics, astronomy, pre-medicine, biophysics, geology, and computer science. Course requirements listed below for each of the options are in addition to the courses listed under Area F and the required lower division courses listed above. The standard program and all concentrations are centered on the 21-hour core of physics courses and the three-hour core of mathematics courses listed below.

Physics and Mathematics Core (24)

1. Required Courses to Fulfill CTW Requirement (6)
 - Phys 3300 Advanced Physics Laboratory (3)
 - Phys 4900 Research Project (3)
2. Additional Physics Requirements (15)
 - Phys 3401 Modern Physics I (4)
 - Phys 3850 Statistical and Thermal Physics (3)
 - Phys 4600 Classical Mechanics (4)
 - Phys 4700 Electricity and Magnetism (4)
3. Mathematics Requirements (3)
 - Math 3260 Differential Equations (3)

Standard Program in Physics (21)

To meet the requirements for the degree with the standard program, the core set of physics and mathematics courses must be completed along with additional physics and mathematics courses as described below:

1. Required course (9)
 - Phys 3402 Modern Physics II (3)
 - Math 4258 Vector Calculus (3)
 - Math 4265 Partial Differential Equations (3)
2. Physics and Astronomy Courses. Select nine hours from the following (9):
 - Phys 3500 Electronics (3)
 - Phys 3800 Optics (3)
 - Phys 4110 Introduction to Embedded Systems Laboratory (4)
 - Phys 4410 Nuclear and Particle Physics (3)
 - Phys 4810 Quantum Mechanics (3)
 - Phys 4910 Solid State Physics (3)
 - Phys 4950 Senior Research (1-3)
 - Astr 3500 Quantitative Astronomy (4)
 - Astr 4000 Fundamentals of Astrophysics (3)
 - Astr 4100 Astronomical Techniques and Instrumentation (3)
3. Mathematics and Computer Science Courses: Select one course. (3)
 - CSc 4610 Numerical Analysis I (3)

- Math 3435 Introductory Linear Algebra (3)
- Math 4250 Complex Analysis (3)
- Math 4391 Introduction to Differential Geometry and Its Applications (3)

Applied Physics Concentration (21)

In addition to the core courses in physics and mathematics, the applied physics concentration allows courses from other sciences and engineering to complete the program in physics-related areas. Engineering courses are available through cross registration at the Georgia Institute of Technology. At least 18 semester hours must be completed at the 3000 level or above, and at least nine semester hours must be selected from science and/or engineering courses offered by other departments. **The overall program must be developed in consultation with a faculty adviser within the Department of Physics and Astronomy.**

Astronomy Concentration (21)

In addition to the core set of physics and mathematics courses, the astronomy concentration consists of 10 semester hours in astronomy courses (Astr 3500, 4000, 4010, and 4100), and others from the list below, to complete the requirements for the degree. (Although not a requirement, the department recommends that students take Astr 1010 and/or Astr 1020 before the junior year.)

1. Required courses (10)
 - Astr 3500 Quantitative Astronomy (4)
 - Astr 4000 Fundamentals of Astrophysics (3)
 - Astr 4100 Astronomical Techniques and Instrumentation (3)
2. Physics, Mathematics, and Computer Science Courses. Select six hours from the following: (11)
 - Phys 3402 Modern Physics II (3)
 - Phys 3500 Electronics (3)
 - Phys 3800 Optics (3)
 - Phys 4110 Introduction to Embedded Systems Laboratory (4)
 - Phys 4410 Nuclear and Particle Physics (3)
 - Phys 4810 Quantum Mechanics (3)
 - Phys 4910 Solid State Physics (3)
 - Phys 4950 Senior Research (1-3)
 - CSc 4610 Numerical Analysis I (3)
 - Math 3435 Introductory Linear Algebra (3)
 - Math 4250 Complex Analysis (3)
 - Math 4258 Vector Calculus (3)
 - Math 4265 Partial Differential Equations (3)
 - Math 4391 Introduction to Differential Geometry and Its Applications (3)

Pre-Medicine Concentration (21)

In addition to the core set of physics and mathematics courses, the pre-medicine concentration allows courses from biology and chemistry to complete the requirements for the degree. The concentration also provides the set of physics, chemistry, and biology courses required for admission to most medical schools. Note that Biol 2107K and 2108K are prerequisites for Biol 3800 and other upper-division biology courses.

1. Required Chemistry courses (12)
 - Chem 2400 Organic Chemistry I (4)
 - Chem 3410 Organic Chemistry II (4)
 - Chem 3100 Organic Chemistry Laboratory I (2)
 - Chem 3110 Organic Chemistry Laboratory II (2)
2. Required Biology courses. Select one of the following (3):
 - Biol 3240 Human Physiology (3)
 - Biol 3800 Molecular Cell Biology (3)
3. Electives. Select six hours from the following (6):
 - Biol 3240 Human Physiology (3) (unless used above)
 - Biol 3250 Human Physiology Laboratory (1)
 - Biol 3800 Molecular Cell Biology (3) (unless used above)
 - Biol 3810 Molecular Cell Biology Laboratory (3)
 - Biol 3880 Microbiology (3)
 - Biol 3890 Microbiology Laboratory (1)
 - Biol 3900 Genetics (3)
 - Biol 3910 Genetics Laboratory (1)
 - Chem 4600 Biochemistry I (5)
 - Math 4258 Vector Calculus (3)
 - Math 4265 Partial Differential Equations (3)

Biophysics Concentration (21)

In addition to the core set of physics and mathematics courses, the biophysics concentration allows biology and chemistry courses to complete the requirements for the degree. The courses should be chosen from the list below and provide background in several areas including biochemical, biomolecular, and neural sciences. This concentration provides excellent preparation for advanced study in biological physics and for admission to M.D./Ph.D. programs. Note that Biol 2107K and 2108K are prerequisites for Biol 3800 and other upper-division biology courses.

1. Required courses (7)
 - Biol 3800 Molecular Cell Biology (3)
 - Chem 2400 Organic Chemistry I (4)
2. Select 14 hours from the following: (Chem 3410, Organic Chemistry II, is a prerequisite for many other courses listed.) (14)
 - Chem 3100 Organic Chemistry Laboratory I (2)
 - Chem 3110 Organic Chemistry Laboratory II (2)
 - Chem 3410 Organic Chemistry II (4)
 - Chem 4000 Fundamentals of Chemical Analysis (3)
 - Chem 4110 Physical Chemistry I (3)
 - Chem 4600 Biochemistry I (5)
 - Biol 3810 Molecular Cell Biology Laboratory (3)
 - Biol 3840 Animal Biology (3)
 - Biol 3850 Animal Biology Laboratory (1)
 - Biol 3880 Microbiology (3)
 - Biol 3890 Microbiology Laboratory (1)
 - Biol 3900 Genetics (3)
 - Biol 3910 Genetics Laboratory (1)
 - Biol 4102 Neurobiology (4)
 - Biol 4180 Neurobiology Laboratory (4)
 - Phys 3402 Modern Physics II (3)
 - Phys 3500 Electronics (3)
 - Math 4258 Vector Calculus (3)
 - Math 4265 Partial Differential Equations (3)

Geology Concentration (21)

In addition to the core set of physics and mathematics courses, this concentration allows geology courses to complete the requirements for the degree. The courses should be chosen from the list below. Note that Geol 1121K and 1122K are prerequisites for upper-division geology courses.

1. Required courses (4)
 - Geol 3002 Introduction to Earth Minerals (4)
2. Electives: Select 12 hours from the following (or other approved 3000-4000 geology courses) (12)
 - Geol4007 Hydrogeology (4)
 - Geol4013 Structural Geology (4)
 - Geol4015 Crystallography and Optical Mineralogy (4)
 - Geol4017 Environmental Geology (4)
3. Electives: Select six hours from the following (5):
 - Phys3402 Modern Physics II (3)
 - Phys3500 Electronics (3)
 - Phys3800 Optics (3)
 - Phys4110 Introduction to Embedded Systems Laboratory (4)
 - Phys4410 Nuclear and Particle Physics (3)
 - Phys4810 Quantum Mechanics (3)
 - Phys4910 Solid State Physics (3)
 - Phys4950 Senior Research (1-3)
 - CSc4610 Numerical Analysis I (3)
 - Math3435 Introductory Linear Algebra (3)
 - Math4250 Complex Analysis (3)
 - Math4258 Vector Calculus (3)
 - Math4265 Partial Differential Equations (3)
 - Math4391 Introduction to Differential Geometry and Its Applications (3)

Computer Science Concentration (21)

In addition to the core set of physics and mathematics courses, this option allows courses in computer science and related areas to complete the requirements for the degree. The courses should be chosen from the list below. Note that CSc 2010, 2310 and 2510 are prerequisites for upper-division computer science courses.

1. Required Physics course (3)
 - Phys 3500 Electronics (3)
2. Electives: Select 12 hours of courses from the following (or other approved computer science courses) (12)
 - CSc 3210 Computer Organization and Programming (3)
 - CSc 3320 System Level Programming (3)
 - CSc 3330 C++ Programming (3)
 - CSc 3410 Data Structures (3)
 - CSc 3610 MATLAB Programming (3)
 - CSc 4210 Computer Architecture (4)
 - CSc 4220 Computer Networks (3)
 - CSc 4230 VLSI Design (4)
 - CSc 4310 Parallel and Distributed Computing (4)
 - CSc 4330 Programming Language Concepts (3)
 - CSc 4350 Software Engineering (4)
 - CSc 4520 Design and Analysis of Algorithms (4)
 - CSc 4610 Numerical Analysis I (3)
 - CSc 4620 Numerical Analysis II (3)
 - CSc 4730 Scientific Visualization (4)
 - CSc 4820 Computer Graphics Algorithms (4)
3. Electives. Select six hours from the following (6):
 - Phys3402 Modern Physics II (3)
 - Phys3500 Electronics (3)
 - Phys3800 Optics (3)
 - Phys4110 Introduction to Embedded Systems Laboratory (4)
 - Phys4410 Nuclear and Particle Physics (3)
 - Phys4810 Quantum Mechanics (3)
 - Phys4910 Solid State Physics (3)
 - Phys4950 Senior Research (1-3)
 - Math 3030 Mathematical Models for Computer Science (3)
 - Math3435 Introductory Linear Algebra (3)
 - Math4250 Complex Analysis (3)
 - Math4258 Vector Calculus (3)
 - Math4265 Partial Differential Equations (3)
 - Math4391 Introduction to Differential Geometry and Its Applications (3)

Area H: Minor and/or Additional Courses

1. Students earning a B.S. through the Department of Physics and Astronomy are not required to take a minor.
2. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education, health, or military science courses. Although not a requirement, the department recommends that physics majors take these elective courses at the 2000 level or above in mathematics, computer science, chemistry, biology, geology, physics, or astronomy. (Consult with the departmental academic adviser.)

Minor in Physics

Students who wish to minor in physics must take at least 15 semester hours in physics and/or astronomy courses, including at least nine semester hours at the 3000 level or above. Students taking more than 15 semester hours in these courses may count the additional hours toward their electives or may consider completing a double major. A grade of C or higher is required in all courses counting toward the minor.

3470 Political Science

Programs Offered:

- **Bachelor of Arts in Political Science**
 - **Concentration in General Political Science**
 - **Concentration in International Affairs**
 - **Concentration in Pre-Law**

- **Concentration in Pre-Education**
- **European Union Studies Certificate**
- **Minor in Political Science**

William M. Downs, Chair

Political science is the study of "who gets what, when, and how" in the distribution of goods and values in society and in groups. Specifically, political scientists study the determinants of such distributions, including political parties and voters, public opinion, interest groups, bureaucracies and administrative behavior, public law, international relations, international law and organizations, national security, intergovernmental relations, political behavior, political philosophy, comparative politics, public policy, and conflict.

Students may specialize in any of the five fields of the discipline: American politics and government, comparative politics, international politics, political theory, and public policy and administration. The department also provides specific concentrations for majors and minors in pre-law and in international affairs. The department sponsors intercollegiate academic teams for Mock Trial, Model United Nations, and Model Arab League. The department sponsors student honor societies and clubs in pre-law, international relations, and political science. In addition, the department provides advisement for pre-law students.

The proximity of Georgia State University to the center of government for the Southeast and the State of Georgia and its location in an international city of business, communication, and transportation provide unique opportunities for students to observe and participate in government and politics. For example, many qualified students serve as interns as part of their academic program.

Program Academic Regulations

Internship and Practicum Credit: Applicants for internships must meet departmental prerequisites. Internship and practicum credit may not be applied toward the major or minor, but may be used as elective credit. Such credit includes: PolS 4930, PolS 4940, PolS 4950, PolS 4951, PolS 4952, and PolS 4955.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Political Science

Area F: Courses Appropriate to the Major (18)

1. Required courses (6)
 - PolS 2401 Global Issues (3) (if not taken in Area E)
 - Lang 1002 Elementary Foreign Language II (3)
(See "Foreign Language Requirement for B.A. and B.I.S. Majors," previously described.)
2. Select two courses. (6)
 - Econ 2105 Principles of Macroeconomics (3)
 - Econ 2106 Principles of Microeconomics (3)
 - Soci 1101 Introduction to Sociology (3)
3. Select additional courses from the following to complete 18 hours in Area F. (6)
 - AAS 2010, Anth 2020, Econ 2105, Econ 2106, Engl 2150, Lang 2001, Lang 2002, Geog 1101, Geog 2202, Hist 1111, Hist 1112, Hist 2110, Jour 1000, Jour 2500, Math 1070, Math 1113, Math 1220, Math 2211, Phil 1010* (*note: only 2-credit hours), Phil 2010, PolS 2101, Psyc 1101, Soci 1101, Soci 1160, WSt 2010.

Area G: Major Courses (27)

A grade of C or higher is required in all major courses.

General Political Science Concentration (27)

1. Required Courses to fulfill CTW requirement (6)
 - PolS 3800 Introduction to Political Research (3)
 - PolS 4900 Senior Seminar in Political Science (3)
2. Take 21 hours in political science at the 3000 level or above. One course must be taken in at least three of five areas of study; these areas include American government and politics (3100's and 4100's), comparative politics (3200's and 4200's), international politics (3400's and 4400's), political theory (3500's and 4500's), and public policy and administration (3700's and 4700's). (21)

International Affairs Concentration (27)

1. Required Courses to fulfill CTW requirement (6)
 - PolS 3800 Introduction to Political Research (3)
 - PolS 4900 Senior Seminar in Political Science (3)
2. International Affairs Requirements (6)
 - PolS 3200 Comparative Politics (3)
 - PolS 3400 International Politics (3)
3. Select 12 hours at the 3000 level or above in comparative politics and international politics. (12)
4. Select 3 hours at the 3000 level or above in American politics, public policy and administration, or political theory. (3)

Pre-Law Concentration (27)

1. Required Courses to fulfill CTW requirement (6)
 - PolS 3800 Introduction to Political Research (3)
 - PolS 4900 Senior Seminar in Political Science (3)
2. Pre-Law Requirements (9)
 - PolS 3140 Judicial Process and Courts (3)
 - PolS 4130 American Constitutional Law (3)
 - PolS 4131 Civil Liberties and Rights (3)
3. Select 3 courses. (9)
 - PolS 3110 State Government (3)
 - PolS 3145 Introduction to American Law (3)
 - PolS 3170 American Legislative Process (3)
 - PolS 3700 Public Administration and Bureaucratic Politics (3)
 - PolS 3750 Public Policy Analysis (3)
 - PolS 4115 Urban Politics (3)
 - PolS 4157 Politics of the Civil Rights Movement (3)
 - PolS 4180 American Chief Executives (3)
 - PolS 4220 Comparative Legal Systems and Politics (3)
 - PolS 4420 International Law (3)
 - PolS 4425 Politics of International Criminal Justice (3)
 - PolS 4427 Politics of International Human Rights (3)
 - PolS 4570 American Political Thought (3)
 - PolS 4780 Administrative Law and Government (3)
4. Select three additional hours in political science. (3)
5. Of the courses taken, students must have one course in three of the five areas of the discipline.
6. PolS 4950 is recommended as an elective.

Pre-Education Concentration and Certificate in Pre-Education Broad Field Social Science

The Department of Political Science offers a pre-education concentration for majors planning to teach on the middle school or high school level. Students take courses chosen so as to provide the substantive knowledge needed to teach political and social science. Through completion of this concentration and allied field concentrations, students earn the Certificate in Pre-Education Broad Field Social Science. Graduates may then seek entrance into the Master of Arts in Teaching (M.A.T.) Program Social Studies Education in the College of Education at Georgia State to gain state certification or into a comparable program at another institution. For admission requirements of the M.A.T. Program in Social Studies Education, see the College of Education.

Requirements of Pre-Education Concentration for Political Science Majors (27)

1. Required Courses to fulfill CTW requirement (6)
 - PolS 3800 Introduction to Political Research (3)
 - PolS 4900 Senior Seminar in Political Science (3)
2. Select one course:
 - PolS 4130 American Constitutional Law (3)
 - PolS 4131 Civil Liberties and Rights (3)
3. Select one course:
 - PolS 3110 State Government (3)
 - PolS 3170 American Legislative Process (3)
 - PolS 4115 Urban Politics (3)
 - PolS 4180 American Chief Executives (3)
4. Select one course:
 - PolS 3200 Comparative Politics (3)
 - PolS 3400 International Politics (3)
5. Select 12 additional hours in political science.
6. Of the courses taken, students must have one course in three of the five areas of the discipline.

Requirements of Allied Field Concentrations

To earn the Certificate in Pre-Education Broad Field Social Science, students must also take allied field concentrations (nine hours) from two or more of the following disciplines: economics, geography, history, education, or behavioral science (nine hours from anthropology, psychology, or sociology). Note the student must take at least 18 hours with nine hours in each of the allied fields. The student should see each department's list for the courses to be taken in the nine hours for that discipline. If students choose to take an allied field in one of the three departments listed above under behavioral science, then they should not take an allied field in one of the other departments in that grouping. Students should consult with their departmental advisers in making choices. Students choosing education as an allied field are required to take EXC 4020, along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200).

Area H: Minor and/or Additional Courses

1. Students majoring in political science who take either the general political science concentration or the international affairs concentration are not required to take a minor. Students in the pre-law concentration should see the department's pre-law adviser for further information. Students in the pre-education concentration take allied fields rather than a minor.
2. Additional courses not in the major or in a minor must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses.

Allied Field Concentration in Political Science for Pre-Education Majors in Other Social Science Departments (9)

Students majoring in other social sciences and who seek the Certificate in Broad Field Social Science Education should choose from the following courses in using political science as an allied field to their major.

1. Select one course
 - PolS 4130 American Constitutional Law (3)
 - PolS 4131 Civil Liberties and Rights (3)
2. Select one course
 - PolS 3110 State Government (3)
 - PolS 3170 American Legislative Process (3)
 - PolS 4115 Urban Politics (3)
 - PolS 4180 American Chief Executives (3)
3. Select one course
 - PolS 3200 Comparative Politics (3)
 - PolS 3400 International Politics (3)

European Union Studies Certificate

The department provides courses and advising in regard to the European Union Studies Certificate offered by the University System of Georgia. This program enables students to develop expertise in the European Unions and in EU studies. Dr. William Downs of the department serves as campus representative. See Section 3260 for a detailed description.

Minor in Political Science

Students wishing to minor in political science should take 15 semester hours of political science courses at the 3000 level or above. Students seeking to take a minor in political science/pre-law should take PolS 3140, 4130, 4131, and two courses from PolS 3110, 3145, 3170, 3700, 3750, 3770, 4115, 4157, 4180, 4220, 4420, 4425, 4427, 4570, and 4780. Students seeking to take a minor in political science/international affairs should take PolS 2401 (if not taken in Area E), 3200, 3400, and nine additional hours at the 3000 level or above in comparative or international politics.

Exchange Programs

The department has an exchange/study abroad program with the University of Strasbourg in France. Courses are available in English. Students spend one semester in residence and earn 12-15 credit hours.

The department also offers undergraduate exchange programs with Ewha Women's University and Hanyang University in Seoul, Korea. Students spend up to one academic year in residence in one of the two universities with credit given for classes on a cross-registration basis.

Master's Degrees in International Business and Government

In conjunction with the Institute of International Business, the department offers joint master's degrees in international business and government. Students wishing to enter this graduate program should take prerequisites as an undergraduate. Students should contact the department for further information.

3480 Pre-Law Programs

Four different pre-law preparatory programs offered:

- Bachelor of Interdisciplinary Studies in Law and Society (Section 3400)
- Bachelors of Arts in History with a Pre-Law Concentration (Section 3320)

- **Bachelor of Arts in Philosophy with a Pre-Law Concentration (Section 3450)**
- **Bachelor of Arts in Political Science with a Pre-Law Concentration (Section 3470)**
- **Minor in Political Science/Pre-Law (Section 3470)**

Students interested in a career in law are encouraged to consult these sections of this catalog.

3490 Pre-Medical Programs

Three different pre-medical programs offered:

- **Bachelor of Science in Biology with a Pre-Professional/Physiology Concentration (Section 3170)**
- **Bachelor of Science in Chemistry with a Pre-Medicine Concentration (Section 3180)**
- **Bachelor of Science in Physics with a Pre-Medicine Concentration (Section 3460)**
- **Bachelor of Science in Psychology with a Pre-Medicine Concentration (Section 3500)**

Students interested in a career in medicine are encouraged to consult these sections of this catalog.

Faculty from these departments compose the Premedical Professions Advisory Committee and advise pre-med students. This committee maintains contact with medical schools concerning specific requirements and selection criteria and helps students design specific programs of study for dentistry, medicine, optometry, osteopathic medicine, pharmacy, podiatry, or veterinary medicine. While most premedical students major in biology, chemistry or physics, requirements for admission to medical or dental schools may be met by other majors, provided the requisite science courses are completed.

A student interested in one of these preparatory medical programs should contact the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. This office serves as a liaison to the Premedical Professions Advisory Committee and maintains pertinent information such as entrance exam applications and other appropriate materials.

3500 Psychology

Programs Offered:

- **Bachelor of Arts in Psychology**
- **General Program in Psychology**
 - **Concentration in Community Psychology**
 - **Concentration in Pre-Education**
- **Bachelor of Science in Psychology**
- **General Program in Psychology**
 - **Concentration in Community Psychology**
 - **Concentration in Pre-Medicine**
- **Minor in Psychology**

David A. Washburn, Chair
Lisa Armistead, Associate Chair
Christopher C. Henrich, Director of Undergraduate Studies

Psychology is the science of mind and behavior. It investigates how and why organisms engage in the behaviors and thought-processes they do. The topics of investigation range from the life sciences to the social sciences, and applications occur in clinical, research, industrial, community, and other social contexts.

A career in psychology usually requires a graduate degree. An undergraduate major in psychology can serve as a prerequisite for graduate study in psychology or as background for other careers, e.g., business, law, medical or allied health sciences, and teaching. A major in psychology also can serve the general interest of liberal arts education. The department maintains reference materials, including audio/visual material and an Internet website to assist in career advisement. Students wishing to be psychology majors must first be advised by Academic Assistance of the College of Arts and Sciences and then by the psychology undergraduate adviser.

Program Academic Regulations

Before taking upper-division courses, students must have completed 60 hours or have the permission of the instructor.

All majors must complete the courses in Area G, as specified below. Concentrations have specific requirements (for more details see the concentration requirements that are listed after the area requirements). Majors who meet the requirements in Area G and do not choose to pursue a concentration will graduate in the general program.

B.A. Degree

Students must take a foreign language and six additional hours from courses in Area E. (See "Foreign Language Requirement for B.A. and B.I.S. Majors," previously described.)

B.S. Degree

Students must take nine semester hours from the courses listed below. We strongly recommend a two-course laboratory sequence in Principles of Biology, Introduction to Chemistry, or Introduction to Physics.

Program Degree Requirements

The Department of Psychology offers a general program in psychology plus concentration in specific areas of psychology. The general program offers the most choice in courses for a degree in psychology. Concentrations have more restrictive curricula than the general program and are intended to prepare students for a specific career path. Most students will be in the general program. Students planning graduate school or other advanced training in an area related to one of the concentrations should consider applying for admission to that concentration.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Psychology and B.S. in Psychology

Areas A-E: Core Curriculum Recommendations

1. Recommended course:
 - Psyc 1100 Natural Science Aspects of Psychology (3)

Area F: Courses Appropriate to the Major (18)

1. Psyc 1101 Introduction to General Psychology (3) (take here rather than in Area E)
2. Select two courses. (6)
 - Psyc 2030 Careers in Psychology (3)

- Psyc 2040 Introduction to Applied Psychology (3)
 - Psyc 2050 Introduction to Drugs and Behavior (3)
 - Psyc 2070 Introduction to Human Sexuality (3)
 - Psyc 2080 Sex, Evolution, & Human Behavior (3)
 - Psyc 2101 Introduction to the Psychology of Adjustment: A Personal Growth Course (3)
 - Psyc 2103 Introduction to Human Development: Individual and Family Issues (3)
3. Non-Psychology courses (9)

Area G: Major Courses (32)

General Program in Psychology (32)

Required Methodology Courses (8)

These required methodology courses must be completed by the end of the junior year (90 hours). Students with 90 hours who have not completed both methodology courses may not register for any other psychology courses. To insure that this requirement is met, students should take Psyc 3510 (a prerequisite for Psyc 3530) during the second semester of the sophomore year. Failure to complete these courses in a timely manner may delay graduation.

Required Courses:

- Psyc 3510 Introduction to Research Design and Data Analysis (4)
- Psyc 3530 Advanced Research Design and Analysis (4) (also serves as one of the two courses needed to fulfill CTW requirement)

Advanced Required Courses (9)

Take one course from each group below and one additional course from either group for a total of three courses.

Group 1:

- Psyc 3140 Abnormal Psychology (3)
- Psyc 4020 Social Psychology (3)
- Psyc 4040 Developmental Psychology (3)
- Psyc 4160 Theories of Personality (3)
- Psyc 4510 Community Psychology (3)

Group 2:

- Psyc 4100 Cognitive Psychology (3)
- Psyc 4110 Physiological Psychology (3)
- Psyc 4120 Learning (3)
- Psyc 4130 Sensation and Perception (3)

Required Course to fulfill CTW requirement (3)

- Psyc 4000 Laboratory Experience in Psychology (3) *or*
- Psyc 4800 Seminar (3)

Psychology Electives (12)

- Select 12 hours in psychology courses at the 3000 level or above.

Concentrations

Psychology majors wishing to graduate in a concentration must meet the requirements for graduation listed below. They also must meet all general program requirements listed above. Students must complete all lower-division requirements prior to beginning a concentration. Students completing a concentration will receive a certificate and will have an appropriate annotation placed on their transcript.

Community Psychology Concentration (32)

Community Psychology is an area of psychology that aims to apply psychology toward improving the well being of human groups. An ecological perspective, a prevention orientation, and an appreciation of diversity characterize this area. Often community psychology takes the form of "action research" in which knowledge gained from basic research or psychological theory is applied in real-world settings. At other times it takes the form of relatively more basic research on social problems or community functioning. The concentration is most appropriate for students who want to apply psychology theories and methods

to solving social and environmental problems, such as drug abuse, homelessness, and violence. The curriculum should prepare graduates either to pursue graduate education in community psychology or to work in community-based organizations.

Required Methodology Courses (8)

(See "General Program in Psychology," described above.)

Advanced Required Courses (9)

Group 1: Select two courses (6)

- Psyc 4020 Social Psychology (3)

Pre-Education Concentration in Psychology

The Social Studies Education Concentration in Psychology is designed for students who wish to become secondary school teachers. This degree provides the initial content area preparation for the Master of Arts in Teaching (M.A.T.) Program in Social Studies Education in the College of Education at Georgia State University or a similar master's degree at another university. Contact the department for additional information.

Pre-Medicine Concentration

Students interested in attending medical school are advised to consider the pre-medicine concentration. Those wishing to pursue this concentration should be aware that the requirements will differ from those listed in the regular psychology curriculum. The Department of Psychology has a pre-medicine adviser. For more information on the pre-medicine curriculum contact the Office of Academic Assistance, College of Arts and Sciences, Room 418, General Classroom Building, 404/413-5000.

Area H: Minor and Additional Courses

Students majoring in psychology are not required to take a minor.

Minor in Psychology

Students who wish to minor in psychology must take 15 hours in courses in psychology including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in psychology may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)

Honors Program and Psi Chi

The department participates in the Honors Program (See "Honors Program," described previously) and sponsors a chapter of Psi Chi, the national honor society in psychology. Qualified students are encouraged to participate in these programs. The diplomas of students who complete the University Honors Program indicate that they graduate with honors in psychology.

Graduation with Distinction in Psychology

Departmental distinction is separate from the Honors Program. Faculty members may nominate majors who have an overall average of at least 3.5 and who have demonstrated outstanding research, leadership, or service to the department for graduation with distinction. More information about graduation with distinction is available in the department.

Students should consult the department's website to learn about extracurricular activities that can enhance the psychology major experience.

3510 Religious Studies

Programs Offered:

- **Bachelor of Arts in Religious Studies**
- **Minor in Religious Studies**

Department of Religious Studies
34 Peachtree Street, 11th floor
404/413-6110
www.gsu.edu/religion

Kathryn McClymond, Chair
Jonathan Herman, Director of Undergraduate Studies

Offerings in religious studies, all of which are taught from a non-sectarian perspective, include comparative courses on such topics as world religions, religious thought, religious ethics, mysticism, and women and religion, as well as a host of courses on specific religious traditions including Buddhism, Hinduism, Shinto, Taoism, Confucianism, Judaism, Christianity, and Islam. Students majoring in religious studies have the opportunity to take and have counted toward their major select courses in other departments and programs in the College of Arts and Sciences including African-American studies, anthropology, art history, classics, history, music, political science, and sociology. Courses in religious studies contribute to a student's understanding of the beliefs and actions of diverse peoples and cultures. They also contribute to the student's self understanding through uncovering and exploring major tenets of his or her own culture. The major in religious studies is designed to provide a rich training in the liberal arts and is particularly appropriate for those students considering careers in government, health, law, education, international business, social work, the ministry, or media. Students in other fields are encouraged to consider the possibility of a double major with religious studies. Students can find a more detailed description of the Religious Studies Program and its offerings, as well as news about its faculty and upcoming events, on the Web at www.gsu.edu/religion.

Program Admission

All undergraduates in good academic standing are eligible for the major and minor in religious studies.

Program Academic Regulations

Only courses in which students earn a C or higher may be applied to the major and minor in religious studies.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

B.A. in Religious Studies

Area F: Courses Appropriate to the Major (18)

1. Required Courses (6)
 - ReLS 2001 Introduction to World Religions (3)
 - Lang 1002 Elementary Foreign Language II (3)
2. Recommended Courses (6)
 - Lang 2001 Intermediate Foreign Language I (3)
 - Lang 2002 Intermediate Foreign Language II (3)
3. Select additional 1000 and 2000-level courses from core curriculum Areas C, D, or E to complete the 18 hours required in Area F. (6-12)

The Department recommends, but does not require, that Religious Studies majors complete the foreign language sequence Lang 1002, 2001, and 2002. (See "Foreign Language Requirement for B.A. and B.I.S. Majors," previously described.)

Area G: Major Courses (24)

A grade of C or higher is required in all major courses. To satisfy the requirements for the B.A. degree with a major in religious studies, a student must take a total of 24 semester hours, including the following distribution requirements:

1. Required Courses to fulfill CTW requirement (6)
 - ReIS 3750 Theories and Methods in Religious Studies (3)
 - ReIS 4750 Seminar in Religious Studies (3)
2. Required Course (3)
 - ReIS 3270 World Religions (3)
3. Electives (15)

Students must take an additional 15 credit hours in ReIS courses at the 3000 and 4000 level to complete the major. Of these 15 hours, up to six semester hours may be taken in the following upper-division courses taught outside the Department of Religious Studies: AH 4020, AH 4200, Clas 2202, Clas 2203, Engl 4000, Hist 3510, Hist 3780, Hist 4525, Hist 4530, Mus 4300, PoIS 4285, Soci 3228, Soci 4360.

Area H: Minor and Additional Courses

1. Students majoring in religious studies are not required to take a minor.
2. Additional courses not in the major must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. The department strongly recommends that religious studies majors take the fourth semester of a foreign language as an elective course.

Minor in Religious Studies

Students who wish to minor in religious studies must take at least 15 hours in courses with a ReIS prefix, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in ReIS courses may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)

3520 Sociology

Programs Offered:

- **Bachelor of Arts in Sociology**
- **General Program in Sociology**
 - **Concentration in Family**
 - **Concentration in Gender and Sexuality**
 - **Concentration in Gerontology**
 - **Concentration in Race and Urban Studies**
 - **Concentration in Pre-Education**
- **Minor in Sociology**

Department of Sociology
1041 General Classroom Building
404/413-6500
www.gsu.edu/sociology

Donald C. Reitzes, Chair
Wendy Simonds, Undergraduate Director
Brian E. Buckwald, Undergraduate Academic Advisor

Sociologists study power dynamics as they relate to family life, race, gender, class, sexuality, deviance, selfhood, social change, urbanization, aging, birth and death, and a host of applied topics. Students majoring in sociology explore the ways in which individual agency affects and is limited by social structures.

Students majoring in sociology may choose one of six programs of study. Majors can follow the general program in sociology, or they can select a concentration in family, race and urban studies, gender and sexuality, gerontology, or social studies education. Students completing concentrations are awarded a certificate in their area of concentration from either the Department of Sociology or the Gerontology Institute. Students wishing to be sociology majors must first be advised by the sociology undergraduate advisor.

Program Academic Regulations

A grade of C or higher is required in all courses counting toward the major.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

5. Soci 4980 Internship (3-6)

Gerontology Concentration (33)

The gerontology concentration is designed to prepare students for admission to graduate and professional programs in a variety of fields that focus on issues of aging (e.g., sociology, social work, psychology, nursing, medicine, and public administration). The concentration also prepares students for careers and occupations that center around older persons (e.g., in senior centers, nursing homes, retirement residences, nutrition programs, and volunteer programs.) Completion of the concentration qualifies students for a certificate in gerontology. Students who wish to earn the certificate must apply to the program through the university's Gerontology Institute, 605 One Park Place, as soon as the concentration is selected.

Pre-Education Concentration

The social studies education concentration in sociology is designed for students who wish to become public school teachers by completing the initial teacher preparation Master of Arts in Teaching (M.A.T.) Program in Social Studies Education in the College of Education (or a similar master's level initial preparation program at another university). This concentration provides the content area preparation for teaching sociology and other social studies courses at the middle and high school levels. Students pursuing this concentration must also choose two or more allied fields (minor areas) from the following departments, taking nine hours in each, for at least 18 hours: economics, geography, history, education, or political science (see these departments for specific course requirements). Students selecting education as an allied field are required to take EXC 4020, along with two of the following: IT 3210, EDCI 3200, EDUC 3010, EDUC 4982, EDSS 3400, and EDLA 3200). Students choosing the Sociology Concentration may not select anthropology or psychology as an allied field. A certificate in Social Studies Education in Sociology will be awarded by the Department of Sociology upon completion of the program. **Please note:** In order to gain teacher certification, students completing this degree program should also complete the requirements for a master's degree in social science education (see the College of Education for more details).

Area H: Minor and Additional Courses

1. Students majoring in sociology are not required to take a minor.
2. Additional courses not in the major must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses.

Minor in Sociology

Students who wish to minor in sociology must take 15-18 hours in courses in sociology, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in sociology may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.) Students wishing to minor in sociology may seek advisement from the sociology undergraduate advisor.

Sociology Club and Honor Society

The department sponsors a Sociology Club. The club is an academic, social and service organization. Interested students are encouraged to participate. Additional information can be obtained from the club website at www2.gsu.edu/~socclub/, or by contacting Dr. Memo Konrad at socmjk@langate.gsu.edu.

Fernando Reati, Chair
 Germán Torres, Associate Chair
 Georges Perla, Undergraduate Director
 Victoria Rodrigo, Head of Spanish section and Adviser
 Carol Semonsky, Head of Foreign Language Education and Adviser

The Department of Modern and Classical Languages serves a threefold purpose: to encourage an appreciation of humanistic values through the study of foreign languages, literatures, and cultures; to teach foreign languages as a means of communication; and to prepare students for academic careers and the opportunities available in the field of international business. As part of a dynamic urban university in a city of growing international awareness and status, the department is fulfilling its responsibility to meet the increasing foreign language needs of the governmental, business, and professional communities.

The department recognizes that an active command of the foreign language and a thorough exploration of the foreign culture form an essential basis for further study in the various areas of its curriculum. To this end, the department sponsors study-abroad programs in Granada (Spain) and Guadalajara (Mexico).

The department maintains a state-of-the-art multimedia Language Acquisition and Resource Center (LARC) with a digital audio laboratory with 50 student computer workstations. The digital lab serves a dual purpose in allowing both independent student access to digitized audio files and interactive software that accompanies the language texts, and also in providing a multimedia environment for teacher-led listening, speaking, and recording activities. In addition to the audio lab, the LARC features a tutoring center and resource library, as well as 17 stand-alone computers for student use. To assist in the development of the student's active language skills and to provide added cultural enrichment, the LARC contains a wide range of audiovisual materials, including an extensive collection of videos, CD Roms and DVDs.

The department sponsors two Freshman Learning Communities each year. One group is designed for students interested in using their foreign language in international business. The other, sponsored jointly by the Department of Applied Linguistics/ESL, is in Language Studies.

For students who hope to teach at the K-12 levels, the department offers Spanish with a concentration that leads to certification.

For students who view language study as a preparation for a career in the business world, the department has two special programs: a concentration in the business language of Spanish, and a practicum in an internationally oriented business or service organization in the metro area for qualified and interested students in their senior year. The department also offers two programs in conjunction with other colleges: the Bachelor of Arts in Spanish and MIB Joint Degree Program, in collaboration with the Robinson College of Business, and the Bachelor of Arts Major in International Economics and Modern Languages (IEML), in collaboration with the Andrew Young School of Policy Studies.

The department is also a testing center for diplomas certifying proficiency in business language and procedures. These diplomas are granted by chambers of commerce in various countries.

All Spanish majors are encouraged to consult regularly with their departmental adviser in designing and following a program of study that fits their own career objective and the requirements of their particular concentration.

Program Degree Requirements

In addition to courses in the language major, you are advised to choose courses in other areas that complement your language study. Such courses include other languages, history, philosophy, art and music, business, and education. Faculty advisers in the department are eager to discuss your academic plans with you as you design your course of study.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Program Financial Information

Effective summer 2009, lab fees will be assessed automatically for students who register for certain courses. As a result, students will no longer be required to purchase lab fee cards. For more information, please feel free to contact the department. For a complete list of courses and their respective fees, go to General Registration Information at www.gsu.edu/es/20272.html.

B.A. in Spanish

Area F: Courses Appropriate to the Major (18)

The following requirements and options are appropriate for majors in Spanish.

1. Majors must achieve competence at the intermediate level before beginning courses at the 3000 level. They may demonstrate competence through placement exam scores, including the CLEP exam, prior study, or courses taken at Georgia State University. The following may be counted in Area F, as required (0-12 hours): Span 1002, Span 2001, Span 2002, Span 2203 or 2501.
2. Students may complete Area F with any combination of the following (0-18 hours):
 - a. Any courses in other foreign languages, 1001-2203/2501 level.
 - b. Electives in the Department of Modern and Classical Languages.

9. Two additional courses in Spanish at the 3000-4000 level. (6)*Span 4401 Introduction to Spanish Linguistics recommended.*

Area H: Minor and Additional Courses

1. Foreign language minors are not required to take a minor. Foreign language minors who choose a minor in other departments/schools/institutes are encouraged to select courses that are appropriate to their area of concentration. Students are also urged to consider combining their major with a second major in another language or another discipline under the Double Major option.
2. Additional courses must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses. Up to six additional hours may be taken in the major.

Requirements for Teacher Certification

Students who wish to be certified to teach Spanish in the public schools of Georgia should choose the courses listed under the "Foreign Language Education Concentration" above and the following methodology courses in the Department of Modern and Classical Languages: ForL 3022, 4021, 4025, 4026, and 4030. All students will register for Student Teaching (ForL

4061/4062/4063). All students seeking teaching certification in Spanish must pass the following courses in the College of Education with a grade of C or higher: EDUC 2110, EDUC 2120, EDUC 2130, and EXC 4020.

Students must apply formally and be admitted to the Teacher Education program in foreign languages. Application forms are available in the department (841 GCB). See "Teacher Preparation Programs" chapter of this catalog. To qualify for the Student Teaching experience, students must receive a grade of B or higher on a departmental test of oral and written proficiency in their target languages. Specific information about date and place of these exams is available in the department office (841 GCB).

In order to be recommended for K-12 certification in Spanish, students must complete all courses taken in the Department of Modern and Classical Languages (the major and ForL courses) with a grade of B or higher.

Bachelor of Arts in Spanish and M.I.B. Joint Degree Program

In cooperation with the Robinson Institute of International Business, the Department of Modern and Classical Languages offers a five-year program leading to the Bachelor of Arts degree with a major in French, German, or Spanish plus the Master of International Business degree. This is a rigorous, cross-disciplinary program for highly motivated students with an interest in language, intercultural study, and international business. Graduates of the program are equipped with both global marketplace management skills and intercultural business language expertise.

The joint degree program allows students to use up to 15 hours from the Master's degree to satisfy the requirements of the Bachelor's degree. Students reduce the total number of credit hours needed to complete both programs from 153 to 138 by pursuing the joint degree. Completion of the program in five years will mean that students must be willing to attend classes in the summer, as necessary. Upon completion of the requirements for both degrees, students in the five-year AB/MIB program will be awarded both a Bachelor of Arts degree and a Master's in International Business. To be accepted to the five-year program, students must be admitted separately to each degree program and satisfy prerequisites for each program.

For further information please contact Dr. Fernando O. Reati, Department of Modern and Classical Languages, 841 General Classroom, 404/413-5984, email mclfor@langate.gsu.edu, or Dr. Tamer Cavusgil, Institute of International Business, Ste. 1444 Robinson College of Business, 404/413-7275, email iib@gsu.edu.

Bachelor of Arts Major in International Economics and Modern Languages

Students majoring in this program should contact the Andrew Young School of Policy studies for advisement. Information for this program is available at <http://www.aysps.gsu.edu/oa>.

Program Admission

There are no admission requirements above the requirements for admission to the University for enrollment in the B. A. program with a major in international economics and modern languages.

Program Financial Information

There are no additional fees other than the tuition and fees charged by the University for enrollment in this program.

Program Degree Requirements

For degree credit, a minimum grade of C must be attained in Engl 1101 and 1102 and all courses in the economics common core curriculum and modern languages core curriculum.

Complete descriptions of requirements for Areas A through E of the Undergraduate Core Curriculum can be found in the "University Degree Requirements and Graduation" chapter of this catalog. The number of semester credit hours required for each section is shown in parentheses.

Area F: Courses Appropriate to the Major (18)

- Econ 2105 Principles of Macroeconomics (3)
- Econ 2106 Principles of Microeconomics (3)
- Math 1070 Elementary Statistics (3)- If taken in Area D, a 1000/2000 level elective from Areas A-E may be substituted.
- Span 2001 Intermediate Spanish I (3)
- Span 2002 Intermediate Spanish II (3)

Note: Students who have not already attained elementary-level proficiency in their chosen language will be required to take prerequisite courses: Fren, Grmn, or Span 1001 and/or 1002. In that case, the 1002 language course may be used to satisfy 3 credit hours of core requirements in Area C, Humanities and Fine Arts. Students with a concentration in Spanish must complete Span 2203/2501 as their Area F elective.

Students who have already attained intermediate-level competency in the primary language may substitute 1000/2000 level courses in another language for Fren, Grmn or Span 2001/2002 (or Span 2203 or Span 2501) upon approval of the Department of Modern and Classical Languages adviser.

Elective: one 1000/2000-level course chosen from Areas A-E.

Area G: Economics Common Core Curriculum (24) A minimum grade of C is required for all courses in this area.

- Econ 3900 Macroeconomics (3)

- Econ 3910 Microeconomics (3)
- Econ 4600 Economic Development (3)

Department of Communication
662 One Park Place South
404/413-5600

communication.gsu.edu

David Cheshier, Chair
Greg Lisby, Associate Chair
Doug Barthlow, Undergraduate Adviser

Speech communication explores the creation, transmission, analysis, and impact of differing kinds of spoken messages as they occur among individuals, groups, organizations, and cultures. Speech courses examine such areas as interpersonal and nonverbal communication, persuasion and argumentation, rhetorical criticism, public address, communication development, and communication disorders. The concepts and skills provided by the major in speech are useful in a wide variety of occupations, including business, law, politics, teaching, the ministry, and public relations, that require an understanding of the dynamics of human communication and proficiency in oral expression.

Credit for special projects and internships is available in all majors and concentrations. Internships enable students who already have completed the appropriate course work and have met departmental eligibility criteria to take advantage of expertise in a variety of professional sectors in the metropolitan area and to tailor programs to their specific career goals.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Area H: Minor and Additional Courses

1. Majors in the Department of Communication's three B.A. programs must select a minor consisting of at least 15 hours of courses in a discipline within the Department of Communication other than the major (journalism, film/video, or speech) or in another academic department/school/institute that offers a baccalaureate degree. At least nine semester hours of minor courses must be at the 3000 level or above, unless otherwise specified by the minor-granting department/school/institute. A grade of C or higher is required in all minor courses.
2. Additional courses from departments/schools/institutes other than the major must be taken to complete a minimum of 120 semester hours exclusive of 1000/2000-level physical education or military science courses.

Minor in Speech

Students who wish to minor in one of the department's three programs must take 15-18 hours in the specific area, including at least nine semester hours at the 3000 level or above. Students taking more than 15 hours in courses in the specific area may count the additional hours toward their electives or may consider completing a double major. (A grade of C or higher is required in all courses counting toward the minor.)

3550 Teacher Preparation Programs

The social science departments of the College of Arts and Sciences offer seven different pre-education tracks:

- **Bachelor of Arts in African-American Studies (Section 3090)**
- **Bachelor of Arts in Anthropology (Section 3100)**
- **Bachelor of Arts in Geography (Section 3290)**
- **Bachelor of Arts in History (Section 3320)**
- **Bachelor of Arts in Political Science (Section 3470)**
- **Bachelor of Arts in Psychology (Section 3500)**
- **Bachelor of Arts in Sociology (Section 3520)**

Students interested in a career in pre-education are encouraged to consult these sections of this catalog.

The pre-education programs in these departments are for students who plan to teach social studies at the high school level. Through completion of these tracks, students earn along with the baccalaureate degree a certificate in Pre-Education Broad Field Social Science. To be certified to teach, students in this program must complete the initial teacher preparation Master of Arts in Teaching (M.A.T.) Program in Social Studies Education in the College of Education (or a similar master's level initial preparation program at another university).

Please refer to the "Teacher Preparation" chapter of this catalog for detailed information on other programs.

3560 Theatre

Programs Offered:

- **Bachelor of Interdisciplinary Studies in Theatre**
 - **Concentration in Performance Studies**
 - **Concentration in Design and Production**
- **Minor in Theatre**

The BIS in theatre focuses on the history, theory and practice of creating live theatrical performance. Theatre courses are designed to promote the artistic development of students whose interests and talents will lead them to careers in theatre or allied arts, and to help students with other vocational interests to understand and appreciate the cultural heritage represented in drama and to improve their oral communication skills. The University Theatre and the Georgia State University Players afford majors practical experience through participation in productions. Credit for special projects and internships is available so students can take advantage of the expertise in the professional sector of the metropolitan area and to tailor programs to their specific career goals.

Program Admission

A 2.0 Georgia State University GPA is required in order to apply to the program. Application materials can be obtained from the Office of Academic Assistance, 418 General Classroom Building, 404/413-5000. Students should apply to the program by the time they have earned 42 credit hours to avoid a delay in graduation. Theatre faculty in the Department of Communication are available to advise for the BIS in Theatre degree.

Program Degree Requirements

Please refer to the Bachelor of Interdisciplinary Studies section 3030.30 of this catalog for academic regulations for this program.

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Courses used to fulfill the two Critical Thinking Through Writing (CTW) courses for each B.I.S. program will not count towards the rules of Area G — no more than three to four 3-4 credit hour courses (12 hours) from a single discipline — nor of Area H — no more than two 3-4 credit hour courses (6-8 hours) can be taken within a single discipline.

Area J. Electives (12)

Students need pre-requisites for studio arts courses. Electives would normally include Thea 4980, as an option.

Minor in Theatre

Theatre is both a respected art form whose roots reach back 4,000 years and a field of academic study whose practitioners have made major contributions to our understandings of art, culture, the social sciences, political activism, multicultural awareness and gender diversity. The minor in theatre can prepare students to incorporate theatre studies and production within a wide variety of career paths in such fields as education, filmmaking, journalism, literary studies and community service. In addition, Georgia State's theatre minors have gone on to advanced studies in theatre on the graduate level and professional careers as actors, directors, writers, designers and technicians.

Program Degree Requirements

Students who wish to minor in theatre must take 15-18 hours in Theatre, including at least nine semester hours at the 3000 level or above. Theatre minors are held to the same course prerequisite requirements as majors. Students taking more than 15 hours of courses in the field may count the additional hours toward their electives. A grade of C or higher is required in all courses counting toward the minor.

3570 Women's Studies

Programs Offered:

- Bachelor of Arts in Women's Studies
- Minor in Women's Studies

Women's Studies Institute
10th Floor Urban Life Building
404/413-6587
www.gsu.edu/womensstudies

Susan Talburt, Director
Julie Kubala, Undergraduate Studies Director

Women's Studies offers feminist and womanist interdisciplinary explorations of the relationship of gender to race, class, ethnicity, nation, and sexuality. In order to examine subject formation across cultures and historical periods, it also takes into account globalization, colonialism, and transnational relations. Women's Studies encourages critical thinking in order to open up categories, formulate new questions, and develop creative approaches to historical and contemporary issues. As such, the field provides useful preparation for a variety of opportunities in non-profit work, governmental agencies, private business, and academia.

Program Admission

Students wishing to major or minor in Women's Studies must meet the requirements for the Bachelor of Arts degree as described earlier in this catalog. Students should come to the WSI office to receive advisement.

Program Academic Regulations

To take WSt 4920 (Senior Research), or WSt 4950 (Internship), or WSt 4999 (Directed Reading), students must first receive approval from the Women's Studies Institute's Director of Undergraduate Studies. Students are responsible for contacting sites and arranging for their own internships. A list of internship sites is available at www.gsu.edu/womensstudies.

Program Degree Requirements

In addition to the Program Degree Requirements, students must fulfill the College of Arts and Sciences Degree Requirements (see section 3030) and the University Degree Requirements (see section 1400).

Area H: Minor and Additional Courses

1. Students majoring in Women's Studies are required to complete a minor of at least 15 hours, at least 9 hours of which must be 3000 level or above. The minor may be taken through a department or institute, or it may be an interdisciplinary minor.
2. Additional courses not in the major or the minor must be taken as electives to complete a minimum of 120 semester hours, exclusive of 1000/2000 physical education or military science courses.

Minor in Women's Studies

Students choosing to minor in Women's Studies should complete WSt 2010, WSt 3010, and twelve additional hours of upper-division elective WSt courses. Only courses with the WSt prefix count as Women's Studies courses.

4000 College of Education

Undergraduate programs in the College of Education are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

(See Section 1600 for Teacher Preparation Information)

4010 General Information

The information contained in this chapter applies to programs, course offerings, and requirements specific to the College of Education. However, the information in this chapter is to be considered supplemental to the general university information found in the preceding chapters of this catalog. Therefore, students should familiarize themselves thoroughly with general information on registration, fees and refunds, academic regulations, student life, and campus services. All policies, regulations, and requirements explained in the preceding chapters of this catalog also apply to the College of Education.

4010.20 Accreditation

The professional education unit at Georgia State University is accredited by the National Council for Accreditation of Teacher Education (NCATE), 2010 Massachusetts Ave. NW, Suite 500, Washington, DC 30036; 202/466-7496. This accreditation covers the institution's initial teacher preparation and advanced educator preparation programs.

The Georgia Professional Standards Commission approves teacher preparation programs offered through the College of Arts and Sciences and the College of Education.

4010.30 Degree Programs

Undergraduate and graduate degree programs are offered through the departments of Early Childhood Education, Kinesiology and Health, and Middle-Secondary Education and Instructional Technology. The departments of Counseling and Psychological Services, Educational Policy Studies, and Educational Psychology and Special Education offer graduate programs only.

Undergraduate degree programs for teachers of art, foreign languages, or music are offered by the College of Arts and Sciences.

College of Education undergraduate degrees and majors:

- **Bachelor of Science (B.S.)**
 - **Exercise Science**
- **Bachelor of Science in Education (B.S.E.)**
 - **Birth Through Five**
 - **Early Childhood Education**
 - **Health and Physical Education**
 - **Middle Level Education**

Graduate programs offered through the College of Education are listed in the "General Information" section of this catalog and are described in the university's graduate catalog available on the university website at www.gsu.edu/es/catalogs_courses.html. Graduate application materials can be obtained by visiting the website for the College of Education education.gsu.edu/oa/906.html.

4010.40 College Facilities

Many of the college's programs involve student and faculty participation and interaction with metropolitan Atlanta community schools and agencies. Atlanta offers an ideal laboratory for the development of our students. Special facilities in the college of particular interest to undergraduate students are listed below.

Alonzo A. Crim Center for Urban Educational Excellence

350 College of Education Building

404/413-8070

education.gsu.edu/cuee/home.htm

The Alonzo A. Crim Center for Urban Educational Excellence works in partnership with the larger Georgia State community, other universities, school systems, social agencies, and community organizations. Current work includes: (1) **Benjamin E. Mays Lecture Series**, an annual program which brings nationally prominent educators to Atlanta to address critical issues facing education; (2) **Urban Teacher Leadership Master's Degree Program**, designed to facilitate the development of teachers in urban settings who will remain in the classroom and become change agents; (3) **Coalition Urban Affiliate Liaisons**, meetings between College of Education and Atlanta Public Schools urban affiliates to develop research agendas and to discuss difficult issues related to providing excellent education for those children who traditionally have been least well-served by schools; (4) **Quarterly Forums**, events which address the topic, "Tapping Into the Genius of Our Children," which allows teachers and educators to participate in dialogue with outstanding people who have demonstrated success in fostering academic excellence for economically disenfranchised children in urban schools; (5) **The Peachtree Urban Writing Project**, a national writing project site and a collaborative of the Atlanta Public School System, Georgia State University, Morehouse College, and Spelman College; (6) **National Board Certification Resource Center**, provides awareness training to principals and teachers who are going through National Board Certification (NBC), places special emphasis on the recruitment of minority candidates and houses an information library for NBC literature; (7) **Martin Luther King, Jr. Curriculum Project**, lesson plans developed and designed to encourage hands-on, interactive exploration of materials available in The King Center, while providing historical and sociological knowledge to students as well as in social studies, civics, history, writing and language arts; (8) **Staff Development and Curriculum Enhancement**, facilitates and hosts ongoing workshops and training sessions that promote professional development for in-service teachers, and identifies supplemental learning resources that will compliment the curriculums that are currently used by teachers. The director of the center is Dr. Gwen Benson.

Instructional Technology Center

2nd floor, College of Education Building
404/413-8080

itc.gsu.edu/

The Instructional Technology Center serves faculty, students, and prekindergarten through twelfth-grade educators by encouraging and supporting technological confidence and expertise in the areas of teaching, collaboration, and consulting. The ITC serves as a resource center providing learning spaces, technology workshops, student computer access, and specialized educational technology resources. Our resources include computers, peripheral equipment, productivity and educational software titles, audio/video production and reproduction technology and over 100 years of combined educational technology expertise from our experienced staff.

The ITC will provide customized workshops for faculty and instructor-led classes on topics that support instruction. The ITC can create workshops for a variety of instructional technologies. It has a variety of purpose-built teaching facilities including smart classrooms, computer classrooms, a conference room and a student computing commons.

The director of the center is Dr. Steve Harmon. Call the Instructional Technology Center for information and appointments or visit their website at itc.gsu.edu.

education.gsu.edu/coe/content/child_dev.htm

The program at Georgia State University is comprised of two centers, the Lanette L. Suttles Child Development Center and Capital Hill Child Enrichment. The Centers are operated by the College of Education under the direction of the Department of Early Childhood Education. The program provides care for children of students, faculty, and staff. The Suttles Center is open from 7:30 a.m. to 6:00 p.m. Mondays through Fridays, and the Capital Hill Center is open from 7:00 a.m. to 6:00 p.m. Mondays through Fridays. There is a waiting list for parents interested in enrolling their children. Information regarding registration, fees, and ages for children accepted into the program may be obtained by contacting the center. The director of the center is Stacey French-Lee.

Speech - Language - Hearing Clinic

8th floor, College of Education Building
404/413-8044

education.gsu.edu/epse/projects/speech_clinic.htm

The Speech–Language–Hearing Clinic is operated by the Department of Educational Psychology and Special Education to provide practicum and experience for students in the master's level Communication Disorders program offered through the College of Education. Students who are identified by faculty as needing evaluation may be referred to the clinic. Students can also receive evaluations and treatment services at their own request. The director of the center is Dr. Debra Schober-Peterson.

4010.50 Student Organizations

Honor Society: Kappa Delta Pi

The purpose of Kappa Delta Pi, an international honor society in education, is to promote excellence in and recognize contributions to education. Invitations for membership are extended to students in the College of Education who exhibit high academic scholarship, commendable personal qualities, and worthy educational ideals. Members of Kappa Delta Pi are eligible to apply for national and local scholarships. The local scholarship is described in the "Student Life and Services" chapter of this catalog. For more information, contact Dr. Susan McClendon in the Crim Center, College of Education, 404/413-8070.

Georgia Association of Educators Student Program

The purposes of the Student Georgia Association of Educators (GAE-SP) are to serve as a student support network of Georgia State University teacher education students, to address needs and concerns of teacher education students, and to provide supplemental experiences for those students. It is open to all Georgia State University students. For more information, contact Drs. Teri Holbrook or Laura Meyers, Department of Early Childhood Education, 404/413-8020.

4020 Faculty

The faculty of the College of Education is organized into six departments. Listed below are the specific departments, their locations, telephone numbers, websites, department chairs, and faculty members who are responsible for the design and instruction of College of Education programs and courses. Also shown are the prefixes of the undergraduate courses taught by these faculty. Course descriptions appear in the "Course Descriptions" chapter of this catalog.

4030 Students' Responsibilities

Knowledge of Regulations

Students must assume full responsibility for knowledge of the policies, rules, and regulations of the College of Education and the university as well as the departmental requirements concerning their individual programs.

It is the responsibility of the students to become knowledgeable of and to observe all regulations and procedures required by the program being pursued. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that an adviser or other university authority did not inform the individual of a specific requirement. Each student should become especially familiar with the chapters of this catalog that present the academic requirements for the degree being sought, the offerings and requirements of the students' major department, and any changes published in the online *Schedule of Classes* each academic term.

While the provisions set forth in this catalog will ordinarily be applied as stated, Georgia State University and the College of Education have the right to change any provision, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available in the Office of the Dean and Office of Academic Assistance and Graduate Admissions when changes are made by the College of Education. It is especially important that each student note that it is the individual student's responsibility to keep apprised of current graduation requirements for his or her particular degree program.

Criteria on Academic and Professional Integrity

The College of Education is committed to upholding standards of academic and professional integrity. These standards require that students enrolled in undergraduate and graduate programs within the College of Education adhere to both the University's Student Code of Conduct as described on-line at www2.gsu.edu/~wwwdos/ as well as their individual degree program's Policy on Student Professionalism, Integrity and Retention. Students should contact their department for a copy of their degree program's policy.

4040 College Academic Advisement

Academic advisors in the Office of Academic Assistance and Graduate Admissions may advise undergraduate students in the College of Education who have completed 42 hours or more and are planning to be accepted or have been accepted to a teacher education program. The college encourages students with questions about their degree requirements or the academic regulations of the college or university to contact their advisers.

Students with questions about course content, career plans, and expectations for their fields of preparation and interest may contact faculty members in the college. Students should contact the academic department in advance to arrange a conference with a faculty member.

For students considering a change of major related to career interest, professional assistance in selecting a career area is available through the university's Counseling Center (75 Piedmont Ave, NE.). The services of the center are described in the "Student Life and Services" chapter of this catalog.

4040.10 Office of Academic Assistance and Graduate Admissions

300 College of Education Building
404/413-8000
education.gsu.edu/oa/

Nancy A. Keita, Director
 Carla Woods, Senior Advisor
 Cynthia Curtis, Academic Advisor
 Jessalyn Murphy, Academic Advisor

The Office of Academic Assistance and Graduate Admissions exists for the benefit of College of Education students. The purposes of this office are as follows:

- To provide programs of study of each undergraduate major offered by the college;
- To indicate to undergraduate transfer students the specific credits for work done at other institutions that can be applied toward the B.S. and B.S.E. degrees;
- To confirm eligibility for entry into teacher education;
- To assist students in course selections and schedule revisions each term;
- To explain catalog regulations;
- To administer policies for the college and the university;
- To refer students to other sources of assistance in the university;
- To receive and process applications for undergraduate teacher education programs and graduate study; and
- To assist graduates in applying for initial certification or upgrading an existing certificate.

Students are advised by appointment except during walk-in times that are provided for brief questions that can be resolved in 10 or fewer minutes. Students must schedule appointments a minimum of two days in advance so updated records can be provided. Office hours are 8:30 a.m. to 5:15 p.m. (M.-Th.) and 8:30 a.m. to 4:30 p.m. (F.), with extended hours to 6:00 p.m. (M.-Th.) at the start of each semester.

Teacher preparation students in the College of Arts and Sciences should contact their Office of Academic Assistance (418 General Classroom Building, 404/413-5000) for advisement.

4050 College Academic Regulations

Students may select the College of Education as a pre-major at the point of application to the university or at any point thereafter. However, this selection represents only a pre-education status until the student applies for admission to and is accepted into a teacher education program. Transfer students must comply with all academic regulations of the university and the college.

Entry into teacher education is a separate step and requires meeting specific criteria. Students must complete a separate application and pay an application fee. Students must also show proof of Tort liability insurance and apply for a criminal background check. Students interested in teacher education programs should refer to the "Teacher Preparation" section 1600 of this catalog or visit the College of Education Office of Academic Assistance website, education.gsu.edu/oaa/, for more information.

Visiting Students

Students currently enrolled in a degree program at another institution who wish to take coursework from the College of Education must follow the admissions requirements shown in the "Undergraduate Admissions" chapter of this catalog. Teacher education courses designated TEA or TCP are not available to visiting students. Students from other institutions may be enrolled as visiting students at Georgia State University for no more than two academic terms.

Transient Credit

College of Education students must have prior written approval from the college to earn transient credit from another institution if that credit is to be used in a degree program. Contact the Office of Academic Assistance and Graduate Admissions for procedures. Transient approval will not be granted to take courses at Atlanta area institutions when the course is readily available at Georgia State.

The acceptance of all transient applications is subject to any limitations set by the departments or programs of study.

Credit by Examination

Students displaying exceptional ability in certain areas of knowledge may be recommended, with the approval of the dean, to receive credit for a particular course by successfully completing a departmental examination. Credit by examination cannot be used to meet semester hour requirements for the 39-hour residency, nor can it be used to meet the hour requirements for Honors. Students are directed to contact the specific department to determine eligibility for taking an examination.

The following course has been approved for credit by examination:

- KH 3390 Advanced First Aid and Emergency Care

Additional courses with the KH prefix may be approved for credit by examination. Contact the Department of Kinesiology and Health for a complete list of such courses.

Directed Reading Courses

Directed reading courses are designated with the prefix of the program area for which the content of the course is relevant and are numbered 4810. Such a course is for junior or senior level students of superior abilities and proven performance who wish to do independent study in a specific area. Applications for directed reading courses are available from the Office of Academic Assistance and Graduate Admissions. These courses require consultation with the instructor of choice to develop the topic of study, approval of students' advisers, and approval of the department chair of the instructor's department. **Directed reading courses may not substitute for courses that are part of the regular course offerings of the college.**

Reentry

A reentry student is one who has been enrolled at Georgia State University and who meets at least one of these criteria:

- has not registered for courses at Georgia State during any of the previous three semesters.
- has been on scholastic suspension after an absence of one calendar year.
- has been on scholastic exclusions after an absence of five or more years.
- has attended any semester as a transient and wishes to attend an additional term.

Application Procedures for Reentry

The Reentry Application is available online at www.applyweb.com/apply/gsure/. Students will need to submit a \$25.00 application fee with their applications. Reentry students who are accepted but do not attend the semester in which they were admitted must contact admissions@gsu.edu to attend the succeeding semester. If their academic program no longer exists at the time of reentry, they may not reenter but instead apply for a new degree program.

4060 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the College of Education will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section 1050.80 under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

Georgia State University seeks to maintain the highest standards of integrity and fairness in its relationships with students. The Undergraduate Catalog and the Graduate Catalog Student Code of Conduct set forth policies and requirements for Georgia State students. Students are expected to know and comply with these policies. Students may, however, seek relief or resolution when they believe that:

- The application of these policies and procedures will create undue hardship for them or will not recognize their extraordinary or extenuating circumstances; or
- Specific actions, practices, or decisions on academic or non-academic matters have been made or carried out in an arbitrary, discriminatory, or inequitable manner.

The procedures for complaints, petitions, and appeals related to University-wide and college-based policies are listed at www.gsu.edu/es/24954.html and www.gsu.edu/es/23592.html.

To adhere to University policy, the College of Education has developed two forms: Petition for Waiver or Variance and Student Petition for Resolution. Students should complete these forms and submit to appropriate department for review. Forms are available at education.gsu.edu/oa/951.html.

Petition for Waiver or Variance

Any student in the College of Education may petition for a waiver or variance of established policy, procedure, rule, or guideline governed by the college. The Student Petition for Waiver or Variance must be submitted by the end of the term prior to the term in which the exception is needed.

NOTE: This form should be used for requests of substitutions of required courses and/or waivers of college policies governing students.

Student Petition for Resolution

Students are encouraged to discuss academic or non-academic problems or grade concerns with the instructor prior to filing a formal petition, in an effort to gain understanding about the basis of the treatment or grade. If the issue is not resolved informally, students should complete the Student Petition for Resolution process.

4070 College Degree Requirements

The College of Education has no additional degree requirements beyond the university academic regulations.

4080 Program Degree Requirements

Undergraduate degrees offered by the College of Education are listed in this section alphabetically by major and then by degree designation. The Bachelor of Science (B.S.) and Bachelor of Science in Education (B.S.E.) majors are listed, followed by nondegree, certification only programs. Students enrolled in degree programs must complete all the requirements for the selected

degree and must comply with the general academic regulations of the university. Each program of study listed in this section provides the minimum requirements for that specified program. Additional coursework and non-coursework activities may be required based on faculty evaluation of the students' background preparations and demonstration of their skills and knowledge. Course descriptions are listed alphabetically by prefix name then course number in the "Course Descriptions" chapter of this catalog.

4100 Undergraduate Core Curriculum

Georgia State University requires all students seeking a baccalaureate degree to satisfactorily complete a basic core of general education subjects. All programs offered by the College of Education are designed to comply with the University System of Georgia core curriculum requirements. For a full description of the requirements for Areas A through E of the undergraduate core curriculum, please see the "Core Curriculum" chapter of this catalog. Requirements for completing Areas F through H of each degree program are listed in this chapter.

Students who are completing the core curriculum requirements at another unit of the University System of Georgia are encouraged to check the Georgia State catalog for specific required course prerequisites to maximize the transfer of core credits to apply to the programs in which they plan to enroll.

4200 Birth Through Five

Program Offered:

- **Bachelor of Science in Education in Birth Through Five**

Additional Teacher Education information is found in section 1600 of the catalog.

Department of Early Childhood Education
550 College of Education Building
404/413-8020
ecemail@langate.gsu.edu

Barbara Meyers, Chair

Program Theme: Educators as providers of high quality early care and learning experiences:

The B.S.E. major in Birth Through Five (B-5) prepares teachers and other early care and education professionals to work in varied settings with young children and their families from infancy through Kindergarten age, including children who are typically developing and those with disabilities.

The program reflects national and state standards, research and best practice in the field of early childhood development and education and teacher education. Candidates receive content and pedagogy in developmentally and individually appropriate practices for infants, toddlers, preschoolers and Kindergarten age children. The program provides a multidisciplinary, comprehensive and holistic approach to working with young children and families in diverse settings.

Field-based experiences are structured to provide candidates with opportunities to work with different ages and children of varying ability levels and educational needs. A broad range of courses and practicum will strengthen candidates' knowledge and ability to select and implement appropriate curriculum and instructional strategies, developmental activities and care routines, and observation and assessment methods.

Successful completion of this program leads to a baccalaureate degree along with recommendation for Birth Through Five (B-5) licensure. Candidates completing the Birth through Five preparation program may be recommended for certification in both Birth through Five as well as Pre-School Special Education.

Program Admission

Students are required to meet all University and College admission requirements. In addition, students must apply for admission to teacher education (B-5) prior to beginning coursework in the upper division core, Area G of the program.

To apply for teacher education (B-5):

- Students must have a minimum 2.75 overall grade point average on all postsecondary coursework previously completed;
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement";
- Students must have passed the Regents' Test;
- Students must have successfully completed all courses in Areas A-F.
- Students must have successfully completed all required courses in Areas A and F with a grade of "C" or higher, or have transferred in approved Area A-F courses as outlined in approved USG-DTAE Articulation Agreements;
- Students must consent to a criminal background check;
- Students must submit proof of tort liability insurance;

- And students must complete a writing sample and participate in an interview with program faculty. Please note that the completion of the writing sample and participation in the interview does not guarantee admission to the Birth Through Five program.

The USG-DTAE Articulation Agreements and the Birth through Five program handbook can be found on the Department of Early Childhood Education web site at education.gsu.edu/ece/index.htm.

Program Financial Information

Birth Through Five (B-5) majors must pay all tuition and fees charged by the University and the College. A lab fee may be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as tort liability insurance, criminal background check, and transportation will be incurred at various times during the completion of various teacher education field experiences.

Program Academic Regulations

Program of Study: Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with "C" or higher grades. All courses listed below in Areas F-G must be completed with a grade of "C" or higher unless otherwise noted. Semester hours are shown in parentheses following an entry.

Tort liability and criminal background check requirement: all students must show proof of tort liability insurance and consent to a criminal background investigation prior to any field experience.

B.S.E. students are required to meet the Georgia 2006 Technology Proficiency Requirement. Students enrolled in the Birth Through Five (B-5) Program at Georgia State University will complete this graduation and certification requirement by successfully completing a technology course (IT 2210 recommended) and by demonstrating competency on designated assignments embedded in the program of study.

Program Degree Requirements

B.S.E. in Birth Through Five (B-5)

Students must pass the appropriate GACE Content Assessment prior to graduation (see www.gace.nesinc.com for more information).

Areas A-E. Core Curriculum Recommendations

Students must complete 42 semester hours in Area A-E of the Undergraduate Core Curriculum or have transferred in approved Area A-E courses as outlined in approved USG-DTAE Articulation Agreements. Courses in Area A must be completed with "C" or higher grades.

Semester hours are shown in parentheses following an entry.

Area F. Courses Appropriate for a Major (18)

Students must complete coursework with a grade of "C" or higher in Area F prior to admission to teacher education. Students must complete 18 semester hours in Area F, or have transferred in approved Area F courses as outlined in approved USG-DTAE Articulation Agreements, which can be found on the Department of Early Childhood Education web site at education.gsu.edu/ece/index.htm.

Required (18):

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching & Learning (3)
- EDUC 2300 Introduction to Child Development (3)
- EDUC 2152 Birth and Parenthood (3)
- KH 2360 Childhood Health and Wellness (3)

Areas A-F Articulation Agreement for USG – DTAE Institutions

Graduates from Early Childhood Care and Education degree programs from COC accredited DTAE institutions will have satisfied the requirements for all six courses in the USG Area F for the BSED in Birth-Age 5 Teacher Preparation Program.

Area G: Courses Required for the Major

Required Courses (40):

- BRFBV 3200 Introduction to Administration and Organization of Programs for Young Children (3)
- BRFBV 3250 Professional and Ethical Practice-CTW (3)
- BRFBV 4360 Child Guidance Birth to Five (3)
- BRFBV 4370 Language, Literacy, and Cognition-CTW (3)
- BRFBV 4380 Methods for Infants and Toddlers (4)

Program Theme: Educator as Facilitator

The B.S.E. major in Early Childhood Education prepares teachers to work in classrooms with children in pre-kindergarten through fifth grade. The program reflects research and best practice in the field of early childhood education and teacher education. Candidates receive content and pedagogy in all academic disciplines taught in the early childhood classroom. The program further provides integration of the visual and musical arts within the context of specific content area methods courses. The broad and extensive field-based experiences effectively develop candidates' knowledge and ability to select and implement developmentally appropriate resources and activities for teaching and learning in diverse settings. Successful completion of this program leads to a recommendation for P-5 licensure and an endorsement to teach English to Speakers of Other Languages (ESOL) or dual certification in P-5 and special education.

Program Admission

Students are required to meet all University and College admission requirements. In addition, students must apply for teacher education prior to beginning coursework in Area G of the program.

To apply for the B.S.E. Early Childhood Education program:

- students must have a minimum 2.75 overall grade point average on all undergraduate coursework previously completed;
- Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the

exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement";

- students must have passed the Regents' Test;
- students must have successfully completed all courses in Area A-F;
- students must consent to a criminal background check;
- students must submit proof of tort liability; and
- students must complete a writing sample and participate in an interview with program faculty. Please note that the completion of the writing sample and participation in the interview does not guarantee admission to the B.S.E. program.

There are two program options for completing the B.S.E. Degree in Early Childhood Education: the Initial Certification in PreK-5th grades with an endorsement to teach English to Speakers of Other Languages (ESOL) and the Dual Certification in Early Childhood Education and Special Education.

Program Financial Information

B.S.E majors must pay all tuition and fees charged by the University and the College. A lab fee of \$125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as tort liability, criminal background check, and transportation will be incurred at various times during the completion of various teacher education field experiences, particularly during the students' senior year.

B.S.E. students are required to meet the Georgia 2006 Technology Proficiency Requirement. Students enrolled in the Department of Early Childhood Education Teacher Education Programs at Georgia State University will complete this graduation and certification requirement by demonstrating competency on designated assignments embedded in the four semester course sequence.

Program Degree Requirements

B.S.E. in Early Childhood Education

Students seeking certification from the State of Georgia Professional Standards Commission are required to pass the GACE Basic Skills Assessment (or provide an exemption) and GACE Content Assessment in Early Childhood Education. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement."

Students must pass the appropriate GACE Content Assessment prior to graduation (see www.gace.nesinc.com for more information).

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with "C" or higher grades.

Semester hours are shown in parentheses following an entry.

Area F. Courses Appropriate for a Major (18)

Students must complete coursework with a grade of "C" or higher in Area F prior to admission to teacher education.

Required (18):

- EDUC 2110 Investigating Critical & Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching & Learning (3)
- ISCI 2001 Life/Earth Science (3)
- ISCI 2002 Physical Science (3)
- MATH 2008 Foundations of Numbers and Operations (3)

Area G. Major Courses (54)

There are two program options for completing the B.S.E. Degree in Early Childhood Education: the Initial Certification in PreK-5th grades with an endorsement to teach English to Speakers of Other Languages (ESOL) and the Dual Certification in Early Childhood Education and Special Education.

Students must complete all courses listed below in Areas G with a grade of "C" or higher unless otherwise noted. Students begin Area G of their programs as a cohort and must take courses in the sequence specified. The Department of Early Childhood Education provides a program manual describing course requirements and expectations.

*One asterisk indicates courses required exclusively for the ECE P-5 concentration with an endorsement to teach English to Speakers of Other Languages (ESOL)

**Two asterisks indicate courses required exclusively for special education (EXC) concentration

Block 1:

Required concurrently (12-15):

- ECE 3021 Child Development (3)
- ECE 3255 ESOL: Cultural Foundations (3)
- ECE 3600 Language and Literacy (3)
- ECE 3661 Classroom Management in Early Childhood Education Field Experience I (3)
- **EXC 4010 Characteristics of Students with Disabilities (3)
- *EXC 4020 Characteristics and Instructional Strategies for Students with Disabilities (3)

Block 2:

Required concurrently (15):

- ECE 3601 Reading and Language Arts in Early Childhood Education I-CTW (6)
- ECE 3606 Science and Inquiry in Early Childhood Education (3)
- ECE 3607 Mathematics Methods in Early Childhood Education (3)
- ECE 3662 Classroom Management in Early Childhood Education Field Experience II (3)

Block 3:

Required concurrently (12-15):

- ECE 3440 ESOL: Curriculum and Instruction (3)
- *ECE 3360 Assessment of Classroom Learning in Early Childhood Education (3)
- ECE 3602 Reading and Language Arts in Early Childhood Education II (3)
- ECE 3605 Social Studies Methods in Early Childhood Education (3)
- *ECE 3663 Classroom Management in Early Childhood Education Field Experience III (3)
(Students must earn a grade of "B" or higher in ECE 3663)
- **EXC 4560 Educational Evaluation of Students with Disabilities (3)
- ** EXC 4570 Individual and Classroom Management (3)

Required prior to Area H (9 hours of Mathematics Courses):

Students may take any 3000-level or higher MATH-prefix courses, but the department recommends:

- MATH 3050 Geometry and Spatial Sense (3) (MATH 2008 is a prerequisite for this course)
- MATH 3070 Introduction to Probability and Statistics I (3) (MATH 2008 is a prerequisite for this course)
- MATH 3090 Algebraic Concepts (3) (MATH 2008 is a prerequisite for this course)

Select one (3):

- AE 2300 Art and Music for Early Childhood (3)
- MUS 2300 Art and Music for Early Childhood (3)

Area H. Student Teaching (12-15)

All program requirements must be satisfactorily completed before students are authorized to enroll in student teaching. Students must complete student teaching coursework in Area H with a grade of "C" or higher.

Required (12-15):

- ECE 4650 Opening School Experience (0) (Required to successfully complete during the first fall semester preceding student teaching.)

- ECE 4661 Student Teaching (9-12)
(P-5 concentration completes 12 hours; ECE/Special Education completes 9 hours)
- ** EXC 4590 Functional and Social Methods for Students with Behavior/Learning Disabilities (3)
- **EXC 4671 Educational Partnerships and Practicum II: Special Education General Curriculum: Consultative (3)

Students must pass the appropriate GACE Content Assessments prior to graduation (see www.gace.nesinc.com for more information).

Total Program: minimum of 129 semester hours P-5 concentration with ESOL Endorsement/ 129 hours ECE/Special Education concentration

4220 Exercise Science

Program Offered:

- **Bachelor of Science in Exercise Science**

Department of Kinesiology and Health

Sports Arena

404/413-8050

Kin@langate.gsu.edu

Jacalyn Lund, Chair

The B.S. major in Exercise Science prepares students for careers in adult fitness, worksite health promotion/corporate fitness, personal training, clinical exercise physiology, cardiac rehabilitation, and other related fields. Preparation is also provided in fitness management, program management, sports skills development and enhancement, strength and conditionings, and related topics.

Program Admission

There are no admission requirements specific to the Bachelor of Science program. However, students are required to meet all university and college admission requirements.

Program Financial Information

Lab fees are associated with several courses within the Bachelor Science in Education degree. In addition, B.S. majors must pay all tuition and fees charged by the university and the college.

Program Academic Regulations

Students may not register in the following upper-level courses offered by the Department of Kinesiology and Health if their cumulative grade point average is below 2.50: KH 3500 Athletic Training, KH 3550 Evaluation and Instrumentation in Exercise Science, KH 4280 Psychology of Physical Activity, KH 4290 Cardiopulmonary Physiology, KH 4300 Neuromuscular Physiology and Plasticity, KH 4350 Fitness Program Management, KH 4360 Clinical Exercise Physiology, KH 4600 Advanced Biomechanics for Exercise Science, and KH 4630 Fitness Assessment and Exercise Prescription.

Students should be aware of the following information and responsibilities:

- This regulation will apply in early registration if the current cumulative GPA is below 2.50.
- Students who register for the specified 3000/4000-level KH courses in early registration but whose cumulative GPA falls below 2.50 at the end of the semester must amend their next semester's schedule in regular or late registration. The 3000/4000-level KH course(s) must be dropped. The department's expectation is that students will act in a responsible manner in abiding by this regulation of the KH faculty.
- Students in their first semester at Georgia State are not affected by this regulation for that semester only.
- Having only the specified 3000/4000-level KH courses remaining for degree credit is not justification for an exception to this regulation. The department encourages students to put forth their maximum effort throughout their academic career at Georgia State if they wish to avoid the time and expense involved in taking courses that do not count for degree credit.

When this situation occurs, however, it is the department's position that students can always benefit from any course taken regardless of whether the course is part of the students' program of study.

A grade of "C" or higher is required in all courses in Area G. A grade of "S" is required in all courses in Area H.

Program Theme: Teaching for Learning

The B.S.E. major in Health and Physical Education prepares graduates to teach integrated programs of health and physical education for pre-kindergarten through twelfth grade. Areas of emphasis include skill development and analysis, personal health assessment, pedagogical-disciplinary study, contemporary curriculum, instructional skills and models, and direct field experiences. The program features a field-based approach.

Program Admission

Students are required to meet all university and college admission requirements. In addition, students must apply for teacher education prior to beginning the block courses (KH 4510, KH 4520, KH 4530, KH 4540, KH 4650) in Area G of the program.

To be accepted into teacher education:

- students must have a 2.50 overall grade point average on all undergraduate coursework previously completed;
- students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement";
- students must have passed the Regent's Test;
- students must consent to a criminal background check;
- students must show proof of tort liability insurance; and
- students must participate in an interview and writing sample with program faculty.

Program Financial Information

B.S.E. majors must pay all tuition and fees charged by the university and the college. A lab fee of \$125 will be charged at the time students register for the student teaching experience. Educator preparation students must be aware that extra cost such as tort liability, criminal background check, and transportation will be incurred at various times during the completion of various teacher education field experiences, particularly during the students' senior year.

Program Academic Regulations

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum. Courses in Area A must be completed with "C" or higher grades. A grade of "C" or higher is required in all courses in Areas F-H. Semester hours are shown in parentheses following an entry.

Entry into the program does not guarantee continuation in the program, graduation from the program and/or recommendation for certification even if all requirements have been met. Students may graduate from the program with a "C" without recommendation for certification even if the certification test has been passed.

Program candidates may be placed on a Professional Development Plan (PDP). The HPE faculty has many options to choose from for determining a PDP for individuals. These options may include but are not limited to retaking courses; taking additional courses; and taking speech or writing workshops.

As the courses progressively become more field-based, program faculty, cooperating teachers, and school administrators may also recommend that program candidates be placed on a PDP, removed from a course or removed from the program. The HPE program faculty has a personal and professional responsibility to ensure that the teacher candidates that enter and graduate from the program exhibit professional behaviors. The HPE faculty is obligated to follow university policy set forth in the following excerpt from the GSU catalog:

The Professional Education Faculty believes that all students who are in field experiences must be personally and psychologically equipped as well as academically prepared. Students may be denied entry to field experiences based on departmental prerequisites or the professional judgment of faculty based on observed performance and behavior. This policy is based on the premise that educators should be part of the evaluation of the students' ability to function adequately and safely in classrooms and those educators have a right and responsibility to make such judgments prior to placing students in schools. The practicum or student teaching supervisor has the authority to withdraw students from their classroom experience if their performance constitutes a detriment to the children in the class. If such removal is necessary, students will be given an F in each corresponding course.

Tort liability insurance and criminal background check requirement: all students must show proof of tort liability insurance and consent to a criminal background investigation prior to enrollment in student teaching (KH 4710 Student Teaching in Health and Physical Education, P-5, and KH 4720 Student Teaching in Health and Physical Education, 6-12). Students may obtain the appropriate forms from departmental advisers.

Program Theme: Teacher as Facilitator of Learning in a Supportive Environment

The B.S.E. major in Middle Level Education prepares outstanding middle level educators who can meet the needs of young adolescents in today's diverse, highly technological, and changing society. Graduates have a well developed content knowledge in two fields (language arts, mathematics, reading, science, or social studies), and they are able to construct and implement interdisciplinary instruction creatively.

Successful completion of this program and the appropriate GACE Content Assessment tests leads to a recommendation for licensure for grades four through eight in the two areas of concentration.

Program Degree Requirements

B.S.E. Middle Level Education

Students must complete 42 semester hours in Areas A-E of the Undergraduate Core Curriculum with the recommendations listed in this section. Courses in Area A must be completed with "C" or higher grades.

Semester hours are shown in parentheses following an entry.

Area A. Essential Skills

Students who choose mathematics or science as one of their areas of concentration should select pre-calculus or a more advanced mathematics course) to fulfill the mathematics requirement.

Area C. Humanities and Fine Arts

Students who choose language arts as one of their areas of concentration should select ENGL 2110 World Literature 3), ENGL 2120 British Literature (3), or ENGL 2130 American Literature (3) to fulfill three semester hours of the Humanities and Fine Arts requirements.

Area D. Science, Mathematics, and Technology

Students who choose mathematics as one of their areas of concentration should select calculus of one variable (or a more advanced mathematics course) to fulfill three semester hours of the Science, Mathematics, and Technology requirements. Students who choose science as one of their concentration areas are encouraged to choose CHEM 1101K and 1102k or BIOL 1103K and BIOL 1104K. Students who choose Social Studies as an area of concentration are encouraged to choose GEOG 1112 and 1113.

Area E. Social Science

Students who choose social studies as one of their areas of concentration should select either AAS 1140

Introduction to African and African-American History and Culture (3), AAS 2010 Introduction to African-American Studies (3), ANTH 1102 Introduction to Anthropology (3), ECON 2105 Principles of Macroeconomics (3), ECON 2106 Principles of Microeconomics (3), GEOG 1101 Introduction to Human Geography (3), or HIST 1140 Introduction to African and African-American History (3) to complete the Social Science Foundations requirement.

Area F. Preparation for a Major (18 semester hours)

Students must earn a grade of "C" or higher in each course used to fulfill Area F requirements.

Required (9):

- EDUC 2110 Investigating Critical and Contemporary Issues in Education (3)
- EDUC 2120 Exploring Socio Cultural Perspectives on Diversity (3)
- EDUC 2130 Exploring Teaching and Learning (3)

Select three (9):

With advisor approval, students select two additional 1000- or 2000-level courses for a minimum of six semester hours in one concentration area and one course for three semester hours in a second concentration area.

- **Language Arts:** ENGL 2110 World Literature, ENGL 2120 British Literature, or ENGL 2130 American Literature
- **Reading:** English 2110 World Literature, ENGL 2120 British Literature, or ENGL 2130 American Literature

Area G. Major/Teaching Field (48 semester hours)

Students must apply for teacher education prior to beginning the Area G coursework found in sections G.2 (Middle Level Education Core) and G.3 (Pedagogical Knowledge) of their program. To be accepted into teacher education, students must have a 2.50 composite grade point average on all undergraduate coursework previously completed; students must have passed the GACE Basic Skills Assessment (see www.gace.nesinc.com for more information) or presented official scores to demonstrate exemption; students must have successfully completed Areas A through F of the program of study; and students must participate in an interview with program faculty.

To be accepted into teacher education:

- students must have a 2.50 composite grade point average on all undergraduate coursework previously completed;
 - Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement";
 - students must have successfully completed Areas A through F of the program of study; and
 - students must participate in an interview with program faculty.
1. Content Concentrations for Middle Level Education (24)

In consultation with their advisors, students select two areas of concentration from among language arts, mathematics, reading, science, and social studies. Each area of concentration consists of 12 semester hours of coursework, at least 6 of which must be numbered 3000 or higher. Students are expected to have completed all prerequisites prior to enrolling in any of the following courses requiring prerequisites.

This is an initial certification program for students in an undergraduate degree program at Georgia State University that has a cooperative dual certification agreement with the Department of Educational Psychology and Special Education. Students seeking admission to this initial certification program, must have a minimum cumulative GPA of 2.5 and have passing scores on the GACE Basic Skills Assessment (see www.gace.nesinc.com for more information) or be exempt based on equivalent SAT, ACT or GRE scores. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement." Undergraduate students at Georgia State University must meet the requirements jointly set by their major department and the Department of Educational Psychology and Special Education.

Students who do not satisfactorily pass a course must retake the course and satisfactorily pass the course prior to taking additional courses in the program. Courses may be repeated once.

The sequence of required certification courses are as follows:

- EPY 2050 Human Growth and Development (3)
- EXC 4010 Characteristics of Students with Disabilities (3)
- EXC 4560 Educational Evaluation of Students with Disabilities (3)
- EXC 4570 Individual and Classroom Management (3)

The department offers undergraduate courses to allow individuals from specific areas of health, industry, and information technology to become teachers at secondary schools based on occupational experience in the field and the minimum educational level required for the field. Applicants to this program have qualified for the initial Technical Specialist teaching certificate in Georgia and are required to complete an approved program for the professional renewable certificate. These programs lead to initial certification only.

Successful completion of the following courses qualifies a person for the NT- or T-level certificate, depending upon the current level of certification. The program presupposes certification at least at the provisional level. Students are admitted through a special application process once a year in summer session; they may take these courses either as non degree or degree-seeking students. Students must present passing scores on the GACE Basic Skills Assessment or demonstrate an exemption upon application to an initial educator preparation program. The current options for satisfying the Basic Skills Assessment, including the exemptions, are outlined at www.gapsc.com/documentation/basicskillsinfo.asp. Under "Basic Skills Testing," go to "Options to Satisfy the Basic Skills Requirement."

5000 College of Health and Human Sciences

Undergraduate programs in the College of Health and Human Sciences are described in detail in this chapter. See subsections for specific program information as well as policies and procedures.

5010 General Information

The College of Health and Human Sciences is committed to the preparation of health and human science professionals and offers undergraduate, graduate, and certificate programs that prepare students for careers in the health and human science professions. The programs are designed to meet the health and human service needs of the citizens of Georgia. Classes and practicum experiences are designed to foster involvement in the urban community. The programs are responsive to the needs of both full-time and part-time students and to students entering both first and second careers. Courses are taught in traditional classroom format, in clinical facilities, and by web-based instruction. Graduates of the programs are prepared for entry-level positions in their profession, for continuation of their education in advanced degree programs, and for making a positive impact on the health and well being of the citizens of Georgia.

5010.20 Mission

The mission of the College of Health and Human Sciences is to engage in teaching, scholarly endeavors, and service activities that improve health and well-being and address social justice issues within a multi-cultural society. This is accomplished through a unique professional and academic interdisciplinary environment and a community-focused approach that enriches student learning, fosters leadership development, and furthers the pursuit of science.

5010.30 Accreditation

The baccalaureate program in the Byrdine F. Lewis School of Nursing is approved by the Georgia Board of Nursing and is accredited by the Commission on Collegiate Nursing Education. The Commission on Accreditation of Allied Health Education Programs accredits the baccalaureate program in the Division of Respiratory Therapy in collaboration with the Committee on Accreditation for Respiratory Care Education. The Didactic Program in Dietetics in the Division of Nutrition is accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association. The Council on Social Work Education accredits the baccalaureate program in the School of Social Work.

5010.40 Degree Programs

The College of Health and Human Sciences offers a Bachelor of Science degree with majors in criminal justice, nursing, nutrition and dietetics, and respiratory therapy, and a Bachelor of Social Work degree.

5010.50 Facilities and Services

College of Health and Human Sciences Student Computer Lab

The College of Health and Human Sciences manages a computer laboratory that serves undergraduate and graduate students with majors in the health and human sciences. This computer laboratory contains networked computer workstations, printers and wireless notebook computers preloaded with software related to the health and human science professions.

In addition to standard productivity software, College of Health and Human Sciences students have access to specialized software related to anatomy, physiology, nutrition assessment, drug-interactions, food science, criminal justice trends, social work case management, diet analysis, school nurse assistance, patient care assessment work sheets, charge nurse staffing, psychiatric nurse documentation, and electronic medical record documentation.

Graduate laboratory assistants supervise the computer laboratory, located in Room 933 Urban Life, during the operation hours of 9:00 a.m. to 7:30 p.m. on Monday through Thursday and from 9:00 a.m. to 5:00 p.m. on Friday. Hours of operation are subject to change.

5010.70 Admission to Professional Programs

Acceptance to Georgia State University into a major in the College of Health and Human Sciences allows a student to take prerequisite course work leading to a professional program. A separate application process through the individual school or division is required for acceptance into the professional programs in nursing, nutrition, respiratory therapy and social work. No separate admission is required in the criminal justice program.

The professional programs in nutrition, respiratory therapy, and social work begin annually in the fall semester only. The professional program in nursing begins semi-annually in the fall and spring semesters. Admission to these programs is highly competitive, and students are encouraged to inquire about admission criteria, policies, and deadlines as soon as possible. Admission information and requirements for each program are included in the section on the major.

It is highly recommended that a student wishing to enter the programs in nursing, nutrition, and respiratory therapy take one year of biology and one year of chemistry in high school.

Applicants for admission to the professional programs in nursing, nutrition, respiratory therapy, and social work must be able to demonstrate prior to admission an ability to meet certain technical standards of performance which are necessary to carry out their activities as health and human sciences professionals. They must be able to communicate effectively and efficiently in oral and written form. Applicants for admission to nursing, nutrition, and respiratory therapy must demonstrate the functional use of their senses that will allow them to elicit appropriate information, as well as to perceive nonverbal communications from patients or clients whom they are serving. Additionally, each of these applicants should be able physically to provide reasonable care and emergency treatment when necessary.

The schools and divisions in the College of Health and Human Sciences reserve the right to require the withdrawal of any student at any time in order to preserve and maintain the program's standards of scholarship and conduct.

International applicants to the professional programs whose native language is not English, regardless of language of instruction, may be required to submit acceptable results from an English proficiency examination.

Each school or division may require other, more specific, technical abilities in its consideration of candidates for admission to its program.

5020 College Academic Regulations

5020.10 Credit for Transfer Work

The specific credit for work done at other institutions that may apply toward a degree from the College of Health and Human Sciences is determined by the Undergraduate Admissions Office, the Student Advisement Center, the Office of Academic Assistance, and, if appropriate, the school or department concerned. Allowance of transfer credit by the Office of Admissions does not mean necessarily that all such credit will be accepted toward a degree from the College of Health and Human Sciences.

5020.20 Credit for Transient Work

Students in the College of Health and Human Sciences who wish to take course work at another college must have prior written approval from the Office of Academic Assistance if they wish to apply that credit to a degree program. The student must be in good academic standing at Georgia State University. Transient approval will not be granted to take courses at Atlanta-area colleges when the course is readily available at Georgia State. Courses that have been failed at Georgia State may not be retaken at another institution. Please consult the "Academic Regulations" section of this catalog for additional regulations pertaining to transient status.

5020.30 Clinical, Field Experience or Internship

As part of the degree completion requirements for some of the programs in the College of Health and Human Sciences, the student will be placed in a clinical setting which requires the student to care for and/or be exposed to individuals and patients of all ages and with a variety of diagnoses and symptoms, some of which are communicable and infectious. However, unless otherwise required by law, the Georgia State University College of Health and Human Sciences does not grant special consideration or waiver of any degree completion requirements, including placement in a clinical setting.

Please note that some majors must complete a clinical program, field experience or internship during their program. Some students will be placed with a field placement agency or clinical affiliate that gives care to vulnerable populations or deals with sensitive information. As a result, the agency or affiliate may request a criminal background check and/or drug screen as a prerequisite for placement. If students use illegal drugs, have a criminal record before they declare their major, or acquire a criminal record after declaring their major, they might be prohibited from participating in the clinical program, field experience or internship. Because the program or internship is a requirement, the student might be prevented from completing the degree program. Students are referred to the College's Statement on Criminal Background Checks and Drug Screens at chhs.gsu.edu.

5020.40 Graduation

Coursework with a grade of D can satisfy no more than 12 semester hours of degree requirements. A minimum grade of C is required in all major courses, including HHS courses. Certain programs may require a grade of C or higher in other courses as well. A 2.00 grade point average is required for graduation.

Any deviations from catalog requirements are unauthorized except by approval of the department, school or division, or by written petition filed through the Office of Academic Assistance and properly approved by the appropriate committee.

Please note that licensing boards or agencies for program-related occupations may deny, suspend or revoke a license if an applicant has a criminal history or licensee is convicted, pleads guilty or *nolo contendere* to a felony or other crime. Students should consult the licensing board corresponding to their intended occupations for more details. Successful completion of a

program of study in the College of Health and Human Sciences does not guarantee licensure, certification, or employment in the relevant occupation.

5030 College Degree Requirements

All undergraduate programs offered by the College of Health and Human Sciences are designed to comply with the University System of Georgia core curriculum requirements. The program requirements for Undergraduate Core Curriculum Areas A through E are listed in the "Core Curriculum" chapter of this catalog. Recommendations of specific courses in the core curriculum for programs offered by the College of Health and Human Sciences are listed below as well as in each program section. Area F requirements for the major and other course requirements are found in the sections of this chapter which describe the specific major.

5030.10 Core Curriculum Recommendations

Area B: Institutional Options:

It is recommended that nursing majors take Phil 1010 as one of the two required courses.

Area C: Humanities and Fine Arts:

It is recommended that nursing majors take Spanish 1002 as one of the two required courses.

Area D: Science, Mathematics and Technology:

It is strongly recommended that nutrition and respiratory therapy majors take Chem 1151K and 1152K. It is recommended that nursing majors take Chem 1151K and Chem 1152K or Biol 1103K and Biol 1104K or Phys 1111K and Phys 1112K. It is recommended that social work majors take Biol 1103K and 1104K. If not, Biol 1103K or Biol 1110K must be taken in Area H electives.

Area E: Social Sciences:

It is strongly recommended that nursing majors take Psyc 1101 as the social science foundations selection. It is recommended that criminal justice majors take CrJu 2200 as the social science foundations selection.

5040 College Academic Advisement

The College of Health and Human Sciences is committed to providing advisement, counseling, and referrals to help students achieve academic success. Students in the College receive advisement from faculty members in their department, school or division as well as from advisers in the Office of Academic Assistance. Students with over 42 hours who are in the pre-professional program status are advised in the Office of Academic Assistance until entry into the professional program. Once admitted, students are then advised in their respective school or division.

5040.10 Office of Academic Assistance

811 Urban Life Center
404/413-1000
chhs.gsu.edu/oa.asp

Felisha L. Norrington, Director
William R. Andrews, Senior Academic Adviser
Grace Gipson, Academic Adviser
Denisa Hightower, Academic Adviser
Vanessa Thomas-Meikle, Academic Adviser

The services of the Office of Academic Assistance include providing programs of study, evaluating transfer credit, assisting in course selection and schedule revisions, and providing information on college and university policies. Students are advised by appointment except during walk-in times that are provided for brief questions. Walk-in advisement is 10:00 a.m. to 11:00 a.m. on Tuesday and Wednesday, and 3:00 p.m. to 4:00 p.m. on Wednesday and Thursday. Additional walk-in hours are available during the first week registration for each term. The office is open from 8:30 until 5:15 on Monday through Friday. All students with over 42 hours are advised by the Office of Academic Assistance. All students with 41 hours or less are advised by the Student Advisement Center.

5050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the College of Health and Human Sciences will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section 1050.80 under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

5060 Honors and Awards

Bobby Joe Chancey Sr. Memorial Scholarship: This scholarship was established by the Camden County (Georgia) Sheriff's Office in honor of Mr. Bobby Joe Chancey Sr. who had a long and distinguished career in law enforcement. Preference is given to a full-time criminal justice student planning a career in law enforcement that is entering the sophomore or junior year and is

considered to be "at risk" and to have a financial need. Preference is also given to applicants who are or have been residents of Camden County or nearby counties. The recipient of this scholarship may continue to receive it each year until graduation as long as s/he remains in good academic standing.

Byrdine F. Lewis School of Nursing: The Byrdine F. Lewis School of Nursing awards various scholarships to students enrolled in the school of nursing during Fall Semester. The scholarships are available to both the traditional and the ACE students. Information about a particular scholarship and the guidelines for applying can be found on the Scholarship page of the Byrdine F. Lewis School of Nursing Web site under current students.

Criminal Justice Undergraduate Academic Honor Student Award: This award is presented to the student who has maintained the highest grade point average in the undergraduate criminal justice program in his or her senior year.

Chris Perrin Memorial Scholarship: This award was established by the Georgia Council of Juvenile Court Judges in honor of Chris Perrin, a long-time advocate for children, executive director of the council and an alumnus of Georgia State University. This award, shared by the Department of Criminal Justice and the School of Social Work, is given annually to one social work and criminal justice student.

Diane B. Davis Award: This is the highest academic award/honor the School of Social Work gives to a BSW student. The award is given to a graduating Bachelor of Social Work student who has earned a minimum grade point average of 3.75 and who has demonstrated outstanding performance in field and expressed commitment to the social work profession.

Evangeline B. Lane Founders Award: This award is given to all graduating senior students in nursing who have a 3.5 overall average in those courses required for the bachelor of science degree in nursing and a 3.67 average in the nursing courses.

James L Maddex, Jr. Scholarship: This scholarship was established in honor of Dr. James L. Maddex, Jr., Professor Emeritus of Criminal Justice, who retired in 2000. The merit-based scholarship is awarded to an undergraduate or graduate criminal justice student.

Johnnie W. Prothro Academic Excellence Award: This award is given to an undergraduate nutrition student who has achieved a high level of academic excellence in the nutrition program. The faculty in the Division of Nutrition selects the recipient who receives a gift certificate for book purchase.

Marshall L. Bowie College of Health and Human Sciences Scholarship: Two scholarships are awarded to students enrolled in the college based on academics, community services, and involvement in the College of Health and Human Sciences and Georgia State University.

Northside/St. Joseph's Hospital Scholarships for Respiratory Therapy students: Two scholarships, one based on need and the other based on merit are awarded to junior and/or senior respiratory therapy students

Respiratory Therapy Academic Achievement Award: This award is given to the graduating senior with the highest grade point average achieved in the respiratory therapy program.

Respiratory Therapy Clinical Excellence Award: the faculty in the Division of Respiratory Therapy gives this award to the graduating senior who has displayed outstanding performance in his or her clinical rotations.

Respiratory Therapy Faculty Recognition Award: This award, sponsored by Respirionics, Inc., is for a graduating senior in the respiratory therapy program. The award is intended to recognize the student who, in the opinion of the faculty of the Division of Respiratory Therapy, exhibits a positive professional attitude and a willingness to serve the needs of classmates, the community, and the profession of respiratory therapy.

Robert Hinrichs Memorial Scholarship: Created in honor of Robert Hinrichs, an administrator with the Social Security Administration Office, this is the highest academic award/honor the School of Social Work gives to an MSW student

Social Work Field Education Honors: Awarded to up to three graduating BSW students with a minimum of 3.0 grade point average whose performance in field practicum is above and beyond the expected requirements. Students who show initiative and creativity in their field placement and who have followed all of the field requirements as specified in the *Field Manual* are given highest consideration for the awards.

Wanda K Cardwell Memorial Award: This award was created in memory of Wanda Cardwell, a BSW and MSW graduate of Georgia State University. The award is given to a BSW and/or MSW student who has shown perseverance in obtaining their social work degree despite obstacles.

Honors

The schools, departments and divisions in the College of Health and Human Sciences may award honors. Criteria for honors are listed below:

1. Students must be recommended and approved by a school or departmental faculty committee.
2. The residence requirements for graduation from Georgia State University must be fulfilled. No courses exempted or validated by examination are considered as being taken in residence.
3. The following grade point average requirements must be met:
 - a. A minimum overall accumulated grade point average of 3.0 in all courses excluding professional program courses. This includes all courses applied toward the degree including courses transferred in.
 - b. An accumulated grade point average of at least 3.5 in all professional program courses.

- c. Accumulated grade point average will be calculated on courses that apply to the degree including courses transferred in from other schools.
4. Career-related projects, over and above the requirements for graduation, must be designed and completed by the student with approval of the school or department. The projects, or at least the written part of the projects, will be kept on record in the Office of the Dean.

Awards are contingent on final clearance by the Office of Student Financial Aid. Any student receiving aid under any federal financial aid program is limited by the student's "estimated cost of attendance" as to the total amount of aid that may be received. This applies to aid from all sources, public and private. You will find this information in your aid letter from the financial aid office or online in your financial aid record at GoSolar.

5110 Criminal Justice

Program Offered:

- **B.S. in Criminal Justice**

Department of Criminal Justice
1201 Urban Life Building, 404/413-1020
chhs.gsu.edu/cj

Dr. Brian K Payne, Chair

The curriculum for the Bachelor's Degree in Criminal justice focuses on the study of the criminal justice system and its component parts, as well as the causes and consequences of crime. The curriculum also is designed to provide students with a liberal arts education that focuses on basic skills, such as the abilities to read critically, write clearly, speak effectively, and think analytically. The program is broadly structured to meet the academic needs of pre-professional students, those already employed in the wide range of agencies that comprise the criminal and juvenile justice systems, and those pursuing graduate education.

The requirements of degree programs in this department stress an integrated view of the criminal justice system, highlighting how the components of the system interrelate to provide coordinated justice administration, as well as how the justice system influences and is influenced by other institutions in society. The curriculum also is designed to provide students with an understanding of the developing theoretical knowledge base in studies of crime and justice, focusing not only on examining the system and its parts, but also the positions of victims and offenders.

Students' classroom experiences are further enhanced through the research expertise of the criminal justice faculty. Currently, faculty research topics highlight sex differences in criminality and criminal justice processing; specialty courts; public defense systems; community policing; problem-oriented policing; domestic violence; violence by and against people with mental illness; elder abuse; sexual harassment; comparative criminal justice; drugs and crime; homicide investigation; homicide co-victimization; sexual victimization; legal issues in policing; evaluation research; community differences in the nature of crime; place-based criminology; private security; domestic terrorism and homeland security; electronic monitoring; supermax prisons; informal social control; juvenile delinquency and youth violence; criminological theory; active offender decision-making; and urban drug markets and urban violence. Faculty members conduct research drawing on their expertise in a variety of quantitative and qualitative research methods, thus allowing them to bring not only topical knowledge but also methodological expertise into the learning environment.

Degree programs offered through the Department of Criminal Justice include a Bachelor of Science in criminal justice, a Master of Science in criminal justice, a doctorate in criminology and criminal justice. The bachelor's degree program complies with the core curriculum requirements of the University System of Georgia.

Program Admission

There are no admission requirements specific to the Bachelor of Science degree program in Criminal Justice beyond the admission requirements to the University. Students must have a 2.00 grade point average prior to enrolling in 3000/4000-level Criminal Justice courses.

Program Financial Information

No special fees are associated with the Bachelor of Science degree program in Criminal Justice. Students must pay all tuition and fees required by the University.

Program Academic Regulations

1. The Department has two academic track options: the Crime and Justice Track or the Legal Track. The Crime and Justice Track provides a traditional curriculum for criminal justice majors, while the Legal Track is designed for criminal justice majors desiring more intensive exposure to law in preparation for law school. Students will automatically be placed in the Crime and Justice Track unless they opt into the Legal Track.
2. A minimum 2.00 cumulative grade point average at GSU is required to register for 3000/4000-level criminal justice courses. There are no exceptions to this policy.

3. Students must earn a grade of C- or higher in CrJu 1100 (or equivalent transfer course) and all Area G – L, 2000 - 4000-level criminal justice courses in order to be eligible to receive a degree from the Criminal Justice Department. Students must have an institutional grade point average of 2.0 at Georgia State (GSU) in order to graduate from the University.
4. Students must complete a minimum of 45 semester hours in 2000-4000-level criminal justice courses at Georgia State University. HHS 3000, CrJu 2010, CrJu 2200, and 3000-4000 level criminal justice courses taken to satisfy the University's 39-hour requirement are included in the Department's 45 hour residency requirement; CrJu 1100/3100 is not included.
5. A student may not receive a D, F, or W/F more than 3 times while attempting to satisfy any Area H (Foundations of Analyses) course and remain in the Criminal Justice program .
6. Students are encouraged to complete a majority of lower-division courses (Areas A – F) prior to taking 4000 level criminal justice courses.
7. Students are encouraged to take or complete all Area G (Criminal Justice Core) courses before taking 4000 level criminal justice courses.
8. Students must be enrolled in or have taken all Area H (Foundations of Analyses) courses before enrolling in 4000 level criminal justice courses
9. All criminal justice majors must complete an internship during their final semester in the program. Some students will select placement with an agency that deals with sensitive information. As a result, a background investigation might be a requirement for placement. Background investigations include checks for prior arrests and convictions, abuse of illegal drugs, and DUI convictions. If students have a criminal record either before they declare their major or acquire a criminal record after declaring their major, they might be prohibited from participating in the internship. Since the internship is a requirement, students might be excluded from the degree program by the internship coordinator or department chair.
10. The Department of Criminal Justice believes that all students in the internship program (criminal justice seminar and field placement) must be personally and psychologically equipped as well as academically prepared. A student may be denied entry into internship field experience based on departmental prerequisites or the professional judgment of faculty based on observed performance, behavior, or documentation that indicates erratic, unpredictable, or unsuitable conduct. This policy is based on the premise that criminal justice faculty should be part of the evaluation of a student's ability to function adequately and safely in a criminal justice setting and that faculty has a right and responsibility to make such judgments prior to placing a student in an internship. The internship coordinator and department chair have the authority to withdraw a student from a classroom and/or field experience (i.e., CrJu 4930, CrJu 4940) if the student's performance constitutes a detriment to students in the class and/or to personnel at the field internship site. If such withdrawal is necessary, the student will be given an F for the course(s).
11. The internship coordinator or department chair may remove a student from an internship site if, after placement, circumstances arise at the site that pose an unforeseen danger to the student's welfare or an unforeseen risk of liability to the student, faculty, or Department.
12. All applications for the internship program must be completed and turned in to the Department of Criminal Justice by the following dates in order for students to be considered for placement in the specified semester: February 15 for Fall semester; May 15 for Spring semester; September 15 for Summer semester. There will be no exceptions to these requirements.

Program Degree Requirements:

5120 Nursing

Programs Offered:

- **B.S. in Nursing**

Brydine F. Lewis School of Nursing
900 Urban Life Center, 404/413-1200
chhs.gsu.edu/nursing

Cecelia Gatson Grindel, Associate Director for Academic Affairs

The Byrdine F. Lewis School of Nursing offers a curriculum leading to the Bachelor of Science degree with a major in nursing. Upon the completion of the baccalaureate program and subject to the rules of the Georgia Board of Nursing, the graduate becomes eligible to write the National Council Licensure Examination (NCLEX) required for becoming a registered professional nurse.

The university catalog in effect at the time a student is admitted to the nursing program will normally apply to a student. However, the nursing curriculum and other requirements are subject to change in order to comply with regulations of accrediting agencies or with institutional or university-system policies. Every effort will be made to notify students of such changes; however, it is the student's responsibility to become aware of all current program and college requirements. Students who withdraw from the nursing sequence and wish to return will enter under the current catalog if space is available in nursing courses. Academic credit for nursing courses for a student who withdraws from the nursing program is valid for a five-year period. Abnormal Psychology (Psyc 3140) and Anatomy and Physiology I and II (Biology 1110K - 1120K) must be completed within five years prior to beginning the nursing sequence. Special exceptions may be made to this policy for individuals who can document current utilization of the knowledge gained from these classes. All requests for exception will be reviewed by the Associate Director for Academic Affairs.

Academic advisers work closely with students to plan programs; however, it is the student's responsibility to see that course prerequisites are met as required. The student is expected to follow the program planned in conjunction with the assigned academic and faculty advisers.

Clinical and didactic learning experiences may be scheduled at any time during the day and/or evening hours and on weekdays and weekends; personal schedules must be flexible to meet program requirements. Students will be expected to provide their own transportation to/from both the classroom and clinical settings.

The School of Nursing has the right to make changes in the program, curriculum and courses with appropriate notification. Students will be expected to accommodate these changes as long as the total hours required for graduation are not increased.

The student is responsible for adhering to policies and procedures specified in the School of Nursing *Undergraduate Student Handbook*. Degree requirements must be completed in order to meet the eligibility requirements for writing the NCLEX.

Program Admission

The student must meet the general admission requirements of Georgia State University and the College of Health and Human Sciences. Acceptance to the university allows the student to register for prerequisite course work leading to the professional program in nursing and does not guarantee automatic admission into the nursing program. Acceptance into the professional program requires a separate application and admissions process. Students will be admitted on a space-available basis.

Two program options are available in the undergraduate nursing program: the traditional option and ACE (Achieving the Curriculum Expeditiously). The traditional option is six semesters and does not require summer classes. The ACE option is four semesters, including summer over a 16-month period. Students in both options have identical degree requirements; however, the ACE option has more stringent application requirements.

Traditional Option Prerequisites: The following courses are prerequisites, which must be completed before entering the traditional option in the fall or spring semester.

- Area A courses of the Core Curriculum
- Biol 1110K, Biol 1120K - Anatomy & Physiology 1 & 2
- Biol 2300, Biol 2310 - Microbiology with lab
- Chem 1151K, Chem 1152K - Survey of Chemistry 1 & 2 — strongly recommended. Phys 1111K, Phys 1112K (Introductory Physics 1 & 2) OR Biol 1103K, Biol 1104K (Introductory Biology 1 & 2) are accepted.

It is recommended that Nurs 2010 be taken before beginning the nursing courses, but it is not required.

Traditional Option Requirements:

1. Acceptance to Georgia State University.
2. Completion of prerequisite courses.
3. A minimum grade point average of 2.80. Higher grade point averages receive preference for admission.
4. Successful completion of the Test Essential Academic Skills (TEAS).
5. A two-page typed paper discussing the applicant's position on a current social or health-related issue.
6. Two letters of reference. One should be academic (high school or college instructor); one should be professional (employer, volunteer organization, etc.).
7. An Application Cover Sheet form.
8. Answers to a short list of questions that are included with the Application Cover Sheet form.

ACE Option Prerequisites: The ACE option requires the following prerequisites, in addition to those listed for the traditional option, be completed before entering the first semester of the ACE option.

- All Core Curriculum requirements, Areas A-E
- Nurs 2010 (Health and Human Development Across the Lifespan)
- HHS 3000 (Communication and Cultural Diversity)
- Psyc 3140 (Abnormal Psychology)

ACE Option Requirements:

1. Acceptance to Georgia State University.
2. Completion of prerequisite courses.
3. A minimum grade point average of 3.0 for applicants already holding a bachelor's degree; a minimum grade point average of 3.25 for applicants who do not yet hold any bachelor's degree. Higher grade point averages receive preference for admission.
4. Successful completion of the Test Essential Academic Skills (TEAS).
5. A two-page typed paper discussing the applicant's position on a current social or health-related issue.
6. Two letters of reference. One should be academic (high school or college instructor); one should be professional (employer, volunteer organization, etc.).
7. An "Application Cover Sheet" form.
8. Answers to a short list of questions that are included with the "Application Cover Sheet" form.
9. Successful completion of the legislative requirements in U.S. and Georgia History, and U.S. and Georgia Constitution.
10. Successful completion of the Regents' Writing and Reading requirements OR a Bachelor's degree

Admissions selection for both options is based on GPA, number of and grades earned in required science courses taken, score on the nursing entrance exam, letters of reference, and a social/health issue paper. If the applicant's native language is not English, regardless of language of instruction, he or she may be required to submit acceptable results on the Georgia State Test of English Proficiency (GSTEP) or the Test of English as a Foreign Language (TOEFL).

It is important that students are aware of the current level of competition for admission. The program can accommodate only a limited number of students each year.

The application deadline for the fall semester is March 1. The application deadline for the spring semester is October 1. Early applications are advisable. Application requirements and information about the Test Essential Academic Skills (TEAS) Test are available on the web at chhs.gsu.edu/nursing. The cost of the exam is the applicant's responsibility.

Upon receipt of an acceptance letter from the School of Nursing, the student will be required to complete the Program Intake for Nursing School orientation on uLearn and attend an orientation meeting before the first semester of nursing classes begin. The student must complete required forms and health-related requirements prior to the first semester of nursing classes. The accepted student must submit to the School of Nursing a current health record (and must keep this record current). Evidence of in-force liability insurance and current cardiopulmonary resuscitation certification by the American Heart Association is required for enrollment in clinical nursing courses. Students may be required to have a criminal background check and a drug screen based on hospital policy. It will be the student's responsibility to pay for any cost associated with the criminal background check and/or drug screen.

When applying to the Georgia Board of Nursing to take NCLEX upon graduation, students will be required to complete a criminal background check and drug screen according to a Georgia law that went in to effect in July 2008. Students may be required to provide documentation to the Georgia Board of Nursing explaining any such positive findings on the criminal background check. The Georgia Board of Nursing has the exclusive authority to issue a license for the Registered Professional Nurse and could decline to issue a license based on an applicant's prior criminal record. Further information regarding this requirement can be obtained from the Georgia Board of Nursing or any other state licensing board where practice is contemplated.

Program Financial Information

Clinical practice will require that the applicant obtain student uniforms that meet School of Nursing standards. Additional costs that are the responsibility of the student include 1) the cost of cardiopulmonary resuscitation certification and liability insurance; 2) the cost of lab supplies; 3) the cost of a standardized testing program; and 4) the cost of criminal background checks and drug screens.

Program Academic Regulations

A minimum grade of C (2.0) is required in statistics and all courses designated as nursing or allied health. All nursing majors must maintain a minimum GPA of 2.0 to remain in the nursing sequence.

Enrollment in a course may be terminated at any time if, in the judgment of the instructor, the student's behavior jeopardizes patient safety. This termination would result in a course failure and may result in dismissal.

A student may repeat a nursing or allied field course in which a grade of D, U, F or WF was received one time only. Failure of the repeated course or a second nursing or allied field course results in termination from the program. In the event a student is unsuccessful in Nurs 3510, Nurs 3610, Nurs 3710 or Nurs 3810, the student may take one new clinical course (Nurs 3510, Nurs 3610, Nurs 3710, Nurs 3810) concurrently with the course that must be repeated.

The Byrdine F. Lewis School of Nursing reserves the right to require the withdrawal of any student at any time in order to preserve and maintain the school's standards of scholarship and conduct. Furthermore, if the student has been sanctioned for any violation of university rules, procedures, or policies, an automatic review and determination of that student's progress in the program will occur.

The procedure for reentering students may be found in the previous section entitled "Admission Requirements."

Each teaching team establishes the attendance policies for classroom and clinical experiences. In general, however, all learning experiences are required. Due to the complexity involved in selecting and supervising clinical learning experiences, students are required to complete all assignments promptly.

Traditional program students are expected to have completed the Regents' Test requirements by the end of the sophomore year. Selected achievement tests are required throughout the program. An end-of-program exit activity will be required of all nursing students. Generic students will be given an exit exam at the midpoint of the last semester before graduation. A passing score is required to meet graduation and program completion requirements.

Additional information, including information on program, policies and procedures, is included in the School of Nursing's *Undergraduate Student Handbook*. Students are responsible for the information in this handbook as well as that in other university publications.

Program Degree Requirements

Semester hours are shown in parentheses following an entry. Requirements for Areas A through E of the undergraduate core curriculum are listed in the "Core Curriculum" chapter of this catalog. The School of Nursing recommends the following specific courses in the core.

Area B: Phil 1010 is recommended as one of the two required courses

Area C: Spanish 1002 is recommended as one of the two required courses

Area D: Chemistry 1151K and 1152K or Biology 1103K and 1104K or Physics 1111K or 1112K are strongly recommended to fulfill the lab science sequence

Accreditation

The baccalaureate program of the Byrdine F. Lewis School of Nursing is approved by the Georgia Board of Nursing. The baccalaureate and master's programs are accredited by the Commission on Collegiate Nursing Education.

The School of Nursing maintains membership in the Council of Member Agencies of the Southern Council on Collegiate Education for Nursing of the Southern Regional Education Board, and the American Association of Colleges of Nursing.

Honors and Awards

Students may graduate with honors in the Byrdine F. Lewis School of Nursing if the criteria listed under the "Honors" section of this chapter are met.

Evangeline B. Lane Founders Award: This award is given to all graduating senior students in nursing who have a 3.5 overall average in those courses required for the bachelor of science degree in nursing and a 3.67 average in the nursing courses. These recipients will receive a certificate of achievement.

Byrdine F Lewis School of Nursing, is home to the Epsilon Alpha Chapter of the nursing honor society, Sigma Theta Tau International. At each induction, the Sigma Theta Tau Academic Achievement Award is presented to the member who has maintained the highest scholastic average upon completion of the baccalaureate program.

The Excellence in Pediatric Nursing is an award given by Children's Healthcare of Atlanta to an individual in each graduating class who has demonstrated high academic achievement and interest in Pediatric Nursing.

Dan Benardot, Division Head
Barbara Hopkins, Director, Didactic Program in Dietetics

The Didactic Program in Dietetics (DPD) is a Bachelor of Science degree program that provides the student with the appropriate course work to apply for a dietetic internship. The program is accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association (CADE), 120 South Riverside Plaza, Chicago, IL 60606, 312/899-5400.

Graduates of the DPD are eligible for any dietetic internship accredited by the CADE, which is required to take the national examination to become a registered dietitian. An accredited pre-professional practice program is also available in the Division of Nutrition. Contact the division for more information about the pre-professional practice program.

Mission Statement — Didactic Program in Dietetics (DPD)

To graduate students with the knowledge, insight, and skills to participate effectively as dietetic professionals in a contemporary society

Didactic Program Goals

Upon completion of the requirements for the Didactic Program in Dietetics (DPD), the graduate will:

1. Possess a broad educational background in the physical, biological, social, and communication sciences, along with advanced knowledge in the areas of food and nutrition as evidenced by successful completion of courses in the curriculum;

2. Have the comprehensive background needed to successfully complete a supervised practice experience (DI) and the registration examination as evidenced by supervised practice placements and pass rates on the registration examination for dietitians;
3. Have the didactic knowledge necessary to become competent, entry-level dietitians who can function in a variety of settings as evidenced by job placement and pass rates on the registration examination for dietitians; and
4. Have the ability to effectively use resources and apply research principles to investigate and resolve issues related to the dietetics field as evidenced by problem-solving and critical thinking skills.

Program Admission

The DPD, because of its professional nature, has more stringent admission requirements than those of Georgia State University. Students will be formally admitted into the DPD program for the nutrition degree at the beginning of the fall semester of the junior year.

Admission to the DPD requires completion of prerequisite courses and an application to the division. Application packets are available in February of each year and must be returned to the Office of Academic Assistance, College of Health and Human Sciences for review. Applications will be reviewed throughout the year for applicants who have met prerequisite requirements. March 1 is the deadline for fall admission. Applicants who plan to complete their prerequisite requirements after March 1 should submit their applications by the March 1 deadline, but they will be reviewed once final transcripts are received. Courses in nutrition, organic chemistry, human physiology, microbiology, and biochemistry must be completed within ten years prior to beginning the DPD. A student must have a minimum 2.75 GPA and must have a letter grade of C or higher in all science and nutrition courses. Selection will be based upon academic performance, a letter of reference from a college professor, and a statement of professional goals.

Nutrition courses completed at other institutions may be considered for transfer credit if they have been completed within ten years prior to beginning the DPD.

Program Financial Information

Students are required to purchase consumable materials in some laboratory courses.

Program Academic Regulations

Once admitted to the DPD, a student must maintain a 2.5 GPA and receive a grade of C or higher in all DPD courses. Students who earn U, D or F grades in any DPD course cannot continue in the program. Students with DPD GPA averages below 2.5 at the end of the academic year will not be allowed to continue in the DPD. Students who have GPA below 3.0 will not earn verification statements.

5140 Respiratory Therapy

Program Offered:

- **B.S. in Respiratory Therapy**

Advanced Standing Degree in Respiratory Therapy (A.S. to B.S Bridge)

Division of Respiratory Therapy

School of Health Professions

1228 Urban Life Building

404/413-1255

chhs.gsu.edu/rt

Lynda T. Goodfellow, School Director and Division Head

Robert Pettignano, MD, Medical Director

Respiratory therapy is a health care profession dedicated to the support and management of individuals with abnormalities or deficiencies of the cardiopulmonary system. The respiratory therapist is an expert in therapeutic and diagnostic modalities associated with the pulmonary system, as well as the heart. He or she must have a working knowledge of chemistry, microbiology, and physiology as well as respiratory therapy. This background affords the therapist the ability to become proficient in working with respiratory life support systems. Under the guidance and supervision of a physician, the therapist treats by employing academic knowledge and technical skill for direct patient care. For a dedicated man or woman who finds a service field rewarding, respiratory therapy offers a career opportunity as a vital member of the health care team that is both personally and financially rewarding.

The Division of Respiratory Therapy offers a program that leads to a Bachelor of Science degree. The program provides classroom study with observation, clinical experience, independent study, and seminars. The Georgia State University respiratory therapy program is fully accredited by the Commission on Accreditation for Respiratory Care (CoARC). The program provides classroom study, laboratory study and observation, clinical experience, computer-assisted instruction and simulation, seminars, and independent study. Classes generally meet on a daily basis from approximately 8:00 AM to 4:00 PM. Clinical courses in area hospitals (clinical affiliates) meet generally from 6:45 AM to 3:15 PM.

The overall purpose of the Division of Respiratory Therapy is to provide a quality education that is relevant and professionally sound to meet the respiratory therapy needs of the health care community. Inherent to this purpose is the goal to prepare respiratory therapists who are able to demonstrate the attitudes, skills, and knowledge required to meet the changing needs of the community. It will be necessary for the respiratory therapist to cooperate with all members of the health care team in identifying

and solving the problems related to respiratory diseases and disorders of the cardiopulmonary system. The respiratory therapist must be able to think critically, communicate effectively, demonstrate good judgment, and provide self-direction. It is a primary objective of the respiratory therapy program to educate well-qualified, competent respiratory therapists who demonstrate leadership ability.

The baccalaureate degree program in respiratory therapy seeks to establish an atmosphere in which the student achieves respect for the dignity and worth of the individual, the capacity for critical thinking, a genuine desire for knowledge, and the realization of his or her own potential. Graduates of the baccalaureate program are qualified to enter the Registry Examination System of the National Board for Respiratory Care (NBRC).

Program Admission

Admission to the Division of Respiratory Therapy is limited. In addition to meeting the general admission requirements of the university, the applicant must meet the specific admission requirements and regulations of the Division of Respiratory Therapy. Acceptance into the program is based competitively on the factors of demonstrated academic ability, consistency of performance, personal qualifications, including motivation and interpersonal abilities.

International applicants whose native language is not English, regardless of language of instruction, must submit acceptable results from the Georgia State Test of English Proficiency (GSTEP). Because of the communication demands in the profession of respiratory therapy, both with patients and staff members, and the critical nature of clinical care, adequate verbal and written comprehension of English is necessary.

Individuals who desire to pursue respiratory therapy as a profession and show academic ability may apply for admission. Enrollment in the Division of Respiratory Therapy is limited and, therefore, early application is advisable. The application deadline is March 15 preceding the fall semester in which admission is desired. The Office of Admissions evaluates the credentials of students transferring from other colleges and universities. **Acceptance into the university does not ensure admission into the respiratory therapy program.**

Students taking the prerequisite courses in colleges or universities other than Georgia State University should take equivalent course work.

Students are admitted into the professional courses in the fall of the junior year. A minimum grade point average of 2.50 is required. Higher GPAs receive preference for admission.

A.S. to B.S. Bridge Program

The Division of Respiratory Therapy has a comprehensive advanced standing policy. Students who are graduates of CoARC-approved A.S. degree programs and are Registered Respiratory Therapists (RRT) may apply for advanced standing to the B.S. degree program. The department utilizes the following mechanisms to assess the awarding of credit in advanced standing: transfer credit and credit for professional credentials. The department maintains a philosophy of educational flexibility to meet the needs of the profession.

An Integrated B.S. to M.S. degree is an option to those who have a bachelor's degree in another field and wish to enter the respiratory therapy profession. See the Graduate Catalog for details.

Program Financial Information

During the junior year, students can expect to pay approximately \$750 for uniforms, stethoscopes, student liability insurance, and books. In the senior year, expenses are estimated at approximately \$1200. This includes books and expenses related to NBRC self-assessment and credentialing exams.

Program Academic Regulations

A minimum grade of C is required in all major, major-field-related, and mathematics and natural sciences courses for graduation. If a student's progress is interrupted at any point in the program through withdrawal or unsatisfactory performance, the student will no longer be in the program. If an individual applies to reenter the program, consideration will be given on the same basis as any new applicant. Curriculum changes are made whenever necessary to keep the learning experiences up to date and relevant in this rapidly changing technological field. Students will be expected to subscribe to these changes whenever they are necessary.

Students are expected to provide their own transportation to clinical training sites. Students are expected to comply with the policies and regulations of the division regarding absences, tardiness, standards of performance, conduct, dress code for the clinical areas, and other regulations as specified. A copy of these policies and regulations may be obtained from the division and will be given to all entering students.

Although respiratory therapy courses are intended to be taken by students majoring in the Division of Respiratory Therapy, selected courses may be taken by non-majors with written permission of the instructor of each course and the division head. All professional courses involving a component of clinical training are open only to professional program majors.

5150 Social Work

Program Offered:

- **Bachelor of Social Work (BSW)**

School of Social Work
1242 Urban Life Building, 404/413-1050
www.gsu.edu/socialwork

The purpose of social work education is to prepare competent, effective social work professionals who are committed to practice that includes service to socially marginalized populations, and who work to alleviate poverty, oppression, and discrimination. Social work education is based upon a specific body of knowledge, values, and professional skills, and is grounded in the profession's history and philosophy. Education for the profession promotes the development and advancement of knowledge, practice skills, and services that further the well being of people and promote social and economic justice. Social work education is responsible for the production and application of research and scholarship aimed at advancing social work practice. ("Curriculum Policy Statement for Baccalaureate Degree Programs in Social Work Education," Council on Social Work Education, *Handbook of Accreditation Standards and Procedures*, 4th Edition, p. 96.)

The School of Social Work offers a Bachelor of Social Work degree (BSW) through an educational program accredited by the Council on Social Work Education (CSWE). Both the academic content of the program and its administrative procedures are consistent with the accreditation standards of CSWE. The social work curriculum represents a highly developed plan of professional education that consistently emphasizes the interface between theory and practice. The curriculum for the BSW degree may be viewed in two major sections. The lower division (60 semester hours), a liberal arts foundation, reflects those content areas which meet the standards prescribed by the Board of Regents of the University System of Georgia and by the College of Health and Human Sciences. The upper division courses (60 semester hours) have been developed to meet the

guidelines for baccalaureate social work education as prescribed by CSWE, particularly as those courses can maximize appropriate knowledge and skills for entry-level, generalist social work practice.

The goal of the School of Social Work is to prepare students for competent and ethically responsible generalist social work practice. Specific objectives of the school are: (1) to enable students to demonstrate appropriate knowledge, skills, and values necessary for the beginning level of professional generalist social work practice with individuals, families, groups, organizations, and communities in an urban setting; and (2) to prepare academically qualified students for graduate social work. Successful completion of this program may lead to advanced standing in many accredited graduate programs of social work.

Program Admission

The requirements and procedures for admission to Georgia State University are summarized in the university section of this General Catalog. That application process permits a potential student to indicate the college in which the individual wishes to register upon acceptance and to indicate the intended major. Based upon that application, an individual may be accepted by the university and by the College of Health and Human Sciences. Entering students who wish to major in social work begin their affiliation with the School of Social Work in a Pre-Social Work (PSW) status. A later, separate application and decision process is required before a student can be formally accepted into the Bachelor of Social Work (BSW) status. The priority application deadline is May 15 prior to the junior year. However, applications will be accepted after that date until August 1 on a space availability basis. (BSW applications are NOT processed between August - December.)

Pre-Social Work (PSW) Student

All students admitted to the School of Social Work begin as Pre-Social Work (PSW) students and change their status only after the student has made formal application and formal admission has been granted. PSW status is assigned to students who have not completed all lower-division courses in Areas A-F or have not met GPA eligibility requirements. To complete these areas, PSW students must register only for the lower-division courses specified in their advisement files.

Bachelor of Social Work (BSW) Student

For a student to be considered for BSW status, the student must:

1. Be in good standing at Georgia State University with a minimum institutional GPA of 2.0.
2. File a formal application in the school for BSW status.
3. Have grades of C or higher in English 1101 and 1102.
4. Have successfully completed Areas A through F (except SW 2000).
5. Have a minimum grade point average of 2.5 or better in the lower-division courses counted for completion of Areas A-F and a minimum grade of C or higher in SW 2000, if completed.

BSW status indicates that a student has demonstrated commitment to professional social work and has been recognized by the school as being ready to utilize that commitment in the demanding preparation for practice in this field. A student with BSW status is expected to internalize the values and ethics of social work and to develop and enhance professional practice skills. In this process, the BSW student is expected to abide by the academic regulations related to the program as outlined in this catalog and in the school's *Student Handbook*. Among those academic regulations is the requirement that a student have a grade of C (2.0) or better in each of the social work major courses that are required in Area G.

Entry into the BSW program is a selective process on a space availability basis. A student who meets only the minimum GPA or other criteria is not necessarily guaranteed acceptance. Qualified students who are denied entry at one point in time will be placed on a competitive waiting list in the order of their denial to await possible access to the program at a subsequent time.

Program Financial Information

A \$30 field site application is due by February 15 of the Junior year, no other special fees are associated with the Bachelor of Social Work program. Students must pay all tuition and fees required by the University.

Program Academic Regulations

Students in the School of Social Work are required to participate in academic advisement. Each entering PSW student is assigned to a professional staff member in the Student Advisement Center or in the college's Office of Academic Assistance who serves as the student's academic adviser. PSW students should meet with that assigned academic adviser prior to registering for any courses, and those advisement appointments are available during any semester. When the student achieves BSW status, the student will be reassigned to the director of the BSW program for program advisement. The director of the BSW program will be the advisor throughout the program. The student is expected to meet with the assigned academic adviser at least once each academic semester for the purpose of beginning or enhancing acculturation to the field of social work, as well as for sequencing course selections in accordance with school procedures. BSW advisement appointments are scheduled only during the fall and spring semesters, so students are expected to plan accordingly.

Course sequencing in the BSW program begins only in the fall semester, and a student is admitted to BSW status in accordance with that schedule. PSW and BSW students are expected to follow the written course advisement plan developed in the advisement process, both in terms of course selections and in the sequencing of those courses. Deviations from the advisement plan without the written authorization of the assigned academic adviser or the BSW program director may result in the school's blocking future registrations that do not conform to the advisement plan or may result in an extension of their course of study. In

addition to the review and possible withdrawal of a student from the program, as described in "Review of Academic and Professional Practice Demands," a student who misses or fails a course but is permitted by the school to continue in the program must work closely with the assigned academic adviser and the BSW program director to determine the most appropriate point at which to continue degree-related course work. If a student in BSW status is inactive for two academic semesters, the student will be returned to PSW status and must file a new, competitive application to reenter the BSW status.

Field Education

Field education is an integral component of the BSW curriculum and involves the placement of social work students in educationally supervised agency settings. The primary purpose of field education is to enable students to integrate social work theory and practice through the direct application of social work knowledge, values, and skills. Field education provides opportunities to test and refine classroom learning in professional social work settings. BSW students must have a minimum of 400 supervised hours of field education over a period of two consecutive semesters. Students are required to attend a classroom-setting field integrative seminar as part of their field education. The purpose of the integrative seminar is to provide field education students a forum for the synthesizing of classroom learning with their field-based internship.

Students may apply for field education only after lower-division and prescribed social work courses and other requirements have been satisfactorily completed, as explained in the school's *Student Handbook*. Students enroll in field education for the fall-spring semesters. Field education applications must be turned in to the Director of Field Education by February 15 for the following fall semester placement.

Grant — Child Welfare

The School of Social Work, in partnership with the Georgia Department of Human Resources, has scholarships available under the Title IV E, Child Welfare Training. The scholarship includes tuition and fees, books, and mileage. Recipients must take specific child welfare electives and must complete a field placement in a public child welfare setting. Upon graduation, recipients must commit to work for the Division of Family and Children Services on a year-for-year basis.

School of Social Work Policies and Procedures

Georgia State University is an equal educational opportunity institution. Faculty, staff, and students are admitted, employed, and treated without regard to race, sex, color, age, religion, national origin, sexual orientation, or disability. Georgia State University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, Sections 503/504 of the Rehabilitation Act of 1973, the American with Disabilities Act of 1990, the Vietnam Era Veterans Readjustment Assistance Act, as well as other applicable federal and state laws.

Students should refer to the current Undergraduate Catalog to ensure compliance with university policies and procedures.

Codes of Ethics

All students admitted into the B.S.W. program are expected to read, understand, and follow the National Association of Social Workers (NASW) *Code of Ethics*. This code provides a set of values, principles, and standards to guide conduct and decision making when interacting with clients and colleagues and for when critical issues arise. A copy of the Code of Ethics can be found at the NASW website (www.naswdc.org)

Review of Academic and Professional Standards – The Policy

Students admitted into the School of Social Work will be held by the academic standards set by the University and the College of Health and Human Sciences. Students will be held to the professional standards set by the school and the National Association of Social Workers. Students should familiarize themselves with these requirements as found in the undergraduate and graduate catalogs for the university and the College of Health and Human Sciences.

A. Academic Competence

Undergraduate students are required to maintain at least a grade of C (2.00) or better in each of the social work major courses in Area G, and be in academic good standing with the University (an institutional GPA of 2.00). In cases where a student has a grade of D or F in an Area G course, the student must meet with the BSW Director and another faculty member of the BSW Committee to determine whether the student is eligible to continue in the program. If the student is allowed to continue in the program, he or she must retake the course and receive a grade of C or higher. Due to course sequencing, graduation date may be postponed in this situation. Undergraduates must also complete a minimum of 400 hours of field placement.

B. Professional Competence

Georgia State University's School of Social Work has the goal of educating competent social work practitioners. If a student fails to meet the standards set by the National Association of Social Workers and/or the School of Social Work, corrective action may be taken. Corrective action is intended to provide students and faculty with the opportunity to openly discuss problems and issues identified, and to seek a solution to correct the situation or problem presented. Dismissal from the program is an option and may supercede any discussion of corrective action. Professional incompetence signifies that a student is not adequately or appropriately performing at his or her program level.

Failure to comply with the policies and procedures of Georgia State University and/or the College of Health and Human Sciences and/or the School of Social Work may result in a student's dismissal from the program.

Program Degree Requirements

Semester hours are shown in parentheses following an entry. Requirements for Areas A through E of the undergraduate core curriculum are listed in the "Core Curriculum" chapter of this catalog. Only senior BSW majors may take: SW 3720, SW 3730, SW 4930, SW 4940.

7010.20 Mission of the J. Mack Robinson College of Business

The J. Mack Robinson College of Business of Georgia State University is committed to academic excellence through advancing the creation and dissemination of knowledge in business and management. Moreover, the college seeks to prepare its students for the practice of management with the knowledge and skills needed to remain effective in a global, culturally diverse, and technologically advanced world that is characterized by rapid change and complex interdependencies. As an academic unit of Georgia State University, the Robinson College seeks to add value to private, public, and not-for-profit organizations through excellence in its research, education, and outreach programs. The college enjoys a location that is distinctive among business schools and is committed to taking full advantage of its proximity to multinational corporations, entrepreneurial enterprises, federal, state, and city agencies, and not-for-profit organizations.

7010.21 Mission of the B.B.A. Program

The mission of the Bachelor of Business Administration (B.B.A.) program is to provide a broad general education and the core business knowledge and skills to prepare both traditional and nontraditional students for entry-level positions in private, public, and not-for-profit organizations and to stimulate in students a desire for lifelong learning. The program relies on a complement of full-time and part-time faculty using the most effective educational methods and technology to meet this mission.

7010.22 Objectives of the B.B.A. Program

The faculty seeks to fulfill the mission of the B.B.A. program by accomplishing the following objectives:

- Students will demonstrate effective communication skills.
- Students will effectively and efficiently use computer technology.
- Students will effectively and efficiently analyze and solve business problems.
- Students will function effectively as team members.
- Students will demonstrate a desire for lifelong learning.

7010.30 Accreditation

The J. Mack Robinson College of Business is accredited by the AACSB International, the Association to Advance Collegiate Schools of Business. The accounting programs of the college also hold accounting accreditation granted by the AACSB. The Institute of Health Administration is accredited by the Commission on Accreditation of Healthcare Management Education. The program in hospitality administration is accredited by the Accreditation Commission on Programs in Hospitality Administration.

7010.40 Bachelor's Degree Offered

The Robinson College of Business offers the Bachelor of Business Administration with ten majors. The requirements for the B.B.A. degree are shown later in this chapter. A degree is awarded only after admission to and completion of the prescribed program in accordance with the specific degree requirements and academic regulations of the college and the university.

7010.50 Tutorial Facilities

Tutorial facilities are available to students who may need assistance with writing or mathematics and are described in the "College of Arts and Sciences" chapter of this catalog.

7020 Academic Regulations

Students seeking a degree in the Robinson College of Business are encouraged to become familiar with the academic regulations of the university that are given elsewhere in this catalog. The sections concerning transfer requirements and the university degree policies, including the residence requirement, the core curriculum, the constitutions and histories requirement, the Regents' Test, application for graduation, academic recognitions, withdrawal from classes, incomplete grades, and scholastic discipline, are of particular importance. (Consult the index for the page numbers of these sections.) The college regulations discussed below should also be read carefully.

7020.10 Credit Transferred from Other Institutions

Some majors require that transfer credit for upper-level major courses be no more than five years old at the time the student enrolls in the B.B.A. program. Contact the Office of Undergraduate Academic Assistance for further information.

Course credit transferred from two-year colleges shall apply only toward freshman- or sophomore-level credit.

No more than 27 semester credit hours of course work earned through correspondence or extension will be accepted toward the B.B.A. degree. Courses completed through correspondence or extension may not apply toward junior- or senior-level credit.

Reenrollment after Transferring Elsewhere: Undergraduate students who enroll at another institution as regular students (as opposed to transient- or visiting-student status) will be considered as having transferred to that institution. If such students later reenroll in the B.B.A. program, regardless of the length of the absence, they will be subject to the curricular degree requirements in effect at the time of their return. Such students are encouraged to discuss their transfer to the other institution with their academic advisor in the Office of Undergraduate Academic Assistance in advance if they intend to apply this work toward a degree of the Robinson College of Business. Students may not take courses for degree credit at another institution during the semester they expect to graduate from Georgia State University.

7020.20 Policy on Allowing Undergraduates to Take Graduate Courses

Students with a cumulative grade point average of 3.50 or higher who have at least 18 semester hours of credit at Georgia State University and who are in their senior year may petition to take up to two graduate courses in the Robinson College of Business in lieu of undergraduate courses. Students interested in petitioning should contact the Office of Undergraduate Academic Assistance for a statement of restrictions and procedures pertaining to this policy.

7020.30 Minimum Grade Requirements for B.B.A. Students

A grade of C- or higher is necessary to receive degree credit in the following required courses in the B.B.A. degree program: Acct 2101-2102, Econ 2105-2106, CIS 2010, BusA 2106; all the courses in the junior-year business core; the junior-year communication requirement; all the courses in the major; BusA 4980; the junior/senior RCB electives.

Students may not register for Acct 2102 until the first course in the given paired sequence is passed with degree credit (i.e., a grade of C or higher).

In addition to the minimum grade requirements in these courses, a grade of C- or higher must be earned by actuarial science majors in Math 2215.

7020.40 Minimum GPA Requirement for All Students Enrolled in RCB Courses

Students, regardless of degree program or status, may not enroll in upper-level courses (those numbered 3000-4999) offered by the Robinson College of Business if their cumulative Georgia State University grade point average is below 2.50. Students should be aware of the following information and responsibilities:

- This regulation will apply in early registration if the current cumulative Georgia State GPA is below 2.50.
- Students who register for 3000/4000-level RCB courses in early registration but whose cumulative GPA falls below 2.50 at the end of the semester must amend their next semester's schedule in regular or late registration. The 3000/4000-level RCB course(s) must be dropped. The college's expectation is that students will act in a responsible manner in abiding by this regulation of the RCB faculty.
- Students in their first semester at Georgia State are not affected by this regulation for that semester only.
- Having only 3000/4000-level RCB courses remaining for degree credit is not justification for an exception to this regulation. The college encourages students to put forth their maximum effort throughout their academic career at Georgia State if they wish to avoid the time and expense involved in taking courses that do not count for degree credit. When this situation occurs, however, it is the college's position that students can always benefit from any course taken regardless of whether the course is part of the students' program of study.

7020.50 Course Sequencing Requirements

Students are expected to proceed through the B.B.A. program in proper sequence to receive maximum benefit from their studies. Courses that are intended for the freshman through senior years are indicated by the course numbering system (1000 level

through 4000 level, respectively). The lower-level courses taken in the freshman and sophomore years provide a foundation of general education on which the junior and senior years are based.

Sequencing requirements for all students and specifically for B.B.A. students follow. Students who violate any of the course sequencing requirements are subject to disenrollment by the college regardless of performance or time lapse and will be allowed a tuition refund in accordance with the university's refund schedule.

7020.60 Sequencing for All Students Enrolled in RCB Courses

Students may not register for any 3000/4000-level course taught by the Robinson College of Business until they have earned at least 45 semester hours of college-level credit.

7020.70 Sequencing for B.B.A. Students

B.B.A. students may not register for a course in the junior-year business core until Acct 2101, Acct 2102, Econ 2105, Econ 2106, and Math 1070 are completed with degree credit.

7020.80 Business Residence Requirement

At least 50 percent of the business credit hours required for the B.B.A. degree must be taken in residence at Georgia State University. This regulation is a requirement of the college's accrediting body. These are the courses in the B.B.A. program that are considered "business credit hours:" Acct 2101, Acct 2102, BusA 2106, CIS 2010, Fi 3300, MGS 3100, MGS 3400, Mk 3010, BusA 4980, courses in the major (18-21 semester hours, depending on the major chosen), RCB electives (9-12 hours).

7020.90 Core Curriculum

As stated in the "Core Curriculum" section (1410) of the "University Degree Requirements and Graduation" section of this catalog, the university complies with the requirements of the core curriculum of the University System of Georgia. The 60 semester hours of course work for the freshman and sophomore years of the B.B.A. program are designed to conform to that core.

Transfer students from institutions in the University System of Georgia who followed the core curriculum at their previous institution and earned sufficient grades in courses listed in areas A through E of the core curriculum will be granted transfer credit for those relevant courses. This may mean that credit will be granted for courses that differ from those which would be taken at Georgia State University, as shown in the curriculum listed below.

Transfer credit will be given in Core Area F of the B.B.A. program for students who were following the business transfer program at a two-year college or the business curriculum for a bachelor's degree at a four-year college or university in the University System of Georgia.

If a portion of a core area has been completed, then transfer credit for the corresponding portion at Georgia State will be granted.

7030 B.B.A. Degree Requirements

Areas A through E of the undergraduate core curriculum make up the first 42 semester hours of the freshman and sophomore years of the Bachelor of Business Administration degree program. These requirements are listed in the "University Degree Requirements and Graduation" chapter of this catalog as part of the description of the university's core curriculum. Courses in the core curriculum that are recommended by the Robinson College of Business faculty are given in that description. These suggestions reflect choices that will be particularly helpful in providing B.B.A. students with a strong foundation for Core Area F and the junior and senior years of the program.

The hours and course requirements for Core Area F, Business Foundation, and the junior and senior years are listed in this chapter. Please note the following information:

Refer to the "Business Residence Requirement" section, listed previously in this chapter, for information on the business credit hours that must be completed in residence at Georgia State University.

Students must have completed no fewer than 45 semester hours of college-level course work before taking 3000/4000-level courses in the Robinson College. Refer to the heading "Sequencing for All Students Enrolled in RCB Courses," listed previously in this chapter.

Consult the course descriptions section for prerequisites and descriptions of courses listed below.

B.B.A. Program Information

Lower-Division (Freshman/Sophomore) Years

Core Areas A through E. For courses that satisfy these requirements, refer to "University Degree Requirements and Graduation" of this catalog.

Core Area F: Business Foundation. (Minimum of grade of C- or higher is required in each course.)

- Acct 2101 Principles of Accounting I
- Acct 2102 Principles of Accounting II
- Econ 2105 Principles of Macroeconomics
- Econ 2106 Principles of Microeconomics
- CIS 2010 Introduction to Computer-Based Information Systems*
- BusA 2106 The Legal Environment of Business*

Upper-Division (Junior/Senior) Years.

Junior Business Core (Minimum of grade of C- or higher is required in each course.)

- BusA 3000 Globalization and Business Practices
- Fi 3300 Corporation Finance
- MGS 3100 Business Analysis
- MGS 3400 Managing People in Organizations
- Mk 3010 Basic Marketing

Junior Communication Course. (Minimum of grade of C- or higher is required in this course.)

- BCom 3950 Business Communication and Professionalism

Major. (Minimum of grade of C- or higher is required in each course.) The following major requires 18 semester hours in this portion of the curriculum:

Finance***

The following majors require 21 semester hours in this portion of the curriculum:

- Accounting
- Actuarial Science
- Computer Information Systems
- Economics
- Hospitality Administration
- Managerial Sciences
- Marketing
- Real Estate
- Risk Management and Insurance

Courses for each major should be selected after reviewing the appropriate school or department descriptions for each major that follow and, if needed, after consultation with a faculty adviser in the school or department that offers the major. The catalog describes each major and, if applicable, lists possible areas of specialization within the major. The required courses in each major, if any, are also listed in the school or department descriptions. The college reserves the right to amend this list of majors at the end of any semester.

Junior/Senior RCB Electives. (Minimum of grade of C- or higher is required in each course.)

Major requiring six semester hours of RCB electives: Actuarial Science, RMI 3750 and RMI 4350 must be taken as the RCB electives for actuarial science majors.

Major requiring nine semester hours of RCB electives: Accounting, Computer Information Systems, Economics, Finance,** Hospitality Administration, Managerial Sciences, Marketing, Real Estate, Risk Management and Insurance.

These electives must be selected from 3000/4000-level courses in the Robinson College of Business that are outside the student's major and are not cross-listed with courses in the student's major. Majors other than economics may also select from the 3000/4000-level courses in the Department of Economics in the Andrew Young School of Policy Studies. Refer to the online course listing at www.gosolar.gsu.edu/webforstudent.htm to determine the Georgia state college that teaches a course. Do not refer only to the course title. For example, course titles with the words "business," "management," or "administration" in them are not necessarily RCB courses.

A cross-listed course is indicated by the parenthetical statement "Same as . . ." after the title in the course descriptions.

Junior/Senior Electives Outside RCB. These electives must be selected from the 3000/4000-level courses taught by Georgia State colleges other than the Robinson College of Business. These electives enable the B.B.A. program to meet the breath requirement of the college's accrediting body and cannot be taken in the Robinson College. Economics majors may not choose any economics courses for these electives.

Exceptions to the requirement that non-RCB electives be 3000- or 4000-level courses: Math 1070, 2211, 2212, 2215, and 2420 may be taken to satisfy all or part of the non-RCB elective requirement if the student will still have a minimum of 39 upper-level semester hours to complete at Georgia State. This provision ensures that the student will meet the university's academic residence requirement.

For the following two specific majors, these required 2000-level mathematics courses may be used to satisfy part of the non-RCB elective requirement:

Actuarial Science: Mathematics 2211, Mathematics 2212, and Mathematics 2215 (grade of C- or higher required in Math 2215). These courses carry four semester hours of credit each. If the student's mathematics background permits beginning this calculus sequence in Core Area A or D (in place of college algebra and/or precalculus), three-semester-hour courses that meet the requirements for non-RCB electives will replace Mathematics 2211 and/or Mathematics 2212. Thus, this portion of the curriculum can range from 10 to 12 semester hours.

Business Policy. (Minimum of grade of C- or higher is required in this course.)

BusA 4980 Strategic Management Policy

* Students who transfer from other institutions in the University System of Georgia and have taken other approved courses in the Core Area F for business will take CIS 2010 and/or BusA 2106, as appropriate, in the Junior/Senior RCB electives section.

** Finance majors must take Acct 4210 as one of the RCB electives. The finance major requires an additional three semester hours that are either an RCB elective or a 4000-level finance course.

7030.20 Information Technology Access and Skill Requirements

Access Requirements: Because information technology is an integral part of business decision-making, courses in the Robinson College of Business frequently incorporate assignments that require computing skills. Consistent with university policy available at www.gsu.edu/ist/policies.html, the Robinson College requires students to be responsible for providing computer and Internet access for all RCB courses and programs.

Hardware and Software Requirements: Georgia State has standardized on the Microsoft Office Suite in the student computer labs. Students may consult the university's Office of Student Financial Aid for information about possible funding opportunities for computer and Internet access expenses.

Skill Requirements: Although students can expect to enhance their information technology skills as they work toward their degrees, the college expects all students to have certain basic skills before enrolling in any business course. These skills are defined as Basic Microcomputing Skills and are described below in the CSP 1 skills definition.

When courses require additional computing skills, these Computing Skill Prerequisites (CSP's) are listed by number in the catalog course description.

7030.30 Computing Skills Prerequisites(CSPs)/Definitions

CSP 1. Basic Microcomputing Skills: Understand the PC and its components; turn on the PC; use command-oriented, windows-based, and LAN operating environments to accomplish tasks such as formatting floppy disks, creating and navigating through directories and subdirectories, creating and deleting files, copying and renaming files, using help screens, loading application

software, exiting from application programs and operating environments in an orderly manner, and using appropriate measures to check for and prevent the spread of computer viruses.

CSP 2. Basic Microcomputing Spreadsheet Skills: Load the spreadsheet software; create, organize, and navigate through spreadsheets; format the spreadsheet or a block of cells; enter and edit formulas, values, and text; copy, move, and protect cells; insert and delete columns and rows; save and retrieve files; print spreadsheets; use financial, statistical, and mathematical functions such as totaling and averaging of rows and columns; create and print charts and graphs, create data tables, invoke existing macros, and use help screens.

CSP 3. Advanced Microcomputer Spreadsheet Skills: Use advanced spreadsheet features such as database commands and functions; create macros; create menu systems; and develop customized applications.

CSP 4. Basic Microcomputer Database Skills: Load database software, create databases; enter and edit data; add and delete records; list, query, and generate reports using the database; and use help screens.

CSP 5. Advanced Microcomputer Database Skills: Link databases through keys; create input screens; and develop customized applications.

CSP 6. Word Processing and Presentation Skills: **For word processing:** Load the word processing software; create, format, edit, and save documents; copy and move text; adjust margins, indents, and line space; adjust fonts and styles. **For presentation graphics:** Load the presentation graphics software; choose and modify templates; choose and modify slide layouts; insert slides; modify slide, handout, and note masters; change color schemes; apply effects, animation, and multimedia to slides; run a slide show. **For both:** Import tables, clip art, and graphs from other applications; use spell-checking; load additional toolbars; use help screens.

CSP 7. Basic Internet Usage: Send and receive Email messages including attachments of files; transfer files with FTP, compress and uncompress files with utility programs; use search engines to locate documents and find information on the web; navigate the web with a browser including copying/pasting/saving web information; download and set up web browser plug-in programs such as electronic document readers and audio/video players; use web-based clients such as library catalog systems to find specific information.

CSP 8. Advanced Internet Usage: Create formatted *.html pages with tags including links within and between pages; publish pages to a website; create image files and embed them in *.html pages.

Students should regularly consult the following website for updates and changes to the B.B.A. program and college regulations that occur after publication of this catalog and for other notices of interest to undergraduate students:

robinson.gsu.edu/academic/ouaa/updates.html.

The Robinson College of Business provides the Office of Undergraduate Academic Assistance for the benefit of its students.

Mission: This office supports the college's mission of and commitment to academic excellence by assisting enrolled students in the development of meaningful educational plans that are compatible with their life goals. The office helps undergraduate students become knowledgeable about academic programs, pertinent regulations, and services available throughout the university.

Areas of responsibility: To support the undergraduate aspects of its mission, the Office of Undergraduate Academic Assistance works with B.B.A. students in these areas:

- to provide programs of study for each major offer
- red by the college;
- to indicate to transfer students the specific credits for work done at other institutions which can be applied toward the B.B.A. degree;
- to assist students in course selections and schedule revisions each semester;
- to explain catalog regulations;
- to administer policies for the college and the university;
- to refer students to other sources of help in the university.

Students are advised by appointment except during walk-in times that are provided for brief questions that can be resolved in ten or fewer minutes. Walk-in advisement is 10 a.m. - 11 a.m. on Monday, Wednesday and Friday and 2 p.m. - 3 p.m. on Tuesday. Additional walk-in hours are available during some phases of registration. Contact the Office of Undergraduate Academic Assistance for dates and times. Appointment hours are 8:30 a.m. - 4 p.m. on Monday, Tuesday, Wednesday, and Friday and 8:30 a.m. - 1 p.m. on Thursday.

7040.10 Advisement

To ensure orderly progression through the degree program, students are urged to keep their catalogs and evaluations of credits readily available and to refer to them frequently as they schedule courses each semester. Students' familiarity with their degree requirements is the foundation for advisement provided by the college.

B.B.A. students can be advised by academic advisers in the Office of Undergraduate Academic Assistance as described in the preceding section. Advisement from this office is not mandatory for the B.B.A. program, but the college encourages students with questions about their degree requirements or the academic regulations of the college or university to contact their adviser.

All students also may consult faculty members in the academic units of the college with questions about course content or for help in selecting major courses after reviewing the description of the major in the catalog. Students should contact the academic unit in advance to arrange a conference with a faculty adviser.

7040.20 Robinson Career Management Center

The Robinson Career Management Center is committed to pro-actively helping Robinson College of Business students and alumni manage their career, develop excellent job search skills and connect with high-quality job opportunities, while providing employers with an outstanding recruiting experience. In addition, we provide employers with a central gateway for recruiting our current students and alumni.

Mission

The mission of Robinson Career Management is to help students in the Robinson College of Business effectively evaluate and implement their career plans. In addition, we help students and alumni manage their on-going career development. Fulfilling this mission includes offering students high-quality, individual services and information designed to help them meet their career objectives.

Services

The following services are available to undergraduates in the Robinson College of Business: individual career advising and assessment, resume and cover letter critiques, mock interviews, job and internship opportunities, campus interviews, and workshops pertaining to all aspects of the job search process. Our online job search system is the Robinson Career Connection, providing Robinson students with access to hundreds of internship, part time and full, time job opportunities. We also offer a wealth of opportunities through the technology we provide such as career assessments through CareerLeader, company and job research through software such as Vault and Hoovers, and mock interviews through Interview Stream. Many of these programs can be accessed online. Contact your Career Advisor for information and access codes.

Annual career fairs and networking events are sponsored to give students exposure to employers. These events offer an excellent opportunity to make personal contact and gather information concerning specific companies, internship programs, staffing needs, and industry trends.

7050 Student Complaints, Petitions for Policy Waivers and Variances, and Appeals

The appeals procedure for students in the J. Mack Robinson College of Business will follow different courses depending on the nature of the student's appeal. Please refer to University Information Section 1050.80 under Policies and Disclosures in this catalog or visit www.gsu.edu/es/24954.html online for details.

7060 College Honors Day

Each spring semester a College Honors Day is observed to recognize students in the Robinson College of Business for their academic excellence.

7070 Beta Gamma Sigma

Membership in Beta Gamma Sigma is the highest general scholastic honor a business student can receive at Georgia State University, and it is recognized as such throughout the academic and business communities. Nominations for membership in this national honorary business fraternity occur early in spring semester. Second-semester juniors who are in the upper seven percent of their class and seniors in the upper ten percent of their class are eligible for nomination.

7080 Business Learning Community

The Robinson College of Business offers a special Business Learning Community (BLC) for sophomore students in the fall and spring semesters. The BLC builds on the successful model of the Freshman Learning Community, giving students an integrated business curriculum and providing them with an introduction to the many programs offered in the Robinson College of Business. (See the Freshman Learning Community heading in a later chapter of this catalog.) Enrollment in the BLC is on a first-come/first-serve basis and requires a minimum 3.00 Georgia State GPA.

Students who are not a declared major in the Robinson College may be interested in the BLC program as the basis for a business minor. For students who are undecided about their major but have an interest in business, the BLC is a good way to get exposure to some business disciplines with required courses in the B.B.A. program. One of the major benefits of the BLC program is that its structure allows students to take multiple classes with a group of classmates, providing opportunities to work and learn together. The classes in the learning community are limited to 40 students, providing opportunities for more interaction with professors.

The Business Learning Community consists of the following grouping of courses:

Fall Semester:

- Econ 2105 Principles of Macroeconomics
- Acct 2101 Principles of Accounting I
- BusA 3000 Globalization and Business Practices
- Plus two additional three-hour courses of the student's choice.

Spring Semester:

- Econ 2106 Principles of Microeconomics
- Acct 2102 Principles of Accounting II
- BusA 2106 Legal Environment of Business
- Plus two additional three-hour courses of the student's choice.

7100 School of Accountancy

Programs Offered:

- **B.B.A. in Accounting**

5th floor, Robinson College of Business Building,
404/413-7200

Galen R. Sevcik, Director
Siva Nathan, Undergraduate Program Coordinator

Course prefix: Acct

The undergraduate accounting program is designed to provide the foundation-level technical and analytical accounting knowledge and skills needed to become a professional in the accounting field and to pursue a fifth (graduate) year of accounting study. The primary emphasis of the program is preparation for students who wish to apply for admission to the Master of Professional Accountancy program. In addition, the program is designed to provide appropriate preparation for entry-level positions in business and for graduate study in law or other business fields. The B.B.A. in accounting focuses on broad business and accounting exposure based on a sound foundation of general education.

Accountants today are expected to participate extensively in the general area of business management. The profession of accountancy is becoming increasingly divergent, encompassing such areas as financial and operational auditing, operations research, information systems development and assurance, financial reporting, corporate tax planning, and cost analysis and control.

In recognition of the advisability of acquiring a broadly based education in liberal arts and general business subjects, as well as the necessity of a thorough foundation in the highly specialized and diversified fields of accounting, a person desiring a career in accounting is encouraged to complete the entire professional program of study leading to the Master of Professional Accountancy degree.

7100.10 Program Admission

There are no admission requirements specific to the Accounting program. However, Accounting students are required to meet all University and College admission requirements.

7100.20 Program Financial Information

There are no special fees associated with majoring in Accounting. However, Accounting majors must pay all tuition and fees charged by the University and the College.

7100.30 Program Academic Regulations

Minimum Grade Requirement to Satisfy Prerequisites to any Acct Course:

- A Minimum of Grade of C- is required to satisfy the prerequisites to any accounting course.
- Minimum Grade Requirement to enroll in Acct 4020, Acct 4111, and Acct 4210: Students need a grade of B- or higher in both Acct 2101 and Acct 2102, in order to enroll in Acct 4020, Acct 4111, Acct 4210.
- Required Major Courses (credit hours): Acct 4020(1), Acct 4111(2), Acct 4112(3), Acct 4113 (3), Acct 4210(3), Acct 4310(3), Acct 4510(3), and Acct 4610(3), for a total of 21 credit hours. Students are advised to take Acct 4020, Acct 4111 and Acct 4210 in the same semester.
- Recommended Courses: Psyc 1101 or Soci 1101 as the Core Area E social science electives; LgIS 4050 as an RCB elective; and Phil 3730 as a non-RCB elective. Recommended courses for students planning to enter the Master of Professional Accountancy's accounting systems specialization: Math 2420 as a non-RCB elective; CIS 3260 as an RCB elective.
- Other Requirement: Transfer credit toward the accounting major courses may not be more than five years old at the time the student enrolls. Students who reenroll after an absence of more than two years may retain major credit only for course work that is less than five years old at the time of reenrollment; this includes Georgia State credit and transfer credit.

7100.40 Certified Public Accountant (CPA) Examination

Taking the Uniform Certified Public Accountant (CPA) examination in the state of Georgia: Beginning with the November 2003 administration of the Uniform CPA Examination, candidates may qualify to take the examination based on having earned a baccalaureate degree with a concentration in accounting. A concentration in accounting is defined as completion of 20 semester hours in accounting subjects above the principles level at a 4-year accredited college or university that offers a baccalaureate degree.

Obtaining a license to practice as a Certified Public Accountant (CPA) in the state of Georgia: A candidate must pass the CPA Exam and meet additional educational and work experience requirements, to obtain a license to practice as a CPA. Students must have completed no fewer than 150 semester hours of college credit, of which 30 semester hours have to be in accounting above the principles level and 24 semester hours in general business subjects. An applicant who meets the general, educational, and examination requirements will be issued a license to practice as a CPA upon presenting evidence that such applicant has attained two years, including 4,000 hours, of continuous experience in public accounting, under the supervision of a person licensed to practice public accounting, immediately preceding the date of application for the certificate. Five years, including 10,000 hours, of continuous employment in the accounting field in business or industry, under the supervision of a person licensed to practice public accounting, or in government or college teaching, may be accepted in lieu of the aforementioned experience requirement. Part-time experience is permitted if it is continuous.

Students may take the CPA Exam after obtaining their undergraduate degree in accounting from Georgia State University. However, the School of Accountancy recommends that students meet the licensing requirements of the law by being admitted to either the Master of Professional Accountancy or Master of Taxation degree programs after completing an undergraduate degree. Students who plan to enroll at the master's level should become aware of the admission requirements early in their undergraduate studies; a strong academic record and satisfactory scores on the Graduate Management Admission Test are important factors in master's-level admission.

7110 Department of Computer Information Systems

Programs Offered:

- **B.B.A. in Computer Information Systems**
- **Minor in Computer Information Systems**
- **Certificate in Information Systems**

9th floor, Robinson College of Business Building
404/413-7360
cis.gsu.edu/

Carl Stucke, Associate Chair
Course prefix: CIS

In today's highly competitive global environment, the effective deployment of information technology has become the key to organizational success. There is a continuing shortage of individuals with the combination of business and technology skills needed to develop and manage information systems that provide competitive advantage in the global marketplace. The mission of the CIS major in the B.B.A. program is to produce graduates able to fill this need. Students will learn how to combine their general business knowledge with the latest software engineering tools and techniques to create information systems needed by today's organizations. Graduates will be prepared for careers in a variety of areas such as consulting, systems development, business process analysis, cyber security, IT project management, database administration, process architecture, and programming.

The Department of Computer Information Systems cooperates with the Department of Health Administration to offer a **specialization in Health Informatics of the CIS major**. The purpose of this specialization is to produce graduates that know how to effectively deploy information technology to innovate medical services and administrative processes within the healthcare industry. For more information, see Health Informatics below and www2.cis.gsu.edu/cis/HealthInfo/index.asp.

The Department of Computer Information Systems cooperates with the Department of Mathematics and Statistics in offering a concentration in computer information systems associated with the degree Bachelor of Science with a major in mathematics. This program is described under the offerings of the Department of Mathematics and Statistics in the "College of Arts and Sciences" chapter of this catalog.

7110.10 Program Admission

There are no admission requirements specific to the Computer Information Systems program. However, Computer Information Systems students are required to meet all University and College admission requirements.

7110.20 Program Financial Information

There are no special fees associated with majoring in Computer Information Systems. However, Computer Information Systems majors must pay all tuition and fees charged by the University and the College.

7110.30 Program Academic Regulations

Required Major Courses: All undergraduate CIS majors must complete CIS 3001 Managing Information Technology Projects, CIS 3300 Analyzing Business Systems (Systems Analysis), CIS 3730 Designing and Managing Data (Database Management), and either CIS 4970 Internship in an IT organization or CIS 4980 Practicing Real-World IT Skills. Majors must take three additional CIS courses.

Recommended Sets of Electives: The CIS Department highly recommends that students develop particular expertise in at least one Information Systems field as shown below. Please see the current version on the web at www2.cis.gsu.edu/cis/program/CISUGTrackView.pdf for any changes in the IS field (track) recommended courses.

- Business Process Analysis
- Cyber Security
- Information Technology Project Management
- Process Architecture
- Software Development

Additional information about individual courses appears at www2.cis.gsu.edu/cis/program/syllabus/index.asp.

Other Requirements: (1) Students may take CIS 4970 or CIS 4980 only after completion of all required 3000-level business core and CIS courses. (2) Transfer credit toward the CIS major courses may not be more than five years old at the time the student enrolls. Students who reenroll after an absence of more than two years may retain major credit only for course work that is less than five years old at the time of reenrollment; this includes Georgia State credit and transfer credit.

All CIS students must be proficient in the series of Computing Skills Prerequisites (CSP 1-8) listed in this catalog.

CIS Internship Program: The CIS department coordinates a limited number of internships for undergraduate CIS majors. These internships are with Georgia organizations and are subject to availability. For information and an application form, please visit www2.cis.gsu.edu/cis/internship/index.asp.

Health Informatics

The healthcare sector plays an increasingly important role in the US society and there is growing pressure to implement innovations that make it possible to deliver health services of higher quality and at lower costs. Healthcare institutions and processes are information-intensive in nature and the use of information technology (IT) to enable innovations has therefore been, and continues to be, in focus. On this background, there is a strong need for graduates that know how to effectively deploy information technology to innovate medical services and administrative processes within the healthcare industry. To graduate with a specialization in Health Informatics, students are required to complement a CIS major with the following RCB electives in Health Administration (9 hours): The Health Care System (HA 3900); Health Policy in the U.S. (HA 3910); Health Information Systems (HA 3970). For more information, see www2.cis.gsu.edu/cis/HealthInfo/index.asp.

7110.40 Minor in Information Systems

This IS minor is designed for undergraduate students who want to participate in the digital revolution that is transforming organizations and society. Information systems have become increasingly important in most fields including accounting, biology, communications, health, psychology, music, art & design, political science, sociology, and education. Students seeking a minor in Information Systems must complete 15 hours in upper-level CIS-prefixed courses. Non-business majors may substitute CIS 2010 for one CIS upper-level course.

All students pursuing a minor in Information Systems must maintain a 2.5 or higher GPA, and must earn a grade of C- or better in all courses counting toward the major. Please see www2.cis.gsu.edu/cis/program/cisminor.asp for more information.

7110.50. Certificate in Information Systems

The Certificate in Information Systems is designed for students in any undergraduate major who wish to prepare to meet business and personal challenges through the use of information technology. From accounting, marketing, and management through the arts, [biology](#) and the health sciences, legal and many other disciplines, information systems are a fundamental enabler.

A student taking courses to qualify for the Certificate in Information Systems is subject to the minimum Georgia State University and RCB cumulative grade-point-average requirement for entrance into RCB upper-level classes. Obtaining the Certificate in Information Systems requires completion of any three of the following courses (this list is subject to change -- usually through courses being added. Please check with cstucke@gsu.edu if you wish to use a CIS course not shown here as part of your certificate.

- [CIS 3001 – Managing Information Technology Projects](#)
- [CIS 3300 – Systems Analysis](#) (identify what a system needs to do)
- [CIS 3310 – Systems Design](#) (decide how the system will do this)
- [CIS 3320 – Telecommunications For Business](#)
- [CIS 3730 – Database Management Systems](#)
- [CIS 4000 – Introduction to Computer Forensics](#)
- [CIS 4120 – Defining and Innovating Business Processes](#)
- [CIS 4300 – Software Quality Management](#)
- [CIS 4700 – Managing IT Project Risk, Vendors and Contracts](#)
- [CIS 4620 – Management of Information Services](#)
- [CIS 4680 – Introduction to Security & Privacy](#)

Students must have a grade point average of at least 3.0 for the three courses, with all grades a B- or higher. Some of these courses have prerequisites and other requirements for enrollment. There are no additional fees required for the Certificate in Information Systems.

7120 Department of Economics

Programs Offered:

- **B.B.A. in Business Economics**

5th floor, AYSPS Building
404/413-0141

Mary Beth Walker, Chair

Course Prefix: Econ

The Department of Economics is part of the Andrew Young School of Policy Studies. For economics faculty listing, see the Department of Economics heading in the "Andrew Young School of Policy Studies" chapter of this catalog.

Economics examines the material prosperity of countries and their citizens in an interdependent world of limited resources and technological change. In doing so, it studies how decisions are made by private businesses, governments, and households in producing, consuming, and distributing goods. In general, economics is concerned with how society can obtain the greatest output from its limited resources. Economics is also concerned with monetary arrangements and their impact upon purchasing power and economic performance.

Economic principles yield basic insights into the workings of the market system and the national and international environment within which business operates. These principles provide analysis that is fundamental to understanding the organization and decisions of the government, business, and financial sectors. Economics also develops criteria for assessing the performance of the market systems and of governments regarding their efficiency and their impact upon the well being of consumers and workers.

Recent graduates with majors in economics have accepted positions as financial analysts for a real-estate financing firm and a major bank and as general manager for a recording studio, as well as having been accepted to prominent graduate programs in law and economics.

7120.10 Program Admission

There are no admission requirements specific to the Economics program. However, Economics students are required to meet all University and College admission requirements.

7120.20 Program Financial Information

There are no special fees associated with majoring in Economics. However, Economics majors must pay all tuition and fees charged by the University and the College.

7120.30 Program Academic Regulations

Required Major Courses: Econ 3900, 3910, 4999, and four other 4000-level economics courses approved by a B.B.A. faculty adviser. Econ 3900 and 3910 provide theoretical background for 4000-level courses and should be taken as soon as possible. Econ 4999 is only offered during the Fall and Spring semester of the academic year. The pre-requisites for Econ 4999 are Econ 3900, Econ 3910, and two 4000-level economics courses with a grade of C or better. Students are to plan accordingly with regard to the course pre-requisites and graduation.

Advisement for Major Courses: Economics majors must contact a B.B.A. faculty adviser in the department to discuss their selection of major courses and to file a program plan.. The following course groupings are offered merely as suggestions for students with interests in the areas listed:

- Business: Econ 4300, 4470, 4500, 4800, 4810, 4950, 4960.
- Local, State, or Federal Government: Econ 4210, 4220, 4300, 4350, 4400, 4470, 4500, 4950.
- Foreign Service or International Business: Econ 4500, 4600, 4610, 4620, 4800, 4810.
- Pre-Law: Econ 4450, 4470, 4680, 4800, 4810, 4960.
- Graduate Studies in Economics: Econ 4930, 4950.
- Graduate Studies in Business: Econ 4470, 4500, 4810, 4930, 4950, 4960.
- Graduate Studies in Human Resource Management: Econ 4470, 4950, 4960.
- Graduate Studies in the Social Sciences: Econ 4080, 4350, 4390, 4600, 4680.

7130 Department of Finance

robinson.gsu.edu/finance

Gerald D. Gay, Chair

Course Prefix: Fi

The goal of the undergraduate finance program is to prepare graduates to succeed in entry-level positions in finance and elsewhere in business. Careers in finance are available in nearly every organization from the small entrepreneurial firm to the large corporate organization as well as in the financial services industry including commercial and investment banking, insurance organizations and securities firms. Students completing the finance program will possess a number of proficiencies including a strong technical knowledge of finance, the ability to critically analyze and solve problems associated with the financial operations of a firm, and to prepare and present business reports of a financial perspective.

7130.10 Program Admission

There are no admission requirements specific to the Finance program. However, Finance students are required to meet all University and College admission requirements.

7130.20 Program Financial Information

There are no special fees associated with majoring in Finance. However, Finance majors must pay all tuition and fees charged by the University and the College.

7130.30 Program Academic Regulations

Notice to all students: A minimum grade of C- is required to satisfy the prerequisites to any finance course.

Required Major Courses: Fi 4000 (six semester hours), Fi 4020, and three additional 4000-level finance courses. See the recommended sequence below.

Recommended Sequence: The Department of Finance encourages all students pursuing a major in finance to take Fi 4000 and Fi 4020 early in their program of study. Fi 4000 is a prerequisite to all 4000-level finance courses except Fi 4020. Students may take Fi 4000 and Fi 4020 in any order or concurrently.

The following sets of electives in the major are suggested for those students who wish to develop particular expertise in various fields of finance. These are simply suggestions.

- Corporate: Fi 4300, 4320, 4200 or 4040.
- Financial Institutions: Fi 4400, 4420, 4200 or 4040 or 4300.
- Investments: Fi 4200, 4240, 4040 or 4300

- **Other Required Course:** Acct 4210 must be taken in place of one course in the Robinson College of Business electives portion of the program.
- **Other elective option:** One three-semester-hour elective can be chosen from the 4000-level finance courses or from the other 3000/4000-level courses taught by the Robinson College of Business.
- **Suggested electives:** Acct 4010, RE 4150, and RE 4160 are suggested as RCB electives.

7140 Institute of Health Administration

805 Robinson College of Business Building
404/413-7630

Andrew T. Sumner, Director

Course Prefix: HA

Health care represents the largest single sector of the economy, and many students will ultimately assume professional roles in fields that interact with health care in some manner. Health administration careers are available in many businesses and health care organizations in areas such as hospital and health system administration, physician practice management, consulting, research, marketing, information systems, managed care administration, finance, accounting, compliance, and human resources management. Since all consumers are part of an increasingly complex health care system, health administration courses are relevant and appropriate for all undergraduate majors.

Upper-level elective courses in health administration, perspectives courses in the core curriculum, and freshman learning communities are offered for those interested in acquiring general knowledge of the health care system, particularly those considering careers related to health care such as physicians, nurses, or other providers. Specifically, HA 3900, Introduction to the U.S. Health Care System, which offers introduction to the organization of health care delivery in the U.S., HA 3910, Health Policy in the United States, which examines how health care policy is developed, and HA 3970, Health Information Systems, which provides an overview of information systems in healthcare, are three elective courses. A health informatics specialization is available in the BBA computer information systems major. Although no BBA major is available in health administration, graduate degree programs are offered: Master of Business Administration/Master of Health Administration joint programs, Master of Science in Health Administration, and the MBA with a concentration in health administration.

The Institute of Health Administration at Georgia State University has a primary mission to prepare future executives to assume responsible managerial positions in health services and business organizations. It is the only program in North Georgia accredited by the Commission on Accreditation of Healthcare Management Education and is a full member of the Association of University

Programs in Health Administration. Over 1000 graduates hold numerous executive positions in health care and business throughout the nation.

7150 Honors Program

Robinson College of Business
Suite 1001
404/413-7555
robinson.gsu.edu/rcbhonors

Marta Szabo White, Director

Purpose

The Honors Program provides a cohort learning experience for top undergraduate Robinson College of Business (RCB) majors who strive to excel academically and accept the challenge of becoming strong, exemplary global business leaders. Honors classes will be offered for the junior business core courses, junior communications course, RCB electives, and Business Policy (capstone). A total of 27 hours of honors classes must be taken to graduate with honors. Students are strongly encouraged to participate in a study abroad program. In addition, at least one professional/social event for the RCB Honors students will be offered each semester. Honors students will also have the opportunity to network with Atlanta business professionals by serving as RCB student ambassadors at both the RCB Hall of Fame dinner and RCB Alumni Awards program. The RCB Honors Program presents students with a forum for unique opportunities, special recognitions and enhanced career prospects, while enriching the quality of their education.

Admission

Full-time students majoring in business who have completed at least 45 hours with a GSU grade point average of 3.5, or junior transfers who have a transfer GPA of 3.5 and SAT score of 1200 may apply. An interview with the faculty director of the RCB Honors Program is required for admission into the program. Students who have participated in the Freshmen and/or Business (sophomore) Learning Communities are encouraged to apply.

Scholastic Standards

Students must maintain a 3.5 grade point average (GPA) in order to remain in the honors program. A student whose average falls below 3.5 will be given up to two academic terms in which to attain a 3.5 GPA again.

Honors Recognition

Students who complete the RCB Honors program will receive special recognition at the RCB Honors/Awards program. In addition, the recognition will be recorded on the student's transcript and diploma with an honors seal.

Honors Housing

RCB honors students will have the opportunity to live at the special Honors section of student housing.

7160 Cecil B. Day School of Hospitality Administration

Programs Offered:

- **B.B.A. in Hospitality Administration**
- **Minor in Hospitality Administration**

210 Robinson College of Business Building
404/413-7615

Debra F. Cannon, Director

Course Prefix: HAdm

The mission of the Cecil B. Day School of Hospitality Administration is to provide leadership in the development of students for managerial roles in the hospitality and tourism industries, scholastic contributions to its constituencies, and service to the industry at the local, regional, national, and international level.

The primary goal is to provide a well-integrated curriculum incorporating courses in the arts, sciences, general business theory, and hospitality applications that will prepare our students for management positions in the hospitality industry.

The Cecil B. Day School of Hospitality Administration was named in honor of the late founder of the Days Inn Hotel chain. Cecil B. Day is remembered as an astute businessman who developed Days Inn to national prominence. He was equally respected because he gave freely of his time and wealth to worthy organizations. His legacy of excellence is the foundation upon which the program bases its philosophy for preparing future generations of hospitality executives.

The Cecil B. Day School of Hospitality Administration prepares its graduates for management careers in the following hospitality industry segments: hotel, restaurant, private club, food service, tourism, event planning, meeting planning, festivals, and trade shows. Graduates are awarded a bachelor of business administration degree with a major in hospitality administration.

Students majoring in hospitality administration will take 21 semester hours of required HAdm courses. These core courses will give the student a general knowledge of all segments of the hospitality industry. Specialized elective courses and work study experience allow students to gain additional insight regarding specific industry segments.

The school has the support of local, regional, and national hospitality executives. Georgia State University was the first institution of higher education to offer specialized courses in fair and trade show management. The school was chosen by the Club Managers Association of America to develop, produce, and direct their Business Management Institute for certification of club managers across the United States. The school is an approved location for testing for the National Restaurant Association and the Educational Institute of the American Hotel and Motel Association's certification courses.

The program was accredited in 1992 by the Accreditation Commission on Programs in Hospitality Administration, a specialized accrediting body and reaccruited in 2000 and 2007. The program is an institutional member of the International Council on Hotel, Restaurant and Institutional Education, the principle academic and professional association for hospitality education programs.

The School is home to the Green Hospitality Consortium which is a first-of-its-kind educational and informational resource for the academic and industry communities. Environmental awareness is also incorporated into each hospitality course with the inclusion of current international issues and trends.

The School of Hospitality has unique state-of-the-art facilities. The School's Hospitality Learning Center is the first dedicated classroom in the nation located within a major convention center, the Georgia World Congress Center. The School's Culinary Learning Center features a new food production kitchen lab.

The faculty of the program call upon practitioners to lecture on specialized industry topics. Industry managers and executives work with faculty and college administration to maintain a program relevant to industry needs. The school offers a mentoring program for hospitality majors as well as scholarships awarded annually.

7160.10 Program Admission

There are no admission requirements specific to the Hospitality Administration program. However, Hospitality Administration students are required to meet all University and College admission requirements.

7160.20 Program Financial Information

There are no special fees associated with majoring in Hospitality Administration. However, Hospitality Administration majors must pay all tuition and fees charged by the University and the College.

7160.30 Program Academic Regulations

Required Major Courses: HAdm 3010, 3401, 3402, 3720, 3750, 3760, 4100, 4800.

Robinson College of Business (RCB) Electives: As an exception to normal degree requirements, HAdm majors are required to select RCB electives from courses in the hospitality major. This exception is provided to fulfill the requirements of the hospitality administration accrediting body that HAdm majors specialize in more than one area of the discipline.

Faculty Advisement. All new hospitality administration majors are invited to have an initial meeting with the director of the program. Hospitality majors are also assigned faculty advisers. Students are required to meet with their faculty advisers each semester. The school offers orientation sessions at the beginning of each semester for new hospitality majors. Majors should call the school office to schedule appointments.

Work Experience Requirement. All students majoring in hospitality administration must have practical industry experience in order to be approved for graduation. Each student is given the opportunity to test career objectives and gain exposure to the work environment as it actually exists in the hospitality industry. This experience assists in developing professional work habits, provides for a smooth transition into full-time employment, helps develop self-confidence, and provides exposure to the different components of the hospitality industry. Students who have full-time jobs in nonhospitality occupations do not have to quit their jobs; however, in order to satisfy the requirements for the work-study experience, students are advised to begin working part-time in an adviser-approved hospitality position as soon as possible.

A required noncredit course, HAdm 4900, is offered each semester to assist students in meeting this work-study requirement. Students must register for this course during their senior year. They should obtain a course description packet from the school office and contact the Work Study Coordinator in the school for more detailed information.

7160.40 Certificate in Hospitality Administration

The Certificate in Hospitality Administration (CHAD) program is designed for nonhospitality majors. Admission to the CHAD program is subject to the minimum Georgia State cumulative GPA required for entrance into RCB upper-level classes. Obtaining the Certificate of Hospitality Administration is based on completion of at least four stipulated undergraduate hospitality courses with a combined GPA of 3.0 for these courses.

The certificate option is available for undergraduate, graduate, and postbaccalaureate students who are not current hospitality majors. Certificates are awarded by the Cecil B. Day School of Hospitality Administration to undergraduate and graduate students upon graduation from Georgia State University. For postbaccalaureate students, the certificates are awarded upon completion of the four courses with a cumulative GPA of 3.0.

This certificate focuses on operational aspects of hotels, restaurants, private clubs; meeting, special-event, and trade show management; and managerial functional areas in hospitality such as human resources, marketing, law, and cost control.

Specialization options within the certificate program are available. These specialty areas include hospitality operations, trade show and event planning, and meeting management.

Certificate Requirements: The Certificate in Hospitality Administration with a specialization in hospitality operations includes two courses from Group A and two courses from Group B:

Group A

- HAdm 3010 Perspectives in the Hospitality Industry (3)
- HAdm 3720 Hospitality Law (3)
- HAdm 3750 Hospitality Human Resources (3)
- HAdm 3760 Hospitality Marketing (3)
- HAdm 4100 Cost Control and Hospitality Financial Analysis (3)

Group B

- HAdm 3350 Meeting and Trade Show Management (3)
- HAdm 3400 Food Production (3)
- HAdm 3420 Restaurant and Food Service Management (3)
- HAdm 3590 Private Club Management (3)
- HAdm 3600 Expos, Fairs, and Entertainment Management (3)
- HAdm 3800 Selected Topics (3)

The Certificate in Hospitality Administration with a specialization in trade show and event planning requires a choice of two of the Group A courses. These Group B courses must be taken: HAdm 3350, Meeting and Trade Show Management, and HAdm 3600, Expos, Fairs, and Entertainment Management.

The Certificate in Hospitality Administration with a specialization in meeting management includes a choice of at least one Group A course. From Group B, HAdm 3310 is required along with HAdm 3350 and a selected topics course in Advanced Meeting Planning (HAdm 3800). The fourth course can be chosen from either Group A or Group B.

Certificate Applications and Fees. Interested students should apply for the certificate program through the School of Hospitality Administration. There are no additional fees required for the Certificate in Hospitality Administration.

7170 Institute of International Business

Suite 1430 Robinson College of Business Building
404/413-7275

S. Tamer Cavusgil, Director

The explosion of technological advances coupled with the rapid expansion of world trade means that business managers function in an economic environment where a local decision can have implications around the world almost immediately. An understanding of the global aspects of business is vital to success in today's world.

Though a B.B.A. major in international business is not currently offered, the Institute of International Business participates in the undergraduate program in several ways. An integral part of the Business Learning Community described earlier in section 7110 is BusA 3000, Globalization and Business Practices. BusA 3000 is also offered in Spanish. The institute offers several upper-level electives that can enhance the program of any major in the B.B.A. program: IB 3090, Introduction to International Business; IB 4020, International Trade Management; and IB 4410, Study Abroad: Analysis of Regional International Business Practices, which can be repeated for different world regions and focus on different disciplines.

Study Abroad Programs

The Institute promotes international learning experiences through a strong portfolio offering of study abroad programs. The study abroad programs range from two-to-three week intensive experiences to semester- and year-long programs. The programs span disciplines and geographic regions, affording students in all business disciplines the rich rewards of an international study experience. RCB currently offers programs in Argentina, Brazil, China, France, Germany, Hungary/Czech Republic, Italy, Netherlands, Russia, South Africa, and Switzerland. Semester- and/or year-long options are available in Germany, France, Mexico, and Italy. Other locations are possible through our partner institutions. Students must be in good standing with a minimum cumulative GPA of 3.0. Additional requirements vary by program. For individual program descriptions and application information, consult the Institute of International Business website at iib.gsu.edu or contact IIB at iib@gsu.edu.

Five-Year BA/MIB Program

In cooperation with the College of Arts and Sciences, the Robinson College offers a five-year program leading to the Bachelor of Arts degree with a major in French, German, or Spanish *plus* the Master of International Business degree, which is offered through the Institute. For more information, consult the Arts and Sciences chapter of this catalog and the RCB chapter of the university's graduate catalog.

Certificate in International Business

The Certificate of International Business (CIB) Program is designed for all majors and BBA candidates in the Robinson College of Business. Its objective is to certify and a solid International Business background (base) for those who wish to enhance their preparation and opportunities when entering the job market. It includes an experience through a required study abroad program and three additional classes with a well defined International Business content.

In addition to taking BusA 3000, the Certificate of International Business requires 12 hours of course work. This includes three credit hours from a study abroad program.

International Business Alliance

The International Business Alliance (IBA) is a student organization that is sponsored by the Institute and is open to all students. The IBA provides a wide range of opportunities for students to build business relationships in the international business community, to broaden and deepen their knowledge of the practice of international business, and to meet other students with similar interests and career goals. IBA programs include:

- **Mentor Program:** The Mentor Program is the flagship program of the International Business Alliance. Each student is matched with a senior executive who brings a wealth of experience and insight to the practice of international business. Applications accepted during the summer term for this annual program that begins each fall.
- **Speakers Forum:** Speakers from the international business community are invited to talk on various topics of interest. The topics vary by industry, functional areas, or geographic focus. It is an opportunity to meet leaders in the community, to expand students' knowledge base, and to explore a new area of interest.
- **Company visits:** Company visits provide an opportunity to meet the practitioners on their turf, to ask questions, and to build relationships.

Several other types of community, cultural, and social events are part of the activities of the IBA. For additional information and announcements, consult the website at iib.gsu.edu/, contact the IBA office at iibiba@langate.gsu.edu or call 404/413-7286 The IBA office is located in Room 1436, RCB Building.

7180 Department of Managerial Sciences

Programs Offered:

- **B.B.A. in Managerial Sciences**

10th floor, Robinson College of Business Building
404/413-7525

Todd Maurer, Chair
William C. Bogner, Associate Chair

Course Prefix: MGS

Skilled management is the backbone of successful enterprise. Career specialties in the managerial sciences, such as business analysis, human resource management, operations management, and entrepreneurship provide students with highly coveted qualifications to advance their careers quickly. Students receiving a degree in managerial sciences will be poised to assume leadership positions in their organizations and industries, with entry-level positions available in such diverse areas as human resource management, business analysis, regional management, general management, operations management, and entrepreneurial ventures, reflecting a growing market for talented, well-trained specialists in the managerial sciences.

7180.10 Program Admission

There are no admission requirements specific to the Managerial Sciences program. However, Managerial Sciences students are required to meet all University and College admission requirements.

7180.20 Program Financial Information

There are no special fees associated with majoring in Managerial Sciences. However, Managerial Sciences majors must pay all tuition and fees charged by the University and the College.

7180.30 Program Academic Regulations

Required Major Courses: MGS 4000, MGS 4300, MGS 4700, and four additional 4000-level managerial sciences courses. The faculty strongly urges students wanting to maximize career opportunities to focus the majority of those four additional courses in one of four career tracks. These tracks are simply suggestions.

HUMAN RESOURCE MANAGEMENT

- MGS 4360
- MGS 4390
- MGS 4320

BUSINESS ANALYSIS

- MGS 4020
- MGS 4110
- MGS 4140

ENTREPRENEURSHIP

- MGS 4500
- MGS 4550
- MGS 4560

OPERATIONS MANAGEMENT

- MGS 4730
- MGS 4740
- MGS 4760

Students following one of these tracks would choose a fourth elective course (any course with a MGS prefix, including courses from the other three career tracks).

7180.40 Certificate in Entrepreneurship

The Certificate in Entrepreneurship program is designed for students from any undergraduate business major to complement that major with a focused study in entrepreneurship. Admission to the Certificate in Entrepreneurship program is subject to the minimum Georgia State University cumulative GPA requirement for entrance into RCB upper-level classes. Obtaining the Certificate in Entrepreneurship is based on completion of at least three specified courses with a minimum combined GPA of 3.3 for these courses, with no grade in any of them lower than a B.

Students in a variety of majors (for example, Computer Information Systems, Finance, Real Estate, Marketing, Hospitality, and Accountancy) may start or work in an entrepreneurial venture. The Certificate in Entrepreneurship, combined with the knowledge gained in their major, will help those students realize those career plans. Some students may use their major as they join a family-owned or other closely held company. Those students will also benefit from complementing their major with a focused study in entrepreneurship.

Certificate Requirements: Take any three of the following courses. Be aware that some have prerequisites and other requirements for enrollment. Although students are permitted to take MGS 4590 twice for graduation credit, it may count only once for the certificate.

- MGS 4500 Entrepreneurial and New Venture Management
- MGS 4550 Managing a Family Business
- MGS 4560 Small Business Management
- MGS 4590 Entrepreneurship Field Study

Certificate Applications and Fees: Interested students should apply for the certificate program through the Department of Managerial Sciences. There are no additional fees required for the Certificate in Entrepreneurship.

7190 Department of Marketing

Programs Offered:

- **B.B.A. in Marketing**
- **Minor in Marketing**
- **Certificate in Professional Sales**

13th floor, Robinson College of Business Building
404/651-2740

Naveen Donthu, Chair
Bruce Pilling, Associate Chair

Course Prefix: Mk

Marketing is an exciting, dynamic process through which customer needs and wants are determined and satisfied through the conception, development, promotion, exchange, and distribution of goods and services. The undergraduate program in marketing provides students with fundamental preparation in general marketing and an understanding of markets and customers, product development, pricing strategies, advertising and promotion, and methods of distribution. The program also develops the student's capacity to solve managerial problems in marketing and prepares men and women to enter careers in the field. A wide range of career opportunities is available to marketing graduates. Marketing management is often the path to the top of the business organization. Entry-level positions are available in selling, product development, advertising, promotion, physical distribution, industrial marketing, marketing research, customer service, and many other specialties. The challenges of marketing require men and women with creative ability, intelligence, and skill who are prepared to fill an ever-increasing number of senior staff and executive positions.

7190.10 Program Admission

There are no admission requirements specific to the Marketing program. However, Marketing students are required to meet all University and College admission requirements.

7190.20 Program Financial Information

There are no special fees associated with majoring in Marketing. However, Marketing majors must pay all tuition and fees charged by the University and the College.

7190.25 Program Academic Regulations

Required Major Courses: Mk 3900, 4100, 4200, 4900 and three additional 4000-level courses in marketing.

Recommended Sequence: Take Mk 3900 in the first semester.. Mk 4900 should be taken during the last semester of the senior year.

The following sets of major courses are suggested by the faculty for those students who wish to specialize in various fields. These are simply suggestions:

- Sales: Mk 4330, 4340, 4510
- Retailing: Mk 4400, 4420, 4300
- Marketing Management: Mk 4620, 4400, 4300
- Advertising: Mk 4300, 4310, Jour 3500*
- Distribution Channels: Mk 4400, 4510
- *Jour 3500 may be counted as a marketing major course for students successfully completing Mk 4300 or 4310.
- ENGL 3130 Business Writing
- SPCH 3010 Advanced Public Speaking
- SPCH 3210 Business and Professional Communication
- JOUR 3500 Public Relations

All students pursuing a minor in Marketing must maintain a 2.5 or higher GPA. Students must have 45 hours of college credit before enrolling for upper-level Marketing courses. Students seeking a minor in Marketing should consult the recommended sets of Mk courses for Marketing majors, according to their individual interests.

7190.30 Minor in Marketing

Students seeking a minor in Marketing must complete 15-18 hours in upper-level MK-prefixed courses. A minor in Marketing must include MK 3010 (Basic Marketing) and MK 4100 (Buyer Behavior). Students must take ECON 2106 (Principles of Microeconomics) as a prerequisite for MK 3010, but the course may also be used to partially satisfy Area E requirements. Students pursuing a BBA with a minor in Marketing must take BCOM 3950 as a co-requisite for MK 4100 and a prerequisite for other 4000-level MK courses. Non-business majors may substitute one of the following courses, or a comparable upper-level course that emphasizes effective oral / written communication, for BCOM 3950:

- ENGL 3130 Business Writing
- SPCH 3010 Advanced Public Speaking
- SPCH 3210 Business and Professional Communication
- JOUR 3500 Public Relations

All students pursuing a minor in Marketing must maintain a 2.5 or higher GPA, and must earn a grade of C- or better in all courses counting toward the major. Students must have 45 hours of college credit before enrolling for upper-level Marketing courses.

7190.35 Certificate in Professional Sales

Students may earn the Certificate in Professional Sales by meeting the following requirements. Students must earn an overall GPA of 3.0 or higher in all courses taken in RCB. Students must complete BCOM 3950 with a grade of B- or higher and complete Mk 3010 with a grade of B- or higher. Students must complete Mk 4100 and Mk 4200

- Overall GPA of 3.0 or higher in courses taken in RCB
- BCom 3950 and Mk 3010 each with a grade of B- or higher
- Mk 4100 and Mk 4200
- MK 4900 with a grade of B- or higher
- And the following 15 hours of courses, all with a grade of B- or higher: Mk 4330 Professional Sales, Mk 4331 Key Account Sales, MK 4340 Sales Management, Mgs 4430 Negotiation, and Mgs 4440 Working in Teams

7190.40 Business Communication Programs

Beverly Y. Langford, Coordinator

Course Prefix: BCom

Effective communication allows individuals to understand each other, encourages people to take action, and motivates others to think creatively and critically. Business Communication Programs offer undergraduate and graduate classes that prepare students to effectively handle the demanding communication tasks of the twenty-first century. Students develop professional communication skills and learn how culture, ethics, and technology affect communication. Faculty members bring experience to Business Communication Programs from academic disciplines, as well as corporations, and address communication issues based on diversity and globalization. Strong communication skills are vital for all disciplines today. The program continues to evolve to meet the advanced communication requirements of business students at Georgia State University.

7210 Department of Risk Management and Insurance

Programs Offered:

- **B.B.A. in Actuarial Science**

- **Minor in Actuarial Science**
- **B.B.A. in Risk Management and Insurance**
- **Minor in Risk Management and Insurance**

11th floor, Robinson College of Business Building
404/651-2725

Sanjay Srivastava, Chair

The Department of Risk Management and Insurance is an interdisciplinary academic unit. It offers undergraduate majors in actuarial science and in risk management and insurance, together with courses in the areas of legal studies and personal financial planning.

7220 Actuarial Science

Course Prefix: AS

Actuaries have been called financial architects and social mathematicians because of their unique blend of analytical and business skills in the insurance and financial services industry, as consultants in firms that specialize in employee benefits and pensions, in the government sector, and in a variety of other roles. To be recognized as a qualified actuary, a person should become a member of the Society of Actuaries or the Casualty Actuarial Society. Admission to membership is obtained by passing a series of examinations given by the societies. Completion of the actuarial science program at Georgia State University greatly enhances the possibility of passing the examinations given by the actuarial societies.

The tremendous demand for such highly trained persons makes a career in this area very rewarding financially and in providing the satisfaction that comes from membership in a well-recognized profession.

In order to meet the critical shortage of actuarial personnel in this region, the Southeastern Actuaries Club endorsed the establishment of the actuarial program at Georgia State University as part of the university's comprehensive insurance educational activity. The program continues to have the strong support of the actuarial profession. Inquiries concerning the actuarial profession or the details of the program at Georgia State University should be directed to the department.

7220.10 Program Admission

There are no admission requirements specific to the Actuarial Science program. However, Actuarial Science students are required to meet all University and College admission requirements.

7220.20 Program Financial Information

There are no special fees associated with majoring in Actuarial Science. However, Actuarial Science majors must pay all tuition and fees charged by the University and the College.

7220.30 Program Academic Regulations

Required Major Courses: AS 4110, 4140, 4230, 4320, 4340, 4350, RMI 3750, RMI 4150.

Other Required Courses: The calculus sequence, Math 2211, 2212, 2215, is taken in place of the non-RCB electives. For students with appropriate mathematics background, Math 2211 and Math 2212 can be taken in place of Math 1111 (college algebra) in core area A and in place of Math 1113 (precalculus) in core Area D. Students who can make one or both of these substitutions will choose one or two non-RCB electives, as appropriate.

Math 2215 must be completed with a grade of C or higher.

AS 4120 is taken in place of an RCB elective, and AS 4130 is taken in place of MGS 3100 in the junior business core; grades of C or higher are required.

It is highly recommended that new actuarial science majors consult with their major adviser at their earliest convenience so that an efficient program can be constructed in accordance with the unique nature of the actuarial science major and course scheduling requirements.

7230 Legal Studies

Course Prefix: LgIS

The legal studies courses offered in the J. Mack Robinson College of Business serve the needs of the college and the university for legal education other than the professional education offered by the College of Law. The undergraduate legal environment core course, Legal Environment of Business (BusA 2106), covers law, ethics, and business.

Specific law courses also are offered to assist the undergraduate student who has an established career objective within a specialized area. For example, Principles of Business Law (LgIS 4050) is designed for accounting majors. This course covers contracts, sales, commercial paper, secured transactions, bankruptcy and accountants' professional liability. The course provides a foundation for topics on the CPA examination. Real Estate Law (LgIS 4490) is an important course for undergraduate real estate majors. Introduction to the Law (LgIS 3020), a comprehensive orientation to the American legal system, has primary appeal to political science, urban studies, and prelaw students.

No academic major is available in legal studies. No legal studies course may be used for credit toward a College of Law degree.

7240 Risk Management and Insurance

Lorilee A. Schneider, Adviser

Course Prefix: RMI

The program in risk management and insurance strives to prepare qualified and motivated students for positions of leadership and responsibility in risk management, insurance, and other financial services businesses and in general business and government.

The field of risk management and insurance is challenging and changing constantly. Qualified students will find excellent opportunities for creative work, professional recognition, financial reward, and public service.

Graduates in risk management and insurance find a variety of career opportunities open to them as risk managers in business, as brokers/agents providing professional risk management/insurance/employee benefits counseling and market placement services for clients, as consultants and personal financial planners, in government, and in the underwriting, marketing, claims adjusting, planning, governmental relations, information systems, and financial management activities of insurers.

7240.10 Program Admission

There are no admission requirements specific to the Risk Management and Insurance program. However, Risk Management and Insurance students are required to meet all University and College admission requirements.

7240.20 Program Financial Information

There are no special fees associated with majoring in Risk Management and Insurance. However, Risk Management and Insurance majors must pay all tuition and fees charged by the University and the College.

7240.30 Program Academic Regulations

Required Major Courses: RMI 3500, 4010, 4020, 4300, 4530, 4700, and 4700.

An annual schedule of RMI courses may be obtained from the department on the 11th floor, RCB Building, by calling 404/651-2725, or from RMI's website at www.rmi.gsu.edu. Courses recommended for consideration as electives for students majoring in other areas include:

- RMI 3500 Introduction to Risk Management and Insurance
- RMI 4300 Risk Management
- RMI 4530 Employee Benefit Plans (except management majors) (Same as Mgt 4580)
- PFP 4000 Personal Financial Planning
- LglS 3020 Introduction to the Law
- LglS 4050 Comprehensive Business Law

Computer Skills Prerequisites (CSP)

Some courses offered by the Robinson College of Business require any student who enrolls in that course to be proficient with certain computer skills. For a complete description of CSP requirements, please refer to the "J. Mack Robinson College of Business" chapter of this catalog (see section 7000).

Corequisites

A corequisite identifies another course or courses that should be taken concurrently with the listed course. A student who enrolls in a listed course with corequisites must also enroll in those corequisite courses. A student who has previously completed a corequisite course may not need to repeat it; he or she should consult with an academic adviser before registering to determine specific requirements.

Course Credit Hours

The total semester hours of credit for each course are shown in parentheses immediately following the course title.

Prerequisites

A prerequisite identifies a course or other requirements that a student must have completed successfully before enrolling in the listed course. Any student who has not met prerequisites for a course may be administratively withdrawn from that course at the discretion of the instructor. It is the policy of some university departments to withdraw automatically any student who enrolls in a course without first meeting its prerequisites.

ANTH ANTHROPOLOGY**ANTH 1102 INTRO TO ANTHROPOLOGY****Credit Hour(s): 3.0**

Introduction to Anthropology. A holistic and comparative study of the human condition through a survey of the five subfields of general anthropology: sociocultural, archeological, biological, linguistic, and applied anthropology;

with emphasis on evolution, adaptation, language, and cognition.

ANTH 2010 INTRO BIOLOGICAL ANTHROPOLOGY**Credit Hour(s): 3.0**

Introduction to Biological Anthropology. Three lecture hours and one laboratory hour a week. Origin, evolution, and present diversity of the human species from the perspective of contemporary studies in anthropology, evolution, human genetics, and human paleontology.

ANTH 2020 INTRO TO CULTURAL ANTHROPOLOGY**Credit Hour(s): 3.0**

Introduction to Cultural Anthropology. Theories, methods, and basic issues in contemporary cultural anthropology, stressing comparison and interpretation of contemporary social problems in western and non-western societies. A major emphasis on applying anthropological concepts to the analysis of the contemporary United States, including issues of ethnic diversity, social conflict, and cultural politics.

ANTH 2030 ARCHAEOLOGY AND PREHISTORY**Credit Hour(s): 3.0**

Archaeology and Prehistory. Brief overview of archaeological methods and concepts followed by an examination of major cultural developments including the geographical spread of humans and the emergence of agriculture and complex societies. Implications for understanding contemporary humanity are included.

ANTH 3033 ANTHROPOLOGY OF VIOLENCE-CTW**Credit Hour(s): 3.0**

The Anthropology of Violence-CTW. Prerequisite: Anth 2010, Anth 2020, or Anth 2030 with grade of C or higher, or consent of instructor. Drawing on three subfields of anthropology (biological anthropology, archaeology, and sociocultural anthropology), this course takes a holistic approach to the study of violence. The course fosters critical thinking through writing, and it promotes the understanding of how scholarly-scientific and popular interpretations of violence are rooted in the ideological paradigms of their time. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all anthropology majors.

ANTH 3120 AFRICAN DIASPORA**Credit Hour(s): 3.0**

African Diaspora. Prerequisite: AAS 1140, AAS 2010, Hist 1140, or Anth 2020 with grade of C or higher. (Same as AAS 3120.) Investigates the dispersal, growth, and influence of people of African descent throughout the world. A comparative analysis of historical, political, cultural, economic, and social developments of the African diaspora.

ANTH 3240 PEOPLES AND CULTURES OF AFRICA**Credit Hour(s): 3.0**

Credit Hour(s): 4.0

Anthropological Theory. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. Historical treatment of the major theoretical trends in anthropology.

ANTH 4040 GNR/RACE/CLASS IN COMPLEX SOC

Credit Hour(s): 3.0

Gender, Race, and Class in Complex Societies. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. (Same as WSt 4040.) Experiential learning in the urban setting through direct exposure to and experience in an ethnic community. Informed awareness of the knowledge, attitudes, and practices of ethnic communities within the community and larger society.

ANTH 4060 ENVIRONMENTAL ANTHROPOLOGY

Credit Hour(s): 3.0

Environmental Anthropology. Prerequisite: Anth 1102, 2010, 2020, or 2030 with grade of C or higher, or consent of instructor. During this course we will examine how humans interact with and are influenced by environmental resources, as well as how our actions impact natural resources and ecological systems. Human populations and cultural groups are therefore (re)situated in nature. To explore environmental anthropology as a subfield, the course is structured as a survey of the discipline, examining topics such as historical ecology, population ecology, cultural constructions of "nature," the anthropology of environmentalism, political ecology, and global environmental issues.

ANTH 4080 CONSUMPTION & MATERIAL CULTURE

Credit Hour(s): 3.0

Consumption and Material Culture. Prerequisite: Anth 2020 with grade of C or higher. This course examines anthropological approaches to material culture and consumption: the practices, relations, and rituals through which things (from food and clothing to shell valuables or money) become meaningful and are used in the organization of social life. Readings include classic works of anthropology and social theory as well as recent ethnographies of western capitalist, colonial/postcolonial and postsocialist settings.

ANTH 4111 ANTHROPOLOGY OF SELF & EMOTION

Credit Hour(s): 3.0

Anthropology of Self and Emotion. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. This course draws upon readings in anthropological theory and ethnography to consider the cultural construction of selfhood, identity, and feelings, with an emphasis on the historical specificity of particular experiences, how they may be influenced by factors such as capitalism, how they may change over time, and the significance of gender.

ANTH 4112 MODERNITY AND IDENTITY

Credit Hour(s): 4.0

Modernity and Identity. Representations of modernity in postcolonial and metropolitan nation-states. National identities and their articulations with gender, class, and race.

ANTH 4140 EUROPEAN PREHISTORY

Credit Hour(s): 3.0

European Prehistory. Prerequisite: Anth 2030 with grade of C or higher, or consent of instructor. This course is a survey of the prehistory of Europe from the Paleolithic period until the Roman conquest. Because of the temporal and geographic variability of Europe this survey is selective, focusing on major transitions and themes (e.g., subsistence adaptations, island settlement, trade, technology, the emergence of social complexity, early states, and so forth) and using specific examples (case studies) of regions or sites to highlight them.

ANTH 4170 MESOAMERICAN ARCHAEOLOGY

Credit Hour(s): 3.0

Mesoamerican Archaeology. Prerequisite: Anth 2030 with grade C or higher, or consent of instructor. This course highlights some of the major cultural achievements of Mesoamerican peoples. The class begins with the peopling of the New World over 10,000 years ago and proceeds to cover the origins of agriculture and the development of complex societies from the Olmec to the Aztec. The course draws from the rich iconographic, epigraphic, and archaeological data of the region to explore concepts and specific sites up until the time of Spanish Contact, A.D. 1521.

ANTH 4180 ARCHAEOLOGY OF SOUTHEASTERN US

Credit Hour(s): 4.0

Archaeology of Southeastern United States. Prerequisite: Anth 2030 with grade of C or higher or consent of instructor. The appearance of the earliest inhabitants of the Southeast, the development of complex societies, the effects of Europeans on indigenous culture, and the archaeology of the historic period. Students will be required to participate in three field trips.

ANTH 4190 ARCHAEOLOGICAL PRACT & PUBLIC

Credit Hour(s): 3.0

Archaeological Practice and the Public. Prerequisite: Anth 2030 with a grade of C or higher, or consent of instructor. This course on Public Archaeology covers a great number of fields where professional archaeologists work with public interests, upholding legislation designed to conserve ancient sites and artifacts, managing museum collections, presenting the past to the public, working with developers to reduce the impact of building and construction projects on the remains of the past. At the same time Public Archaeology covers the general public's interest in the archaeological past: from fakes and illicit trade of antiquities to Indiana Jones, to the search for Atlantis.

ANTH 4200 URBAN ANTHROPOLOGY

Credit Hour(s): 4.0

Urban Anthropology. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. Urban space and social stratification; theories of space, place, and identity; the city in the social imaginary.

ANTH 4240 FOOD: HIST, ECO, & POL ECONOMY**Credit Hour(s):** 3.0

Food: History, Ecology, and Political Economy. Prerequisite: Anth 2020 or Anth 2010 with a grade of C or higher, or instructor's consent. Explores the cultural histories of foods or types of food that have had major impacts on global political economy, ecology, and culture from the 14th century to present day.

ANTH 4280 AFRICAN-AMERICAN ANTHROPOLOGY**Credit Hour(s):** 3.0

African-American Anthropology. (Same as AAS 4280.) Major writings in the field of African-American studies; theories, categories, and methods used in studying complex societies are brought to bear upon the literature; use of ethnographies to provide a comparative perspective for understanding African-American cultures.

ANTH 4300 HUMAN EVOLUTION**Credit Hour(s):** 3.0

Human Evolution. Principles and mechanisms of hominid evolution.

ANTH 4310 HUMAN VARIATION**Credit Hour(s):** 4.0

Human Variation. Prerequisite: Anth 1102 or 2010 with grade of C or higher, or consent of instructor. Variation within and between human populations: morphology, gene frequencies, and behavior. Biological concepts of race, race classification, and evolutionary processes acting on humans in the past, present, and future.

ANTH 4330 PRIMATE BEHAVIORAL ECOLOGY**Credit Hour(s):** 3.0

Primate Behavioral Ecology. Examination of the diversity of free-ranging primates in their natural habitats. Ecological factors affecting diet, locomotor repertoires, body size, and the evolution of social behavior will be emphasized.

ANTH 4350 APPLIED BIOCULTURAL ANTHROPLGY**Credit Hour(s):** 3.0

Applied Biocultural Anthropology. Prerequisite: Anth 1102 or 2020 with grade of C or higher, or consent of instructor.

Seminar on research methods and theory in human population ecology. Topics include methods of physical assessment, epidemiological and demographics analysis, data collection, and analysis.

ANTH 4360 METHDS & THEORIES IN BIOL ANTH**Credit Hour(s):** 3.0

Methods and Theories in Biological Anthropology. Prerequisite: Anth 2010 with grade of C or higher, or consent of instructor. A survey of theories in skeletal biology, bioarchaeology, paleoanthropology, biomedical anthropology, population genetics, and contemporary human biological

adaptation. Bioanthropological methods for testing hypotheses and creating explanatory models.

ANTH 4370 FORENSIC ANTHROPOLOGY**Credit Hour(s):** 3.0

Forensic Anthropology. Prerequisite: Anth 2010 with grade of C or higher, or consent of instructor. Laboratory-based identification of skeletal remains of unknown individuals with an emphasis on determining age, sex, evidence of trauma, and cause of death. Crime scene recovery, documentation of evidence, the criminal justice system, and human rights initiatives will be explored.

ANTH 4390 DIET, DEMOGRAPHY, AND DISEASE**Credit Hour(s):** 3.0

Diet, Demography, and Disease. Prerequisite: Anth 1102, 2010, or 2030 with grade of C or higher, or consent of instructor. Overview of human/disease interactions from prehistoric to contemporary populations. Emphasis on major social transformation, such as sedentism, animal and plant domestication, urbanism, and globalism.

ANTH 4420 GENDER AND POWER**Credit Hour(s):** 3.0

Gender and Power in Ethnographic Perspective. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. (Same as WSt 4210.) Ethnographic and theoretical examination of the role of gender in human societies, including role differences and inequalities between women and men cross-culturally; the cultural significance and social institutions associated with public and domestic spheres; power, ideology, and the production of historically specific gender identities and sexualities; global perspectives on feminism and approaches to women's empowerment.

ANTH 4430 ANTHROPOLOGY AND PUBLIC HEALTH**Credit Hour(s):** 3.0

Anthropology and Public Health. Prerequisite: Anth 1102 or 2020 with grade of C or higher. The history of public health and role of anthropology and other social sciences in the modern public health setting. Overview of current issues in international and domestic public health.

ANTH 4440 EPIDEMIOLOGY AND ANTHROPOLOGY**Credit Hour(s):** 4.0

Epidemiology and Anthropology. Prerequisite: Anth 1102 or 2020 with grade of C or higher. Basic principles of epidemiology, including outbreak investigation, disease control, and analytic epidemiology. Overview of the work of anthropologists in interdisciplinary public health settings.

ANTH 4460 HEALTH AND CULTURE**Credit Hour(s):** 4.0

Health and Culture. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. Interrelationship of health care delivery systems within the context of the culture and structure of societies; impact of health planning and policy on subcultural groups. Importance of epidemiology, nutrition,

transcultural nursing, and mental health in a holistic view of health.

ANTH 4470 VISUAL CULTURE

Credit Hour(s): 4.0

Visual Culture. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. (Same as WSt 4470.) Study of the visual politics of social organization with emphasis on the images and the arenas of everyday life in North American culture. Includes explorations of the fashion system, the medical body, the cosmetic and fitness industry, visual colonialism, museum displays, and high and popular art.

ANTH 4480 ETHNOGRAPHIC ANALYSIS

Credit Hour(s): 4.0

Ethnographic Analysis. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. Critical survey of current ethnographic theories and analysis of classic ethnographies. Includes a workshop during which students will improve their ethnographic writing skills. Students will also participate in WebCT discussion forums.

ANTH 4490 ANTHROPOLOGY OF GLOBALIZATION

Credit Hour(s): 4.0

The Anthropology of Globalization. Prerequisite: Anth 2020 with grade of C or higher. This course critically analyzes the concept of globalization by examining the various components that are often invoked in defining/discussing the concept and the current world structure. We will explicitly examine the anthropological components of globalization and determine the manner in which it shapes culture, constructions of identity, restrictions of the body, distributions of economic and natural resources, intercultural contact, and patterns of global inequality.

ANTH 4520 ANTHROPOLOGY OF PUBLIC CULTURE

Credit Hour(s): 4.0

Anthropology of Public Culture. Prerequisites: Anth 2020 with grade of C or higher, or consent of instructor. The circulation of commodities, ideas, and practices that produce the condition of being public (and in public) as well as the notion and experience of privacy. Analyzes the production and usage of public and private space (e.g. plazas, malls, homes), museum displays, the social life of commodities (e.g. fashion, antiquities, collectibles), and the role of theatricality in everyday life.

ANTH 4550 FIELD SCHOOL IN ANTHROPOLOGY

Credit Hour(s): 4.0 TO 8.0

Field School in Anthropology. Prerequisite: consent of instructor. Anthropological field methods. Students will develop skills in ethnographic, archaeological, and biological methods through field projects. Emphasis will be on providing a holistic interpretation of conditions at the field location.

ANTH 4560 ADVANCED FIELD SCHOOL IN ANTH

Credit Hour(s): 4.0 TO 8.0

Advanced Field School in Anthropology. Prerequisite: Anth 4550 with grade of B or higher, or consent of instructor.

Advanced anthropological field methods. Students expand upon the ethnographic, archaeological, linguistic, and/or biological methods learned in Anth 4550 through supervised development and completion of their own professional research project.

ANTH 4590 ARCHAEOLOGICAL METHODS

Credit Hour(s): 4.0

Archaeological Methods. Prerequisite: Anth 2030 with grade of C or higher, or consent of instructor. Data recovery techniques, analytic methods, and theoretical concepts. Experience with archaeological materials.

ANTH 4600 ARCHAEOLOGICAL THEORY

Credit Hour(s): 4.0

Archaeological Theory. Prerequisite: Anth 2030 with grade of C or higher, or consent of instructor. Review of the history of theory in anthropological archaeology, followed by a comprehensive overview of the state of contemporary theory and new theoretical directions in the discipline.

ANTH 4620 QUANTITATIVE METHODS IN ANTH

Credit Hour(s): 4.0

Quantitative Methods in Anthropology. Prerequisite: Anth 1102 or 2020 with grade of C or higher. Basic principles of research design, sampling and field procedures for survey research. Analysis and interpretation of data, including bivariate and multivariate statistics.

ANTH 4630 QUALITATIVE METHODS IN ANTH

Credit Hour(s): 3.0

Qualitative Methods in Anthropology. Prerequisite: Anth 2020 with grade of C or higher, or consent of instructor. Study in ethnographic research design, data collection, analysis, and application. Special emphasis is placed on applied anthropological research methods relative to community intervention, policy formulation, and program evaluation in the public and private sectors.

ANTH 4670 METHODS IN SOCIOCULTURAL ANTH

Credit Hour(s): 3.0

Research Methods in Sociocultural Anthropology. Prerequisite: Anth 2020 with grade of C or higher. Examines various research approaches that constitute sociocultural anthropology. This course dissolves the divisions between qualitative and quantitative research to form an inclusive research methodology. Topics covered include qualitative and quantitative approaches, history of research methodology, defining a population, coding, modeling, social impact analysis, and linguistic and cognitive research.

ANTH 4830 ANTHROPOLOGY INTERNSHIP

Credit Hour(s): 3.0 TO 9.0

Anthropology Internship. Prerequisites: approval of sponsoring faculty advisor and department chair. Academic training and professional experience through short-term internships at public or private agencies. May be taken more

than once, but only three credits may be applied toward major requirements.

ANTH 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: Consent of the instructor and Honors Program Director. Reading or research preparatory to honors thesis or project.

ANTH 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0 TO 6.0

Honors Thesis or Project. Prerequisite: Anth 4870, consent of instructor and Honors Program director. Writing or production of honors thesis or project.

ANTH 4970 SENIOR SEM IN ANTHROPOLOGY-CTW

Credit Hour(s): 3.0

Senior Seminar in Anthropology-CTW. Prerequisites: 75 hours; Anth 4020 or Anth 4600 with grade of C or higher. Integration of theories and methods learned during study for the B.A. in anthropology; specific emphasis placed on how theory and method relate to modern anthropology. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all anthropology majors.

ANTH 4980 SELECTED TOPICS-CTW

Credit Hour(s): 3.0

Selected Topics-CTW. Prerequisite: Anth 2010, Anth 2020, or Anth 2030 with grade of C or higher, or instructor's consent. May be repeated for credit if topic varies; a maximum of six credit hours may be applied toward the major. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all anthropology majors.

ANTH 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

ARBC ARABIC

ARBC 1001 ELEMENTARY ARABIC I

Credit Hour(s): 4.0

Elementary Arabic I. Development of basic communication skills in the spoken language. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Arabic.

ARBC 1002 ELEMENTARY ARABIC II

Credit Hour(s): 4.0

Elementary Arabic II. Prerequisite: Arbc 1001 with grade of C or higher, or equivalent. Development of the basic communication skills in the spoken language. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Arabic.

ARBC 1101 INTENSIVE ELEMENTARY ARABIC

Credit Hour(s): 8.0

Intensive Elementary Arabic. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. This is an intensive course and includes all material covered in Arbc 1001 and Arbc 1002. Not open to native speakers of Arabic. Summer semester only.

ARBC 2001 INTERMEDIATE ARABIC I

Credit Hour(s): 4.0

Intermediate Arabic I. Prerequisite: Arbc 1002 with grade of C or higher, or equivalent. Continuing development of communicative skills; further work with the writing system; reading of simple authentic texts; and intermediate grammatical structures.

ARBC 2002 INTERMEDIATE ARABIC II

Credit Hour(s): 4.0

Intermediate Arabic II. Prerequisite: Arbc 2001 with grade of C or higher, or equivalent. Continuing development of communicative skills; further work with the writing system; reading of simple authentic texts; and intermediate grammatical structures.

ARBC 3001 ADVANCED ARABIC I

Credit Hour(s): 4.0

Advanced Arabic I. Prerequisite: Arbc 2002 with grade of C or higher, or equivalent. Advanced language study complemented by Arabic folk tales. Focus on advanced reading comprehension with additional practice in writing, speaking and listening.

ARBC 3002 ADVANCED ARABIC II

Credit Hour(s): 4.0

Advanced Arabic II. Prerequisite: Arbc 3001 with grade of C or higher, or equivalent. Continued advanced study, complemented by readings from authentic print media.

ARBC 3100 EGYPTIAN COLLOQUIAL ARABIC

Credit Hour(s): 3.0

Egyptian Colloquial Arabic. Prerequisites: Arbc 1001 and Arbc 1002 with grades of C or higher, or be simultaneously enrolled in Arbc 1002. This course introduces Egyptian Colloquial Arabic. This dialect is spoken in Egypt and is widely understood throughout the region.

ARBC 4001 ADVANCED ARABIC III

Credit Hour(s): 4.0

Advanced Arabic III. Prerequisite: Arbc 3002 with grade of C or higher. This is an advanced level proficiency-based course in Modern Standard Arabic, the primary focus is on improving reading comprehension. The text is augmented with outside sources, including newspapers, to expand vocabulary acquisition and further communicative skills.

ARBC 4002 ADVANCED ARABIC IV

Credit Hour(s): 4.0

Advanced Arabic IV. Prerequisite: Arbc 4001 with grade of C or higher. This is an advanced level proficiency-based course in Modern Standard Arabic, the primary focus is on improving reading comprehension. The text is augmented with outside sources, including newspapers, to expand vocabulary acquisition and further communicative skills.

ARBC 4501 CLASSICAL ARABIC LIT IN TRANS

Credit Hour(s): 3.0

Classical Arabic Literature in Translation. This course is an introduction to classical Arabic literature from its beginnings in the fifth century to the thirteenth century C.E. The course includes selections from the Qur'an as well as texts and poetry representing different literary periods: Pre-Islamic, Early Islamic, Umayyad, Abbasid, and Hispano-Arabic. All readings will be in English translation. No knowledge of Arabic is required.

ARBC 4502 MODERN ARABIC LIT IN TRANS

Credit Hour(s): 3.0

Modern Arabic Literature in Translation. This course is an introduction to the Arabic literature of the modern period, the literature of the twentieth and the twenty-first centuries. It will discuss the emergence and development of the three new genres in the Arabic literary tradition under the influence of European and American literatures, the novel, drama and the short story. It will also cover the major trends and movements, especially the radical departure of the Arabic modernist lyric from the traditional Qasida (poem) under the influence of European poetry. Texts by major writers of these four genres. Theoretical and critical essays. All readings in English translation. No knowledge of Arabic is required.

ARBC 4503 THE QURAN AS LITERATURE

Credit Hour(s): 3.0

The Quran as Literature. This course deals with the Quran, the Muslim Holy Book, as a literary text. It introduces the students to the Islamic faith, then focuses on the historical, textual, structural, stylistic, formal, thematic and narrative aspects of the Muslim Scripture. All assigned readings will be in English including a translation of the Quran. No knowledge of Arabic required.

ARBC 4510 ARABIC STUDY ABROAD

Credit Hour(s): 1.0 TO 6.0

Arabic Study Abroad. Prerequisite: Consent of instructor. Provides Arabic instruction within an immersion environment in host country. Location of study abroad may vary.

ARBC 4890 INDEPENDENT STUDY

Credit Hour(s): 1.0 TO 4.0

Independent Study in Arabic. Prerequisite: Consent of instructor. Advanced reading course in Arabic tailored to subject interests of students.

ARBC 4999 DIRECTED READINGS

Credit Hour(s): 1.0 TO 4.0

Directed Readings. Prerequisite: consent of instructor. Advanced reading course tailored to subject interests of students.

ART ART

ART 1010 DRAWING I

Credit Hour(s): 3.0

Drawing I. Introduction to the techniques, materials, and principles of drawing. Lab Fee: \$20.00.

ART 1020 TWO-DIMENSIONAL DESIGN

Credit Hour(s): 3.0

Two-Dimensional Design. The fundamentals of two-dimensional design introduced through color and composition projects in a variety of media. Lab Fee: \$20.00.

ART 1030 THREE-DIMENSIONAL DESIGN

Credit Hour(s): 3.0

Three-Dimensional Design. An investigation of three-dimensional forms and space using various concepts, materials, and methods. Lab fee: \$20.00.

ART 1050 INTRODUCTORY STUDIO

Credit Hour(s): 3.0

Introductory Studio. This course is designed to be an introduction to the practices, processes and ideas of a creative artist. Lab Fee: \$20.00.

ART 3400 SPACE,SCALE,TIME:DIGITAL POSS

Credit Hour(s): 3.0

Space, Scale, Time: Digital Possibilities. Prerequisite: Consent of instructor or BFA studio major status required (AB Studio major ineligible). Fine arts studio introduction to electronic/digital media. Lab Fee: \$20.00.

ART 3690 HONORS READINGS

Credit Hour(s): 1.0 TO 6.0

Honors Readings. Prerequisites: consent of instructor and Honors Program director. Discussion and readings on selected topics.

ART 3910 CRIT ISSUES IN CONTEMP ART-CTW

Credit Hour(s): 4.0

Critical Issues in Contemporary Art-CTW. Prerequisite: 18 credit hours in art. Interdisciplinary course examining changes since 1990, both in art and society, and how these changes have influenced contemporary art and professional art practice. Emphasis on theoretical and critical thinking. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all Art majors.

ART 4500 DIRECTED STUDY-CTW

Credit Hour(s): 3.0

Directed Study-CTW. Prerequisites: Art 3910 and two courses from the Studio Concentration (3000/4000 level, select from one discipline previously studied). This studio course is the capstone course for BA in Studio Art and is designed for students to explore a self-defined project in depth over the course of one semester. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all Art majors.

ART 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 1.0 TO 6.0

Honors Thesis: Research. Prerequisite: consent of instructor and Honors Program director. Readings or research preparatory to honors thesis or project.

ART 4880 HONORS THESIS: WRITING

Credit Hour(s): 1.0 TO 6.0

Honors Thesis: Writing. Prerequisite: consent of instructor and Honors Program director. Writing or production of honors thesis or project.

ART 4980 SPECIAL PROBLEMS

Credit Hour(s): 1.0 TO 6.0

Special Problems. Prerequisites: consent of instructor and School director. Independent studies initiated by the student.

ART 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

AS ACTUARIAL SCIENCE

AS 4140 PROBABILITY STATS

Credit Hour(s): 3.0

Mathematical Foundations of Actuarial Science. Prerequisite: RMI 3750; MATH 4751. CSP: 2. Requires a 2.5 GSU GPA and 45 semester hours. This course covers 1) uni-variate probability distributions, including binomial, negative binomial, geometric, hypergeometric, Poisson, uniform, exponential, chi-square, beta, Pareto, lognormal, gamma, Weibull, and normal; 2) multivariate joint distributions, conditional and marginal distributions; 3) moments and moment generating function, 4) transform of variables, 5) order statistics, and 6) central limit theorem. The purpose of this course of reading is to develop knowledge of the fundamental probability tools for quantitatively assessing risk. The application of these tools to problems encountered in actuarial science is emphasized. A thorough command of probability topics and the supporting calculus is assumed.

AS 4230 THEORY OF INTEREST

Credit Hour(s): 3.0

Theory of Interest. Prerequisite: Math 2215. CSP: 2. Requires a 2.5 GSU GPA and 45 semester hours. Topics include measurement of interest, accumulation and discount, forces of interest and discount, equations of value, annuities, perpetuities, amortization and sinking funds, yield rates, bonds and securities, depreciation, depletion, and capitalized costs.

AS 4260 MICROECO FOUNDATIONS AS

Credit Hour(s): 3.0

Microeconomic Foundations of Actuarial Science. Prerequisite: Econ 2106 and concurrent registration in AS 4230. CSP: 1. Requires a 2.5 GSU GPA and 45 semester hours. This course covers the applications of interest theory and calculus to intermediate microeconomics in an actuarial context.

AS 4320 INTRO STOCHASTIC MODELS

Credit Hour(s): 3.0

Introduction to Stochastic Actuarial Models. Prerequisite: AS 4130. CSP: 2. Requires a 2.5 GSU GPA and 45 semester hours. This course covers the application of basic stochastic models in an actuarial setting. Topics include review of frequency-severity models, introduction to compound distributions, stochastic models, and simulation techniques.

AS 4340 LIFE CONTINGENCIES I

Credit Hour(s): 3.0

Life Contingencies I. Prerequisite: AS 4130, 4230. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 2. This course is an introduction to life contingencies as applied in actuarial practice. Topics include present value random variables for contingent annuities and insurance, their distributions and actuarial present values, equivalence principle, and other principles for determining premiums.

AS 4350 LIFE CONTINGENCIES II

Credit Hour(s): 3.0

Life Contingencies II. Prerequisite: AS 4340. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 2. This course is a continuation of the study of life contingencies. Topics include insurance and annuity reserves, characterization of discrete and continuous multiple decrement models in insurance and employee benefits, and multiple life models.

AS 4389 DIR READ IN ACT SCI

Credit Hour(s): 1.0 TO 3.0

Directed Readings in Actuarial Science. Prerequisite: consent of instructor.

AS 4510 DERIVATIVE VALUATION

Credit Hour(s): 3.0

Derivative Valuation and Risk Management. Prerequisites: Math 2212 or Fi 4000 or permissions of instructor. CSP: 1, 2, 5, 6, 7. This course introduces quantitative methods for pricing financial derivatives, treating in detail the program of valuation by "no-arbitrage." Institutional features of derivative markets are covered along with theory and application. The discrete-time binomial pricing model is studied in depth. An introduction to the elements of stochastic calculus (Brownian Motion, and Ito's formula) then enables students to work with the mainstream continuous-time models of Black-Scholes-Merton and others. These methods are applied to price and hedge standard securities such as stock options, interest rate caps, swaps, swaptions, and commodity futures. Students will see application to insurance and actuarial science. The course will cover Society of Actuaries required reading.

ASTR ASTRONOMY

ASTR 1000 INTRODUCTION TO THE UNIVERSE

Credit Hour(s): 3.0

Introduction to the Universe. Three lecture hours a week. A survey of the universe, examining the historical origins of astronomy; the motions and physical properties of the Sun, Moon, and planets; the formation, evolution, and death of stars; and the structure of galaxies and the expansion of the universe.

ASTR 1010 ASTRONOMY OF THE SOLAR SYSTEM

Credit Hour(s): 4.0

Astronomy of the Solar System. Three lecture and two laboratory hours a week. Astronomy from early ideas of the cosmos to modern observational techniques. The solar system planets, satellites, and minor bodies. The origin and evolution of the solar system.

ASTR 1020 STELLAR & GALACTIC ASTRONOMY

Credit Hour(s): 4.0

Stellar and Galactic Astronomy. Prerequisite: Astr 1010 with grade of D or higher. Three lecture and two laboratory hours a week. The study of the Sun and stars, their physical properties and evolution, interstellar matter, star clusters, our galaxy and other galaxies, and the origin and evolution of the universe.

ASTR 3010 TOPICS IN MODERN ASTRONOMY

Credit Hour(s): 3.0

Topics in Modern Astronomy. Prerequisite: Astr 1020 with grade of D or higher, or equivalent. Three lecture hours a week. Pulsars, quasars, black holes, x-ray sources, UV astronomy, IR astronomy, radio galaxies, interstellar molecules, 3K background radiation, manned and unmanned planetary exploration.

ASTR 3500 QUANTITATIVE ASTRONOMY

Credit Hour(s): 4.0

Quantitative Astronomy. Prerequisite: Phys 2212K with grade of C or higher, or consent of instructor. Four lecture hours a week. An intermediate-level course that uses the tools of calculus-based physics to explore the properties of planets, stars, galaxies, and the Universe.

ASTR 4000 FUNDAMENTALS OF ASTROPHYSICS

Credit Hour(s): 3.0

Fundamentals of Astrophysics. Prerequisites: Phys 3401 with a grade of C or higher. Three lecture hours a week. Application of mechanics, electricity and magnetism, atomic and nuclear physics, and special relativity to the solution of astrophysical problems.

ASTR 4010 ASTRONOMICAL METHODS LAB

Credit Hour(s): 1.0

Astronomical Methods Laboratory. Prerequisite: consent of department. Three laboratory hours a week.

ASTR 4100 ASTRO TECHNIQS/INSTRUMENTATION

Credit Hour(s): 3.0

Astronomical Techniques and Instrumentation. Prerequisite: Phys 2212K with grade of C or higher, or consent of instructor. Three lecture hours a week. Fundamental and practical application of imaging, spectroscopy, photometry, astrometry, interferometry, and current developments in detector technology and telescope design.

ASTR 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

BCOM BUSINESS COMMUNICATION

BCOM 3950 BCOM & PROF DEVEL

Credit Hour(s): 3.0

Business Communication and Professional Development. Prerequisites: Eng 1101, Engl 1102. Requires a 2.5 GSU GPA. CSP: 1, 6, 7. This course enables students to develop the communication skills necessary to thrive in a professional setting and to create a personal career management strategy. Upon completing this course, students will be able to transition confidently and effectively from college to the workplace, graduate school or professional school. Students will be able to communicate in a proficient, influential manner in a variety of business situations. They will also learn how to develop and apply successful communication strategies to inform, persuade, and motivate others. Students will be able to write concise business documents and deliver high-quality oral presentations. Through a combination of course and lab work, students will develop the materials necessary to launch a productive self-directed internship and job search. In addition, class members will develop long-term personal career management strategies including an understanding of graduate and professional school options. Topics will include aspects of interpersonal communication, nonverbal communication, interview preparation, resume writing and job search correspondence, as well as the influence of culture, ethics, and technology.

BIOL BIOLOGY

BIOL 1103K INTRODUCTORY BIOLOGY I

Credit Hour(s): 4.0

Introductory Biology I. Three lecture hours and three laboratory hours a week. Introduction to fundamental concepts in biology, with an emphasis on evolution, inheritance, anatomy and physiology, metabolism and ecology. Application of these concepts to issues affecting society. This course does not fulfill the requirements for a major in biology.

BIOL 1104K INTRODUCTORY BIOLOGY II

Credit Hour(s): 4.0

Introductory Biology II. Prerequisite: Biol 1103K or 1107K with grade of D or higher. Three lecture hours and three laboratory hours a week. Introduction to fundamental concepts in biology, with an emphasis on anatomy, physiology, classification and ecological relationships. Application of these concepts to issues affecting society. This course does not fulfill the requirements for a major in biology.

BIOL 1110 HUMAN ANATOMY & PHYSIOLOGY I

Credit Hour(s): 4.0

Survey of the major organ systems in the human body. Chemical principles as related to physiology are included.

BIOL 1110K HUMAN ANATOMY & PHYSIOLOGY I

Credit Hour(s): 4.0

Human Anatomy & Physiology I. Three lecture and three laboratory hours a week. Recent course work in biology or chemistry is recommended. Survey of the major organ systems in the human body. Chemical principles related to physiology are included.

BIOL 1120K HUMAN ANATOMY & PHYSIOLOGY II

Credit Hour(s): 4.0

Human Anatomy and Physiology II. Prerequisite: Biol 1110K with grade of C or higher. Three lecture and three laboratory hours a week. Survey of the major organ systems in the human body. Chemical principles as related to physiology are included.

BIOL 2050 INTRO TO DRUGS & BEHAVIOR

Credit Hour(s): 3.0

Introduction to Drugs and Behavior. (Same as Psyc 2050.) Provides an introduction to the effects of drugs on behavior. Topics include how drugs affect the brain and, consequently, behavior; the underlying brain and environmental factors thought to be responsible for drug addiction, tolerance and sensitivity; treatment of major psychological disorders (e.g., depression, mania, anxiety) with drug therapy; and the classification of common psychoactive drugs.

BIOL 2100 INTRO TO BIOLOGICAL INQUIRY

Credit Hour(s): 2.0

Introduction to Biological Inquiry. Two lecture hours per week. Orientation to the degree in Biology. Topics will include methods of scientific inquiry, critical thinking skills, evaluation of biomedical research, literature review, scientific writing, and experimental design. Class discussion and in-class labs will be included. Recommended for biology majors with less than two years of high school biology. Also appropriate for K-12 science education and health sciences students.

BIOL 2107K PRINCIPLES OF BIOLOGY I

Credit Hour(s): 4.0

Principles of Biology I. Prerequisite: Chem 1211K with grade of C or higher. Three lecture and three laboratory hours a week. Introduction to scientific method, theory and experimentation, cell chemistry, enzymes, metabolism, photosynthesis, genetics, ecology, and evolution. Fulfills Biology Major requirement.

BIOL 2108K PRINCIPLES OF BIOLOGY II

Credit Hour(s): 4.0

Principles of Biology II. Prerequisites: Biol 2107K or Biol 2800; and Chem 1211K with grades of C or higher. Three lecture and three laboratory hours a week. Animal and plant biology with emphasis on structure, physiology, ecology, and evolution. Fulfills Biology Major requirement.

BIOL 2240 INTRO TO HUMAN PHYSIOLOGY

Credit Hour(s): 3.0

Introduction to Human Physiology. Prerequisite: Biol 1104K, 1108K, or 2108K with grade of C or higher. Three lecture hours a week. Major organ systems with emphasis on homeostatic mechanisms in health and disease.

BIOL 2250 HUMAN PHYSIOLOGY LAB

Credit Hour(s): 1.0

Human Physiology Laboratory. Prerequisite: Biol 2240 with grade of D or higher, or concurrently. Three laboratory hours a week. Exercises dealing with major organ systems. Recommended for health sciences students.

BIOL 2300 MICROBIOLOGY & PUBLIC HEALTH

Credit Hour(s): 3.0

Microbiology and Public Health. Prerequisites: one year each of high school biology and chemistry recommended. Three lecture hours a week. An introduction to infectious disease agents of significance in individual and community health settings. The characteristics, symptoms, diagnosis, control, and treatment of infectious diseases will be considered.

BIOL 2310 FUNDAMENTAL MICROBIOLOGY LAB

Credit Hour(s): 1.0

Microbiology and Public Health Laboratory. Prerequisite: Biol 2300 with grade of D or higher, or concurrently. Three laboratory hours a week. Basic laboratory techniques for culture and identification of bacteria.

BIOL 2430 FRONTIERS IN BIOTECHNOLOGY

Credit Hour(s): 2.0

Frontiers in Biotechnology. Prerequisites: Biol 1104K, 1108K, or 2108K, and Chem 1212K with grades of C or higher. Two lecture hours a week. Basic principles of biotechnology with emphasis on genetic engineering and its application to problems of medical, agricultural, and social importance.

BIOL 2500 NEUROBIOLOGY AND BEHAVIOR

Credit Hour(s): 2.0

Neurobiology and Behavior. Prerequisites: Biol 1104K, 1108K, or 2108K, and Chem 1212K with grades of C or higher. Two lecture hours a week. An introduction to the neural basis of behavior in animals. The emphasis will be on the evolutionary connectedness of all nervous systems, including that of humans, and on demystifying how the brain works, using both reductionist and systems-level approaches.

BIOL 2800 INTRO TO MOLECULAR BIOLOGY

Credit Hour(s): 2.0

Introduction to Molecular Biology. Prerequisite: Biol 1104K, Biol 1108K, or Biol 2108K with grade of C or higher, or concurrently, or equivalent. Introduction to understanding DNA structure and replication, transcription, and translation, and the regulation of these processes with an emphasis on improving students' critical thinking and problem solving skills.

BIOL 3020 INTRODUCTION TO MARINE BIOLOGY

Credit Hour(s): 3.0

Introduction to Marine Biology. Prerequisite: Biol 1104K, 1108K, or 2108K with grade of C or higher. A comprehensive overview of the marine environment and the characteristics of marine organisms and their distinctive communities, such as coral reefs, kelp forests, seagrass beds, and the deep ocean.

BIOL 3021 INFECTIOUS DISEASE & SOCIETY

Credit Hour(s): 3.0

Infectious Disease and Society. Prerequisite: Biol 1104K or 2108K with grade of C or higher. A consideration of the role played by infectious diseases in shaping civilization and society. The focus will be on HIV/AIDS, but sexually transmitted infections such as syphilis, gonorrhea, genital herpes, and genital warts will be discussed as well. HIV/AIDS will also be compared with other infectious diseases of

historical importance including the Black Death, leprosy, smallpox, tuberculosis, influenza, and poliomyelitis.

BIOL 3240 HUMAN PHYSIOLOGY

Credit Hour(s): 3.0

Human Physiology. Prerequisites: Biol 1104K, 1108K, or 2108K, and Chem 1212K with grades of C or higher, or consent of instructor. Three lecture hours a week. Integrative physiology of major organ systems, with emphasis on homeostatic mechanisms in health and disease.

BIOL 3250 HUMAN PHYSIOLOGY LAB

Credit Hour(s): 1.0

Human Physiology Laboratory. Prerequisite: Biol 3240 with grade of C or higher, or concurrently. Three laboratory hours a week. Exercises dealing with the physiology of the major organ systems.

BIOL 3430 BIOTECHNOLOGY

Credit Hour(s): 3.0

Biotechnology. Prerequisites: Biol 2108K and Chem 1212K with grades of C or higher. Three lecture hours a week. Fundamental principles of biotechnology. Topics include genetic engineering of bacteria, plants and animals; molecular and cellular cloning; the human genome project; forensics and DNA typing; cloning of organisms; and gene therapy. Bioethical implications are also considered.

BIOL 3440 FUNDAMENTALS OF EVOLUTION

Credit Hour(s): 3.0

Fundamentals of Evolution. Prerequisite: Biol 2108K with grade of C or higher. Three lecture hours a week. Mechanisms of evolution, from the molecular to the population level. Topics include population genetics, adaptation, natural selection, speciation, systematics, coevolution, history of life, the geological record, and evolution of humans. This course is also recommended for middle and high school biology teachers.

BIOL 3690 HONORS READINGS

Credit Hour(s): 1.0 TO 3.0

Honors Reading. Prerequisites: consent of the instructor and Honors Program director. Discussion and readings on selected topics.

BIOL 3800 MOLECULAR CELL BIOLOGY

Credit Hour(s): 3.0

Molecular Cell Biology. Prerequisites: Biol 2108K or Biol 2800; and Chem 1212K with grades of C or higher. Three lecture hours a week. A survey of biochemistry, molecular genetics, and cell biology including cell structure and chemistry, macromolecular structure and synthesis, protein trafficking, cell motility, signaling, and division. A student may take this class for a grade a maximum of two times.

BIOL 3810 MOLECULAR CELL BIO LAB-CTW

Credit Hour(s): 3.0

Molecular Cell Biology Laboratory-CTW. Prerequisite: Biol 3800 with grade of C or higher, or concurrently. Experiments demonstrating techniques and concepts in molecular cell biology with an emphasis on learning critical thinking through writing. Serves as one of the two Critical Thinking Through

Writing (CTW) courses required of all biology majors. A student may take this class for a grade a maximum of two times.

BIOL 3820 PLANT BIOLOGY

Credit Hour(s): 3.0

Plant Biology. Prerequisites: Biol 2108K and 3800 (or concurrently) with grades of C or higher, or equivalents. Three lecture hours a week. Dynamic aspects of plant function, structure, and growth.

BIOL 3830 PLANT BIOLOGY LAB

Credit Hour(s): 1.0

Plant Biology Laboratory. Prerequisites: Biol 3810 and Biol 3820 (or concurrently) with grades of C or higher. Three laboratory hours a week. Dynamic aspects of plant function, structure, and growth.

BIOL 3840 ANIMAL BIOLOGY

Credit Hour(s): 3.0

Animal Biology. Prerequisites: Biol 2108K and 3800 (or concurrently) with grades of C or higher, or equivalents. Three lecture hours a week. Comparative analysis of the behavior, physiology, anatomy, phylogeny, evolution, and ecology of animals.

BIOL 3850 ANIMAL BIOLOGY LAB

Credit Hour(s): 1.0

Animal Biology Laboratory. Prerequisites: Biol 3810 and Biol 3840 (or concurrently) with grades of C or higher. Three laboratory hours a week. Comparative structure and function of representative animal types.

BIOL 3880 MICROBIOLOGY

Credit Hour(s): 3.0

Microbiology. Prerequisites: Biol 2108K and 3800 with grades of C or higher, or equivalents. Three lecture hours a week. Functional anatomy, metabolism, cultivation, growth, and control of microorganisms with emphasis on the prokaryotes; relationships of these organisms to their environment.

BIOL 3890 MICROBIOLOGY LAB

Credit Hour(s): 1.0

Microbiology Laboratory. Prerequisites: Biol 3810 and Biol 3880 (or concurrently) with grades of C or higher, or equivalents. Three laboratory hours a week. Techniques of cultivation, quantitation, isolation, and identification of microorganisms with emphasis on bacteria; effects of physical and chemical agents.

BIOL 3900 GENETICS

Credit Hour(s): 3.0

Genetics. Prerequisites: Biol 2108K and 3800 with grades of C or higher or equivalent course work. Chem 2400 recommended. Three lecture hours a week. Introduction to classical and molecular genetics including Mendelian genetics, gene mapping, and molecular biology.

BIOL 3910 GENETICS LABORATORY

Credit Hour(s): 1.0

Genetics Laboratory. Prerequisites: Biol 3810 and Biol 3900 (or concurrently) with grades of C or higher. Three laboratory hours a week. Experiments demonstrating concepts in genetics.

BIOL 3990 INDEPENDENT READINGS

Credit Hour(s): 2.0

Independent Readings. Prerequisites: Biol 3800 with grade of C or higher, and consent of instructor. Students will read and review primary literature in the field of biology. Students will discuss the readings with the instructor and/or write papers. Topics may vary. Course may be repeated for credit a maximum of two times.

BIOL 4010 MATHEMATICAL BIOLOGY

Credit Hour(s): 3.0

Mathematical Biology. Prerequisite: Math 2212 or Math 1220 with grade of C or higher. (Same as Math 4010.) This course provides an introduction to the use of continuous and discrete differential equations in the biological sciences. Biological topics will include single species and interacting population dynamics, modeling infectious and dynamic diseases, regulation of cell function, molecular interactions and receptor-ligand binding, biological oscillators, and an introduction to biological pattern formation. There will also be discussions of current topics of interest such as Tumor Growth and Angiogenesis, HIV and AIDS, and Control of the Mitotic Clock. Mathematical tools such as phase portraits, bifurcation diagrams, perturbation theory, and parameter estimation techniques that are necessary to analyze and interpret biological models will also be covered.

BIOL 4014K INVERTEBRATE BIOLOGY

Credit Hour(s): 4.0

Invertebrate Biology. Prerequisites: Biol 3840 and 3850 with grades of C or higher, or equivalent course work. Three lecture and three laboratory hours a week. Structure, function, distribution, and taxonomic relationships of invertebrate animals.

BIOL 4015K VERTEBRATE BIOLOGY

Credit Hour(s): 4.0

Vertebrate Biology. Prerequisites: Biol 3840 and 3850 with grades of C or higher, or equivalent course work, or consent of instructor. Three lecture and three laboratory hours a week. Diversity, taxonomy, structure, function, distribution, and ecology of living and extinct vertebrates.

BIOL 4045K GENERAL ECOLOGY

Credit Hour(s): 4.0

General Ecology. Prerequisite: Biol 3840 with grade of C or higher, or equivalent. Biol 3820 recommended. Three lecture and three laboratory hours per week. Principles governing distribution and abundance of organisms and their interactions.

BIOL 4050K NATURAL ENVIRONMENT OF GEORGIA

Credit Hour(s): 4.0

The Natural Environment of Georgia. Prerequisite: Biol 1104K, 1108K or 2108K with grade of C or higher, or equivalent. Three lecture hours a week with a one day

weekend lab every other weekend. Principles involved in the structure and function of Georgia's dwindling, but diverse, ecosystems. Locations, diversity, and indicator species will be examined in the classroom and in the field.

BIOL 4074 DEVELOPMENTAL BIOLOGY

Credit Hour(s): 4.0

Developmental Biology. Prerequisites: Biol 3840 and 3900 with grades of C or higher. Four lecture hours a week. Introduction to developmental biology emphasizing cellular, genetic, and molecular aspects and mechanisms of development.

BIOL 4094 DEVELOPMENTAL NEUROBIOLOGY

Credit Hour(s): 4.0

Developmental Neurobiology. Prerequisite: Biol 3800 with grade of C or higher, or equivalent. Four lecture hours per week. Introduction to the development of the nervous system. Covers the field of developmental neurobiology from neural induction to the modification of neuronal connections in the adult nervous system and uses a variety of model organisms to demonstrate the rules by which nervous systems develop.

BIOL 4102 NEUROBIOLOGY

Credit Hour(s): 4.0

Neurobiology. Prerequisites: Biol 3800 and 3840 with grades of C or higher, or equivalent. Comprehensive basis for understanding brain research, major discoveries in neuroscience, and the methods employed for those achievements. Topics include the neural basis of learning and memory, sensory perception, motor control, neurological diseases, drug action, and behavior.

BIOL 4104 ZOO BIOLOGY

Credit Hour(s): 4.0

Zoo Biology. Prerequisite: Biol 3840 with grade of C or higher, or equivalent. Four lecture hours a week. Historical background as well as current issues and developments in zoos. Topics include conservation, SSPs (Species Survival Plans), behavioral enrichment, studbook management, and planning/economics of major exhibits. Course instruction will be on-site at Zoo Atlanta. Students will work directly with animal curators and keepers.

BIOL 4115 MEDICAL NEUROANATOMY

Credit Hour(s): 4.0

Medical Neuroanatomy. Prerequisite: Biol 3840 with grade of C or higher, or equivalent. Four lecture hours per week. Human brain and spinal cord functional neuroanatomy and associated pathologies.

BIOL 4130 SENSATION AND PERCEPTION

Credit Hour(s): 3.0

Sensation and Perception. Prerequisite: Biol 3840 with grade of C or higher, or equivalent. (Same as Psyc 4130.) Three lecture hours a week. Experimental analysis of sensory and perceptual processes at both a physiological and a psychophysical level. The five primary sensory systems will be covered: vision, audition, touch, taste, and smell.

BIOL 4180 NEUROBIOLOGY LABORATORY

Credit Hour(s): 4.0

Neurobiology Laboratory. Prerequisites: Biol 4102 with grade of C or higher, and consent of instructor. (Same as Phys 4180.) Two lecture and six laboratory hours a week. Laboratory techniques in neuroscience, including intra- and extracellular electrophysiology, computational methods, neuroanatomy, immunocytochemistry, and neuroethology.

BIOL 4240 ENDOCRINOLOGY

Credit Hour(s): 4.0

Endocrinology. Prerequisite: Chem 3410 with grade of C or higher, or equivalent course work; Chem 4600 is recommended. Four lecture hours a week. Basic biochemistry and physiology of the endocrine system, including synthesis and secretion of steroid and protein hormones, mechanisms of hormone action, and endocrinology of reproduction.

BIOL 4241 HORMONES AND BEHAVIOR

Credit Hour(s): 4.0

Hormones and Behavior. Prerequisite: Biol 3840 with grade of C or higher, or equivalent. (Same as Psyc 4630.) Four lecture hours per week. Interaction of nervous and endocrine systems in the control of animal behavior, including humans, with emphasis on the mechanisms that adapt behavior to the changing physical and social environments.

BIOL 4242 CIRCADIAN RHYTHMS

Credit Hour(s): 4.0

Circadian Rhythms. Prerequisite: Biol 3840, Psyc 2050, or Psyc 4110 with grade of C or higher, or equivalent. Functional and physiological aspects of biological timekeeping, with special emphasis on circadian timing. Significant student participation is expected with required essential and timely reading assignments.

BIOL 4246 ADVANCED HUMAN PHYSIOLOGY

Credit Hour(s): 4.0

Advanced Human Physiology. Prerequisites: Biol 2240 or Biol 3240, and Biol 3800 with grades of C or higher, or equivalents. The circulatory, respiratory, gastrointestinal, and renal physiological systems will be emphasized.

BIOL 4248 CELL PHYSIOLOGY

Credit Hour(s): 4.0

Cell Physiology. Prerequisites: Biol 3840, 3880, 3900, and Chem 3410 with grades of C or higher, or equivalent. Chem 4600 is recommended. Four lecture hours a week. Mechanisms of cell and organelle function at the molecular level.

BIOL 4278 IMMUNOLOGY

Credit Hour(s): 4.0

Immunology. Prerequisites: Biol 3880 and 3900 with grades of C or higher, or equivalent course work. Four lecture hours a week. Principles of immunobiology with emphasis on humoral and cellular immunity, immunochemical methods for detection, quantitation and study of humoral antibodies and immune cells.

BIOL 4428 MEDICAL MICROBIOLOGY

Credit Hour(s): 4.0

Medical Microbiology. Prerequisite: Biol 3880 with grade of C or higher, or equivalent course work. Four lecture hours per week. An overview of significant human and animal pathogens, including aspects of bacterial, viral, protozoan, and helminthic infections and pathogenesis. Pathogen characteristics and features, epidemiology, immunity, and treatment.

BIOL 4430 MICROBIAL DIVERSITY/SYSTEMATCS

Credit Hour(s): 4.0

Microbial Diversity/Systematics. Prerequisite: Biol 3880 with grade of C or higher. Four lecture hours per week. Principles of microbial diversity with emphasis on the phylogeny, metabolism, interactions of microorganisms with the environment and molecular mechanisms generating diversity and the impact on modern methods of bioprospecting.

BIOL 4438 APPLIED MICROBIOLOGY

Credit Hour(s): 4.0

Applied Microbiology. Prerequisite: Biol 3880 with grade of C or higher, or equivalent course work. Four lecture hours a week. Microbiology of industrial processes, including quality control, fermentations, biotransformations, strain selection, and maintenance.

BIOL 4450 MOLECULAR MODELING METHODS

Credit Hour(s): 2.0

Molecular Modeling Methods. Prerequisites: Chem 3410 and Chem 4110 with grades of C or higher, or equivalent work, and consent of the instructor. (Same as Chem 4450.) Use of molecular mechanics methods to solve structural problems in organic, bioorganic, and biophysical chemistry. May be repeated if topics are different.

BIOL 4451 AQUATIC POLLUTION & TOXICOLOGY

Credit Hour(s): 4.0

Aquatic Pollution and Toxicology. Prerequisites: Biol 2108K and Chem 1212K with grades of C or higher, or equivalent. Chem 2400 recommended. Four lecture hours per week. Comprehensive introduction to water pollution (including relevant methods and techniques) and its relationship to public health.

BIOL 4458 MICROBIAL ECOLOGY & METABOLISM

Credit Hour(s): 4.0

Microbial Ecology and Metabolism. Prerequisites: Biol 3880 and Chem 2400 with grades of C or higher, or equivalent course work. Four lecture hours a week. Microbial communities and the interrelationships of microorganisms and environment. Particular emphasis on metabolic activities and their measurement and applications to environmental problems (bioremediation).

BIOL 4460 PARASITOLOGY

Credit Hour(s): 4.0

Parasitology. Prerequisite: Biol 3800 with grade of C or higher or consent of instructor. A survey of the important parasites of humans and domestic animals. Emphasis will be placed on

medically important parasitic protozoa, helminthes, and arthropods; clinical effects of infection, epidemiology, methods for detection and identification as well as global impact of parasitic diseases in today's world.

BIOL 4480 PRINCIPLES OF TOXICOLOGY

Credit Hour(s): 4.0

Principles of Toxicology. Prerequisite: Biol 1104K, 1108K, or 2108K with grade of C or higher, or equivalent course work. Chem 4600 is recommended. Four lecture hours a week. Studies of the absorption, distribution, and excretion of toxicants, their detoxification and bioactivation, and their adverse effects.

BIOL 4484 LAB TECH:APPLD & ENVIRON MICRO

Credit Hour(s): 4.0

Laboratory Techniques in Applied and Environmental Microbiology. Prerequisites: Biol 3880, 3890, or equivalent course work and at least two of the following: Biol 4438, 4458, 4481 with grades of C or higher. One lecture and six laboratory hours a week. Techniques and procedures for isolation, characterization, and identification of microorganisms of practical significance; model ecosystems and biofilms; sampling and enumeration of microorganisms; metabolism; and analysis of microbial growth.

BIOL 4500 HUMAN GENETICS

Credit Hour(s): 4.0

Human Genetics. Prerequisite: Biol 3900 with grade of C or higher, or equivalent. Four lecture hours a week. Principles of human heredity, with emphasis on the molecular basis of heredity, detection and treatment of genetic diseases, and genetic counseling.

BIOL 4535 BIOETHICS AND BIOTECH

Credit Hour(s): 4.0

Bioethics and Biotechnology. Prerequisite: Biol 3900 with a grade of C or higher. Four lecture hours a week. Recent techniques in biotechnology (e.g., genetic engineering, stem cell cloning, and predictive genetic testing), and the social and ethical issues raised by these technologies.

BIOL 4564 ADVANCED GENETICS

Credit Hour(s): 4.0

Advanced Genetics. Prerequisite: Biol 3900 with grade of C or higher. Four lecture hours a week. Advanced topics and techniques in prokaryotic and eukaryotic genetic systems, including gene mapping, molecular techniques, regulation of gene expression, genomics, and population genetics.

BIOL 4565 ONCOLOGY

Credit Hour(s): 4.0

Oncology. Prerequisite: Biol 3900 with grade of C or higher. Etiology, pathology, mechanisms of metastasis and treatment of cancer. Students will also analyze current primary literature in the field.

BIOL 4575 VIROLOGY

Credit Hour(s): 4.0

Virology. Prerequisites: Biol 3880 and 3900 with grades of C or higher, or equivalent course work. Four lecture hours per

week. Introduction to viruses, including structure and replication of viruses; virus isolation and classification; pathogenesis and epidemiology of virus disease.

BIOL 4576 NEUROVIROLOGY

Credit Hour(s): 4.0

Neurovirology. Prerequisite: Biol 3800 with grade of C or higher. Following an introduction to basic neuroanatomy and neuroimmunology, individual lectures will focus on the diagnosis, treatment, and pathogenesis of several neurologic diseases of virus origin. These include encephalitis, meningitis, chronic inflammatory and demyelinating diseases, HIV/AIDS-associated dementia, peripheral neuropathies, retinitis, and transmissible spongiform encephalopathies caused by prions. The concept of virus latency within the nervous system will be emphasized, as will the possible contributions of viruses or prions toward the onset of Alzheimer's disease.

BIOL 4580 MICROBIAL PATHOGENESIS

Credit Hour(s): 4.0

Microbial Pathogenesis. Prerequisite: Biol 3880 and Biol 3900 with grades of C or higher, or equivalent course work. Four lecture hours a week. This course integrates material from pathogenic microbiology, molecular biology and immunology into an overview of bacterium-host interactions including bacterial attributes, virulence factors, and several paradigms of bacterium-host interactions focusing on molecular and genetic approaches.

BIOL 4595 MICROBIAL PHYSIOLOGY & GENETICS

Credit Hour(s): 4.0

Microbial Physiology and Genetics. Prerequisites: Biol 3880 and Biol 3900 with grades of C or higher. Chem 4600 recommended. Four lecture hours a week. Molecular biology of bacteria and their viruses, with an emphasis on the use of microbes as model systems for studying molecular processes. Topics include microbial physiology, genetic exchange, gene expression, recombinant DNA technology, and the molecular basis for microbial pathogenesis.

BIOL 4615 HIST OF SCIENCE & TECHNOLOGY

Credit Hour(s): 4.0

History of Science and Technology. Prerequisite: Biol 2108K with grade of C or higher. Examination of the histories of different scientific disciplines, their methodologies, practices, forms of knowledge and interrelations, integrating transformations in the sciences with broader historical changes. Topics include the histories of scientific revolutions, the relationship between science and technology, the social and political uses of science, and criticisms of science.

BIOL 4630 ENZYMOLOGY

Credit Hour(s): 3.0

Enzymology. Prerequisites: one year of organic chemistry (Chem 3410) and one semester of biochemistry (Chem 4600) with grades of C or higher, or equivalent. (Same as Chem 4630.) Introduction to enzyme catalysis, with emphasis on the general concepts of enzyme kinetics and the common tools for studying enzymes.

BIOL 4640 FUNDAMENTALS OF BIOINFORMATICS

Credit Hour(s): 4.0

Fundamentals of Bioinformatics. Prerequisites: Biol 3800 with grade of C or higher, or equivalent, or written approval of instructor. (Same as Chem 4640 and CSc 4640.) Four lecture hours per week. A "hands-on" approach to bioinformatics using PCs, the internet, and computer graphics to analyze, correlate, and extract information from biological databases, emphasizing sequence and structure databases for proteins and nucleic acids, and introducing the computer skills necessary for bioinformatics. Topics include: sequences and three-dimensional structures of proteins and nucleic acids, the major databases, algorithms for sequence comparison, data mining, and prediction of structure and function.

BIOL 4680 BIOLOGICAL IMAGING

Credit Hour(s): 4.0

Biological Imaging. Prerequisites: Biol 3800 and Phys 1112K or Phys 2212K with grades of C or higher, or equivalent. Four lecture hours per week. An introduction to the theory of microscopy and various types of microscopes and their applications to biological research. Topics include: microscopes, basic specimen preparation, and staining techniques.

BIOL 4685 FUNCTIONAL HISTOLOGY

Credit Hour(s): 4.0

Functional Histology Prerequisites: Biol 3800 and 3240 with grades of C or higher, or equivalent. Four lecture hours per week. Topics include preparation and basic staining of tissues, special stains, identification of tissue features and classification. The course will correlate tissue form and function by incorporating concepts of cell, tissue, and organ physiology.

BIOL 4686 PATHOPHYSIOLOGY

Credit Hour(s): 4.0

Pathophysiology. Prerequisites: Biol 3800 and 3240 with grades of C or higher or equivalent, or consent of instructor. Clinical case studies will be used to teach the principles and processes behind adult and childhood diseases. Students will learn basic diagnostic skills in hematology and blood chemistry, histopathology, ECG, spirometry, radiology, and urology.

BIOL 4690 LAB IN ELECTRON MICROSCOPY

Credit Hour(s): 4.0

Laboratory in Electron Microscopy. Prerequisite: Biol 4680 with grade of C or higher, or equivalent. Eight laboratory hours per week. Practical application of transmission and scanning microscopy techniques, including sample preparation, instrument operation, image acquisition, and interpretation of ultrastructure. Each student will be required to complete two independent projects, one using transmission electron microscopy and one using scanning electron microscopy.

BIOL 4694 BIOSAFETY: PRINCIPLES & PRACT

Credit Hour(s): 4.0

Biosafety: Principles and Practice. Prerequisites: Biol 3800 with grade of C or higher, or equivalent, or consent of instructor. Four lecture hours per week. The discussion of pathogenic agents and their associated occupational and public health risks. Topics include emerging biosafety issues such as bioterrorism, human gene therapy, and federal and state regulations guiding use of pathogenic organisms.

BIOL 4696 LAB IN MOLEC BIOL TECHNIQUES

Credit Hour(s): 4.0

Laboratory in Molecular Biological Techniques. Prerequisites: Biol 3900 with a grade of C or higher. Chem 4600 recommended. One lecture and six laboratory hours a week. Isolation and characterization of nucleic acids and proteins. Topics include molecular cloning, isolation, characterization and sequence analysis of chromosomal and plasmid DNA, PCR mediated gene amplification, and protein purification.

BIOL 4744 BIOSTATISTICS

Credit Hour(s): 3.0

Biostatistics. Prerequisites: Math 2211 and Biol 2108K with grades of C or higher, or equivalents. (Same as Math 4544.) Three lecture hours a week. Principles and methods of statistics as applied to biology and medicine.

BIOL 4780 BIOMOLECULAR SIMULATIONS

Credit Hour(s): 3.0

Biomolecular Simulations. Prerequisites: Chem 3410 and Chem 4120 or equivalents with grades of C or higher, or consent of instructor. (Same as Chem 4780.) This is an introductory self-contained course on the application of molecular dynamics and related methodologies by which student with a relatively limited background in chemistry, biology, and computer literacy can learn the fundamentals of research in these areas. In this course, students will learn to do computer calculations that quantify biomolecular interaction concepts discussed in lectures in biology, biochemistry, and biophysics.

BIOL 4800 PRINCIPLES OF CELLULAR BIOLOGY

Credit Hour(s): 4.0

Principles of Cellular Biology. Prerequisites: Biol 3800, Biol 3900, and Chem 1211K with grades of C or higher, or consent of instructor. Four lecture hours a week. Survey of cellular components and processes in different cell types as they relate to the function of the cell. Includes signal transduction, photoreceptors, neurons, muscle, blood cells, cells of the immune system, and cell biology of infection.

BIOL 4870 HONORS THESIS:RESEARCH

Credit Hour(s): 3.0 TO 6.0

Honors Thesis: Research. Prerequisites: consent of instructor and Honors Program director. Readings or research preparatory to honors thesis or project.

BIOL 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0

Honors Thesis: Writing. Prerequisites: Biol 4870 with grade of C or higher, or equivalent and consent of instructor and Honors Program director. Writing or production of honors thesis or project.

BIOL 4900 DIR LAB STUDY**Credit Hour(s):** 2.0

Directed Laboratory Study. Co-requisite: Biol 4910 or equivalent. One lecture hour and one discussion hour per week. Student learning of experimental strategies and procedures through laboratory group meetings and individual discussion with faculty laboratory director.

BIOL 4905 THEME-BASED BIOLOGY LABORATORY**Credit Hour(s):** 2.0 TO 4.0

Theme-Based Biology Laboratory. Prerequisite: Biol 3810 with grade of C or higher. Students will work in small groups to develop specific biological hypotheses, design and carry out experiments to test these hypotheses, and analyze the results they obtain. May be repeated for credit if topic is different.

BIOL 4910 UNDERGRAD RESEARCH IN BIOLOGY**Credit Hour(s):** 1.0 TO 5.0

Undergraduate Research in Biology. Prerequisites: at least 20 hours in biology and consent of instructor. Independent laboratory investigation of common interest to student and instructor. May be repeated once.

BIOL 4911 INTERNSHIP IN ZOO RESEARCH**Credit Hour(s):** 3.0

Internship in Zoo Research. Prerequisite: Biol 4104 with grade of C or higher, or equivalent. Admission by permission of instructor. Nine lab hours per week. Students will directly participate in ongoing primary research at the zoo. This will be under the direction of animal curators and keepers at the zoo and will provide specific research opportunities with the living collections at Zoo Atlanta.

BIOL 4912 ZOO INTERNSHIP IN ANIMAL MGMT**Credit Hour(s):** 3.0

Zoo Internship in Animal Management. Prerequisite: Biol 4104 with grade of C or higher, or equivalent. Admission by permission of instructor. Nine lab hours per week. Supervised hands-on experience with the practical aspects of managing a wide range of exotic animals in a captive setting. Students will work directly with animal curators and keepers.

BIOL 4913 GEORGIA AQUARIUM INTERNSHIP I**Credit Hour(s):** 2.0

Georgia Aquarium Internship I. Prerequisite: Biol 3020 with grade of B or higher, or consent of instructor. Students will participate in the education programs at the Georgia Aquarium one morning a week for about three hours, depending on Aquarium requirements, and under the supervision of Aquarium staff. The primary goal is to train interns to be able to deliver education programs at the Georgia Aquarium.

BIOL 4914 GEORGIA AQUARIUM INTERNSHIP II**Credit Hour(s):** 2.0

Georgia Aquarium Internship II. Prerequisites: Biol 4913 with grade of S and consent of instructor. This is the second part of

the Georgia Aquarium internship program. Students will participate in the education programs at the Georgia Aquarium one morning a week for about three hours, depending on Aquarium requirements, and under the supervision of Aquarium staff. The interns will deliver education programs to visiting student groups and train interns in first part of the Intern program (Biol 4913 or Biol 6913).

BIOL 4915 COLLAB INTERNSHIPS IN BIOLOGY**Credit Hour(s):** 2.0

Collaborative Internships in Biology. Prerequisite: consent of instructor. Students engage in off-campus internship training arranged through collaboration with biology faculty members. May be taken for credit a maximum of two times.

BIOL 4916 INTERNSHIPS IN BIOLOGY**Credit Hour(s):** 2.0

Internships in Biology. Prerequisite: consent of instructor. Students receive hands-on experience in activities that require knowledge and skills related to the field of biology. Specific topics available each semester will vary. May be taken for credit a maximum of two times.

BIOL 4930 TOPICS IN BIOLOGY**Credit Hour(s):** 3.0 TO 4.0

Topics in Biology. Prerequisite: consent of instructor. Three or four lecture hours a week. Detailed examination of a selected area in biological sciences. May be repeated for credit if topic is different.

BIOL 4960 BIOLOGY CAREERS SEMINAR**Credit Hour(s):** 1.0

Biology Careers Seminar Prerequisite: Biol 3800 with grade of C or higher. Speakers from different biology-related fields will discuss their jobs from the perspective of helping Biology majors with their career planning. Topics will include graduate training at GSU, health and teaching-related careers, other biology-related careers, and job search strategies. (May be repeated for credit a maximum of two times.)

BIOL 4970 BIOLOGY SEMINAR**Credit Hour(s):** 1.0

Biology Seminar. Prerequisite: at least 20 hours in biology. Current research topics in biology. May be repeated for credit a maximum of two times.

BIOL 4980 SENIOR SEMINAR-CTW**Credit Hour(s):** 3.0

Senior Seminar-CTW. Prerequisites: Biol 3810, Biol 3880, and Biol 3900 with grades of C or higher. Critical analysis of research in biology using primary literature and seminars in biology. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all biology majors.

BIOL 4995 DIRECTED READINGS B.I.S.-CTW**Credit Hour(s):** 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

BRFV BIRTH THROUGH FIVE

BRFV 3200 INTRO ADM/ORGAN PROGS YNG CHLD

Credit Hour(s): 3.0

Introduction to Administration and Organization of Programs for Young Children. Prerequisite: EDUC 2300. Teacher candidates will develop knowledge and skills in planning, implementation, and maintenance of an effective early childhood program. Laws, rules, regulations, accreditation and program evaluation will be addressed. Managing a facility, financial resources, and personnel will be emphasized. Program administrator competencies of national accrediting agencies will be addressed.

BRFV 3250 PROFESS/ETHICAL PRACTICE-CTW

Credit Hour(s): 3.0

BRFV 3250 Professional and Ethical Practice-CTW. Teacher candidates will develop knowledge, skills, and dispositions that will enable them to work as professionals in a variety of settings with children from birth through five years of age and their caregivers. Teacher candidates will become familiar with organizations and publications relevant to the fields of early childhood education and early childhood/special education and will learn to adhere to codes of ethical behavior for those fields. Topics include professional qualifications, professionalism, advocacy, and team process models. This course is a Critical Thinking Through Writing (CTW) course.

BRFV 4360 CHILD GUIDANCE BIRTH TO FIVE

Credit Hour(s): 3.0

Child Guidance Birth to Five. Prerequisite: EDUC 2300. This course focuses on positive child guidance strategies to support the development of self-control, self-motivation, and self-esteem of young children. Guidance practices that foster and motivate children's learning in individual and group settings will be reviewed. The theoretical foundations of current guidance approaches will be examined.

BRFV 4370 LANG/LITERACY/COGNITION-CTW

Credit Hour(s): 3.0

Language, Literacy, and Cognition-CTW. Prerequisite: EDUC 2300. Teacher candidates will develop knowledge about the inter-relatedness of cognition, language, and literacy such that they gain a strong pedagogical foundation in literacy and language development with an emphasis on the practical application of course topics to implement developmentally appropriate practices and experiences. Topics include pre-linguistic development, components of language, relationships between oral and written language, early literacy development, individual differences, and cultural and linguistic variations in language including bilingualism and biliteracy. This course is a Critical Thinking Through Writing (CTW) course.

BRFV 4380 METHODS FOR INFANTS & TODDLERS

Credit Hour(s): 4.0

Methods for Infants and Toddlers. Prerequisite: EDUC 2300. Teacher candidates will develop knowledge and skills in planning and implementing developmentally appropriate activities in a flexible and supportive learning environment for

children birth through 36 months of age. Teacher candidates will use instructional methods and materials based on knowledge of child, family, community, and curricular goals. Topics include application of brain and attachment research, how infants learn, and how caregivers can use routines to provide individual, respectful, and responsive care to support optimum social/emotional, cognitive, and physical development of children, birth to age 18 months; promoting the development of toddlers' sense of self, building teaching relationships with toddlers, socialization and guidance in toddler years, facilitation of language development, toilet learning. DECAL standards for 0-3 will be explored. (Includes field experience)

BRFV 4390 MTHDS PRE-K/KINDERGARTEN CHILD

Credit Hour(s): 4.0

Methods for Pre-Kindergarten and Kindergarten Children. Prerequisite: EDUC 2300. Teacher candidates will learn to provide developmentally appropriate individual and group activities to 3-5 year old children in a flexible and supportive learning environment that provokes children's thinking. Topics and activities will include emphasis on social and emotional development, motor development and refined control of movement, sensorial foundations for cognitive development, language acquisition and the emergence and development of literacy, development of numeracy and the mathematical mind, supporting children's social connections and children's symbolic representation of ideas, using a wide variety of materials, through art, dramatic play, block construction, and storytelling. DECAL and GA DOE standards will be explored (Includes field experience).

BRFV 4400 FAMILY/COMMUNITY RELATIONSHIPS

Credit Hour(s): 3.0

Family and Community Relationships. Prerequisite: EDUC 2152. The structure, function, and process of parenting are explored. An emphasis is placed on understanding characteristics of parents, parenting behavior, parenting styles, and their consequences on children and parent-child relationships. Families' relationships with caregivers, early childhood care and education settings, and communities will also be discussed.

BRFV 4661 STUDENT TEACHING BIRTH - FIVE

Credit Hour(s): 9.0 TO 12.0

Student Teaching Birth Through Five. Prerequisites: All courses. This course is the culmination of teacher candidates' knowledge gained in previous coursework and allows them to demonstrate self-sufficiency and independence if they are beginning teachers or at high levels of competence if experienced teachers. Teacher candidates will complete the student teaching internship in an early care and education setting for young children or in a preschool/Pre-kindergarten or Kindergarten setting. Opportunity is given for teacher candidates to work with young children with or without special needs. Teacher candidates will demonstrate the knowledge, skills, and dispositions acquired in the program.

BUSA BUSINESS ADMINISTRATION--UGRAD

BUSA 2106 LEGAL ENVIRONMENT OF BUS

Credit Hour(s): 3.0

The Legal Environment of Business. Prerequisite: none. CSP: 1, 6. This course provides the business student with a study of the interrelationship of law, ethics, and business. The course also covers government regulation of business activities and the legal environment within which business must operate.

BUSA 3000 GLOBAL AND BUS PRACTICES-CTW

Credit Hour(s): 3.0

Globalization and Business Practice-CTW. Prerequisite: Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 6, 7. This course examines worldwide integration of economic, political, technological, cultural, and social facets to explore the impact of globalization on organizations and individuals worldwide. Students develop an understanding of the macro environment of the global marketplace. They learn how to incorporate their knowledge of global markets through the simultaneous consideration of all business functions. Methodologies of country market assessment are utilized applying critical thinking through writing. The course is the required first CTW course for all majors in the Robinson College of Business.

BUSA 4980 STRATEGIC MANAGEMENT

Credit Hour(s): 3.0

Strategic Management. Prerequisites: Bcom 3950 or Engl 3130, BusA 2106, Busa 3000, Fi 3300, Mgs 3100, Mgs 3400, Mk 3010: completion of four upper-level major courses. CSP: 1, 2. Requires a 2.5 GSU GPA and 45 semester hours. This is a capstone course in the B.B.A. program and is required of all seniors. The course integrates subject matter from the business core courses and other disciplines. This course focuses on integrated approaches to medium and long-term organizational challenges in a dynamic environment. Students develop skills in, and appreciation of, the role of all managers in the formulation and implementation of organizational strategies. A computer simulation involving teams of students from different functional backgrounds is a major part of the instructional design. Warning: B.B.A. students who violate any of the prerequisites for BusA 4980 are subject to disenrollment by the college regardless of performance or time lapse and will be allowed a tuition refund in accordance with the university's refund schedule.

CHEM CHEMISTRY

CHEM 1050 CHEMISTRY FOR CITIZENS

Credit Hour(s): 3.0

Chemistry for Citizens. Prerequisite: high school chemistry recommended. Three lecture hours a week. Modern chemical concepts and chemical processes with their impact on a technological society; the background for informed decisions.

CHEM 1101K INTRODUCTORY CHEMISTRY I

Credit Hour(s): 4.0

Introductory Chemistry I. Three lecture and three laboratory hours a week. First course in a two-semester sequence

covering the basic principles and applications of chemistry for non-science majors. Topics to be covered include atomic structure and isotopes, periodicity, and chemical equations. Laboratory exercises supplement the lecture material.

CHEM 1102K INTRODUCTORY CHEMISTRY II

Credit Hour(s): 4.0

Introductory Chemistry II. Prerequisite: Chem 1101K with grade of D or higher. Three lecture and three laboratory hours a week. Second course in a two-semester sequence covering the basic principles and applications of chemistry for non-science majors. Laboratory exercises supplement the lecture material.

CHEM 1151K SURVEY OF CHEMISTRY I

Credit Hour(s): 4.0

Survey of Chemistry I. Three lecture and three laboratory hours a week. Students with a good science background may apply for exemption. First course in a two-semester sequence covering elementary principles of general, organic, and biochemistry designed for allied health profession majors. Topics to be covered include elements and compounds, chemical equations, nomenclature, and molecular geometry. Laboratory exercises supplement the lecture material.

CHEM 1152K SURVEY OF CHEMISTRY II

Credit Hour(s): 4.0

Survey of Chemistry II. Prerequisite: Chem 1151K with grade of D or higher, or its exemption. Three lecture and three laboratory hours a week. Second course in a two-semester sequence covering elementary principles of general, organic, and biochemistry designed for allied health profession majors. Laboratory exercises supplement the lecture material.

CHEM 1201 CHEM I CONCEPT DEVELOPMENT

Credit Hour(s): 1.0

Chemistry I Concept Development. Prerequisite: concurrent enrollment in Chem 1211K. One lecture hour a week. Elaborates key chemical concepts and illustrates problem-solving techniques for college chemistry for natural science majors. Recommended for students who have completed a standard high school chemistry course. This course does not count toward a degree.

CHEM 1202 CHEM I PROBLEM SOLVING

Credit Hour(s): 2.0

Chemistry I Problem Solving. Prerequisite: concurrent enrollment in Chem 1211K. Two lecture hours a week. In-depth problem-solving techniques and study methods for college chemistry for natural science majors. Recommended for students who have not completed a standard high school chemistry course. This course does not count toward a degree.

CHEM 1203 CHEM II CONCEPT DEVELOPMENT

Credit Hour(s): 1.0

Chemistry II Concept Development. Prerequisite: Concurrent enrollment in Chem 1212K. One lecture hour a week. Elaborates key chemical concepts and illustrates problem-solving techniques for college chemistry for natural science majors. This course does not count toward a degree.

CHEM 1211K PRINCIPLES OF CHEMISTRY I

Credit Hour(s): 4.0

Principles of Chemistry I. Prerequisite: One year of high school chemistry or the equivalent and authorization by department. Math 1113 as a prerequisite or corequisite is strongly advised. Three lecture and three laboratory hours a week. First course in a two-semester sequence covering the fundamental principles and applications of chemistry for science majors. Topics to be covered include composition of matter, stoichiometry, periodic relations, and nomenclature. Laboratory exercises supplement the lecture material.

CHEM 1212K PRINCIPLES OF CHEMISTRY II**Credit Hour(s): 4.0**

Principles of Chemistry II. Prerequisite: Chem 1211K with grade of D or higher. (Grade of C or higher required for all Chemistry majors.) Three lecture and three laboratory hours a week. Second course in a two-semester sequence covering the fundamental principles and applications of chemistry for science majors. Laboratory exercises supplement the lecture material.

CHEM 2010 INTRO TO QUANTITATIVE ANALYSIS**Credit Hour(s): 2.0**

Quantitative Analysis. Prerequisite: Chem 1212K with grade of C or higher. One lecture and four laboratory hours a week. Fulfills quantitative analysis requirement for pre-medical students and chemistry majors. Fundamentals of quantitative analysis applied to a research project. Topics include acid-base and complex ion equilibria, redox potentials, electrochemistry, spectroscopy, and separations.

CHEM 2400 ORGANIC CHEMISTRY I**Credit Hour(s): 4.0**

Organic Chemistry I. Prerequisite: Chem 1212K with grade of D or higher. Concurrent enrollment in Chem 3100 is strongly suggested. Three lecture hours and one recitation hour Three lecture hours and one recitation hour a week. Reactions, methods of preparation, and physical and chemical properties of the common classes of carbon compounds, with emphasis upon modern electronic and mechanistic theories.

CHEM 2401 ORGANIC CHEMISTRY PROBLEMS I**Credit Hour(s): 1.0**

Organic Chemistry Problems I. Corequisite: concurrent registration in Chem 2400. One lecture hour per week. An auxiliary course for students taking Chem 2400. Emphasis is on problem solving in organic chemistry. This course does not count toward graduation.

CHEM 2950 CHEMICAL RESEARCH**Credit Hour(s): 2.0 TO 5.0**

Chemical Research. Prerequisite: Prior approval by the supervisor of a proposed plan of study. Supervised chemical laboratory research at the lower undergraduate level. Specific topics selected by the student in consultation with the supervisor.

CHEM 3100 ORGANIC CHEMISTRY LAB I**Credit Hour(s): 2.0**

Organic Chemistry Laboratory I. Prerequisites: Chem 1212K with grade of C or higher, and concurrent enrollment in Chem 2400. One lecture and 3.5 laboratory hours a week. Modern quantitative and physical laboratory methods applied to the synthesis, separation, purification, identification, and the physical and chemical properties of organic compounds.

CHEM 3110 ORGANIC CHEMISTRY LAB II**Credit Hour(s): 2.0**

Organic Chemistry Laboratory II. Prerequisites: Chem 2400 with grade of C or higher, and concurrent enrollment in Chem 3410 (or previous enrollment in Chem 3410 with a grade of C or higher). One lecture and four laboratory hours a week. Modern quantitative and physical laboratory methods applied to the synthesis, separation, purification, identification, and the physical and chemical properties of organic compounds.

CHEM 3410 ORGANIC CHEMISTRY II**Credit Hour(s): 4.0**

Organic Chemistry II. Prerequisite: Chem 2400 with grade of C or higher. Concurrent enrollment in Chem 3110 is strongly suggested. Three lecture hours and one recitation hour a week. Reactions, methods of preparation, and physical and chemical properties of the common classes of carbon compounds, with emphasis upon modern electronic and mechanistic theories.

CHEM 3411 ORGANIC CHEMISTRY PROBLEMS II**Credit Hour(s): 1.0**

Organic Chemistry Problems II. Corequisite: concurrent registration in Chem 3410. One lecture hour per week. An auxiliary course for students taking Chem 3410. Emphasis is on problem solving in organic chemistry. This course does not count toward graduation.

CHEM 3690 HONORS READINGS**Credit Hour(s): 1.0 TO 3.0**

Honors Readings. Prerequisite: consent of the instructor and Honors Program director. Discussion and readings on selected topics.

CHEM 4000 FUND OF CHEMICAL ANALYSIS-CTW**Credit Hour(s): 3.0**

Fundamentals of Chemical Analysis-CTW. Prerequisites: Chem 3410 with grade of C or higher, Math 2212 with grade of D or higher, and an undergraduate GPA of 2.2 or higher. Two lecture and four laboratory hours a week. Chemical equilibria of acid-base systems, metal ion complexes and solubility, and their relationship to chemical analysis; use of manual and semi-automatic methods of data collection. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all chemistry majors and may not be transferred in.

CHEM 4001 PROBLEM SOLVING IN ANAL. CHEM.**Credit Hour(s): 2.0**

Problem Solving in Analytical Chemistry. Two lecture hours a week. Concurrent enrollment in Chem 4000 required. Emphasis on solving assigned problems and review of lecture

material. This course does not count toward a B.S. Degree in Chemistry.

CHEM 4010 INST METHODS I: CHROMATOGRPHY

Credit Hour(s): 3.0

Instrumental Methods I: Chromatography. Prerequisite: Chem 4000 with grade of C or higher. Corequisite: Chem 4110. Two lecture and three laboratory hours a week. Modern methods, e.g., gas, liquid, thin layer, column, and ion exclusion chromatographic techniques, used to demonstrate the principles of chromatography.

CHEM 4015 SEPARATION IN BIOSCIENCES

Credit Hour(s): 3.0

Separation in Biosciences. Prerequisites: Chem 4000 and 4010 with grades of C or higher, or equivalent. Two lecture and three laboratory hours a week. Analytical chemistry applications of electrophoresis, gel chromatography precipitation, and ultracentrifugation to molecular recognition and separations in biological systems.

CHEM 4050 INTRO FOUR-TRANS NMR SPECTRO

Credit Hour(s): 2.0

Introduction to Fourier-Transform NMR Spectroscopy. Prerequisites: demonstrated research need and approval of the department chair. Introduction to techniques of Fourier-Transform Nuclear Magnetic Resonance Spectroscopy.

CHEM 4100 CHEMICAL LITERATURE

Credit Hour(s): 3.0

Chemical Literature. Prerequisites: Chem 3110 with grade of C or higher, or equivalent, and consent of instructor. Introduction to the chemical literature. Emphasis on literature searching via database services.

CHEM 4110 PHYSICAL CHEMISTRY I

Credit Hour(s): 3.0

Physical Chemistry I. Prerequisites: Chem 1212K and Phys 2212K with grade of C or higher Math 2212 with grade of D or higher, and an undergraduate GPA of 2.2 or higher. Three lecture hours a week. Principles of thermodynamics, transport and kinetics and how they serve as a basis for interpreting and interrelating the properties of matter.

CHEM 4111 PHYSICAL CHEMISTRY PROBLEMS I

Credit Hour(s): 2.0

Physical Chemistry Problems I. Corequisite: concurrent registration in Chem 4110. Two lecture hours per week. This course is designed to assist students in acquiring problem solving skills in Physical Chemistry I. This course does not count toward graduation.

CHEM 4120 PHYSICAL CHEMISTRY II

Credit Hour(s): 3.0

Physical Chemistry II. Prerequisite: Chem 4110 with grade of C or higher. Principles of quantum and statistical mechanics, and how they serve as a basis for interpreting and interrelating the properties of matter.

CHEM 4121 PHYSICAL CHEMISTRY PROBLEMS II

Credit Hour(s): 2.0

Physical Chemistry Problems II. Corequisite: concurrent registration in Chem 4120. Two lecture hours per week. This course is designed to assist students in acquiring problem-solving skills in Physical Chemistry II. This course does not count toward graduation.

CHEM 4150 INTRO TO BIOPHYSICAL CHEMISTRY

Credit Hour(s): 3.0

Introduction to Biophysical Chemistry. Prerequisite: Math 2215 with grade of D or higher, or equivalent.

Thermodynamics, theories of solution, and principles of dynamics applied to biological systems. Not acceptable for credit toward a BS degree in Chemistry.

CHEM 4160 CHEMISTRY LABORATORY IVA-CTW

Credit Hour(s): 3.0

Chemistry Laboratory IVA-CTW. Prerequisites: Chem 4000 and Chem 4110 with grades of C or higher, or equivalent, and prior selection of special problems. Concurrent enrollment in Chem 4160 and 4170 is not allowed. Laboratory to be arranged. Advanced laboratory problems; independent research. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all chemistry majors.

CHEM 4170 CHEMISTRY LABORATORY IVB

Credit Hour(s): 4.0

Chemical Laboratory IVB. Prerequisites: Chem 4000 and Chem 4110 with grades of C or higher, and prior selection of special problems. Concurrent enrollment in Chem 4160 and 4170 is not allowed. Laboratory to be arranged. Advanced laboratory problems; independent research.

CHEM 4190 INSTR MTHDS III: SPECTROSCOPY

Credit Hour(s): 3.0

Instrumental Methods III: Spectroscopy. Prerequisites: Chem 4000 and 4120 with grades of C or higher. Two lecture and three laboratory hours a week. Modern spectroscopic techniques and their application to chemical problems, with the results of quantum mechanics used as a guide in the analysis of spectra.

CHEM 4210 INORGANIC CHEMISTRY

Credit Hour(s): 3.0

Inorganic Chemistry. Prerequisite: Chem 4120 with grade of C or higher. Periodic relationship of the elements and their compounds, including those less commonly encountered. Bonding, reaction and mechanisms, complexes, and stereochemistry are among the topics discussed.

CHEM 4220 BIOMETALLOCHEMISTRY

Credit Hour(s): 3.0

Biometallochemistry. Prerequisites: one year of organic chemistry (Chem 3410) and one semester of biochemistry (Chem 4600) with grades of C or higher. An exploration of the structural and functional use of metals in biological systems

including metalloproteins and metallocomplex interaction with nucleic acids. (This course cannot substitute for Chem 4210.)

CHEM 4230 METALS IN BIOLOGY AND MEDICINE

Credit Hour(s): 5.0

Metals in Biology and Medicine. Prerequisite: Chem 4600 (Biochemistry I) or equivalent with a grade of C or better. Metal ions play critical roles in over one third of all enzymes. They are involved in oxygen activation and a number of important biosynthetic pathways. Moreover, metal ions control many diseases. This course is an overview of the roles of metals in biology and medicine, focusing on the metal-binding ability of proteins and nucleic acids and their relations to various disease states. Our emphasis will be on the mechanism of metal-dependent enzymes. Important topics include oxygen activation by metal ions, the production of reactive oxygen species (ROS) in biological systems, metal uptake and toxicity, metal-assisted amino acid radical productions, metals in medicine, and biomineralization. An overview of bioinformatics and the key instrumental methods used in bioinorganic chemistry will also be covered.

CHEM 4330 ADVANCED SYNTHESIS

Credit Hour(s): 3.0

Advanced Synthesis. Prerequisites: one year of organic chemistry (Chem 3410) with laboratory (Chem 3110) with grades of C or higher. Two lecture and four laboratory hours a week. Synthesis and characterization of inorganic and organic compounds by modern methodology.

CHEM 4370 POLYMER CHEMISTRY

Credit Hour(s): 3.0

Polymer Chemistry. Prerequisites: Chem 3410 and 4110 with grades of C or higher, or equivalent. Introduction to polymer synthesis, properties, and characterization. Topics include: reaction mechanisms, molecular weight determination, thermodynamics and chain statistics, rubber elasticity, and transport properties of dilute polymer solutions.

CHEM 4400 MECHANISTIC ORGANIC CHEMISTRY

Credit Hour(s): 3.0

Mechanistic Organic Chemistry. Prerequisite: one year of organic chemistry (Chem 3410) with grade of C or higher. Experimental approaches to determining the mechanisms of chemical reactions in organic chemistry.

CHEM 4410 BIOORGANIC CHEMISTRY

Credit Hour(s): 3.0

Bioorganic Chemistry. Prerequisite: one year of organic chemistry (Chem 3410) or a course in biochemistry with grade of C or higher. Strategies for designing pharmaceutical agents to inhibit enzymes. This is a writing intensive course.

CHEM 4420 DRUG DISCOVERY

Credit Hour(s): 3.0

Drug Discovery: Theory and Practice. Prerequisites: Chem 2400 and Chem 3410 with grades of C or higher, or consent of the instructor. Three lecture hours a week. Study of the principles of drug design, drug design methods, and tools

commonly used in the pharmaceutical industry, and general strategies and common pitfalls in drug discovery.

CHEM 4430 ADV SYNTH & MECHAN ORGAN CHEM

Credit Hour(s): 3.0

Advanced Synthesis & Mechanism in Organic Chemistry. Prerequisite: Chem 3410 (Organic Chemistry II) with grade of B or higher and consent of instructor. This course focuses on advanced synthetic methodologies and reactions mechanisms.

CHEM 4450 MOLECULAR MODELING METHODS

Credit Hour(s): 3.0

Molecular Modeling Methods. Prerequisites: Chem 3410 and Chem 4110 with grades of C or higher, or equivalent coursework, and consent of instructor. Molecular mechanics/dynamics methods to solve structural problems in organic, bioorganic, and biophysical chemistry. May be repeated if topics are different.

CHEM 4490 SPEC TOPICS IN ORGANIC CHEM

Credit Hour(s): 3.0

Special Topics in Organic Chemistry. Prerequisite: Chem 3410 with grade of C or higher, or equivalent. Advanced topics in organic chemistry as may fit the needs and interests of the students and faculty. Such topics might be stereoisomerism, heterocycles, alkaloids, organic mechanisms, and structure-activity relationships. May be repeated if topics are different.

CHEM 4590 SPEC TOPICS IN PHYSICAL CHEM

Credit Hour(s): 3.0

Special Topics in Physical Chemistry. Prerequisite: Chem 4120 with grade of C or higher, or equivalent. Advanced topics in physical chemistry as may fit the needs and interests of the students and faculty. Such topics might be chemical kinetics, statistical mechanics, quantum mechanics, molecular spectra, phase equilibrium. May be repeated if topics are different.

CHEM 4600 BIOCHEMISTRY I

Credit Hour(s): 5.0

Biochemistry I. Prerequisite: Chem 3410 with grade of C or higher. Five lecture hours a week. Introduction to biochemical phenomena: proteins, enzymes, vitamins, carbohydrates, lipids, nucleic acids, DNA, RNA, and metabolism.

CHEM 4610 BIOCHEMISTRY II

Credit Hour(s): 3.0

Biochemistry II. Prerequisite: Chem 4600 with grade of C or higher. Three lecture hours a week. In-depth coverage of biochemical phenomena: proteins, enzymes, vitamins, carbohydrates, lipids, nucleic acids, DNA, RNA, and metabolism.

CHEM 4630 ENZYMOLOGY

Credit Hour(s): 3.0

Enzymology. Prerequisites: one year of organic chemistry (Chem 3410) and one semester of biochemistry (Chem 4600) with grades of C or higher. (Same as Biol 4630.) Introduction

to enzyme catalysis, with emphasis on the general concepts of enzyme kinetics and the common tools for studying enzymes.

CHEM 4640 FUNDAMENTALS OF BIOINFORMATICS

Credit Hour(s): 4.0

Fundamentals of Bioinformatics. Prerequisite: Biol 3800 with grade of C or higher, or written approval of instructor. (Same as Biol 4640 and CSc 4640.) Four lecture hours per week. A "hands-on" approach to bioinformatics using PCs, the internet, and computer graphics to analyze, correlate, and extract information from biological databases, emphasizing sequence and structure databases for proteins and nucleic acids, and introducing the computing skills necessary for bioinformatics. Topics include: sequences and three-dimensional structures of proteins and nucleic acids, the major databases, algorithms for sequence comparison, data mining, and prediction of structure and function.

CHEM 4650 NUCLEIC ACID SYNTH/DRUG DESIGN

Credit Hour(s): 3.0

Nucleic Acid Synthesis and Drug Design. Prerequisite: Chem 3410 (Organic Chemistry II) with grade of C or higher and consent of instructor. Lectures on nucleic acid synthesis, mechanism, therapeutics, and detection. Course may be repeated.

CHEM 4780 BIOMOLECULAR SIMULATIONS

Credit Hour(s): 3.0

Biomolecular Simulations. Prerequisites: Chem 3410 and Chem 4120 or equivalents with grades of C or higher, or consent of instructor. (Same as Chem 4780.) This is an introductory self-contained course on the application of molecular dynamics and related methodologies by which student with a relatively limited background in chemistry, biology, and computer literacy can learn the fundamentals of research in these areas. In this course, students will learn to do computer calculations that quantify biomolecular interaction concepts discussed in lectures in biology, biochemistry, and biophysics.

CHEM 4800 ADVANCED ANALYTICAL CHEM

Credit Hour(s): 3.0

Advanced Analytical Chemistry. Corequisite: Chem 4110. Advanced theories and methods of analytical chemistry. May be repeated if topics are different.

CHEM 4820 ANALYTICAL LABORATORY

Credit Hour(s): 2.0

Analytical Laboratory. Prerequisite: Chem 4000 with grade of C or higher, or equivalent. One lecture and three laboratory hours a week. Fundamental principles of analytical chemistry as they apply to modern analytical problems.

CHEM 4850 BIOANALYTICAL CHEMISTRY I

Credit Hour(s): 3.0

Bioanalytical Chemistry I. Prerequisites: Chem 4000 and 4190 with grades of C or higher, or equivalent, or consent of instructor. Basic concepts of analytical chemistry as applied to biologically-oriented problems.

CHEM 4860 BIOANALYTICAL CHEMISTRY II

Credit Hour(s): 3.0

Bioanalytical Chemistry II. Prerequisite: Chem 4850 with grade of C or higher, or consent of instructor. Basic principles underlying instrumentation, automation, and laboratory computers used in solving bioanalysis problems.

CHEM 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: consent of instructor and Honors Program director. Readings or research preparatory to honors thesis or project.

CHEM 4871 ELECTROCHEMICAL METHODS

Credit Hour(s): 3.0

Electrochemical Methods. Prerequisite: Chem 4110 with grade of C or higher, or equivalent. Three lecture hours a week. Fundamentals of electrochemistry and application to chemical problems. Special emphasis on electrode reaction mechanisms and interpretation of electrochemical results for organic, inorganic, and biological systems.

CHEM 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0 TO 6.0

Honors Thesis: Writing. Prerequisites: consent of the instructor and Honors Program director. Writing or production of honors thesis or project.

CHEM 4900 ADVANCED RESEARCH METHODS

Credit Hour(s): 2.0

Advanced Research Methods. Concurrent enrollment in Chem 4160, Chem 4170, Chem 4870, Chem 4880, or Chem 4950 required. Two lecture hours a week. Student learning of interdisciplinary experimental strategies and laboratory procedures in chemistry.

CHEM 4905 THEME-BASED CHEMISTRY LAB

Credit Hour(s): 2.0

Theme-Based Chemistry Laboratory. Prerequisite: Biol 3810 with grade of C or higher. Students will work in small groups to develop specific biological or chemical hypotheses, design and carry out experiments to test these hypotheses, and analyze the results they obtain. Topics will vary.

CHEM 4940 SEMINAR IN CHEMISTRY

Credit Hour(s): 1.0

Seminar in Chemistry. Prerequisite: consent of department. Discussion of current research areas in chemistry.

CHEM 4950 CHEMICAL RESEARCH

Credit Hour(s): 1.0 TO 5.0

Chemical Research. Prerequisite: prior approval of a written program or the proposed work. No more than five credit hours. It is normally assumed that this research will span more than one semester.

CHEM 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

CHIN CHINESE

CHIN 1001 ELEMENTARY CHINESE I

Credit Hour(s): 3.0

Elementary Chinese I. Development of basic communication skills in modern spoken Mandarin Chinese. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Chinese.

CHIN 1002 ELEMENTARY CHINESE II

Credit Hour(s): 3.0

Elementary Chinese II. Prerequisite: Chin 1001 with grade of C or higher, or equivalent. Development of basic communication skills in modern spoken Mandarin Chinese. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Chinese.

CHIN 2001 INTERMEDIATE CHINESE I

Credit Hour(s): 3.0

Intermediate Chinese I. Prerequisite: Chin 1002 with grade of C or higher, or equivalent. Continuing development of communicative skills in Mandarin Chinese. Further work with the writing system; reading of simple texts; and intermediate grammatical structures.

CHIN 2002 INTERMEDIATE CHINESE II

Credit Hour(s): 3.0

Intermediate Chinese II. Prerequisite: Chin 2001 with grade of C or higher, or equivalent. Continuing development of communicative skills in Mandarin Chinese. Further work with the writing system; reading of simple texts; and intermediate grammatical structures.

CHIN 3395 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. (Appropriate placement is done at the foreign university). Chinese language and culture in a native environment. Designed specifically for those students participating in the University System of Georgia Study Abroad Programs.

CHIN 3396 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. (Appropriate placement is done at the foreign university). Chinese language and culture in a native environment. Designed specifically for those students participating in the University System of Georgia Study Abroad Programs.

CHIN 3397 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. (Appropriate placement is done at the foreign university). Chinese language and culture in a native environment. Designed specifically for those students participating in the University System of Georgia Study Abroad Programs.

CIS COMPUTER INFORMATION SYSTEMS

CIS 1010 EFFECTIVENESS TECHNOLOGY

Credit Hour(s): 3.0

Using Technology for Personal Effectiveness and Collaboration. This course introduces principles for designing a technology environment to enable personal effectiveness and collaboration. Techniques for specifying requirements, identifying alternatives, and making decisions will be demonstrated by evaluating currently available technologies.

CIS 2010 INTRO COMP-BASED INFO SYS

Credit Hour(s): 3.0

Introduction to Computer based Information Systems. Prerequisite: none. CSP: 1. This course provides an introduction to computer and information systems concepts, including hardware, software, databases, data communications, and business applications. The student is introduced to methods of determining user requirements and developing application systems using databases and fourth generation languages.

CIS 3001 MANAGING IT PROJECTS

Credit Hour(s): 3.0

Managing Information Technology Projects. Prerequisites: None. CSP: 1, 2, 3, 4, 5, 6. This course examines the defining characteristics of IT projects, especially involving the development of software intensive systems, and introduces the student to a variety of project management techniques that can be applied in an IT project context. This course provides an introduction to the disciplined approaches to IT project management. While IT projects are similar in some ways to other types of projects, they pose unique challenges for the managers and organizations that undertake them. This course will give students an understanding of the most common processes, tools, techniques, and theories that are necessary to manage IT projects. Managing IT projects that follow both plan driven traditional development methods as well as agile methods will be covered.

CIS 3210 END USER APPL PROGRAMMING

Credit Hour(s): 3.0

End User Applications Programming. Prerequisite: CIS 2010. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 4, 7. This course provides an introduction to the assisting of end users of computer systems in developing their own special purpose applications. The emphasis in the course is on acquiring programming skills in one fourth-generation language and one interactive third-generation language. These skills are required in order to develop the technical capability to assist end users. Topics covered include end user computing versus traditional systems development; Rapid Application Development; Prototyping.

CIS 3215 INTERMED VISUAL PROG

Credit Hour(s): 3.0

Intermediate Visual Programming. Prerequisite: CIS 3210. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course builds upon the skills and knowledge developed in CIS 3210. Emphasis is placed upon development in a visual environment. Major topics include object oriented concepts, database linkages, graphics, and developing applications for the Internet. User interface design, code optimization and help file creation are covered. Students use state of the art development tools and design methods to

implement applications that run on a standalone PC, a network, and the Internet.

CIS 3260 INTRO TO PROG IN C#

Credit Hour(s): 3.0

Introduction to Programming in C#. Prerequisite: CIS 2010. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 4, 7. This course provides an introduction to programming using the C# language. Emphasis is placed upon the development of correct, efficient programs that are easy to maintain. Topics include problem analysis, program design, documentation, testing and debugging. Basic features of the C# programming language are covered.

CIS 3270 INTERNET PROGRAM W/JAVA

Credit Hour(s): 3.0

Internet Programming with Java. Prerequisite: CIS 3260. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course builds upon the student's foundation of programming principles through the introduction of an Internet programming language such as JAVA. Major areas covered include operating system dependent versus operating system independent Internet applications. Focus is on object oriented programming as it relates to the Internet, as well as on best coding practices associated with the Internet programming language. Students implement a basic applet and develop a working prototype of an Internet program.

CIS 3300 SYSTEMS ANALYSIS

Credit Hour(s): 3.0

Systems Analysis. Prerequisite: CIS 2010 or permission of instructor. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 4, 7. This course provides an introduction to the analysis and logical design of computer based information systems. Emphasis is placed upon the development of requirements specifications that serve the business needs of the organization and provide the necessary base for subsequent systems development. Both data oriented and process oriented approaches are covered. This course is the second designated Critical Thinking through Writing (CTW) course for students pursuing a BBA degree in Computer Information Systems.

CIS 3310 SYSTEMS DESIGN

Credit Hour(s): 3.0

Systems Design. Prerequisite: CIS 3300 and CIS 3270 or CIS 3215, Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. semester hours. CSP: 1. This course builds upon the skills and knowledge developed in CIS 3300. Emphasis is placed upon the design and development of information systems, including the software and databases that are needed to support the business needs of the organization. Object oriented design and the transition to object oriented programming are covered. These methods are discussed in the context of managing a systems development project, including issues such as project estimation and project management techniques, software quality assurance, and configuration management.

CIS 3320 TELECOMM FOR BUSINESS

Credit Hour(s): 3.0

Telecommunications for Business. Prerequisite: CIS 2010. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 4, 7. This course introduces the subject of computer networks and the use of computer networks in business applications. Topics covered include client server networks, network hardware and software, distributed computing, key issues in network management, and the fundamentals of data communications.

CIS 3730 DATABASE MANAGEMENT SYS

Credit Hour(s): 3.0

Database Management Systems. Prerequisite: CIS 2010. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 4, 7. This course provides an introduction to the management of database systems. Major emphasis is placed on understanding the various database management functions and providing database support for the organization. Topics include types of data models and database management systems, data definition and manipulation, administration of database systems, and the management of databases, including database security, error recovery, concurrency control, and distributed database systems.

CIS 4000 COMPUTER FORENSICS

Credit Hour(s): 3.0

Introduction to Computer Forensics. Prerequisites: CIS 2010. CSP: 1, 6, 7. This course introduces students to the collection, preservation, presentation and preparation of computer based evidence for the purposes of criminal law enforcement or civil litigation. These activities define the central roles of computer forensic practitioners involved in investigating computer crime scenes and torts involving computers. Students will be prepared to assist in the formulation and implementation of organizational computer forensics preparedness policies, to determine the necessity for forensic procedures, extend governance processes to allow for proper future forensic investigations, and to be contributing members of computer forensics investigation teams.

CIS 4120 DEFINE AND INNOVATE BP

Credit Hour(s): 3.0

Defining and Innovating Business Processes. Prerequisite: None. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 3, 4, 5, 6, 7. CIS 4120 examines how an organization's business processes and the services they provide can be improved, innovated and enabled by information technology. The course begins by defining business services, their associated processes and metrics, and then proceeds to how processes are discovered and modeled for purposes of improvement, innovation and IT-enablement using a standardized modeling approach (BPMN). Additional topics include business rules and object models. The course finishes with an examination of problems related to organizational implementation. As part of the course, students work on a real-world, process-related project to identify and model a business process, assess improvement and innovation potential, and to propose improvements to these processes.

CIS 4320 ADVANCES IN NETWORKING

Credit Hour(s): 3.0

Advances in Networking. Prerequisite: CIS 3320. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course builds upon the skills and knowledge developed

in CIS 3320. Emphasis is placed on the high speed computer and telecommunications networks. The course includes both wire line and wireless technologies for designing, implementing, managing, and using broadband networks. Major topics include communications media, switching, and net working requirements of broadband networks, design of broadband networks, regulatory and management issues, and application of broadband networks.

CIS 4389 DIR READ IN INFO SYSTEMS

Credit Hour(s): 1.0 TO 3.0

Directed Readings in Information Systems. Prerequisite: consent of instructor.

CIS 4420 KNOWLEDGE SYSTEMS

Credit Hour(s): 3.0

Knowledge Systems. Prerequisite: CIS 3260. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. This course covers the development and use of knowledge intensive systems in business applications. Techniques to support knowledge intensive business processes and exploit the vast amount of data available, especially in the Internet age, are explored. Students are exposed to several knowledge based development environments for the construction of knowledge intensive applications. Several knowledge intensive systems are studied for insight into their motivation, construction, and use.

CIS 4620 MGMT OF INFORMATION SERVICES

Credit Hour(s): 3.0

Management of Information Services. Prerequisite: None. CSP: 1,2,3,4,5,6,7. Requires a 2.5 GSU GPA and 45 semester hours. This course addresses the many management issues unique to the information services function within organizations. Coverage includes information systems planning, Managing the information system infrastructure, justifying the information technology investments, the costing of services and networks, evaluating information system performance, alternative information system delivery modes, managing distributed and end user computing project and operations management, systems security, and the management of information system professionals..

CIS 4680 INTRO TO INFOSEC

Credit Hour(s): 3.0

Introduction to Information Security and Privacy Prerequisites: CIS 2010 or instructor consent. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course is designed to develop knowledge and skills for security of information and information systems within organizations. It focuses on concepts and methods associated with security across several systems platforms, including internal and Internet facing networks. The course overviews critical infrastructure concepts as well as techniques for assessing risk associated with accidental and intentional breaches of security. It introduces the associated issues of ethical uses of information and privacy considerations.

CIS 4850 SOFTWARE DEVELOP ENVIR

Credit Hour(s): 3.0

Software Development Environments. Prerequisite: varies depending on topic. Requires a 2.5 GSU GPA and 45 semester

hours. CSP: 1, 7. This course provides an opportunity for the student to gain experience with one of several widely used software development platforms. A "software development platform" typically includes a programming language, a database system, and an operating system. The specific platform covered will vary from semester to semester as will the associated course prerequisites.

CIS 4970 FIELD STUDY IN CIS

Credit Hour(s): 3.0

Field Study in Computer Information Systems. Prerequisite: Senior class standing. CSP: 1,2,3,4,5,6,7. Requires a 2.5 GSU GPA and 45 semester hours. This course is designed to provide the senior level student an opportunity to assist with the planning and implementation of computing technologies in an approved on campus site. Students may perform information systems trainer/ consultant and/or end user support duties. Students will meet periodically with a mentoring instructor to discuss problems and issues relevant to the area of implementing computer information systems. Compensation may or may not be granted for the internship/practicum. This course is one of two alternatives and the second designated Critical Thinking through Writing (CTW) course for students pursuing a BBA degree in CIS.

CIS 4980 SYSTEM DEV PROJECT-CTW

Credit Hour(s): 3.0

System Development Projects-CTW. Prerequisite: Math 1070, Mgs 3100, Fi 3300, Mgs 3400, Mk 3010; all required CIS 3000-level courses. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2, 3, 4, 5, 6, 7, 8. CTW: This course satisfies critical thinking through writing requirements. This course provides the student with an opportunity to apply the knowledge and skills acquired in the core courses to larger and more complex problems and to gain experience in working as part of a team. This course is available only to BBA CIS majors at Georgia State University. It may require students to meet with clients during normal business hours. This course is the designated Critical Thinking through Writing (CTW) course for students pursuing a BBA degree in Computer Information Systems.

CLAS CLASSICAL STUDIES

CLAS 2201 GREEK DRAMA

Credit Hour(s): 3.0

Greek Drama. May be repeated for credit if topic varies. Topics in Greek drama, e.g., tragedy by Aeschylus, Sophocles, and Euripides or comedy by Aristophanes and Menander.

CLAS 2202 CLASSICAL EPIC

Credit Hour(s): 3.0

Classical Epic. Iliad and Odyssey of Homer; Epic of Gilgamesh.

CLAS 2203 GREEK & ROMAN MYTHOLOGY

Credit Hour(s): 3.0

Greek and Roman Mythology. Classical mythology and its relation to literature and art.

CPS COUNSELING & PSYCH SERVICES

CPS 2500 CAREER DEVELOP & LIFE PLANNING**Credit Hour(s):** 3.0

Career Development and Life Planning. The purpose of this course is to help students learn how to manage their career development and life planning, based on relevant theories, practice, and trends in economic, technology, and labor market development. Students obtain skills for career decision making and life planning, and adapting to the rapidly changing world of work. The goal is to facilitate personal fulfillment and satisfying interpersonal relationships through career and life planning, with special attention to multicultural issues in the world of work.

CPS 3200 DIVERSITY AND HUMAN RELATIONS**Credit Hour(s):** 3.0

Diversity and Human Relations. The purpose of this course is to provide students with an overview of human diversity and human relations, beginning with an examination of the nature of diversity and the roles of both genetics and culture. Attention is given to diversity issues -past, present, and future-that still need to be studied and confronted. This course will cover types of human diversity and how they are grouped, while studying their unique social, physical, intellectual and emotional attributes. This course will help students employ a multicultural perspective for examining human interaction and relations on many different levels. This course is fully online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2200]

CPS 3300 INTERPRSNL COMMUNICATION SKILL**Credit Hour(s):** 3.0

Interpersonal Communication Skills. The purpose of this course is to provide students with an overview of interpersonal communication skills, including how these skills affect individuals and groups in society. Emphasis is on personal and interpersonal strategies for understanding, appreciating, and managing communication skills in personal and career relationships. It focuses on self disclosure, perceptions, spoken and unspoken communication, listening and responding strategies and problem-solving skills. A secondary benefit of this course is examining the many ways technology and online communication intersect with and become part of interpersonal communication as interactive technologies shrink the distance between people and their respective cultures. This course is full online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2300]

CPS 3400 CAREER/LIFESPAN DEVELOPMENT**Credit Hour(s):** 3.0

Career and Lifespan Development. The purpose of this course is to provide an overview of career and lifespan development theories and skills, and how students can employ those skills in their own career and lifespan development. The course will include how personal growth and life stages impact individuals and society, and in turn, their career choices. Emphasis is on understanding career and job choices now available, as well as personal strategies for career decision-

making. This course is full online, with no course meetings. [course is not repeatable. Formerly numbered CPS 2400]

CRJU CRIMINAL JUSTICE**CRJU 1100 INTRODUCTION TO CJ****Credit Hour(s):** 3.0

Introduction to Criminal Justice. FOR CRIMINAL JUSTICE MAJORS ONLY. Requires a 2.0 GSU GPA. This course provides an overview of the American criminal justice system. Agencies and processes involved in law enforcement and courts as well as correctional approaches will be introduced.

CRJU 2200 SOC SCI & AM CRIME PROBLEM**Credit Hour(s):** 3.0

Social Science and the American Crime Problem. Requires a 2.0 GSU GPA. This course provides a broad theoretical and empirical overview of the American crime problem. Exploring crime from a social science perspective, the course develops a survey understanding of how the patterned influence of social institutions (family, government, schools), subcultures, and the psychology of everyday life come together to shape how society defines, organizes, and responds to crime.

CRJU 3020 RESEARCH METHODS IN CJ**Credit Hour(s):** 3.0

Research Methods in Criminal Justice. Requires a 2.0 GSU GPA. This course provides an introduction to social science research methods as it applies to criminal justice and how to evaluate and conduct research in the study of crime and criminal justice problems. The course introduces students to the scientific method, its tools, and vocabulary. Various data collection techniques used in criminological and criminal justice research are explored and critiqued both methodologically and ethically. Students will learn how to critically evaluate the quality of research products and their contribution to the fields of criminal justice and criminology, as well as to learn how to develop and test their own research problems.

CRJU 3060 ETHICAL ISSUES IN CJ - CTW**Credit Hour(s):** 3.0

Ethical Issues in Criminal Justice - (CTW). Requires a 2.0 GSU GPA. An examination of the philosophical theories underlying ethics and how they relate to the police, courts, corrections, law, criminal justice research, and the principles of justice. This course is one of two Critical Thinking through Writing (CTW) courses that all Criminal Justice majors must successfully pass in order to graduate.

CRJU 3070 RACE AND THE CJ SYSTEM**Credit Hour(s):** 3.0

Race and the Criminal Justice System. Requires a 2.0 GSU GPA. This course will examine the relationship between race, crime, and the criminal justice system with particular attention given to theoretical issues in the literature involving race, gender, and social class; crime statistics; and bias in the criminal justice system related to arrests, prosecutions, sentencing, and incarceration. Public policy questions involving issues such as racial profiling, capital punishment, and War on Drugs also will be discussed.

CRJU 3100 INTRO TO CRIMINAL JUSTICE

Credit Hour(s): 3.0

Introduction to Criminal Justice. FOR NON-CRIMINAL JUSTICE MAJORS ONLY. Requires a 2.0 GSU GPA. This course provides an overview of the American criminal justice system. Agencies and processes involved in law enforcement and courts as well as correctional approaches will be introduced.

CRJU 3110 POLICING IN AMERICA

Credit Hour(s): 3.0

Policing in America. Requires a 2.0 GSU GPA. This course provides an introductory overview of the history, role, organization, and problems affecting public law enforcement in the U.S.

CRJU 3210 JUVENILE OFFENDING

Credit Hour(s): 3.0

Juvenile Offending. Requires a 2.0 GSU GPA. This course provides an introduction to the definition, measurement, extent, and etiology of juvenile offending. The major focus of the course will address our understanding of the individual, social, and environmental factors that contribute to crime and delinquency. Trends in juvenile offending also will be addressed.

CRJU 3310 CORRECTIONS

Credit Hour(s): 3.0

Corrections. Requires a 2.0 GSU GPA. This course provides an introduction to the correctional process and interventions designed to prevent and control adult criminal behavior. The course also will address the philosophy and goals underlying correctional interventions, types of criminal sentencing, and penal sanctions including community-based corrections, institutional corrections, and parole.

CRJU 3350 PRISONS AND JAILS

Credit Hour(s): 3.0

Prisons and Jails. Requires a 2.0 GSU GPA. This course surveys the history and present status of correctional processing of adult offenders and the administration of adult correctional institutions in America.

CRJU 3410 CRIMINOLOGICAL THEORY

Credit Hour(s): 3.0

Criminological Theory. Requires a 2.0 GSU GPA. This course provides a survey of criminological theory and practice, the nature and causation of crime, and the etiology and nature of criminal offenses and offenders.

CRJU 3610 STAT ANALYSIS IN CJ

Credit Hour(s): 3.0

Statistical Analyses in Criminal Justice. Requires a 2.0 GSU GPA. This course provides an introduction to basic statistical tools used to generate information in the field of criminal justice. The course will focus on calculating a variety of univariate, bivariate, and inferential statistics. The appropriate uses and the meaning of these statistics will also be emphasized.

CRJU 3700 AMERICAN CRIMINAL COURTS

Credit Hour(s): 3.0

American Criminal Courts. Requires a 2.0 GSU GPA. This course provides an overview of the judicial component of the criminal justice system, which focuses on the structure, role, jurisdiction, and operation of courts and the courtroom work group in the adjudicatory and appellate process at the local, state, and federal levels.

CRJU 3710 POLICING & INDIVID RIGHTS

Credit Hour(s): 3.0

Policing and Individual Rights. Requires a 2.0 GSU GPA. This course examines the police role in maintaining social control while simultaneously protecting the rights of citizens. It provides an overview of the authority and restraints imposed on law enforcement by the federal Constitution and Supreme Court decisions, and the rights and responsibilities afforded to individuals. Specific attention will be given to the 1st, 4th, 5th, 6th, and 14th Amendments. Topics to be discussed include the arrests, searches and seizures, interviews and interrogations, identification procedures, and the right to counsel as well as remedies for constitutional violations.

CRJU 4010 GENDER IN CJ

Credit Hour(s): 3.0

Gender in Criminal Justice. Requires a 2.0 GSU GPA. This course provides an examination of gender issues and the role they play in offending and criminal justice processing.

CRJU 4020 CJ POLICY ANALYSIS

Credit Hour(s): 3.0

Criminal Justice Policy Analysis Prerequisite- Requires a 2.0 GPA. This course is designed to introduce the student to the major concepts related to the development, implementation, and evaluation of public policy, particularly as it relates to the criminal justice system, including the history, development and operation of policing, courts/sentencing, corrections, crime prevention, offender rehabilitation, as well as issues related to drugs and crime and race and crime.

CRJU 4040 COMP CRIM JUSTICE SYSTEMS

Credit Hour(s): 3.0

Comparative Criminal Justice Systems. Requires a 2.0 GSU GPA. This course provides an overview and analysis of criminal justice systems?police, courts, and corrections?in selected eastern and western nations.

CRJU 4070 FAMILY VIOLENCE & CJ

Credit Hour(s): 3.0

Family Violence and Criminal Justice. Requires a 2.0 GSU GPA. This course examines how the criminal justice system responds to family violence. In addition to addressing the causes and consequences of family violence, specific attention is given to the various forms of family violence (child abuse, sibling abuse, partner violence, and elder abuse) as well as how the criminal justice system (police, courts, probation, corrections, and parole) responds to each of these types of violence. The types of policies used to prevent family violence and intervene in these cases are also

CRJU 4080 CRIME AND THE MEDIA

Credit Hour(s): 3.0

Crime and the Media. Requires a 2.0 GSU GPA. This course explores the nature of media messages concerning crime and

how media images impact both individual attitudes and public policy. Particular attention will focus on how race and gender are treated in the media. This course integrates readings, theory, media excerpts, and classroom discussions to investigate crime in the media.

CRJU 4110 CRIMINAL INVESTIGATION

Credit Hour(s): 3.0

Criminal Investigations. Requires a 2.0 GSU GPA. This course examines the origin of criminal investigation and traces the development to its present state. The course also provides an overview of the criminal investigation process from inception to culmination, including interviewing and investigation techniques and the use of forensic science to solve crimes. Special attention is given to the legal aspects of criminal investigations, including the criminal rules of evidence and Supreme Court decisions, which specify the procedures that law enforcement officers must follow when investigating crimes.

CRJU 4210 JUVENILE JUSTICE SYSTEM

Credit Hour(s): 3.0

Juvenile Justice System. Requires a 2.0 GSU GPA. This course provides an examination of the procedural and substantive aspects of the juvenile justice system, including the legal, organizational and political responses to youth and the crimes committed by them.

CRJU 4230 JUVENILE CORRECTIONS

Credit Hour(s): 3.0

Juvenile Corrections. Requires a 2.0 GSU GPA. This course provides an examination of the philosophy and practical application of prevention and correctional programs designed to prevent or control delinquent and other high-risk behaviors committed by youth.

CRJU 4350 COMMUNITY CORRECTIONS

Credit Hour(s): 3.0

Community Based Corrections. Requires a 2.0 GSU GPA. This course provides an examination of the history and current status of alternatives to institutional correctional programs for adults. Topics addressed may include including diversion, fines, community service, house arrest, probation, electronic monitoring, halfway houses, temporary release programs, and other treatment programs

CRJU 4420 CRIME TYPOLOGIES

Credit Hour(s): 3.0

Crime Typologies. Requires a 2.0 GSU GPA. This course provides an examination of the typological systems used in criminal justice and criminology for classifying adult and juvenile offenders, victims, offenses, organizations, and criminal justice personnel on a wide range of physical, social, legal, and psychological attributes.

CRJU 4430 WHITE COLLAR CRIME

Credit Hour(s): 3.0

White Collar Crime. Requires a 2.0 GSU GPA. This course provides an introduction to the various forms of crime and deviance that occur in the workplace. Consideration is given to the ways that organizational structures, work group socialization processes, and individual-level factors facilitate

or enable the incidence and prevalence of employee crime occurring in the public, medical, and criminal justice sectors.

CRJU 4500 CRIM JUSTICE MANAGEMENT

Credit Hour(s): 3.0

Criminal Justice Management. Requires a 2.0 GSU GPA. This course provides an overview of management theory, practice, and policy. Students will receive an introduction to traditional schools of organizational theory, including bureaucratic theory, scientific management, human relations, and the behavioral approach with particular emphasis on how each theoretical perspective applies to criminal justice agencies.

CRJU 4720 LAW, JUSTICE & SOCL CHANGE

Credit Hour(s): 3.0

Law, Justice & Social Change Prerequisite- Requires a 2.0 GPA This course utilizes sociological perspectives to examine the sources and uses of law in the criminal justice system and society. Students will explore what law is using a variety of theoretical perspective. In addition, they will examine law as a dependent variable, paying special attention to social and political forces that are exerted on the law. The influence of law on the operation of the legal system also will be reviewed, with some focus on the actors in the system: police, prosecutors. The course concludes with an examination of the impact of law on society, or law as an independent variable. Specific cases will be reviewed throughout the course.

CRJU 4760 CRIMINAL PROCEDURE

Credit Hour(s): 3.0

Criminal Procedure. Requires a 2.0 GSU GPA. This course is designed to give students a general knowledge of criminal procedure in the criminal justice process. The course provides an overview of the constitutional restraints governing the prosecution and adjudication of criminal cases in the United States. Specifically, the course examines issues raised by the prosecution and defense during the pretrial, trial, and appellate stages. Topics of discussion include pre- and post-trial motions, discovery, rules of evidence, administration of criminal sanctions, and general court procedures. The course will cover the application to criminal procedure of Supreme Court decisions interpreting the Fourth, Fifth, Sixth, and Fourteenth Amendments to the United States Constitution.

CRJU 4780 CRIMINAL LAW

Credit Hour(s): 3.0

Criminal Law. Requires a 2.0 GSU GPA. This course is designed to give students a general knowledge of substantive criminal law. The course will introduce students to the legal idea of criminal responsibility and the concepts of required state of mind (*mens rea*) and prohibited conduct (*actus reus*). The course will discuss the substantive content, structure, and sources of major crimes against persons and property, and provide a comprehensive evaluation of various legal defenses to criminal liability under both common law (case law) and statutory law (legislative law) approaches. The course also addresses the impact of the Model Penal Code on the development of contemporary criminal law.

CRJU 4900 SELECTED TOPICS IN CJ

Credit Hour(s): 3.0

Selected Topics in Criminal Justice. Requires a 2.0 GSU GPA. An intensive study of current behavioral or administrative criminal justice problems and recent interventions in criminal justice. Examples of topics include interpersonal violence, information technology, drug law, data analysis, private security, or capital punishment. The course may be repeated for credit when different topics are offered.

CRJU 4910 SELECTED LEGAL ISSUES IN CJ

Credit Hour(s): 3.0

Selected Legal Issues in Criminal Justice. Requires a 2.0 GSU GPA. A course of intense study on selected legal topics arising in the criminal justice system.

CRJU 4920 COMMUNITY POLICING

Credit Hour(s): 3.0

Community Policing. Requires a 2.0 GSU GPA. This course provides an in-depth examination of the history and evolution of community policing as a social control mechanism in the United States and other nations. The course explores police and community relations with a focus on the collaborative strategies used to detect, solve, and prevent crimes.

CRJU 4930 INTERNSHIP SEMINAR IN CJ-CTW

Credit Hour(s): 3.0

Internship Seminar in Criminal Justice. Corequisite: CRJU 4940. Requires a 2.0 GSU GPA. This course focuses on the integration and application of knowledge from the criminal justice core and related courses to the student's internship or work experience. Students must register for and successfully pass both CrJu 4930 and CrJu 4940 in the same academic semester in order to graduate. This course is one of two Critical Thinking through Writing (CTW) courses that all Criminal Justice majors must complete.

CRJU 4940 CRIM JUST FIELD INSTRUC

Credit Hour(s): 3.0

Criminal Justice Field Instruction. Corequisite: CrJu 4930. For Criminal Justice majors only. Requires a 2.0 GSU GPA. This course is designed to provide students with the opportunity to integrate theory and practice, utilize knowledge, and confront contradictions between the conceptual and the real world. Applications for field placement must be submitted to the Internship Coordinator by the appropriate deadline: September 15 for summer semester; February 15 for fall semester; May 15 for spring semester. Students must register for and successfully pass both CrJu 4930 and CrJu 4940 in the same academic semester in order to graduate.

CRJU 4960 DOMESTIC TERRORISM

Credit Hour(s): 3.0

Domestic Terrorism. Requires a 2.0 GSU GPA. This course provides an exploration into the theoretical underpinnings, groups, and control of domestic terrorism in general and violent extremism in particular in the United States. Topics generally include a review of cults, separatist groups, select international terrorists, and the role of Homeland Security in controlling extremism

CRJU 4990 READINGS IN CRIM JUSTICE

Credit Hour(s): 1.0 TO 3.0

Readings in Criminal Justice. Prerequisite: Consent of instructor. Requires a 2.0 GSU GPA. This course permits selected qualified students to pursue an approved topic through independent study under the direction of a faculty member.

CSC COMPUTER SCIENCE

CSC 1010 COMPUTERS & APPLICATIONS

Credit Hour(s): 3.0

Computers and Applications. Prerequisite: high school Algebra II. History of computers, hardware components, operating systems, application software, data communication.

CSC 1310 INTRO COMP PROGRAMMING NON-MAJ

Credit Hour(s): 3.0

Introduction to Computer Programming for Non-Majors. This class introduces students with no previous experience to computer programming. The class emphasizes design principles (e.g., pseudocode, stepwise refinement, object-oriented design) as well as the syntax and semantics of Perl Scripting. This class is for non-majors interested in obtaining some fundamental computer programming skills. Topics include: Input/output, variables and data types, expressions and operators, regular expressions, conditional statements, iteration statements, design I (pseudocode), object model, design II (stepwise refinement), functions, arrays, and files.

CSC 2010 INTRO TO COMPUTER SCIENCE

Credit Hour(s): 3.0

Introduction to Computer Science. A first introduction to the discipline of computer science. Topics include algorithmic foundations, hardware concepts, virtual machine concepts, software systems, applications, and social issues.

CSC 2310 PRIN OF COMPUTER PROGRAMMING

Credit Hour(s): 3.0

Principles of Computer Programming. Prerequisite: CSc 2010 with grade of C or higher. Fundamental principles of computer programming. Expressions, procedures, variable types, data, input/output. Emphasis on structure and clarity as well as correctness.

CSC 2320 FUND OF WEBSITE DEVELOPMENT

Credit Hour(s): 3.0

Fundamentals of Website Development. Prerequisite: familiarity with basic programming language concepts. This course provides a foundation for developing dynamic websites and web applications. The first part covers the front-end aspects of web development: creating, designing, and publishing content using HTML, CSS, and JavaScript. The second covers the back-end aspects: using programming languages to generate, manipulate, and manage content (CGI, cookies, server-side scripting), and accessing a database using SQL for common website tasks (forms, user registration). While this course covers web development concepts that are applicable to most popular platforms, it is significantly hands-on using the web application server Zope and the content management system Plone. A major component is a final project involving implementing a dynamic website.

CSC 2510 THEOR FOUNDATIONS OF COMP SCI**Credit Hour(s):** 3.0

Theoretical Foundations of Computer Science. Prerequisite: CSc 2010 with grade C or higher. This course covers the basic theoretical foundations required to study various sub-disciplines in computer science. Topics include: propositional and predicate logic with applications to logic programming, database querying, and program verification; induction and its application in proving correctness and termination of programs; recurrence relations, combinatorics, and graph theory with applications to analysis of algorithms; sets, relations, and functions and their applications in databases, functional programming, and automata.

CSC 3010 HISTORY OF COMPUTING**Credit Hour(s):** 3.0

History of Computing. This course will survey the history of the computing field from antiquity to the present, focusing on the era of the electronic digital computer. Topics will include historical developments in hardware, software, and the theoretical foundations of computer science.

CSC 3210 COMPUTER ORG & PROGRAMMING**Credit Hour(s):** 3.0

Computer Organization and Programming. Prerequisites: CSc 2310 and CSc 2510 with grades of C or higher. Computer structure and machine language, addressing techniques, macros, file I/O, program segmentation, and linkage.

CSC 3320 SYSTEM-LEVEL PROGRAMMING**Credit Hour(s):** 3.0

System-Level Programming. Prerequisite: CSc 2310 with grade of C or higher. An introduction to programming at the level of the operating system. Topics include editors, system calls, programming tools, files, processes, interprocess communication, and shells.

CSC 3330 C++ PROGRAMMING**Credit Hour(s):** 3.0

C++ Programming. Prerequisite: CSc 3320 with grade of C or higher. Continuation of fundamental principles of computer programming. Topics covered include searching, sorting, and merging. Emphasis on structure and clarity as well as correctness.

CSC 3410 DATA STRUCTURES-CTW**Credit Hour(s):** 3.0

Data Structures-CTW. Prerequisites: CSc 2310, CSc 2510, and Math 2211 with grades of C or higher. Basic concepts and analysis of data representation and associated algorithms, including linearly-linked lists, multi-linked structures, trees, searching, and sorting. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all computer science majors.

CSC 4110 EMBEDDED SYSTEMS**Credit Hour(s):** 4.0

Introduction to Embedded Systems Laboratory. Prerequisite: CSc 3320 with grade of C or higher. (Same as Phys 4110.)

Four lecture hours per week. Topics taken from: review of basic logic functions; automatic systems; microprocessor-based systems and applications; embedded system software survey; microprocessor-based applications; digital communications; and embedded systems programming.

CSC 4120 INTRODUCTION TO ROBOTICS**Credit Hour(s):** 4.0

Introduction to Robotics. Prerequisites: CSc 3320 and Math 3030 with grades of C or higher. The course focuses on programming robots. We will use robotic kits for the hardware, and program them using state-of-the-art languages, such as NQC.

CSC 4210 COMPUTER ARCHITECTURE**Credit Hour(s):** 4.0

Computer Architecture. Prerequisite: CSc 3210 with grade of C or higher. Logic design, combinatorial and sequential circuits, input-output devices, memory, processors, controllers, parallel architectures, bit-slicing, reduced instruction sets.

CSC 4220 COMPUTER NETWORKS**Credit Hour(s):** 4.0

Computer Networks. Prerequisites: CSc 3320 and Math 3030 with grades of C or higher. Introduction to computer networks; details of layered network protocols with emphasis on functionality and analysis. Principles of relevant state-of-the-art network standards.

CSC 4221 WIRELESS NET & MOBILE COMP**Credit Hour(s):** 4.0

Wireless Networks and Mobile Computing. Prerequisite: CSc 3410 with grade of C or higher, or consent of instructor. Introduction to wireless communication networks and mobile computing. Topics include: wireless communications technology; communication protocols in wireless networks; representative network types such as cellular wireless networks, wireless LANs, wireless ad hoc networks and wireless sensor networks, and mobile communication systems.

CSC 4225 INTERNETWORK PROGRAMMING**Credit Hour(s):** 4.0

Internetwork Programming. Prerequisite: CSc 4220 with grade of C or higher. This course provides students with an understanding of the Internet and details regarding the protocols used in the Internet. The students will also learn key components of network programming using the most widely-used application program interface, sockets. Topics to be covered include: Internet Protocol (IP), Transport Layer Protocol-Transmission Control Protocol (TCP), Transport Layer Protocol-User Datagram Protocol (UDP), and Unix/Linux Network Programming.

CSC 4230 VLSI DESIGN**Credit Hour(s):** 4.0

VLSI Design. Prerequisite: CSc 4210 with grade of C or higher. The basics of CMOS technology, circuit design, layout, and system design. Students will learn different design methodologies and algorithms of design synthesis, analysis, simulation and verification, principles of validation, and testing of manufactured chips. Important trends in modern

design such as MCM (multi-chip modules) and FPGA (field-programming gate arrays) technologies.

CSC 4260 DIGITAL IMAGE PROCESSING

Credit Hour(s): 4.0

Digital Image Processing. Prerequisite: CSc 3410 with grade of C or higher. Fundamentals of image processing, including image digitization, description, enhancement, segmentation, image transforms, filtering, restoration, coding, and retrieval. Concepts are illustrated by laboratory sessions in which these techniques are applied to practical situations, including examples from industrial and biomedical image processing.

CSC 4270 INTRO DIGITAL SIGNAL PROCESS

Credit Hour(s): 4.0

Introduction to Digital Signal Processing. Prerequisite: CSc 4210 with grade of C or higher. This course covers the nature of information, signals, transforms, and applications. Topics include analog to digital and digital to analog conversion, data storage (such as the audio format MP3), data transforms, and filters. Applications include noise reduction, signal analysis, volume control (e.g., audio signals), and compression. We will be using computer programs to handle mathematical modeling and calculations.

CSC 4310 PARALLEL & DIST COMPUTING

Credit Hour(s): 4.0

Parallel and Distributed Computing. Prerequisites: CSc 3210 and CSc 3320 with grades of C or higher. Introduction to various parallel and distributed computing paradigms, algorithms, architectures, programming environments, and tools. Hands-on programming on both shared-memory and message-passing parallel architectures.

CSC 4320 OPERATING SYSTEMS

Credit Hour(s): 4.0

Operating Systems. Prerequisite: CSc 3320 with grade of C or higher. Introduction to operating systems concepts. Topics may include multiprogramming, resources allocation and management, and their implementation.

CSC 4330 PROGRAMMING LANGUAGE CONCEPTS

Credit Hour(s): 4.0

Programming Language Concepts. Prerequisites: CSc 3210 and CSc 3410 with grades of C or higher. Fundamental programming language concepts, including syntax versus semantics, binding time, scopes, and storage management.

CSC 4340 INTRODUCTION TO COMPILERS

Credit Hour(s): 4.0

Introduction to Compilers. Prerequisite: CSc 4330 with grade of C or higher. Survey of topics related to compiler design, including parsing, table processing, code generation, and optimization.

CSC 4350 SOFTWARE ENGINEERING-CTW

Credit Hour(s): 4.0

Software Engineering-CTW. Prerequisite: CSc 3410 with grade of C or higher. Techniques used in large scale scientific or technical software development, including requirements analysis, specification, systems design, implementation,

testing, validation, verification, and maintenance. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all computer science majors.

CSC 4360 NETWORK-ORIENTED SOFTWARE DEV

Credit Hour(s): 4.0

Network-Oriented Software Development. Prerequisite: CSc 3410 with grade of C or higher. Object-oriented design of network-oriented distributed applications. Review of middleware technologies used in building distributed systems by providing interoperability among applications running on multiple networks and platforms from embedded systems to servers. Programming in middleware using state-of-the-art technologies.

CSC 4370 WEB PROGRAMMING

Credit Hour(s): 4.0

Web Programming. Prerequisite: CSc 2310 with grade of C or higher. The course introduces the student to programming techniques required to develop Web applications. Topics include: HTML forms, JavaScript, Servlets and Java Server Pages, PHP and MySQL, Web access to Oracle databases, and XML.

CSC 4380 WINDOWING SYSTEMS PROGRAMMING

Credit Hour(s): 4.0

Windowing Systems Programming. Prerequisite: CSc 2310 with grade of C or higher. Development of application software within windowed environments. Concepts of programming including graphical user interfaces, event-driven architectures, and object-oriented language programming with an application programming interface.

CSC 4510 AUTOMATA

Credit Hour(s): 4.0

Automata. Prerequisite: CSc 2510 with grade of C or higher. Theory of computing devices and the languages they recognize.

CSC 4520 DESIGN & ANALYSIS: ALGORITHMS

Credit Hour(s): 4.0

Design and Analysis of Algorithms. Prerequisites: CSc 3410 and Math 3030 with grades of C or higher. Techniques for designing efficient algorithms; analysis of algorithms; lower bound arguments; algorithms for sorting, selection, graphs, and string matching.

CSC 4540 INTRO TO BIOINFO ALGORITHMS

Credit Hour(s): 4.0

Introduction to Bioinformatics Algorithms. Prerequisite: CSc 3410 with grade of C or higher. This course is an introduction to the computational algorithms driving current advances in bioinformatics. It is focused on fundamental algorithmic techniques in bioinformatics, including exhaustive search, greedy, dynamic programming, graph theoretical, and combinatorial pattern matching algorithms. Applications will include restriction mapping, motif finding, pairwise sequence alignment, gene prediction, DNA sequencing, evolutionary trees, genome rearrangements.

CSC 4610 NUMERICAL ANALYSIS I**Credit Hour(s):** 3.0

Numerical Analysis I. Prerequisites: Math 2215 with grade of C or higher and the ability to program in a high-level language. (Same as Math 4610.) Nature of error; iteration; techniques for nonlinear systems; zeros of functions; interpolation; numerical differentiation; Newton-Cotes formulae for definite integrals; computer implementation of algorithms.

CSC 4620 NUMERICAL ANALYSIS II**Credit Hour(s):** 3.0

Numerical Analysis II. Prerequisite: Math 3030 or Math 3435 with grade of C or higher and the ability to program in a high-level language. (Same as Math 4620.) Gaussian Elimination for linear systems; least squares; Taylor, predictor-corrector and Runge-Kutta methods for solving ordinary differential equations; boundary value problems; partial differential equations.

CSC 4630 INTRO TO MATLAB PROGRAMMING**Credit Hour(s):** 4.0

Introduction to Matlab Programming. This course is designed to give science majors experience with the Matlab programming language. Matlab is used for scientific applications involving images, sound, and other signals. No previous programming experience is needed.

CSC 4650 INTRO TO BIOINFORMATICS**Credit Hour(s):** 4.0

Introduction to Bioinformatics. Prerequisites: CSc 3410, Biol 1103K, and Chem 1211K with grades of C or higher. The explosion in biological knowledge due to various genome projects and other high-throughput techniques has created entirely new fields and industries, and a need for trained computational biologists who are familiar with Biology, Statistics, and Computer Science. This course will introduce principles underlying current techniques in the analysis of different kinds of biological data. Topics include: sequence alignment, database searching, microarrays, structure analysis, and phylogenetic tree algorithms.

CSC 4710 DATABASE SYSTEMS**Credit Hour(s):** 4.0

Database Systems. Prerequisite: CSc 3410 with grade of C or higher. An introduction to the fundamental concepts and principles that underlie the relational model of data. Topics include formal query languages; SQL; query optimization; relational database design theory; physical database design, integrity, security, and concurrency control.

CSC 4720 HUMAN-COMPUTER INTERACTION**Credit Hour(s):** 4.0

Human-Computer Interaction. Prerequisite: CSc 2310 with grade of C or higher. Techniques and methodologies for development of user interfaces in software systems; topics include interaction styles, interaction devices, user documentation, and interface assessment.

CSC 4730 SCIENTIFIC VISUALIZATION**Credit Hour(s):** 4.0

Scientific Visualization. Prerequisites: for computer science majors, CSc 2310 with grade of C or higher; for all other majors, consent of instructor. Use of sophisticated computer graphics techniques and software packages to display, transform, and analyze data; mapping concepts, glyphs, and grids; rendering techniques.

CSC 4740 DATA MINING**Credit Hour(s):** 4.0

Data Mining. Prerequisite: CSc 3410 with grade of C or higher. Introduction to basic data mining techniques (such as association rules mining, cluster analysis, and classification methods) and their applications (such as Web data mining, biomedical data mining and security).

CSC 4810 ARTIFICIAL INTELLIGENCE**Credit Hour(s):** 4.0

Artificial Intelligence. Prerequisites: CSc 3410 and CSc 4330 with grades of C or higher. An overview of techniques and methodologies in the field of artificial intelligence. Topics may include search strategies, problem solving, natural language processing, logic and deduction, memory models, learning, expert systems, knowledge representation, and robotics.

CSC 4820 COMPUTER GRAPHICS ALGORITHMS**Credit Hour(s):** 4.0

Computer Graphics Algorithms. Prerequisites: CSc 3320 and Math 3030 with grades of C or higher. Algorithms used for computer graphics programming. Windows, viewpoints, modeling transformations in two and three dimensions, viewing transformations, and hidden surface elimination. Graphics standards for hardware and software systems.

CSC 4821 FUNDAMENTALS OF GAME DESIGN**Credit Hour(s):** 4.0

Fundamentals of Game Design. Prerequisites: CSc 4820 with grades of C or higher. Covers major aspects of game design such as challenges, gameplay, actions, core mechanics, worlds, characters, game balancing, user interfaces, and game genres.

CSC 4840 COMPUTER GRAPHICS IMAGING**Credit Hour(s):** 3.0

Computer Graphics Imaging. Prerequisite: consent of instructor. (Same as GrD 4840 and Film 4840.) Modeling techniques include lofting, extrusion, surfaces of revolution, constructive solid geometry, procedural modeling, metaballs, and others. Image synthesis techniques include scan-line graphics, ray tracing, and radiosity. Also covered are anti-aliasing, surface mapping, shadowing, lighting, and other relevant topics.

CSC 4841 COMPUTER ANIMATION**Credit Hour(s):** 3.0

Computer Animation. Prerequisite: CSc 4840 with grade of C or higher. (Same as GrD 4841 and Film 4841.) Three-dimensional computer animation including classical animation techniques, cel animation, key framing, storyboarding, physically based modeling, character animation, lighting,

camera placement and motion, motion blur, compositing, and other relevant topics.

CSC 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisite: consent of the instructor and Honors Program director. Readings or research preparatory to honors thesis or project.

CSC 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0

Honors Thesis: Writing. Prerequisites: CSC 4870 and consent of the instructor and Honors Program director. Writing or production of honors thesis or project.

CSC 4920 SENIOR PROJECT I

Credit Hour(s): 2.0

Senior Project I. Prerequisites: CSc 3320, CSc 4210, and CSc 4350 with grades of C or higher. Consent of instructor may override the prerequisites in special circumstances. This course is meant to be the first part of two senior project classes. Students who enroll in this class are expected to enroll in the second part the following semester. Students will work as a team on a project, including planning the project, assigning roles, creating a time-line, literature research, acquiring equipment, and hardware and/or software design.

CSC 4921 SENIOR PROJECT II

Credit Hour(s): 2.0

Senior Project II. Prerequisite: CSc 4920 with grade of C or higher. CSc 4921 consists of finishing the project from CSc 4920, followed by testing, revision, improvements, and further documentation. At the end of the semester, the team will turn in a comprehensive report detailing the project, its progress, evaluation, results, interpretation of the results, and conclusions. This report may be twice the size of the previous semester's report, since it will likely include much of the first report. Also, the team is expected to explain and demonstrate the project.

CSC 4982 UNDERGRAD RESEARCH IN COMP SCI

Credit Hour(s): 3.0

Undergraduate Research in Computer Science. Prerequisite: at least 12 upper-division hours in computer science. Authorization required. Independent investigation of topics of common interest to student and instructor.

CSC 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

CSC 4998 SELECTED TOPICS

Credit Hour(s): 1.0 TO 3.0

Selected Topics. Prerequisite: consent of instructor. No more than six credit hours may be applied toward the major. May be repeated if topics are different.

DPP DRAWING, PAINTING, PRINTMAKING

DPP 2100 ADVANCED DRAWING

Credit Hour(s): 3.0

Advanced Drawing. Prerequisite: Art 1010 with grade of C or higher. Advanced techniques, materials, and principles of drawing. Lab Fee: \$30.00.

DPP 3000 LIFE DRAWING

Credit Hour(s): 3.0

Life Drawing. Prerequisite: Art 1010 and Art 1020 or DP 2100 with grades of C or higher. Structure, composition, representation, and interpretation of the human figure. Lab Fee: \$60.00.

DPP 3050 INTRODUCTION TO PRINTMAKING

Credit Hour(s): 3.0

Introduction to Printmaking. Prerequisites: Art 1010, 1020, and one 1000-level art history course with grades of C or higher. Basic printmaking processes including intaglio (etching), relief (linocut), and monoprint. Lab Fee: \$50.00.

DPP 3150 INTAGLIO/ETCHING & LITHOGRAPHY

Credit Hour(s): 4.0

Intaglio/Etching & Lithography. Prerequisite: one DPP 3000-level course with grade of C or higher, or consent of instructor. Traditional and experimental processes including etching, aquatint, and drypoint. Lithographic printing directly from prehistoric limestone slabs. Lab Fee: \$50.00.

DPP 3200 PAINTING W/ WATER-BASED MEDIA

Credit Hour(s): 3.0

Painting with Water-Based Media. Prerequisites: Art 1010 and Art 1020 or 1030 with grades of C or higher. Technical and organizational concerns using water-based media. May be repeated for a maximum of six credit hours. Lab Fee: \$20.00.

DPP 3250 SCREEN PRINT & EXPERMTL PRNTMK

Credit Hour(s): 4.0

Screen Print and Experimental Printmaking. Prerequisite: one DPP 3000-level course with grade of C or higher, or consent of instructor. Screen printing (serigraphy) with emphasis on photo processes, related computer skills, and painterly effects. Experimental printmaking techniques including monoprinting from wood, hand coloring, and other mixed media applications. Lab Fee: \$50.00.

DPP 3300 PAINTING: OIL-BASED MEDIA

Credit Hour(s): 3.0

Painting with Oil-Based Media. Prerequisite: Art 1010 and Art 1020 or Art 1030 with grades of C or higher. Technical and organizational concerns using oil-based media. May be repeated for a maximum of six credit hours. Lab Fee: \$20.00.

DPP 3350 MONOPRINTING

Credit Hour(s): 3.0

Monoprinting. Prerequisites: Art 1010, 1020, 1030, 1050, and one 1000-level art history courses with grades of C or higher. Monotype and monoprinting techniques including additive, subtractive, viscosity, stencil, photographic transfer, and multiple plate printing. Lab Fee: \$50.00.

DPP 3550 BOOK ARTS

Credit Hour(s): 3.0

Book Arts. Prerequisites: Art 1010, 1020, 1030, 1050 and one 1000-level art history courses with grades of C or higher. Traditional Eastern and Western book structures, investigation of the book as an art form. Rudimentary papermaking, photographic transfer, and intaglio (line etching) skills. Lab Fee: \$20.00.

DPP 3600 DRAWING RESEARCH

Credit Hour(s): 4.0

Drawing Research. Prerequisite: DPP 3000 with grade of C or higher. Traditional as well as experimental investigations in drawing. May be repeated for a maximum of six credit hours. Lab Fee: \$20.00.

DPP 3900 SELECTD TOPICS IN DRAW & PAINT

Credit Hour(s): 4.0

Selected Topics in Drawing and Painting. Prerequisites: Two 2000-3000 level DPP courses with grades of C or higher. Special topics for drawing and painting majors. May be repeated for a maximum of eight credit hours. Lab Fee: \$20.00.

DPP 3950 SELECTED TOPICS IN PRINTMAKING

Credit Hour(s): 4.0

Selected Topics in Printmaking. Prerequisite: consent of instructor. Special topics for studio art majors. May be repeated for a maximum of eight credit hours. Lab Fee: \$20.00.

DPP 4500 DIR STUDY: DRAWING & PAINTING

Credit Hour(s): 4.0

Directed Study in Drawing and Painting. Prerequisites: DPP 3200 and DPP 3300 with grades of C or higher. Individual studio problems for advanced students. May be repeated for a maximum of sixteen credit hours. Lab Fee: \$20.00.

DPP 4550 DIRECTED STUDY IN PRINTMAKING

Credit Hour(s): 4.0

Directed Study in Printmaking. Prerequisite: consent of instructor. Individual studio problems for advanced students. May be repeated for a maximum of twelve credit hours. Lab Fee: \$50.00.

DPP 4940 PORTFOLIO I

Credit Hour(s): 3.0

Portfolio I. Prerequisite: DPP 4500 or DPP 4550 with grade of C or higher. Senior-year studio experiences for B.F.A. degree candidates. Committee review.

DPP 4950 PORTFOLIO II

Credit Hour(s): 3.0

Portfolio II. Prerequisite: DPP 4940 with grade of C or higher, or concurrently. Culminating studio experiences for B.F.A. degree candidates. Committee review. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all Drawing and Painting majors.

DPP 4980 SPECIAL PROBLEMS

Credit Hour(s): 3.0

Special Problems. Prerequisites: consent of instructor and of School director. Independent studies initiated by the student. May be repeated for a maximum of six credit hours.

ECE EARLY CHILDHOOD EDUCATION

ECE 3010 INTRO TO EARLY CHILDHOOD EDUC

Credit Hour(s): 3.0

Introduction to Early Childhood Education. Provides an introduction to the field, observation, and child study skills. Service learning experiences in childcare settings, elementary schools, and other educational contexts in urban communities are included. A minimum grade of "C" is required for this course.

ECE 3021 CHILD DEVELOPMENT

Credit Hour(s): 3.0

(TE) Child Development. Corequisites: ECE 3031, ECE 3600, and ECE 3661. Focuses on physical, cognitive, and affective stages of human growth and development. Introduces theories and models of behavior and development applied to the field of early childhood education. Field experiences in pre-kindergarten through fifth-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3031 CULTURAL DIVERSITY IN ECE

Credit Hour(s): 3.0

(TE) Cultural Diversity in Early Childhood Education. Corequisites: ECE 3021, ECE 3600, and ECE 3661. Students develop an awareness of diversity issues in the early childhood classroom. Students are encouraged to develop multicultural competencies needed for effective practice. Field experiences in pre-kindergarten through fifth-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3250 ESOL:LNG ACQUISITION/ASSESSMNT

Credit Hour(s): 3.0

(TE) English to Speakers of Other Languages (ESOL): Language Acquisition and Assessment. Principles of first and second language learning and teaching are examined. An emphasis on the analysis of language structure as it applies to second language acquisition is a core component of this course. Appropriate assessment of language proficiency is examined in addition to ESOL program entrance and exit criteria. Students have continuous supervised field placements in ESOL classrooms as well as in non-ESOL classrooms with significant culturally and linguistically diverse student populations.

ECE 3255 ESOL: CULTURAL FOUNDATIONS

Credit Hour(s): 3.0

(TE) English to Speakers of Other Languages (ESOL): Cultural Foundations. The purpose of this course is to introduce future educators with the knowledge and skills needed to provide an effective learning environment for students who are learning English as an additional language. Course participants explore issues related to the intercultural communication process. The importance of the role of context (social, cultural, and historical) in intercultural interactions is considered. Students have continuous supervised field placement in ESOL classrooms as well as in non-ESOL classrooms with significant culturally and linguistically diverse student populations.

ECE 3360 ASSESSMENT CLASSROOM LRNG ECE

Credit Hour(s): 3.0

(TE) Assessment of Classroom Learning in Early Childhood Education. Co-requisites: ECE 3602, ECE 3605, and ECE 3663. Students examine various teacher-constructed and standardized instruments used to assess student learning. Strategies for selecting and using assessment methods are emphasized. The role of instructional assessment as it relates to teaching and learning are discussed. Field experience in K-5th grades is included. Students must complete the course with a grade of "C" or higher.

ECE 3440 ESOL: CURRICULUM & INSTRUCTION

Credit Hour(s): 3.0

(TE) English to Speakers of Other Languages (ESOL): Curriculum and Instruction. Students examine current research, materials, curricula, and teaching methodologies in the area of ESOL instruction. Classroom application and observation are emphasized. Students have continuous supervised field placements in ESOL classrooms as well as in non-ESOL classrooms with significant culturally and linguistically diverse student population.

ECE 3600 LANGUAGE AND LITERACY

Credit Hour(s): 3.0

(TE) Language and Literacy. Corequisites: ECE 3021, ECE 3031, and ECE 3661. Emphasis on the language development of the young child along with strategies to promote emergent literacy through literature experiences. Includes field experience in a pre-kindergarten through fifth-grade classroom. A minimum grade of "C" is required for this course.

ECE 3601 READING/LANGUAGE ARTS I - CTW

Credit Hour(s): 6.0

(TE) Reading and Language Arts in Early Childhood Education I-CTW. Prerequisite: ECE 3600. Corequisites: ECE 3606, ECE 3607, and ECE 3662. Provides the student with an integrated study of the theory, methodology, and instructional materials in the areas of language development, oral and written language skills, reading, and children's literature. Field experiences in kindergarten through second-grade classrooms are included. A minimum grade of "C" is required for this course. Critical Thinking Through Writing Course (CTW)

ECE 3602 READING/LNGUAGE ARTS IN ECE II

Credit Hour(s): 3.0

(TE) Reading and Language Arts in Early Childhood Education II. Prerequisite: ECE 3601. Corequisites: ECE 3360, ECE 3605, and ECE 3663. Integration of reading and language arts instruction across the curriculum is emphasized. A variety of methods of instruction and assessment are explored. Field experiences in third-grade through fifth-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3605 SOCIAL STUDIES METHODS IN ECE

Credit Hour(s): 3.0

(TE) Social Studies Methods in Early Childhood Education. Prerequisite: ECE 3600. Corequisites: ECE 3360, ECE 3602, and ECE 3663. Students examine objectives of various social studies programs and learn to use methods and materials appropriate for young children to accomplish these objectives. Field experiences in kindergarten through second-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3606 SCIENCE AND INQUIRY IN ECE

Credit Hour(s): 3.0

(TE) Science and Inquiry in Early Childhood Education. Prerequisite: ECE 3021. Corequisites: ECE 3601, ECE 3607, and ECE 3662. Students examine objectives of various science programs and learn to use methods and materials appropriate for young children to accomplish these objectives. Field experiences in third-grade through fifth-grade classrooms are included. A minimum grade of "C" is required for this course.

ECE 3607 MATHEMATICS METHODS IN ECE

Credit Hour(s): 3.0

(TE) Mathematics Methods in Early Childhood Education. Co-requisites: ECE 3601, ECE 3606, and ECE 3662. Mathematical content, methods, and materials are connected to the mathematical development of young children in grades Pre-K through fifth. Field experiences in elementary classrooms are included. Student must complete the course with a grade of "C" or higher.

ECE 3661 CLASSROOM MGMTNT ECE/FLD EXP I

Credit Hour(s): 3.0

(TE) Classroom Management in Early Childhood Education Field Experience I. Corequisites: ECE 3021, ECE 3031, and ECE 3600. This course focuses on the development of child management techniques and teaching skills. Included are observation and other study skills used in the education and guidance of young children. Includes field experiences in an early childhood setting. A minimum grade of "C" is required for this course.

ECE 3662 CLASSRM MGMTMENT ECE/FLD EXP II

Credit Hour(s): 3.0

(TE) Classroom Management in Early Childhood Education Field Experience II. Prerequisite: ECE 3661. Corequisites: ECE 3601, ECE 3606, and ECE 3607. This course focuses on

the further development of child management techniques and teaching skills. Emphasis is placed on integrated instructional planning and child management strategies. Includes field experience in an early primary setting. A minimum grade of "C" is required for this course.

ECE 3663 CLASSRM MGMTMNT ECE/FLD EXP III

Credit Hour(s): 3.0

(TE) Classroom Management in Early Childhood Education Field Experience III. Prerequisite: ECE 3662. Corequisites: ECE 3360, ECE 3602, and ECE 3605. Provides for the application of child management procedures to academic content. Emphasis is placed on instructional assessment as it relates to classroom management procedures. Field experiences in third, fourth, and fifth grades are included. A minimum grade of "B" is required for this course.

ECE 4650 OPENING SCHOOL EXPERIENCE

Credit Hour(s): 0.0 TO 1.0

(TE) Opening School Experience. Prerequisites: ECE 3021 and ECE 3600. Students gain practical experiences in the school and classroom during the week of preplanning and the first week of school. While assisting in the classroom, students learn effective procedures for beginning the school year. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this course.

ECE 4661 STUDENT TEACHING

Credit Hour(s): 9.0 TO 12.0

(TE) Student Teaching. Prerequisites: all courses in areas A-G of the degree program in Early Childhood Education. Students participate in a capstone practicum in one of the following grade levels: kindergarten, first, second, third, fourth, or fifth. This internship emphasizes the integration of developmental, curricular, and instructional principles in all areas of the curriculum. Students must submit a portfolio for approval. A minimum grade of "C" is required for this course.

ECE 4700 ISSUES INTERNATIONAL EDUCATION

Credit Hour(s): 3.0

Issues in International Education. The course is designed to increase students' knowledge and awareness of social, economic, and political issues related to international education. Students will also examine and compare policies and practices of educational systems in various countries in the world. The course is presented and studied online. It comprises twelve units on international educational issues such as citizenship, culturalism, and multiculturalism equality and Education, inclusion and norms, values and beliefs. Each unit provides an overview of the issues associated with the topic as well as materials that outline those issues. Student/activities/projects require the gathering of data from a variety of sources, synthesizing those data and presenting a summary.

ECE 4810 DIRECTED READING IN ECE

Credit Hour(s): 1.0 TO 3.0

Directed Reading in Early Childhood Education. Prerequisite: consent of instructor. Focuses on individual reading on special topics in early childhood education. These topics are an

extension of a previously completed course and are taught by an instructor who has taught that course. A directed reading form, available in the Department of Early Childhood Education, must be completed and signed by the instructor prior to registration. (Repeatable)

ECON ECONOMICS

ECON 2100 THE GLOBAL ECONOMY

Credit Hour(s): 3.0

The Global Economy. Not available for credit in the major; may be used as a nonmajor elective depending on degree. The world's economies have become much more integrated over time. This course is designed to introduce students to basic facts about the operation of the world economy, with particular focus on current issues confronting economies of various countries. The course will discuss the role of international organizations such as the World Bank and the International Monetary Fund, and will focus on major problems facing policy makers, such as global income inequality, financial crises, environmental challenges, the transition to a market economy, and the design of the European Monetary Union.

ECON 2105 PRINCIPLES OF MACROECONOMICS

Credit Hour(s): 3.0

Principles of Macroeconomics. Prerequisite: Math 1101 or Math 1111. This course analyzes the overall performance of economic systems including output and employment levels, inflation, economic growth, international finance, and the effects of monetary and fiscal policies.

ECON 2106 PRINCIPLES OF MICROECONOMICS

Credit Hour(s): 3.0

Principles of Microeconomics. Prerequisite: Math 1101 or Math 1111. This course is a systematic study of the functions of markets and prices in the production and distribution of goods and includes economic analysis of international trade, public finance, labor markets, monopoly, and poverty.

ECON 3050 ECONOMICS ART, ENTER & CULTURE

Credit Hour(s): 3.0

The Economics of Art, Entertainment, and Culture. Not available for credit in the major; may be used as a nonmajor elective depending on program. Each year Americans spend at least 120 billion hours and over \$150 billion on legal forms of entertainment. In spite of this, the economic idiosyncrasies of the sector are often not well understood. This class examines the economics of the major entertainment enterprises: the performing arts and other fine arts, movies and television programming, commercial music, broadcasting, cable television, casino gambling, and more. In addition to the basic facts and microeconomic characteristics of these industries, the class discusses how the sector is impacted by the macroeconomy and public policy.

ECON 3900 MACROECONOMICS-CTW

Credit Hour(s): 3.0

Macroeconomics-CTW. Prerequisite: Econ 2105. This course applies the tools of aggregate economic analysis to the problems of the performance of the economy. The course links the theories and data to understand the causes of macroeconomic fluctuations in production, employment, inflation, and international economic relations; particular emphasis is placed on macroeconomic policy issues. This course has been designated as a CTW (Critical Thinking Through Writing) course.

ECON 3910 MICROECONOMICS

Credit Hour(s): 3.0

Microeconomics. Prerequisite: Econ 2106. This course develops models of the behavior of individual economic units, including consumers, workers, investors, and business firms, and explains how and why these units make economic decisions. Economic behavior in various types of market environments is analyzed. The implications of this behavior for the allocation of resources and for public policy are discussed.

ECON 4080 HISTORY OF ECONOMIC THOUGHT

Credit Hour(s): 3.0

History of Economic Thought. Prerequisite: consent of instructor. An historical presentation of the economic doctrines of the physiocratic, classical, neoclassical, historical, Keynesian, and other schools of thought.

ECON 4210 HEALTH ECONOMICS

Credit Hour(s): 3.0

Health Economics. Prerequisite: Econ 2106 or equivalent. This course analyzes resource allocation issues in the health care sector of the U.S. and other economies. The demand, production, cost, and financing of health care services are examined using a variety of conceptual and empirical models. The economic evaluation of alternative health care programs is also discussed.

ECON 4220 ENVIRONMENTAL ECONOMICS & POL

Credit Hour(s): 3.0

Environmental Economics and Policy. Prerequisite: Econ 2106 or permission of instructor. This course is designed to introduce the student to a broad range of contemporary environmental problems and the design of appropriate policy responses. Environmental concerns such as declining urban air quality, water pollution, tropical rain forest destruction, and global warming are covered (topics vary according to the instructor). The role of economic development and the political and social forces determining environmental quality are explored. The effectiveness of past and present environmental policies and regulations are evaluated and contrasted with newer, more flexible approaches to improving environmental policy. This course is designed for students majoring in all disciplines who have interests in public policy as it relates to managing the environment.

ECON 4230 EXPERIMENTAL ECONOMICS

Credit Hour(s): 3.0

Experimental Economics. Prerequisite: Econ 2106 or equivalent. This introduction to experimental economics

builds upon the scientific method and the testing of economic theories via laboratory experiments. Students will gain an understanding of the extent to which basic economic theories predict actual human behavior. The relevance and impact of similar experiments and related analyses on important debates surrounding public policy issues will be examined, which include privatization, market regulation, and environmental regulation.

ECON 4300 ECONOMICS OF CITIES

Credit Hour(s): 3.0

Economics of Cities. Prerequisite: Econ 2106. This course provides an introduction to the ways that economics can be used to understand cities. The primary emphasis in the first half of the course is on the spatial organization of economic activity. Why are cities located where they are, what economic functions do they perform, and, within cities, how can we understand what goes on where, and who lives where? The tools that we develop as we deal with these questions will be essential in the second half of the course, in which we will take an economic approach to a number of policy issues that are loosely termed "urban problems" in the popular press.

ECON 4350 ECON OF POVERTY & PUBLIC POL

Credit Hour(s): 3.0

Economics of Poverty and Public Policy. This course applies basic economic concepts to the study of poverty in the United States. There are three main topics: (1) measuring the extent of poverty in the United States, (2) explaining the causes of poverty, and (3) evaluating actual and potential private sector or government responses to the problem. Within this framework, topics that will be discussed include poverty and inequality, economics of the family, racial/gender discrimination and segregation, neighborhood effects, history of welfare, the incentive structure of the current and proposed welfare plans, and welfare reform.

ECON 4380 DIRECTED READING IN ECONOMICS

Credit Hour(s): 1.0 TO 6.0

Directed Readings in Economics. Prerequisites: Econ 2105 and Econ 2106, and consent of instructor.

ECON 4400 PUBLIC SECTOR ECONOMICS

Credit Hour(s): 3.0

Public Sector Economics. Prerequisite: Econ 2106. This course explores issues related to expenditure and tax policies of governments, as well as views regarding the purpose of government and criteria for evaluating government actions. Various government expenditure programs, such as education and social security, and revenue sources, such as income taxes and property taxes, are then described and analyzed in light of the criteria. The course also includes a discussion of how group or collective choices are made within society, how environmental policies affect the level of pollution, and the importance of public debt.

ECON 4450 LAW AND ECONOMICS

Credit Hour(s): 3.0

Law and Economics Prerequisite: Econ 2106. This course provides an introduction to the economic analysis of legal

issues and explores the relationship of legal institutions and laws to economic efficiency and social goals, such as justice. Topics are chosen from among the following: property rights, externalities and environmental control, administrative processes, crime, contracts and liability (e. g. product liability and medical malpractice), public utility and antitrust regulations, individual rights and discrimination.

ECON 4470 INDUSTRIAL ORG, REG, & ECON

Credit Hour(s): 3.0

Industrial Organization, Regulation, and Antitrust Economics. Prerequisite: Econ 2106. The theory of government regulatory and antitrust policies and their effects on the competitive performance of the economy and the behavior of individual firms and industries. Specific topics include an economic and some legal analysis of mergers, price discrimination, predatory strategies, tying contracts, resale price maintenance, cost-benefit studies, product and worker safety, the environment, and deregulation issues in telecommunications, transportation, and other industries, with special emphasis on modern landmark cases and the role of economics in affecting public policy.

ECON 4500 MONEY AND CREDIT

Credit Hour(s): 3.0

Money and Credit. Prerequisite: Econ 2105. A study of the role of money, credit, interest rates, and the balance of payments in determining the rate of production and employment in a nation's economy; emphasis is placed on monetary policies of the Federal Reserve System and their interaction with other elements of policy and with international economic currents.

ECON 4600 ECONOMIC DEVELOPMENT

Credit Hour(s): 3.0

Economic Development. Prerequisite: Econ 2105 and Econ 2106. This course analyzes the issues underlying vast differences in development among the nations of the world. Economic growth, subject to appropriate restraints on environmental degradation, is seen as a major instrument for improving the development of nations and the welfare of their people. The course employs elements of theories of growth, international trade and finance, industrial organization, money, as well as micro and macroeconomics to analyze causes of and prescribe cures for, underdevelopment.

ECON 4610 ECONOMY OF SOUTH AFRICA

Credit Hour(s): 3.0

The Economy of South Africa. Prerequisite: Econ 2105 and Econ 2106. This course examines the South African economy in detail. It aims to investigate reasons for the current state of this emerging economy and to assess prospects for future growth. In essence, this course is a case study in economic development. Classical and contemporary models of development and underdevelopment will be examined in regards to their relevancy to the South African case. In addition, development issues such as poverty, inequality, human capital formation and trade policy will also be looked at in a South African context. The material will often be presented in a Sub-Saharan African context. That is, concurrent developments in other parts of the African continent will also be investigated and analyzed to offer points of contrast and comparison.

ECON 4620 EC STUDY ABROAD S. AFRICA

Credit Hour(s): 3.0

Economic Studies Abroad South Africa. Prerequisite: Econ 2105. This course is designed to be a brief survey of the South African economy with an emphasis on current topical issues. The course presents students with a case study in economic development. The course starts off the first week with an overview of South African history and contemporary economic issues. During the next two weeks students will travel to the Pretoria/Johannesburg area in Gauteng Province, the industrial center of the country, and the Capte Town area of the Western Cape. Through a series of lectures and site visits students will be able to assess South Africa's potential for economic growth and prosperity. Additional site visits are designed to provide students with an exposure to South African peoples and their culture.

ECON 4680 AMERICAN ECONOMIC HISTORY

Credit Hour(s): 3.0

American Economic History. (Same as Hist 4210.) An intensive study of the development of the American economy with an emphasis upon the changing structure, institutional pattern, and performance of the system.

ECON 4750 INTRO TO GAME THEORY

Credit Hour(s): 3.0

Introduction to Game Theory. This course introduces the basics of game theory to undergraduate students in various disciplines. It focuses on fundamentals of game theory including basic concepts and techniques, various ways of describing and solving games, and various applications in economics, political science, and business. It will help students sharpen their understanding of strategic behavior in different situations involving many individuals.

ECON 4800 INTERNATIONAL TRADE

Credit Hour(s): 3.0

International Trade. Prerequisite: Econ 2106. An examination of theories of trade and empirical verification, trade and welfare, tariff and nontariff barriers to trade, common markets, and the relationship between growth and trade.

ECON 4810 INTERNATIONAL FINANCE

Credit Hour(s): 3.0

International Finance. Prerequisite: Econ 2105. A study of the foreign exchange market, the balance of payments, exchange-rate systems with particular emphasis on the current international monetary system, the international macroeconomic model, and policies for internal and external balance.

ECON 4930 MATHEMATICAL ECONOMICS

Credit Hour(s): 3.0

Mathematical Economics. Prerequisites: Econ 2105 and Econ 2106, and Math 2211 or Math 1220. This course provides an introduction to mathematical techniques that are frequently used in economic analysis. Topics covered include differential and integral calculus and matrix algebra. Emphasis is placed on the applications of mathematics to topics in economic theory.

ECON 4950 ECONOMETRICS & APPLICATIONS

Credit Hour(s): 3.0

Econometrics and Applications. Prerequisites: Econ 2105 and Econ 2106, and Math 1070. An introduction to the regression model, its assumptions, limitations, and application to problems in business and economics.

ECON 4960 ECONOMICS OF WORK AND PAY

Credit Hour(s): 3.0

Economics of Work and Pay. Prerequisite: 2106. This course applies economic theory to the analysis of labor markets. Topics examined include wage determination, employment and labor force growth, education and training, occupational attainment, unemployment, and the impact of discrimination, unions, and government policy on the functioning of labor markets.

ECON 4999 SENIOR CAPSTONE IN ECON-CTW

Credit Hour(s): 3.0

Senior Capstone in Economics-CTW. Prerequisites: ECON 3900, ECON 3910 and two 4000 level ECON courses with grades of C or better or permission of the instructor. This course serves as an integrative capstone course for the economics major and should normally be taken during the student's last two semesters of study. Basic tools and methods of economics are used to understand and analyze a variety of contemporary economic problems and policy issues. The course will be organized by research modules that cover at least four of the following six broad economics topics: business policy analysis; economic history and thought; social policy and human resources; international economics and globalization; government fiscal, environmental and urban policies; and behavioral economics. This course has been designated as CTW (Critical Thinking Through Writing) course.

EDCI CURRICULUM & INSTRUCTION

EDCI 3200 ORG/INSTRUCT MIDDLE GRADES CUR

Credit Hour(s): 3.0

(TE) Organization and Instruction of the Middle Grades Curriculum. Grounded in culturally relevant pedagogy, this course will introduce and examine the major programmatic and organizational features of middle schools as they relate to the educational needs of middle level students, particularly those in urban contexts. The course interactions and engagements are organized around three major themes: (a) diverse contexts of teaching and learning, (b) structure of middle level education, and (c) middle level teaching, learning, and professionalism.

EDCI 3220 UNDRSTND/SUPPRT MIDLE SCHL LNR

Credit Hour(s): 3.0

(TE) Understanding and Supporting Middle School Learners. The focus of this course is on middle school learners and on the diversity among them (e.g., development, culture, ethnicity, language, gender, religion, SES, ability/disability).

The course will also focus on the instructional, curricular, and organizational issues related to the development of each child. Major emphases include an understanding of the ways in which the teacher's expectations, knowledge, and pedagogy influence students' learning and efficacy. Middle school philosophy, the role of parents, and the role of community members are also addressed. School and community observations and participation are included.

EDCI 3250 INTRO TEACHING SECONDARY SCHLS

Credit Hour(s): 3.0

(TE) Introduction to Teaching in Secondary Schools. Students examine instructional material, teaching strategies, and evaluation procedure for teaching in secondary schools. Includes experience in reflective teaching and microteaching. Introduces the secondary programmatic issues including diversity, technology, content-specific pedagogy, classroom management, and assessment. Provides grounding in concepts of professionalism, equity, and school culture. Provides initial program identity, advisement, and screening. School experiences are included.

EDCI 4600 PRACTICUM

Credit Hour(s): 3.0 TO 6.0

(TE) Practicum. Students participate in practicum in middle or secondary schools, including observing, assisting, tutoring, microteaching, and classroom teaching. Students apply content knowledge, pedagogical skills, classroom management skills, and evaluation knowledge. (Repeatable).

EDCI 4630 CRITICAL ISSUES SECONDARY EDUC

Credit Hour(s): 3.0

(TE) Critical Issues in Secondary Education. Students conduct research and reflect on critical issues in secondary education in today's changing world.

EDCI 4640 CRITICAL ISSUES MIDDLE GRADE-CTW

Credit Hour(s): 3.0

(TE) Critical Issues in Middle Grades Education-CTW. Corequisite: EDCI 4700. Taken concurrently with the last semester of the student teaching experience, this course will guide the student in reflection on, and further examination of, contemporary critical issues for educators. Major emphases on middle level teaching and learning, begun in the earlier stages of the program, will receive intense attention during this semester as students integrate theory and practice on the student teaching campus. This course is a Critical Thinking Through Writing (CTW) course.

EDCI 4700 STUDENT TEACHING MIDDLE GRADES

Credit Hour(s): 9.0

(TE) Student Teaching in Middle Grades. Prerequisite: Approval of the Middle Childhood Committee. Corequisite: EDCI 4640. Provides the opportunity to plan, implement, and reflect on middle grades instruction in the student's content concentration areas. Requires a sustained internship across the term under the supervision of a mentor teacher and a

university supervisor. A minimum grade of "B" is required for this course.

EDCI 4750 STUDENT TEACHING SECONDARY SCH

Credit Hour(s): 9.0

(TE) Student Teaching in the Secondary School. Requires the student to apply pedagogical content knowledge to the planning and implementation of instruction of secondary school students in the major area. Students demonstrate expertise at the initial teacher preparation level. A minimum grade of "C" is required for this course.

EDCI 4810 DIRECTED READING IN TCHG/ LRNG

Credit Hour(s): 3.0

Directed Reading in Teaching and Learning. Prerequisite: consent of instructor. Students engage in the in-depth study of appropriate topics in teaching and learning. (Repeatable).

EDLA LANGUAGE ARTS EDUCATION EDLA 3200 TOPICS MIDDLE GR LANGUAGE ARTS

Credit Hour(s): 3.0

Topics in Middle Grades Language Arts. Develops selected topics related to the texts used in middle grades language arts including contemporary children's literature, adolescent literature, nonfiction trade books, and multimedia programs. (Repeatable)

EDLA 4400 CONCEPTS/METHODS LANG ARTS MCE

Credit Hour(s): 3.0

(TE) Concepts and Methods in Language Arts for Middle Childhood Education. Corequisites: EDMT 4460, EDSC 4470, EDSS 4480, and EDCI 4600. Provides the pedagogical content knowledge necessary for effective middle school instruction in language arts. Procedures for planning, implementing, and reflecting on language arts instruction are learned in a school setting. A minimum grade of "B" is required for this course.

EDMT MATHEMATICS EDUCATION EDMT 3350 TOPICS IN MIDDLE GRADES MATH

Credit Hour(s): 3.0

Topics in Middle Grades Mathematics. Develops selected content topics in middle grades mathematics including number theory, algebra, geometry, probability, and statistics. The course emphasizes algebraic thinking and functions, problem solving, reasoning, connecting mathematical ideas, and using technology.

EDMT 4460 CONCEPTS/MTHDS MID CHLDHD MATH

Credit Hour(s): 3.0

(TE) Concepts and Methods in Middle Childhood Mathematics. Corequisites: EDLA 4400, EDSC 4470, and EDSS 4480. Provides the pedagogical content knowledge necessary for effective middle school mathematics instruction.

Procedures for planning, implementing, and reflecting on mathematics instruction are learned in a school setting. A minimum grade of "B" is required for this course.

EDMT 4560 PRINCIPLES OF MATH INSTRUCTION

Credit Hour(s): 3.0

(TE) Principles of Mathematics Instruction. Examines lesson planning, instructional materials, teaching strategies, technology use, and assessment procedures for teaching secondary school mathematics.

EDRD READING EDUCATION EDRD 0071 ACADEMIC READING

Credit Hour(s): 3.0

Academic Reading. (Learning Support Program students only). Prepares students for college-level reading, focusing on reading, studying, writing about, and taking tests on the content of texts from various disciplines represented in the undergraduate curriculum. Special emphasis is given to learning and integrating information from multiple sources such as textbook chapters, journal articles, books, and lectures.

EDRD 3490 TOPICS MID CHILDHOOD READING

Credit Hour(s): 3.0

Topics in Middle Childhood Reading. Corequisite: EDRD 3500. Focuses on the reading process and on reading instruction as it relates to the needs of pre/early adolescent students in middle childhood. Major emphases include understanding the factors that affect reading, critical analyses of reading materials and strategies used in the content areas, understanding ways to facilitate students' learning from texts, and understanding interdisciplinary instruction. School experience included.

EDRD 3500 ASSESS/INSTR STU W/READING DIF

Credit Hour(s): 3.0

Assessment and Instruction of Middle Childhood Students with Reading Difficulty. Corequisite: EDRD 3490. This course involves preservice teachers in working one-on-one with a middle childhood student having difficulties in reading. Emphases include understanding readers' attitudes, interests, and perceptions of reading, assessing reader's strategies and ability to construct meaning, and planning appropriate literacy experience in light of assessment information.

EDRD 4450 CONCEPTS/METHODS READING MCE

Credit Hour(s): 3.0

(TE) Concepts and Methods for Reading in Middle Childhood Education. Corequisites: EDLA 4400, EDMT 4460, EDSC 4470, or EDSS 4480, and EDCI 4600, and EDRD 4600. Provides the pedagogical content knowledge necessary for effective middle grades instruction in reading. Procedures for planning, implementing, and reflecting on reading instruction are applied in a school setting, including planning and managing of classroom literacy events based on assessment information. Additional emphases include a supervised classroom experience where students (1) examine ways of

recording, analyzing, and using assessment information in daily classroom instruction; and (2) consider cultural, psychological, social, and political issues associated with traditional ability groups and design alternative approaches to ability grouping that meet students' needs.

EDRD 4600 READ/WRITING CONTENT AREAS-CTW

Credit Hour(s): 3.0

(TE) Reading and Writing in the Content Areas-CTW. Corequisite: EDCI 4600 and two of the following: EDLA 4400, EDMT 4460, EDRD 4450, EDSC 4470, or EDSS 4480. In this course students examine reading and writing instructional strategies and materials in the content area classroom. Emphases are on adolescent literacy development, the process of reading and writing in middle grades, the role of textbooks and trade books, concept development, comprehension, vocabulary, and study strategies. This course is a Critical Thinking Through Writing (CTW) course.

EDSC SCIENCE EDUCATION

EDSC 3250 TOPICS IN MIDDLE GRADE SCIENCE

Credit Hour(s): 4.0

Topics in Middle Grades Science. Three hours lecture and two hours lab a week. Develops basic content knowledge of the natural and/or physical sciences. Develops understanding of school science topics such as light, sound, weather, earth, processes, and organisms. Emphasizes scientific reasoning skills, problem solving, using technology, and communicating scientific knowledge. May be repeated as topics vary. (Repeatable)

EDSC 4470 CONCEPTS/METHODS MIDDLE CHILD SCIENCE

Credit Hour(s): 3.0

(TE) Concepts and Methods in Middle Childhood Science. Corequisites: EDLA 4400, EDMT 4460, and EDSS 4480. Provides the pedagogical content knowledge necessary for effective middle school science instruction. Procedures for planning, implementing, and reflecting on science instruction are learned in a school setting. A minimum grade of "B" is required for this course.

EDSS SOCIAL STUDIES EDUCATION

EDSS 3400 TOPICS MIDDLE GRADE SOCIAL SCIENCE/HISTORY

Credit Hour(s): 3.0

Topics in Middle Grades Social Science/History. Develops basic content knowledge of history and the social sciences. Develops understanding of school topics in world regions and emphasizes reasoning skills, problem solving, using technology, and inquiry in the social sciences.

EDSS 4480 CONCEPT/METHOD MIDDLE CHILD SOCIAL STUDIES

Credit Hour(s): 3.0

(TE) Concepts and Methods in Middle Childhood Social Studies. Corequisites: EDLA 4400, EDMT 4460, and EDSC 4470. Provides the pedagogical content knowledge necessary

for effective middle school social studies instruction. Procedures for planning, implementing and reflecting on social studies instruction are learned in a school setting. A minimum grade of "B" is required for this course.

EDUC EDUCATION

EDUC 2000 FIELD-BASED INSTRUCTION/TRAVEL

Credit Hour(s): 2.0

Field-Based Instruction, Travel, and Educational Excursions. This program will allow students to develop critical thinking skills and analyze cultural, social, and environmental constructs from a global perspective. Students will be encouraged to expand their worldviews as they observe and interact with people from different cultures. This program is restricted to students participating in the Early College High School Program.

EDUC 2110 INVESTIGATING CRITICAL & CONTEMPORARY ISSUES IN EDUCATION

Credit Hour(s): 3.0

Investigating Critical and Contemporary Issues in Education. This course provides students with an understanding of selected philosophical, historical, social, cultural, political, and economic questions and influences on the development of educational policies and practices. Importantly, students will develop an understanding of the ways the humanities and social sciences can be used to question, interpret, analyze, and criticize educational thought and practice.

EDUC 2120 EXPLORING SOCIO-CULTURAL PERSPECTIVES ON DIVERSITY

Credit Hour(s): 3.0

Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts. Given the rapidly changing demographics in our state and country this course is designed to equip future teachers with the fundamental knowledge of understanding culture and teaching children from diverse backgrounds. Specifically, this course is designed to examine 1) the nature and function of culture; 2) the development of individual and group cultural identity; 3) definitions and implications of diversity, and 4) the influences of culture on learning, development, and pedagogy.

EDUC 2130 EXPLORING LEARNING & TEACHING

Credit Hour(s): 3.0

Exploring Learning and Teaching. This course is designed to provide the student with an overview of theories and research findings in the field of educational psychology with an emphasis on learning. Attention will be paid to the role of individual differences in learning, including development, and on ways to promote effective learning for all students. This class emphasizes student involvement in the learning process through active class discussions, presentation of case studies, and opportunities to reflect on and examine learning in a variety of real world contexts.

EDUC 2152 BIRTH AND PARENTHOOD

Credit Hour(s): 3.0

Birth and Parenthood. (Same as SOCI 3152 and WST 3140) Pregnancy, birth, and parenting; fatherhood and motherhood in a social and historical context.

EDUC 2300 INTRO TO CHILD DEVELOPMENT

Credit Hour(s): 3.0

Introduction to Child Development. This course will engage teacher candidates in the principles of child growth and development from conception through early childhood with a particular focus from birth to 5 years of age. The course will cover the major theories, principles, and research concerning the physical, cognitive, intellectual, emotional, and social aspects of development in children including typical and atypical developmental expectations.

EDUC 3010 INTRODUCTION URBAN EDUCATION

Credit Hour(s): 3.0

Introduction to Urban Education. This course focuses on educating students of diversity: (cultural/ethnic, language, gender, religious, socioeconomic, and ability/disability) in urban settings and the equity issues involved in educating all children. Major emphases include understanding the role of educators' expectations, knowledge and pedagogy on student expectations and learning; and on the development of viable interpersonal communication, and instructional techniques for diverse urban classrooms.

EDUC 3333 FIELD EXPERIENCES INTRNL EDUC

Credit Hour(s): 3.0

Field Experiences in International Education. Modern communication technologies have increasingly made the countries of the world more interdependent. This interdependency can be either positive or negative. This course seeks to provide students with a global perspective on education and society, and its impact on both culture and world affairs. This course will concentrate specifically on the educational system and customs of the host country. Lectures and class discussions, utilizing the student's first hand experiences, will be directed toward cultural analysis of the host country with special focus on how educational systems help shape national consciousness. Students must participate in the international travel required for this course. [cross-listed with EDUC 7777]

EDUC 4660 FIELD BASED RESRCH IN URBAN ED

Credit Hour(s): 3.0

Field Based Research in Urban Education. This class is an introduction to the field methods of educational research, with a focus on ethnographic observation and interviewing. The methods of data collection, the social role of the field worker, the ethics of research and qualitative methodology will be addressed through a workshop approach. Students will design a proposal as the final research project for the course. A grade of C or higher is required.

EDUC 4982 UNDERGRAD RESRCH IN URBAN EDUC

Credit Hour(s): 1.0 TO 3.0

Undergraduate Research in Urban Education. Prerequisite: Permission of the Instructor. This course provides opportunities for students to complete an inquiry project focusing on an issue in urban education. Students experience hands-on involvement in research through close participation with an experienced faculty researcher.

ELMT LIBRARY MEDIA TECHNOLOGY

ELMT 2100 INFO LITERACY FOR DIGITAL AGE

Credit Hour(s): 3.0

INFO21: Information Literacy for the Digital Age. The course gives students a thorough grounding in the application of information literacy (the ability to find and use information) to the modern world. Students learn how to access, evaluate, use, and disseminate information intellectually in an information-rich environment.

ENGL ENGLISH

ENGL 0081 ACADEMIC WRITING

Credit Hour(s): 4.0

Academic Writing. (Formerly LSP 0081.) Prepares students for college-level writing by focusing on exposition, argument, and short research reports. Special emphasis is given to standard usage, sentence structure, essay development, and organization. Contemporary Urban Theory and Issues. An examination of urban geographical theory as a framework for understanding contemporary cities in the United States.

GEOG 4778 POLITICAL GEOGRAPHY

Credit Hour(s): 3.0

Political Geography. The impact of geographical factors such as nationalism, the state and territory, ideology, and colonialism/imperialism on global political geography. Followed by a brief introduction to the political geography of the United States.

GEOG 4780 ADVANCED SYSTEMATIC GEOGRAPHY

Credit Hour(s): 3.0

Advanced Systematic Geography. Prerequisite: consent of instructor. Intensive study of thematic topics within geography; specific topic announced in schedule each time course is offered. May be repeated for credit if topic varies.

GEOG 4782 ENVIRONMENTAL PSYCHOLOGY

Credit Hour(s): 3.0

Environmental Psychology. Prerequisite: Psyc 1101 with grade of C or higher. (Same as Psyc 4520.) Introduction to environmental psychology focusing on the relations between individuals and their natural and built environments. Topics include cognitive mapping of physical space, stress, crowding, and the applications of psychology to alleviating environmental problems.

GEOG 4784 CLIMATIC CHANGE

Credit Hour(s): 4.0

Climatic Change. Prerequisite: Geog 1112 with grade of C or higher, or consent of instructor. An assessment of the understanding of many aspects of recent climatic change. The focus is on how human activities can cause climatic change as well as how humans and ecosystems can be affected by those changes. Specific topics will include technical aspects of climatic observations and modeling, actual and potential impacts of climatic change on human and natural systems, and climatic-change influences on public policy. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geography majors.

GEOG 4830 SENIOR SEMINAR

Credit Hour(s): 4.0

Senior Seminar. Prerequisites: Geog 2204, 4518, 4520, and 4522 with grades of C or higher. Philosophical foundations of geography, and traditional and contemporary research skills. Data acquisition and processing, analysis, writing, and presentation of research findings. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geography majors.

GEOG 4832 GEOGRAPHY INTERNSHIP

Credit Hour(s): 3.0

Geography Internship. Prerequisites: advanced standing, and approval of sponsoring faculty advisor and of department chair. Academic training and professional experience through short-term internships at public or private agencies. Paper required. May be taken more than once, but only three credits may be applied toward major requirements.

GEOG 4834 APPLIED RESEARCH IN GIS

Credit Hour(s): 1.0 TO 3.0

Applied Research in GIS. Applied GIS research that demonstrates the ability of the student to apply GIS knowledge to real-world situations.

GEOG 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: consent of instructor and the Honors Program director. Readings or research preparatory to honors thesis or project.

GEOG 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0

Honors Thesis: Writing. Prerequisites: Geog 4870 with grade of C or higher, and consent of instructor and Honors Program director. Writing or production of honors thesis or project.

GEOG 4995 DIRECTED READINGS B.I.S.

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

GEOLOGEOLOGY

GEOLOG 1121K INTRODUCTORY GEOSCIENCES I

Credit Hour(s): 4.0

Introductory Geosciences I. Three lecture and three laboratory hours a week. Broad view of the earth emphasizing internal processes including minerals, rocks and the rock cycle, the structure of the earth's interior, plate tectonics, earthquakes, and volcanism.

GEOLOG 1122K INTRODUCTORY GEOSCIENCES II

Credit Hour(s): 4.0

Introductory Geosciences II. Prerequisite: Geol 1121K. Three lecture and three laboratory hours a week. Broad view of the earth emphasizing external processes including sedimentary environments, the hydrological cycle, the origin of geological environments, geological dating methods, and an overview of the fossil record through geological time.

GEOLOG 2001 GEOLOGIC RESOURCES&ENVIRONMENT

Credit Hour(s): 3.0

Geologic Resources and the Environment. Three lecture hours a week. The origin, distribution, and consequences of consuming the Earth's resources (metallic, non-metallic, soil, and groundwater). Topics include fossil fuels, nuclear energy, alternative energy sources, uses of minerals, waste disposal, and contaminants in the environment.

GEOLOG 3002 INTRO TO EARTH MATERIALS

Credit Hour(s): 4.0

Introduction to Earth Materials. Prerequisite: Geol 1121K with grade of C or higher. Three lecture and three laboratory hours a week, plus field trips. Fundamentals of crystallography and mineralogy; classification, identification, and origin of the common rock-forming minerals and rocks.

GEOLOG 4002 OCEANOGRAPHY

Credit Hour(s): 3.0

Oceanography. Prerequisites: Geol 1121K and Geol 1122K with grades of C or higher, or consent of instructor. Three lecture hours a week and one weekend field trip. Geological, chemical, physical, and biological aspects of oceanic environments; oceanographic field methods; role of the oceans in global change and environmental impacts of human activity.

GEOLOG 4003 AQUEOUS GEOCHEMISTRY

Credit Hour(s): 4.0

Aqueous Geochemistry. Prerequisites: Geol 1121K, Math 2212, and Chem 1212K. (Same as Geog 4680.) Four lecture hours a week. Theoretical aspects of aquatic chemistry with applications to natural water systems. Major topics include thermodynamic theory, sorption systematics, oxidation-reduction reactions, mineral-water interaction, and isotope geochemistry applied to hydrogeology.

GEOLOG 4005 GEOLOGY OF GEORGIA

Credit Hour(s): 3.0

Geology of Georgia. Prerequisite: Geol 1121K, or equivalent, or consent of instructor. One lecture hour a week. A minimum of five days in the field must be fulfilled to receive credit in the course. Before enrolling in the course, students should confirm in advance their availability on announced weekends.

Nature, distribution, and significance of lithologies, structures, and ages of rocks in Georgia and other southeastern states. Geologic and tectonic history of the southern Appalachians, with emphasis on plate tectonic models. Critical discussion of the literature, with emphasis on notable controversies.

GEOL 4006 SEDIMENTARY ENVIR&STRATIGRAPHY

Credit Hour(s): 4.0

Sedimentary Environments and Stratigraphy. Prerequisite: Geol 3002 with grade of C or higher. Three lecture and three laboratory hours a week, plus field trips. Properties of sedimentary rocks; origin, classification, and description of sedimentary rocks; principles of stratigraphy; analysis of sedimentary facies and environments of deposition. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geology majors.

GEOL 4007 HYDROGEOLOGY

Credit Hour(s): 4.0

Hydrogeology. Prerequisites: Geol 1122K and Math 2212. Four lecture hours a week. Overview of the principles of hydrogeology and their application, including the hydrological cycle, geology of groundwater occurrence, mathematical development of flow equations, surface-groundwater interaction, flow to wells, and advection-dispersion theory.

GEOL 4008 ROCK FRACTURE AND FLUID FLOW

Credit Hour(s): 4.0

Rock Fracture and Fluid Flow. Prerequisites: Geol 4013 and 4007. Four lecture hours a week. Formation and analysis of rock fracture and its relation to hydraulic properties of fractured rocks; physical characteristics and patterns of rock fracture; fundamental processes in rock fracture; detection methods; induced changes to fracture systems; case histories.

GEOL 4011 PRINCIPLES OF PALEONTOLOGY

Credit Hour(s): 4.0

Principles of Paleontology. Prerequisite: Geol 1122K with grade of C or higher. Two lecture and two laboratory hours a week. An introduction to the principles of paleontology by examination of the fossil record, supplemented by study of selected examples of commonly preserved organisms. The use of fossils in paleoenvironmental reconstruction and biostratigraphic correlation will be stressed as well as morphology and systematics.

GEOL 4012 ADV QUANTITATIVE HYDROGEOLOGY

Credit Hour(s): 3.0

Advanced Quantitative Hydrogeology. Prerequisites: Geol 4007 and Math 2212. Three lecture hours a week. Quantitative modeling of groundwater flow, aquifer characterization, contaminant transport in the subsurface, and groundwater engineering. Computer applications in numerical groundwater modeling.

GEOL 4013 STRUCTURAL GEOLOGY

Credit Hour(s): 4.0

Structural Geology. Prerequisites: Geol 3002. Three lecture and three laboratory hours a week. Introduction to the

principles of structural geology including theories and methods of analysis of stress, strain, rheology, fractures, folding, faulting, foliation, and lineation. The study of geologic maps and cross sections.

GEOL 4015 CRYSTAL AND OPTICAL MINERALOGY

Credit Hour(s): 4.0

Crystallography and Optical Mineralogy. Prerequisite: Geol 3002 with grade of C or higher. Three lecture and three laboratory hours a week. Principles of crystallography and optical mineralogy. Laboratory study of minerals using the polarizing microscope.

GEOL 4016 IGNEOUS & METAMORPHIC PETROLOGY

Credit Hour(s): 4.0

Igneous and Metamorphic Petrology. Prerequisite or corequisite: Geol 4015 with grade of C or higher. Three lecture and three laboratory hours a week. Nature, distribution, and origin of igneous and metamorphic rocks in relation to tectonic setting and experimental studies. Laboratory study of igneous and metamorphic rocks in hand specimen and thin section.

GEOL 4017 ENVIRONMENTAL GEOLOGY

Credit Hour(s): 4.0

Environmental Geology. Prerequisites: Geol 1121K and Chem 1211K. Four lecture hours per week. Application of geological and geochemical concepts to the study of Earth's near surface environment. Topics may include water supply and pollution, global warming, ozone depletion, soil contamination, natural disasters, mineral resources, environmental management, and selected regulations. Quantitative treatment of population growth and water resources.

GEOL 4023 TERRESTRIAL SEDIMENTS

Credit Hour(s): 3.0

Terrestrial Sediments. Prerequisite: Geol 4006 with grade of C or higher or consent of instructor. Three lecture hours a week. Weathering, transport, deposition, and diagenesis of continental sediments. Selected examples of fluvial, lacustrine, volcanoclastic, and/or eolian sedimentation and facies models. Stable and radiogenic isotopes and geochronology in continental sediment. Sedimentary, mineralogical, and geochemical records of tectonics and paleoclimate.

GEOL 4042 ANALYTICAL METHODS

Credit Hour(s): 2.0

Analytical Methods Prerequisite: Chem 1211 with a grade of C or higher. Math 2212 is recommended. Four laboratory hours per week. Principles and practical application of modern analytical methods in mineralogy, environmental geology, geochemistry, petrology, sedimentology, and related fields, using modern analytical techniques and instrumentation. Theory and methods of selected analytical applications tailored to student needs. Topics may include mass spectrometry, laser ablation mass spectrometry, electron probe microanalysis, scanning electron microscopy, X-ray fluorescence, X-ray diffraction, atomic absorption, ion chromatography, and cathodoluminescence. Radiation safety

training included. May be repeated, but only 2 credits will be applied towards the major.

GEOL 4095 SEMINAR IN GEOLOGICAL SCIENCE

Credit Hour(s): 1.0

Seminar in Geological Sciences. Prerequisite: at least 12 hours in geology. One lecture hour per week. Current research topics in geological sciences. May be repeated once.

GEOL 4097 TOPICS IN GEOLOGICAL SCIENCES

Credit Hour(s): 1.0 TO 3.0

Topics in Geological Sciences. Prerequisite: consent of instructor. One to three lecture hours a week. Detailed presentation of a selected topic in geological sciences. May be repeated for credit for a maximum of six credit hours if topic is different.

GEOL 4098 INDEPENDENT RESEARCH - GEOLOGY

Credit Hour(s): 3.0

Independent Research in Geological Sciences. Prerequisites: prior approval of a written program of the proposed work and consent of instructor. Six laboratory hours a week. It is normal for the research to span more than one semester.

GEOL 4120 BASIC FIELD GEOLOGY

Credit Hour(s): 3.0

Basic Field Geology. Prerequisite: Completion of a core-curriculum science sequence and consent of instructor. Nine hours a day, six days a week, for three weeks. Introduction to field geology in the Rocky Mountains of Montana, with emphasis on basic concepts and field methods. Construction of simple geologic maps, cross sections, and stratigraphic columns, using topographic maps and aerial photographs in the field. Includes a seven-day excursion to geologically interesting areas of the U.S. Northwest. Open to teachers and students majoring in Geography, Anthropology, Biology, Environmental Science, or others who are seeking a geological field experience.

GEOL 4121 ADVANCED FIELD GEOLOGY

Credit Hour(s): 3.0

Advanced Field Geology. Prerequisites: Geol 4006 and 4013 with grades of C or higher, Geol 4120 or concurrently, and consent of instructor. Nine hours a day, six days a week for three weeks. Intensive geologic mapping and interpretation in the Rocky Mountains of Montana, with particular emphasis on complexly deformed areas. Includes mapping in folded and faulted sedimentary rocks, intrusive and volcanic igneous rocks, and high-grade metamorphic basement terrain. Construction of multiple cross sections for complex structures and advanced interpretation of geologic history of complex areas. Involves extensive, rough, off-trail hiking.

GEOL 4123 GEOINFORMATICS

Credit Hour(s): 3.0

Geoinformatics. Fundamentals of geoscience knowledge representation applying semantic web languages of OWL, RDF, and RDFS. Design and development of spatial and process ontologies in geosciences.

GEOL 4530 INTRODUCTION TO REMOTE SENSING

Credit Hour(s): 4.0

Introduction to Remote Sensing. Prerequisite: Six hours of natural science laboratory sequence, or consent of instructor. (Same as Geog 4530.) Three lecture and two laboratory hours a week. A survey of remote sensing technology, aerial photograph and satellite image interpretation and digital processing, and applications in engineering and environmental sciences.

GEOL 4640 GEOMORPHOLOGY

Credit Hour(s): 4.0

Geomorphology. Prerequisite: Geog 1113 or Geol 1122K, or consent of instructor. (Same as Geog 4640.) Three lecture and two laboratory hours a week. Classification and analysis of land forms using theoretical and quantitative approaches. Emphasis upon surface processes in various environments.

GEOL 4644 ENVIRONMENTAL CONSERVATION

Credit Hour(s): 4.0

Environmental Conservation. Prerequisites: Geol 1122K, or Geog 1112 and 1113, or consent of instructor. (Same as Geog 4644.) Three lecture hours a week. Social and policy perspectives of natural resource management, development of the American conservation, federal land policy, and significant environmental legislation; analysis of local and global environmental issues.

GEOL 4650 APPLIED HYDROLOGY

Credit Hour(s): 4.0

Applied Hydrology. Prerequisite: consent of instructor. (Same as Geog 4650.) Three lecture and two laboratory hours a week. Applications of principles of hydrology to urban development, flood forecasting, agriculture and forestry, and water resources management, statistical and modeling techniques in hydrology.

GEOL 4830 SENIOR SEMINAR

Credit Hour(s): 4.0

Senior Seminar. Prerequisites: at least 17 hours of geology at the 4000 level, including Geol 4006, 4013, 4095, or consent of instructor. Philosophical foundations of geology, contemporary problems and issues, and synthesis of geological concepts. Intended to serve as a capstone to the undergraduate geology curriculum. Emphasis on reading of original literature and classic texts, and on written arguments. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all geology majors.

GEOL 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: consent of the instructor and Honors Program director. Readings or research preparatory to honors thesis project.

GEOL 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0

Honors Thesis: Writing. Prerequisites: Geol 4870, consent of the instructor and Honors Program director. Writing or production of honors thesis or project.

GEOL 4995 DIRECTED READINGS B.I.S.

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

GERO GERONTOLOGY

GERO 4110 AGING POLICY AND SERVICES

Credit Hour(s): 3.0

Aging Policy and Services. (Same as Soci 4110.) Aging policy, services and programs emphasizing legislation, funding, planning, the aging network, and the long-term care system.

GERO 4116 AGING AND SOCIETY

Credit Hour(s): 3.0

Aging and Society. (Same as Soci 4116 and WSt 4116.) An introduction to processes and problems of aging for individuals and society with a focus on social relationships, aging in families, caregiving, retirement, and age politics.

GERO 4122 DEATH, DYING AND LOSS

Credit Hour(s): 3.0

Death, Dying and Loss. (Same as Soci 4122.) The process of death and dying, including the social roles of the dying person, the family, and those of the hospital and institutional staff; the social factors influencing death; social functions of bereavement; and problems in coping created by medical technology and longevity.

GERO 4130 FAMILY, INTIMACY, AND AGING

Credit Hour(s): 3.0

Ties that Bind: Family, Intimacy, and Aging. (Same as Soci 4130.) This course examines older adults' family lives and intimate relationships in social, historical and demographic context. Emphasis is placed on understanding in the type, nature, content and meaning of relationships, and on identifying influential factors, including, for example, gender, race, ethnicity, class, sexual orientation, and health status.

GERO 4200 HEALTH AND THE OLDER ADULT

Credit Hour(s): 3.0

Health and the Older Adult. (Same as HHS 4200.) This course provides an introduction to physiological aging and the health status of older people and is designed for non-health professionals who work with older adults. Normal aging processes, age-related changes, and associated health promotion activities will be discussed. Information on the assessment and implications of alterations in functional health states, drug use, and referral sources are included.

GERO 4475 COMMUNICATION AND AGING

Credit Hour(s): 3.0

Communication and Aging. (Same as Spch 4475.) This course provides a broad overview of the ways in which communication affects, and is affected by, the aging process

and introduces students to theory and research in the area of communication and aging.

GERO 4500 ANTHROPOLOGY OF AGING

Credit Hour(s): 3.0

Anthropology of Aging. (Same as Anth 4500.) Anthropological approach to the aging process in western and non-western societies.

GERO 4610 PSYCHOLOGY OF AGING

Credit Hour(s): 3.0

Psychology of Aging. (Same as Psyc 4610.) Psychological contributions to the understanding, prevention, and treatment of normal and abnormal changes of later life.

GERO 4700 SPECIAL TOPICS IN GERONTOLOGY

Credit Hour(s): 3.0

Special Topics in Gerontology. This course provides an in-depth study of a topic in gerontology that is not currently included in the curriculum. May be repeated if topic differs.

GERO 4800 DIRECTED STUDY IN GERONTOLOGY

Credit Hour(s): 1.0 TO 6.0

Directed Study in Gerontology. This course supervised by a gerontology faculty member allows students to gain knowledge and skills in a particular area of gerontology through independent study.

GERO 4910 GERONTOLOGY INTERNSHIP

Credit Hour(s): 1.0 TO 6.0

Gerontology Internship. Prerequisite: grade of C or higher in all gerontology courses. A structured and supervised work experience in the field of aging designed to teach students about current issues of policy and practice and enhance their career development. In consultation with faculty and staff advisors, students plan the internship in accordance with their experience, areas of interest, and individual goals.

GRKA GREEK - ANCIENT

GRKA 1001 ELEMENTARY ANCIENT GREEK I

Credit Hour(s): 3.0

Elementary Ancient Greek I. Basic syntactical structures with particular emphasis on the verb. Reading of ancient Greek selections that illustrate the grammatical structures studied.

GRKA 1002 ELEMENTARY ANCIENT GREEK II

Credit Hour(s): 3.0

Elementary Ancient Greek II. Prerequisite: GrkA 1001 with grade of C or higher, or equivalent. Basic syntactical structures with particular emphasis on the verb. Reading of ancient Greek selections that illustrate the grammatical structures studied.

GRKA 2001 INTERMEDIATE ANCIENT GREEK I

Credit Hour(s): 3.0

Intermediate Ancient Greek I. Prerequisite: GrkA 1002 with grade of C or higher, or equivalent. This course will continue

the study and mastery of Greek syntax, with emphasis on readings from ancient Greek authors of increasing difficulty.

GRKA 2002 INTERMEDIATE ANCIENT GREEK II

Credit Hour(s): 3.0

Intermediate Ancient Greek II. Prerequisite: GrkA 2001 with grade of C or higher, or equivalent. Rudiments of ancient Greek syntax; reading original passages from ancient Greek authors; the Lysis of Plato will be studied in depth; selections from The Apology of Plato.

GRKM GREEK - MODERN

GRKM 1001 ELEMENTARY MODERN GREEK I

Credit Hour(s): 3.0

Elementary Modern Greek I. Development of basic skills in listening, speaking, reading, and writing; acquisition of grammatical structures. Not open to native speakers of Greek.

GRKM 1002 ELEMENTARY MODERN GREEK II

Credit Hour(s): 3.0

Elementary Modern Greek II. Prerequisite: GrkM 1001 with grade of C or higher, or equivalent. Development of basic skills in listening, speaking, reading, and writing; acquisition of grammatical structures. Not open to native speakers of Greek.

GRKM 2001 INTERMEDIATE MODERN GREEK I

Credit Hour(s): 3.0

Intermediate Modern Greek I. Prerequisite: GrkM 1002 with grade of C or higher, or equivalent. Continued development of listening, speaking, reading, and writing. Vocabulary expansion; further work with grammatical structures. Not open to native speakers of Greek.

GRKM 2002 INTERMEDIATE MODERN GREEK II

Credit Hour(s): 3.0

Intermediate Modern Greek II. Prerequisite: GrkM 2001 with grade of C or higher, or equivalent. Continued development of listening, speaking, reading, and writing. Vocabulary expansion; further work with grammatical structures. Not open to native speakers of Greek.

GRMN GERMAN

GRMN 1001 ELEMENTARY GERMAN I

Credit Hour(s): 3.0

Elementary German I. Development of basic skills in listening, speaking, reading and writing; acquisition of grammatical structures. Not open to native speakers of German.

GRMN 1002 ELEMENTARY GERMAN II

Credit Hour(s): 3.0

Elementary German II Prerequisite: Grmn 1001 with grade of C or higher, or equivalent. Development of basic skills in listening, speaking, reading, and writing; acquisition of grammatical structures. Not open to native speakers of German.

GRMN 2001 INTERMEDIATE GERMAN I

Credit Hour(s): 3.0

Intermediate German I. Prerequisite: Grmn 1002 with grade of C or higher, or equivalent. Continued development of listening, speaking, reading, and writing skills. Vocabulary expansion; further work with grammatical structures.

GRMN 2002 INTERMEDIATE GERMAN II

Credit Hour(s): 3.0

Intermediate German II. Prerequisite: Grmn 2001 with grade of C or higher, or equivalent. Continued development of listening, speaking, reading, and writing skills. Vocabulary expansion; further work with grammatical structures.

GRMN 3301 ADVANCED GERMAN I-CTW

Credit Hour(s): 3.0

Advanced German I-CTW. Prerequisite: Grmn 2002 with grade of C or higher, or equivalent. An advanced language skills course, designed to bring students to the level of "Zertifikat Deutsche als Fremdsprache." Emphasis on improvement of skills in the spoken language. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all German majors.

GRMN 3302 ADVANCED GERMAN II

Credit Hour(s): 3.0

Advanced German II. Prerequisite: Grmn 3301 with grade of C or higher. As advanced language skills course, designed to bring students to the level of "Zertifikat Deutsche als Fremdsprache." Emphasis on improvement of skills in the spoken language.

GRMN 3311 INTRO READING GERMAN LIT

Credit Hour(s): 3.0

Introduction to Reading German Literature. Prerequisite: Grmn 2002 with grade of C or higher. A bridge course designed to help students acquire the reading skills required to comprehend and analyze increasingly complex literary texts.

GRMN 3313 INTRO GERMAN CULTURAL STUDIES

Credit Hour(s): 3.0

Introduction to German Cultural Studies. Prerequisite: Grmn 3311 with a grade of C or higher. A bridge course designed to help students acquire the interpretive skills required to comprehend and analyze increasingly complex cultural texts.

GRMN 3395 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. German language and culture in a native environment. Designed specifically for students participating in the University System of Georgia Study Abroad Programs.

GRMN 3396 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. German language and culture in a native environment. Designed specifically for students participating in the University System of Georgia Study Abroad Programs.

GRMN 3397 STUDY ABROAD

Credit Hour(s): 3.0

Study Abroad. German language and culture in a native environment. Designed specifically for students participating in the University System of Georgia Study Abroad Programs.

GRMN 3690 HONORS READINGS

Credit Hour(s): 1.0 TO 3.0

Honors Readings. Prerequisite: consent of the instructor and Honors Program director. Discussion and reading on selected topics.

GRMN 4401 HISTORY OF THE GERMAN LANGUAGE

Credit Hour(s): 3.0

History of the German Language. Prerequisite: Grmn 3302 with grade of C or higher. An introduction to basic linguistics and the historical development of German.

GRMN 4402 ADV GRAM: MORPH & SYNTAX-CTW

Credit Hour(s): 3.0

Advanced Grammar: Morphology and Syntax-CTW. Prerequisite: Grmn 3302 with grade of C or higher. A review and analysis of the most difficult parts of German grammar for the advanced student. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all German majors.

GRMN 4411 SURVEY OF GERMAN LIT

Credit Hour(s): 3.0

Survey of German Literature. Prerequisite: Grmn 3312 with grade of C or higher. A careful reading of selected texts representative of major writers and movements in German literature.

GRMN 4413 INTRODUCTION TO GERMAN FILM

Credit Hour(s): 3.0

Introduction to German Film. Prerequisites: Grmn 3313 with grade of C or higher. A careful reading of selected films representative of major directors and movements in German cinema.

GRMN 4414 TOPICS IN GERMAN LIT

Credit Hour(s): 3.0

Topics in German Literature. Prerequisite: Grmn 4411 or 4412 with grade of C or higher. Extended study of a single author, theme, or time in the history of German literature. May be repeated for credit if topic varies.

GRMN 4421 INTRO TO GER CIVILIZATION

Credit Hour(s): 3.0

Introduction to German Civilization. Prerequisites: Grmn 3302 and 3312 with grades of C or higher. Social, philosophical, artistic, and literary movements and the individuals who have contributed to the formation of present-day Germany; further development of conversational skills.

GRMN 4422 CONTEMPORARY GERMANY

Credit Hour(s): 3.0

Contemporary Germany. Social, political, and economic issues as reflected in current German texts.

GRMN 4431 GERMAN FOR INTL BUSNSS I

Credit Hour(s): 3.0

German for International Business I. Prerequisites: Grmn 3302 and 3312 with grades of C or higher. Business vocabulary and correspondence. Protocol of business environment. Reading and analysis of commercial texts.

GRMN 4432 GERMAN FOR INTL BUSNSS II

Credit Hour(s): 3.0

German for International Business II. Prerequisite: Grmn 4431 with grade of C or higher. Readings in the foreign language of current materials related to business and trade structures, issues, and procedures.

GRMN 4435 TECHNIQUES OF TRANSLATION

Credit Hour(s): 3.0

Techniques of Translation. Expansion of vocabulary and introduction to comparative stylistics through translations, mainly from English into German, of both literary and non-literary texts.

GRMN 4465 PRACTICUM IN GERMAN

Credit Hour(s): 3.0

Practicum in German. Prerequisite: consent of instructor. Directed work in special project; field experience; internships.

GRMN 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: consent of the instructor and Honors Program director. Readings or research preparatory to honors thesis or project.

GRMN 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0 TO 6.0

Honors Thesis: Writing. Prerequisites: Grmn 4870, and consent of the instructor and Honors Program director. Writing or production of honors thesis or project.

GRMN 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

GSU NEW STUDENT ORIENTATION

GSU 0099 VIRTUAL INTERACTIVE PEERS

Credit Hour(s): 0.0

The Virtual Interactive Peer (V.I.P.) course is a non-credit integrated first-year experience. Through academically-based, online interactions with an upperclassman, new students will be supported and engaged via one-on-one connections.

GSU 1010 NEW STUDENT ORIENTATION

Credit Hour(s): 1.0 TO 3.0

New Student Orientation. Three lecture hours a week. Introduction to the academic life of the university; interdisciplinary study of urban Atlanta and the Georgia State community; introduction to the academic demands, learning resources, and rules and procedures of the institution.

GSU 1050 SURVIVAL SKLLS FOR COLLEGE

Credit Hour(s): 3.0

Survival Skills for College. Two class hours and one lab hour per week. Designed to help students improve their academic skills to survive the college experience. Special attention will be given to the academic, social, family, work, career, and personal issues that affect students' success. This class is appropriate for students with less than a 2.0 cumulative Georgia State GPA. (Formerly AcF 1050.)

HA HEALTH ADMINISTRATION

HA 3900 INTRO HEALTH CARE SYSTEM

Credit Hour(s): 3.0

Introduction to the U.S. Health Care System. Prerequisite: none. Requires a 2.5 GSU GPA and 45 semester hours. This course introduces and describes the health care system in the United States. Students learn how the system developed, how health care services in the U.S. are organized and financed, and the key problems facing the health care sector.

HA 3910 HEALTH POLICY IN THE US

Credit Hour(s): 3.0

Health Policy in the United States: An Introduction. Prerequisite: none. Requires a 2.5 GSU GPA and 45 semester hours. This course introduces and describes health policy in the United States. Students learn about health policy at the federal, state, and local levels and how health policy is developed for hospitals, employers, HMOs, and other health services organizations. Key policy issues facing the health care sector are discussed.

HA 3970 HEALTH INFO SYSTEMS

Credit Hour(s): 3.0

Health Information Systems. Prerequisites: None. Requires a 2.5 GSU GPA and 45 semester hours. CSP: None. The course provides a broad overview of the critical role of information systems in the health sector and its strategic importance to health management. While hardware, software, and Internet applications will be discussed, the focus is on the use of information systems throughout the whole health care sector, including health systems, hospitals, medical practices, and businesses. This course is appropriate for students interested in health informatics, computers, business, and health sciences.

HA 4389 DIRECTED READINGS IN HA

Credit Hour(s): 1.0 TO 3.0

Directed Readings in Health Administration. Prerequisite: consent of instructor.

HADM HOSPITALITY ADMINISTRATION

HADM 3010 PERSPEC HOSPITALITY INDUS

Credit Hour(s): 3.0

Perspectives in the Hospitality Industry. Prerequisite: None. CSP: 1, 6. Requires a 2.5 GSU GPA. and 45 semester hours. JST 3500 JEWISH STUDIES INTERNSHIP

Credit Hour(s): 3.0

Jewish Studies Internship. Prerequisite: JSt 3000 with grade of C or higher. Faculty-supervised internship. Placement to be determined in consultation with student. Possibilities include a synagogue, school, museum, theater, anti-defamation organization, civil/human rights organization, charitable fund, nursing home, film or book festival, community center, or periodical.

KH KINESIOLOGY & HEALTH

KH 1010 BEGIN LEISURE LIFE SKILLS

Credit Hour(s): 2.0

Beginning Leisure Life Skills. This course is designed to provide students a beginning level competency in individual or recreational sports and dance. This course is nonacademic and is not used in grade-point average computation even though a grade is assigned for the course. (Repeatable).

KH 2130 INTRO ALLIED FLDS HPE/FITNESS

Credit Hour(s): 3.0

Introduction to the Allied Fields of Health, Physical Education, and Fitness. This course is an introduction to the allied professional fields within health, physical education, and fitness. Topics include the history, social forces, and current trends that shape contemporary health, physical education, and fitness programs in P-12 schools, businesses, community agencies, and exercise/fitness facilities.

KH 2220 ANATOMY IN KINESIOLOGY/HEALTH

Credit Hour(s): 3.0

Anatomy in Kinesiology and Health. The performance (sport, dance, daily living skills) applications and functions of musculoskeletal anatomy in the human being are studied.

KH 2230 PHYSIOLOGY KINESIOLOGY/HEALTH

Credit Hour(s): 3.0

Physiology in Kinesiology and Health. Continuation of KH 2220. This course presents introductory concepts concerning the responses of various physiological systems to acute and

chronic exercise and physical activity. Lecture information includes differences between children, adolescents, and adults.

KH 2360 CHILDHOOD HEALTH & WELLNESS

Credit Hour(s): 3.0

Childhood Health and Wellness. This course introduces theory, practices, and requirements for establishing and maintaining a safe, healthy learning environment. The course provides training in Infant/Child CPR and first aid along with an overview of chronic and acute health issues; emergency procedures; safety issues; transportation guidelines; detecting and reporting child abuse and neglect; and nutritional and feeding needs of children.

KH 3000 PERSONAL HEALTH AND WELLNESS

Credit Hour(s): 3.0

Personal Health and Wellness. Introduces students to contemporary health topics and issues. Students examine health risk and protective factors which influence the individual's achievement of optimal health across the life span. A minimum grade of "C" is required for this course.

KH 3010 PER/ANALYSIS I:MVMNT/RHYT

Credit Hour(s): 3.0

Performance and Analysis Area I: Movement and Rhythmics. Students develop knowledge and skill in designing and implementing movement and rhythmical activities for P-5 curriculums. Emphasis is placed on the ability to analyze and instruct the associated movement skills. A minimum grade of "C" is required for this course.

KH 3020 PER/ANALYSIS 2:TRAIING/FITNESS

Credit Hour(s): 2.0

Performance and Analysis Area II: Training and Fitness. Students develop knowledge and skills in lifetime fitness activities such as aerobics, jogging, walking, weight training, muscle toning, and general conditioning. Emphasis is placed on developing an understanding of the health and fitness benefits provided through participation in these activities. A minimum grade of "C" is required for this course.

KH 3030 PERFORM/ANALYSIS 3:TEAM SPORTS

Credit Hour(s): 3.0

Performance and Analysis Area III: Team Sports. Students develop knowledge and skills in various team sports (e.g., soccer, volleyball, softball, flag football, basketball) offered in P-12 school curriculums. Emphasis is placed on developing performance skills, as well as developing the ability to analyze and teach the associated movement skills. A minimum grade of "C" is required for this course.

KH 3040 PER/ANALYSIS 4:LIFETIME SPORTS

Credit Hour(s): 3.0

Performance and Analysis Area IV: Lifetime Sports. Students develop knowledge and skills in various lifetime individual and dual sports (e.g., tennis, badminton, golf, bowling, archery, racquetball) offered in P-12 school curriculums. Emphasis is placed on producing competent performers, as well as developing the ability to analyze and teach the

associated movement skills. A minimum grade of "C" is required for this course.

KH 3050 PER/ANALYSIS 5:OUTDR ADVENTURE

Credit Hour(s): 2.0

Performance and Analysis Area V: Outdoor and Adventure Activities. Students develop knowledge and skill in outdoor and adventure programming, including applications for school, camp, and community agencies. Several field trips are required. Emphasis is placed on producing competent performers, as well as developing the ability to analyze and teach the skills and application. A minimum grade of "C" is required for this course.

KH 3060 PERF & ANAL IN DISABILITY SPOR

Credit Hour(s): 3.0

Performance and Analysis in Disability Sport. Students will participate first hand in games and activities derived from the field of disability sport. Specifically, students will learn the fundamental skills, rules, and strategies necessary to play, coach, and develop programs for individuals with disabilities in some of the following sports: wheelchair basketball, wheelchair tennis, wheelchair rugby, goalball, and boccia.

KH 3200 INSTRUCTIONAL SKILLS HPE, P-12

Credit Hour(s): 3.0 TO 4.0

Instructional Skills for Health and Physical Education, P-12. Prerequisites: KH 2130 and tort liability. Introduces effective classroom management, teaching skills, and instructional models for health and physical education in grades P-12. Field experiences are included in selected P-12 classrooms. A minimum grade of "C" is required for this course.

KH 3250 TEACH COMP SCHOOL HEALTH EDUC

Credit Hour(s): 3.0

Teaching Comprehensive School Health Education. At the completion of this course, the student is able to integrate six health content areas into five health education teaching models; create a score and sequence determined by results of a student interest survey and based on national and state standards; write age/stage appropriate health lessons which incorporate a rationale statement and the seven components of a health lesson plan; and demonstrate effective classroom management and individual/small group teaching skills assessed by peers/instructor. A grade of "C" or better is required for this course.

KH 3270 PROM SCH HEALTH & SAFETY

Credit Hour(s): 3.0

Promoting School Health and Safety. This course is an elective for HPE majors and undergraduate students throughout the university seeking to meet the elective requirement of their specific major. The online course explores prevention and intervention strategies effective in promoting comprehensive school health and safety of children and youth interacting within schools and communities (with special emphasis on urban environments). The course is based on a model developed by the Division of Adolescent and School Health of the Centers for Disease Control and Prevention. This comprehensive model promotes coordination

of family, school, and community resources for prevention and reduction of child and adolescent health risk behaviors.

KH 3360 DISABILITY,SPORT, PHYS ACTIVITY

Credit Hour(s): 3.0

Disability, Sport, and Physical Activity. Students examine the structure, function, and outcome of the disability sport movement in the United States and internationally, considering its impact on opportunities, current trends, behaviors, and attitudes towards persons with a disability. Students experience opportunities to work directly with athletes with disabilities and learn firsthand how to play selected disability sports. A minimum grade of "C" is required for this course.

KH 3390 ADV FIRST AID & EMERGENCY CARE

Credit Hour(s): 3.0

Advanced First Aid and Emergency Care. Students develop a working knowledge of first aid methods and techniques and accident prevention. A minimum grade of "C" is required for this course. Red Cross certification is contingent upon a grade of "B" or higher and attendance record.

KH 3410 ASSESSMENT IN HPE

Credit Hour(s): 3.0

Assessment in Health and Physical Education. Co-Requisite: Must take concurrently with KH 3420. Traditional and authentic assessment methods currently in use in health, physical education, and adapted physical education settings are studied, including the organization, administration, and interpretation of those assessments. Students also examine various standards and learn how to develop assessments for them. A minimum grade of "C" is required for this course.

KH 3420 CURRICULUM IN HPE

Credit Hour(s): 3.0

Curriculum in Health and Physical Education. Co-Requisite: Must take concurrently with KH 3410. Students examine contemporary curriculum models, theory, and standards for adapted, elementary, and secondary physical education, and for health education. Students learn how to develop a curriculum for a K-12 program.

KH 3500 ATHLETIC TRAINING/CONDITIONING

Credit Hour(s): 4.0

Athletic Training and Conditioning. Prerequisites: cumulative GPA of 2.5 or higher and KH 2220 with a grade of "C" or higher. Students obtain an overview of the physiological, psychological, and biomechanical principles as they apply to sports performance. A minimum grade of "C" is required for this course.

KH 3550 EVAL/INSTRUMENTATION EXER SCI

Credit Hour(s): 3.0

Evaluation and Instrumentation in Exercise Science. Prerequisite: cumulative GPA of 2.5 or higher. Surveys and written and physical tests employed in physical education are studied. Introductory statistics and the development of skills in organizing, administering, and interpreting test scores are also objectives of the course. A minimum grade of "C" is required for this course.

KH 3600 BIOMECHANICS**Credit Hour(s):** 3.0

Biomechanics. Prerequisites: KH 2220 with a grade of "C" or higher and Math 1111 with a grade of "C" or higher. The principles which influence human motion are examined. Emphasis is placed on developing the ability to analyze human motion with the goal of optimizing human movement performance. A minimum grade of "C" is required for this course.

KH 3610 MOTOR LEARNING AND DEVELOPMENT**Credit Hour(s):** 3.0

Motor Learning and Development. Students gain knowledge of motor learning and development principles. Topics include the processes of skilled motor performance and motor skill acquisition, human motor development from childhood through older adulthood, the influence of perceptual, cognitive, physiological, and social development on motor development. Emphasis is on the practical application of concepts to the teaching of motor skills. A minimum grade of "C" is required for this course.

KH 3650 PHYSIOLOGY OF EXERCISE-CTW**Credit Hour(s):** 3.0 TO 4.0

Physiology of Exercise-CTW. Prerequisites: KH 2230 with a grade of "C" or higher or consent of instructor. Focuses on alterations in body systems and organs during physical activity with emphasis on metabolic, cardio respiratory, and body composition parameters. Laboratory experiences employing physiological principles during active participation in exercise are also included. This is a "Critical Thinking Through Writing" (CTW) course. A minimum grade of "C" is required for this course.

KH 3700 SEX ED INCLU OF STU W/DIS-CTW**Credit Hour(s):** 3.0

Sexuality Education Inclusive of Students with Special Needs/Disabilities-CTW. This course has been identified as a "Critical Thinking Through Writing (CTW)" course by the Department of Kinesiology and Health (KH). CTW assignments compose 45% of course assignments and include a structured academic controversy and two reflections. Students participate in class discussion, skill training, and skill applications which incorporate current national and state standards for school-based sexuality education. Particular emphasis is given to reaching special needs students. Class discussions and skill training include interactions with practicing teachers, parents, adolescents, content experts, and representatives of related community organizations. Skill application includes target group surveys; an in-class structured academic controversy, personal reflections, and a cognitive exam. A grade of C or better is required for this course. There are no prerequisites for this course. The course is required for all HPE majors. With permission from the course instructor, students outside of the KH Department and outside of the College of Education can select this course as an elective.

KH 4280 PSYCHOLOGY OF PHYSICAL ACTIVITY**Credit Hour(s):** 3.0

Psychology of Physical Activity. Prerequisite: cumulative GPA of 2.5 or higher. The psychological principles underlying the teaching and performance of sport and physical activity are analyzed. A minimum grade of "C" is required for this course.

KH 4290 CARDIOPULMONARY PHYSIOLOGY**Credit Hour(s):** 3.0

Cardiopulmonary Physiology. Prerequisites: cumulative GPA of 2.5 or higher and KH 3650 or consent of instructor. Students study in detail the anatomy and physiology of the cardiovascular and pulmonary systems. Students also examine possible complications within these systems and related pharmacology. A minimum grade of "C" is required for this course.

KH 4300 NEUROMUSCULAR PHYS/PLASTICITY**Credit Hour(s):** 3.0

Neuromuscular Physiology and Plasticity. Prerequisite: cumulative GPA of 2.5 or higher and KH 3650. This course is a detailed study of the structure and function of the neuromuscular and skeletal systems. In addition, students learn the physiology of movement and fatigue, and neuromuscular adaptations to strength and endurance training, disuse, injury, and aging. Finally, students learn the etiology and functional consequence of numerous neuromuscular diseases, e.g. muscular dystrophy, central core disease, malignant hyperthermia, myasthenia gravis, multiple sclerosis, and amyotrophic lateral sclerosis.

KH 4350 FITNESS PROGRAM MANAGEMENT-CTW**Credit Hour(s):** 3.0

Fitness Program Management-CTW. Prerequisite: cumulative GPA of 2.5 or higher. Discusses principles of fitness and health promotion program operation including cost/benefit and cost/effectiveness, program objectives, content, promotion and implementation, financial and personnel management, and facility planning and design. A minimum grade of "C" is required for this course. This is a "Critical Thinking Through Writing" (CTW) course.

KH 4360 CLINICAL EXERCISE PHYSIOLOGY**Credit Hour(s):** 4.0

Clinical Exercise Physiology. Prerequisite: cumulative GPA of 2.5 or higher and KH 3650. This course is a detailed study of physical activity for the exercise specialist, technologist, or technician who is responsible for the safe administration of graded exercise tests and the development of an exercise prescription for apparently healthy human subjects, patients with controlled disease, and patients with known disease including cardiovascular disease, pulmonary disease, diabetes, obesity, and other chronic illnesses. A minimum grade of "C" is required for this course. this course.

KH 4510 CONT/INSTR MODELS PRE-K/ELE PE**Credit Hour(s):** 3.0

(TE) Contemporary Instructional Models for Pre-K and Elementary Physical Education. Prerequisite: KH 3200. Corequisites: KH 4520, KH 4530, and KH 4540. Acquisition and practice of contemporary instructional models for preschool and elementary physical education are studied.

Includes peer and field-based teaching experiences. A minimum grade of "C" is required for this course.

KH 4520 CONT/INSTR MODELS SECONDARY PE

Credit Hour(s): 3.0

(TE) Contemporary Instructional Models for Secondary Physical Education. Prerequisite: KH 3200. Corequisites: KH 4510, KH 4530, and KH 4540. Acquisition and practice of contemporary instructional models for secondary physical education are discussed. Includes peer and field-based practice teaching experiences. A minimum grade of "C" is required for this course.

KH 4530 CONT/INSTR MODELS HEALTH EDUC

Credit Hour(s): 3.0 TO 4.0

(TE) Contemporary Instructional Models for Health Education. Prerequisite: KH 3200. Corequisites: KH 4510, KH 4520, and KH 4540. Focuses on acquisition and practice of contemporary comprehensive school health education instructional strategies. Includes field-based practice teaching experiences, peer coaching during lesson plan development, and peer critiquing of field-based teaching videos. A minimum grade of "C" is required for this course.

KH 4540 CONTMP/INSTR MODELS ADAPTED PE

Credit Hour(s): 3.0

(TE) Contemporary Instructional Models for Adapted Physical Education. Prerequisite: KH 3200. Corequisites: KH 4510, KH 4520, and KH 4530. Acquisition and practice of contemporary instructional models for adapted physical education are studied. Includes peer and field-based practice teaching experiences. A minimum grade of "C" is required for this course.

KH 4600 ADV BIOMECHANICS FOR EXER SCI

Credit Hour(s): 3.0

Advanced Biomechanics for Exercise Science. Prerequisite: cumulative GPA of 2.5 or higher and KH 3600. The primary goal of this course is to integrate advanced concepts and relevant scientific information to provide for understanding of biomechanics as it relates to exercise, physical training, and rehabilitation. Within the framework of exercise science, this course provides the student with knowledge that will allow for the assessment of human motion for the purposes of identifying critical factors of performance and injury including persons with a disability.

KH 4630 FITNESS ASSESS & EXER PRESCRIPT

Credit Hour(s): 4.0

Fitness Assessment and Exercise Prescription. Prerequisite: cumulative GPA of 2.5 or higher and KH 3650. Students study the process and procedures of physical fitness evaluation and prescription. Emphasis is placed on the design of individual and group exercise programs. A minimum grade of "C" is required for this course.

KH 4650 OPENING SCHOOL EXPERIENCE

Credit Hour(s): 0.0

(TE) Opening School Experience. Prerequisite: current tort liability protection and permission of instructor. Student teachers complete a 10-day internship in one of the placement schools during the clinical teacher's pre-planning and first week of instruction. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this experience.

KH 4710 STUDENT TCHNG HEALTH & PE, P-5

Credit Hour(s): 6.0

(TE) Student Teaching in Health and Physical Education, P-5. Prerequisites: completion of all course work, first aid/CPR proficiency, current proof of tort liability protection, and consent of instructor. Students observe, assist in, and instruct public school P-5 classes in health and physical education under the direct supervision of a clinical teacher. Includes seminars scheduled by the instructor. A minimum grade of "C" is required for this course.

KH 4720 STUDENT TCHNG HEALTH & PE, 6-12

Credit Hour(s): 6.0

(TE) Student Teaching in Health and Physical Education, 6-12. Prerequisites: completion of all course work, first aid/CPR proficiency, current proof of tort liability protection, and consent of instructor. Students observe, assist in, and instruct public school 6-12 classes in health and physical education under the direct supervision of a clinical teacher. Includes seminars scheduled by the instructor. A minimum grade of "C" is required for this course.

KH 4750 PRACTICUM EXERCISE SCIENCE

Credit Hour(s): 1.0

Practicum in Exercise Science. Prerequisites: completion of all course work and permission of instructor. Students must pass a standardized exit exam to complete this requirement. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required.

KH 4760 INTERNSHIP EXERCISE SCIENCE

Credit Hour(s): 5.0

Internship in Exercise Science. Prerequisites: completion of all course work and permission of instructor. Students receive practical experiences in planning, organizing, assessing, and implementing exercise science programs in various settings. Internship may extend beyond one term. This would require that students complete 375 hours of internship activities. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this course.

KH 4800 RESEARCH FELLOWSHIP IN EXS

Credit Hour(s): 1.0 TO 5.0

Research Fellowship in Exercise Science. Prerequisites: completion of all course work and permission of instructor. Students receive training in research methods applicable to a research plan, analyze data and create written and oral presentations of the results. At the end of the course, students may take part in a formal research symposium. This would require that students complete 375 hours of research activities. Students are required to successfully complete a minimum of 5 credit hours that may extend beyond one semester. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this course. (Repeatable)

KH 4810 DIRECTED READINGS & RESRCH KH**Credit Hour(s):** 1.0 TO 3.0

Directed Readings and Research in Kinesiology and Health. Prerequisite: permission of instructor. Focuses on individual reading on special topics in health, physical education, recreation, or exercise science. Research may go beyond one term. Directed reading is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this course. (Repeatable).

KORE KOREAN**KORE 1001 ELEMENTARY KOREAN I****Credit Hour(s):** 3.0

Elementary Korean I. Development of basic communication skills in modern spoken Korean. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Korean.

KORE 1002 ELEMENTARY KOREAN II**Credit Hour(s):** 3.0

Elementary Korean II. Prerequisite: Kore 1001 with grade of C or higher, or equivalent. Development of basic communication skills in modern spoken Korean. Introduction to the system of writing, the reading of simple texts, and basic grammatical structures. Not open to native speakers of Korean.

KORE 2001 INTERMEDIATE KOREAN I**Credit Hour(s):** 3.0

Intermediate Korean I. Prerequisite: Kore 1002 with grade of C or higher, or equivalent. Continuing development of communicative skills in Korean. Further work with the writing system; reading of simple texts; and intermediate grammatical structures.

KORE 2002 INTERMEDIATE KOREAN II**Credit Hour(s):** 3.0

Intermediate Korean II. Prerequisite: Kore 2001 with grade of C or higher, or equivalent. Continuing development of communicative skills in Korean. Further work with the writing system; reading of simple texts; and intermediate grammatical structures.

LGLS LEGAL STUDIES**LGLS 3020 INTRODUCTION TO THE LAW****Credit Hour(s):** 3.0

Introduction to the Law. Prerequisite: none. CSP: 1, 6. Requires a 2.5 GSU GPA and 45 semester hours. This course is an introduction to the law, a multifaceted and broad discipline which affects and is affected by every aspect of our society. The course provides an overview of the legal system, sources of law, and legal analytical models. In addition, the course covers specific applications of law from the environment to business to personal relationships. Legal case analysis and legal research are components of the class.

LGLS 4030 THE LEGAL PROCESS**Credit Hour(s):** 3.0

The Legal Process. Prerequisites: Busa 2106 or Lgls 3020 or consent of instructor. Requires a 2.5 GSU GPA and 75

semester hours. CPS: 1,6. Students will study the legal process and the primary actors in that process: lawyers, judges, and clients. The course will utilize a variety of resources and learning techniques, including popular fiction and non-fiction books and movies as well as guest speakers and extensive class discussion. The course will be on particular benefit to current and future businesspeople who want to be better able to manage their businesses' inevitable encounters with the law and lawyers. This benefit will flow from students gaining a better understanding of the legal process, the role of the primary actors in the process, how they think and act, and why.

LGLS 4050 LEGAL TRANSACTIONS**Credit Hour(s):** 3.0

Legal Transactions and Risk: Prerequisite: none. CSP: 1, 6. Requires a 2.5 GSU GPA and 45 semester hours. This course examines legal transactions in the corporate environment (from the formation of contracts and sales agreements to the use of commercial paper, secured transactions, bankruptcy, and insurance) to create legal certainty, strategically manage corporate risk, and comply with the increased internal controls imposed by the Sarbanes-Oxley Act of 2002.

LGLS 4060 INTERNET LAW**Credit Hour(s):** 3.0

Internet Law. Prerequisites: Busa 2106 or Lgls 3020 (not both), or consent of instructor. Requires a 2.5 GSU GPA and 60 semester hours. CSP: 1, 6,7. This course examines how the U.S. legal system is evolving to accommodate the Internet's impact on business practices, society and values. The course covers a wide range of Internet-related legal issues including technology and the law, court jurisdiction over Internet-related business activities, intellectual property, e-commerce, taxation of Internet sales, privacy in cyberspace, on-line defamation, information security, cyber-crimes, and government regulation of Internet services. Emphasis is placed on developing legal doctrines and their application to Internet-based business activities.

LGLS 4389 DIR READ IN LEGAL STUDIES**Credit Hour(s):** 1.0 TO 3.0

Directed Readings in Legal Studies. Prerequisite: BusA 2106, consent of instructor.

LGLS 4490 REAL ESTATE LAW**Credit Hour(s):** 3.0

Real Estate Law. Prerequisite: none. Requires a 2.5 GSU GPA and 45 semester hours. This course is designed to provide the business student with a background in the nature, sources, and basic principles of modern real estate law. Topics include real property law, sales transaction contracts, general agency law, deeds and titles, methods of transferring title to real estate, mortgages, liens, land use control, landlord/tenant relationships, and legal analysis through traditional and electronic databases.

MATH MATHEMATICS**MATH 0098 ELEMENTARY ALGEBRA****Credit Hour(s):** 4.0

Elementary Algebra. (Formerly LSP 0098.) Topics include review of real numbers (order of operations, fractions,

decimals, percents, and integers), solving and graphing linear equations and inequalities, operations with polynomials. An introduction to solving systems of linear equations and inequalities, factoring, and operations with rationales. Applications will be emphasized.

MATH 0099 INTERMEDIATE ALGEBRA

Credit Hour(s): 4.0

Intermediate Algebra. (Formerly LSP 0099.) A transition from elementary algebra to college algebra. Topics include operations with radicals, graphing of linear and nonlinear functions, algebra of linear and nonlinear functions, systems of linear equations and inequalities, review of factoring and quadratic functions. Applications will be emphasized.

MATH 1070 ELEMENTARY STATISTICS

Credit Hour(s): 3.0

Elementary Statistics. Prerequisite: High School Algebra II or equivalent. Descriptive statistics, basic probability, and distribution of random variables, estimation and hypothesis tests for means and proportions, regression and correlation, analysis of count data.

MATH 1090 HONORS STATISTICS

Credit Hour(s): 3.0

Honors Statistics. Prerequisite: consent of Honors Program director. Nondeterministic conceptualizations of phenomena as a foundation for inference. Descriptive and inferential methods of statistics, including synopses of real experiments, means, variances, regression and correlation, probability, sampling, hypotheses testing.

MATH 1101 INTRO TO MATHEMATICAL MODELING

Credit Hour(s): 3.0

Introduction to Mathematical Modeling. Prerequisite: High School Algebra II or equivalent. Three lecture hours a week. Mathematical modeling using graphical, numerical, symbolic, and verbal techniques to describe and explore real-world data and phenomena. Emphasis is on the use of elementary functions to investigate and analyze applied problems and questions, on the use of appropriate supporting technology, and on the effective communication of quantitative concepts and results.

MATH 1111 COLLEGE ALGEBRA

Credit Hour(s): 3.0

College Algebra. Prerequisite: Math 0099 with grade of C or higher or a suitable score on the math placement test. Graphs; equations and inequalities; complex numbers; functions; polynomial, rational, exponential, and logarithmic functions; and linear systems.

MATH 1113 PRECALCULUS

Credit Hour(s): 3.0

Precalculus. Prerequisite: Math 1111 with grade of C or higher or a suitable score on the math placement test, or departmental approval. Trigonometric functions, identities, inverses, and equations; vectors; polar coordinates; conic sections.

MATH 1220 SURVEY OF CALCULUS

Credit Hour(s): 3.0

Survey of Calculus. Prerequisite: Math 1111 with grade of C or higher. Differential and integral calculus of selected real-valued functions of one and several real variables with applications.

MATH 2008 FOUND NUMBERS & OPERATIONS

Credit Hour(s): 3.0

Foundations of Numbers and Operations. Prerequisite: Math 1001, Math 1101, Math 1111, or Math 1113 with grade of C or higher. This course is an Area F introductory mathematics course for early childhood education majors. This course will emphasize the understanding and use of the major concepts of number and operations. As a general theme, strategies of problem solving will be used and discussed in the context of various topics.

MATH 2211 CALCULUS OF ONE VARIABLE I

Credit Hour(s): 4.0

Calculus of One Variable I. Prerequisite: Math 1113 with grade of C or higher or a suitable score on the math placement test. Limits and Continuity, Differentiation, Mean Value Theorem for Derivatives; applications of differentiation; definition of the integral; Fundamental Theorem of Calculus; applications of integration to area.

MATH 2212 CALCULUS OF ONE VARIABLE II

Credit Hour(s): 4.0

Calculus of One Variable II. Prerequisite: Math 2211 with grade of C or higher. Applications and techniques of integration; transcendental and trigonometric functions; polar coordinates; infinite sequences and series; indeterminate forms; improper integrals.

MATH 2215 MULTIVARIATE CALCULUS

Credit Hour(s): 4.0

Multivariate Calculus. Prerequisite: Math 2212 with grade of C or higher. Real-valued functions of several variables, limits, continuity, differentials, directional derivatives, partial derivatives, chain rule, multiple integrals, applications.

MATH 2420 DISCRETE MATHEMATICS

Credit Hour(s): 3.0

Discrete Mathematics. Prerequisite: Math 1113 or 1220 with grade of C or higher. Introduction to discrete structures which are applicable to computer science. Topics include number bases, logic, sets, Boolean algebra, and elementary concepts of graph theory.

MATH 3000 BRIDGE TO HIGHER MATH-CTW

Credit Hour(s): 3.0

Bridge to Higher Mathematics-CTW. Prerequisites: Math 2212 and Math 2420 with grades of C or higher. Topics from set theory, real numbers, analysis, and algebra, which illustrate a formal approach to the presentation and development of mathematical concepts and proofs. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all mathematics majors.

MATH 3030 MATH MODELS FOR COMPUTER SCI

Credit Hour(s): 3.0

Mathematical Models for Computer Science. Prerequisites: Math 2212 and Math 2420 or CSc 2510 with grades of C or higher. Elements of mathematical modeling including: multivariate functions, probability, distributions of random variables, sampling, statistical inference, operators, vector analysis; elements of linear algebra.

MATH 3050 GEOMETRY AND SPATIAL SENSE

Credit Hour(s): 3.0

Geometry and Spatial Sense. Prerequisite: Math 2030 or Math 2008 with grade of C or higher. Building on Euclidean geometry this course is designed to develop a more visual understanding of geometry and enhance geometric intuition in two- and three-dimensions. Topics include measurement, two-dimensional geometry, three-dimensional geometry, spherical geometry, symmetry, tessellations, efficient shapes, transformations.

MATH 3070 INTRO: PROBABILITY & STATISTICS

Credit Hour(s): 3.0

Introduction to Probability and Statistics. Prerequisite: Math 2030 or Math 2008 with grade of C or higher, or consent of instructor. Three lecture hours a week. This course will not be accepted as a part of the requirements for a major in mathematics. This course is intended to provide an overview of the basics of probability and descriptive statistics. Various forms of technology will be used.

MATH 3090 ALGEBRAIC CONCEPTS

Credit Hour(s): 3.0

Algebraic Concepts. Prerequisite: Math 2030 or Math 2008 with grade of C or higher. This course will not be accepted as a part of the requirements for a major in mathematics. This course is designed to broaden understanding of fundamental concepts of algebra with particular attention given to specific methods and materials of instruction. The principle algebra topics to be taught in this course are: the Language of Algebra; Patterns, Relations, and Functions; and Balance, Equations, and Inequalities.

MATH 3260 DIFFERENTIAL EQUATIONS

Credit Hour(s): 3.0

Differential Equations. Prerequisite: Math 2215 with grade of C or higher. First-order equations, linear differential equations with special emphasis on constant coefficient and Euler equations, systems of equations, applications.

MATH 3300 PROBLEM SOLVING WITH COMPUTERS

Credit Hour(s): 3.0

Problem Solving with Computers. Prerequisite: Math 3000 with grade of C or higher. Three lectures a week. This course explores various mathematical contexts and develops mathematical knowledge necessary to solve, or attempt to solve, mathematical problems in the computer enhanced environment. The problems come from many sources and contexts. Computer programs such as Maple, Matlab, spreadsheets, Geometer's Sketch Pad, Study Works, etc. will be used. No previous experience with computers is required.

MATH 3420 APPLIED COMBINATORICS

Credit Hour(s): 3.0

Applied Combinatorics. Prerequisite: Math 2212 or Math 2420 with grade of C or higher. Counting principles; topics include combinations, permutations, generating functions, recurrence relations, principle of inclusion and exclusion, and Polya's theory of counting.

MATH 3435 INTRODUCTORY LINEAR ALGEBRA

Credit Hour(s): 3.0

Introductory Linear Algebra. Prerequisites: Math 2215 and 3000 with grades of C or higher. Theory and applications of matrix algebra and linear transformations. Topics include linear equations, vector spaces, matrices, subspaces, and bases.

MATH 3610 SPECIAL PROB AND SOLVING STRAT

Credit Hour(s): 3.0

Special Problems and Solving Strategies. Prerequisite: Math 2212 with grade of B or higher, or consent of instructor. The course will concentrate on developing solving strategies of difficult mathematical problems which require creativity and profound understanding of mathematics. Among topics to be covered: induction and pigeonhole principle, arithmetic, algebra, summation of series, intermediate real analysis, inequalities.

MATH 3690 HONORS READINGS

Credit Hour(s): 1.0 TO 3.0

Honors Readings. Prerequisite: consent of Honors Program director. Discussion and readings on selected topics.

MATH 3820 HIST/CULT DEVELOPMNT OF MATH I

Credit Hour(s): 3.0

Historical and Cultural Development of Mathematics I. Prerequisite: Math 1101 or 1111 with grade of C or higher. Three lecture hours a week. Exploration of the historical and cultural development of mathematics between ~3000 B.C. and ~A.D. 1600. Mathematics topics to include the development of arithmetic, geometry (practical, deductive, and axiomatic), number theory, trigonometry, syncopated and symbolic algebra, probability, and statistics.

MATH 3821 HIST/CULT DEVLPMNT OF MATH II

Credit Hour(s): 3.0

Historical and Cultural Development of Mathematics II. Prerequisite: Math 3000 with grade of C or higher. Three lecture hours a week. Exploration of the historical and cultural development of mathematics from ~A.D. 1600 to present. Mathematics topics to include the development of algebraic geometry, logarithms, calculus, non-Euclidean geometry, abstract algebra, probability, and analysis.

MATH 4010 MATHEMATICAL BIOLOGY

Credit Hour(s): 3.0

Mathematical Biology. Prerequisite: Math 2212 or Math 1220 with grade of C or higher. (Same as Biol 4010.) This course provides an introduction to the use of continuous and discrete

differential equations in the biological sciences. Biological topics will include single species and interacting population dynamics, modeling infectious and dynamic diseases, regulation of cell function, molecular interactions and receptor-ligand binding, biological oscillators, and an introduction to biological pattern formation. There will also be discussions of current topics of interest such as Tumor Growth and Angiogenesis, HIV and AIDS, and Control of the Mitotic Clock. Mathematical tools such as phase portraits, bifurcation diagrams, perturbation theory, and parameter estimation techniques that are necessary to analyze and interpret biological models will also be covered.

MATH 4211 OPTIMIZATION

Credit Hour(s): 3.0

Optimization. Prerequisite: Math 2215 with grade of C or higher. Lagrange multipliers, gradient methods (steepest descent), search techniques, variational methods and control problems; other varying topics such as dynamic programming, nonlinear programming.

MATH 4250 COMPLEX ANALYSIS

Credit Hour(s): 3.0

Complex Analysis. Prerequisite: Math 3000 with grade of C or higher. Complex numbers, analytic functions, complex series, Cauchy theory, residue calculus, conformal mapping.

MATH 4253 INTRO TO OPERATIONS RESEARCH

Credit Hour(s): 3.0

Introduction to Operations Research. Prerequisite: Math 3435 or 3030 with grade of C or higher. Linear programming, the simplex method, network theory, game theory, Markov analysis, and other topics such as inventory analysis, queuing theory, integer programming.

MATH 4258 VECTOR CALCULUS

Credit Hour(s): 3.0

Vector Calculus. Prerequisite: Math 2215 with grade of C or higher. (Same as Phys 4510.) Vector algebra, curvilinear motion, vector fields, gradient, divergence, Laplacian, line and surface integrals, integral theorems.

MATH 4265 PARTIAL DIFFERENTIAL EQUATIONS

Credit Hour(s): 3.0

Partial Differential Equations. Prerequisite: Math 3260 with grade of C or higher. (Same as Phys 4520.) First-order equations, classification of linear second-order equations, separation of variables, Fourier series, orthogonal functions, Green's functions.

MATH 4275 APPLIED DYNAMICAL SYSTEMS

Credit Hour(s): 3.0

Applied Dynamical Systems. Prerequisites: Math 3260, and Math 3435 or 3030 with grades of C or higher. Three lecture hours per week. An introduction to discrete and continuous dynamical systems. Topics include: phase space; linear and nonlinear systems; structural stability; classification of equilibrium states, invariant manifolds; Poincaré maps, fixed points and period orbits; stability boundaries; local bifurcations; homoclinic orbits; routes to chaos in dissipative

systems; applications from physics, biology, population dynamics, economics.

MATH 4301 COLLEGE GEOMETRY

Credit Hour(s): 3.0

College Geometry. Prerequisite: Math 3000 with grade of C or higher. Axioms of planar Euclidean Geometry. The 5th postulate. Congruence and Similarity. Theorem of Thales. Similar Triangles: SAS, AA, and SSS. Theorem of Ceva. The Pythagorean Theorem. Polygons. Circles, secants and tangents, measurement of an angle with respect to a circle. Perimeters, areas, circumference. Inscribed and circumscribed polygons. Coordinate Geometry in the plane. Mirror symmetries, rotations, translations and dilations. Isometries and the fundamental theorem of Euclidean Geometry. Transformations in the plane and tessellations.

MATH 4371 MODERN GEOMETRY

Credit Hour(s): 3.0

Modern Geometry. Prerequisite: Math 3000 with grade of C or higher. Euclidean and non-Euclidean geometry, including incidence, order, and the parallel postulate.

MATH 4381 GENERAL TOPOLOGY

Credit Hour(s): 3.0

General Topology. Prerequisite: Math 4441 or Math 4661 with grade of C or higher. This course is an introduction to the fundamental concepts of point-set topology. Topics to be covered: review of aspects of set theory and logic; topological spaces and continuous functions (basis for a topology, product topology, basis for a topology, order topology, subspace topology, metric topology, quotient topology, homeomorphisms), connectedness and compactness in topological spaces, separation axioms, the fundamental group (homotopy of paths, covering spaces, the fundamental group of the circle, retractions and fixed points).

MATH 4391 INTO TO DIFFERENTIAL GEOMETRY

Credit Hour(s): 3.0

Introduction to Differential Geometry and Its Applications. Prerequisite: Math 2215 with grade of C or higher. (Same as Phys 4391.) Three lecture hours a week. The theory of curves and surfaces in parametric and implicit form. Curvature and torsion of a curve; the shape operator and the total and mean curvature of a surface. The Gauss-Weingarten equations; the Egregium Theorem; surfaces of constant curvature and non-Euclidean geometry. Minimal surfaces; the Gauss Bonnet Theorem; submanifolds in Euclidean spaces, vector fields, differential forms, and the theorems of Frobenius and Stokes. Applications to physics.

MATH 4420 GRAPH THEORY

Credit Hour(s): 3.0

Graph Theory. Prerequisite: Math 3000 with grade of C or higher. Introduction to graph theory; topics include structure of graphs, trees, connectivity, Eulerian and Hamiltonian graphs, planar graphs, graph colorings, matchings, independence, and domination. Additional topics may include symmetry of graphs, directed graphs, extremal graph theory and Ramsey theory, graph embeddings, and probabilistic methods in graph theory.

MATH 4435 LINEAR ALGEBRA**Credit Hour(s):** 3.0

Linear Algebra. Prerequisite: Math 3435 with grade of C or higher. Theory and applications of matrix algebra, vector spaces, and linear transformations; topics include characteristic values, the spectral theorem, and orthogonality.

MATH 4441 MODERN ALGEBRA I**Credit Hour(s):** 3.0

Modern Algebra I. Prerequisite: Math 3435 with grade of C or higher. Axiomatic approach to algebraic structures, groups, permutations, homomorphisms, and factor groups.

MATH 4442 MODERN ALGEBRA II**Credit Hour(s):** 3.0

Modern Algebra II. Prerequisite: Math 4441 with grade of C or higher. Rings, integral domains, and fields; polynomials over a field, matrices over a field, algebraic numbers and ideals.

MATH 4444 POLYNOMIALS**Credit Hour(s):** 3.0

Polynomials. Prerequisite: Math 3000 with grade of C or higher. Three lecture hours a week. The topic of polynomials is one of the oldest in mathematics and has applicability to almost every area of mathematics. The course will use algebra and analysis to study polynomials. Among topics to be covered: roots of polynomials (inequalities, relationship between the root of a polynomial and its derivative), resultants, discriminant, irreducible polynomials, special classes of polynomials (symmetric, cyclotomic, Chebysev).

MATH 4450 THEORY OF NUMBERS**Credit Hour(s):** 3.0

Theory of Numbers. Prerequisite: Math 3000 with grade of C or higher. Properties of integers, divisibility, congruence of problems.

MATH 4455 ERROR CORRECTION CODES**Credit Hour(s):** 3.0

Error Correcting Codes. Prerequisite: Math 3030 or Math 3435 with grade of C or higher. Three lectures a week. This course provides an elementary, yet rigorous introduction to the theory of error correcting codes. Topics include survey of groups, finite fields and polynomials, linear algebra, Huffman codes, data compression and entropy, linear codes, Reed-Muller codes, cyclic codes, BCH codes, and fast decoding BCH codes.

MATH 4460 CRYPTOGRAPHY**Credit Hour(s):** 3.0

Cryptography. Prerequisite: Math 3030 or Math 3435 with grade of C or higher and the ability to program high-level language. Three lectures a week. This course covers the mathematical background of computational and algorithmic methods for cryptography. This includes information theory, computational complexity and number theory. Methods covered include public key cryptosystems and secure methods for authentication and digital signatures.

MATH 4544 BIOSTATISTICS**Credit Hour(s):** 3.0

Biostatistics. Prerequisites: Math 2211 and Biol 1104K or Biol 1108K or Biol 2108K with grades of C or higher. (Same as Biol 4744.) Degree credit will not be given for both Math 4544 and 4547. Principles and methods of statistics as applied to biology and medicine.

MATH 4547 INTRO TO STATISTICAL METHODS**Credit Hour(s):** 3.0

Introduction to Statistical Methods. Prerequisite: grade of C or higher in a course in calculus. Degree credit will not be given for both Math 4544 and 4547. Data analysis, sampling, and probability; standard methods of statistical inference, including t-tests, chi-square tests, and nonparametric methods. Applications include use of a statistical computer package.

MATH 4548 METH OF REGRESSION/ANAL OF VAR**Credit Hour(s):** 3.0

Methods of Regression and Analysis of Variance. Prerequisites: grade of C or higher in a course in calculus, and a course covering methods of statistical inference. Simple and multiple regression, model selection procedures, analysis of variance, simultaneous inference, design and analysis of experiments. Applications include use of a statistical computer package.

MATH 4610 NUMERICAL ANALYSIS I**Credit Hour(s):** 3.0

Numerical Analysis I. Prerequisites: Math 2215 with grade of C or higher and the ability to program in a high-level language. (Same as CSc 4610.) Nature of error; iteration; techniques for nonlinear systems; zeros of functions; interpolation; numerical differentiation; Newton-Cotes formulae for definite integrals; computer implementation of algorithms.

MATH 4620 NUMERICAL ANALYSIS II**Credit Hour(s):** 3.0

Numerical Analysis II. Prerequisites: Math 3030 or 3045 with grade of C or higher, and the ability to program in a high-level language. (Same as CSc 4620.) Gaussian Elimination for linear systems; least squares; Taylor, predictor-corrector and Runge-Kutta methods for solving ordinary differential equations; boundary value problems; partial differential equations.

MATH 4650 INVERSE AND ILL-POSED PROBLEMS**Credit Hour(s):** 3.0

Inverse and Ill-Posed Problems. Prerequisites: Math 3030 or 3435, and Math/CSc 4610 or Math/CSc 4620 with grades of C or higher. Three lecture hours a week. Ill-posed problems that arise in astrophysics, geophysics, spectroscopy, computerized tomography, and other areas of science and engineering are considered in this course. Topics to be covered: a general regularization theory; variational regularization and the discrepancy principle; iterative regularization; convergence analysis and stopping rules; numerical aspects.

MATH 4661 ANALYSIS I**Credit Hour(s):** 3.0

Analysis I. Prerequisite: Math 3435 with grade of C or higher. Corequisite: Math 4435. The real number system, basic topology of metric spaces, sequences and series, limits and continuity.

MATH 4662 ANALYSIS II

Credit Hour(s): 3.0

Analysis II. Prerequisite: Math 4661 with grade of C or higher. Differentiation of real functions, Riemann integrals, sequences and series of functions, differentiation and integration of functions of several variables.

MATH 4671 TRANSFORMS IN APPLIED MATH

Credit Hour(s): 3.0

Transforms in Applied Mathematics. Prerequisite: Math 3030 or Math 3435 with grade of C or higher. The Laplace transform, discrete and continuous Fourier Transforms, z-transforms, discrete filters, and wavelets.

MATH 4751 MATHEMATICAL STATISTICS I

Credit Hour(s): 3.0

Mathematical Statistics I. Prerequisite: Math 2215 with grade of C or higher. Probability, random variables and their distributions, mathematical expectation, moment generating functions, sampling distributions.

MATH 4752 MATHEMATICAL STATISTICS II

Credit Hour(s): 3.0

Mathematical Statistics II. Prerequisite: Math 4751 with grade of C or higher. Theory of estimation and hypothesis testing, applications of statistical inference, introduction to regression and correlation.

MATH 4767 STATISTICAL COMPUTING

Credit Hour(s): 3.0

Statistical Computing. Prerequisites: Math 4752 or 4548, and Math 3435 with grades of C or higher and the ability to program in a high-level language. Computational implementation of statistical methods such as descriptive statistics, one and two sample tests, regression, correlation, ANOVA methods of estimation, and Monte Carlo techniques. Standard statistical packages will be used as well as user-written programs.

MATH 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 3.0

Honors Thesis: Research. Prerequisites: consent of the instructor and Honors Program director. Readings or research preparatory to Honors thesis or project.

MATH 4880 HONORS THESIS: WRITING

Credit Hour(s): 3.0

Honors Thesis: Writing. Prerequisites: Math 4870, consent of the instructor and Honors Program director. Writing or production of Honors thesis or project.

MATH 4982 UNDERGRAD RESEARCH IN MATH

Credit Hour(s): 3.0

Undergraduate Research in Mathematics. Prerequisites: at least 12 upper-division hours in mathematics with grades of C

or higher. Authorization required. Independent investigation of topics of common interest to student and instructor.

MATH 4991 SENIOR SEMINAR-CTW

Credit Hour(s): 3.0

Senior Seminar-CTW. Prerequisite: Math 4435 with grade of C or higher. This course introduces students to independent research in mathematics and related areas. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all mathematics majors.

MATH 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

MATH 4998 SELECTED TOPICS

Credit Hour(s): 1.0 TO 3.0

Selected Topics. Prerequisite: consent of instructor. No more than six credit hours may be applied toward the major. May be repeated if topics are different.

MES MIDDLE EAST STUDIES

MES 2100 INTRO TO MIDDLE EAST STUDIES

Credit Hour(s): 3.0

Introduction to Middle East Studies. Provides an overview of the scholarly study of the region, including basic concepts, historical development and current debates.

MES 3110 THE ANCIENT MEDITERRANEAN

Credit Hour(s): 4.0

The Ancient Mediterranean. (Same as Hist 3500.) Political, cultural, religious, economic, and social developments of the Ancient Near East, Greece and Rome and their influence on Western Civilization.

MES 3400 INTRODUCTION TO JUDAISM

Credit Hour(s): 3.0

Introduction to Judaism. (Same as RelS 3400.) Central practices and beliefs of Jewish tradition; historical development of Judaism from its origins to the reestablishment of the state of Israel, with thematic attention given to the concept of Jewish identity. Texts include primary sources (e.g. Hebrew Bible, Mishnah) in translation, as well as noted Jewish fiction.

MES 3500 INTRODUCTION TO ISLAM

Credit Hour(s): 3.0

Introduction to Islam. (Same as RelS 3500.) Central practices and beliefs of Islam; readings from the Qur'an, hadith and other primary sources (in translation); and contemporary issues in Islam which might include the status of women, Nation of Islam and Islamic fundamentalism and revivalism.

MES 3520 SUFISM & ISLAMIC MYSTICISM

Credit Hour(s): 3.0

Sufism & Islamic Mysticism. (Same as RelS 3520.) The rise of ascetic and mystical tendencies in Islam; the development of Sufism and the Sufi brotherhoods; the conflict between Sufism and Islamic law, and their eventual reconciliation; anti-

Sufi polemics of reformers and fundamentalists in modern times; the continuing importance and vitality of Sufism today.

MES 3710 INTRODUCTION TO JEWISH STUDIES

Credit Hour(s): 3.0

Introduction to Jewish Studies. (Same as JSt 3000.) A survey of the Jewish experiences since Biblical times, with special attention to the modern period (c. 1680-1945) and contemporary period (1945-present). Students synthesize material drawn from numerous disciplines, including film, history, literature, philosophy and religious studies. The course is facilitated by a lead teacher, with regular guest lectures by faculty and experts from different fields. Topics vary with faculty.

MES 4110 THE MIDDLE EAST, 600 TO 1800

Credit Hour(s): 4.0

The Middle East, 600 to 1800. (Same as Hist 3780.) Political, cultural, social and economic development in the lands from Spain to Central Asia since the rise of Islam.

MES 4120 THE MIDDLE EAST SINCE 1800

Credit Hour(s): 4.0

The Middle East since 1800. (Same as Hist 3790.) Political, cultural, social and economic development from Morocco to Iran, including imperialism, nationalism, independence and religious revival.

MES 4130 WORLDS OF EASTERN CHRISTIANITY

Credit Hour(s): 4.0

Worlds of Eastern Christianity (to 1300). (Same as Hist 4525.) Transformation of the Jesus Movement from a Jewish sect into a separate Christian religion within the Near East, Africa, and entire Mediterranean world; contested views of spiritual authority; development of a network of bishops; idea of orthodoxy and heresy; gradual division of Eastern Christianity and Catholicism; the central role of the multi-cultural Byzantine Commonwealth implications of royal conversions and "church-state" relations; unity and disunity within Eastern Christianity; encounters with Islam; and proliferation of national churches, including those of the Greeks, Syrians, Armenians, Georgians, Copts, Ethiopians, and Slavic peoples.

MES 4140 ANCIENT NEAR EASTERN SOCIETIES

Credit Hour(s): 4.0

Origins and Collapse Ancient Near East Societies. (Same as Hist 4510.) History of Egypt, Mesopotamia, Iran, the Levant, Anatolia and Central Asia from 3500 BCE to 323 BCE. Areas of exploration will include the origins of the state; the development of Egyptian and Mesopotamian kingship; the collapses of the Early and late Bronze Age; human environment interactions; nomads and settled societies; Mesopotamian literature; women's legal status; the Hittite Empire; daily life in an Egyptian village; the invention of the alphabet; Assyrian imperial terrorism; the rise of monotheism; the Persian empire.

MES 4150 ANCIENT PERSIA, GREECE, & ROME

Credit Hour(s): 4.0

Ancient Persia, Greece, and Rome. (Same as Hist 4520.) History of Persia, Greece, and Rome from 1800 BCE to 500 CE. Areas of exploration will include Bronze Age Greece in Near Eastern context; the 12th century BCE "Catastrophe"; Archaic Greek religion; the polis; Greek drinking parties and politics; the Persian conquest; the rise of Zoroastrianism; Hellenic syncretism; Parthia and Rome as the heirs of Hellenism; the metropolitan Roman empire; disease and demography in Late Antiquity; and the rise of Christianity.

MES 4160 MIDDLE EAST AND THE AMERICAS

Credit Hour(s): 4.0

The Middle East and the Americas. Relationship between the Middle East and the Americas. Explores the use of literature and mass media as well as the impact of the Cold War on present US/Middle East relations. Explores also questions of race, migration to the Americas and political Islam.

MES 4170 PALESTINE & MODERN MIDDLE EAST

Credit Hour(s): 4.0

Palestine and Modern Middle East. Social, economic, cultural and political history of Palestine and its relation to the larger Middle East. Starting from the expansion of European power in the nineteenth century at the expense of the Ottoman Empire, the course charts the developments in Palestine during the modern era. Explores history through the prism of violence, state formation, identity politics, nationalism and migration and its larger impact on the Middle East.

MES 4210 POL MIDDLE EAST/NORTH AFRICA

Credit Hour(s): 3.0

Politics of the Middle East and North Africa. (Same as PolS 4260.) Politics and culture of the region. Contemporary issues including: the region's relations with the West, regional conflict, and increasing role of religious movements in politics.

MES 4220 POL & RELIGN IN COMPAR PERSPECT

Credit Hour(s): 3.0

Politics and Religion in Comparative Perspective. Prerequisite (recommended): PolS 3200 or PolS 3400. (Same as PolS 4285.) Role of religious beliefs and institutions on political behavior.

MES 4230 MODEL ARAB LEAGUE

Credit Hour(s): 3.0

Model Arab League. Prerequisite: consent of instructor. (Same as PolS 4952.) An exercise in modeling the process and politics of the Arab League. May be repeated for credit.

MES 4258 GOVT & POLITICS OF SOUTH ASIA

Credit Hour(s): 3.0

Government and Politics of South Asia. (Same as PolS 4258.) Examines the societies and politics of South Asia, with specific reference to India and Pakistan since independence from Britain in 1947.

MES 4310 GEOG MIDDLE EAST/NORTH AFRICA

Credit Hour(s): 4.0

Geography of the Middle East and North Africa. (Same as Geog 4408.) An examination of the physical and human geography of the Middle East from Iran to Morocco. Emphasis is placed on forces that define and shape the Middle East today, including the peace process, water resource management, economic development, and the balance between religious and secular life.

MES 4420 MODERN JUDAISM

Credit Hour(s): 3.0

Modern Judaism. (Same as RelS 4450.) Key issues and historical events shaping Judaism in the modern world, including Zionism, the development of Jewish denominations, the Holocaust, Middle East conflict, women's roles in Jewish life, and the development of Judaism in the United States. No previous knowledge of Judaism is required; all readings are in English.

MES 4430 ISLAMIC FUND & MODERN WORLD

Credit Hour(s): 3.0

Islamic Fundamentalism and the Modern World. (Same as RelS 4480.) Modern Islamic movements including modernization, secularization and fundamentalism. Emphasis on fundamentalist views on women, politics, popular religious practices and violence; Muslim responses and alternatives to fundamentalism.

MES 4440 SPECIAL TOPICS IN ISLAM

Credit Hour(s): 3.0

Special Topics in Islam. (Same as RelS 4570.) Investigation of a specific theme, figure(s) or text(s) within Islam, such as Islamic ethics, historical portrayals of Muhammad, or the Nation of Islam. May be repeated if topic varies.

MES 4450 LIFE OF MUHAMMAD

Credit Hour(s): 3.0

Life of Muhammad. (Same as RelS 4580.) Study and contrast of various perspectives of the life of the Prophet Muhammad including medieval Muslim hagiographies, medieval European polemics, and modern reinterpretations of both Muslims and non-Muslims.

MES 4460 TOPICS IN JUDAISM

Credit Hour(s): 3.0

Topics in Judaism. (Same as RelS 4490.) Examination of selected topics in Judaism. May be repeated if topics vary.

MES 4510 ART OF ANCIENT EGYPT AND NUBIA

Credit Hour(s): 3.0

Art of Ancient Egypt and Nubia. (Same as AH 4010 and AAS 4310.) Survey of painting, sculpture, architecture and minor arts in ancient Egypt and Nubia with reference to their chronological development and underlying historical, religious and cultural meanings.

MES 4511 ART & ARCH OF ANCIENT EGYPT I

Credit Hour(s): 3.0

Art and Architecture of Ancient Egypt I: 4000-1600 BC. Prerequisite: AH 1700 with grade of C or higher, or consent of instructor. (Same as AH 4011.) An examination of the art and architecture of ancient Egypt from the predynastic period to the Middle Kingdom with reference to stylistic characteristics and historical, religious and cultural contexts.

MES 4512 ART & ARCH OF ANCIENT EGYPT II

Credit Hour(s): 3.0

Art and Architecture of Ancient Egypt II: 1600-31 BC. (Same as AH 4012.) Art and architecture of ancient Egypt from the New Kingdom to the Ptolemaic Period with reference to stylistic development and historical, religious and cultural contexts.

MES 4520 ART/ARCHITCT ANCIENT NEAR EAST

Credit Hour(s): 3.0

Art and Architecture of the Ancient Near East. Prerequisite: AH 1700 with grade of C or higher, or consent of the instructor. (Same as AH 4020.) An investigation of art and society from the Neolithic period to Alexander the Great, using archaeological data and art historical methods to analyze ancient objects and monuments.

MES 4530 ISLAMIC PHILOSOPHY

Credit Hour(s): 3.0

Islamic Philosophy. A survey of the Islamic philosophical tradition, its characteristics and the major questions with which it has concerned itself. Topics include the development of Islamic thought and its different schools, through the development of Islamic legal scholarship, mysticism and philosophy.

MES 4580 MIDDLE EAST STUDIES INTERNSHIP

Credit Hour(s): 1.0 TO 6.0

Middle East Studies Internship. Prerequisite: Advanced standing, and approval of sponsoring faculty advisor and of department chair. Total Quality Management. (Formerly MGT 4760, DSC 4760). Prerequisite: Mgs 3100. CSP: 1, 2, 3, 6. Requires a 2.5 GSU GPA and 45 semester hours. The course emphasizes the strategic importance of quality, the management of quality, problem-solving tools for quality assurance, and statistical process control methods. In addition, this course provides the business student with a set of skills for achieving and maintaining quality assurance and process or service control. Cases and problem solving exercises reinforce the basic concepts and principles of Quality Management.

MGS 4770 SERVICE OPERATIONS MGT-CTW

Credit Hour(s): 3.0

Service Operations Management-CTW. Prerequisite: Mgs 4700; CSP: 1, 2, 3, 7. Requires a 2.5 GSU GPA and 45 semester hours. CTW: This course satisfies critical thinking through writing requirements. This course focuses on the analysis of service sector performance and methods designed to improve service operations from a competitiveness standpoint. The topics covered are cross-functional in nature including operations, marketing, human resource management, information technology and entrepreneurship and are presented as an integrated system approach to the service organization.

MGS 4860 MANAGEMENT STUDIES ABROAD

Credit Hour(s): 3.0

Management Studies Abroad. (Formerly MGT 4660). Prerequisites: Mgs 3400, consent of instructor. Requires a 2.5 GSU GPA and 45 semester hours. Emphasizing a collaborative rather than competitive learning environment, this course examines the interrelatedness of economic, political, legal, social, and cultural factors on cross-cultural management issues. Concepts of human behavior, motivation, strategy, and labor/management relations are linked to practice in different national settings. An extensive international on-site program is an integral part of this program. Interviews are conducted at a broad range of organizations and industries. Objectives include cultivating a global mindset and developing a richer understanding of international business challenges relating to management. Company visits showcase evolving corporate profiles in the global marketplace.

MK MARKETING

MK 3010 BASIC MARKETING

Credit Hour(s): 3.0

Basic Marketing. Prerequisite: Econ 2106. Requires a 2.5 GSU GPA and 45 semester hours. B.B.A. students may not register for this course until Econ 2105, Econ 2106, and Acct 2102 are passed with degree credit. As the marketplace continues to adopt more electronic tools to facilitate business processes and expand to the international arena, the discipline of marketing is emerging as more important than ever in helping organizations better assure their on-going viability. This course provides an overview of marketing as a management process. Upon its successful completion, students

will gain the ability to make better business decisions by understanding how to assess the marketing environment, design and conduct marketing research, and determine what elements are most important to customers as they make purchasing decisions. Topics covered include the use of marketing tools to develop and manage actual products and services, how to maximize prices on those products and services, how to distribute products and services, how to maximize prices on those products and services, and how to promote them. Finally, discussions will take place on how to compile the marketing information and decisions in a strategic plan that helps guide organizations' offerings to commercial success.

MK 3900 MARKETING METRICS

Credit Hour(s): 3.0

Marketing Metrics, Analysis and Problem Solving. Corequisite: MK 3010. CPS: None. The course teaches a numbers-based approach to understanding, structuring and presenting solutions for marketing challenges. Students apply basic economic, financial and accounting principles and best-practice marketing metrics to marketing problems, and also learn to evaluate and analyze marketing problems presented in the form of case studies. This course also includes an introduction to Marketing careers and to tools to aid students in preparing for a successful career in Marketing.

MK 4100 BUYER BEHAVIOR

Credit Hour(s): 3.0

Buyer Behavior. Prerequisite: Mk 3010. Requires a 2.5 GSU GPA and 45 semester hours. Basic concepts and research results from marketing and the social sciences are examined with the goal of enabling marketers to better understand customers and meet their needs. The decision process of buyers, factors affecting purchasing decisions, and customer satisfaction are major conceptual areas of the course. Implications for marketing strategies (e.g., market segmentation, product design, and promotion) are discussed.

MK 4200 MARKETING RESEARCH

Credit Hour(s): 3.0

Marketing Research. Prerequisite: Mk 3010, Mgs 3100. CSP: 1, 2, 4. Requires a 2.5 GSU GPA and 45 semester hours. This course helps students make effective and efficient use of market information. Credit Hour(s): 3.0

Distribution Management. Prerequisite: Mk 3010. Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1, 2. Distribution management deals with the management of those activities involved in making goods and services available for businesses and consumers. In this course, students develop understanding of how various institutions in the marketing channel perform these functions cost effectively to meet changing customer expectations. Emphasis is placed on the functions associated with the flow of inventories and related information or logistics aspects of distribution including marketing channels, customer service, order management and information systems, transportation management, inventory management, and warehousing. Toward the end of the course, students learn how to integrate these functions into a total distribution/ logistics system from a supply chain perspective.

MK 4420 RETAILING

Credit Hour(s): 3.0

Retailing. Prerequisite: Mk 3010. Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. This course introduces the student to the basic principles of retailing, the diversity and dynamism of the retail industry, and tools for improving productivity. The course is designed to strike a balance between academic credibility and the basic, trade-oriented needs of the job-seeking student. It presents practical methods and procedures within a conceptual, theoretical framework. Hands-on projects and case applications are used to achieve this purpose.

MK 4510 BUSINESS TO BUSINESS MKT

Credit Hour(s): 3.0

Business-to-Business Marketing. Prerequisite: Mk 3010. Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. This course focuses on strategy development for marketers whose customers include other businesses, the government, and institutions. It explores the buying behavior of organizations as customers and ways to segment the organizational market. In addition, the course highlights how the product development process for such customers differs from the processes used for consumer products and services. Other topics include channels of distribution strategy including electronic issues, supply chain management, price bidding, and new trends in personal selling and sales management.

MK 4600 INTERNATIONAL MARKETING

Credit Hour(s): 3.0

International Marketing. Prerequisite: Mk 3010. Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. This course aims to broaden students' appreciation of world markets and to provide knowledge and skills needed for recognizing, evaluating, and managing the international function. Through lectures, cases, and hands-on projects, students are introduced to the economic, socio-cultural, financial, and legal-political factors affecting international marketing and to the problems and opportunities associated with doing business on a global scale.

MUS 4880 HONORS THESIS: WRITING**Credit Hour(s): 3.0**

Honors Thesis: Writing. Prerequisites: Mus 4870 with grade of C or higher, and consent of instructor and Honors Program director. Writing or production of honors thesis or project.

MUS 4890 SELECTED TOPICS**Credit Hour(s): 1.0 TO 3.0**

Selected Topics. Prerequisite: consent of instructor. Discussion and readings on selected topics.

MUS 4910 CHAMBER LITERATURE**Credit Hour(s): 3.0**

Chamber Literature. Prerequisite: Mus 2450 with grade of C or higher, or consent of instructor. Literature for small string and wind chamber ensemble.

MUS 4940 ORCHESTRAL LITERATURE**Credit Hour(s): 3.0**

Orchestral Literature. Prerequisite: Mus 2450 with grade of C or higher, or consent of instructor. Orchestral literature from 1700 to the present.

MUS 4981 COMPUTER MUSIC**Credit Hour(s): 3.0**

Computer Music. Prerequisite: Mus 4730 with grade of C or higher, or consent of instructor. Introduction to software synthesis computer music using the Csound acoustic compiler. Survey of fundamental synthesis techniques, fundamentals of Csound programming, and strategies for sound design and composition. Required laboratory work.

MUS 4982 ADV TPCS COMPUTER MUSIC**Credit Hour(s): 3.0**

Advanced Topics in Computer Music. Prerequisite: Mus 4981 with grade of C or higher, or consent of instructor. Advanced topics in software synthesis computer music using the Csound acoustic compiler. Survey of digital signal processing, advanced synthesis methods and score development. Course work culminates in a significant computer music project. Required laboratory work.

MUS 4995 DIRECTED READINGS B.I.S.-CTW**Credit Hour(s): 3.0 TO 4.0**

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

NSCI NATURAL SCIENCES**NSCI 3001 INTEG SCI I: PHYS SCI****Credit Hour(s): 4.0**

Integrated Science I: Physics and Astronomy. Integrated science sequence for middle school teachers. Description and causes of motion; work, energy and power; heat and the laws of thermodynamics; electricity and magnetism; waves and

electromagnetic radiation; the structure of matter; cosmology; the Earth and other planets. An integrated laboratory is included.

NCSI 3002 INTEG SCI II: EARTH SCI

Credit Hour(s): 4.0

Integrated Science II: Chemistry and Geology. Prerequisite: NCSI 3001 with grade of C or higher. Integrated science sequence for middle school teachers. Matter; atoms and atomic structure; chemical bonds; acids and bases; oxidation and reduction; organic; minerals; rocks and the rock cycle/geochemical cycles; plate tectonics. An integrated laboratory is included.

NCSI 3003 INTEG SCI III: LIFE SCI

Credit Hour(s): 4.0

Integrated Science III: Geology and Biology. Prerequisite: NCSI 3002 with grade of C or higher. Integrated science sequence for middle school teachers. Surficial processes/hydrologic cycle; ecology, ecosystems, and the environment; strategies of life; molecules of life; the living cell; classical and modern genetics; geologic time; evolution. An integrated laboratory is included.

NURS NURSING

NURS 2010 HLTH & HUM LIFESPAN DEVEL

Credit Hour(s): 3.0

Health and Human Development Across the Lifespan. This course focuses on development and health concepts across the lifespan with the context of physical, cognitive, social, and emotional domains.

NURS 2040 CONCEPT FOUND NURS & TREND

Credit Hour(s): 1.0

Conceptual Foundations of Nursing and Trends. Prerequisite: acceptance into the nursing program. This course introduces the student to the profession of nursing through an exploration of nursing history, philosophy, ethics, professionalism, legal aspects and regulatory matters, nursing education and licensure, and current trends in nursing and health care as a whole. The course exposes students to resources available to assist them in being successful in their nursing education.

NURS 2060 PATHOPHYSIOLOGY

Credit Hour(s): 3.0

Pathophysiology. Prerequisites: Biol 1110K and 1120K, two semesters of a general lab science, Biol 2300/2310 and acceptance into the nursing program. Corequisite: NURS 2040. The course is designed to facilitate the student's understanding of selected pathophysiological concepts and the body/mind response to associated disease and injury.

NURS 2061 PHARMACOLOGY

Credit Hour(s): 3.0

Pharmacology. Prerequisites: Biol 1110K and 1120K, two semesters of a general lab science, Biol 2300/2310 and acceptance into the nursing program. Corequisites: NURS 2040, NURS 2060. The course is designed to introduce the student to the basic principles of pharmacology in order to safely administer medications and educate clients in all clinical areas.

NURS 2080 CONCEPTS OF NURSING CARE-CTW

Credit Hour(s): 3.0

Basic Concepts of Nursing Care. Prerequisite: Acceptance into the nursing program. Corequisites: NURS 2040, 2060, 2061 and 2160. This course is designed to explore the basic concepts of nursing care across the life span in various settings. This course will explore the nurse's role in promotion of wellness, prevention of diseases and restoration of health. Students will utilize the nursing process to plan care for common clinical phenomena. An additional component of the course is mastery of medical terminology. Serves as one of the two Critical Thinking through Writing (CTW) courses required of all Nursing majors.

NURS 2160 BASIC HLTH ASSMNT & NUR SKILLS

Credit Hour(s): 6.0

Basic Health Assessment and Nursing Skills. Prerequisites: acceptance into the nursing program. Co-requisites: NURS 2040, 2060, 2061, 2080 and HHS 3000. Four lecture hours and six laboratory hours a week. The course is designed to facilitate the student's acquisition of both health assessment and basic nursing skills. It is composed of three distinct components: health assessment theoretical content, basic skills theoretical content, and laboratory/clinical performance. In order to pass the course students must pass all three components. An additional component of the course is mastery of basic drug calculations.

NURS 2220 ASSESS SKILL VERIFICATION

Credit Hour(s): 1.0 TO 3.0

Verification of Nursing Knowledge and Nursing and Health Assessment Skills. Prerequisite: NURS 2160 or equivalent. This course focuses on assisting pre-licensure students to prepare for verification of previous nursing knowledge and/or nursing skills so they can re-enter or transfer in to the undergraduate program in the Byrdine F. Lewis School of Nursing (BFLSON). The student and faculty will determine the appropriate credit hour allocation based on previous nursing courses completed and the nursing knowledge and/or nursing skills that need to be confirmed.

NURS 3010 HLTH & HUM LIFESPAN DEVEL

Credit Hour(s): 3.0

Health and Human Development Across the Lifespan. FOR RN-BS STUDENTS. This course focuses on the development and health concepts across the lifespan with the context of physical, cognitive, social and emotional domains.

NURS 3300 Policy, Planning and Trends

Credit Hour(s): 3.0

Human Services Policy, Planning and Trends. Prerequisites: NURS 2040, 2060, 2061, 2080 and 2160. This course focuses on the complex forces that influence public policy and program planning. Emphasis is placed on ecological, political, economic, and social issues and the role of the practitioner as advocate for the civil and social rights of the public. These components provide insight into future trending, forecasting and program planning in the public sector.

NURS 3500 RESEARCH METHODS

Credit Hour(s): 3.0

Research Methods. This course is designed to provide students with an overview of the major research concepts as applied to the profession of nursing. Emphasis is on how to critically evaluate published and empirical research.

NURS 3510 CARING FOR ADULT POPULATIONS**Credit Hour(s): 5.0**

Caring for Adult Populations. Prerequisites: Nurs 2010, 2040, 2060, 2061, 2080, 2160, and HHS 3000. Corequisite: NUTR 3200. The course focuses on the nursing knowledge and skills needed to care for adults in acute care settings with the goals of assisting individuals and their families in promotion, maintenance, and restoration of optimal patterns of health. Under faculty supervision, the student develops and refines professional practice.

NURS 3610 CARING FOR CHILDBEARING FAMILIES**Credit Hour(s): 5.0**

Caring for Childbearing Families Prerequisites: Nurs 2010, 2040, 2060, 2061, 2080, 2160 3510, 3810 and HHS 3000. Corequisite: NURS 3500. The course focuses on the nursing knowledge to care for childbearing families with the goal of assisting them in the promotion, maintenance, and restoration of optimal patterns of health. Attention is given to early detection and intervention of altered health patterns during the childbearing period. Women's health issues will be discussed. Under faculty supervision, the student develops and refines professional practice.

NURS 3710 CARING FOR CHILDRN & ADOLSCNTS**Credit Hour(s): 5.0**

Caring for Children and Adolescents. Prerequisites: Nurs 2010, 2040, 2060, 2061, 2080, 2160, 3510, 3810, and HHS 3000. Corequisite: NURS 3500. The focus of the course is on the nursing knowledge and application of the skill needed to care for children and their families with the goal of assisting them in the promotion, maintenance, or restoration of optimal patterns of health. Under faculty supervision, the student develops and refines professional practice.

NURS 3810 PSYC/MNTL HLTH FOR POPULATIONS**Credit Hour(s): 5.0**

Psychiatric/Mental Health Care for Populations. Prerequisites: Nurs 2010, 2040, 2060, 2061, 2080, 2160, HHS 3000 and PSYC 3140. Corequisite: NUTR 3200. The course focuses on the student's application of nursing knowledge to the care of individuals whose dysfunctional health patterns are associated with mental illness. The course builds upon requisite knowledge of therapeutic use of self, knowledge and application of the nursing process, principles and concepts of cultural diversity, communication theory, and psychopharmacology. In the clinical component of the course, the student assumes the role of the professional nurse in psychiatric settings under the supervision of clinical faculty. The major focus of the clinical component is on developing the student's ability to care for individuals whose

dysfunctional health patterns are associated with mental illness.

NURS 3980 HEALTH ASSESSMENT**Credit Hour(s): 2.0**

Health Assessment. Prerequisite: acceptance into the RN-BS program. One hour lecture and three hours lab per week. The course is designed for registered nurse undergraduate students to familiarize themselves with the skills involved in the process of health assessment.

NURS 4040 DIRECTED READINGS**Credit Hour(s): 1.0 TO 3.0**

Directed Readings. Prerequisite: consent of instructor. The course provides the student with an opportunity to complete readings and/or literature review on a special topic in nursing under the guidance of an instructor with expertise in the selected topic area. The student may elect to complete one to three credit hours of study.

NURS 4210 INTRO TO CRITICAL CARE**Credit Hour(s): 3.0**

Introduction to Critical Care. Prerequisites: Nurs 3510 and 3810. Corequisites: NURS 3610 and 3710. The course focuses on obtaining beginning nursing skills in caring for critically ill patients and families. An emphasis is placed on the day-to-day information required of a critical care nurse, such as pathophysiology, pharmacology technology, and nursing interventions that are based on these data.

NURS 4490 BACC NURS PERSPECTIVE RN**Credit Hour(s): 3.0**

Baccalaureate Nursing Perspective for Registered Nurses. Prerequisite: acceptance into the RN-BS program. This course provides the RN student with an introduction to the scientific and theoretical bases for professional nursing. The philosophical, historical and current influences on nursing as an applied science are examined. Theories regarding roles, change, teaching and learning, group processes, critical thinking, and cultural competence are discussed. Expanded settings for practice are exposed.

NURS 4510 CARING FOR FAM & COMMUNITIES**Credit Hour(s): 6.0**

Caring for Families and Communities Prerequisites: 3510, 3610, 3710, 3810 for undergraduate generic students. NURS 3980 and 4490 for RN-BS students. Co-requisites: NIURS 3300, 3500. This course focuses on the acquisition and application of nursing knowledge needed to care for communities as clients with the goal of assisting families, aggregates and communities in the promotion, maintenance and restoration of optimal patterns of health. This course will have a theory component which will be graded and will be assigned 4 credit hours and a clinical practicum component which will be 12 hours per week for seven weeks in a clinical agency and will be pass/fail for 2 credit hours. Both components have to be passed to pass the course. The total credit hours for this course is 6 credits and the grade assigned to the theory portion will be the final grade for the 6 hours.

NURS 4600 LDRSHP & MGT IN NURSING-CTW

Credit Hour(s): 3.0

Leadership and Management in Nursing Prerequisites: Nurs 3500, 3510, 3610, 3710 and 3810. For RN-BS students: NURS 3980, 4490 and 3500. The course focuses on the application of principles of leadership and management of health care delivery systems. Emphasis is placed upon assuming responsibility for nursing practice including decision making and nursing actions. Serves as one of the two Critical Thinking through Writing (CTW) courses required of all Nursing majors.

NURS 4610 SENIOR PRACTICUM

Credit Hour(s): 4.0

Senior Practicum. Prerequisite: NURS 3510, 3610, 3710, 3810 and 3500. Prerequisites for RN-BS students: NURS 3980, 4490, and 3500. Corequisites: NURS 4510, 4600, 4620. 150 clinical hours over the semester. The course focuses on transition to professional practice. Under supervision, the student assumes the role of professional nurse. Nursing care of clients experiencing complex health care problems is emphasized. The specialty area for the practicum is selected with input from the student, faculty and the clinical agency.

NURS 4620 CMLPX LIFESPAN HLTH CARE PROBS

Credit Hour(s): 3.0

Complex Health Care Problems Across the Lifespan. Prerequisites: NURS 3510, 3610, 3710, 3810 and 3500. Prerequisites for RN-BS students: NURS 3980, 4490, HHS 3500. Corequisites: NURS 4510, 4600, and 4610. This course focuses on complex health care problems across the lifespan. The nurse's role in development, initiation and evaluation of care is studied.

NUTR NUTRITION

NUTR 3000 INTRO TO NUTRITION PROF

Credit Hour(s): 2.0

Introduction to the Profession of Nutrition. Prerequisites: Consent of instructor. Through class discussion, visits from practitioners, and faculty lectures, students are introduced to portfolios and to present and projected roles of dietitians and nutritionists and to portfolios.

NUTR 3010 INTRODUCTION TO RESEARCH-CTW

Credit Hour(s): 3.0

Introduction to Research. Prerequisite: Junior standing or consent of instructor. The course is designed to introduce students to the elements of research design and evidence-based practice and to gain competence in the evaluation of research as well as the application of some of the conceptual elements of research problem development and the design of reasonable research approaches. Main outcome is to enable students to become critical consumers of the professional literature. Class discussions, student assignments, guest lectures, and library visits are used throughout the course to enrich the learning experience of students. Serves as one of the two Critical Thinking through Writing (CTW) courses required of all Nutrition majors.

NUTR 3100 NUTRITION AND HEALTH

Credit Hour(s): 3.0

Nutrition and Health. Students are introduced to basic knowledge about nutrients and energy, selecting foods of high nutrient density, and identifying truths and untruths among advertised claims for food products. Current controversial issues such as supplementation, popular diets, and nutrition related diseases are also examined. Open to all university students.

NUTR 3150 FOOD SCIENCE I

Credit Hour(s): 3.0

Food Science I. Prerequisites: Chem 1152K, Nutr 3100. Basic food science terminology and concepts, including food choice determinants, sensory evaluation, food composition, food economics, food guidance tools, and food safety are examined.

NUTR 3160 FOOD SCIENCE II

Credit Hour(s): 4.0

Food Science II. Prerequisites: Nutr 3150. Three lecture hours, one lab hour. Food ingredients and processes, including selection, storage, use, preparation, and safety of food commodities functions of food additives, packaging, and preservation techniques are covered in this course.

NUTR 3170 FOOD SAFETY & SANITATION

Credit Hour(s): 3.0

Food Safety and Sanitation. Prerequisite: Nutr 3150 or consent of instructor. This on-line course introduces the student to the characteristics of food borne illnesses and of their causal agents, including bacteria, parasites, viruses, and natural toxicants. Testing of chemicals added to foods is also included.

NUTR 3200 INTRO TO CLIN NUTRITION

Credit Hour(s): 2.0

Introduction to Clinical Nutrition. Prerequisites: Biol 1110, 1120. The study of basic principles of human nutrition and application within the concepts of wellness, primary prevention, and illness are topics of this course. This course is designed only for students in the nursing program.

NUTR 3300 NTR & HLTH FOR HLTH PROFESSION

Credit Hour(s): 3.0

Nutrition and Health for Health Professionals Prerequisites: Biol 1110, 1120. The study of basic principles of human nutrition and application within the concepts of wellness, primary prevention, and illness are topics of this course. This course is designed for pre-nursing students. It can substitute for NUTR 3200 once in the nursing program.

NUTR 3500 NUTRITION AND METABOLISM

Credit Hour(s): 3.0

Nutrition and Metabolism. Prerequisite: HHS 3700. Nutrients essential for the human are examined with emphasis on functions, metabolism and factors affecting utilization. The effect of nutrients on biochemical process is the focal point of this course.

NUTR 3600 LIFE CYCLE NUTRITION

Credit Hour(s): 3.0

Normal Nutrition through the Life Cycle. Prerequisites: Nutr 3100 or consent of the instructor. This course includes nutrition assessment, physical growth and development, and the physiological basis for nutrient needs in pregnancy, lactation, infancy, childhood, adolescence, adulthood, and senescence. Age specific dietary recommendations for optimal health and disease prevention are components of this course.

NUTR 3700 MED BIOCHEM PRINCIPLES

Credit Hour(s): 3.0

Medical Biochemistry Principles. Medical Biochemistry Principles. Prerequisites: Biol 1120 and Chem 1152. This course is an introduction to the chemical events occurring in the human body, with attention to the etiology and clinical manifestation of disease associated with certain metabolic errors.

NUTR 3800 INTERNATIONAL NUTRITION

Credit Hour(s): 3.0

International Nutrition Prerequisite: Permission of Instructor The course will provide the student with the opportunity to understand major issues in international nutrition that influence health, survival, and development capacity of people living in developing societies and various approaches to improving nutritional well-being of those populations.

NUTR 3810 INTERPRETATION LAB VALUES

Credit Hour(s): 3.0

Interpretation of Clinical Laboratory Values for Health Professionals Prerequisites: Inorganic chemistry with lab, organic chemistry with lab, AND EITHER human physiology OR biochemistry. The course will provide the student with the opportunity to understand the interrelationships between clinical laboratory test results and the disease process occurring in the patient. Laboratory values from hematology, clinical chemistry and urinalysis, and microbiology/immunology will be interpreted for infectious diseases, liver diseases, kidney diseases, hematologic disorders, and metabolic disorders. Appropriate case studies will be used to illustrate clinical significance.

NUTR 4000 FOOD AND CULTURE

Credit Hour(s): 3.0

Food and Culture. Prerequisites: Nutr 3100 or consent of instructor. This course examines the influence of culture, ethnicity, and religion on food selection, dietary intake and nutrition, and health status, and includes the development of culturally-sensitive nutrition interventions.

NUTR 4105 GERIATRIC NUTRITION

Credit Hour(s): 3.0

Geriatric Nutrition. Prerequisite: Biol 1110K & 1120K or Biol 2107K & 2108K, Nutr 3500. A systems approach is used to discuss macro-nutrient requirements in human aging. Topics covered include nutrition assessment, nutrition in chronic disease management, health promotion and disease prevention, food intake patterns, and federal and state nutrition services for older adults.

NUTR 4200 MED NUTRITION THERAPY I

Credit Hour(s): 3.0

Medical Nutrition Therapy I. Prerequisites: Nutr 3500. This course introduces students to medical nutrition therapy through evidence-based practice. Medical nutrition therapy for the prevention and treatment of the following conditions is covered: nutritional anemias, arthritis, cancer, cardiovascular disease, diabetes, eating disorders, food allergies, human immunodeficiency virus, hypertension, metabolic disorders, obesity and osteoporosis. For each condition, nutrition assessment and food and nutrient interactions with commonly prescribed medications are discussed, as well as complementary and alternative therapies.

NUTR 4250 MED NUTRITION THERAPY II

Credit Hour(s): 3.0

Medical Nutrition Therapy II. Prerequisite: Nutr 4200. This course introduces students to medical nutrition therapy through evidence based practice. Medical nutrition therapy for the prevention and treatment of the following conditions is covered: gastrointestinal, liver, gallbladder, pancreas, renal trauma, pulmonary and special feeding techniques. For each condition, nutrition assessment and food and nutrient interactions with commonly prescribed medications are discussed, as well as complementary and alternative therapies.

NUTR 4300 NUTRITION INTERVENTION I

Credit Hour(s): 3.0

Nutrition Intervention I. Prerequisites: Nutr 3500. This course focuses on the application of a helping model and interviewing and counseling skills to help clients achieve and maintain dietary behavior change. The course includes factors influencing dietary intake and adherence, interpersonal relationship skills, and the use of different counseling theories and strategies.

NUTR 4400 NUTRITION INTERVENTION II

Credit Hour(s): 3.0

Nutrition Intervention II. Prerequisites: Nutr 4300. This course focuses on community assessment and design, implementation, and evaluation of community-based nutrition interventions for specific target groups. This course includes US government food and nutrition programs and the policy-making process.

NUTR 4500 ORG & MGT OF NUTR SVCS

Credit Hour(s): 3.0

Organization and Management of Nutrition Services. Prerequisite: Nutr 3500. The study and application of principles and fundamentals of organization and management of nutrition programs are components of this course. Management theories and principles are presented in the context of the environment and how they affect achievement of quality programs.

NUTR 4600 FOOD SERVICE SYSTEMS

Credit Hour(s): 3.0

Food Service Systems. Prerequisite: Nutr 4500. The course focuses on the administrative aspect of a food service system including financial management, human resource planning, safety and sanitation, and energy and environmental issues. Practical experiences are provided in menu planning, nutrient analysis, and food service systems analysis.

NUTR 4950 SENIOR SEMINAR- CTW

PHOT 3900 SELECTED TOPICS IN PHOTOGRAPHY

Credit Hour(s): 4.0

Selected Topics in Photography. Prerequisite: consent of instructor. Special topics for studio art majors. May be repeated for a maximum of six credit hours. Lab Fee: \$20.00.

PHOT 3910 HISTORY OF PHOTOGRAPHY

Credit Hour(s): 3.0

History of Photography. History of photography from early nineteenth century to present; technical and aesthetic development; influences the medium has had on art and culture.

PHOT 4500 DIRECTED STUDY IN PHOTOGRAPHY

Credit Hour(s): 3.0

Directed Study in Photography. Prerequisites: Phot 3100, 3200, 3300, 3500, and 3600 with grades of C or higher. Individual studio problems for advanced students. May be repeated for a maximum of twelve credit hours. Lab Fee: \$70.00.

PHOT 4930 INTERNSHIP IN PHOTOGRAPHY

Credit Hour(s): 3.0

Internship in Photography. Prerequisite: consent of instructor. Practicum in the field outside university setting. Written proposal, contractual agreement with internship supervisor required.

PHOT 4940 PORTFOLIO I

Credit Hour(s): 3.0

Portfolio I. Prerequisite: Phot 4500 with grade of C or higher. Senior-year studio experiences for B.F.A. degree candidates. Committee review. Lab Fee: \$20.00.

PHOT 4950 PORTFOLIO II-CTW

Credit Hour(s): 3.0

Portfolio II-CTW. Prerequisite: Phot 4940 with grade of C or higher, or concurrently. Culminating studio experiences for B.F.A. degree candidates. Committee review. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all Photography majors. Lab Fee: \$20.00.

PHOT 4980 SPECIAL PROBLEMS

Credit Hour(s): 3.0

Special Problems. Prerequisite: consent of instructor or of School director. Independent studies initiated by the student. May be repeated for a maximum of eight credit hours if topic varies.

PHYS PHYSICS

PHYS 1000 GATEWAY TO PHYSICS

Credit Hour(s): 2.0

Gateway to Physics. Two lecture hours a week. This is a seminar course intended for anyone curious about physics and its relevance to contemporary life. No background in physics is necessary. This course is appropriate for pre-professional students in education, medicine, law, and business, as well as students pursuing degrees in natural sciences, social sciences, humanities, music, and fine arts. It is required for physics majors. The course engages a broad spectrum of resources and experiential opportunities (e.g. popular science books & articles, videos, websites, lab tours, field trips, service learning opportunities, and guest presenters) to explore compelling interconnections between physics and other disciplines and career interests. Course topics may include Physics and the Human Body, Physics and the Nano-scale, Physics and the Cosmos, Physics and Technology, Physics and Art, and Chaos & Complexity.

PHYS 1111K INTRODUCTORY PHYSICS I

Credit Hour(s): 4.0

Introductory Physics I. Three lecture and two laboratory hours a week. Mechanics, heat, and wave motion. Phys 1111K and Phys 1112K meet the science requirement for the B.A., the B.B.A., and the B. S. in Education degrees, and the physics requirement for students in the biological and life sciences. Designed primarily as a terminal sequence. Most natural science majors should enroll in Phys 2211K and Phys 2212K.

PHYS 1112K INTRODUCTORY PHYSICS II

Credit Hour(s): 4.0

Introductory Physics II. Three lecture and two laboratory hours a week. Electricity, light, modern physics. Phys 1111K and Phys 1112K meet the science requirement for the B.A., the B.B.A., and the B.S. in Education degrees, and the physics requirement for students in the biological and life sciences. Most natural science majors should enroll in Phys 2211K and Phys 2212K.

PHYS 2010K CONCEPTS OF PHYSICAL SCIENCE

Credit Hour(s): 3.0

Concepts of Physical Science. Two lecture and two laboratory hours a week. Not accepted as a part of the requirements for a major or allied field in physics. Examination of basic physical

concepts, focusing on their applications in the areas of mechanics, electricity, heat, sound, light, matter, and energy. Laboratory exercises are integrated into the scheduled class periods to emphasize an experimental approach to learning. The course also includes examples of computer-based instruction in the classroom. Focusing on the needs of early childhood educators.

PHYS 2030K PHSC: PHYSICS OF MUSIC & SPEECH

Credit Hour(s): 3.0

Physical Science: Physics of Music and Speech. Two lecture and two laboratory hours a week. No science background required. Not accepted as a part of the requirements for a major or an allied field in physics. Physical characteristics of musical sound; applications to musical tones, scales, harmony, and acoustics; problems of recording, amplifying, transmitting, and reproducing sound.

PHYS 2211K PRINCIPLES OF PHYSICS I

Credit Hour(s): 4.0

Principles of Physics I. Prerequisite: Math 2211 with grade of D or higher. Three lecture and three laboratory hours a week. Mechanics, Heat, and Waves. Phys 2211K - Phys 2212K is the beginning sequence for students majoring in physics, chemistry, or geology. It is recommended for mathematics majors and other students with the necessary mathematical background. No credit if the Phys 1111K - 1112K sequence is taken.

PHYS 2212K PRINCIPLES OF PHYSICS II

Credit Hour(s): 4.0

Principles of Physics II. Prerequisites: Math 2212 and Phys 2211K with grades of D or higher. Three lecture and three laboratory hours a week. Electricity and magnetism, light, modern physics. Phys 2211K - 2212K is the beginning sequence for students majoring in physics, chemistry, or computer science. It is recommended for mathematics majors and other students with the necessary mathematical background. No credit if the Phys 1111K - Phys 1112K sequence is taken.

PHYS 2940 DIRECTED LAB INVESTIGATIONS

Credit Hour(s): 1.0 TO 2.0

Directed Laboratory Investigations. Prerequisite: consent of the department. Directed laboratory investigation in physics involving the development of experimental skills required for advanced study in physics or a related science. May be repeated for no more than two hours total credit.

PHYS 3150 ADVANCED GENERAL PHYSICS

Credit Hour(s): 3.0

Advanced General Physics. Prerequisites: a non-calculus elementary physics sequence such as Phys 1111K and 1112K; Math 2212 with grades of D or higher, or equivalent. Three lecture hours a week. Not acceptable for credit for students who have had Phys 2211K-2212K. Designed to prepare the student who has completed a non-calculus-level elementary physics sequence for more advanced physics courses. The utilization of calculus in solving problems in classical physics is stressed.

PHYS 3300 ADVANCED PHYSICS LAB-CTW

Credit Hour(s): 3.0

Advanced Physics Laboratory-CTW. Prerequisites: Phys 2212 and Math 2215 with grades of C or higher. Corequisite: Phys 3401. Advanced laboratory experiments in modern physics, optics, and astronomy with emphasis on scientific report writing. Required for all physics majors. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all physics majors.

PHYS 3401 MODERN PHYSICS I

Credit Hour(s): 4.0

Modern Physics I. Prerequisites: Phys 2212K and Math 2215 with grade of C or higher. Four lecture hours a week. Special relativity, quantum optics, wave and particle duality, Bohr theory, Schrodinger's quantum mechanics, one-electron atom, spin, and angular momentum.

PHYS 3402 MODERN PHYSICS II

Credit Hour(s): 3.0

Modern Physics II. Prerequisite: Phys 3401 with grade of C or higher. Three lecture hours a week. Atomic spectra, X-ray spectra, nuclear structure, nuclear reactions, elementary particles, molecular spectra and structure, solid-state physics.

PHYS 3500 ELECTRONICS

Credit Hour(s): 3.0

Electronics. Prerequisite: Phys 2212K or Phys 1112K with grade of C or higher. Two lecture and four laboratory hours a week. Fundamentals of analog and digital circuit design; discrete and integrated circuit devices; electronic instrumentation.

PHYS 3800 OPTICS

Credit Hour(s): 3.0

Optics. Prerequisite: Phys 2212K with grade of C or higher. Three lecture hours a week. Fundamentals and applications of optics: diffraction, interference, lasers, fiber optics, and applications of optical instrumentation.

PHYS 3850 STATISTICAL & THERMAL PHYSICS

Credit Hour(s): 3.0

Statistical and Thermal Physics. Prerequisites: Phys 2212K and Math 2215 with grades of C or higher. Three lecture hours a week. Physical statistics, quantum states and degeneracy, statistical definition of entropy, development of thermodynamics; applications to gases, radiation, and solids.

PHYS 3901 MODERN PHYSICS LAB I

Credit Hour(s): 1.0

Modern Physics Laboratory I. Corequisite: Phys 3401. Three laboratory hours a week. Experiments in physical optics, spectroscopy, and atomic physics.

PHYS 3902 MODERN PHYSICS LAB II

Credit Hour(s): 1.0

Modern Physics Laboratory II. Corequisite: Phys 3402. Three laboratory hours a week. Experiments in atomic, nuclear, and solid-state physics.

PHYS 4030 DIGITAL INSTRUMENTATION LAB

Credit Hour(s): 1.0

Digital Instrumentation Laboratory. Prerequisite: consent of instructor. Three laboratory hours a week.

PHYS 4050 PHYSICAL COMPUTATIONS LAB

Credit Hour(s): 1.0

Physical Computations Laboratory. Prerequisite: consent of instructor. Three laboratory hours a week.

PHYS 4110 EMBEDDED SYSTEMS

Credit Hour(s): 4.0

Introduction to Embedded Systems Laboratory. Prerequisite: Phys 3500 or CSc 3210 with grade of D or higher, or equivalent course work with consent of instructor. (Same as CSc 4110.) Four lecture hours per week. Topics taken from: review of basic logic functions; automatic systems; microprocessor-based systems and applications; embedded system software survey; digital communications; and embedded systems programming.

PHYS 4180 NEUROBIOLOGY LABORATORY

Credit Hour(s): 4.0

Neurobiology Laboratory. Prerequisites: Biol 4102 with grade of C or higher or equivalent and consent of instructor. This course will introduce students to computational neuroscience, including computational models of single neurons and synapses, neuronal networks, and behavior. Students will learn to use Matlab, AnimatLab, and Content to test published models, to build and test their own models, to analyze data, and to present their results. During each section of the course, students will develop a project that will accumulate across sections. Presentations will occur at the end of each section.

PHYS 4391 INTRO TO DIFFERENTIAL GEOMETRY

Credit Hour(s): 3.0

Introduction to Differential Geometry and Its Applications. Prerequisite: Math 2215 with grade of C or higher. (Same as Math 4391.) Three lecture hours a week. The theory of curves and surfaces in parametric and implicit form. Curvature and torsion of a curve; the shape operator and the total and mean curvature of a surface. The Gauss-Weingarten equation; the Egregium Theorem; surfaces of constant curvature and non-Euclidean geometry; minimal surfaces; the Gauss Bonnet Theorem; submanifolds in Euclidian spaces, vector fields, differential forms, and the theorems of Frobenius and Stokes. Application to Physics.

PHYS 4410 NUCLEAR AND PARTICLE PHYSICS

Credit Hour(s): 3.0

Nuclear and Particle Physics. Prerequisite: Phys 3401 with grade of C or higher. Three lecture hours a week. Properties of nuclei; nuclear models; nuclear reactions and radioactive decay processes; properties of elementary particles, their symmetries and interactions; standard model of elementary particles.

PHYS 4510 MATHEMATICS OF PHYSICS I

Credit Hour(s): 3.0

Mathematics of Physics I. Prerequisite: Math 2215 with grade of C or higher. (Same as Math 4258.) Three lecture hours a week. Algebra of vectors, vector calculus, divergence,

gradient, curl, line integrals, surface integrals, divergence theorem of Gauss, Stokes's theorem, conservative fields, orthogonal curvilinear coordinates, matrices, and Eigen value problems.

PHYS 4520 MATHEMATICS OF PHYSICS II

Credit Hour(s): 3.0

Mathematics of Physics II. Prerequisite: Math 3260 with grade of C or higher. (Same as Math 4265.) Three lecture hours a week. Derivation and solution of partial differential equations of physics, wave equation, Laplace's equation, Schrodinger's equation, special functions of mathematical physics, Fourier series, Sturm-Liouville system, complex analysis, and integration.

PHYS 4600 CLASSICAL MECHANICS

Credit Hour(s): 4.0

Classical Mechanics. Prerequisites: Phys 2212K and Math 3260 with grades of C or higher, or equivalent, or consent of instructor. Four lecture hours a week. Vector algebra, Newton's laws, conservation laws, many body systems, motion in central fields, small oscillations, motion in electromagnetic fields, rotation of rigid bodies, Lagrangian equations, Hamilton's principle, and virtual work.

PHYS 4700 ELECTRICITY AND MAGNETISM

Credit Hour(s): 4.0

Electricity and Magnetism. Prerequisites: Phys 2212K and Math 2215 with grades of C or higher. Four lecture hours a week. Electrostatics, steady currents, magnetic fields, magnetic induction, AC circuits, dielectrics, magnetic properties of matter, Maxwell's equations, and wave propagation.

PHYS 4710 FUNCTIONAL NEUROIMAGING

Credit Hour(s): 3.0

Functional Neuroimaging. Prerequisite: consent of instructor. Three lecture hours a week. Foundations of physics principles applied to brain processes, different imaging modalities, and neuroimaging data analysis methods. Topics include physiological basis of functional neuroimaging, physics of different imaging modalities (fMRI, PET, EEG, MEG, fNIR, TMS), experimental design, neuroimaging data analysis, and applications in cognitive neuroscience. This course is appropriate for students majoring in physics, chemistry, biology, neuroscience, psychology, mathematics, statistics, and computer science with an interest in the use of functional neuroimaging.

PHYS 4810 QUANTUM MECHANICS

Credit Hour(s): 3.0

Quantum Mechanics. Prerequisites: Phys 3401 and Math 3260 with grades of C or higher, or consent of instructor. Three lecture hours a week. Schrodinger's theory of quantum mechanics; solutions of Schrodinger's equation; perturbation theory; one-electron atoms; magnetic moments, spin, and relativistic effects; identical particles; multi-electron atoms.

PHYS 4900 RESEARCH PROJECT-CTW

Credit Hour(s): 3.0

Research Project-CTW. Prerequisites: Phys 3300 and Phys 3401 with grades of C or higher and permission of the

instructor. Research Project in physics, astronomy, or a related field including preparation of a written and an oral report. Projects are performed under mentoring of a faculty member. Written reports are developed under the guidance of course coordinator. Required for all physics majors. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all physics majors.

PHYS 4910 SOLID STATE PHYSICS

Credit Hour(s): 3.0

Solid State Physics. Prerequisites: Phys 3401 and 3402 with grades of C or higher, or equivalent or consent of instructor. Three lecture hours a week. Atoms in crystals (crystal structure); waves in crystals; crystal binding, lattice constants; lattice vibrations and other thermal properties of solids, free electrons in crystals, energy bands, and semiconductors.

PHYS 4920 ELEMENTARY SCIENCE ED PARTNERS

Credit Hour(s): 1.0

Elementary Science Education Partners. Prerequisites: junior or senior majoring in natural science and consent of the ESEP coordinator. Demonstrating hands-on science in the public elementary school classroom. May be repeated for a maximum of four hours.

PHYS 4950 SENIOR RESEARCH

Credit Hour(s): 1.0 TO 3.0

Senior Research. Prerequisites: Phys 3401 with a grade of C or higher. Training in the techniques of basic research in physics and application of these techniques to research projects of current importance. May be repeated for a maximum of three credit hours.

PHYS 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

PMAP PUBLIC MANAGEMENT & POLICY

PMAP 2011 INTRODUCING THE CITY

Credit Hour(s): 3.0

Introducing the City. PAUS 2011 is designed to introduce students to the study of cities and urban policy issues. It draws upon a variety of the social sciences to answer questions such as how cities have changed over time, what kinds of people live in cities, why are people and things located where they are in cities, how people in cities earn a living, and how cities are governed. Often, Atlanta will serve as a case study for illustrating many of the issues that will be considered.

PMAP 3011 POLICY POLITICS AMERICAN CITY

Credit Hour(s): 3.0

Policy and Politics in the American City. This course is designed to introduce students to the study of policy and political issues in American cities. It draws upon a variety of the social sciences to answer questions such as how cities have

changed over time, what kinds of people live in cities, why people and things are located where they are in cities, how people in cities earn a living, and how cities are governed. Often, Atlanta will serve as a case study for illustrating many of the issues that will be considered.

PMAP 3021 CITIZEN, COM & PUB SECT-CTW

Credit Hour(s): 3.0

Citizenship, the Community, and the Public Sector-CTW. Citizenship is a basic component of a democratic society. Students in this course learn the structure of the federal system as well as the responsibilities and obligations of an individual to government at all levels. Emphasis is placed on the variety of roles an individual can play in relationship to the public sector. The role of the individual as a part of the larger community is also considered. Students are expected to become active participants in public and community affairs. The department has designated Citizenship, the Community, and the Public Service as a CTW (Critical Thinking through Writing) course.

PMAP 3031 POLICY LEADERSHIP

Credit Hour(s): 3.0

Policy Leadership. In the simplest terms, this course is about character in it's dictionary sense of "moral excellence." We will be concerned with how we should behave as responsible individuals in the communities in which we live and work. That concern will not involve assertions of absolute "shoulds"--of what you or I should or should not do in specific situations--but will focus instead on stimulating thinking about what is best to do and why, both as individuals and sometimes as leaders, too. Toward that end, the course will examine several related broad topics: (1) leadership, perspectives on the nature, techniques, and exercise of leadership and its necessary companion, "followership"; (2) ethics, the pursuit of what's right and just; (3) citizenship, our rights and responsibilities in a democratic society; (4) the multisector context--private businesses, government, nonprofit agencies, and various communities--in which these topics assume meaning.

PMAP 3111 URBAN POLITICAL ECONOMY

Credit Hour(s): 3.0

Urban Political Economy. An examination of the intersection of the political and economic systems in the United States and how they impact urban areas. Of particular interest are urban development policies.

PMAP 3210 INTRODUCTION TO NONPROFITS

Credit Hour(s): 3.0

Introduction to Nonprofits. The course provides an overview of the nonprofit sector in society with a consideration of the nonprofit sector's relationship to government and business. Attention will be given to the social settings in which nonprofit organizations function, the role of the nonprofit sector in the economy, and the range of services these organizations produce. The intent of the course is to increase students' awareness of the role and importance of the nonprofit sector and the potential of nonprofits as a place for employment. The class is required for all students in the Nonprofit Leadership concentration in the BS degree with a major in Public Policy.

PMAP 3211 CAREER DEV PUBLIC & NONPROFIT

Credit Hour(s): 3.0

Career Development in Public and Nonprofit Organizations. This course focuses on policies and methods used to align the career plans and aspirations of employees with the goals and critical skills needs of public and nonprofit agencies. Major career development system components are examined, including targeted selection, job enrichment, fast-tracking, core competency assessments, work-family programs, diversity initiatives, executive development, and succession planning. Career planning and development issues and problems that affect persons during different career and life stages are addressed.

PMAP 3213 NONPROFIT FINANCIAL RESOURCES

Credit Hour(s): 3.0

Nonprofit Financial Resources. Prerequisite: PAUS 3210. Nonprofit organizations support themselves through many different sources including charitable gifts and grants, government grants and contracts, earned income from fees, memberships and sponsorships, returns on investments, volunteer labor, and gifts-in-kind and other sources. This course is intended to introduce students to the practical considerations involved in developing and utilizing particular sources of income so that nonprofit organizations can effectively advance their particular missions, sustain the infrastructure of their organizations and remain financially healthy.

PMAP 3231 NONPROFIT LEADERSHIP & MGT

Credit Hour(s): 3.0

Nonprofit Leadership and Management. This course will examine the theoretical and practical differences associated with leading and managing nonprofit organizations in contrast to for-profit and government organizations. Theories and analytic frameworks about leadership and management will be examined along with the appropriate roles and responsibilities of leaders and managers of nonprofit charitable organizations. In addition, other topics to be covered include, but are not limited to, board governance, philanthropy, program evaluation, public-private partnerships, and accountability. The role of leaders and managers will be integrated in all discussion topics throughout the course.

PMAP 3311 CRITICAL POLICY ISSUES

Credit Hour(s): 3.0

Critical Policy Issues. This course examines a selected number of critical issues in public policy. The course provides a view of how the processes of public policy operate from agenda setting through formulation and legitimation to implementation and eventual evaluation with examples drawn from several areas of policy.

PMAP 3411 CONTEMPORARY PLANNING

Credit Hour(s): 3.0

Contemporary Planning. This course introduces the student to the principles, issues, and practice of urban planning. It reviews the history of planning, models of the planning process, and issues in contemporary urban planning practice in

several substantive specialities, including transportation, land use, environmental, and economic development planning.

PMAP 3611 INTRO HRD PUBLIC & NONPROFIT

Credit Hour(s): 3.0

Introduction to Human Resource Development (HRD) in Public and Nonprofit Organizations. This course introduces students to the human resource development (HRD) profession and its application in the public and nonprofit sectors. Issues and roles associated with the design and development of training programs, organization development (OD) interventions, and strategies for career development counseling are addressed through research findings and case studies.

PMAP 3801 PUBLIC ADMIN & POLITICS

Credit Hour(s): 3.0

Public Administration and Politics. Bureaucratic politics and behavior in the political process. The role of bureaucrats in policy making and implementation agency strategies, relations with other executive agencies and with the legislature, the president, the judiciary and clientele groups.

PMAP 3831 GOVERNMENTAL BUDGETING

Credit Hour(s): 3.0

Governmental Budgeting. (Same as PolS 3770.) A study of fiscal planning and management in the administrative process, budgetary theory, and the budget process.

PMAP 4041 POLICY DATA ANALYSIS

Credit Hour(s): 3.0

Policy Data Analysis. This course focuses on quantitative research methods applicable to the study of public policy. Students will be introduced to the use of descriptive statistics as well as to the development and testing of empirical hypotheses using basic inferential statistical methods.

PMAP 4051 EVALUATING PUBLIC POLICY-CTW

Credit Hour(s): 3.0

Evaluating Public Policy-CTW. This course will survey research methods applicable to the evaluation of public policy. Course topics will cover fundamental techniques and practice of program evaluation for effectiveness in program administration. The course contrasts deductive and inductive approaches as well as the advantages of using evaluation as a mechanism for program improvement. The department has designated Evaluating Public Policy as a CTW (Critical Thinking through Writing) course.

PMAP 4061 INTRO TO POLICY ANALYSIS

Credit Hour(s): 3.0

Introduction to Policy Analysis. Prerequisites: Econ 2105 and Econ 2106. The purpose of this course is to introduce students to the principles of policy analysis. The course will consider concepts such as market failure, public goods, and externalities, as well as other justifications for government involvement. The course will also consider the relationship between public goals and the design of policy and will survey the use of generic policy tools such as regulation, markets, and subsidies. These concepts will be presented using practical

examples involving the public sector, and students will practice application through problem solving.

**PMAP 4211 ISSUES PERS MGT
PUBLIC/NONPROF**

Credit Hour(s): 3.0

Issues and Problems in Personnel Management Systems for Public and Nonprofit Agencies. This course provides an introduction to personnel administration for public and nonprofit organizations with an emphasis on human capital issues and problems that challenge policy makers and managers. The course concentrates on the policy issues and problems that challenge today's human resources specialists, managers, and supervisors. Students will study policy issues from the political, legal, and organizational perspectives. Topics covered include equal employment opportunity and the glass ceiling, affirmative action and diversity, sexual harassment law and policy, alternative approaches to pay and benefits, employee health and safety and employer liability, and adapting personnel policies to the needs of the new American workforce. Problems related to recruitment, selection, compensation, career development and training, and collective bargaining are examined, and possible solutions to these problems are evaluated. Emphasis is placed on active participation and problem solving through group case study analysis and class discussions.

**PMAP 4261 ORG CONTEXTS
PUB/NONPROFIT PER**

Credit Hour(s): 3.0

Organizational Contexts of Public and Nonprofit Personnel Policy and Administration. This course explores concepts related to how complex public and non-profit organizations function as social-psychological and cultural settings for strategic human resource planning and development efforts. Links between cultural norms, individual and group behavior, organizational performance, and planned change social-technical systems are explored.

PMAP 4301 LOCAL GOVERNANCE

Credit Hour(s): 3.0

Local Governance. An introductory course for urban governance students and others interested in the management of local government. The course encompasses public administration, political science, management and other subjects.

PMAP 4401 PLANNING THEORY & ANAL

Credit Hour(s): 3.0

Planning Theory and Analysis. Prerequisites: PAUS 3411. A course using computer spreadsheets and assigned readings to analyze planning and economic development issues. Case problems may include population, employment, land use, environmental, and transportation examples. PAUS 4421. GIS and synthesis of geographical data with composite map overlay, databases, and computer graphics. Includes application of GIS to local government, demographics, planning, transportation, aviation, emergency management, health, social services, marketing, business, real estate, and environment.

**PMAP 4411 INTRO:LAW/PUBLIC/NONPROFIT
MGR**

Credit Hour(s): 3.0

Introduction to the Law for Public and Nonprofit Managers. This course provides a broad overview of the legal issues facing employees of public and non-profit entities. Special emphasis is placed on the legal rules and principles that guide public and nonprofit managers in administering their respective organizations. The course also considers how laws and regulations impact current working relationships between government and private concerns.

PMAP 4421 GIS APP. PLAN & POL ANAL

Credit Hour(s): 3.0

GIS Application to Planning and Policy Analysis. Integrational and synthesis of geographical data with composite map overlay, databases, and computer graphics. Includes application of GIS to local government, demographics, planning, transportation, aviation, emergency management, health, social services, marketing, business, real estate, and the environment.

PMAP 4451 EC DEVELOPMENT POLICY

Credit Hour(s): 3.0

Economic Development Policy. Prerequisite: PAUS 3411. An overview of recent literature and examples of options available to communities as they plan and finance economic development activities.

PMAP 4901 DIRECTED READINGS

Credit Hour(s): 1.0 TO 6.0

Directed Readings. Prerequisites: consent or instructor. This course provides the opportunity for students to focus attention on a specific area of interest. It may not be used to substitute for a course that is offered on a regular basis.

PMAP 4911 SELECTED TOPICS

Credit Hour(s): 3.0

Selected Topics. Prerequisite: consent of instructor. A seminar designed to explore in depth the most recent issues and/or research results in a particular area of urban affairs. May be repeated if topic varies.

PMAP 4941 INTERNSHIP

Credit Hour(s): 3.0 TO 6.0

Internship. The academic internship provides senior students with opportunities to broaden and extend their foundation knowledge from the classroom to the world of work. Placement must be approved by the department's internship coordinator, with faculty supervision during employment.

PMAP 4981 PRACTICUM

Credit Hour(s): 3.0

Practicum. Prerequisite: consent of instructor and cumulative GPA of at least 3.0. This course provides supervised application of concepts in the student's work setting or an approved field practice site. It will typically entail a project encompassing one or more aspects of human resources. The course is grades S/U.

POLS POLITICAL SCIENCE

POLS 1101 AMERICAN GOVERNMENT

Credit Hour(s): 3.0

Introduction to American Government. American system of government covering the institutions and ideals basic to the American experience and the process by which the public participates in and is governed by these institutions and ideals.

POLS 2101 INTRO TO POLITICAL SCIENCE

Credit Hour(s): 3.0

Introduction to Political Science. A survey of the fundamental questions in the study of political science.

POLS 2401 GLOBAL ISSUES

Credit Hour(s): 3.0

Global Issues. An introduction to international relations focusing on contemporary issues in world politics such as conflict and cooperation, business and trade, population, environment, and human rights.

POLS 3110 STATE GOVERNMENT

Credit Hour(s): 3.0

State Government. Organization, powers, functions, and political processes at the state level in the United States.

POLS 3140 JUDICIAL PROCESS & COURTS

Credit Hour(s): 3.0

Judicial Process and Courts. Social and political context of judicial decisions with emphasis on Supreme Court decision-making. Relates law to public policy.

POLS 3145 INTRO TO AMERICAN LAW

Credit Hour(s): 3.0

Introduction to American Law. Substance of law as a component of public policy and the political system; emphasis on the elements and rationale of private law.

POLS 3150 AMERICAN POLITICAL PARTIES

Credit Hour(s): 3.0

American Political Parties. The evolution, roles, and positions of political parties in the American system.

POLS 3170 AMERICAN LEGISLATIVE PROCESS

Credit Hour(s): 3.0

American Legislative Process. The role of Congress and state legislatures in policy making. Special emphasis on legislative organization, procedure, and legislative structure including the speakership, parties, staff, and committees.

POLS 3171 CONGRESSIONAL SIMULATION

Credit Hour(s): 3.0

Congressional Simulation. Recommended prerequisite: PolS 3170. This simulation provides students with an opportunity to experience how a legislative body makes decisions about policy. Students gain insight into the legislative process by actively participating in it. In the course of the simulation, students will be faced with the kinds of choices that professional legislators must make daily, such as deciding which bills of many bills to support and negotiating between the pressures put on them from disparate sources, such as party and constituency. Students will take away from the class

knowledge about both the legislative process and the substantive policy areas the mock legislature takes up, as well as enhanced negotiating skills.

POLS 3200 COMPARATIVE POLITICS

Credit Hour(s): 3.0

Comparative Politics. Comparative analysis of major political systems.

POLS 3400 INTERNATIONAL POLITICS

Credit Hour(s): 3.0

International Politics. Concepts and theories of international politics. Covers the evolution of the contemporary international system and conflict and cooperation among nation-states.

POLS 3450 U.S. FOREIGN POLICY

Credit Hour(s): 3.0

United States Foreign Policy. Analysis of U.S. foreign policy patterns and decision making since World War II. Examines contending explanations of policy making and the evolving role of the United States in world affairs.

POLS 3530 CLASSICAL & EARLY MOD POLT THT

Credit Hour(s): 3.0

Classical and Early Modern Political Thought. (Same as Phil 3530.) A survey of the historical writings in political thought from Plato to Machiavelli. Special emphasis on the contributions these thinkers made to Western conceptions of democracy, equality, human nature, citizenship, etc., as well as the continuing relevance of the texts for explaining contemporary political phenomena.

POLS 3540 MODERN POLITICAL THOUGHT

Credit Hour(s): 3.0

Modern Political Thought. (Same as Phil 3540.) A survey of the historical writings in political thought from Hobbes to Marx. Special emphasis on the contributions these thinkers made to Western conceptions of democracy, equality, human nature, citizenship, etc., as well as the continuing relevance of the texts for explaining contemporary political phenomena.

POLS 3550 MODERN POLITICAL IDEOLOGIES

Credit Hour(s): 3.0

RELS 4750 SEM IN RELIGIOUS STUDIES-CTW

Credit Hour(s): 3.0

Seminar in Religious Studies-CTW. A writing-intensive seminar focusing on a specific topic or sub-field. Required for all Religious Studies majors. May be repeated if topic varies. Serves as one of the two Critical Thinking Through Writing (CTW) courses required of all religious studies majors.

RELS 4870 HONORS THESIS: RESEARCH

Credit Hour(s): 1.0 TO 6.0

Honors Thesis: Research. Prerequisites: consent of the instructor and Honors Program director. Readings or research preparatory to honors thesis.

RELS 4880 HONORS THESIS: WRITING

Credit Hour(s): 1.0 TO 6.0

Honors Thesis: Writing. Prerequisites: RelS 4870, consent of the instructor and Honors Program director. Writing or production of honors thesis or project.

RELS 4950 INDEPENDENT RESEARCH

Credit Hour(s): 1.0 TO 3.0

Independent Research. Prerequisite: consent of instructor and departmental director of undergraduate studies. Designed to provide students with the opportunity to do more advanced work in an area in which they already have had regular course work. Not to be used as a substitute for regular upper-level courses. May be repeated once, with approval of the director of undergraduate studies.

RELS 4995 DIRECTED READINGS B.I.S.-CTW

Credit Hour(s): 3.0 TO 4.0

Directed Readings B.I.S.-CTW. Directed Readings designed for Bachelor of Interdisciplinary Studies students. This course may satisfy the junior and/or senior-level Critical Thinking Through Writing requirements.

RGTR REGENTS' TEST READING

RGTR 0198 REGENTS READING SKILLS

Credit Hour(s): 3.0

Regents Reading Skills. Course ensures that all graduates of University System of Georgia institutions possess certain minimum skills in reading comprehension. Students work on improving their comprehension of material drawn from a variety of subject areas (social science, mathematics, and natural science and humanities) with various modes of discourse (exposition, narration, and argumentation). Critical thinking, vocabulary in context, literal and inferential comprehension, and analysis are emphasized. Course is graded as satisfactory/unsatisfactory. A minimum grade of "S" is required for this course.

RMI RISK MANAGEMENT AND INSURANCE

RMI 3500 INTRO TO RISK MGT AND INS

Credit Hour(s): 3.0

Introduction to Risk Management and Insurance. Prerequisite: none. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. The primary focus of this introductory course is on evaluating life, health, retirement, property, and liability exposures to loss and analyzing the methods for managing these risks. Risk management and insurance techniques for dealing with potential losses to individuals and organizations are emphasized. This course is suggested as an elective for all majors.

RMI 3750 RISK MODELING

Credit Hour(s): 3.0

Risk Modeling. Prerequisite: MATH 1113. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1,6 and 7. This course introduces students to the principles of probability theory and risk simulation analysis. Specific topics covered include probability theory; descriptive statistics and graphical representations of data; probability distribution functions including binomial, Poisson, Normal and other functions; sampling distributions and the Central Limit Theorem; estimation and goodness-of-fit tests; and static and dynamic Monte Carlo simulation models. Spreadsheet simulation exercises are used extensively to illustrate the concepts. The applications are drawn from a variety of areas where risk analysis has become important including finance, insurance, corporate risk management and personal financial planning.

RMI 4010 LIFE INSURANCE

Credit Hour(s): 3.0

Life Insurance. Prerequisite: RMI 3500. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course covers the nature and importance of life and health risks and the functions and uses of individual life and health insurance in treating these risks. From both the individual and the business viewpoints, techniques for evaluating life insurance, health insurance, and annuities are covered, including a review of the legal aspects of these contracts. This course is suggested as an elective for all majors.

RMI 4020 PROP & LIABILITY INS

Credit Hour(s): 3.0

Property and Liability Insurance. Prerequisite: RMI 3500. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course examines the major types of property and liability insurance. The structure, scope, and limitations of commercial property and liability contracts are analyzed. Coverage principles and concepts are emphasized. This course is suggested as an elective for all majors.

RMI 4150 THEORY OF RISK

Credit Hour(s): 3.0

Theory of Risk. Prerequisite: Math 1113; RMI 3750. Requires a 2.5 GSU GPA and 45 semester hours. CSP: 1,2,6 and 7. This course will cover the microeconomic theory of decision making for risk-averse individuals and for corporations. The course also provides an introduction to models of adverse selection and moral hazard so students will understand the basics of risk sharing contracts in the presence of various information environments.

RMI 4300 RISK MANAGEMENT

Credit Hour(s): 3.0

Risk Management. Prerequisite: RMI 3500, Bcom 3950. CSP: 1, 2, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course examines the risk management process, the identification and evaluation of loss exposures, the analysis of the various risk control and financing techniques available to manage the exposures, decision making under conditions of uncertainty, and control mechanisms to monitor the results of the risk management program. Case studies, computer simulation, and work to reinforce the risk management concepts covered in the course are required. This course is suggested as an elective for all majors, especially accounting, finance, and management.

RMI 4350 ENTERPRISE RISK MGT-CTW**Credit Hour(s): 3.0**

Enterprise Risk Management-CTW. Prerequisite: Math 2211, Rmi 3750, Bcom 3950. Requires a 2.5 GSU GPA and 45 semester hours. CTW: This course satisfies critical thinking through writing requirements. CSP: 1, 2, 6, 7. This course introduces strategies that firms employ to enhance corporate value through their risk management function. The tools and concepts are relevant for both financial and non-financial institutions. The course focuses on risk management decisions from a corporate finance perspective rather than on the speculative use of financial derivative contracts or on the valuation of derivatives and insurance contracts.

RMI 4389 DIR READ IN RISK MGT/INS**Credit Hour(s): 1.0 TO 3.0**

Directed Readings in Risk Management and Insurance. Prerequisite: one RMI course, consent of instructor.

RMI 4391 RMI FIELD STUDY**Credit Hour(s): 1.0 TO 3.0**

Risk Management and Insurance Field Study. Prerequisite: Department approval. Requires a 3.0 GPA or or greater and 45 semester hours. This course is designed to provide the senior-level under-graduate student with an opportunity to apply the business skills learned at the Robison College of Business (RCB) in an approved site off or on campus. The course immerses students in the planning and execution of complex activities involved in both large and small businesses.

RMI 4530 EMPLOYEE BENEFIT PLANS**Credit Hour(s): 3.0**

Employee Benefit Plans. (Same as Mgs 4385.) Prerequisite: Mgs 3400. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course examines the characteristics and design of employee benefit plans, including group insurance, pensions, and profit sharing. These plans are evaluated in terms of their cost and effectiveness. Consideration is given to employee communications, taxation, collective bargaining, social insurance systems, and international benefit programs.

RMI 4700 INSURANCE OPERATIONS**Credit Hour(s): 3.0**

Insurance Operations. Prerequisite: RMI 3500, RMI 4010, RMI 4020; Bcom 3950, or consent of instructor. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. This course is designed to study the key operational activities of insurance organizations. It specifically covers marketing and

distributions systems, underwriting, principles of ratemaking, reinsurance, and financial analysis. These functional areas are studied in the context of regulatory and public policy issues. Students analyze the operational and financial aspects of an insurance company.

RMI 4980 PROBLEMS IN RISK MGT/INS**Credit Hour(s): 3.0**

Problems in Risk Management and Insurance. Prerequisite: a minimum of four RMI courses including RMI 3500, 4010, and 4020, or consent of instructor. CSP: 1, 6, 7. Requires a 2.5 GSU GPA and 45 semester hours. The principal focus of this capstone course for the RMI major is the study of current problems and issues in risk management and insurance.

RT RESPIRATORY THERAPY**RT 1010 CPR****Credit Hour(s): 2.0**

Cardiopulmonary Resuscitation (CPR). An American Heart Association certified course in basic life support, including adult, pediatric, and infant resuscitation and foreign body airway obstruction. Students receive Basic Life Support (BLS) certification from the American Heart Association with successful completion.

RT 2011 APPLIC PHYS PRINC HEALTH**Credit Hour(s): 3.0**

Application of Physical Principles in Healthcare. Prerequisites: Math 1111, Chem 1151K, Chem 1152K or consent of instructor. This course describes the scientific basis for therapeutic and diagnostic techniques, and related equipment, with emphasis on physical and chemical principles of operation. Open to all university students.

RT 3005 CLIN CARDIO PHYSIOLOGY**Credit Hour(s): 3.0**

Clinical Cardiopulmonary Physiology. Three lecture hours per week. A study of cardiopulmonary function as an introduction to understanding the pathophysiology of disease states. This course includes study of respiratory physiology, cardiac, and circulatory function with relevant clinical application of concepts. This course is also RT 6005.

RT 3020 BLS INSTRUCTOR COURSE**Credit Hour(s): 3.0**

Basic Life Support Instructor Course Prerequisites: BLS certification or RT 1010 An AHA certified course to complete certification for BLS Instructor. Instruction techniques to include adult, pediatric and infant resuscitation and foreign body airway obstruction. Students receive certification after successful completion of course and monitoring of BLS instruction in RT 1010.

RT 3025 PATIENT EVALUATION**Credit Hour(s): 4.0**

Patient Evaluation. Three lecture hours and two lab hours per week. A study of procedures for laboratory and clinical evaluation of the respiratory and critical care patient.

RT 3027 PULMONARY DISEASES- CTW**Credit Hour(s): 3.0**

Pulmonary Diseases. A study of the pathophysiology, clinical signs and symptoms, diagnosis, management and prognosis of acute and chronic pulmonary diseases, with an emphasis on respiratory care. This course is also RT 6027. Serves as one of the two Critical Thinking through Writing (CTW) courses required of all Respiratory Therapy majors.

RT 3030 PULMONARY DIAGNOSTICS

Credit Hour(s): 3.0

Pulmonary Diagnostics. Two lecture hours and two lab hours per week. A study of pulmonary diagnostic techniques, with an emphasis on pulmonary function testing and interpretation. This course is also RT 6030.

RT 3040 RESP CARE PHARMACOLOGY

Credit Hour(s): 3.0

Respiratory Care Pharmacology. A study of pharmacological agents used in the treatment of cardiopulmonary disease and critical care, with an emphasis on inhaled bronchoactive aerosols. This course is also RT 6040.

RT 3050 CLINICAL PRACTICE I

Credit Hour(s): 1.0

Clinical Practice I. Four hours of clinical for four weeks. A preparation for and introduction to the hospital environment. Emphasis is placed on basic life support, introduction to the clinical affiliate, and medical gas therapy. This course is also RT 6050.

RT 3051 CLINICAL PRACTICE II

Credit Hour(s): 4.0

Clinical Practice II. Sixteen hours of clinical per week, one hour of lecture. Clinical experience is provided in basic respiratory care procedures. The integration of equipment and patient care are emphasized. Case presentations are required to integrate clinical and classroom theory.

RT 3052 CLINICAL PRACTICE III

Credit Hour(s): 1.0

Clinical Practice III. Five hours of clinical per week, one hour of lecture. Clinical experience is provided in the pulmonary function laboratory and in the intensive care setting to refine skills introduced in Clinical I and II. Case presentations are required to integrate clinical and classroom theory.

RT 3111 RESP CARE PROCEDURES I

Credit Hour(s): 4.0

Respiratory Care Procedures I. Three lecture hours and two lab hours per week. A study of respiratory care treatment and support modalities, with associated equipment. Emphasis is placed on understanding application to patient situations, assessment of care, and principles of operation of equipment. This course is also RT 6111.

RT 3112 RESP CARE PROCEDURES II

Credit Hour(s): 3.0

Respiratory Care Procedures II. Two lecture hours and two lab hours per week. A study of respiratory care treatment and support modalities, with associated equipment. Emphasis is placed on understanding application to patient situations, assessment of care, and principles of operation of equipment. A continuation of RT 3111.

RT 3500 RESEARCH METHODS

Credit Hour(s): 3.0

Research Methods. This course is designed to provide students with an overview to the major research concepts as applied to the profession of respiratory care. Emphasis is on how to critically evaluate published and empirical research.

RT 4011 VENTILATORY SUPPORT I

Credit Hour(s): 3.0

Ventilatory Support I. Three lecture hours and one lab hour per week. A study of methods of mechanical ventilatory support, including physiology and patient management, as well as equipment. This course is also RT 7011.

RT 4012 VENTILATORY SUPPORT II

Credit Hour(s): 4.0

Ventilatory Support II. Four lecture hours and two lab hours per week. A study of methods of mechanical ventilatory support, including physiology and patient management, as well as equipment. A continuation of RT 4011. This course is also RT 7011.

RT 4051 CLINICAL PRACTICE IV

Credit Hour(s): 4.0

Clinical Practice IV. Sixteen hours of clinical per week, one hour of lecture. A third course in the sequence of clinical rotations which provides instruction and experience in the adult critical care setting. Case presentations are required to integrate clinical and classroom theory. This course is also RT 7051.

RT 4052 CLINICAL PRACTICE V

Credit Hour(s): 5.0

Clinical Practice V. Twenty-four hours of clinical per week. Clinical experience is divided into neonatal and pediatric care, and adult critical care. This course is also RT 7052.

RT 4060 ADV CRITICAL CARE MONITOR

Credit Hour(s): 2.0

Advanced Critical Care Monitoring. A study of advanced cardiopulmonary monitoring used with the critical care patient. Topics include hemodynamic monitoring, ventilatory waveform analysis, and capnography.

RT 4070 ADV CARDIAC LIFE SUPPORT

Credit Hour(s): 2.0

Advanced Cardiac Life Support. The Advanced Cardiac Life Support (ACLS) course is designed to develop the participant's proficiency in providing care in a cardiorespiratory arrest. This course is offered over a ten-week period to allow for understanding of pathophysiology and the assimilation of the knowledge to carry out skills required in emergent circumstances. This course is also RT 7070.

RT 4075 PATIENT CARE MANAGEMENT

Credit Hour(s): 3.0

Patient Care Management. An analysis of patient care management strategies for the respiratory therapist. Patient assessment and critical care management topics will be emphasized.

RT 4080 PED RESPIRATORY CARE

Credit Hour(s): 2.0

Pediatric Respiratory Care. This course introduces concepts of pediatric disease and ventilatory management. Childhood diseases and challenges of the Pediatric airway are discussed. This course is also RT 7080.

RT 4081 NEONATAL RESPIRATORY CARE**Credit Hour(s): 3.0**

Neonatal Respiratory Care. The processes of growth and development relating to respiratory care from the fetus to the infant will be discussed. Techniques of diagnosis and treatment are discussed to enable the student to develop the processes needed to combine physiologic function with care modalities. This is also RT 7081.

RT 4082 ADVAN NEONATAL RESP CARE**Credit Hour(s): 3.0**

Advanced Neonatal Respiratory Care. Advanced concepts in the evaluation, monitoring, and therapeutic modalities seen with common neonatal disorders, including respiratory distress syndrome, intracranial hemorrhage, pulmonary hypertension of the newborn, and others. 10,000 Administration and Faculty

This chapter contains information on administration for the University System of Georgia, Board of Regents, and Georgia State University. A list of all Georgia State University faculty is all provided.

10,010 The University System of Georgia

The University System of Georgia includes all state-operated institutions of higher education in Georgia; four research universities, two regional universities, 13 state universities, three state colleges, and 13 two-year colleges. These 35 public institutions are located throughout the state.

An 18-member constitutional Board of Regents governs the University System, which has been in operation since 1931. Appointments of board members, five from the state-at-large and one from each of the state's thirteen congressional districts, are made by the governor and are subject to confirmation by the State Senate. Regular terms of board members are seven years.

The chairperson, vice chairperson, and other officers of the Board of Regents are elected by the members of the board. The chancellor, who is not a member of the board, is the chief executive officer of the board and the chief administrative officer of the University System.

The overall programs and services of the University System are offered through three major components: instruction, public service and continuing education, and research.

Instruction consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates.

Standards for admission of students to instructional programs at each institution are determined by the institution pursuant to policies of the Board of Regents. The board establishes minimum standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed to the institutions.

Public service and continuing education consist of non-degree activities, primarily, and special types of college degree credit courses. The non-degree activities include short courses, seminars, conferences, and consultative and advisory services in many areas of interest. Typical college degree credit courses are those offered through extension center programs and teacher education consortiums.

Research encompasses scholarly investigations conducted for discovery and application of knowledge. Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges. The research investigations cover matters related to the educational objectives of the institutions and to general social needs.

The policies of the Board of Regents provide a high degree of autonomy for each institution. The executive head of each institution is the president, whose election is recommended by the chancellor and approved by the board.
